The Divorced Billionaire Heiress chapter 2603-Selena pursed her lips and said nothing.

Compared with her repeated probing, Eric's direct method worked.

It also saved the most time.

Physiologically, kinship was not a choice.

Selena never wanted to change her lifestyle because of this relationship.

However, she had to rely on this relationship, find that person, and ask him why he did this.

A paternity test would take time.

Eric once again cast his gaze on Jennifer.

Jennifer was sent to a psychiatric hospital, which was more suitable for Jennifer to recuperate than ordinary hospitals.

"I'm not sick! I'm not sick! Let me out!"

Jennifer slapped on the metal window at the door.

The doctor said, "Everyone who is sick will say that they're not sick. That just means you have a serious illness."

"Nonsense! Let me out! I don't have any mental problems at all!"

Jennifer trembled with anger. She even stretched out her hand to grab the doctor, threatening him to let her go.

She was going crazy in here.

Everyone around her was crazy, and the crazy woman who lived with her liked to self-harm.

When Jennifer opened her eyes at night, she saw that lunatic standing in front of her, slapping herself frantically.

Jennifer was so scared that she could not sleep well and screamed in the middle of the night.

The doctor shook his head. "It seems that she's very ill. Let's tranquilize her first!"

The doctor at the back went over and restrained Jennifer on the bed.

Jennifer's reaction was violent. She desperately wanted to struggle and resist, but it was of no use at all.

Since she came here, she had been facing the same scenario repeatedly.

Her energy to resist did not abate in the slightest.

She was either awake or unconscious.

Eric led the people in.

When the doctor moved to the side, Eric looked at the woman indifferently. The effect of the sedative took effect quickly, so Jennifer had no strength to continue cursing at all.

Jennifer was in a trance. When she saw Eric in front of her, she seemed very excited.

Eric looked at her condescendingly.

"Ms. Nelson, I will give you one last chance. If you still refuse to say it, you can spend the rest of your life here. I will pay the hospitalization fee for you."

Jennifer was stunned. She wanted to struggle to get up, but she did not have the slightest strength.

Finally, she fell on the bed and cried in embarrassment.

"I'll tell you..."

Her expression became more dazed. Her pupils began to dilate, and her voice became weaker.

"It's... Floyd Stanton."

Eric's face turned cold in an instant, and he exuded a terrifying chill.

He heard her words very clearly.

There was no need to continue to stay.

He turned around and left.

Jennifer could no longer bear the effects of the medicine, so she closed her eyes and fell asleep.

Eric's face was serious.

He was no longer so calm because it involved Nicole's father.

In his impression, Floyd was not a cruel person.

However, those who could push Stanton Corporation to the top of the industry should not be underestimated.

Eric returned to the car and told the people in front.

"Find someone to approach Floyd and do a paternity test."

"Yes, sir."

Floyd usually did not go out to socialize because he was already retired.

The staff in the Stanton Mansion had been working there for more than ten years, so they would not betray the Stanton family for a little profit.

Floyd was also accompanied by bodyguards and his butler wherever he went.

It was really not that easy to find the opportunity to take a sample.

The people Eric sent could only pretend to be the staff of the fishing department.

When that person approached Floyd, he accidentally knocked Floyd down.

Just as he was about to get Floyd's hair sample, that person was thrown to the ground by Floyd's bodyguard.

They were caught.

Nicole called Eric directly.

Selena was there when the phone rang.

Eric hesitated whether to answer the phone.

Selena chuckled lightly. "Answer it. Do I still need to avoid you?"

When she asked, Eric paused and immediately answered the call in front of Selena.

He even pressed the loudspeaker.

Nicole's exasperated voice came through.

“Eric, are you out of your mind?! How dare you get someone to attack my father? Are you living too good of a life that you want to find excitement for yourself? You’d better come and take away your people! Otherwise, I can’t guarantee what will happen to your father!”

After she finished speaking, she hung up the phone.

Eric immediately understood that his plan had failed.

What a bunch of idiots!

How could they fail?

Selena looked at him in shock. “What do you mean? You attacked Nicole’s father?”

Eric hesitated to speak and finally told the truth.

“Jennifer said that Floyd Stanton was the mastermind.”

Selena was shocked at first. Then, she pursed her lips solemnly.

There was some doubt on her face. “But he didn’t go to our wedding!”

Eric paused. This was also his negligence.

As soon as Jennifer said it, he targeted Floyd.

He did not even think rationally about distinguishing the truth.

The anger in his chest found a breakthrough, and he felt like exploding.

He almost went out of control and forgot that Floyd did not go to the wedding at all.

Selena pursed her lips. “Forget it. Let’s go and apologize to Nicole’s father.”

“What if it’s true?”

Eric spoke.

If it was true, Floyd obviously had two daughters. One was regarded as the apple of his eye and had been doted on, while the other had to fend for herself.

How unfair!

Selena looked at him with determination and indifference in her eyes.

“If he is my biological father, then I will expose his true colors in front of his beloved children. This is my revenge. If not, we will apologize and explain the situation clearly. This isn't some secret.”

Her mind was also tense and disorganized.

Selena and Nicole seemed to be inextricably connected in some unknown way. What if it was true?

She did not even dare to think about it.

Eric sighed and nodded.

The two of them simply cleaned up and headed to Stanton Mansion.

Nicole was already being polite by not marching over to their door to settle the score.

Thus, Eric knew that he had to make this trip.

All those clues were inseparable from the Stanton family.

Eric was very confused.

He did not want to hurt Nicole, but if Floyd really hurt Selena, he could only hope that Nicole would understand.

Eric has no choice.

Selena and Eric went to Stanton Mansion.

When the Stanton family's butler saw Eric's car, he seemed to have expected Eric and asked someone to open the door.

Mr. Anderson had a glum face and ignored Eric.

Eric stood in the Stanton Mansion and looked like he was in a trance for a moment.

Once upon a time, he also came here for another woman.

Back then, he wanted to save his lost marriage.

However, at this moment, he came for Selena, who was beside him.

After all the twists and turns, Eric and Nicole were still not fated to be together.

Selena saw that Eric was in a daze and thought that he was thinking of his past. She walked over quietly and said, "Let's go in?"
