

## THE VIRGIN'S REVENGE

### Chapter 4 The after math 2

Betina broke down at his words "don't blame me Stuart you of all people should know i've never desired her to live the kind of life i've lived, all i ever wanted was for her to live in luxury in the world not having to worry about anything," with that she moved out.

All the exchange of words made him weak in the knees, so he sat on the chair with no energy left in his soul.

Different emotions kept rushing in his mind,he always worked his hands out with an aim of providing his family with all the comforts of life but all his efforts were to no avail in Betina's

His mind wandered off to the past "Mrs.Romano is Betina home i brought her some daises hope she

likes them."

"Definitely Stuart we all know she can't resist those babies, Betina honey look who came to see you," Mrs. Romano called out with a blush spread across her cheeks.

She always had a soft spot for Stuart and that was attributed not only to his profound good looks but his hardworking side as well.

Young beautiful Betina came rushing out with hope that at last her knight in shining armor was out the door but once her hazel eyes landed on Stuart her smile diminished into thin air replaced by a look of disdain.

She rolled her eyes at him and said "you again how many times do i have to spell it out Mr. Rivera i'm not and will never be interested in you not in this life nor

the one to come so get that straight to your skull."

Stuart who had been enthral

led by her long flattering lashes and silky hair was deeply hurt by her words.

Mrs. Romano wouldn't help but scold her "Betina have some manners, Stuart went through alot just to get here and look he even brought you daises."

"Well i didnt ask him to mom, seems you're more interested in him why don't you marry him instead."

"Mr. Rivera," he was snapped put of his stupor by the doctor's calling.

Stuart apologized "i'm sorry i lost my cool back there and for the scene you witnessed between my wife and i, anyways excuse me doctor i need to go check

on my daughter."

He was about to leave when the doctor suddenly said "Stuart hold on, i know the situation is tough on the family but as you said earlier on, she needs all the emotional support and I'm optimistic she will get through this ordeal and i suggest you find a more tranquil place where she'll recuperate from all the trauma."

Stuart knew he suggested a tranquil place due to Betina's character so he replied "i understand my wife is a little bit narcissistic but all this will pass, thanks for all the help and I'm deeply sorry once again."

When he left Dr.Alex wouldnt help but sigh out deeply he wouldn't believe a mother would put her interests before her child's.

Stuart returned back to Bethany's ward all he cared

about now was his little princess.

Teard formed at the corner of his eyes but he rubbed them immediately he had to be strong for his daughter.
