Married at First Sight Chapter 2315-Mr. Fraser strode into the hotel.

As soon as he came in, he looked around and saw Kathryn.

Turning his feet, he strode over.

“Mr. Fraser.”

Kathryn saw Mr. Fraser, she put away her phone and stood up from the sofa.

“Miss, don’t call me if there is a problem with your car, so I can arrange a new one for you right away.” Mr. Fraser said in a low voice that Kathryn would not tell him that something happened to her car.

Kathryn said softly: “Let’s talk in the car.”

Mr. Fraser looked around vigorously, then followed Kathryn and left the hotel quickly.

A few minutes later, Mr. Fraser drove Kathryn away from Greenrest Hotel.

“Miss, did someone tamper with your car?”

Talking in the car was more confidential. This car was specially used by Mr. Fraser to pick up Kathryn.

Before Mr. Fraser would use the car, he would check it several times to make sure that it hadn’t been tampered with or that someone hadn’t put a recording pen on it.

It was very safe.

“Yes.”

Kathryn replied, “I met Young Master Queen, and the driver of Young Master Queen can repair the car. He checked it for me and told me that my car broke down halfway because someone tampered with it.

Mr. Fraser, help me find out about this matter and see who did it. Also, how many people know about this matter? They all help me to find out. Knowing

that my car has been tampered with, they don't say anything. They have the same thoughts as the people who tampered with my car. They don't see me well."

Mr. Fraser said while driving: "Miss, don't worry, I will check clearly."

"Miss, you met Young Master Queen?"

Mr. Fraser was wary of Hayden.

Kathryn: "Well, Young Master Queen just happened to be off work. When he met me on the road, he helped me once and took me to the hotel personally. Otherwise, I would be late and the client would think that I have no sense of time and would have a very bad impression of me. Tonight's business will definitely fail, and tomorrow I will be scolded by my mother.

They let my car crash on the way. Their purpose is to make me unable to negotiate a business. They must also hope that I will have a car accident. They are the only people who can do something on my car."

Kathryn lived in the Farrell family mansion. There were only a handful of people who could freely enter and leave the Farrell family mansion.

Many people in the family wanted to enter and leave the Farrell family's mansion, but they needed to apply and get permission to enter and leave.

And Kathryn's car was either parked in the Farrell family mansion, or in the Farrell family's company.

There were too many people in the company, and they were generally afraid to do anything. It was easy to do it in Farrell's mansion. The people who did it probably did so because she was not taken seriously in Farrell's mansion.

Even the servants treated Shiloh better.

Everyone felt that she, the real daughter of the Farrell family, was not liked by the matriarch Farrell.

It was unknown whether the next Matriarch would be Kathryn or Shiloh.

She always felt that Matriarch Farrell liked Shiloh more; maybe Shiloh would be the one who took the position in the end, and it was not impossible for Shiloh to ask someone to help her with Kathryn's car.

Apart from Shiloh, there was also Kathryn's own brother and sister-in-law, as well as her biological parents.

Mr. Fraser: "Miss, let me take you to and from get off work in the future. I can take you wherever you want to go. Don't forget, I am your life assistant."

After Kathryn was silent, she said: "You have more important things to do, and you haven't given me a satisfactory answer to what I asked you to do."

She asked Mr. Fraser to help her investigate whether her own mother had really killed her aunt decades ago before she took the position of Matriarch.
