

## Mr Nian 1081

### [Chapter 1081](#)

1081 I've already let them down Yingluo (1:

Worried, he called the doctor over and found an excuse to check on her body. Fortunately, she was not injured and there were no signs of self-harm.

However, her silence was even more frightening than her hysteria before.

Hearing his words, mother ning covered her mouth and began to cry quietly.

Yan Sichen could only comfort her and said that he would see how things would go in the future. If it didn't work, he would have to undergo forced treatment.

“.....”

Just like that, another three days passed, and ning Qing still looked fine.

Other than not speaking.

Yan Sichen's worry had reached its peak, but at this moment, ning Qing had actually spoken to him!

The doctor was waiting outside the door. In the ward, Yan Sichen sat in front of ning Qing with a gentle face. Qingqing, how have you been these past two days? ”

The woman looked at him and shook her head.

“Do you feel uncomfortable anywhere?”

Ning Qing looked at him with her clear eyes.

He didn't give up and asked a few more questions, but she still looked the same.

Yan Sichen felt very defeated.

In this life, the only thing that made him feel failure and heartache was the girl in front of him.

He closed his eyes and was about to get up to call the doctor outside.

“Can you help me open the window?”

The woman's sudden voice made him realize what was going on for a few seconds.

After that, he said in surprise, “Qingqing, you're Qianqian!”

Ning Qing was expressionless. Her fair face seemed to glow, fragile yet shockingly beautiful.

“Don't move, I'll help you open it.”

The man walked to the window, pulled open the curtains, and pushed open the two glass windows. When he turned back, there was a warm smile on his lips.

“How is it? is it better to breathe?”

Ning Qing nodded and said, " thank you.

He didn't know if he was happy or sad, but his smile was a little bitter. you don't have to be so polite with me.

Ning Qing lowered her head. These days, her heart had been suffering unspeakable torture. She had been well-fed and dressed, but she had lost a lot of weight and her chin had become sharper.

"Brother Si Chen, I want to ask you for a favor," she said softly.

For some reason, Yan Sichen's heart skipped a beat.

He seemed to have predicted what she was going to say next, and the curve of his lips fell naturally.

Ning Qing pretended not to see it, or she didn't care.

I heard that your medical team is testing a new drug, the one you mentioned to my father at my house before.

Yan Sichen's heart sank a little. He had guessed right.

The man was no longer gentle, and his handsome features were stained with heaviness.

"Yingluo, why are you bringing this up?" he asked.

Ning Qing lifted the corners of her lips slightly, but it was too much effort, so she gave up.

I know you're recruiting volunteers to test the new drug, but it's not easy to find volunteers. I think you know that.

"So?"

"I'm willing to be the first round of experimenter,"

"....."

There was no emotion in ning Qing's eyes. She was always calm and fearless, as if nothing could stir up her emotions.

She said, " you and the doctor know how my condition is. I also know that Hanhan hasn't been getting better these days. I'm a little powerless. I'm afraid that when my period gets longer, not only will I hurt myself, but I'll also hurt the people around me. Hanhan, I don't want my parents to worry anymore. I've already let them down.

A calm narrative came out of her mouth. In her eyes, the hurt and death were just a few simple words.

## [Chapter 1082](#)

1082 I'll bring you the medicine (1:

It was as if she didn't care about her own life or death at all.

Yan Sichen opened his eyes and clenched his fists. do you really value your life so much? Who said your illness can't be cured? Qing Qing, if you cooperate with the doctor, everything will be fine!"

"I don't want to."

Yan Sichen's brown eyes narrowed. what did you say? "

Ning Qing raised her tired eyes, but there was no hope for life in them.

"I don't want to be cured, nor do I want to be cured," she said.

"....."

She had thought too much these days.

She had once seen mother ning's heartache and pain. She had tried her best to cure herself, but the car accident that day and Nian lie's heartless words over the phone had reminded her time and time again that she could never forget the past, because it had been stained with the blood of her family.

She tore and struggled, but she could only fall deeper into the abyss.

She finally understood that she was not worthy of a full recovery.

Yan Sichen's heart ached when he heard this, and his gentleness was about to collapse.

"Didn't you think about aunt ning and uncle ning when you did this? And the dead ye su!"

Ning Qing's eyelashes trembled, and a strange smile appeared on her face.

"They won't want me to be well."

Yan Sichen shook his head. ning Qing, how can you say that? Can't you see how worried aunt ning has been about you these days? You!!!"

"Brother Sichen."

She suddenly stopped him, her mournful eyes devoid of life.

you can treat this as my last gamble. If I can forget everything, I'm willing to use my clean future to make up for the pain my parents suffered.

"....."

"I really can't hold on any longer."

Every day, every night, every moment, she had to bear with guilt and regret, and suffer the burning torture of heart.

She really didn't want to continue like this.

She was going to die.

Yan Sichen watched as the Starlight in her eyes fell and turned into endless despair and sorrow.

He did not doubt that she really could not hold on any longer.

After a long time, he finally squeezed out a sentence from his throat. the medicine is still in the development stage. It's not safe. Have you thought about it carefully? "

Tears welled up in ning Qing's eyes, but she smiled when she heard him agree.

"I believe you."

"....."

All the words were stuck in her heart, suffocating and uncomfortable.

Yan Sichen had nothing to say. wait for two more days and I'll bring you the medicine, " he said before rushing out of the door.

The doctor at the door was confused. He lowered his eyes and said, " you don't have to guard her.

The doctors, including mother ning, were all dumbfounded.

Yan Sichen didn't explain and left straight away.

\*

Ning Qing's mood had improved a lot since Yan Sichen had agreed.

Mother ning could tell that ning shuqian had asked her many times, but she couldn't help but tell her the truth.

"How can I do that? 'Qing Qing, you're so silly. That's medicine, not something you can eat!' How can you use your own body as an excuse?"

Mother ning was both angry and anxious. Ning Qing quickly expressed her thoughts.

mom, I didn't tell you, but I've been feeling terrible these days. Every time I fall asleep, I think of my child and sister, and I can't face these things, let alone you and dad. I even feel that I can't live anymore.

At this moment, ning Qing's mother was also a little disappointed. do you have to treat yourself like this for a man? Ning Qing, when you made this decision, did you think about me or your father?"

Ning Qing's face was full of guilt. I'm sorry, mother.

"What's the use of saying sorry? Your father and I no longer have any feelings for each other. By doing this, are you trying to make us lose you too?"

### [Chapter 1083](#)

1083 She'll wake up in two hours \_1

Ning Qing held her hand. I've asked brother Sichen. Although the medicine is unstable, there aren't any major side effects at the moment. It won't cause any damage to the body.

Mother ning was sad and anxious. it's not just a problem with your body. Zhenzhen, what's the point of running away like this? "

Ning Qing put her hands down and smiled sadly. do you think I can just keep being tortured like this? "

"....."

"Mom, I really don't have a choice."

Mother ning's heart ached, and she did not want to compromise on this matter.

But the wound on ning Qing's hand when she was admitted to the hospital was still fresh in her mind, and the doctor's judgment rang in her ears.

She had suffered a lot of torture and pain.

She was only eighteen years old.

Was he really going to ruin his life here?

"....."

"Mom, I'm begging you, please let me be willful one last time! I really can't face my sister's death, I'm so sad!"

"....."

"Please, I'm begging you."

Mother ning's heart struggled a few times, but she finally lost to ning Qing's begging.

\*

After getting mother ning's approval, ning Qing was even more determined to use the medicine.

She had called Yan Sichen several times to urge him, but she didn't know that Yan Sichen had been in the laboratory for three days and three nights to stabilize the medicine.

brother Sichen, let's not delay any longer. I'm ready.

"....."

With a dejected expression, Yan Sichen could no longer refuse. alright.

After hanging up the phone, he took the medicine that could hold a woman's hope from the party leader. He wanted to throw it away several times, but in the end, he washed up and took the medical team to the hospital.

On the other side, ning Qing and mother ning were already waiting in the ward.

"....."

The few of them looked at each other speechlessly.

"Doctor, we can start now," ning Qing said first.

The person beside him took a step forward but was stopped by Yan Sichen.

"You really won't regret it?: he asked: not giving up:

Ning Qing smiled at him and did not say anything.

"....."

His hand hung by his side, allowing the doctor to examine her.

Ten minutes later.

other than the patient's low heart rate, all other bodily functions are normal. He's fully qualified for the drug trial.

"....."

Ning Qing looked at Yan Sichen and said to the doctor.

"I can do it. Come on, doctor."

The doctor looked around and said, "those who are not important can leave now. Try not to affect the patient."

Mother ning and Yan Sichen walked out one after another. Through the glass window, they saw ning Qing holding a glass of water and taking the brown pill under the doctor's guidance.

The moment she swallowed it, ning Qing felt that her wish had been fulfilled.

She followed the doctor's instructions and lay down on the bed.

miss ning, please try to relax and think about happy things. Maintain a relaxed state and prepare to sleep. Don't force yourself.

"Alright," he said.

Ning Qing was very cooperative. There was a slight electric current running through the instrument on her forehead and hand.

She didn't care at all. She stared at the snow-white ceiling and thought of ning su.

She also thought of Nian lie.

The pain spread from her heart. She closed her eyes and tears fell from the corners of her eyes.

His lips curled up into a relieved smile.

I'm sorry, Nian lie. I've told you that if you hurt me one day, I'll forget you forever. And now, it's time.

"Goodbye."

She muttered, and the sorrowful scene in her memory shattered into pieces.

"....."

Beside the bed, the doctor looked at the device that tested brain waves, nodded, and went out.

"Everything is normal. If nothing goes wrong, the patient will wake up in two hours."

...

[Chapter 1084](#)

1084 : 'm afraid Xuxu won't wake up \_1

Mother ning patted her chest. that's good, that's good.

"You must pay close attention to her condition. Nothing can go wrong!" Yan Sichen ordered as he stared at the woman through the glass window.

The doctor nodded. master Yan, don't worry. Miss ning's condition is very stable now. Her memory is being broken down and reorganized, but she still needs some time.

Such a guarantee was undoubtedly a good Medicine for Peace of mind.

Even mother ning heaved a sigh of relief. Seeing how nervous Yan Sichen was, she couldn't help but comfort him. Sichen, don't be too nervous. The doctor said that he's fine.

Yan Sichen pursed his lips and forced a smile.

it's been hard on you all this time. You have to take care of both me and Qingqing. I don't even know how to thank you, " Mrs. Ning said.

Yan Sichen said, " aunt ning, you and uncle ning have always been good to me. I've always treated you as my elders. You don't have to thank me for this.

Ning Qing's mother nodded and sighed, "sigh, you're so concerned about us, but your uncle ning is so worried."

Yan Sichen's heart skipped a beat. isn't uncle ning still unwilling to come? "

I told him about Qingqing's medicine test today. I thought he would come, but it's been so long, and he still looks angry.

"....."

However, as soon as he said that, the person at the end of the corridor approached.

Yan Sichen focused his attention. uncle ning!

Mother ning turned around in surprise. you're here!

After not seeing him for so many days, father ning seemed to have aged ten years. His hair had turned white, and he looked like an old man in his fifties or sixties.

Mother ning's heart ached at the sight and she almost cried.

Father ning glanced at her and then looked through the glass window.

"How is it?"

It was a simple sentence, but it was filled with exhaustion.

"It's going well so far. There shouldn't be any accidents. You can rest assured," Yan Sichen replied.

Mr. Ning nodded and sat down on a chair with his hands behind his back.

Mother ning and Yan Sichen looked at each other and didn't say anything.

Everyone had thought that everything would go smoothly.

However, as time went by, and ning Qing had been asleep for more than three hours, Yan Sichen could no longer sit still.

what's going on? why isn't she awake yet? "

The doctor's forehead was covered in sweat. He explained, " uh, it's probably because some of miss ning's memories are too deep. Subconsciously, she's not willing to give up on the past. So, it takes a longer time to reorganize her memories.

"....."

and there's nothing wrong with miss ning's condition. Everyone, please don't worry and wait a little longer.

Yan Sichen let go of the doctor and said with an unfriendly expression, " it better be like this.

However, no one expected that this wait would last for three days.

\*

I'm sorry, master Yan. Miss ning's condition seems to be that she doesn't want to wake up. In addition to the side effects of the medicine, she's in a daze.

Yan Sichen grabbed the collar of the leading doctor. didn't you say it was going well? Why did she become like this?!"

The doctors were trembling. the medicine has a certain effect, but the patient's will to wake up is not strong, so ...

Yan Sichen's eyes turned red. so what?!

"So, miss ning, I'm afraid Zhenzhen won't be able to wake up."

Can't wake up?

Mother ning's vision turned black, and she fell to the ground.

Mr. Ning called for the doctor and quickly carried her to the hospital bed to begin the examination.

Father ning looked at the mother and daughter on the hospital bed and felt as if his world had collapsed.

Yan Sichen grabbed the doctors and asked them to treat ning Qing. However, no matter what they did, she did not wake up.

## [Chapter 1085](#)

1085 Where are you: ah ning:

A month later.

The woman on the bed had her eyes tightly shut. Mother ning was sitting in front of the bed, holding a towel in her hand and wiping her body.

It had taken her a whole month to go from being clumsy at the beginning to being familiar with it now.

And in this month, she had finally accepted the fact that ning Qing would not wake up.

“You silly child, mom said a few words to you back then, why are you still angry? And your dad, he’s not happy, but on the day you tested the medicine, he still came. So you remember that we didn’t treat you well, remember the pain, and don’t want to wake up, right? But what do you want mom to do, Yingluo?”

She couldn’t hold back her tears as she spoke.

Qingqing, don’t leave mom behind. I’ve already lost my feelings. I can’t live without you. You can do whatever you want as long as you wake up.

“.....”

“You can anger dad and mom, but don’t do this. Mom really can’t take it.”

“.....”

Hearing his wife’s cries, father ning stood at the door, frowning.

Yan Sichen was standing opposite him, his handsome face full of guilt.

“Sorry, uncle ning,” he said.

Father ning held an unlit cigarette between his fingers.

I shouldn’t have agreed to Qingqing’s request. If I had rejected her, you and aunt ning wouldn’t have to face her like this now. I’m sorry!

Father ning shook his head. ning Qing has always had her own thoughts. I used to worry that she would overthink things and not listen to others. Now, she has finally come to this.

“.....”

it’s her own decision. Si Chen, you don’t have to feel guilty.

The more he said this, the sadder Yan Sichen felt.

“Uncle ning, Zhenzhen.”

your aunt ning and I don’t blame you. If you want to blame someone, blame this child’s bad luck.

Yan Sichen lowered his head and his eyes were red.

These days, he had been tormented by guilt.

“I heard from your aunt ning that something has happened at home:” Mr. Ning asked: not wanting to discuss this serious topic any longer:

Yan Sichen took a deep breath. there’s something. My father is in a hurry to ask me to go back.

if it’s an emergency, then go back. We’ll talk about it after you’ve dealt with it, ” father ning mumbled with the cigarette in his mouth.

Yan Sichen's eyebrows moved and he was in pain. but Qingqing Qianqian.

"Your aunt ning and I can take care of her."

"....."

"You've worked hard too. Go home and settle your family matters. We'll talk about it later."

Father ning's tone was flat, but it didn't allow for any argument.

Yan Sichen nodded painfully. alright.

When he left, he did not dare to look at ning Qing, because he could not face her like this.

Because he was soft-hearted and agreed to her request, she ended up in this state.

It was only because of guilt that he had been tortured until he could not sleep at night. He did not even dare to think about what ning Qing had experienced!

He was a coward.

He really didn't have the face to stay by her side.

Just like that, Yan Sichen left Ying city on the grounds of family affairs.

However, as soon as he left, someone came to the hospital.

At the same time, father ning and mother ning were quarreling.

That year, when lie stumbled in front of them, covered in blood, the two of them couldn't help but be shocked.

By the time she came back to her senses, mother ning glared at him angrily and resentfully. you still dare to come! Nian lie, ah, Nian lie, you've caused our family to be in this state. Why are you still here?!"

The intense pain in his abdomen made Nian lie's vision extremely clear.

He looked at father ning and mother ning, and his thin lips spilled out heartbroken words.

"Ah ning, where is she?"

## [Chapter 1086](#)

1086 Atonement with: lifetime (1:

Mother ning gritted her teeth and said,"you don't deserve to see her!" Get lost, aren't you engaged? Aren't you treating our family like fools? Only our Qingqing believed in you, and in the end, she was tormented by you until she lost everything! You actually still have the face to appear here!"

The light in Nian Jin's eyes shattered, and it was pitch black. However, he reached out his hand to her stubbornly. I want to see her. Please, I beg you, I beg you, I beg you, I beg you.

Mother ning was shocked to see his hands covered in sticky blood. f \* ck, don't forget to think about it. You'll never see her again in this life!

Nian lie ignored the excruciating pain. His eyes were stubborn and crazy. she won't wake up, will she? "

Mother ning was shocked, and father ning immediately stood in front of her.

"Since you already know, then don't ask anymore."

"....."

it's no use even if you see her, Nian lie. Perhaps she'll be bedridden for the rest of her life. Even if you stand in front of her, she won't open her eyes to look at you.

"....."

Nian lie's eyes went blank. His knees went weak and he knelt on the ground with a thud.

"Let me see her Yingluo."

He kept mumbling this sentence, and when he raised his dark eyes, one could see through his despair and sorrow.

Mother ning tilted her head, determined not to look at him.

don't even think about it. She's just a burden to you now. Don't try to act like you're in love with her. She can't see anything. There's no point in lying to her mother and me, " Mr. Ning said as he held onto his mother.

"No, I'm not."

"Leave, you're not welcome here!"

Nian lie's expression cracked, and the deep red color of blood stained his palms, redder than his pale face by countless times.

The past few days were still vivid in his mind.

He had been holding back, thinking that he would be able to see her one day.

At that time, he could use his entire life to beg for their family's forgiveness.

However, when he heard that she was going to participate in Yan Sichen's medicine testing, he went crazy! He wanted to find her no matter what!

Song Wan and Nian Junting were so furious that they placed him under house arrest in the old mansion, just like the last time he went back to negotiate with them!

Last time, they would at least use his weakness to coax him and lie to him. This time, they didn't care about anything!

Don't let him leave, don't let him contact the outside world, Yingluo.

He refused to eat, but it was useless. He tried his best to jump off the building to escape, but it was useless. In the end, he took the dagger and stabbed it into his body. Finally, he was able to see the light of day again!

But Yingluo had already been here for a month!

In order to escape her pain and to punish him, she had slept for a month, and he had no idea!

The man kneeled on the ground without any dignity. He didn't care about his injuries as he kowtowed to the ground.

"I beg you to let me see her!"

Ning Qing's mother was shocked by the bright red. what did you do to yourself, ran ran? "

Nian lie didn't care and continued to kowtow as if he was possessed.

The sound of the collision was getting louder and louder. There were already people looking over from the other end of the corridor, whispering to each other.

"Get up," father ning said.

Nian lie raised his head. His eyes were red, as if he was about to shed tears of blood.

"Uncle, aunty, it's my fault. I didn't have enough considerations, which caused your family to suffer. I can do anything you want, but can you let me see her? I'll f \* ck you!"

His sorrowful words were mixed with a sobbing tone. His mouth stopped and he suddenly spat out a large mouthful of blood.

"Heavens!"

Someone exclaimed.

Mother ning pointed at him. you're the one.

Nian Xi's body swayed, his gaze frozen in the air.

"I'm willing to use my entire life to atone for my sins. Please, don't chase me away."

Mother ning's tears gushed out, while father ning was overwhelmed with grief.

### [Chapter 1087](#)

1087 Why are you testing the medicine (1:

The man looked at them. He couldn't tell if they were indifferent or what, and his sad eyes turned to the door.

"....."

He reached out to touch it, but before he could touch it, he fell to the ground.

Father ning's face twitched. doctor! Save him!"

"....."

It was chaotic outside.

In the ward, the woman was quiet and peaceful, which highlighted the initial beauty.

\*

With Nian lie's injuries, he should have been bedridden for two days.

However, the man woke up that night and went to find ning Qing without a care.

Ning Qing's father heard the commotion and came over. what's the matter? " Do you know how badly injured you are?"

A group of nurses stopped Nian Jue, and he stopped, losing all his strength.

Mr. Ning pursed his lips. sorry for the trouble. Please leave.

One of the nurses couldn't stand it and mumbled,"Sir, you hit me so hard that you hurt my internal organs. Are you planning to commit suicide?" Was this suicide? why did he have to continue after the wound was stitched up? Do you really want to court death?"

Nian Xi lowered his head, feeling a little dazed.

The nurse was a little angry. if you really want to die, we can't stop you. But don't come to the hospital and make a scene. If you hit harder, you might really suffer from internal bleeding. The doctor went through so much trouble to save you. Why don't you know how to be grateful? "

"....."

Nian lie had never been criticized like that before, so he didn't refute.

Not only because of the pain, but also because of shame.

I'm sorry, nurse. Please don't be angry. I'll take good care of him, " Mr. Ning said.

"It's best to keep an eye on him, or he'll have to go back to the operating theater soon." "Do you really think that the hospital has nothing to do all day long?" the nurse mumbled.

"....."

After the nurse left, father ning looked at him.

"Don't stand there, lie back down."

Nian lie shook his head and said, " I'm fine, uncle. I miss Yueyue.

The more anxious he was, the more complicated father ning's mood became.

that's her condition, " he said. it doesn't matter if you go earlier or later.

Nian lie's back stiffened. He pressed his hand on his waist and slowly sat back down on the bed.

Mr. Ning was silent for a while. did you get this injury yourself? "

Nian Yu pursed his dry lips. No.

He denied it, and father ning didn't bother to expose him.

Looking at him, he had almost guessed everything.

“.....”

A faint heaviness lingered between the two of them, not dissipating at all.

Nian lie was a little restless. The anesthesia slowly wore off, and the pain became more and more obvious.

He had no choice but to straighten his back. uncle, she’s Hanhan.

there was an accident during the medicine test. The doctor said that she was too self-conscious and didn’t want to wake up, ” Mr. Ning said: lowering his eyes.

“Why did she have to test the medicine?” Nian lie blurted out: his heart aching:

why do you think she wanted to test the medicine? ” Mr. Ning asked coldly.

Nian lie’s body turned cold, and pain filled the air.

Mr. Ning didn’t want to talk to him about the past either. the doctor has already said that she may never wake up again.

Nian lie’s heartache was struck by a hammer, and blood was dripping from it.

Nian lie, I have to say this. She hates you. Our entire family hates you. If it weren’t for you, none of this would have happened.

“I’m sorry, Yueyue.”

you should know that your apology won’t do you any good.

“.....”

because of you, our family has become like this. I don’t have anything good to say to you. The only thing I want to say is that if you have any real feelings for my daughter, don’t come back from now on.

### [Chapter 1088](#)

1088 : would rather be: murderer (1:

Nian Xi’s eyes widened, and the pain was obvious. uncle, I can’t!

Father ning saw his despair and was equally sad, but he could not be soft-hearted towards him.

“Don’t you understand why she’s testing the medicine?”

“.....”

Mr. Ning clenched his fists. she did develop true feelings for you, but because of that, she became a sharp weapon to hurt you after you said you wanted to break up with her! Hansu couldn’t bear to see her sad, so he got into a car accident on the way to see you!”

“.....”

although the car accident was judged to be an accident, I don't believe it.

Nian lie looked at him. Father ning's eyes were sharp and cold.

if this matter is related to your parents, do you think they can face it even if they wake up? "

"....."

The powerlessness was like a giant claw that swallowed Nian lie.

It was as if a hole had been pierced through his chest. It was cold, empty, and extremely painful.

Father ning stood up and looked down at her with the begging tone of a father.

"Don't even think about it. You two shouldn't be together."

The truth was that the blood feud between them would also become their eternal barrier.

"....."

Father ning looked at the man's bent back and felt a little sorry for him, but he quickly wiped it away and walked straight to the door.

"Plop-"

He stopped in his tracks. When he turned around, Nian lie was kneeling on the ground again.

Nian lie's eyes were filled with devastation. That was a man's deepest despair, the most painful and sincere.

His voice was so low that it was almost inaudible. uncle, I know that you and Auntie won't forgive me no matter what I say. I don't have any other requests, and I know that I don't have the face to beg you, but Hanhan, please take pity on me. I can't live without her.

"....."

I really like her. I really want to marry her and be with her for the rest of my life. I want to be with her.

He choked up and couldn't even finish his sentence.

Tears welled up in Mr. Ning's eyes. why do you have to do this? "

Nian lie knelt on the ground, his entire body trembling. He was extremely humble.

"I want to take care of her. Even if she has to lie in bed for the rest of her life, I'm willing to be by her side."

His eyes were red as he looked at father ning, tears rolling down his face.

"I'll marry her when she's of age! Uncle, I'm begging you, please give me this chance!"

"....."

The man's voice was full of tears as he bent his knees several times. How could father ning not be touched?

He stood on the spot for a long time, the pain making his mind tired.

Finally, he walked up to Nian lie.

Nian lie, you're still young. You'll face a lot of people and things in the future. Qingqing and our family might just be a node in your life.

Nian lie kept shaking his head. no, if she's the node, I'd rather stay here forever!

you can't do it," father ning said coldly.

: I can!: Nian lie promised urgently. Please give me a chance to prove myself!"

For a long time, he thought that there was no hope.

A hand reached out.

"Get up, you're still injured."

The sudden change stunned Nian Ying. you, " he said, " you, you, you agree? "

you'd better not regret it. father ning nodded silently: otherwise, I'd rather be a murderer.

Nian lie's Black eyes were filled with ecstasy as he nodded repeatedly.

\*

Nian lie finally had the chance to return to ning Qing's side.

When mother ning found out about it later, she threw a tantrum. Father ning gave a bunch of excuses, but in the end, he acquiesced.

A month later, ning Qing was transferred to Jia Hua hospital.

Two months later, the marriage alliance between the Nian family and the SU family was suddenly canceled. It was said that su YINUO had caused a ruckus in the Nian family because of this, but it did not change the Nian family's mind.

A year and a half later.

Winter arrived, and there was a light snowfall in Ying city.

In the brightly-lit hospital, the color of the bed blended with the White snow.

A light was on at the head of the bed, and the light was dim. The man's side profile was earth-shattering, handsome, and unparalleled. His smooth and well-defined facial features made people's hearts beat faster.

No one had ever seen Nian lie's eyes filled with love and guilt, and no one had ever seen such a warm side of him.

"It's snowing in ning city and the weather is cold. I asked my parents to go back first."

"Today, I heard from the doctor that you're showing signs of waking up. Is that true?"

"Ning, did you miss me too? I missed you so much."

perhaps you're still unwilling to forgive me, that's why you've slept for so long. But it's already been a year.

He held her hand and rubbed it over and over again to help her relax her muscles so that they would not degenerate.

"If you really can't forgive me, you can continue to hate me. It's fine if you hit me or scold me. Just wake up, okay?"

"....."

The woman was as quiet as ever, like a Sleeping Beauty.

In the past, Nian lie would have been disappointed, but now, he was completely at peace.

"It's okay, I'll wait for you."

I'll wait no matter how long it takes.

He held her hand and planted a gentle kiss on the back of her hand.

It was filled with love and longing.

The snow outside the window had accumulated into a thin layer.

It was pure and clean.

She was like a woman in a dream.

"....."

On the bed, ning Qing opened her eyes and looked into the void. Her empty eyes were filled with shocking pain, and her eyeballs rolled and fell unconsciously.

That's right, she remembered.

The complicated feelings from seven years ago, that night, his begging, his confession, their child, and everything he promised!

She remembered everything, including her child's death and the car accident!

It turned out that her sister's diary was not about her, but about her!

It turned out that she had loved him so much before, and it was after he had hurt her!

No wonder Yingluo didn't dare to tell her the details of the past!

It turned out that he could also be afraid!

"....."

Her tears gushed out like a flood. Ning Qing clutched the clothes on her chest tightly. The intense heartache made her bend down and cry.

Outside the door, mother ning heard the noise and pushed the door open. When she saw ning Qing's appearance, she was so frightened that she didn't know what to do.

"Qing Qing! 'Qing Qing, what's wrong with you? Where does it hurt?' You tell mommy!"

Knowing that it was her mother, ning Qing hugged her with all her might and cried, "mom ..."

Mother ning's heart ached. mommy is here. Don't cry! Don't hurt your body again, you're still pregnant."

Ning Qing suddenly paused. Zhenzhen's child? "

Mrs ning had yet to notice her unusual behavior. yes, the child is still here. The heavens have opened their eyes. Thank God you and the child are fine.

"....."

The car accident, the child, Lou Chi, Qianqian, and her sister!

Memories swarmed into her mind, causing ning Qing's head to hurt.

She held her head, tears flowing freely.

Mother ning called for the doctor in a panic. She was in so much pain that her entire body was trembling, and she wanted to jump out of the bed.

"Be careful!"

A man's voice rang out, and ning Qing fell into a familiar embrace.

Her body stiffened, and after she steadied herself, she heard his anxious voice.

"Ning, don't be so agitated. Calm down, okay?"

"....."

Ning Qing's back was as stiff as a wooden board. She raised her red eyes and took in his face, her lips quivering.

...

Then, he let out a shocking scream, "

“Ah!”

## [Chapter 1090](#)

1090 I don't want to see you anymore!

“Ah ning!”

“Don't touch me!”

She pushed him away fiercely. Nian lie, who had been weak from taking care of her day and night for the past few days, was really pushed away by her!

However, he looked at his empty hands and was stunned.

Ning Qing retreated, avoiding him like a snake. She covered her ears with her hands and cried like crazy. get lost! I don't want to see you! Get lost!”

“.....”

Mother ning hurried over to hold her, afraid that she would hurt herself.

Ning Qing found shelter and hid in her mother's arms. Her whole body trembled as she kept saying, “mother, let him go. I don't want to see him.

Okay, okay, okay,” mother ning consoled her. don't get too worked up. I'll get him out right away.

After she finished speaking, she shot Nian lie a look.

The man was in a daze. He looked at the woman with his dark eyes, which were filled with gloominess and disappointment.

He was afraid that she would really be impulsive and do something to hurt him. He could only turn his toes and walk out of the ward stiffly.

“.....”

Alright, alright. He's gone. Qingqing, don't be afraid.

After mother ning said this, ning Qing carefully poked her head out. No one noticed him, but his hands slowly fell and grabbed the corner of mother ning's clothes.

“Qingqing, what's wrong with you?” ning Qing's mother sniffed and waited for her to calm down before she asked. Did Yingluo's car accident cast a shadow on you?”

Car accident

Ning Qing's heart ached, and she quickly looked away. where's Zhenzhen's father? ”

Mother ning's expression instantly turned unnatural.

Ning Qing's tears continued to flow, and she could not stop them.

Mrs. Ning took out a piece of tissue and said while wiping her face, “ don't be like this, Qingqing. Whether it's for us or for the child, you don't have to hold yourself back. I know you're sad.

Ning Qing seemed to have realized something, and her eyes were empty. did something happen to my sister, Zhenzhen? ”

Seven years ago, after the car accident, she had heard a faint sound.

So, the Lou family had replaced ning su and made them think that ning su was dead.

Four years ago, ning su had approached her using Tina’s identity, asking her to draw a line between her and Nian lie. He had been helping her all this time, but she had not realized that she was her sister. Now, he had brought her such pain.

Ning Qing’s eyes were dull. how is she? ”

Mother ning looked away and couldn’t help but cry.

the doctor said that your sister’s injuries were too severe. Nian lie had hired the best medical team, but they only managed to keep her alive. I’m afraid that Qianqian will have to lie in bed for the rest of her life.

“A lifetime of love”

She had heard these words the most in the two years she had been asleep.

But ning Qing had never thought about how terrible it would be for someone living in this world to hear such a judgment!

Mother ning was flustered when she saw her in a daze.

don’t worry too much. Nian lie said that he’ll find a way to save your sister.

Ning Qing closed her eyes in despair. Her heart was in so much pain that she could not feel it.

“.....”

Outside the door, Nian lie’s heart tightened as he listened to the mother and daughter’s cries.

Nian che heard the news and rushed over. When he saw his brother’s state, he was a little confused. brother, I heard that sister-in-law has woken up.

Nian Xi lowered his head and didn’t say a word.

“Why don’t you go into Yingluo?”

The continuous cries cut off Nian Che’s questions.

He had been in a very heavy mood recently and had been moving between the company and the hospital in exhaustion.

Nian lie recalled ning Qing’s reaction just now and his heart ached. she doesn’t want to see me.

Nian Jing was stunned. brother, sister-in-law just woke up. The car accident was so serious. She probably hasn’t recovered from it yet.
