

## Mr Nian 1001

### [Chapter 1001](#)

1001 Unforeseen events occur (1:

June.

The sun was hot and the temperature rose sharply. Even the shade of the green trees couldn't block the heat. The whole of Ye City entered Midsummer.

After Nian lie had received the design of the ring from ning Qing, he had immediately asked Lu Zhui to customize it. Because of his high requirements, the original one-week deadline had been delayed by one or two days.

Nian lie was very anxious. Seeing him like this, ning Qing could only advise him to be patient and wait.

\*

It was eight in the morning.

Garden of elegance.

Ning Qing lay lazily on the bed while Nian lie tidied up his hair. Before he went out, he returned to the bedside and kissed her on the lips.

Ning Qing opened her eyes and asked him in a daze. hurry to the office. Don't be late.

She knew that he had a project to discuss today.

Nian lie smiled. I'll get the kitchen to heat up your favorite food, " he said gently. you can eat it when you wake up later.

"Yes."

He hugged her for a while before reluctantly coming downstairs.

Lu Zhui waited there. He had never seen Nian lie's pleasant expression for the past few days, so he was a little nervous when he faced him.

"Young master."

Nian lie instructed the servants, picked up his suit jacket, draped it over his arm, and left the house.

After getting into the car, Lu Zhui looked at the man, who was focused on the computer, and hesitated for a long time.

"If you have something to say, then say it." Nian Yu frowned.

Lu Zhui was shocked. He adjusted his expression and said, " young master, the person who investigated young Madam's sister has sent us some news.

Nian lie raised his cold eyes. what news? "

previously, after Miss Lou si disappeared from America, our men couldn't find any traces of her even after searching for a long time. However, recently, our men said that ran ran seems to be in Ying city.

Nian lie's aura surged. Yingluo is in Ying city? "

yes, our people took a photo last night.

He handed his phone to Nian lie.

I didn't send it to you last night because I wasn't sure. Miss Lou si is very cautious. After our people took photos of her outside this hotel, we couldn't find any more news about her.

Nian lie's face darkened. He didn't expect that after searching for so long, ning su would actually be right under his nose!

Moreover, Lou qingyue was still here. She was now alone outside. What was she trying to do?

He suppressed the uneasiness in his heart and said, " send someone to find her immediately. We must find her as soon as possible!

"Yes," Lu Zhui nodded.

"....."

Nian lie put his laptop aside, instantly losing his mood.

He closed his eyes and raised his hand to rub his temples.

Lu Zhui looked at him and said,"the thing you asked me to make is ready. The front desk has just received it." &Nbsp;

Nian lie opened his eyes. The ring was done.

He did not know why, but he heaved a sigh of relief.

"You can go get it later."

"Yes."

\*

After Nian Jin left, ning Qing could not fall asleep, so she got up and went downstairs for breakfast.

When she was extremely bored, she asked the maid to bring her some food to the study.

Looking at the cold and elegant study room, ning Qing thought of Nian lie.

Indeed, the environment could reflect a person's character.

She walked over to the rows of bookshelves. She had intended to find some books to read, but Nian lie's books were mostly about Economics and Management. She couldn't Continue reading after flipping through two pages.

"So boring."

She couldn't help but complain, but her attention was attracted by a familiar corner.

Ning Qing hesitated and took the book out. As she touched the cover, her mind was a blur.

That's right. It was the diary she had found in ning SU's room.

The memory of her interrogating Nian lie with the diary was still fresh in her mind. Now that she thought about it, she felt like she was dreaming.

"....."

## [Chapter 1002](#)

1002 My sister asked me to meet her (1:

Her fingertips slid along the cover, and the sadness in her heart overflowed inexplicably.

Nian lie had told her that he had nothing to do with ning su. She had believed him back then, and she still believed him now.

However, whose experiences were written in this diary?

Could it be that her sister was making things up? As if he was writing a novel?

Moreover, when she had a dream a few days ago, Nian lie had asked her if she had been sleeping poorly for the past few years. He had also asked if she had dreamed of strange scenes.

There was.

Of course there was.

In her dreams, she was always so sad that she couldn't breathe, but after she woke up, she had a terrible headache and couldn't remember anything.

To be honest, she was very curious about what she and Nian lie were like in the part of her memory that she had forgotten.

She had asked Nian lie about it once, and he had smiled and said that it was fine. When she wanted to ask again, he had blocked her way and kissed her.

After that, she didn't ask again.

"....."

Ning Qing did not know where the sadness came from, and her fingers trembled uncontrollably.

Her rationality told her that she didn't need to care about the contents of the diary, but her emotions were getting out of control.

"Swish-"

The vibration of her phone pulled ning Qing's heart back.

She took a deep breath and found that her forehead was oozing with sweat. She suddenly laughed.

He didn't know what he was nervous about.

She picked up the phone on the sofa and her expression changed.

"....."

Not long after, the woman walked into the room, quickly changed into a new set of clothes, and rushed downstairs.

The servant was frightened. Madam, don't worry. Be careful of the child.

Only then did ning Qing's steps slow down.

I have something important to do, " she said to the person at the door, trying to control her emotions. I have to go out for a while.

The bodyguard was put in a difficult position. Madam, Sir has instructed that for your safety, you'd better not go out.

There was no makeup on ning Qing's face, and her attitude was firm. you can call him. I'm in a hurry now. I don't have time to talk to you.

She went out immediately, followed by a group of bodyguards and servants. Madam, you can't go out!

Ning Qing was really in a hurry. She looked at the time and was afraid that she wouldn't be able to make it.

"I have a very important private matter to attend to," she said.

She stopped in her tracks and immediately called Nian lie.

The phone rang twice, and the other end picked up.

"What's wrong?" the man's voice was deep.

Nian lie, I have something urgent to attend to. I need to go out for a while.

The man sitting at the conference table frowned and walked to the side with his phone.

Lu Zhui gestured for everyone to calm down. Then, he walked to Nian lie's side and waited for his orders.

Nian lie said, "ah ning, don't worry about anything. You're still pregnant." Tell me, why are you going out?"

Ning Qing didn't waste any time. Under the sun, she was already sweating in these two minutes. The servants quickly held up an umbrella for her.

She pursed her lips. I have news of my sister.

"....."

she's in ning city. She just asked me to meet her. She only has an hour. After an hour, she has to return to the capital to settle the Lou family's matter.

The worry came so quickly and violently that Nian lie's entire body tensed up.

The woman was still talking.

she said that her fate is unknown when she returns to the Lou family this time. She wants to tell me some things. I can't refuse ran ran, so I have to go.

"Ah ning, don't be rash," Nian lie's heart clenched.

Ning Qing glanced at the time. it's too late. Nian lie, no matter what, she's still my sister. Even if I don't acknowledge my relationship with anyone else, I can't disown her!

### [Chapter 1003](#)

1003 Ning Qing has gone out (1:

No matter how cruel ning su was to her, she used to be the sister who loved her the most!

In the past few years, she had helped her countless times!

She believed that she was just being stubborn and cruel.

How could ning su not want her?

However, Nian lie didn't think so. His heart was filled with ning Qing's words, " she has something to tell me.

What was it?

Could it be the truth from seven years ago?

To be honest, Nian lie and ning su had very little interaction, whether it was seven years ago or seven years later.

But he knew that Ning Zheng hated him, and even more so.

She would not hand ning Qing over to him with peace of mind.

Nian lie took a deep breath and suppressed the fear in his heart. ah ning, calm down first. Lou qingyue is also in Ying city now. Lou Yuan won't be in trouble so soon after returning to the Lou family. On the contrary, it's more dangerous to stay by your side, Yingluo.

Ning Qing could no longer listen to him. She had only called him after she had forced herself to calm down. She was afraid that he would worry about her.

She shook her head. I don't have time. Nian lie, don't worry. I'm only going to see her.

"Then get someone to go with you! Or you can wait for me. "

Nian lie walked straight out of the conference room, shocking everyone.

"Ning, don't be rash. Our baby is still here, okay? I'll go with you."

Ning Qing hesitated for a moment. Ning SU's cold warning rang in her ears, " don't tell anyone, especially Nian lie.

She shook her head, struggled for a second, and still refused.

“Her whereabouts can not be exposed. I’m sorry, Nian lie.”

With that, she hung up the phone heartlessly.

She turned around and faced the group of trembling servants and bodyguards. Her face turned cold. I have to go out to do something. I’ll be alone.

“Furen, this really can not be done Yingluo.”

Ning Qing had no choice. She gritted her teeth and retreated. don’t follow me! Otherwise, if something happens to me, you won’t be able to escape.”

The servants and bodyguards stopped in their tracks.

“Go and get me a car,” she ordered.

After the man did as he was told, ning Qing wanted to chase him out of the car, but the bodyguard was unwilling. In the end, he said, “ Sir has already said that if anything happens to you, we will all be punished. Now that you’re pregnant, it’s not suitable for you to drive. Let me go with you. At least I can protect you for a while. Yingluo, please don’t make things difficult for us, Madam!

Ning Qing gritted her teeth and looked at the group of people. Some of them were panicking, and some had pleading expressions on their faces.

“.....”

She couldn’t refuse, and because it was too late, she immediately opened the door and got into the car.

Just like that, ning Qing left Qing Yuan and headed to the place where she and ning su had agreed to meet.

\*

In the Nian family, Nian lie was in complete chaos.

Lu Zhui didn’t have the time to disperse the people in the meeting room. He followed behind Nian lie step by step. young master, don’t be anxious. Young Madam knows what to do. We can definitely make it if we go back now.

In time, my ass!

When he heard her voice, he knew that she was panicking. It was probably because ning su had said that he might not be able to protect his life when he returned to the Lou family this time, which instantly poked ning Qing’s Achilles ‘heel!

But she was still pregnant!

And Lou qingyue was staring at him!

Nian lie was filled with hostility. As he took the elevator, his heart was in a mess. However, he was still conscious. He ordered Lu Zhui, " get Qingyuan's men to follow her quietly. She must not be allowed to leave alone!

"Yes!"

Lu Zhui had just responded when his phone rang.

He picked it up and said a few words. Then, he looked at Nian lie, who had a cold expression on his face. young master, the people below said that Lou qingyue seems to be returning to the capital.

Even Nian lie couldn't help but freeze for a moment. Are you sure? "

Lu Zhui nodded, and Nian Ying relaxed a little.

Mo tiange must have received news that Lou si wanted to go back, so she had to leave in a hurry.

However, it was a good thing that she was gone now. At least she would not threaten ning Qing's safety.

And no matter how much ning su hated him and ning Qing, she would not hurt her.

The man's tense nerves relaxed for half a minute. He stepped out of the elevator and went straight to the car.

"Get someone to track her location on her phone."

Lu Zhui understood and immediately did as he was told.

#### [Chapter 1004](#)

1004 Lou Chi's sudden appearance (1:

Ning Qing held her phone in her hand, feeling a little anxious.

The chauffeur consoled her all the way, so she could only pretend that nothing happened.

Twenty minutes later, they were very close to the meeting place.

Ning Qing looked at the terrain and pointed to the side. stop by the side. I'll walk the rest of the way myself.

The driver nodded and was about to park the car by the roadside.

However, no one noticed the car that was following closely behind.

Ning Qing was a little anxious. She looked at her phone from time to time and did not pay attention to the situation around her.

The next second, " bang-"

The car shook and ning Qing was shocked. The driver apologized. the car behind us rear-ended us. Madam, please wait for a moment. I'll go down and take a look.

He was still rather cautious. He looked at the man in the rearview mirror and pushed the door open to get out. how did you drive, Yingluo? "

Just as he finished speaking, the man threw a punch at him.

The driver didn't notice and his temple was hit by his fist. His eyes rolled back and he fell down.

The Man in Black supported his body with one hand and casually pushed him to the tree at the side. The man just happened to hit the tree trunk and there was no sound at all.

Ning Qing was sending a text message to ning su when the door of the driver's seat was pulled open, and someone got in.

Ning Qing did not look at him. park the car first and wait for the police to deal with it.

The person next to him didn't say anything, but there was a crack.

Ning Qing was suspicious. She looked up and that glance almost killed her.

She was extremely shocked. Yingluo, you're Yingluo.

The man's cold eyes were exposed, and the mask covered most of his face, but ning Qing could never forget the man who had almost killed her!

It was Lou Chi who had disappeared for a long time!

The man's eyes were like a venomous snake, coldly wrapping around her body.

He tilted his head. long time no see.

Ning Qing's heart suddenly contracted. The next moment, she reached out to open the car door, her whole body stiff.

It was locked.

She was terrified because she had experienced this man's vileness and means. She was so afraid that her bones were trembling. Yingluo, what do you want to do? "

Lou Chi smiled, but his smile couldn't be seen because of his mask. Therefore, the pressure and ruthlessness released from his eyes were even more terrifying.

With one hand on the steering wheel, he said, " look at me. What do you think I want to do? "

Ning Qing swallowed and forced herself to calm down. She put her hands behind her back and leaned to the side so that he couldn't see her movements.

I have no grudges with you. Even if you're working for Lou qingyue, you have to consider the occasion.

"....."

there are surveillance cameras everywhere. If you do anything to me, they'll record it. You won't be able to escape then.

Lou Chi let out a cold laugh. Then, half of his body crossed the control area and grabbed her neck. you were lucky to not die last time. This time, you have the courage to bargain with me. Let me tell you, you don't have such good luck."

Ning Qing touched her phone screen, her heart convulsing in fear.

She was still trying to suppress her emotions and looked up at him. so what if you kill me? you can't run away.

Lou Chi stared at her, his eyes emitting a terrifying light. to tell you the truth, this time, I didn't even think of running!

So, he was determined to kill her?

Ning Qing closed her eyes and pressed something randomly, but she did not know what it was.

"Don't waste time with me."

Initially, she thought that he didn't know about her little actions. However, immediately after, her phone was violently snatched away by him. He then rolled down the window on his side and threw it out.

Chapter 1005 Crazy revenge from Lou Chi (1:

Ning Qing's only hope was taken away, and she fell into panic and despair.

Her back was pressed against the car door. Her eyes were red. what right do you have to treat me like this? I don't even know you. Just because of Lou qingyue, you're willing to risk your life to kill me! What's the need!"

She roared and held it in her mouth. She was very unwilling, hoping that someone passing by could hear her.

However, she didn't know if it was because of her bad luck, but no one noticed her even after so long.

Ning Qing was tormented by fear and terror. Tears welled up in her eyes. you can't do this to me! I already have a child, and this will really be my last child. I've waited so long for him, Yingluo."

She banged on the car door like crazy, trying to make more noise.

Lou Chi appreciated her despair and smiled in a twisted way. I didn't want to come to you at first. You can only blame your man.

Ning Qing's back stiffened, and her tear-stained face was filled with shock.

Lou Chi twisted his head and raised his hand from the side-

Ning Qing's eyes widened in shock, and she forgot to cry.

His hand ... No, it could no longer be considered a complete hand.

The entire forearm had been cut off, and the new flesh grew out soft and tender, but it was out of place with the surrounding skin color, like a disgusting ball of meat.

Lou Chi saw that she was frightened but he was not unhappy at all. Instead, his smile became even more twisted.

this was done by your man. In order to avenge you, he did everything he could to tie me up from the capital and cut off one of my hands!

“.....”

“I’ve been waiting for a long time for you to come out of that broken house. You’ve finally fallen into my hands.”

The last time she came out, he had a chance, but that brat with the surname Shen messed it up.

This time, he had finally caught her.

Ning Qing shook her head repeatedly. She wanted to say that it was impossible, but something seemed to be stuck in her throat, and she couldn’t make a sound.

Lou Chi gritted his teeth, his veins bulging with hatred. Then, he put on the artificial limb.

“Tell me, how can I let go of his wife and child when he caused me to be in this state?”

So, he was unwilling to let her and the child go because Nian lie had taken revenge on him.

Ning Qing was filled with despair.

Lou Chi took out something from his arms and pointed it at her. His eyes were extremely cold. you better be honest. You’d better not let me end you early.

Ning Qing opened her eyes and trembled in fear again.

It was a spear.

“Sit back down and fasten your seat belt.”

“.....”

Ning Qing held her stomach, tears streaming down her face. She didn’t dare disobey.

After sitting down, Lou Chi placed the gun on his left side, stepped on the accelerator, and turned the steering wheel.

where are you taking me? ” ning Qing asked, still thinking about ning su as they got further and further away from their destination.

“Hell,” Lou Chi replied strangely.

\*

Not far away, at the entrance of a hidden restaurant.

A slender figure stood there, looking in the direction of the source of the sound from time to time.

Why isn’t he here yet?

It was almost past the agreed time.

Ning su was a little anxious and uneasy at the same time. He took out his phone and called ning Qing, but the other party could not answer.

Could something have happened?

She was even more worried and was about to head downstairs where there were many people when a car suddenly stopped in front of her. miss, bad news! Miss ning is in trouble!”

Ning su grabbed his collar. what happened? ”

just now, I saw miss ning’s car drive over, but a few minutes later, it was driven away by a man. From what I saw, ran ran’s figure looks like young master Chi.

#### [Chapter 1006](#)

1006 That’s my sister!

Lou Chi!

Ning su gritted his teeth and pushed him away.

She had predicted Lou qingyue’s appearance, but she didn’t expect that Lou Chi had not appeared for so long just to wait for today!

She had thought that Nian Xi had locked her up in that place to imprison her, but she didn’t expect that he had locked her up to protect Yingying.

She had miscalculated. She should not have let ning Qing come out!

Without another word, ning su pulled open the car door and dragged the man out of the car, then sat in the car.

A few of his men who were hiding in the dark rushed over. miss, we’re leaving in 20 minutes. What are you doing? ”

Ning SU’s face was cold. something happened to my sister. I can’t leave.

“But Madam wants you to go back!”

“That’s my younger sister!”

“.....”

Ning su gripped the steering wheel tightly. it’s her business if she doesn’t want to acknowledge her, but I only have one sister in my life.

After saying this, she stepped on the accelerator.

The carriage was like a hot knife through butter, speeding away in front of everyone’s eyes, no one could stop it.

\*

Nian lie had located ning Qing’s phone signal and immediately followed her.

However, looking at the red dot on the tablet, Nian lie couldn’t see any trace of ning Qing in the surroundings!

He was furious. where are they?!

By the side of the road, Lu Zhui picked up the broken pieces on the ground. young master, ” he said, ” this Wanwan is probably young Madam’S.

Nian Yu lowered his eyes and stared at the broken pieces of machinery in his hands, feeling even more worried.

“Sir, I found it!”

Nian Xi looked over in panic. Two of his men were holding a man with a bloody head.

Lu Zhui remembered him. He had been ning Qing’s driver and had sent her out.

He walked up to him and looked at the man who was on the verge of death. what happened here? where’s the young Madam? ”

The man was panting, and his forehead was covered in blood. Yingluo, someone took young Madam away. Yingluo is driving our car, Yingluo.

At that moment, Nian lie’s entire body turned cold.

Lu Zhui had not expected that there would be someone in bamboo city who would be so bold as to hijack a car in public!

“Young master!”

Nian lie’s expression was obscure, but he had already made a judgment in his heart. Immediately!”

“Yes.”

“Check the license plate number of the car today.”

Lu Zhui agreed and sent the man to the hospital. He then arranged for someone to check the surveillance cameras.

The entire journey only took about three to five minutes. However, as Nian lie leaned against the car and watched the passing cars, his vision was a blur.

Who was it?

Who would kidnap ning Qing in such a place?

How was she now? she must be very afraid that Yingluo was pregnant and would probably cry.

Nian Ying was so bored that she started smoking, but she didn’t know that she was trembling.

“Young master, I’ve found it!”

Nian lie threw the cigarette butt away and snatched the phone over. The tall man wearing a mask on the screen looked so familiar!

Who else could it be but Lou Chi!

“I won’t change my stubborn nature!”

He actually dared to come back to find ning Qing!

Nian lie's expression was frosty to the extreme. Coincidentally, he had also found the car plate number. He immediately opened the car door, left the driver behind, and got in.

Lu Zhui was shocked. young master, don't be anxious. We've already found traces of young Madam. Everyone is on the way now. Try to stop her. The police have also been mobilized. Don't be rash!

Nian lie cast a cold glance at her. He let go of her subconsciously, and the car sped away.

Lu Zhui scolded himself, " what are you still standing there for? The rest of you, follow them!"

\*

Ning su got out of the car and received a call from his subordinate within two minutes.

With one hand on the steering wheel, she picked up the Bluetooth headset with the other and put it in her ear. where is he? "

"Miss, we're still following them. Young master Chi didn't stop the car. From the looks of it, miss ning's condition is fine, but her emotions are not very stable and she's been crying."

#### [Chapter 1007](#)

1007 At worst: I'll just die (1:

That person followed him at a distance that was neither too far nor too close. He did not know that he had already been discovered by the other party.

When she heard him say that ning Qing was crying, Ning Chen's usually frozen heart moved.

She pursed her lips. can you tell where he's going? "

The man was put in a difficult position. young master Chi doesn't look like he has a destination and the speed of the car isn't too fast.

She even led him around in circles from time to time.

Ning SU's eyes were cold. share your location with me. I'll come over right away.

"Yes."

\*

" .....

Lou Chi was so suave. At this moment, he had already removed his mask, revealing his shocked face.

He seemed to be in a good mood and was even humming a song.

" .....

Ning Qing was so scared that her whole body was trembling. Her hands clutched the seat belt tightly as if it was the last straw she could hold on to.

"Don't be so nervous." The man's sudden voice made her shiver in fear.

Lou Chi admired her look and smiled even wider. it's useless for you to be afraid. Why don't you enjoy the present with me? "

Ning Qing trembled and looked over. ran ran, if you were kidnapped, would you still be able to smile? "

The man found it funny and looked over with his long and narrow eyes. why can't you laugh? At worst, I'll just die."

I don't want to die.

My child is not born yet.

I haven't seen him grow up properly, she can't die!

Ning Qing gritted her teeth, and there was nothing on her pale face except for cold fear.

Lou Chi didn't care that she didn't speak. I advise you not to think about running. The speed of the car is not very fast, but your stomach is so big. You will definitely be gone if you jump down. Maybe I don't even need to do anything and you will die.

This threat was very effective. Ning Qing's teeth chattered and her grip on the seat belt tightened.

After a while, she felt a pain in her stomach.

Ning Qing's eyes widened and she said in horror,"the child ..."

Lou Chi looked at her impatiently. don't play any tricks.

"I'm not. My stomach hurts. It's really Yingluo."

Ning Qing clutched her bulging stomach and tilted her head to look at him, her expression pained.

my stomach really hurts. You can do whatever you want. Just don't hurt my child, Yingluo. Can you save him? "

Lou Chi looked at her coldly, without a trace of sympathy and pity.

Ning Qing's heart sank, and her fingers trembled. I beg you, please help me.

She reached out her hand to grab his arm, but the man was stunned and slapped her.

Her face was burning with pain, and the car drifted with the man's movements.

Then, Lou Chi steadied the steering wheel. don't f \* cking try to play tricks on me! I'll be honest with you, I'm going to take you with me to death today! You want me to save your stomach? do you think I'll save you?"

Ning Qing's body temperature dropped rapidly, and her eyes were filled with sorrow and despair.

Lou Chi took out a gun and pointed it at her. sit tight and stop talking about those useless things!

Looking at the black gun barrel, tears welled up in ning Qing's eyes. She forced herself to straighten her posture and carefully held her stomach.

Baby, I'm sorry.

It's mom who didn't listen to dad and put you in danger again. It's mom who is useless.

But mom believes in dad. He will definitely come to save us. Hold on, hold on, don't give up, okay?

Mommy's begging you, Yingluo. Even if I have to use my life to exchange for yours, let mommy beg you to persevere, Yingluo.

Ning Qing looked at the window, which reflected her pale face and tears. The scenery outside was becoming more and more unfamiliar and remote. The car had completely driven out of the suburbs and had come to a winding road.

### [Chapter 1008](#)

1008 Shooting someone to death (1:

She didn't dare to think about what would happen next. She didn't even dare to cry out loud. She could only stroke her stomach, hoping that the life in her stomach would sense her love for him.

The woman finally quieted down and Lou Chi was no longer annoyed.

He glanced at the rearview mirror and gave an absurd smile. Then, he turned the steering wheel and stepped on the brake in time, waiting for the man to crash into him ...

The man who was following them did not notice and hit the brakes in time.

"Bang!"

"Ah!"

Accompanied by Ning Qing's scream, Lou Chi saw the man's head hit the windshield hard. Red blood flowed out and dyed the area red.

Ning Qing saw it too. She turned around in shock. are you crazy, Zhenzhen? what are you doing? "

Lou Chi's eyes were filled with the bestiality of a Hunter, as well as perverted excitement.

"You're both going to hell. Isn't it better to have one more person to accompany you?"

Ning Qing's eyes were as wide as they could get. Fear was like a vine, wrapping around her body.

"Crazy ..."

A bloodthirsty glint flashed across Lou Chi's face. I'll let you see what a lunatic is.

He stepped on the accelerator, and Ning Qing tightened her seat belt on reflex.

The inertia brought her body forward and then back.

"You're going to kill him!" Ning Qing scolded him angrily after knowing what he was going to do.

The man's side profile was numb and cold as he slammed into the car behind him.

Again and again.

"....."

Ning Qing could still hear the man's painful moans, but as the number of times increased, his voice disappeared.

Only Lou Chi's excited and crazy laughter could be heard.

Then, the car turned to the side and stopped at the same level as the other car.

Ning Qing didn't dare to look at Lou Chi, let alone the man's miserable state. However, the smell of blood was too strong. She covered her chest, or she would vomit the next second.

Lou Chi noticed it and laughed crazily. Then, without hesitation, he picked up his gun and pointed it at the man's tilted head.

Ning Qing's fear rose to the extreme, and she blurted out to stop him, "don't be in a daze!"

"Bang!"

The sound of the bullet leaving the chamber was dull, and it made an even more earth-shaking vibration when it hit a hard object.

Ning Qing's eyes were filled with numbness. The open car window could not stop the blood from splashing on her face.

Lou Chi raised his hand to wipe the blood off his face and grinned at her. He was as evil as he could be.

"This person has been following us all the way. If I don't teach him a lesson, I'm afraid that if he dies, the people behind him won't know what I'm going to do."

Teach Yingluo a lesson

He said that he had shot someone to teach that person a lesson.

Ning Qing's heart was already numb, and her eyes were empty. She turned her head mechanically, ignoring the bloody hole.

"....."

She waited until the man had enough fun before starting the car and moving forward.

Ning Qing watched as the car that had been smashed into pieces drove further and further away from her. The numbness in her body made her forget whether her stomach was still in pain.

In the end, she covered her ears and closed her eyes.

Her tears flowed down.

"....."

However, just two minutes after they left, a car arrived at the scene of the accident.

Through the car window, ning SU's eyes turned red when she saw that it was her man. She immediately got out of the car to save him.

However, the car door was damaged and couldn't be opened.

She gave Lun tai a hard kick and looked at the car that was already halfway down the mountain road. She closed her eyes in pain and quickly returned to the car before driving off in the opposite direction.

Her car went up a fork in the road and happened to miss the fastest car when she turned a corner.

The leading carriage was naturally Nian lie.

He saw the car and the man's miserable state, and his heart was so heavy that he couldn't speak.

"Find someone to save him immediately," he ordered Lu Zhui.

Lu Zhui hurriedly called 120, but Nian lie had already driven off.

1009 Are you afraid of death, ning Qing (1:

Ning Qing watched as the man's car gradually sped up and he was getting higher and higher, and she could not help but feel afraid.

Lou Chi was still frivolous. Even when he heard the police sirens coming from the foot of the mountain, his expression did not change at all.

Ning Qing suppressed her fear and wanted to fight for it one last time.

"Did you hear that?" she said.

The man glanced sideways.

the police are here. They said that Nian lie already knows that you kidnapped me. He might be behind us now.

Lou Chi gave a fake smile. so? "

"Why do you hate me so much?"

He hated her so much that he wanted her dead.

Lou Chi gave a strange smile. didn't you already know? " he answered her question.

Ning Qing took a deep breath. The blood on her face had dried up, giving her the illusion that her face was stiff.

She tried to relax. ran ran, is it really because of Lou qingyue? "

He gave her a dark and unclear look.

"Then, since you're dragging me down with you, can you tell me who you are?" she asked.

"....."

"You don't want to die with me for no reason."

Lou Chi was in a daze for a moment. Who was he?

All these years, ever since he was brought back to the Lou family by Lou si, on the surface, he said that he was her adopted son. However, in reality, the things he did for her and for Lou qingyue were all shady and unspeakable acts.

Adopted son? Younger brother?

No, of course he wasn't.

At most, he could only be regarded as a tool for the two women to cultivate.

But so what?

He had never felt that he wasn't, nor did he feel that he shouldn't do these murderous things.

Perhaps it was because he was bloodthirsty and vicious in his bones. He liked to do these things and like to see people in pain, struggle, and shed blood and tears.

There was no lack of seriousness in his coldness. if I die with you, it means that I have completed my mission. As for who I am, my surname is Lou. Who do you think I am? "

Ning Qing's expression froze. His surname was Lou, so he was an immediate family member of the Lou family?

Then, their relationship ...

Ning Qing did not want to think too much about it. She had said that no matter what, she would never be proud of her relationship with that family.

"....."

The car window rolled down, and ning Qing turned to look out the window.

At that moment, the speed of the car suddenly increased.

It was so fast that she couldn't see clearly.

Ning Qing knew that she was getting closer and closer to death.

"....."

When they reached the peak, there was a road that connected to the other end, but there was no sign of anyone or a car.

The angle and inertia of the seat reminded ning Qing that the car was going down the hill.

He should have slowed down, but the man slowly stepped on the accelerator.

"Are you afraid of death?"

Lou Chi asked her with a crazed joy on his face.

All the bones in ning Qing's body were trembling, and every cell was resisting the smell of death.

She shook her head, and the last trace of blood faded away. She was as pale as an empty shell without a soul.

“Haha, so beautiful.”

Lou Chi started to laugh like a madman. Ning Qing watched as the speed exceeded 80,100!

your life is yours! she cried, her whole body pressed against the seat. don't you care if you give up your life to work for her?!

Lou Chi stared at the road ahead, his face red and his eyes even more exaggerated.

There was a huge circular turn there, and below it was a deep abyss.

He didn't know if he was going to die, but her words actually touched his dying heart a little.

Sharp short hair, haughty eyes, a beautiful face that was aggressive, a never-seen-smile expression when she spoke, and that seductive hot body.

### [Chapter 1010](#)

1010 Sister, don't die (1:

He loved her, and he had always known it.

As her "younger brother," he should do his part, but he liked that forbidden perverted pleasure. Even if it was shameful and lowly, he was still fascinated by her as if he was drinking poison to quench his thirst!

Was it worth it to sacrifice his life for that woman?

He did not know.

All he wanted was to use his life to leave a black mark in her long life.

Even though he knew that the heartless woman had never loved him.

This was the last thing he would do for her with his life.

The man's expression cracked slightly. Ning Qing thought it would work and was about to continue persuading him, but the scene in front of her made her lose control.

“.....”

Everything seemed to be in slow motion. The man's crazed death was frozen in his laughter, and ning Qing's scream was lost.

The front of the car hit a solid fence, and countless building fragments were shattered and sent flying.

At that moment, ning Qing's mind went blank.

However, in the next second, something became louder.

She clutched her stomach tightly and closed her eyes, her tears falling.

“Bang!”

The sound of the collision was deafening.

Ning Qing felt as if her internal organs had been flipped out, and the pain was overwhelming.

Something wet was flowing down from the corner of her eyes.

“Uh, hehe.”

Her vision was sometimes clear and sometimes blurry.

She was stuck in the leather bag and saw Lou Chi lying on the steering wheel, breathless, his head bleeding.

He slowly looked up and past the window. The other car’s window was broken and stuck close to their car at a strange angle. The front of the car had been scrapped and could not be seen.

“.....”

Ning Qing’s vision was blurry, but the woman lying on the car seat had triggered her nerves!

“Sister, Sister!”

It was ning su.

Ning Qing was so anxious that she wanted to get out, but the car door was stuck. There was a cliff beside her, and she couldn’t push it open.

However, looking at ning su, whose life and death was uncertain, her tears kept falling.

“Didn’t you leave? didn’t you want to go back? why did you come? Why, cough cough cough cough cough cough!”

As the dust entered her lungs, ning Qing coughed non-stop, completely unaware that her mouth was full of blood.

“Sister, Sister, Sister, no! Don’t die! I don’t want you to die!”

She muttered these words unconsciously, and suddenly touched a corner of her mind.

The intense pain spread, and she let out a heart-wrenching cry. Then, her eyes closed and she fainted.

“Ning Qing!”

Was it Xuanji and Nian lie?

Save me, save the child, save my sister.

With a furious roar, she was in so much pain that she lost her voice. She mumbled some inexplicable words and completely lost consciousness.

Nian lie braked and stumbled out of the car. He looked at the two cars that had crashed into each other, his eyes filled with desolation and fear.

“Ah ning! Ah ning! Ah ning!”

He ran to the car and first saw ning su, whose head was covered in blood. He squeezed through the gap between the two cars and pushed away Lou Chi, who was already dead. Only then did he see ning Qing, who was not sure if she was Dead or Alive.

Nian Ying's eyes were red from the pain. ning, don't be afraid. I'm here. I'm here to save you. You'll be fine. Be good.

He reached out his bloodied hand to grab her, but he was too far away. He froze there, his hand grabbing in the air as if he was trying to force something to stay.

When Lu Zhui and the others arrived, they only saw a bloody and strange scene that they had never seen before.

The two cars could no longer be considered complete. One of them had its front broken into pieces, and it was obvious that she had come from the other direction. In order to stop the other car from rushing down, she had no choice but to use a crash to block it.

Looking at the friction on the ground and the length of the tires, she stepped on the gas pedal to the limit and slammed the car back onto the cliff.

The people in the driver's seats of both sides suffered the most intense impact.

save him! Lu Zhui trembled and shouted, " save him!
