[Chapter 1031](#)

1031 I can marry her: 1:

A shout pulled him back from his thoughts.

Then, ning Qing rushed over and threw herself into his arms, crying and shaking her head. Don't be like this! You'll go to jail for killing someone, don't be like this!!!"

Mr. Ning looked at his daughter in his arms and cried. He hugged her tightly. Qingqing, I'm so useless! Daddy didn't kill this animal Yingluo!"

Ning Qing shook her head, her face full of tears. don't kill his father. It's not worth it. It's not worth sacrificing yourself for this kind of person! I need you, mom needs you, and sister needs you!"

Father ning broke down. He hugged his daughter tightly and cried in grief.

Ning SU's mother had come out when she heard the commotion. She stood beside ning su and cried non-stop.

"....."

Nian lie fell to the ground with his back facing her. He was extremely stiff.

From the moment her voice rang out, he couldn't control himself.

He did not want her to see him in such a sorry state.

As Nian Ying thought about this, he propped himself up with both hands, the wound on his palm sharp with pain.

He didn't know what was going on. He tried his best to move his body and covered the wound on his stomach. He leaned against the wall and tried his best to breathe.

But before he could recover, a slap landed on his face.

"You animal!: Mother ning cursed. You've harmed our family and you still dare to come here!"

She grabbed and scratched the man's face, pushing and hitting his chest.

Seeing Nian lie's pained expression, ning su quickly stopped him.

"Mom, stop hitting me! If we kill him, what will happen to our family?"

Mrs. Ning suddenly came to her senses and stepped back. She seemed to be talking to herself. I was right to tell Qianqian. It's not worth it to kill you. You should be punished. Call the police, I want to call the police!

She panicked and tried to find her phone.

When Nian lie heard the word 'police', he frowned. you can't call the police!

Mother ning stopped in her tracks and turned around with even more hatred. can't take revenge? Why can't I? A beast like you must be punished!"

Nian lie pressed down on his stomach and endured the inhuman pain. He stood up with the support of the wall.

"Do not call the police," he repeated.

His father would know.

Hearing this tone, ning su was sad and resentful. what right do you have to stop us from calling the police?!

Nian lie was panting heavily. The blood and sweat on his face were mixed together, causing his expression to be extremely twisted.

"I'm not saying that you can't sign up, but it's useless even if you sign up."

"....."

"It won't do you any good to call the police."

Ning su clenched his fists. you-"

At this moment, ning Qing stood up.

"What did you just say?"

The moment she spoke, everyone fell silent.

Ning Qing looked at the man who was covered in blood. She had to use all her willpower to restrain the hatred and fear in her eyes.

Nian lie was pricked by the look in her eyes and hurriedly averted his gaze. I said, it's not good for you to do that. My status is special, and my family will not let such a thing happen to me.

It was supposed to be an explanation, but it was hard to accept.

Ning Qing's little face was extremely cold, and her eyes were like daggers. do you mean that you don't even want to accept the punishment for what you did to me? "

"No!"

Nian lie turned around abruptly. When his eyes met her dark ones, he lowered them again.

I'm saying that it was my fault that day. I'm willing to accept the punishment, but you can't call the police. Qianqian, my family won't allow me to go to jail. Even if I wanted to, it's impossible. So, it's useless to call the police.

He spent a Herculean effort and finally fully expressed his meaning.

But how could the ning family accept this?

if the law can't punish you, then I don't have to hesitate. I'll just kill you and get rid of the evil for the people! father ning said viciously.

However, ning Qing stopped her father, preventing him from doing anything stupid.

Nian Jin looked at the family, and his gaze finally fell on ning Qing's pale side profile.

I can marry her! his breathing was rapid, and there was a sense of urgency that he didn't understand. Without thinking, he blurted out, " I can marry her!

[Chapter 1032](#)

1032 Hurry up and get lost (1:

As soon as he said this, everyone stopped.

"....."

Nian lie's dark eyes were deep. you think that I've offended her and left a stain on her future life. I've also left a shadow in her heart. However, this situation can be saved. For example, if Qianqian asks me to marry her, I'm willing to make it up to her in the future!

Mr. Ning was so angry that he straightened his back. you little rascal, it's not enough that you've bullied our family. Now you want to marry my daughter! What are you daydreaming about!"

As he spoke, he was about to pick up the knife on the ground. I think you've eaten a bear's heart and a leopard's gall. I'd rather kill you!

Ning su stopped him and said, " dad, dad, Zhenzhen, calm down.

Nian Yu furrowed his brows. I'm serious!

"....."

"This is the best way!"

He could make up for the damage he had caused to his family, and he didn't need to go to jail.

The only difficulty was his parents.

However, Nian lie couldn't think too much about it now. He was in a rather impulsive mood.

"You still think you're in the right!"

Father ning pushed ning su, who was in front of him, away and was about to hit him.

Ning Qing reached out her hand. dad.

She shook her head. Father ning looked at her red eyes and suppressed his anger.

"....."

Nian lie mustered his courage and tried his best to straighten his back. He didn't know why he didn't want to look so pathetic in front of her.

After hesitating for a while, he looked into her eyes.

Ning Qing's eyes were filled with coldness. you don't allow me to call the police or accept punishment. Then what are you doing here? " she asked. To humiliate our family?"

Nian lie narrowed his eyes. Sweat and blood flowed into his eyes, causing them to sting slightly.

He blinked several times. I was wrong. I'm here to admit my mistake, and I want to get your forgiveness.

"Forgive?"

The young girl's voice trembled.

you took my innocence so easily and disappeared after that. When I finally saw what was in front of me, you appeared again, and now you're telling me to forgive you? "

Nian lie's entire body was weak, and his limbs were numb from the pain. Huahua, I had no choice. It's not that I don't want to take responsibility.

"I don't need you to take responsibility!"

"I was drugged that night!" Nian lie explained urgently. I don't know why you were sent to my room, I Yingluo."

The young girl gritted her teeth, her whole body shaking. shut up! Don't mention that night!"

Nian lie was shocked and immediately shut his mouth.

Ning Qing could no longer hide her breakdown. She pointed at the door, so excited that her eyes were full of tears.

"Get out of here! I don't want to see you!"

"....."

"Don't say that you have to take responsibility for me, and don't explain anything to me. I don't need it! From now on, don't come back. I'll take it as if I was bitten by a dog!"

Nian lie's heart jolted. A throbbing pain filled his chest, though he wasn't sure if it was because of his injury or because of what she had said.

Ning Qing was so excited that ning su held her, afraid that she would lose control of her emotions again.

Mother ning also came over and yelled at Nian lie, "What are you looking at?" Hurry up and get lost!"

"....."

Nian lie's pale lips trembled. He still wanted to say something, but when he saw ning Qing lose control, he stopped.

With great effort, he squatted down and grabbed the bead that had fallen to the ground with his blood-stained hand.

He had let go of Ning Xi's hand when her father had attacked her.

Fortunately, he didn't lose it.

Nian Yu clenched his fists and bit his lower jaw. He staggered a little before he could stand up straight.

"Uncle, Auntie, please take good care of Qianqian. I'll come back tomorrow," he said.

At this moment, no one cared about him.

Nian lie didn't ask for trouble. After he finished speaking, he held onto the wall, opened the door, and left.

[Chapter 1033](#)

1033 A shameless thing (1:

Qingqing, let's not cry anymore. He's gone. Mother ning wiped her tears away as she advised ning Qing.

Ning Qing covered her eyes and calmed herself down with the comfort of the crowd.

"I'm sorry, Mom and dad. I'm useless." The first thing ning Qing said after she calmed down was an apology.

Mother ning's heart ached. silly child, what are you saying? You didn't do anything wrong. It's that bastard who's in the wrong."

At least he still had some conscience and knew to admit it.

However, after confessing, he actually didn't allow them to call the police, and even said so righteously that he didn't call the police?

Ning Qing's mother lost her temper again. that dog! You really think my ning family is a soft persimmon that can be easily pinched!"

"....."

Ning Qing leaned into her arms and did not say a word.

"Alright, don't say anymore." have a good rest. Don't get angry over this scum, " father ning said.

Just like that, the matter of Nian lie's visit was brushed off by the ning family and never mentioned again.

Naturally, no one took his words to heart.

However, three days later, he appeared again and broke the ning family's disguised peace.

*

"I'm here to deliver something. I saw that she wasn't in good health, so I got someone to buy some tonics and medicine."

Nian lie stood in front of the ning family's door. This time, he couldn't even enter.

Mother ning glared at him. who wants your things!

“No, Auntie, I just miss Yingluo.”

Before he could finish his sentence, Mr. Ning stuck his head out of the door and said, “Qingqing said that she doesn’t want to see you. The same goes for our family. Don’t come and find trouble with us again. Leave now!”

“I’m Yingying!”

The door was slammed shut with a bang, showing how furious that person was.

Nian lie lowered his head and looked at the things in his hands. He felt disappointed for no reason.

At the bottom of the stairs, his subordinate was standing guard. young master, old master will reach the company in ten minutes. You should go back.

“.....”

Nian Ying pursed his lips and took a long look at the tightly shut door. He left his things at the door and left.

In the room, ning su had just coaxed ning Qing to sleep. He came out quietly and saw the angry faces of father and mother ning. She asked tentatively, “is he here again?”

that shameless man! Mrs. Ning was furious. he shouldn’t have stopped your father that day!

Just stab him to death!

Ning su blinked and said, “mom, don’t be angry.

Mrs ning took a deep breath and said, “I’m not angry, Hansu. Don’t tell your sister about him.

Ning su nodded obediently and looked at the closed door thoughtfully.

In the room.

The bed where the person had been lying on was empty.

In front of the desk, ning Qing sat on the edge of the table and stretched her neck slightly. She watched as one person walked out and two people walked out.

When the man’s tall figure was far away and he got into the car at the entrance of the community, she lowered her eyes, neither sad nor happy.

*

The man, who had been beaten half to death, never gave up.

From that day on, he would come to the ning family every day.

It was just that he had been bombarded too many times, so he just waited downstairs.

The position he was waiting for was right below ning Qing’s room, as if he wanted her to see his determination to atone for his sins.

“.....”

Actually, Nian lie didn't mean that.

The reason why he had waited downstairs was that he was afraid that the ning family's parents would be unhappy to see him, and that he could see ning Qing's room from that position.

Although she had never looked at him, he selfishly felt that he was closer to her by standing there.

And this wait lasted for a month.

One evening, mother ning looked at the man outside the window. When she turned back to look at the time, it was already ten O'clock.

[Chapter 1034](#)

1034 Women are soft-hearted easily (1:

He had been standing there for four hours today.

Mother ning was a little upset, while father ning came in after taking a shower and Saw Her Standing There. It was obvious what she was doing.

He dried his short and thick hair. what are you standing there for? aren't you going to rest? "

Mother ning glanced at him and slowly walked to the bedside. what do you think this person means? "

"What do you mean?" Mr. Ning asked while holding the hairdryer.

Mother ning glared at him. that person downstairs has been here for a month. He comes here every day and every time he comes, it's for a few hours. What does he mean? " If we ignore him, does he want to stand there forever?"

As a woman, Ning Xi's mother placed great importance on her chastity.

Besides, she and father ning had treated ning Qing and ning su as their own daughters, so of course they would be distressed and angry when something like that happened.

However, women were women.

That guy looked young, only in his early 20s. She had made a mistake, and it was too late to admit it, but she had admitted it anyway and said that she would marry her daughter.

Whether she would marry him or not was another matter, and whether they agreed to it was another matter.

However, in the current society, there were too few men who were brave enough to take responsibility. He was so insistent on protecting his family, so it was obvious that he was apologizing.

Even if she had a heart of stone, no matter how much hatred she had, it would have been worn out.

"....."

Father ning hesitated and did not say anything.

Ning Xi's mother sat down beside him, and he turned on the hair dryer.

Taking advantage of the buzzing, Mrs. Ning furrowed her brows and said, " he's really cruel to himself just to get his forgiveness. It was sunny for the first half of the month, but he stood there like he didn't know how hot it was. He didn't leave last night, and I remember it even rained heavily last night.

Who knew that he would come again tonight?

This man must be doing this on purpose!

He wanted her to sympathize with him!

Mrs ning was infuriated at the thought of it. he did such a terrible thing and shamelessly forbade us from calling the police. Now, he still has the nerve to guard the building every day. He's really shameless and invincible.

"....."

"That face looks like a gigolo, and he's even in a privileged class. Are you trying to say that the ning family can't Sue him? How infuriating, you have the nerve to say you want to marry my daughter? I'll spit!"

The hairdryer suddenly turned off, and she shut her mouth at the right time.

what are you blabbering about?" Mr. Ning asked with a frown.

Mother ning's mouth twitched. Zhenzhen didn't say anything. She just said that The Boy Downstairs was shameless.

"....."

Father ning stared at her, his eyes filled with speechlessness.

what's with that look?" Mrs ning was displeased.

"Hmph, women are so soft-hearted,": father ning snorted:

"You heard me? Fine, you can pretend you didn't hear me!"

Mother ning flew into a rage out of embarrassment while father ning wrapped the hair dryer's thread around her.

I'm not you, and our daughter isn't you. Just look at him and pity that bastard.

Mother ning felt a little guilty. when did I sympathize with him?" I just feel that even though this person did something wrong, he's not a bad person!"

"....."

Father ning sneered and put the hairdryer back into the drawer. He lay down on the bed and ignored her.

Coincidentally, the wind was blowing outside the window.

It started to rain very quickly.

“It’s raining!”

Mother ning subconsciously walked to the window. As expected, he hadn’t left!

She looked at the bed, but father ning didn’t say anything.

“.....”

The midsummer rain was so unexpected that it turned into a heavy downpour in an instant.

Hearing the wind, mother ning knew that her heart had softened. Thinking of ning Qing in the room next door, she hardened her heart, turned back to the bed, covered herself with the quilt, and went to sleep.

[Chapter 1035](#)

1035 That person Yingluo is still downstairs _1

In the room next door, a table lamp was on.

After taking a shower, ning su entered the room and saw ning Qing sitting at the desk.

“Qing ‘er, why don’t you get on the bed?” she asked softly after she closed the door.

Ning Qing pressed the diary under her hand, as if she had entered a trance.

Ning su walked over and found her in a daze. She had already seen her write in the diary several times.

Ning su stuck his head out. writing in your diary again? ”

Ning Qing woke up with a start, her eyes wet. sister Zhenzhen.

“What?”

Ning Qing tilted her head. nothing.

Ning su loosened the hairband and sat on the edge of the bed with her long hair hanging down. what’s wrong? do you have something on your mind? ”

: It’s raining outside: : Ning Qing’s brows furrowed. She bit her lip and said:

Ning su took a look at the glass window. Mottled water dripped on the window like human tears.

She nodded and said, ” I know.

She had heard it when she was in the shower.

Ning Qing looked at her carefully and then looked away.

Ning su noticed and felt that something was wrong with her.

She looked at ning Qing seriously and said, ” tell your sister what you’re thinking. I won’t tell dad and mom, but Qing ‘er, you can’t keep everything in your heart. You’ll get sick if you keep it in.

“I’m not holding it in, ran ran. I’m writing in my diary,” ning Qing said softly with her head lowered.

Ning su was still worried. it's a good thing to keep a diary, but after you write it down, only you can read it. No one else knows what you're thinking, including me.

"....."

"Qing 'er, what's the matter that I can't know?"

"....."

"You're afraid I'll lie to you? Will you tell others about this?"

"No!" Ning Qing denied it loudly, but then her voice weakened.

She found it difficult to speak, but she still encouraged herself to speak. I don't know what's wrong with me. I just thought that it was raining outside and that person, Hanhan, was still downstairs.

Ning su was stunned.

What she didn't expect was that the man downstairs was the one who made her so conflicted.

Ning Qing saw that she was silent and was at a loss. sister, I've forgiven him. I hate him. I hate him for ruining my future and making me lose hope in love. But Hanhan is Hanhan.

She knew that he had been waiting downstairs for the past few days.

She should hate him.

However, she didn't know what she was thinking. She actually had sympathy for such a man!

Ning su saw that she was so flustered that she couldn't breathe and hurriedly held her hand. it's okay, it's okay. I know what you mean.

Ning Qing stopped and looked at her carefully.

our Qing 'er has been kind since she was young. He has wronged you. It's one thing for you to hate him, but it's another thing to sympathize with him. Don't feel burdened. You're not in the wrong. Don't panic, okay? "

Ning Qing's eyes slowly calmed down and she nodded gently.

She didn't know what was right and what was wrong.

Ning su said to her seriously, " I don't support you to hate him, because hatred can make a person unfortunate and make it difficult for you to be happy. But I know it's impossible for you to forgive him. No one can forgive Hanhan, so Qing 'er, just pretend that he doesn't exist and don't care about him deliberately. No matter what he does, just turn a blind eye.

"....."

my parents and I just want you to be happy and go back to how you were before.

Ning Qing was very touched. sister Yingluo.

Ning su touched the side of her face and said gently, " come, it's time to sleep.

She was no longer hesitant, so she closed the diary and climbed into bed, shrinking into ning SU's arms.

Ning su hugged her. go to sleep. Good night.

"Good night," she said.

[Chapter 1036](#)

1036 He has already left (1:

The lamp went out, and the last bit of light in the room disappeared.

Downstairs, Nian lie stood there and looked at the room with its lights turned off. His dark eyes were shockingly bright.

His whole body was soaked, his sleeves and hair were dripping with water, and the wounds on his body were also throbbing with pain because of the cold.

One of his men walked over and covered him with an umbrella.

"Young master, you haven't fully recovered from your injuries. You should go back first."

The man pursed his lips and didn't say a word. His deep and dark eyes were fixed on the window in the sky.

The subordinate advised again, "you've been out too many times recently. The old master has already noticed. In order to avoid being discovered, young master, you should go back today. You can come back in two days.

The raindrops fell on his long eyelashes, slid down his eyelids, and into his eyes.

Nian lie's vision was a little blurry, and his lips had turned blue from the cold.

"Let's go," he said after a while.

His men followed him, and the two disappeared into the dark neighborhood.

*

The next day, ning Qing woke up very late.

She had gone to bed early last night, but she kept having the same dream, which was the scene from that night.

She cried and screamed in her dream and did not sleep well the entire night.

When she woke up again, the sun was already high up in the sky.

She was a little confused. She got out of bed uncontrollably and walked to the window.

The garden below was wet, and there were shallow puddles of water on the ground. Light and shadow flickered, dazzling and resplendent.

"....."

She stared at the empty space and heaved a sigh of relief.

“Qing ‘er, you’re awake?”

Ning SU’s voice was heard, and then he pushed the door open and entered.

Ning Qing turned her head and saw ning su putting down the breakfast in his hand. He frowned and looked at her feet. why aren’t you wearing any shoes? ” he reprimanded her.

Zhenzhen. ning Qing didn’t know how to explain. She couldn’t say that she had forgotten.

She walked over slowly and put on her shoes.

Ning su saw that she was out of her mind. He stared at the window again and said directly, ” he has already left.

“I wasn’t looking at him.” Ning Qing was stunned for a moment. She held her chopsticks and said.

Ning SU’s eyes were calm and so gentle that it was impossible to lie.

For some reason, ning Qing’s heart was upset, and her temper rose.

She pulled a long face. I’m not looking at him, and I don’t care about him!

“.....”

Her behavior was strange, but ning su felt it was familiar.

As for how she felt familiar, she couldn’t tell.

Afraid that she would push her further, she could only nod and say, ” I didn’t say anything. Hurry up and eat. Mommy made your favorite food.

Ning Qing nodded and ate the porridge like an obedient squirrel.

In the afternoon, father ning returned home from work. He saw Nian lie downstairs again.

He still remembered the sound of the rain last night and could not help frowning.

Nian lie had just steadied himself, and his body was a little unsteady. He even covered his mouth and coughed twice.

Then, he saw father ning, who had stopped in his tracks.

He showed a humble smile. He didn’t know what to say, so he just nodded.

“.....”

Father ning pursed his lips and walked to the stairs.

As Nian lie listened to the footsteps disappear, he couldn’t hold back his coughing. He started coughing like crazy, as if he was going to cough his lungs out.

His subordinate hurriedly brought medicine and water over. Nian lie’s handsome face was red from coughing, and he looked terrible.

"If you're not feeling well, you shouldn't have come today," the subordinate advised.

She was still running a fever, and even if she came, she wouldn't be able to change those people's expressions.

Nian lie took the water and drank two sips. After he soothed his nerves, he said, "it's nothing.

"Hey, you should take your medicine while you're at it,"

"No need,"

Nian Xi blocked him, allowing him to move to the side and continue to stand under the sun.

[Chapter 1037](#)

1037 A little compassion (1)

The ning family.

it's time for dinner, " said mother ning as soon as her father walked in. it's just nice that you're back.

Father ning paused. Where Are the Children? "

"He's in the room," "My babies, it's time to eat!" Mrs. Ning turned around and shouted into the room.

After a while, ning Qing and ning su came out.

Sitting at the dining table, father ning looked at them and hesitated.

They had been married for many years, so mother ning knew that he had something to say.

"Say it, why are you hemming and hawing?"

Father ning still didn't say anything, but he looked very distressed.

Mother ning understood what she meant and her tone became a little more indifferent. he's here again? "

Father ning glanced at ning Qing, silently agreeing.

Mother ning also looked at ning Qing and found that she didn't have much of a reaction. She said angrily, " this person is really sick in the head. She's guarding her every day. I'm so annoyed just by looking at her.

She ladled a bowl of pork rib soup for ning Qing. let's pretend we don't see it. Out of sight, out of mind.

Let's see how long he can hold on.

"....."

Ning Qing's eyelashes fluttered as she took the bowl of soup and took a sip.

the problem is that he can't do anything about it. Everyone in the neighborhood knows that there's a man like him guarding our house. What are we going to do if word gets out? "

why don't you go and tell him to move away and not come back again?" said Mrs. Ning, who agreed with her.

do you think it'll work?" Mr. Ning asked.

Ning Qing's mother's eyes flickered, and she also looked distressed.

Ning su watched the interaction between the two and glanced sideways at ning Qing.

She was well-behaved, her side profile was fair, and she had no expression at all. She only lowered her head and drank the soup.

"....."

Sensing ning SU's gaze, ning Qing could no longer pretend not to hear.

"Dad, mom."

The two of them looked over.

She licked her lips and said, "let's eat. The food will get cold soon."

"....."

Since their daughter's attitude was like this, the two of them could not say anything more.

let's eat, let's eat," mother ning said. who cares what he does? even if he dies downstairs, it's none of our business.

"....."

Ning Qingxin's mouth twitched, and her brows furrowed slightly.

The family finished their lunch in a strange atmosphere.

Mother ning was cleaning up the kitchen, and ning su was helping out. Ning Qing sat alone in the living room for a while.

Mr. Ning came out of the office with his bag. When he passed by the sofa, he patted her head and said affectionately, "daddy is going to work. Be good and rest for a while. Tomorrow, we'll go shopping with mom and sister and buy some things for you two to use for school."

Ning Qing was in a daze.

She had almost forgotten that she and ning su would be going to university in a week.

"I know, you can go now. Be careful on the road."

Father ning nodded with a smile and left.

She sat on the sofa in boredom, thinking about something. She glanced at the kitchen and went back to her room.

The beige curtains were pulled open, and the glaring and warm sunlight shone through the glass and into the room.

“.....”

Ning Qing pursed her lips, her heart clenched.

She didn't want to admit that she just wanted to see if he would come.

She didn't care.

It had rained so heavily last night, and he had come again today.

It was her mother who had said that it was none of their business if he died.

That's right.

She just wanted to take a look.

After convincing herself, ning Qing walked to the window, put her hand on the windowsill, and carefully peeked out.

“.....”

However, the man who had always been standing did not stand there.

Ning Qing leaned forward a little more and suddenly found that his long body had fallen to the ground. His eyes were closed, like a tree whose back had been bent.

...

Her mind buzzed and her lips trembled. She couldn't control her legs and she ran out of the door and downstairs.

[Chapter 1038](#)

1038 The second time: was alone with him (1:

Father ning walked down the stairs. As soon as he stepped out of the door, he felt a gust of wind.

When he took a closer look, it was ning Qing!

Ning Qing didn't know why she was so anxious. By the time she reacted, she had already hugged the man's body and anxiously patted his face. hey, what's wrong? " You!!!"

The unusual temperature on the man's face shocked her.

"Do you have a fever?"

He still came here with a fever, did he not want to live?

Ning Qing's heart was trembling now, and she didn't know what to do.

"Qingqing, what's wrong with Zhenzhen?"

Father ning's voice came from behind.

Ning Qing felt like she had met her Savior. father, please help him. He's having a fever! He's fainted from the fever!"

Father ning put on a serious face and tested the temperature on Nian lie's forehead. It was indeed ridiculously high.

He thought for a moment and bent down. come, help him up and put him on my back.

Ning Qing was stunned for a moment, but she immediately did as she was told.

The two of them carried Nian lie home and placed him in the guest bedroom.

Ning su and mother ning were so surprised that they couldn't close their mouths when they saw the two of them carrying Nian lie back.

"Prepare some hot water, as well as some fever and cold medicine," father ning ordered.

Ning Meng did as she was told. Father ning fed the medicine to Nian lie, but he was so ill that he didn't even open his mouth.

They had no choice but to crush the medicine again and pour it into his mouth with hot water.

"....."

After all this was done, the atmosphere in the family became even more unpredictable.

Mother ning looked at the man on the bed, then at her father and sister. what are you two doing? "

Mr. Ning wiped his forehead. He was exhausted from carrying Nian lie on his back just now.

Seeing that ning Qing was silent, he took the initiative to continue. she fainted. I think she was caught in the rain last night and fell sick.

"You're still here when you're sick, are you trying to use the ruse of injuring yourself?"

After mother ning said this, the entire room became even more strange.

She tactfully shut her mouth.

The few of them stayed by Nian lie's side, and the atmosphere became weirder and weirder.

Ning Qing couldn't hold on any longer. She said to them, " you guys go ahead. Dad, don't you still have to work? "

Father ning was in a daze. Oh, right, work.

He wanted to leave, but Ning Xi's mother was not happy. what work? you Chenchen!

Father ning shot her a look and she stopped talking.

"Why do you worry so much every day? Isn't it time for you to take an afternoon nap?"

How could mother ning not understand what father ning meant?

Her expression was ugly. Hansu, come out with me.

Ning su was baffled. mom, I want to be with Qing 'er.

"Why should I accompany her? Come here, I have something to ask you."

Ning su looked at ning Qing helplessly and worriedly.

Ning Qing was also a little hesitant. She lowered her head and kept quiet with a straight face.

Ning su touched her head. call me if you need anything.

"Alright," he said.

Mother ning and ning su had left, leaving father ning behind.

"Qingqing, you're teasing him ..." Father ning hesitated and said carefully.

Ning Qing's eyes looked over. Faced with such clear eyes, father ning could not continue.

"Father, I only saw him faint," ning Qing said.

"....."

She took a deep breath and said, " go ahead. I'll keep an eye on him.

If possible, she wanted to talk to him.

Father ning nodded immediately. alright, be careful, ran ran.

Ning Qing understood.

After father ning left, she felt a little uncomfortable.

This was the second time she was alone with him.

To be honest, she had never liked to get along with the opposite sex when she was in school. Even though there were many boys who liked her and pursued her and ning su, she didn't like it and never had any ambiguous relationships with others.

...

1039 She knows nothing about love (1:

She knew nothing about love.

He had also placed all his hopes on after university.

But who knew that she would meet that accident? she met him and he became her first man.

"....."

She looked at the familiar handsome face that overlapped with the figure in her dream.

The fear and depression came back to her, forcing ning Qing's back to stiffen.

She took a few steps back until she felt safe. She sat on the chair, hugged her legs, and stared at him.

*

Time passed very slowly, but also very quickly.

“Uh ...”

Ning Qing had been in a daze the whole time. The moment she heard the man’s muffled groan, she jumped up from her chair like a startled rabbit.

Nian lie was still in a daze. He was mumbling something in his dry mouth.

Ning Qing hesitated for a while before she mustered her courage to approach him.

“Water Qianqian.”

She rushed out and poured a glass of hot water. She came to him and handed him the glass.

“There’s water here,” she said softly without him opening his eyes.

There was no movement.

What did that mean? Did he not wake up?

Ning Qing struggled for a long time and clenched her fists, fighting with herself.

In the end, she loosened her shoulders and walked to him. She carefully lifted his head and put the glass of water close to him. Her voice was a little stiff as she said, “ here’s the water. Open your mouth.

She had not expected him to hear her when she reminded him.

However, the man seemed to be conscious and swallowed the cup of hot water in a few gulps.

Because of the rush, the water flowed down the side of his face and disappeared in his bony Adam’s apple.

“.....”

Ning Qing’s eyes stung. She hurriedly put him down and stood aside.

In his muddled state, Nian Xi smelled a familiar scent.

It was very comfortable and sweet.

As he thought of this, his dark eyes were drowsy, but he still opened them.

In this completely unfamiliar environment, he was extremely alert. He sat up and looked around warily.

The young girl’s figure came into view, and he was stunned. why are you here? ”

“This is my home. Why do you think I’m here?” ning Qing was afraid and forced herself to say.

Nian lie seemed to have recalled something. He was standing downstairs, feeling light-headed and listless. Then, he fell down.

He could not remember what happened after that.

you have a fever. It's a very serious fever, so you fainted.

The female voice was soft and trembling.

Nian lie's eyes looked over, and ning Qing trembled.

His voice was a little hoarse. Yingluo, did you bring me up? "

His uncertainty made ning Qing tremble again.

She subconsciously retorted, "it wasn't me!" It's my dad!"

"....."

"My dad saw that you fainted and was afraid that others would gossip. He didn't know who you were, so he could only bring you back."

Nian Xi licked his lips. They were a little dry and his head was heavy, but he was much better than before.

After listening to her explanation, he was silent for two seconds. His eyes were deep. my surname is Nian, and my name is lie.

Ning Qing was obviously stunned again.

"The word" cold "means" cold.""

Ning Qing turned her head away. What was wrong with this man? she didn't want to know his name.

Nian Xi looked around the room. He suddenly wanted to call out to her, but he remembered that he still didn't know her name even after so long.

He pursed his lips. what's your name? "

Ning Qing held her breath and clenched the glass of water in her hand. what does it have to do with you? "

Her hostility and rejection toward him were too strong. Nian lie didn't dare to force her.

"I just want to thank you."

He was grateful that she didn't leave him alone.

Even though he had done those things to her, no matter what the reason was, he was still a bastard.

...

However, she did not leave him to his own devices. If she was not wrong, she had just fed him water.

These words provoked ning Qing.

1040 What should: do if: don't answer?

Her face was cold, and her neck was hot. She was not only annoyed but also angry.

"I told you, I didn't bring you back! It's my dad Yingluo!"

Nian lie didn't mind her inexplicable persistence. thank your father on my behalf, then.

"....."

It was a very normal sentence. Her father was not here, so there was no problem for her to convey the message.

But no matter how ning Qing listened, she felt that something was wrong.

She thanked her father on his behalf, as if they were very close.

Ning Qing hated this feeling. my father doesn't need your gratitude. He only hopes that you won't do such things again. If he wasn't afraid that you'd cause trouble for my family, he wouldn't have cared about you.

Nian lie had slowly gotten used to her sharp attitude. He found her stubbornness to be rather adorable.

He nodded and said, " okay, I'll be more careful next time.

Next time?

Ning Qing was anxious. you're coming back again? "

Nian lie narrowed his eyes, his tone a little brash and unbridled. I can't come? "

"What are you doing here? I said I don't want to see you."

Nian lie rolled over and got out of bed. if you don't want to see me, why are you here guarding me? "

Ning Qing was at a loss for what to do with this man who had suddenly turned strong.

Her face was red and her heart was beating fast. my parents are out. My sister doesn't want to care about you. I'm staying to warn you! she said randomly.

Nian Xi strolled over to her. tell me.

He had already exceeded the distance that she thought was safe. Ning Qing trembled and pointed at him. you, step back!

Nian Jin frowned. Seeing that she was emotionally unstable, he turned around.

Ning Qing steadied her mind. I've thought about what happened that night.

"I won't Sue you: " she said:

He was a little surprised.

After all, their family's attitude was so firm before, so firm that it almost cost him his life.

Ning Qing did not want to look at his face. She could only look at a button on his chest and try to remain calm.

“Don’t think too much. I didn’t Sue you because I don’t want my parents to be sad again.”

She knew that the man in front of her was not an ordinary person.

The ning family was an ordinary family, and she couldn’t afford to offend them.

“If it was my personal opinion, I would have sued you until you were in prison! Even if I don’t, I’ll try my best to kill you!”

When she said this, her eyes were red and filled with tears.

Nian lie knew that her hatred was real.

Thus, his heart trembled and he felt extremely uncomfortable.

Ning Qing sniffled. but I can’t. Father and mother will be sad if they lose me, and you won’t get the punishment you deserve.

“.....”

I’ve thought about it. Since the truth can’t be changed, I can’t let my family and my future become worse.

She looked at Nian lie with a serious expression, as if she was talking to him about a deal.

so, Mr. Nian, on the condition that I don’t sue you, I want you to disappear from my family and my world from now on, and never appear again.

At that time, the young girl was so naive that she thought that if she said that she would not see him, the two of them would really disappear.

She had no idea how powerful the man and his family would be a few years later. Even when she walked on the street, she could see him in the business information rolling on the screen.

Nian Yu was silent for a long time. does Qianqian really hate me that much? ” he answered without asking.

Ning Qing glared at him. do you think I’d still like you otherwise? ”

This was ridiculous!

Nian lie fell silent again.

Ning Qing said coldly,“if you agree to my conditions, I promise that I will not threaten your life in the future. If you don’t agree to Qianqian,” she said.

“What should I do if I don’t answer?”
