

## Mr Nian 1161

### [Chapter 1161](#)

1161 Ning Zheng is awake \_1

Ning Qing touched the side of her face. is it that obvious? ”

Nian lie’s eyes darkened. yeah.

She smiled. I should be able to take a break after I’m done with this.

While she was managing her subordinates, she was also on guard against Lou qingyue. She also had to secretly look for evidence against Lou qingyue. The latter was mostly handled by Nian lie, but she didn’t stay idle.

“Do you want to go?” Nian lie suggested reluctantly as he looked at her exhausted face.

Ning Qing was stunned for a moment, and she subconsciously looked behind him.

Spring had passed and autumn had come. She had already spent a year in this Manor.

She glanced at his handsome face and said “okay” without thinking.

The servants behind her were dismissed, and she and Nian Chen took a leisurely walk in the garden.

“.....”

Ning Qing felt very comfortable and relaxed.

She had never felt so relaxed in the past year.

Every day, she was in the office, working on documents and meetings. She had to entertain clients and make decisions. She was so tense that it was scary.

Today, he could finally return everything to zero.

Nian lie lowered his head silently and looked at her feet. One was walking in front of the other, and his steps were light.

He pursed his lips. are you planning to visit your parents after you’re done? ”

of course, ” ning Qing said. I haven’t been with them for a long time. This time, Zhenzhen plans to spend more time with them.

“Youzi, you must have missed you a lot,” Nian lie said with a smile as he looked at her relaxed side profile.

At the mention of the child, ning Qing smiled warmly.

she’s a troublemaker all day long. Whenever my mother calls me, she’s always angry with her. She’s probably too noisy and doesn’t have time to think about me.

She called her child almost every day, but the child might not have been by her side since she was young and was not close to her. Especially in the past two days, he had been acting abnormally and did not want to see her at all.

“She’s still young. It’s time for her to cause trouble,” Nian lie said.

Ning Qing nodded and looked at him with a smile. thank you for your hard work. I don’t have time to go back, so I can only ask you for help.

Her unguarded smile was so charming that Nian Xi was mesmerized.

However, the next second, her request made him understand the situation he was in.

She was not close to him.

For example, in the past year, she had rarely talked to him about anything else other than work.

It was as if he was just one of her business partners, or perhaps, he was just youzi’s father.

Nian Ying’s eyes darkened. ah ning, Xuxu.

Ning Qing’s phone rang.

“Wait a moment,” she said apologetically.

She took out her phone from her pocket and showed it to him with a smile.

“It’s my mother.”

Then, she picked up the phone.

“Hello, mom.”

“Qing Qing!”

The voice on the other end was so excited that it was trembling.

Ning Qing sensed that something was wrong and clenched her phone tightly. what’s wrong, mom? ”  
What’s going on?”

Mother ning was so happy that she cried. Qingqing, your sister is awake!

Ning Qing’s mind went blank. what? You’re awake?”

When Nian lie heard this, he came to her. is Ning Yan awake? ”

The woman was so excited that her eyebrows twitched, and her eyes were filled with tears. yes, ran ran has woken up.

“This is a good thing.”

Ning Qing was overjoyed, touched, and a little bitter.

“She’s finally awake, Qianqian, Nian lie. My sister is finally awake!”

She couldn't care less about their relationship. Right now, she only wanted to share this joy with someone else. She hugged the man.

"I thought she wouldn't wake up, Yingluo, and I'd have to continue living in guilt for the rest of my life, but she still woke up! I knew she wouldn't be willing to sleep forever!"

## [Chapter 1162](#)

1162 Yan Sichen is here (1:

She was sobbing in joy, completely unaware that the man's body was as stiff as a piece of wood.

Nian lie's hands hung in mid-air, and his surprise disappeared in a flash.

He felt the woman's soft body in his arms, and his throat rolled.

"Ning, nothing is more important than her waking up."

Tears streamed down ning Qing's face. yes, I know.

Nian lie hesitated for two seconds before blurting out,"since ning Meng is awake, can you let go of Hanhan?"

Before she could say the word "past," his hand had not yet landed on her waist.

The woman in his arms suddenly jumped out and said excitedly,"I want to see her, now!"

"....."

"I'll get someone to prepare it."

Her happy expression had a little of her former innocence.

Nian lie stood rooted to the ground, his arms still in a half-hug position.

"....."

Ning Qing took a few steps and realized that he was not following her. She turned around to look.

The man awkwardly retracted his hand and coughed. He looked at her with his dark eyes. I'll go with you.

Ning Qing nodded.

\*

At the hospital of NATA.

The woman on the bed was extremely weak. She opened her misty eyes and looked at the group of people in front of the bed.

Ning Qing held ning SU's hand, feeling both sad and happy.

In the past year, she had been lying in bed. Even though she had been injected with nutrient fluids, she had become thinner and weaker than before.

She sobbed, "sister Wanwan."

Ning su, who had been sleeping for a year, was examined by the doctor as soon as he woke up, and he found out that he had been sleeping for a whole year.

She looked at ning Qing and held her hand tightly. Her breath was weak. it's good that you're fine, ran ran.

These were the words from her heart.

Tears fell from ning Qing's eyes. I'm fine. Everyone's fine. It's just that you slept for a long time.

Ning su narrowed his eyes and repeated, "it's good that you're fine."

Seeing that she was exhausted, mother ning wiped her tears and said softly, " the doctor said that she just woke up and is not very clear-headed yet. Her body gets tired easily. So, Qingqing, let's not talk about this for now. Let Hansu rest.

Ning Qing held ning SU's hand tightly, crying and laughing at the same time. sister, you should rest first. I'll stay here and watch over you. You can sleep without worry.

"....."

Ning su opened his mouth but couldn't say anything, so he could only nod.

The others left the ward, leaving only ning Qing and mother ning.

Nian lie was standing outside the door. Father ning was carrying youzi in his arms. Beside him was a man whom he had not seen in a long time.

Yan Sichen.

Yan Sichen was very generous. long time no see.

Nian Yu pursed his lips and didn't want to talk to him anymore. Yan Sichen didn't mind either.

father, let me carry her,"he said to father ning.

Then, he took the child back into his arms.

Youzi was holding a little yellow duck toy in her arms. daddy, it's a little yellow duck ~"

Her childish voice made the men's hearts soften.

Nian Yu looked at the unfamiliar toy gently. youzi, you bought a new toy.

she didn't want to buy it, " Mr. Ning interrupted. Si Chen bought it for her when he came.

Nian lie's Black eyes darkened as he looked at Yan Sichen.

Yan Sichen smiled gently. she's just a child. It's normal for her to like toys. I didn't know what to buy her, but I heard from Qingqing that she likes little yellow ducks, so I bought her a set.

Nian lie's face darkened. This meant that he had contacted ning Qing in private.

Why didn't he know about it?

When did they contact each other?

What did they talk about? Why are you talking about children?

Nian Ying was clearly older by a year, so he should be more mature.

However, he was now like a villain, guessing the relationship between Yan Sichen and ning Qing.

### [Chapter 1163](#)

1163 What did Yan Sichen do?

“.....”

Seeing that the situation was not right, father ning hurriedly tried to smooth things over.

The three of them sat down in the resting area. Nian lie placed youzi on a seat and sat down with her.

He persuaded himself not to care about Yan Sichen and turned to ASK FATHER ning, ”

dad, how did ning su wake up? ”

Father ning looked at Yan Sichen and said, ” there, Sichen went to the ward to check on her for a while and said a few words to her. She suddenly woke up.

Nian Xun rushed towards Yan Sichen. what have you done? ”

The other party's smile remained unchanged. I don't know what's going on either. I just told her about some things from when we were young. As we talked, I noticed that her fingers were moving a few times. At first, I thought that I was seeing things, but when she opened her mouth to call for help and her eyes were about to open, I knew that she was really about to wake up.

Nian lie's face was cold. and then? ”

then, I called the doctor and asked uncle ning and aunt ning to come over.

His words were said very smoothly, and there was nothing wrong with his tone.

Yan Sichen looked at the man who was still hostile to him and teased him. what's wrong? you're acting like I've done something terrible.

“What did she say when she woke up?” Nian lie suddenly asked.

The corners of Yan Sichen's lips dropped slightly. Nian lie caught this detail and his eyes darkened.

“What did she say?”

Yan Sichen stared at him and the two of them started to look at each other silently.

Mr. Ning felt a headache coming on as he held youzi in his arms. These two had never gotten along. Now that one of them was already together with Qingqing, and the other was wishing her well with a peaceful heart, why were they still at loggerheads?

“She called out Qingqing’s name: ” Yan Sichen replied before he could speak:

She was still suspicious of him.

He smiled again. other than that, she also said something about how Yingluo wouldn’t let anyone hurt her. I think her memory is still stuck at the time of the car accident.

Nian Jin’s face darkened. The word ” car accident ” did not sound good to him or ning Qing.

she’s been asleep for a year, ” father ning said. it’s only natural for her to think about what happened back then. After all, it was too dangerous back then.

“.....”

Mr. Ning sighed. this child used to be so gentle and caring towards her sister. But now, she’s become so soft-hearted. She’s afraid that her sister will get hurt the most. Sigh, she really loves Qingqing from the bottom of her heart.

To put it bluntly, ning su doted on ning Qing even more than his parents.

Nian lie felt a little uncomfortable when he heard this.

Ning SU’s prejudice against him had lasted for eight years.

In the past eight years, whether it was before or after she became Lou si, she had been trying to get ning Qing to leave her.

Now, ning Qing’s heart was filled with ning su.

If ning su had told her that Hanhan wanted her to leave him, would she have been more determined?

Did that mean that he had no chance of winning her back?

“.....”

Yan Sichen agreed. that’s right. I’ve doted on Qingqing since I was young. She always comes first and Qingqing always listens to her. However, these two have been separated for so long and they’re finally back together again.

congratulations, uncle ning, ” he said to father ning with a smile. your family has finally seen the light of day.

Mr. Ning chuckled happily. yes, her mother and I will have no more regrets if Hansu can wake up.

“Aunty won’t sleep! Grandpa is happy, grandma is happy, mom and dad are happy!”

#### [Chapter 1164](#)

1164 Ning su wants to see you (1:

Youzi cheered and raised her hands in celebration.

Oh, ” Mr. Ning teased her, ” everyone’s happy. Isn’t youzi happy? ”

Youzi hummed and thought for a moment, then smiled brightly. I’m happy! Youzi is happy too!”

Yan Sichen looked at the little girl who was smiling happily and was a little dazed.

“She’s very smart,” he said.

isn’t that so? ” Mr. Ning said proudly, ” she can already count to 100. Even the doctor Who examined her said that she’s the smartest child she’s ever seen.

Yan Sichen smiled gently and his eyes were bright. Qingqing was smart when she was young.

“Ah, Qingqing is smart, but she’s still not as good as youzi.”

“Not only does youzi look like Qingqing when she was young, but her personality is also very similar,” Yan Sichen said with a gentle look in his eyes.

“.....”

When Nian lie heard this, the alarm immediately went off.

He took youzi over and stared at Yan Sichen coldly, “if you want one, you can have one yourself.”

Don’t think about his daughter and wife.

“.....”

Yan Sichen and father ning were shocked by his sudden temper and looked at him with wide eyes.

Youzi didn’t know what he meant, so she moved a little in his arms.

Oh, he couldn’t.

She blinked her large eyes and poked Nian lie’s chin. daddy, fierce, fierce.

“.....”

Youzi hugged his neck tightly and said in a low voice, “grandma said, ” no one will love you if you’re fierce. Daddy isn’t fierce.””

Nian lie, “Huanhuan.”

Father ning, “Yingluo.”

Yan Sichen, “Yingluo.”

The child didn’t understand the situation. She hugged Nian lie and gave him a kiss on the side of his face.

“Daddy’s fierce, youzi doesn’t like him, and neither does mommy.”

The look in Nian lie’s eyes grew darker and darker. Mr. Ning was worried about what he was going to do. He stood up abruptly and said, ” I’ll take her for a walk. then, he carried the child and walked away.

Father ning looked at his back and sighed helplessly. He turned to Yan Sichen and said, ” Sichen, don’t mind him. He has a bad temper. He doesn’t mean anything by it.

Yan Sichen smiled bitterly. uncle ning, don’t worry. I’ve known him for so many years and I know him well.

He knew if she had any ill intentions.

Father Ning heaved a sigh of relief and said a few words with a smile. The nurse came and called him away.

Yan Sichen sat in the rest area and remained silent for a long time.

He suddenly thought of Nian lie's interrogation just now, and his mind went back to the time when Ning su was still in a daze.

She murmured the name, as if she was reluctant to part, as if she was sad, as if she was sad, and as if she was filled with inexplicable feelings.

"Yan Sichen, Sichen Xuanji."

Yes, it was.

Ning su was calling his name.

However, they had not seen each other for many years since they parted when they were young. Why would she call his name in her sleep?

Could it be that

Yan Sichen looked puzzled and didn't dare to speculate anymore.

\*

In the following week, in order to make it more convenient for them to take care of Ning su, Ning Qing and Nian lie both stayed over.

A message came from the Lou family. It was from his third great uncle.

They said that they already knew of the mistakes that Lou si and Lou qingyue had done and that the Lou family would release a statement the next day to remove the mother and daughter from the Lou family system. They would never be able to enter the Lou family again.

The rest had been handed over to the police to seek justice for the dead Lou LAN and Ning Qing in the most direct way.

"Alright, I got it."

Ning Qing hung up the phone. She was in a daze, and even her mood was stagnant.

After a while, Nian lie walked out of the ward and saw her at the end of the corridor. Ning Yan is awake. She said that she wants to see you.

## [Chapter 1165](#)

1165 The honesty between sisters (1:

Ning Qing's mind went blank. When she turned around, her face was covered in tears.

"What's wrong?" Nian Yu asked nervously. Why are you crying?"

“There’s some funny news from the Lou family,” ning Qing said, unable to control her expression.

Nian lie narrowed his eyes. why do you say that? ”

Ning Qing told him her third great uncle’s story. He looked at the tears on her face and felt his heart ache.

they were punished because they harbored evil thoughts. Their hearts should be punished, regardless of whether you did it for the Lou family or for yourself. Ah ning, you didn’t do anything wrong.

Ning Qing sniffled. I know. I’m just a little emotional.

After putting in so much effort, he had finally let those two people taste the taste of losing everything.

However, she didn’t feel any joy from her successful revenge. Instead, she felt an indescribable feeling.

Nian lie’s eyes were filled with heartache. it’s alright. Don’t cry.

He hesitated, but still raised his hand.

The moment his fingers touched her skin, both of their hearts trembled.

Ning Qing’s eyelashes trembled, as if she was at a loss.

“.....”

She didn’t reject him. Nian lie suppressed his emotions and gently wiped away his tears.

“Don’t cry so easily. You’re already a mother.”

“.....”

He actually wanted to say that he would feel heartache.

However, he would definitely have said such words when they had just remarried.

And now, there were too many uncertainties between them.

He was afraid.

He was truly afraid.

“I’m going to see my sister.” Ning Qing could not stand the strange atmosphere.

She walked around him and left.

Nian lie didn’t manage to grab her in time. Some words were stuck in his throat.

It was slightly painful.

Neither up nor down.

“.....”

Ning Qing’s heart throbbed as she walked down the corridor and stopped outside the ward.

The man's eyes were still following her. She was a little confused and pushed the door open to avoid his gaze.

As soon as she entered the door, another light gaze shifted over.

Ning Qing looked over and made eye contact with the woman on the bed. She smiled. are you awake? "

She sat down by Ning Yan's bed. Ning su nodded and let her hold his hand. help me up.

Ning Qing frowned. just lie down. If you have something to say, just say it.

Ning su didn't have much of an expression, but he wasn't as cold as before.

"My whole body is stiff from lying down. Help me up and sit down."

"Alright, let me know if you're feeling uncomfortable anywhere," ning Qing compromised.

She hugged ning SU's upper body, folded the pillow behind her, and carefully helped her lean back.

Ning su was silent for a while. She had already sorted out the things that had happened after the car accident in the past few days, including the matter of ning Qing returning to the Lou family and Lou qingyue's reorganization of the inheritance of the position of family head.

Many words lingered in his chest, but the first sentence he said was, "

"It's been hard on you this year, Qing 'er."

This unique nickname of hers immediately made ning Qing cry.

She said, " you're my sister. In the past, you've done so many things for me and silently sacrificed so much for me for so long, but I didn't know anything. It wasn't easy for me to protect you and do this. Sister, I'm willing to do this. I'm also very happy that you've finally woken up.

Ning su held her hand, the corners of his lips slightly curved, and he looked pleased.

"You've grown up."

Ning Qing laughed with tears in her eyes. yeah, why can't it grow up? Don't forget that youzi is more than a year old."

### [Chapter 1166](#)

1166 Sister, are you still blaming me?

yeah.

While she was unconscious, her sister had already taken charge and done everything. She should be happy.

Ning su looked at the back of her hand and raised his hand with some difficulty to stroke her head.

"You've done well, better than me,"

Ning Qing shook her head, tears falling. no, in my heart, you'll always be my best sister.

Tears welled up in ning SU's eyes. It was just that years of training had made her not so easily moved.

"How did she die in the end?" she asked, her voice still trembling.

Ning Qing trembled. Nian lie saw her leave with his own eyes. He said that Zhenzhen left peacefully.

Ning SU's eyes went blank. I heard that she ate poison.

She knew about that kind of medicine. Those who took it would feel like their hearts were being burned by a raging fire, and they would eventually die from the pain of having their organs broken.

Ning Qing couldn't bear to let ning su know about those things.

She wiped her tears and pretended to be relaxed. she recorded a video for me. I was quite normal when I watched it during the family meeting.

Ning su blinked his empty eyes. you don't care? "

"Yingluo can't be saved."

When ning Qing said these words, her heart ached as if it had been split open.

": 'm sorry, sis: : She said. When you were in trouble, she came to look for my Yingluo. I didn't agree to her request because of a moment of resentment, so she was harmed like this."

Moreover, she later found out how much Lou LAN had done for her so that Lou qingyue and the others did not come to find her again.

And the past

Every time she thought about it, the guilt and pain in her heart deepened.

Ning Qing was crying her heart out, while ning SU's tears were hanging in his eyes, unable to fall.

She looked back at ning Qing. The corners of her lips were still stiff. She comforted her. it's okay. I understand. Qing 'er, I understand.

Eight years ago, after she was taken away by Lou Lan's men, she had been completely unrecognizable.

Lou LAN had reunited with her and forced her to undergo plastic surgery. After she had recovered, he had trained her in all kinds of ways that were so harsh that they could kill.

She forced her to do the things she couldn't do;

If she didn't dare to drive, she would force her to experience the speed of life and death.

She didn't want to be the heir, so she tried to force her to be.

She had never felt any warmth towards her, and the most common sentence she said was, "

you have to know that only by becoming the family head can you be safe for the rest of your life. And your sister. Yuan 'er, you have no way out in this life.

Sometimes, when she looked at the unfamiliar face in the mirror, she wanted to resist, escape, and tear everything apart countless times!

However, she clearly knew that she couldn't.

She hated the Lou family, hated Lou LAN, and even hated herself.

It was a pity that even though she held on to her beliefs, in the end, she was still unable to prevent the tragedy from happening.

Her only younger sister had a relationship with the Lou family.

Ning Qing cried and felt her long silence. She looked up and asked, "sister, are you still blaming me?"

"....."

if you blame me, I don't want anything. I really don't want to make you sad, Yingluo!

Ning su was always gentle, as if he had returned to the past.

She said, "why would I blame you?" You've done well, Qing 'er. You're not wrong."

Ning Qing was sobbing.

Ning SU's heart was numb, and he said, "I know you have no choice. I also know that you don't have any feelings for her. In fact, she was too selfish. She selfishly destroyed my life, and now she's dragging you into this Whirlpool.

#### [Chapter 1167](#)

1167 You want to break up with Nian lie?

"....."

Her eyes were filled with pity and sadness. Qing 'er, she has ruined our lives.

Ning Qing shook her head. it's not her. It's the Lou family.

Ning su muttered, " maybe.

Ning Qing's emotions were too agitated, causing her brain to be a little slow.

She wanted to say something, but she felt that ning SU's current state wasn't right, so she didn't know if she should say it.

After hesitating for a while, she took the initiative to say, "sister, actually, mom didn't want to destroy us. She kept us because she didn't want us to be poisoned by the Lou family. Also, our biological father, who we've never met, died in the hands of the Lou family's previous generation.

Ning su was in a daze, and he didn't know if he was listening carefully.

Ning Qing was worried. sister, what's wrong?"

"My biological father," ning su said.

Ning Qing nodded.

She retracted her hand and looked at her own body.

Now, the two people who had given birth to her and ning Qing were no longer around.

Was this a blessing or a misfortune?

“.....”

Ning Qing’s crying slowly stopped, and the atmosphere was heavy.

A voice that sounded like a sigh and acceptance of fate was heard.

“Forget it, just forget it.”

He was dead, and the past could no longer be entangled.

Ning Qing murmured, “sister Yingluo.”

Ning su lowered his head, tears glistening in his eyes, and a gratified smile on his lips.

let’s not talk about this anymore. Qing ‘er, I should thank you for taking over the Lou family’s burden when I was unconscious. You’re stronger and more outstanding than I had imagined. I’ll have to trouble you in the future.

She didn’t want to have anything to do with the Lou family, let alone take over.

Ning Qing also smiled a little. sister, do you really not hate me anymore? ”

Her uncertainty made ning SU’s heart ache.

“Silly girl, you’re my only sister. I won’t blame you for anything you do in this life.”

The long-lost intimacy made ning Qing tear up again.

She stepped forward and hugged ning su, crying and laughing at the same time. then you’ll be with me forever, right? Me, you, and mom and dad, we’ll never be apart.”

Ning Meng’s eyes were a little dazed, but it only lasted for a moment before she returned to her gentle appearance.

“Alright,” he said.

She returned the hug to the woman in her arms. That thin figure made her feel bitter.

After a long time, she patted ning Qing’s back and said, “ alright, you’re an adult now. Don’t cry so easily.

Ning Qing withdrew from her arms and pouted like a child. I’m just too happy.

Her sister had finally returned to her side.

What could be happier than this?

Ning su also knew that she was really happy, so he started the previous heavy topic with a few words.

After the two chatted for a while, ning su suddenly asked, “how are things going between you and him?”

Ning Qing was stunned. Of course, she knew who she was talking about.

However, Xuxu and ning su had never liked Nian lie. She couldn't even explain their relationship, so how could she explain it to her?

Ning SU's tone was calm and emotionless. I heard Xuxu's mother say that you remembered everything.

Ning Qing looked at her carefully. Zhenzhen, yes.

"You want to separate from him after you remember him?"

Ning Qing was silent.

Ning su already knew that when she gave birth to youzi, she had asked Nian lie to draw a clear line between them, so he had mixed feelings about it.

She said, "think carefully. Yingluo, youzi is still young, but she's very smart. She knows who her father is. In the future, Yingluo ..."

### [Chapter 1168](#)

1168 How can: bear to blame you (1:

"Let's talk about future matters in the future."

To be honest, ning Qing's head hurt badly when she mentioned this.

This year, she had asked Nian lie for too many favors. She was too busy and didn't have the time to bicker with him. However, she wasn't stupid. She couldn't forget the gentleness and affection he would show her from time to time.

Ning su thought for a while and took a deep breath, "the diary from before, ran ran."

Ning Qing stared at her. I know, sister.

Ning su was stunned for a moment. Her one sentence of "I know" had turned all her guilt and thoughts into the wind.

"Don't blame me?" she asked:

Ning Qing's eyes were red, and her eyes were sincere. sister, I might have blamed you before I remembered everything, but now that I remember it, I know why you left a diary.

The experiences in it were either true or false, or exaggerated, but ning su was just afraid that she would fall in love with Nian lie again.

Ning su lowered his eyes. Qing 'er, I'm very sorry.

Ning Qing shook her head and smiled. you've never blamed me, so how could I bear to blame you? "

Even though she had once used the excuse of love to cause her and Nian lie to go through so many twists and turns, the truth was the truth. She had the right to know.

"Qing 'er, Qianqian."

sis, don't worry. I'll manage my emotions and deal with my own feelings. I won't let the past repeat itself.

That was because she had someone she truly wanted to protect.

Ning SU's heart, which had been as solid as a rock, burst into tears after hearing this.

Ning Qing was shocked. sister!

Ning su shook his head. I'm just happy that you've really grown up.

Ning Qing smiled through her tears and hugged her again.

Not long after, Yan Sichen came over with a doctor.

After the doctor gave ning su a basic physical examination, he said with relief, " your body is recovering very well. Work hard to cooperate with the rehabilitation. In another ten days to half a month, if there are no accidents, the patient can prepare to go home and recuperate.

Ning Qing was overjoyed. really? "

The doctor laughed. of course. This is a miracle in the history of medicine.

Ning Qing looked at ning su, and they both saw the joy in each other's eyes.

After thanking the doctor, Yan Sichen looked at the two sisters and sighed. it's really a happy thing to see the two of you together in this life.

brother Si Chen, " ning Qing turned her head and said gratefully, " thank you for taking such good care of my sister these days.

"I'm not the one who worked hard. You should thank the doctor."

Yan Sichen walked to the other side of the bed and poured a glass of warm water. His eyes were warm. also, I want to thank Xinyu herself.

"....."

He handed the cup to ning su. drink it.

Ning SU's eyes flickered. He thanked her and took it.

Ning Qing watched the interaction between the two and suddenly thought of something. brother Si Chen.

Yan Sichen had been looking at ning su the whole time. When she finished drinking, he naturally took the glass and put it on the table. Then, he looked at ning Qing. hmm? "

I heard from the doctor that you were by my side when my sister woke up.

Yan Sichen pulled a chair over and sat down. He smiled. yes.

He looked at ning su, his words as gentle as ever.

the company hasn't been busy recently. I thought that uncle ning and aunt ning would be here and have to take care of the children, so I came to see if there was anything I could help with.

"Just because of this?" ning Qing asked.

Yan Sichen's movements froze for a moment. He smiled as usual and his brown eyes narrowed slightly. what else do you think? "

### [Chapter 1169](#)

1169 You two sisters have such: good relationship (1:

Ning Qing was in a hurry to say something. Ning su suddenly interrupted her. Qing 'er, I've already troubled Si Chen enough to come and see me.

"....."

"Don't ask so many questions, you're scaring him."

Oh, " ning Qing replied, but she was still a little unwilling.

Coincidentally, Yan Sichen received a call. He apologized and went out to answer it.

Ning Qing leaned closer to ning su. sister, what do you mean? "

Ning su squinted. what do you mean by asking those questions? "

Ning Qing's eyes darted around, and she said deliberately, " I'm just concerned about brother Sichen. He must be tired from running around the country.

"....."

"If he was an ordinary person, why would he be so busy?"

Ning su pursed his lips. he's treated you and me as his younger sisters since we were young. Isn't it only right for him to come and visit me when I'm sick? "

I'll just visit once or twice. I don't have to stay here all day long, right? "

Ning SU's expression gradually turned cold. he's worried that mom and dad are taking care of the child while taking care of me.

"Why don't you just say that he's worried about you?"

"Ning Qing!"

He was anxious.

She was anxious.

Ning Qing thought about her sister's warning words and her red cheeks. She didn't look like she was fine.

She moved even closer and whispered, "sister, do you still like Yingluo?"

Ning SU's pupils constricted and he looked away in panic. what nonsense are you talking about? "

"I've read your diary before."

Ning su frowned. you!

Ning Qing stepped back a little, afraid that she would get angry and start a fight with her. She said hesitantly, " didn't I ask you what a person you like is like? you used to show me that you knew everything. I was curious, so I teased you.

Ning su pulled a long face, and his already bad expression became even uglier.

"Qing 'er, you're my good sister."

Ning Qing also felt guilty and held her hand to please her.

She shook it off and then held it again.

The process repeated.

Ning Qing could only apologize.

"I'm just curious."

"Who told me to be young and insensible at that time?"

"Sister, my good sister, please don't be angry with me."

"....."

As soon as Yan Sichen pushed the door open, he saw ning Qing's soft and coquettish posture.

He was stunned. The two people inside were also stunned.

Ning Qing was the most embarrassed. She had not shown this side of her in a long time, and at this moment, she was so embarrassed that she wanted to immediately escape from this place.

She didn't stay for long."I'm going to see youzi," she said and left the ward.

"....."

The room fell silent.

Ning su looked at Yan Sichen and didn't take the initiative to speak.

The other party was stunned for a moment before returning to normal. I haven't seen her like this in a long time. You sisters have a good relationship.

It was just a casual remark to ease the atmosphere, but it had a different feeling in ning SU's ears.

She furrowed her thin brows. the relationship between twins doesn't need to be confirmed by others.

Yan Sichen was stunned for a moment. you're right.

"....."

Ning su stopped talking.

Yan Sichen walked over. do you want to lie down and rest? ”

She didn't know how to face him after she said those angry words.

Perhaps, not facing it was the best.

“Yingluo, yes.”

Yan Sichen helped her get the pillow and held her waist.

Ning su stiffened for a moment, but when she noticed that there was a slight fluctuation on his lowered face, she tried her best to persuade herself not to be too concerned.

After lying down, she didn't even say thank you. She turned to the side and pulled up the blanket.

...

“.....”

Yan Sichen looked at her back, his eyes slightly deep.

In the end, he couldn't say anything.

#### [Chapter 1170](#)

1170 Not quite the same as before (1:

Ning Qing and Nian lie stayed there for three days. They had to leave because they had to go back to attend the succession ceremony.

Ning Qing had asked ning su if he wanted to go back with her, but ning su had rejected her because of his health.

Helplessly, she couldn't force him.

The succession ceremony was cumbersome and complicated. The procedures were very troublesome. There was a sacrificial ceremony and a coronation ceremony. Ning Qing was so busy that she forgot to ask about Lou si and Lou qingyue.

It took more than half a month to prepare for the succession ceremony, and as soon as ning Qing was free, she rushed to ning SU's place again.

you're in good condition. All your bodily functions have returned to normal. Congratulations, you can prepare to go home and rest.

After the doctor said that, ning Qing's parents smiled happily. Ning Qing, Nian lie, and Yan Sichen were there as well.

Ning su showed a smile that he hadn't shown in a long time. thank you, doctor.

thank you! Mrs. Ning pulled the doctor back and said gratefully, ” it's been such a long time. Thank you!

this is Miss Lou's good fortune," the doctor said. you don't need to thank me.

doctor," ning su said, " are you sure I've recovered? "

Everyone looked over.

The doctor's expression was kind. Miss Lou, if you have any questions, you can just tell me.

Ning su hesitated for two seconds and looked at the people around her.

Hansu, what's the problem? just tell me, " Mrs. Ning said anxiously.

"Sister, just say it. The doctor's here too." Ning Qing chimed in.

She came over, held her hand, and gave her strength.

"We'll be here with you, don't be afraid."

Ning su felt warmth from her palm, and his expression was a little strange.

Then, she shook her head. it's nothing. I just feel that my body seems to be different from before.

"What's the Difference?" the doctor asked.

Ning su chose his words carefully. I always feel that I'm not in a good mood, and my limbs are still not listening to me. They're soft and I don't have much strength to move.

The doctor thought it was something, so he smiled in relief.

Miss Lou, this is the after-effect of being in a coma for a long time. The brain has been in a state of stagnation for a long time, so it's normal that it can't control the body.

After hearing this, ning su asked, " what do I need to do to return to how I was before? "

"This is because your current rehabilitation is not enough. In the future, you just need to increase the intensity of your rehabilitation and exercise more. When your brain gets used to your body, you will be better."

Ning su nodded thoughtfully and said, " thank you.

"You're welcome,"

it's been so long, " Mrs. Ning exclaimed happily after seeing the doctor off. we've finally made it through.

She looked at ning Qing and ning su, feeling extremely touched. our family is finally together.

Ning su looked back at her mother and father. These days, she had not been cold to them, but she had not been warm either.

Of course, it was not because of the knot in her heart. Instead, it was because she did not know how to face them after the knot in her heart was untied.

Ning Qing tugged at her thumb, her eyes sparkling. sister.

Ning su understood what she meant. He pursed his lips and let down his guard. it's been hard on everyone for me during this time.

“.....”

She held onto ning Qing's hand and forced herself out of bed. Father ning wanted to stop her, but he was holding youzi in his arms, which was really inconvenient.

Ning su stood up shakily and gave ning Qing a look. After she let go of her hand, her eyes turned clear and she bowed deeply with gratitude.

One second, two seconds, three seconds.

thank you, everyone. Without you, I wouldn't be here today.
