[Chapter 1131](#)

1131 You're very beautiful today, don't be afraid

Now, it was because ning su was seriously injured and unconscious. However, in terms of status, the second daughter of the master and the eldest daughter of the master's younger sister had no priority in inheriting the position of the master.

furthermore, in the past few months, Lou si has gathered everyone who could influence the decision. I'm afraid that there aren't many people left to support your mother. Moreover, you haven't received your mother's personal acknowledgment so I'm afraid that this meeting won't be that easy.

After hearing Nian lie's words, ning Qing was in a daze.

In comparison, Nian lie was calmer.

He said, "we still need to find your mother as soon as possible. As for tomorrow, Yingluo ..."

"I'll see to it."

ah ning, " Nian lie said helplessly.

I'll try my best, " ning Qing said. if I can't convince them, I'll think of a way to stop Lou qingyue and the others from getting what they want.

Nian Xi nodded. I guess that's the only way.

*

The next day came quickly.

The family meeting was scheduled for ten in the morning. Lou si had arranged for four female servants to come over and specially dress ning Qing up. In an instant, she looked much more radiant and beautiful.

Ning Qing let them do whatever they wanted. She put on a gorgeous dress, put on makeup, and was led to the huge conference hall.

Outside the conference hall, the guards were extremely solemn and dignified.

Nian lie held ning Qing's hand and sent her to the door.

this meeting is a top secret of the Lou family. Outsiders are not allowed to participate. Please forgive me, miss.

Ning Qing's eyes flickered. She acknowledged and turned to Nian lie.

The man's eyes were cold and sharp. His dark eyes were as dark as ink, reflecting her shadow.

Nian Yu's voice softened. it's alright, ning. Relax. Don't be too nervous.

Ning Qing's eyelashes fluttered. She would be lying if she said she wasn't nervous.

It was rare for her to face such a formal moment. Moreover, she knew that she would become the target of public criticism if she stepped into the conference hall.

“.....”

Nian lie understood what she was thinking. He leaned forward and hugged her.

Ning Qing froze for a moment. He leaned close to her ear and whispered two words, ”

“Wait for me,”

He stuck to her and left.

Ning Qing’s heart trembled.

Nian lie looked into her eyes for two seconds. He was still so gentle, as if her promise had never happened.

you’re very beautiful today. So, don’t be afraid. Go on.

Ning Qing’s Red lips parted slightly. alright.

She turned around, lifted her complicated skirt, and stepped up the steps.

She pulled away from him.

That’s right.

After a whole night, they still could not find Lou LAN.

She couldn’t get her personal acknowledgment, and not many people supported her.

She was the only one who stepped into this conference room.

Ning Qing took a deep breath and adjusted her state of mind.

Ning Qing, don’t admit defeat. You have to believe in yourself.

As she thought of this, she straightened her back and her steps became determined and confident.

“.....”

Nian Yu’s face turned cold and serious after he saw her through the door.

He turned his heel, took out his phone, picked up the call, and strode away.

“.....”

Ning Qing walked into the resplendent conference hall, which was ridiculously empty.

She lowered her gaze and saw that two rows of people were already seated on the long conference table. They were all looking at her with different expressions.

She stopped in her tracks and looked at the woman sitting in the main seat.

Lou Si's Red lips curled up as she stood up, " I'll have to trouble all my uncles and brothers to participate in this family meeting. As my sister is seriously ill, I can't attend. I'll be the one to host this meeting today.

first of all, I would like to announce a piece of good news to everyone. My sister's biological daughter, who had led a wandering life many years ago, will be returning to the Lou family today.

[Chapter 1132](#)

1132 How can: hundred years of family precepts be taken lightly?

"....."

She looked at ning Qing, who was sitting at the other end of the long table. Qingqing, come over to my side.

"....."

Ning Qing glanced at the so-called elders. Some of them had white hair on their temples, some were in their forties or fifties, and some were in their early thirties. They took good care of themselves and had different faces, but all of them looked serious and solemn.

Under everyone's gaze, she walked towards Lou si.

Lou si took two steps towards her and held her hand. She smiled and said gently, " this is my sister's daughter. Everyone has seen the test, so you don't have to doubt Qingqing.

She looked at ning Qing with a smile. Qingqing, everyone here has made outstanding contributions to the Lou family. You need to get to know each and every one of them. This is your second uncle, and this is Zhenzhen.

Ning Qing's expression was numb as she followed Lou si through the family recognition ceremony.

The people below saw that she was neither servile nor overbearing, and they all had their own ideas.

"Alright, sit down."

Ning Qing sat on the left side of Lou si. Opposite her was Lou qingyue, who had been staring at her.

Lou qingyue said loudly, " I'm sure everyone knows why I've called everyone here today. My sister disappeared in an accident half a year ago. When she came back, she was seriously ill. The doctor has examined her and everyone has received the medical records. You know that she can no longer be the head of the family. Our Lou family business is huge and can not be without a head for a day. So, we must choose the next heir as soon as possible.

"The master hasn't shown up yet, so how can he choose an heir?"

An old man with a white beard said.

Lou si looked at him, " third uncle, the family head's condition is very bad and he's currently receiving treatment. He has already given me full authority to take charge of the meeting.

"The master hasn't appeared yet, so whatever you say now is right."

At this moment, a male voice interrupted.

Lou si looked over and saw that it was Lou Lan's younger brother, Lou Weiwei.

She smiled. Wei Wei, I'm sure you know how my sister's health is. If she could come today, she would definitely appear. Since she can't, it means that her health is very bad. She can't be here.

The man said casually, "it's not necessarily that she's in poor health. She might have been coerced or maybe, Zhenzhen.

Lou Si's expression changed and Lou qingyue interrupted,"little uncle, what are you saying?" Everyone here, who can threaten Yimu?"

Lou Weiwei smiled but didn't reply.

Another mean-looking, skinny old man spoke.

"Isn't the purpose of this family meeting to decide on the next family head? It doesn't matter if you're appointed or not, so why are you all so conflicted?"

The white-haired old man from before said with a cold face, "the election of the family head is a top priority, and the opinion of the current family head is also particularly important. This has always been the case. Why is it that it doesn't matter when it comes to you?"

The skinny old man snorted,"he's already seriously ill. Third brother, what's the point of emphasizing on this?" If Lou LAN doesn't come, we won't be able to continue?"

"Bastard! How can the family rules be changed so easily!"

"....."

Ning Qing sat in her seat, her body cold.

She looked at the few people who were arguing with red faces and thick necks, no one giving in to the other.

It was clearly a meeting, but it seemed like a farce.

"Alright, alright." Lou si stepped forward to stop them, "third uncle, little uncle, stop arguing.

"....."

today is the day of the selection of the family head. Let's put other matters aside and sort out the proper business.

The third uncle blushed. no matter what you say, the ancestral rules can not be changed. For the matter of the family head, who else can inherit it besides the eldest daughter?"

[Chapter 1133](#)

1133 The rules are dead, but people are alive _1

Lou si laughed, "third uncle, everyone knows about Yuan 'er. Because of some incident, she fell into a coma.

The old man's face was tense. then she's the next heir. Lou LAN has already decided on her.

"It's true that she's decided, but the election is just around the corner and Lou si hasn't woken up yet. Who knows when she'll wake up? Can the Lou family be handed over to a half-dead vegetable?"

The old man was furious and glared at his younger brother. you bastard, how can you curse your own younger generation like this?!

"I'm just stating the facts. Everyone thinks the same way."

These shameless words didn't cause any ripples.

"Then what do you mean?" the old man said sarcastically. Don't tell me they're going to choose a family head from us old fogeys?"

no, no, no. I don't have such thoughts. The Lou family has always been young.

After he finished speaking, the thin old man looked at Lou qingyue. I think qingyue is not bad. She has grown a lot over the years and has made a lot of contributions to the Lou family.

Lou si finally heaved a sigh of relief as they were finally back on topic.

When the white-haired old man heard this, he immediately refused.

qingyue is good, but she's Luan 'er's daughter. She doesn't have the right to inherit the Lou family.

Lou qingyue was angry. third granduncle, you've hurt me too much by saying this. I've been learning how to manage the Lou family from my mother these days. It's fine if you can't see my hard work, but you still have to humiliate me like this!

The old man's expression changed. I'm only following the ancestral teachings. I'm not targeting you.

Lou Weiwei continued, " that's right. The ancestors 'teachings come first. Moreover, even if it doesn't fall on Lou si, it won't fall on you.

The man's words were extremely heart-wrenching, not leaving any room for Lou qingyue.

Weiwei, you're wrong. Rules are dead, but people are alive. Everyone in the Lou family is in a state of panic. If we don't make a decision soon, I'm afraid the impact will only get bigger and bigger.

"That's right, although Qing Yue is the eldest daughter of the second branch, she is the most suitable age and experience in her generation. With the help of others, I personally think that Qing Yue can take on the role of the family head."

"That's right, I support Qing Yue too."

"....."

In an instant, more than half of the people in the meeting room supported Lou qingyue.

The woman couldn't help but feel smug. She looked at ning Qing, who had not been able to interrupt from the beginning to the end. Her eyes seemed to be mocking her for overestimating her ability, but also seemed to be provoking her arrogantly.

Lou Si's heart was calm and at ease. She glanced at Ning Qing from the corner of her eyes and a proud smile appeared on her lips. She did not stop them, as if she wanted to tell Ning Qing that victory was already in their hands.

Ning Qing sat as steady as a mountain. She looked at the teacup in front of her, slowly picked it up, and took a sip.

The fragrance of the tea filled the air with a hint of bitterness.

It was one of the best teas.

"....."

Lou Qingyue's gaze changed from confidence to suspicion. What did she mean by being so calm?

Ning Qing ignored her sizing up. She gently put down her teacup and called out, "everyone.

"....."

The debate stopped.

Ning Qing stood up. Her eyes were as clear as water, determined and calm. please stop for a moment. I have something to say too.

*

On the other hand, Nian Xun had rushed to an unremarkable detached apartment on the outskirts of the capital city.

There was only one maid left in the room. Seeing a large group of people rushing in, she was frightened. Who are you? What are you guys doing!"

"Where are they?" Nian lie glared at her coldly and asked while holding her.

The maid shivered. I, Hanhan, I don't know who you're talking about, Hanhan.

[Chapter 1134](#)

1134 Had to put everything on the line (1:

Nian lie swept his gaze across the room. The house was unnaturally quiet. There was not a single guard in sight.

Just as he frowned, one of his subordinates rushed down. Sir, we found it!

Nian lie threw the maid aside and said, " watch her. then, he rushed upstairs.

The dark and damp corridor was long and dark. He quickly walked to the room with the door full of guards.

The room was in a mess, and the stench was unbearable.

Nian lie's heart sank, and he frowned subconsciously.

A subordinate rushed out of the bathroom, wanting to say something but hesitating.

: Where is she?" Nian lie asked sternly.

she's in Yingluo's bathroom. You should take a look for yourself. We don't dare to touch her.

"....."

Nian lie's mood instantly fell to the bottom. His face darkened as he walked toward the bright bathroom.

With just one look, he almost lost his soul.

The woman had a head full of white hair and was emaciated. The loose clothes on her body looked like a sack. Her chest and the ground were covered with vomit and blood. Her face was so thin that her bones were deformed, and her original appearance could not be seen.

"....."

Nian lie was so shocked that he forgot to approach her.

"I don't want to take the medicine, get lost, I don't want to take the medicine," Lou LAN murmured, his eyes dead and numb.

Her voice was very soft, but it was mechanical and stubborn, as if she had been saying this for many days.

Nian lie walked forward with difficulty. He removed his jacket, squatted down, and wrapped her up tightly.

Slowly, the woman seemed to realize something, and her eyes focused on his face.

"Madam Loulan, it's Nian lie," Nian lie called out to her.

Lou Lan's reddened eyes brightened, and his blood-stained lips curled up. "It's you, Yingluo. You're here, Yingluo!"

She suddenly thought of something, and her smile fell. She was extremely frightened.

"Where is she? Did she come with you?"

She grabbed Nian lie and pulled him, causing him to stumble.

"She can't come here, take her away! They won't let me go, and they won't let her and Yuan 'er go!"

"You leave too, quickly leave! I've never fulfilled my duty as a mother in this life. I deserve to die! It's good that I've received my retribution, don't let them get involved!"

"Nian lie, hurry up and leave!"

"....."

The woman had already gone mad. She couldn't hear anything Nian lie said.

However, she suddenly stiffened and vomited a mouthful of blood.

Nian lie was taken aback. that's enough. Let's leave this place first.

He bent down to pick her up but was stopped by Lou LAN.

Nian lie's expression was grave. Madam, if you're still conscious, please listen to me. Ah ning has already returned to the Lou family.

The woman's face froze, and her lips trembled. she's back? "

Nian lie nodded. if I'm not mistaken, " he said honestly, " she should be in the family meeting now. She's facing all the pressure and doubts from others.

Lou Lan's eyes were listless. He wanted to cry but had no tears. why did you come back? why did you do this? "

Nian lie didn't have time to talk to her anymore. Mrs. Lou, I think you know the reason why ah ning came back to the Lou family this time. She has never been a heartless person, and it's impossible for her to abandon you. She knows about the threat that Lou qingyue has posed to her and the people around her after she became a high-ranking official. It's because of this that she had to come back and stake everything on one throw.

"....."

Lou Lan's eyes were bloodshot.

we don't have much chance of winning, but your will is of great importance to her. We've been looking for you for a long time, and I think you don't want her to be alone and helpless at the family meeting.

[Chapter 1135](#)

1135 The first half of Lou Lan's life (1)

Nian lie's expression was solemn, and his tone was sincere. so, please come back with me immediately.

Lou LAN grabbed his arm and shook his head. let's wait.

Out of courtesy to an elder, Nian lie suppressed his anxiety.

Lou LAN sized him up, but his vision was blurry.

"I've been observing you for many years, ever since you appeared by her side," she said.

Nian lie was shocked. you knew? "

Lou LAN leaned against the wall weakly. His body was so soft that it seemed boneless. He had no strength to support himself.

that's right. Ever since I left the two sisters in Ye City and brought them back to the Lou family, I've been paying attention to their lives. I know when they were adopted, how their adoptive parents are, how their living standards are, and whether they're treated well.

if you care so much about them, why did you leave them alone? " Nian Xun asked.

Lou LAN looked up into the sky, his eyes glistening with tears. His thoughts drifted back to more than 20 years ago.

back then, I was sent to Ying city by the Lou family to complete a project on my own. However, I accidentally met their father and fell in love with him.

his name is Jiang Yan. He's an honest college student and a little dull.

at first, I just thought that we were in love. Because of my identity, I was destined not to be with him for long. However, I underestimated his love for me and my determination.

She still remembered that man standing outside her apartment building and waiting for her for three days and three nights.

She also remembered that when she was about to leave ning city, he had repeated every promise and love to her as he chased after the car.

I was born in the Lou family and had too many things that I couldn't control. I didn't want to be the head of the family, but I was pregnant at that time, so he urged me to escape with him.

A smile appeared in the woman's gray eyes, which were full of love.

It was extremely eye-catching.

we fled to town. I was with him during my pregnancy, and we spent the happiest time of my life.

“.....”

“But in the end, they still came.”

Lou Lan's smile disappeared and was replaced by an abnormal anger.

“They took him away and didn't let me see him! I cried and begged my mother, and in the end, let the child be born prematurely, Yingluo.”

She closed her eyes, trying to hide the red of sadness.

I almost died in the operation. It was him and the child who gave me the courage to live. After I gave birth to the child, my mother threatened me with Jiang Yan's life. I didn't compromise, so she really did it and beat him up until he was covered in wounds. She put him in a sack and transported him to the sea for a walk.

Shocked, Nian lie's eyes flickered.

Lou LAN suddenly spat out a mouthful of blood. He hugged her and said, “ stop talking. I'll get someone to save you!

After he finished speaking, he shouted outside, “find a doctor!” Hurry up!”

Lou Lan's bowl had no light in it and he coughed several times.

As more and more blood gushed out, mo tiange shook her head, “ it's useless, Qianqian. Half a year ago, Lou si got someone to give me a slow-acting poison. In the few days that I was captured, she became even more unbridled. My body is already an arrow at the end of its flight, Qianqian.

“Don't say anything. Save your strength. I'll save you,” said Nian lie in a low voice.

Lou LAN didn't refute him. She didn't have much strength left and was on the verge of death. She continued, " because of his death, Qianqian and my mother Jue lie stayed in Ying city to take care of our two children. We've also been looking for Jiang Yan. However, the Lou family is a cannibal. How could they let me off? cough cough!

[Chapter 1136](#)

1136 The last thing (1:

Nian lie hugged her tightly, his expression grave.

my life was getting more and more chaotic. There were people who kept trying to assassinate me. It was only then that I knew that as long as I was alive, they would not let me go. So, Hanhan ...

so, you're keeping the two sisters because you don't want them to return to the Lou family like you and be suppressed and threatened by these people. You chose to go back to Xuanji alone because you wanted to face them alone? "

The man's voice was very heavy. Lou LAN forced a smile. yes, my family caused his death. How can I and his child come back? "

"....."

I've already suffered a lot and have been trapped in between fame and fortune my entire life. How can my child Yingluo be the same? "

She became more and more excited as she spoke.

Zhenzhen, " Nian lie said in a deep voice, " since you've made such a decision, why did you take ning su away seven years ago? "

Lou Lan's gaze wavered, sometimes clear and sometimes hazy.

She answered instinctively, " I understand the Lou family too well. As the eldest daughter, I will inherit the position of family head. When I step down, they will definitely investigate the two of them. Moreover, Lou si is my younger sister. She has been scheming since young and has always held a grudge against me for snatching the position of family head after my return. All these years, she has been pretending to be submissive and I have seen it with my eyes. If the position of family head falls into her hands, she will never let the two of them off!

"....."

Lou LAN clutched Nian lie's sleeve tightly like an extremely helpless child. Nian lie, I really can't do it, I really can't do it, " he said with a bitter heart.

Nian lie's eyes reddened. I know!

Two drops of tears fell from the corner of Lou Lan's eyes. I didn't want them to hate me. I made the most painful choice between the two sisters, but there's no other way. Qianqian must have one of them come back to inherit the Lou family. I, Qianqian, cough cough!

More blood gushed out, staining Nian lie's chest.

Nian lie's dark eyes sank to the extreme, and a sense of powerlessness enveloped his entire body.

When his subordinate called for the doctor, Nian lie signaled to him with his eyes.

However, the doctor only did a simple check on Lou Lan's condition before he shook his head with a grim expression.

Nian lie's aura was so cold that it could kill everyone.

Lou LAN was still tugging at him, his voice growing weaker.

I originally thought that I could protect one of their lives, but Yingluo, I still messed everything up.

"In this life, I've let the two sisters down, Yingluo."

"Now, the only thing I can do for them is one last thing."

She struggled, the light in her eyes dimming.

Nian lie had no choice but to let go of her. She wiped the blood from the corner of her lips and tried her best to straighten her back. get someone to come and help me wash up, " she ordered.

Nian lie looked at her deeply. She looked back at him, the light in her eyes suppressed and sharp. For some reason, it was filled with Majesty.

This was the aura that the head of the Lou family should have.

However, the tone of her voice was extremely weak.

"Record a video for me," she said.

Nian lie was silent for a moment, struggling with difficulty.

Lou Lan's eyes softened and he put his hand on his. let me do one thing for her.

"....."

"Alright: : Nian lie's eyes returned to normal:

Lou Lan's deformed face revealed a satisfied smile.

Nian lie couldn't bear to look at her any longer and personally carried her out of the bathroom. After getting someone to help her wash up, he dismissed the crowd.

Only Nian lie was left behind.

[Chapter 1137](#)

1137 Passed away, lost _1

Nian lie was the only one who had seen how this woman, who had once been famous, straightened her posture and made her stand clear.

Her makeup had been specially done to make her look more normal, but if you looked closely, you could still see her abnormal complexion and slightly trembling mouth.

Three minutes. It was a long time.

The moment she turned off the camera, she fell to the side like a butterfly flapping its wings and spat out blood.

“Madam!”

Nian lie rushed forward, the helplessly sorrowful feeling in his heart making it difficult for him to breathe.

“That’s good, Qianqian. I’ve finally fulfilled my wish,” Lou LAN mumbled as he laid in his arms.

“.....”

She looked at Nian lie, her eyes blurred, and the pain all over her body was so sharp that it seeped into her bones.

She said, “ it’s a good thing that Qianqian has you now. Nian lie, you have to promise me that you’ll protect Qingqing for the rest of her life. Don’t let Qianqian suffer anymore.

I’ll protect her! Nian Yu pursed his lips and vowed solemnly, “ I’ll use my life to protect her!

“And Yuan ‘er, Qianqian.”

don’t worry. I’ll take good care of her with Qingqing.

“That’s good, that’s good,” Lou LAN smiled.

She looked up at the ceiling, her eyes gradually becoming empty. under my pillow, there’s a letter of appointment that I’ve written. Together with the video, it should be more useful.

Nian lie trembled and nodded heavily.

“Thank you, Nian lie.”

The woman’s breath became weaker and weaker, and her eyes that were staring at the void slowly lost their luster.

In the end, she seemed to have seen something, and her lips curled up.

He closed his eyes.

*

Lou family, meeting room.

Everyone’s eyes gathered on the woman, with a strong sense of scrutiny.

Ning Qing cleared her throat and said, “ everyone here is my elder. I think I’m the one who has the least right to speak here. However, as the daughter that the master has just acknowledged today, I think I still have the right to say a few words.

A certain man gave her a cold look. you’ve just acknowledged her and you’re already putting on airs. I’m afraid that I won’t be able to match up to your niece.

Ning Qing glanced at him. Just now, he had supported Lou qingyue's succession.

"Uncle, I'm not putting on airs. As the daughter of the head of the family, I have the right to say a few words. I don't mean to offend you, so please don't twist my words."

The man snorted and stopped talking.

Ning Qing looked up, her delicate face facing the crowd.

I've heard everyone's speech just now and roughly sorted it out. Everyone here can be considered to be divided into two sides. One side supports Lou qingyue's succession, while the other side feels that it is difficult to disobey the ancestral teachings and that my mother should step up and step down to my sister, Lou si.

"....."

"But," Ning Qing paused and said slowly, "according to my aunt, my mother is seriously ill and bedridden. She can't even attend my family recognition ceremony, so she probably can't attend this meeting either. It's even more difficult for my sister to attend.

She turned to Lou qingyue and lowered her eyes. Her female voice was clearly pleasant to the ear, but it contained a trace of threatening spirit.

because of Lou qingyue's hostility towards me, she was eager to get rid of me. She made Lou Chi come out personally to frame me. In order to save me, my sister is now lying in the hospital bed. No one knows if she's Dead or Alive!

As soon as these words came out, the sound of discussion began.

"Qing Yue sent people to hurt you? Why did she want to harm you?"

"You didn't even reveal your identity before this, so how could she hurt you for no reason? Heh, I think you're the one who's spouting nonsense and pushing the blame for Lou Si's incident onto qingyue!"

[Chapter 1138](#)

1138 Why do you want me to win _1

"Nonsense! The second branch has always been close to the master, and it's not impossible for them to know the identity of the master's daughter. Perhaps they're afraid that Qingqing will come back and threaten their status!"

"....."

Lou qingyue panicked and stood up angrily. don't you slander me! Why would I ask someone to hurt you? I don't even know who you are."

Ning Qing's eyes were frozen. Oh? What's with the jewelry competition?"

Lou qingyue's eyes flickered.

with the power of the Lou family, it's easy for you to win. But why did you let me win? "

Lou qingyue's face tensed up. it was Lou si who stabbed my hand!

The moment she said this, Lou Si's murderous gaze landed on her face.

She was even more panicked.

Ning Qing was trying to get information out of her, but she had been tricked by her!

Ning Qing continued to press on. then why did my sister hurt you? "

Lou qingyue's panic disappeared in a flash and she immediately calmed down.

I had a little friction with her. She was so angry with me that she accidentally hurt my hand.

Small friction, anger, accidental injury.

These few words were used very carefully and could be considered watertight.

Ning Qing's eyes darkened. Lou qingyue raised her chin and said, " it's Just A Little Misunderstanding between sisters. How can you involve yourself in such a small matter? "

Ning Qing laughed coldly in her heart, but her face did not change.

it's not about me. I just feel that it's a pity that I won against you, the young lady of the Lou family.

"....."

Lou qingyue secretly gritted her teeth and glared at her.

"Then, can you explain what happened to Lou Chi?" ning Qing asked again.

As everyone knew, Lou Chi was the adopted son of the second branch. He had a strange temper and didn't like to be close to people.

When the news of his death came, the entire Lou family was surprised and confused.

An unnatural look flashed in Lou qingyue's eyes, and her face was filled with sorrow.

"My mother and I were also very sad about Chi 'er's matter. Yingluo was just driving a car and somehow got into a car accident. When my mother and I arrived, he was already in a bad state."

Lou si cooperatively revealed a sorrowful expression, " forget it, don't say anymore.

She looked at ning Qing. Qingqing, I know that you're very sad that something happened to Yuan 'er, but this has nothing to do with Chi' er. Both of them met with accidents in different places. Yuan 'er was in Yingcheng, while Chi' er was in the capital.

Ning Qing gritted her teeth. he clearly captured me in Ying city and wanted to take me to death with him. It was my sister who came forward to stop him!

Lou Si was speechless.

The man from before spoke again, " how can we believe you without evidence? "

The resentment in ning Qing's heart rolled, and she looked at Lou qingyue with even colder eyes.

She really had no evidence.

After the accident, everyone was busy saving people.

The Lou family was so powerful that they secretly took away Lou Chi's body from the morgue without leaving any traces.

Except for the victims who were covered in wounds!

"What does this have to do with today's family head election?" someone else asked.

"Don't talk about something off-topic,"

"....."

There were tears in Lou qingyue's eyes, but she smiled at ning Qing in disdain.

Ning Qing clenched her fists and had no choice but to stop the conversation.

what I'm trying to say is that my sister's current condition, as well as her future, is highly uncertain," she said: the doctor has already determined that there's: 90% chance that she won't wake up again.

There was another round of discussion.

The old man who had been adhering to the ancestor's teachings looked at ning Qing. girl, you can't say such things!

[Chapter 1139](#)

1139 The eldest daughter of the second branch, the first daughter of the family (1:

Ning Qing replied respectfully, " third great-uncle, I'm just stating the doctor's exact words. There was a chance for her to wake up a week after the operation, but no one woke her up.

The old man's expression became angry.

so, even if you want my sister to inherit the position of the family head, she can't do it.

Everyone was silent and looked at each other.

"Therefore, it is impossible to succeed the throne according to the so-called ancestral teachings."

The white-haired old man looked at her with a serious expression. since you're willing to stand up, girl, do you have a solution? "

Ning Qing's eyes were as clear as water, and her tone was gentle without any sense of oppression.

"There is no solution, but everyone can have one more choice."

"What choice?" Someone asked.

Ning Qing held her head high. me.

"....."

Lou Weiwei looked at her and chuckled. you? ” What did that mean? Does this little girl also want to become the clan head?”

Ning Qing’s lips curled up. I don’t really want to. I just want to give my opinion.

“.....”

I thought that my elder sister, as the eldest daughter, could not inherit the position of the family head. In that case, as her younger sister and the daughter of the current family head, I am also qualified to inherit the position.

“Preposterous!”

The man on ning Qing’s right slammed the table and said loudly, ” for generations, only the eldest daughter has succeeded to the throne. When has there been a precedent of a second daughter being elected as the head of the family? ”

“Don’t even mention running for the election. Little girl Qing, you have no right at all.”

that’s right. The second daughter was chosen as the family head. Wouldn’t people laugh their teeth off if they heard about this? ”

“.....”

Lou qingyue and Lou si were a little nervous when ning Qing said she wanted to participate in the election.

At present, everyone was against it. Even those who were stubborn about the ancestral teachings at the beginning were silent.

Lou Si’s lips curved upwards as this situation was within her expectations.

Without Lou LAN, a mere second-rate girl like ning Qing would be dreaming if she thought that she could cause a splash!

so, as the daughter of the second branch, does that mean that Lou qingyue is qualified to be the head of the family? ” ning Qing asked calmly. She seemed to have expected them to do this.

Lou qingyue froze. elders, on account of my many years of service to the Lou family, you have all acknowledged my ability. Furthermore, I am confident in my own ability. If I am elected as the family head, I will definitely be able to lead the Lou family to greater heights!

The few people below nodded.

“Well said.”

“Qingyue is capable.”

Ning Qing said, ” but she’s the daughter of the second branch. Logically speaking, she’s not the daughter of the master. How could she have the qualifications to ascend to the position of the master? ”

The man from before sneered, ” as the second daughter, you asked to participate in the election. Why can’t qingyue? ” Besides, if word gets out, she’s at least the eldest daughter.”

Ning Qing's face darkened.

Someone continued, "that's right, since we don't care if she's the eldest daughter of the second branch or the second daughter of the master, isn't she still allowed to participate in the selection?" We'll just vote for the person we think is up to the task based on the opinions of all parties."

"That's right, don't make it more and more complicated."

"....."

Someone looked at the most experienced old man. third brother, what do you think? "

The white-haired old man pursed his lips and frowned. After thinking for a long time, he looked meaningfully at ning Qing and Lou qingyue. He did not object.

The man laughed and tried to smooth things over.

"Alright, alright. Everyone should know what they're doing. Let's not waste any more time and vote."

"....."

Lou si waved her hand and someone took a pen and paper from the side and handed them out to everyone.

Ning Qing's heart sank again when she saw this.

"Everyone, let's follow seventh uncle's suggestion," Lou si said.

She looked at ning Qing. sit down.

Ning Qing straightened her neck and slowly sat back down.

Lou qingyue stood opposite her and observed her expression. Her expression became more and more arrogant.

She thought that ning Qing was nothing more than this, but she still had the face to fight with her for the position of master?

What a joke!

Even Lou LAN had been detained. She had lost her only chance of winning, yet she still dared to return to the Lou family alone.

Ha.

She was determined to become the head of the family. As for ning Qing and Qianqian, once she became the head of the family, she would make her and Lou si suffer!

"....."

In her seat, ning Qing's hands were clenched tightly, and a thin layer of sweat seeped out.

Looking at the situation, she really didn't have any chance of winning.

Unless Nian lie could rush back with that person.

But did Yingluo really find her?

Ning Qing panicked and accidentally met someone's gaze.

It was Lou Weiwei.

The man's eyes were slightly squinted, but they were bright and full of energy. Unlike his frivolous attitude just now, he looked very serious at this moment.

Seeing that ning Qing was looking at him, he smiled and raised his hand to write his name.

Then, he raised his eyebrows at her.

Ning Qing,"Zhenzhen."

In terms of bloodline, Lou Weiwei was her little uncle.

He was the youngest of Lou Lan's generation and only appeared to be in his early thirties. He rarely appeared in the Lou family because he did not like the habits of the Lou family.

Ning Qing had read some information about him last night, but she still knew very little about him.

"....."

She secretly glanced at him again, but the man was still looking at her.

Ning Qing frowned. Why was this man so strange?

The conference room was very quiet, with the occasional whisper.

Ten minutes later, Lou si ordered someone to keep the paper in her hands.

"Since it's an internal family election, there's no need to be anonymous. I'll announce it directly," she announced.

"....."

She picked up the first one and glanced at it. voting for the current family head. Lou qingyue, one vote.

Behind him, the guard drew a line on the display board.

Lou si placed down the first card and continued.

"Lou qingyue, two votes."

Lou qingyue, three votes.

"....."

Until the first character was drawn, there was no name other than Lou qingyue in the hall.

Lou si glanced at ning Qing with obvious smugness.

However, the next second, her eyes returned and her lips twitched.

Everyone looked at her, and she had to maintain her composure.

After she finished speaking, she looked at Lou Weiwei.

The man looked at her with a smile, and she couldn't see any sincerity in his smile.

Lou si suppressed her anger and changed to another one.

In the end-

"Ning Qing, two votes."

Ning Qing did not expect this to happen. For a moment, she did not know whether to be happy or glad.

Then, the situation was reversed.

"Ning Qing, three votes."

"....."

"Ning Qing, five votes."

...

"Lou qingyue, six votes."

"Ning Qing Qianqian."

"Lou qingyue, Qianqian."

The names of the two people echoed in the air. It seemed that under such circumstances, the two were fighting endlessly.

On the display board, there were already nine lines under their names. When Lou si saw that each of them had nine people supporting them, she couldn't help but panic.

What was going on with these people?

How could there be so many people supporting ning Qing?

This was impossible!

Lou Si was originally very confident. However, at this moment, as she held the last note in her hand, her heart started to waver.
