

Mr Nian 1211

[Chapter 1211](#)

1211 Setting out to look for the child (1:

For example, to Lou qingyue, his tactfulness and forbearance would only make her worse.

Only ning Qing's straightforwardness and violence could deter her.

Ning Qing lowered her head and blushed.

Nian lie lifted her chin and said, " I've seen how much you've grown in the past year. Ah ning, be more confident. You're a good person and you're great. You're not the same person as before.

"No, I'm still me!" She blurted out anxiously, but when she saw his deep black eyes, she looked down again.

Nian Xi lowered his head slightly.

Ning Qing's heart beat violently, and she was as flustered as a seventeen or eighteen-year-old girl who had just experienced love.

Nian lie suddenly stepped back, his eyes filled with a teasing smile. you're already the mother of your child, yet you're still so shy.

Ning Qing's eyes flickered. we'd better go and pick up the child earlier.

Nian lie planted a kiss on her forehead and pulled her into his arms.

"Alright, we'll go and bring him back now."

*

Two days later, in C nation.

In a small mountain town near the border.

A group of people wearing thick down jackets and Anti-slip Boots walked through the snow.

are you sure it's on the mountain? " Nian Jin asked the person behind him as he supported ning Qing.

Lu Zhui was also having a hard time walking. I've interrogated that person. Ever since Lou qingyue was caught by us, he couldn't contact her. So, he brought the young master to this small wooden house on the mountaintop. Every week, he would only send him some food and warm clothes at a fixed time. It was all for the sake of deceiving people.

Ning Qing's heart ached when she heard this.

She held Nian lie's hand and said, " Nian lie, this child has been in Lou qingyue's hands all this time. Will he be abused? will he be tortured? "

She choked and could not continue.

Through the thick gloves, Nian Xi held her hand tightly.

“After we find him, we’ll give him the best home.”

There was him, there was her, there was youzi, and there was also his loving Grandpa and Grandma.

Ning Qing sniffed her nose, which had turned red from the cold. it’s been five years. I’m afraid he’ll hate our ran ran.

Nian lie caressed her head. ah ning, don’t think too much.

Ning Qing’s heart ached at the thought of the child who had left her when she was young.

She couldn’t help but curse in anger, “it’s all the fault of Lou qingyue and Lou si!” If it wasn’t for them, I wouldn’t have thought that he was gone and wouldn’t have stopped looking for him!”

She was furious when she thought of the woman who was locked up in the Lou family.

“She shouldn’t have been allowed to enjoy such a good life. She should have been punished and tortured!”

When Lu Zhui heard this, he suddenly recalled what he had heard.

He quickened his pace. young Madam, I heard that you used other methods to force the information out of her? ”

“Yes, but she deserved it,; ning Qing said coldly.

Lu Zhui glanced at Nian lie and mumbled, “but young master, aren’t you ready? why is it you, Qianqian?”

The wind was so loud that ning Qing did not hear it clearly. what did you say? ”

Lu Zhui shook his head and said loudly, “ I’m fine. Be careful of where you step. The snow is thick and there’s ice below. You’ll slip easily.

Nian lie was also afraid that something would happen to ning Qing, so he asked Lu Zhui to help her walk.

Ning Qing had refused at first, but when she was halfway up and she had no more strength left, she realized that they had made the right choice.

The snow Mountain itself was not tall, but because it snowed all year round and the wind was strong, the resistance to climb up the mountain was also greater.

Therefore, by the time they reached the top of the mountain, the sky had already darkened.

After sending people into the forest to search for a while, ning Qing and Nian lie stood in an open area.

[Chapter 1212](#)

1212 The sudden arrival of danger (1:

Lu Zhui opened the thermos and gave ning Qing two sips.

Nian lie stood at the side, looking at the distant mountains in the snow and the White mist at the foot of the mountain. His gaze was distant.

Ning Qing walked over. What are you looking at? ”

Nian Xi paused. nothing.

Ning Qing looked at his tall and slender figure. She remembered that he had been helping her along the way. She frowned and asked, " how's your leg? "

: I'm fine. I'm almost done,"Nian lie said:

"But we've walked so far today, and it's a snowy road." The more she spoke, the more worried she became. let me take a look.

Nian Yu smiled. it's so cold here. How do you want me to show you? "

Ning Qing was about to say something when a voice from the forest said, " I've found it.

Nian lie's eyes turned cold. He held the excited ning Qing's hand. let's go!

As they passed through the forest, ning Qing said,"walk slower, your legs are weak."

Nian lie turned around, his dark eyes glistening.

"Ning, don't you want to see him soon?"

It went without saying who this 'he' was.

Ning Qing pursed her lips that were almost frozen. ran ran, your legs won't be able to take it.

Nian Yu gave her a reassuring smile. trust me, I know what I'm doing.

Ning Qing's heart slowly calmed down, but when she thought of her child, her heart became excited again, but also uneasy.

She asked,"do you think he'll hate us? what if he doesn't acknowledge us?" Nian lie, I'm a little scared."

Nian Xi held her, his steps uneven. don't be afraid. I'm here.

"....."

no matter what, he's still our son. It's normal for him to have any reaction when he doesn't know us all these years. Ning, don't mind his reaction when we first met him. What we need to do is to bring him back.

Ning Qing agreed and breathed heavily. that's right. We still have a long time ahead of us. Youzi is still at home waiting for us to bring her brother back.

She could not back down.

When they looked at each other, they could see the determination and decisiveness in each other's eyes.

When they reached the snow-covered wooden house, their people had already surrounded it.

Nian lie and ning Qing looked at the small door. As the sky was getting dark, the light of the fire inside could be seen faintly.

Ning Qing tried to hold it in, but she still could not. how can you let a five-year-old child live in such a place by himself? ”

She could not imagine what her son had gone through in the past five years!

Lu Zhui also cursed in a low voice. I’ve already looked around. There are no traces of other people. There’s only someone in the wooden house.

Nian lie was calm for the first time in his life, while ning Qing’s emotions were getting the better of her. She rushed to the door and was about to push it open.

Nian Xi held her hand.

She turned around.”Nian lie, Qianqian.”

The man was calm and his eyes were deep.

“I’ll do it: ” he said:

Ning Qing didn’t know why, but she still did it.

“Move back a little,” Nian lie said.

She didn’t move, so he shifted his position and stood in front of her. He took off his heavy gloves and reached out to the door.

Behind him, Lu Zhui and ning Qing’s eyes were filled with anticipation.

“Squeak-”

Following the sound of the wooden door, the moment the door opened, a small figure rushed over.

Nian lie grabbed his collar and was about to push him away when his red face came into view.

He stopped for only an instant.

Lu Zhui saw the child’s movements clearly. young master!

“Pfft!”

The sound of the blade cutting into flesh could be clearly heard. Nian lie’s body stiffened.

Ning Qing shouted,”no-”

The child was wearing a thick cotton coat and a hat that covered his head. He stabbed the knife into the chest of the man in front of him.

[Chapter 1213](#)

1213 A huge explosion (1)

When he raised his head, his cold eyes were exactly the same as Nian lie’s.

“Let him go!”

Ning Qing screamed and tried to push the child away.

However, before she could touch him, Nian Yu's eyes narrowed. He noticed something in his other hand, and the usually calm man panicked.

"Don't come over!"

He turned around and ruthlessly pushed ning Qing and Lu Zhui away, and the two of them fell into the snow.

Lu Zhui also realized something and shouted, " oh no, get down! he turned over and stood in front of ning Qing.

"Bang!"

The huge explosion startled the birds that were resting in the forest. They flapped their wings and left the place.

The entire world fell into a dead silence.

*

The capital, the Lou family.

The back door was heavily guarded.

A tall and thin woman wearing a maid's uniform and a mask came out of the main building and walked out quickly.

The guard stopped her. what are you doing? "

The woman lowered her head. miss wants to eat shortbread from the East Street.

"No,"

The guards did not allow it, because ning Qing had told them before she left that no one was allowed to leave the manor without permission.

The helper looked up with a pleading expression. but miss has been in a bad mood since master and Sir went out. It wasn't easy for us to persuade her to eat something. If we can't buy it, miss will be sad.

The guard hesitated for a moment and looked at her several times.

The other party looked straight at him, without any fear.

The man thought for a moment. just 20 minutes. Don't come back too late.

"Okay, thank you."

The woman lowered her head and quickly walked out.

A car happened to pass by. She reached out to stop it and got in.

When they were far away from the manor, the woman took off her mask. It was Lou qingyue.

Her face was cold. how's the matter? ”

: It's done: “the driver replied:

Lou qingyue's eyes lit up. Then, she revealed a vicious smile.

Ning Qing, Nian lie, you want to fight me?

Hehe.

since you want to see your son so much, I'll fulfill your wish. Yingluo, you have to thank me for raising your son so well. I've only just met him for the first time, and I'm already letting your family of three reunite in hell.

As soon as she finished speaking, she lowered the window and threw the mask out.

The items without any support fluttered in the wind and fell to the ground.

It was run over by the next car.

“It's time to pick her up.”

“Yes.”

The car turned around and set off in the other direction.

[a week later, Lou qingyue brought Lou si out and settled her in.]

are you sure that the child has dealt with them? ” Lou si asked. After being locked up for so long, she had lost quite a bit of weight.

Lou qingyue replied respectfully, ” of course. They and the team that went with them have not returned. The Lou family has sent people to look for them, but there is no news.

If there was no news, didn't that mean that their fate was unknown?

Lou qingyue laughed. mother, don't worry. That Snow Mountain is deserted. The explosion might cause an avalanche. Even if ning Qing and Nian lie can escape from that child, they can't escape from the ice and snow.

Lou si nodded. However, she was more cautious than Lou qingyue.

“Ning Qing is easily swayed by her emotions, but that man might not be so.”

“.....”

She looked at Lou qingyue and ordered, ” you'd better follow them and take a look. If they really don't come back, I'll arrange the next step of the plan.

Lou qingyue wasn't too willing, but she still made preparations according to her instructions.

A day later, she arrived in C nation.

However, as soon as she got off the plane, she was knocked unconscious and taken away with her head covered.

[Chapter 1214](#)

1214 You killed your own child (1:

“.....”

In the empty room, Lou qingyue woke up with a headache.

Her eyes were once again covered with a black cloth, and her hands and feet were tied up.

“Who is it? You have the guts to kidnap me and not dare to show up?”

She randomly shouted in a place. This cold and creepy feeling was exactly the same as when she was in the Lou family’s confinement room.

She was so afraid that her teeth were trembling. do you know who I am? If my mother finds out that you’ve kidnapped me, you’ll be dead! If you know what’s good for you, quickly let me go!”

As soon as he finished speaking, he heard footsteps.

Lou qingyue straightened her back and waited for the person to come closer and remove the black cloth in front of her.

She narrowed her eyes and took a few seconds to get used to it.

The woman’s cold words went from top to bottom.

“I really want to see what you mean by” only death.””

“.....”

Hearing this, Lou qingyue’s back stiffened.

She looked up in disbelief, and when she saw the face of the person who came, her eyes shrank and she was extremely frightened.

“You’re not dead?”

Ning Qing’s eyes drooped, and her cold gaze shone on the woman.

“This is indeed your scheme!”

Lou qingyue shrank back in panic. so what if it’s me? you’re not dead? you’re not dead? then, are you all fine? ”

Ning Qing sneered. She crossed her arms in front of her chest. what do you think? ” she said ambiguously.

Lou qingyue’s thoughts were in a mess.

“Impossible, Yingluo, how can you guys be fine? That child had been trained, he would definitely kill him! How could you still be alive?”

She mumbled to herself, not noticing that ning Qing was already trembling.

As expected, it was something that this sinister woman would do!

Using a child as bait, and even using himself as a human bomb!

If Nian lie's reaction had been fast enough, they would have lost their lives on that snowy mountain!

Ning Qing's face turned red as she recalled the scene that day.

"Lou qingyue, you're really ruthless! In order to get rid of me, even a child was used!"

Lou qingyue seemed to have regained her senses. Her eyes flickered. what did you do to that child? "

Ning Qing's face was cold. he has a bomb in his hand. What do you think will happen to him? "

Lou qingyue paused. he's dead? "

"....."

Ning Qing stared at her indifferently. She was in a daze for a few seconds, then laughed wildly.

Ning Qing's face darkened. what are you laughing at? "

Lou qingyue was out of breath. She laughed and fell on the bed, forcing out her natural tears.

"Ning Qing, you've done well!"

"....."

She stopped smiling, and there was a crazed and twisted smile in her eyes. you killed your own child with your own hands, hahaha! He's your son, so what if you're fine? Seeing the son you've been looking for so long die in front of your eyes, you're still in the dark!"

"Is he really my son?" ning Qing asked through gritted teeth.

Lou qingyue laid on the bed, not caring about her image at all.

"Yup! I waited for you to give birth to him eight years ago. I thought that if it was a girl, I could use her to help me seize the position of the head of the family. Unfortunately, he's a man, so he has no value."

Ning Qing's eyes were dark. so you just ignored him? "

"At first, I wanted to throw him away and let him run his own course, but I thought of you."

Lou qingyue looked at ning Qing from a distance, the malice in her tone undisguisable.

I was thinking that if I failed one day, he could be my life-saving charm. So far, he has done it, and not only did he protect me, but he also caused you a serious injury that you can't recover from for the rest of your life!

[Chapter 1215](#)

1215 I've disappointed her (1:

"....."

“I don’t think you’re in the mood to pick up his flesh and limbs for testing, right?”

How could they have thought that the person who wanted their lives was actually the son that they had missed so much?

Lou qingyue grinned. ning Qing, now that you know the truth, do you feel very heartbroken? ” Do you regret coming to find him, hmm?”

Ning Qing glared at her without saying a word.

Lou qingyue smiled again. why isn’t Nian lie here? ” It’s a pity that he’s not here. No one can accompany you to share this bone-eroding and heart-burning pain. Oh right, he couldn’t have been injured, right? If he’s really injured, then I’ve really made a big profit.”

“.....”

“A child in exchange for you being sad for the rest of your life. It’s worth it.”

Ning Qing finally couldn’t bear to listen any longer. She stepped forward and pressed her down, slapping her face harder and harder.

“You’re really vicious! You’re even willing to use your child!”

Lou qingyue didn’t even Dodge. it’s not a loss if I can take your life! Who asked you to be like your mother and sister? if it wasn’t for the Lou family’s rules, how could you be the head of the family? how?”

because I’m more humane than you, because I know the fickleness of human nature, because I’m not a machine that works coldly!

After ning Qing shouted this, she clutched her throat.

Lou qingyue was still laughing. you don’t have the ability to take my life. Don’t put on an act here.

Ning Qing wanted to strangle her, but she could not do that.

What she wanted was for her to repent and suffer for a lifetime!

Didn’t she just hate to see her win?

Then she had to win. She had to win in front of her for a lifetime!

Ning Qing retracted her hand and moved away from her.

Lou qingyue had an expression of ” that’s all “. Her clothes were in a mess, her hair was in a mess, and her cheeks were swollen beyond recognition.

“You can’t kill me,: she said: panting:

Ning Qing smoothed out the creases on her clothes. you’re not worth my time.

Hmph! Lou qingyue snorted. besides, I don’t have enough reason to take your life now.

Lou qingyue paused and narrowed her eyes. what do you mean? ”

Ning Qing looked down at him. I mean what I said.

She wriggled her body like a green worm, completely losing her image.

She struggled to sit up with difficulty, her expression uncontrollably ugly.

“What literal meaning? I had someone inject a slow-acting poison into your mother, which indirectly caused her death. I had someone kidnap your adoptive parents and sister, causing your sister to fall off a building and die again. I even let you watch your son die in front of you. Isn't that enough?”

What was this woman thinking?

Lou qingyue couldn't see her clearly.

Ning Qing listened to her words, and the pain in her heart deepened.

the first two incidents did make me want to kill you several times. However, you will slowly receive your retribution, and I will not dirty my hands.

Lou qingyue glared at her. what retribution are you talking about?!

“Didn't you feel any changes in your body during the week you were released from the confinement unit?” ning Qing asked softly.

Change?

Lou qingyue was silent. Many scenes flashed through her mind. in order to find out the whereabouts of the child, didn't you find me the best doctor? ” And in her daily life, it was the servants who took care of Yingying's changes? What change can I have, Yingluo?”

“You really don't?”

Ning Qing asked.

“.....”

She was too lazy to beat around the bush. by right, you should be feeling weak in your limbs and sleepy all day long. Sometimes you can't use any strength, sometimes you're sleepy, and it's easy for you to forget things.

[Chapter 1216](#)

1216 Do you also know fear (1:

Lou qingyue's brain felt as if it had been struck by lightning. you're stunned. Why are you stunned? ”

“How would I know?”

Ning Qing's expression was frosty and frighteningly cold.

“Because you've been poisoned,”

impossible! Lou qingyue's eyes widened as she subconsciously retorted. impossible!

the medicine that the doctor prescribed for you every day contains a slow-acting poison, and there's quite a lot of Hanhan in it.

Looking at Lou qingyue's ashen expression, ning Qing was still unwilling to give up.

Nian lie knew that you wouldn't tell us the whereabouts of the child so easily, " she said. that's why he kept this up.

This was what Lu Zhui had told her after the incident.

She had originally thought that Lou qingyue had manipulated Nian lie, which was why she had been so agitated when she had interrogated him about the child's whereabouts.

But who knew that he had always been paying attention to this matter and had never thought of protecting Lou Qing Yue.

Lou qingyue regained her senses. She was so ferocious that she didn't look human at all.

"You guys are so vicious! You actually drugged me!"

Ning Qing did not deny it. yes, I have to tell you that not only did we drug you, but it was the kind that you are familiar with.

Lou qingyue's nerves broke and she shivered,"it's Zhenzhen, it's Zhenzhen."

"It's the medicine you used on my mother."

The woman was as stiff as wood.

Ning Qing's eyes were filled with hatred. you've let me down, let my sister down, and let the entire Lou family and my mother down! Therefore, you must have a taste of the heart-burning fire that my mother had to endure!"

"Ning Qing, you're so cruel!" Lou qingyue shouted in anger.

"Can I be more ruthless than you?"

If she had given her a way out, she would not have been able to do this!

Lou qingyue was afraid and shed tears. Qingqing, I deserve to die! I'm the one who doesn't know what's good for me. I beg you, don't do this to me. I'll be tortured to death by that poison, please don't use it on me, okay?"

She fell to the ground and grabbed ning Qing's pants like a worm.

"I was wrong! Just give me a quick death and don't torture me!"

Tears welled up in ning Qing's eyes, not only from pain but also from anger.

"You also know fear?"

"I know! I know! It's my fault, it's my wishful thinking, don't treat me like this, I don't want to use any medicine! Please let me go!"

Ning Qing kicked her away angrily. Lou qingyue, when you begged me to let you go, did you ever think about letting me and my family go?!

She had forced her mother to her death and caused her sister's death, and now she was telling her to let her go?

"There's one more thing I need to tell you."

Lou qingyue turned around. Her heart was like dead ashes. She was still unwilling to give up. what? "

you said that my son is dead. In fact, he is not dead. Not only is he not dead, but he is still alive and well. He has returned to my side.

Lou qingyue's eyes were dark, and she couldn't speak.

Ning Qing looked at the woman who was prostrating on the ground. from now on, my life will be in my own hands, and you will spend the rest of your life in this pain!

It would be best if he could repent for his entire life!

After saying that, she turned around and left without any hesitation.

In the room, the figure on the ground gradually fell down.

Outside the door, the doctor walked in. The guard behind him was holding a plate. Inside it was a syringe as thick as a finger.

Lou qingyue stepped back in fear and shook her head. no! Don't come over!"

just cooperate, " the doctor said. otherwise, you'll be the one suffering.

"No! I don't want the injection, I don't!"

"Ah!"

The sharp scream was covered by the closed door.

[Chapter 1217](#)

1217 The rebellious son (1:

Ning Qing was standing outside the door.

She didn't feel sorry for him at all. Instead, she felt an indescribable emptiness and desolation.

At the side, Lu Zhui's left hand was hanging in front of his chest. He walked forward and said, " young Madam.

Ning Qing sniffled. is he awake? "

He was referring to Nian lie.

Lu Zhui lowered his head. No.

Ning Qing couldn't help but feel disappointed. That day, Nian lie was the first to discover the bomb in the child's hand. He turned and pushed ning Qing and Lu Zhui away. In order to prevent others from being injured, he reached out to grab the bomb and ran into the house at the same time. This was the only way that the explosion wouldn't spread.

Fortunately, the child was not strong enough. He grabbed the self-made bomb and was about to throw it into the house, but he did not escape in time and the bomb exploded.

At the first moment, he held the child in his arms tightly and used his body to shield him from the falling building.

There was no avalanche after the explosion.

Ning Qing wasn't injured. Lu Zhui had injured his left hand, but the others were more or less affected.

Nian lie seemed to have anticipated this. Half an hour after the explosion, the rescue team at the foot of the mountain rushed over and rescued everyone down the mountain.

However, Nian Yu was the most severely injured among them.

After several twists and turns, they were finally transferred from that small town to the best hospital. After full treatment, Nian lie's life was no longer in danger. He just didn't wake up.

Lu Zhui looked at the frustrated ning Qing and comforted her. young Madam, don't be too anxious. The doctor said that young master is already recovering. When the blood clot in his brain dissipates, he will naturally wake up.

Ning Qing was exhausted from the past few days. She nodded. thank you, Lu Zhui.

The man shook his head and hesitated. do you want to go and see the young master? he's not in a good condition.

At the mention of that child, ning Qing's feelings were a little complicated.

When Nian lie was first rescued, he was already unconscious.

However, when she walked over, he took her hand and said, " you must do a paternity test. then, he fell unconscious.

The child was safe and sound, only slightly injured.

She did as Nian lie had told her. After finding out that he was their child, she felt nervous, excited, and uneasy.

This was because this child's every move was too abnormal.

Ning Qing thought for a moment. he's still not cooperating? "

Lu Zhui was vexed. the young master is very vigilant. He doesn't allow anyone to get close to him, doesn't reply to questions, and doesn't even eat anything.

Ning Qing pursed her lips. I'll go and see him.

The two of them came to the room at the other end of the corridor. The servant carried the food and called out, " Madam.

Ning Qing took the plate. I'll do it.

He then pushed the door open and entered.

"Mo Han?"

She called out, but no one answered.

She walked in and found that the child was lying on the bed.

She took the food over and put it on the bedside table. She sat on the edge of the bed and gently patted the bulging back. Mo Han Xuanji.

The person under the blanket suddenly jumped up. The bright knife and the cold little face came into ning Qing's sight.

She widened her eyes and leaned back.

Seeing that he had missed, the boy quickly pulled horizontally.

"Swish-

Ning Qing felt a pain in her arm, and then Lu Zhui's cry was heard.

"Young Madam, be careful!"

She was pushed to the back and the boy was held down by two of her men.

"Call the doctor, quick!" Lu Zhui shouted anxiously.

Ning Qing looked at the wound and stopped him. no need. It's just a small injury.

She looked at the boy who was pressed down on her back. His pale and sickly face was stuck to the quilt. He gritted his teeth and struggled. let me go!

[Chapter 1218](#)

1218 My name is Lou Mohan, not Nian

"Let him go," ning Qing said.

Lu Zhui disagreed. he doesn't even recognize his family now. Be careful. He might hurt more people.

"Take the knife away. Everyone should be more careful in the future. Don't give him such a dangerous thing."

Ning Qing ordered.

"Alright, you guys can leave."

Lu Zhui was shocked, 'young Madam, you can't! Your injury hasn't been treated yet, and little young master is feeling sad."

“No need to say anything, I know what I’m doing. Go out.”

Lu Zhui couldn’t argue with her. He gritted his teeth and looked at the boy with a complicated expression.

then you have to be careful. I’ll be standing guard outside the door. Call me if you need anything.

“Alright,” he said.

The group went out again.

Ning Qing watched them close the door and turned to look at the boy.

She waved at him, “ Mo Han, come to mom.

The boy’s eyebrows didn’t move.

Ning Qing didn’t argue with him about what had just happened and was still gentle. you’re still young and growing. You have to eat well.

The boy glanced at her. I don’t need you to care about me.

Ning Qing pursed her lips. I’m your mother. I have the responsibility and the right to discipline you.

“You’re not my mother!” The boy’s face turned red as he roared. I only have one mother, and her name is Lou qingyue!”

At the mention of Lou qingyue, ning Qing’s eyes darkened.

She didn’t want to scare him, so she tried to be gentle. I told you, she’s a bad person. After I gave birth to you, she took you away from me and lied to me that you were dead. It was only a few days ago that she told the truth, and your father and I rushed to find you.

The boy remained unmoved. don’t try to lie to me. My mother said that no one in this world can be trusted except her.

Ning Qing’s lips stiffened. but I’ve shown you a DNA test. You’re my biological son.

The boy’s face was taut, and his side profile looked exactly like Nian lie’s.

Ning Qing was in a daze. you and your father look a lot like ran ran.

“He’s not my father, and you’re not my mother!”

The boy’s eyes were filled with anger and resentment, like an angry little beast.

“You’re all bad people. You hurt my mother. You all deserve to die!”

Ning Qing was also a little anxious. yes, you’ve not been by your father and me since you were young. It’s okay if you can’t accept us for a while. I can give you time. But Nian Mohan, you’re not allowed to curse me, and you’re even more allowed to curse your father!

“My last name is Lou, not Nian!”

Ning Qing stood up, her tone a little heavy.

"It's one thing for you to stab your father, but have you forgotten that he was so badly injured because he was trying to protect you?"

The boy's Black eyes moved. I didn't ask him to save me.

"He saved you because you're our son," ning Qing forced herself to explain calmly.

"I said I'm not!" Lou Mohan retorted stubbornly, " my mother's surname is Lou. She's called Lou qingyue. My name is Lou Mohan. You captured my mother. I want to take revenge for her!

With that, he raised his fist again and rushed towards ning Qing.

Although he had been trained, ning Qing was still an adult. His strength and speed could not be compared to her.

Ning Qing got up and dodged, but he was caught off guard and bumped into the bedside table. The plates fell and the food spilled all over the ground.

Ning Qing's patience had finally reached its limit, and her eyes were spitting fire.

"You don't want to eat?"

Lou Mohan was only a five-year-old child. In the face of her anger, he blinked and didn't look at her.

"Alright!"

Ning Qing nodded repeatedly, but Wen Wen was not there.

"Since you're not hungry, then you don't have to eat."

[Chapter 1219](#)

1219 Nian Xi awakens _1

"....."

She turned to leave, but when she sensed the gaze behind her, she stopped at the door.

you're my son, and it's not wrong for me to owe you for the past few years. I'm willing to use my entire life to make it up to you, but that's not a reason for you to hurt me and your father.

"....."

you better think it through. If you still can't figure out who your parents are, then you can just stay hungry.

Ning Qing left without hesitation after saying this.

In the room, the boy looked at the door and then back at the food on the ground.

His dark eyes were misty.

She was aggrieved, stubborn, and cold.

He walked to the bedside table, squatted down, and picked up the plate. He also wanted to reach out to pick up the food.

Finally, he stood up angrily, lifted the quilt, and got in.

*

At night.

Nian lie had already woken up. Ning Qing was overjoyed and had someone prepare food.

Beside the bed, ning Qing fed Nian Jue the porridge.

The man was very weak and couldn't eat any more after eating a little.

Ning Qing did not force him, and the two of them were silent for a while.

"I was worried that something would happen to you," Nian lie took the initiative to ask.

Ning Qing shook her head. Lu Zhui was in front of me when the explosion happened. I'm fine, but his hand is injured.

Nian lie's dark eyes turned gentle. this kid, he did well. I'll make it up to him in the future.

Ning Qing held one of his hands. Nian lie, you have to promise me one thing. Don't do this again.

Hearing her soft cries, Nian Yun panted and said: "I'm fine. It's just a small injury, Huanhuan.:

you've been lying in bed for a week. Do you know how worried I've been for you? "

Ning Qing was angry and heartbroken, and she couldn't stop her tears.

Nian lie sighed. He raised his hand with difficulty and wiped the corners of her eyes.

"I'm glad I pushed you away."

Ning Qing's nose soured even more. what are you saying? we're husband and wife. We should share our difficulties.

Nian lie's lips curled up slightly. This small movement tugged at the wound on his chest, causing him to sweat profusely from the pain.

Ning Qing stood up, worried. be careful!

Nian lie wrapped his arm around her waist and kissed her on the lips. ah ning, you might not understand, but between you and me getting hurt, I always hoped that I would be the one getting hurt.

Tears welled up in ning Qing's eyes. it's better if you don't get hurt. I don't want to see you get hurt either. I'll be worried.

"....."

"Nian lie, in the future, don't do such dangerous things personally, okay? I'm afraid that one day, if something really happens to you, what do you want youzi and I to do, Yingluo?"

Nian lie's eyes glazed over slightly as the figure of that boy flashed through his mind.

I was just suspicious," he said patiently. it would be so dangerous if I didn't find it.

Recalling the scene that day, ning Qing also felt strange.

"How did you know there was danger inside?" she asked curiously.

Nian lie's thoughts stopped. on the way up the mountain that day, I noticed the tracks of car wheels on the other side of the road. It looked like someone was rushing up, but I didn't think too much about it at the time.

He didn't expect that such a young child would know how to use a bomb and a knife.

Ning Qing focused. it must be one of Lou qingyue's men. She must have ordered Mo Han to attack us!

Nian lie had just woken up. He was a little confused when he heard the unfamiliar name. Mo Han?"

Ning Qing returned to her senses. yes, Nian Mohan, our son.

Nian lie thought of the boy. has Yueyue confirmed it?"

[Chapter 1220](#)

1220 My mother is Lou qingyue, not you (1:

I've already sent someone to do a DNA test. It's definitely our child.

Ning Qing gently leaned on Nian lie's shoulder and said emotionally,"Nian lie, the child from five years ago has finally returned to our side. It's just that Zhenzhen"

She paused subconsciously, which made Nian lie realize that something was wrong.

He stroked her back and asked gently,"what's wrong?" He's disobedient?"

Ning Qing was a little disappointed. She didn't even know how to tell him the truth.

Their child did come back, but he didn't acknowledge them. Instead, he wanted to hurt them.

Nian lie could feel her bitterness. His expression turned serious. he's been away for too long. Lou qingyue definitely doesn't treat him well. He grew up in a terrible environment. He must have suffered a lot.

Ning Qing's heart ached even more when she heard this.

She was originally a little depressed and conflicted, but now it turned into heartache and guilt.

If it wasn't for her carelessness, how could that child have been stranded outside for five years?

She was an incompetent mother. How could she be so harsh to such a young child and say such harsh words to her?

He would definitely be sad.

Ning Qing quickly pushed Nian lie away. no, I have to go see him.

Nian Xi's face turned pale from the pain. ah ning!

Ning Qing's mind was not on him. After saying, " have a good rest. I'll come to see you later, " she left in a hurry without looking back.

Nian lie was speechless. He clutched his chest and called out in a low voice, " help!

Lu Zhui walked in. young master.

He held his chest and panted a few times. His eyes were cold and sharp. how did her arm get injured? "

When she approached him just now, he smelled something different.

He hugged her on purpose and took the opportunity to see the bandage on her arm.

Lu Zhui hesitated. this Wanwan.

"Speak!" Nian lie shouted.

Lu Zhui summoned up his courage and explained the situation.

The room was eerily quiet.

Lu Zhui's back was covered in sweat. young master, I think that little young master is probably not familiar with you and young Madam. He has also been brainwashed by Lou qingyue. That's why he has such malicious intentions towards you and young Madam.

Nian lie was silent for a long time, the aura around him cold and heavy.

"Yueyue, tell me everything that happened after the child came back."

"Yes."

"....."

On the other hand, ning Qing had reached the door of the room.

The servant who was guarding the door said, " young Madam, the young master didn't open the door at night. He didn't eat either. If this goes on, he won't be able to take it.

Ning Qing frowned. he's not? "

The servant shook her head. Ning Qing was a little troubled.

This child looked like Nian lie, but his temperament was like hers. He was so stubborn that even nine Bulls could not pull him back.

But she had to pull him.

Ning Qing said, " go and prepare some hot food. It'll be here in ten minutes.

The servant bowed and left.

Ning Qing knocked on the door, but no one answered.

She pushed the door open. Mo Han, are you asleep? ”

There was a small light on the bed. The light was dim and the room was quiet.

Ning Qing walked in and kept a distance from him, afraid that he would be as excited as he had been this morning.

I’ve been hungry the whole day, ” she said gently as she pulled a chair over. get up and eat something.

The child did not respond. She took a look at him and found that his eyes were closed. His long, curly eyelashes drooped and his small face was fair and clean. He was much more obedient and likable than he was in the morning.

Ning Qing hesitated, then reached out and tucked the blanket in.

The child woke up with a start, and his eyes were as alert as a Wolf’s. what are you doing? Don’t touch me!”

Ning Qing’s hand was slapped away, but she was not angry. why are you pretending to be asleep? ”

“Other than my mother, I don’t want to see any of you,” Lou Mohan snorted.
