

Mr Nian 171

Chapter 171: My parents value the family's reputation very much, there can't be any taint on it (1:

Inside the car, the sound of the rain outside was isolated.

Lu Zhui said, "young master, miss Bai has started to miss you again these few days." &Nbsp;

In the back row, Nian Jue sat upright.

His sickly face revealed a touch of coldness and gloominess.

"Do you want to go see her?"

"Yes."

The answer was neither warm nor cold.

Lu Zhui sighed and didn't say anything else.

Very soon, they arrived at Bai Qingqing's previous residence.

Nian lie entered the room with a cold air around him. He looked at the messy living room and didn't make a sound.

A woman's voice could be heard from the kitchen.

He gestured to Lu Zhui, who was at the door. Lu Zhui stepped out and closed the door gently.

There was no sound.

Nian lie walked toward the kitchen.

The woman's voice grew louder.

"He hasn't come to see me for a week."

I've used all sorts of reasons. I said that my stomach wasn't feeling well, but he said that he was busy. Sometimes, it was his assistant who answered the phone. I don't think he wants to marry me at all.

"What? He's in the hospital?"

Bai Qingqing was wearing a long white silk dress, and her lower abdomen was already bulging. She held her phone in one hand and a spatula in the other, impatiently pushing the food in the pan.

"He went to see that woman? Isn't he already divorced? why is he still thinking about her?"

"....."

Bai Qingqing couldn't figure it out and threw down the spatula in frustration.

At the door, Nian Xi glanced at the table beside her.

The cover of the magazine was a huge pink diamond, but it had been cut out of shape by scissors.

He had heard everything she said.

: Yueyue: : he shouted in: deep voice before she could get angry.

The woman's body trembled, and her phone fell to the ground.

She turned around, her eyes filled with panic.

"What are you doing here?"

Nian lie walked over slowly. In her anxiety, he bent down and picked up the phone on the ground.

The call was still connected, but the person on the other end seemed to have realized something and stopped talking.

He glanced at the screen, then looked up at Bai Qingqing.

She was so flustered that she didn't know where to put her hands and feet. brother yang, why didn't you tell me in advance that you were coming? "

Nian lie remained silent.

The phone in her hand suddenly cut off.

"Who were you on the phone with?" he asked.

The corners of Bai Qingqing's eyes twitched involuntarily.

She kept telling herself not to panic and forced a weak smile.

the producer from the production team I worked with ran ran before asked me when I would be taking on a role. He has a role that he thinks is very suitable for me.

"Is that so?" Nian lie said in a low voice.

Bai Qingqing swallowed her saliva and turned to face the stove.

He made a sulking gesture.

"You haven't come to see me in a long time. You've forgotten about me and our child. I don't think you want to marry me at all."

The man behind her did not respond.

Bai Qingqing's heart was in her throat, and her palms were sweating non-stop.

She deliberately said, " if you don't want to marry me, don't force yourself. I can raise the child myself. I won't blame you. You don't have to give me a status for the sake of the child.

She said this out of anger, but in reality, she was trying to hide her own panic.

The screen in Nian Xi's hand turned off, and a text message popped up.

don't contact him for now. Be smart and don't talk nonsense in front of him.

He saw the words on the screen and turned off the screen.

He stepped forward and wrapped his arm around her waist.

“Yingluo, don’t let your thoughts run wild.”

“.....”

His voice was very gentle and calm.

It was so quiet that it made one panic.

there are a lot of things to deal with after such an incident. I can’t let the news of the divorce affect our Nian family.

He turned his face to the side and faced her ear.

my parents value the family’s reputation very much. They can’t have any taints on it. So, I have to deal with the negative effects of the divorce. Only then can you marry me in peace, right? ”

Chapter 172: As Long As You Love Me, I’m willing to do anything for you

Bai Qingqing’s heart skipped a beat.

The words that person had entrusted to her earlier seemed to ring in her ears.

try to make him divorce ning Qing first. Then, if he really loves you and wants to marry you, you can marry him.

These words were clearly a tacit agreement.

She had always been the madam of the Nian family, but there was a difference between being recognized and not being recognized.

Of course, she did not want to be like ning Qing and be criticized by others.

If she wanted to do it, she wanted to be the young Madam of the Nian family that everyone acknowledged!

Nian lie’s words, however, revealed that something was wrong.

A thousand thoughts ran through Bai Qingqing’s mind. She pretended to be nonchalant and asked, ” do your parents really care a lot about their reputation? ”

Nian Yun’s eyes darkened, his expression flickering.

“It’s more than that,”

“.....”

as everyone knows, my ex-wife’s family background is not outstanding, but she has never been treated properly by my parents in the two years that she has been married to me. What they want is a daughter from a well-known family, a daughter-in-law who can match my family background.

When he mentioned ning Qing, Bai Qingqing's expression darkened.

She reached out to turn off the fire, her movements already somewhat restless.

then, in your parents' eyes, they definitely wouldn't be interested in a woman like me, who has no parents and is in the entertainment industry, Yingluo.

Nian lie's lips twitched. of course.

Bai Qingqing was stunned by his words and almost fainted from anger.

"Then why did you marry me? your parents don't like people like me!" She said angrily.

Nian Ying held her struggling hand tightly and accidentally pulled on the wound on her shoulder, her eyes turning sharp.

His tone was deep.

Zhenzhen, I'm the one who married you, not my parents. You don't have to be at their mercy.

These words pointed out the deep thoughts in her heart.

If that person was really just using her, then she didn't have to follow her instructions!

As long as she became the young Madam of the Nian family, she would be above everyone else. Who would be able to control her?

Bai Qingqing immediately thought things through and turned around to hug Nian lie tightly.

I don't have to look at their faces. I'm not afraid of being wronged. As Long As You Love Me, I'm willing to do anything for you.

Nian Xi's eyes were ice-cold, without a hint of a smile.

"Don't worry, I won't let you suffer."

After a few words, Nian Jing said that she would find a nanny for her so that she wouldn't have to do all the menial work. Then, she asked Lu Zhui to send her food.

The woman was no longer in a dilemma and happily walked out of the kitchen with the man in her arms.

"You have to come to see me every day from now on. Even if you don't come over, you have to call me and report to me. You can't just leave me here all the time. I'll get angry."

She hugged him and sat him down at the dining table.

Seeing that he didn't respond, she lowered her gaze.

She followed his gaze and her heart almost jumped out of her chest.

He pushed the magazine to the ground, and the pieces scattered all over the floor.

Luckily, the complete pink diamond was not cut into pieces and fell in the most eye-catching place.

what's wrong?" Nian lie suddenly asked. you don't like this type?"

He had sent someone to send this over for her to choose the style of her wedding ring.

However, Bai Qingqing knew that he had given it to ning Qing.

She even felt that Nian lie had done it on purpose.

Bai Qingqing forced herself to laugh.

“Yingluo is okay. She looks good, but I think she’s a little tacky.”

She knew that there were only two rings.

One was in ning Qing’s hands.

The other one had already been thrown away as a prop on the day she returned.

At that time, she had also been impressed by that person’s generosity, but now, it was not a loss to be able to force ning Qing away.

She maintained her fake smile. I don’t like this kind of eye-catching.

Nian Xi stared at her, and she could only hide in his arms guiltily.

“Actually, I don’t care about this. As long as you’re by my side, it doesn’t matter if you wear: ring or not,” she said coyly:

“.....”

brother Yan: ” she said weakly: holding his waist: will you always be by my side and the child’s side? ”

There was no sound for a long time.

Bai Qingqing’s heart hung in mid-air. Just as she thought he was going to say something, Lu Zhui arrived with the food.

Nian lie pushed her away. eat first.

No matter how unwilling she was, she could only give up.

Chapter 173: You divorced my sister-in-law because you wanted to marry that Bai Qingqing?

After the meal, Nian lie used the excuse of ” having an emergency meeting at the company ” to reject Bai Qingqing’s request for him to stay the night.

The woman stood by the roadside, reluctant to leave. After Nian lie bade her farewell, he didn’t look at her again.

“Go back to cloud flame No. 1.”

The car started slowly, and soon the woman was out of sight.

Twenty minutes later, Nian lie was back in the living room of yunhuang number one.

He looked around at the familiar surroundings, but that familiar figure was no longer there.

The servant stepped forward hesitantly and didn't ask.

He had already walked up the stairs to the master bedroom on the second floor.

After gathering his courage, Nian lie pushed open the door to the master bedroom.

In the darkness, the furnishings inside did not change.

There seemed to be some remnants of her scent in the air, making him feel at ease, but also painful.

"No one is to disturb me tomorrow," Nian lie said in a low, hoarse voice.

The servant who followed behind nodded and closed the door, leaving in a hurry.

He switched on the lights, and the orange glow poured down, lighting up every corner.

The blanket on the bed was open and the creases were obvious. His clothes were hanging alone in the closet, and there were no more clothes beside him.

The entire room was the same as it was when she left.

"....."

Nian lie removed his calmness, loosened his tie, and fell onto the big bed with a dejected expression.

Her breath hit his face and entered his lungs as he took a deep breath.

Lingering, tactful.

He just hugged the blanket like he was hugging her.

In her daze, she smiled like a flower, her eyes curved, as if she had never felt tired or alienated.

There was no misunderstanding.

She touched his forehead and spoke in a gentle voice, with an unknown shyness.

"Go to sleep, good night."

Nian lie's eyes were filled with greed.

Even though the pain in his shoulder was excruciating, he still listened to her.

He closed his eyes.

He fell asleep.

He fell into a deep sleep.

*

The next day, Nian lie thought that no one would break his beautiful dream of having her.

However, things didn't go as planned.

Outside the door, Nian che was stopped by a servant and shouted in anger.

“Sleep? He still had the mood to sleep? Didn’t he divorce my sister-in-law? he’s forcing a woman in such a way and he’s still sleeping!”

haha, he’s even going to marry that sickly woman. I think he’s crazy!

“Get up!”

“Nian lie, don’t hide. Come out!”

The servant was in a difficult position. second young master, don’t be like this.

The tightly shut door suddenly opened.

The man’s collar was half open, and the wrinkles were obvious. One look and one could tell that he had not changed. He could not hide the fatigue on his face. The dark circles under his eyes were obvious, and the beard on his chin was white. His face was pale, and he looked extremely dejected.

This was completely different from the impression that everyone had of Nian lie, who was always noble, cold, dignified, and cold!

Nian che was also shocked by his unkempt appearance.

Nian lie’s confused eyes looked over. what’s the fuss about? ”

Nian che was stunned.

She suddenly thought of something and raised her chin.

“What am I arguing about? I’m the one who’s asking you what you want.”

“.....”

you divorced my sister-in-law because you wanted to marry that Bai Qingqing? ”

Nian che couldn’t figure it out.

brother, is there something wrong with your brain? is that woman worth you divorcing and marrying? ”

“Nian che.”

He shut his mouth after saying that.

Nian lie’s head ached a little, and his tone wasn’t very good.

“If you have nothing to do, then go home and take care of mom and dad.”

After he finished speaking, he was so annoyed that he wanted to slam the door.

However, Nian che took advantage of the opening and pushed himself against the door, entering the room.

He closed the door and locked it.

His anger and frustration disappeared, and he only stared at the man who was taller than him, his handsome face showing worry and doubt.

He clenched his fists.

“Brother, what are you trying to do?”

Chapter 174: Do you know that my older brother is going to get married to that Bai Qingqing?

Nian lie stared at him for a while. His cold gaze made Nian Che’s hair stand on end.

He was anxious.

brother, do you really want to marry that woman, or is it just a temporary solution? tell me.

Nian lie’s voice was low and hoarse from waking up in the morning.

“You don’t need to worry about this.”

He walked past him and walked towards the sofa.

Nian che followed behind him. does my sister-in-law know why you’re doing this? ”

“She doesn’t need to know.”

Nian che watched as he sat on the sofa and picked up a pack of cigarettes from the table.

He took a look and saw that the ashtray was already overflowing with cigarette butts, and there were a few scattered around.

“Don’t look like you don’t care,”

He stood in front of him and looked down at the unperturbed Nian lie.

He felt as if there were a thousand hands scratching at his heart.

“My sister-in-law knows that you’ve been with that woman since your divorce. Now, you’re even preparing to marry her. What do you want her to think? If you do this, the misunderstanding between you and her will only get deeper and deeper, and you won’t be able to turn it back in the future!”

Unhurriedly, Nian lie flicked the lighter.

Pa-

The blue flame rose.

He bit the cigarette butt, lowered his head slightly, and moved closer.

“.....”

Nian che couldn’t take it anymore and snatched the cigarette from his mouth.

He crumpled it into a ball.

“Fine, you won’t tell me, right?”

Nian lie glanced at him, not looking like he was going to explain.

Nian che pulled a long face, which was a rare sight.

“I know that you and that woman can’t be real. The person you love is my sister-in-law. But my sister-in-law has the right to know what you’ve done. You can choose not to tell me, but if you don’t tell her that Hanhan’s heart for you is dead, what are you going to give in exchange for it?”

Nian lie played with the lighter in his hand. He opened the lid with his thumb and closed it again.

The process repeated.

The sound continued.

His words were also like smoke, so ethereal that they didn’t seem real.

“Who told you that I love her?”

Nian Che’s eyes widened and he raised his voice.

“I’m not blind, I can tell if you’re sincere or not!”

Nian lie didn’t make any unnecessary movements.

Under his half-closed eyes, the meaning was unclear.

“Then you should be able to tell that I don’t want to talk to you about this.”

“.....”

He stood up and turned his back, his posture a little strange.

“You don’t need to worry about me. Go back.”

Seeing his obvious refusal to talk, Nian Yu’s anger rose.

“I don’t care about you anymore. If my sister-in-law doesn’t want you in the future, you deserve it!”

He angrily threw down the cigarette in his hand and cursed, “ I’ll just smoke you to death. then, he turned around and stormed out of the door.

The sound of the door closing was deafening.

She did not alert the man inside at all.

Nian lie stood in front of the window. Not long after, he saw Nian Che’s back as he left in a Huff.

He had another cigarette in his hand.

However, the extent of his trembling was very large.

It had not been lit for a long time.

*

The ning family.

No matter what, ning Qing had never expected Nian che to come looking for her.

Logically speaking, he should have already known about her divorce with his brother.

However, facing the only person who had treated her well in that family, she could not reject him.

On the sofa in the living room, the two of them sat quietly opposite each other.

The ning family's parents had gone out, and Yan Sichen didn't come today.

Seeing Nian Che's slightly uneasy expression, ning Qing spoke first. why are you here? is there an emergency? "

Nian Che's gaze was complicated, but he still spoke frankly.

sister-in-law, have you been in contact with my brother recently? "

Ning Qing's emotions were stirred when she heard the word 'sister-in-law'.

She put down the cup in her hand, her expression calm.

"No, I didn't,"

"....."

"What's wrong with him?" ning Qing asked.

Nian che couldn't read her mind, so he tried to probe.

"Do you know that my older brother is going to get married to that Bai Qingqing?"

Chapter 175: The person in his heart is not me (1:

Her hand trembled, and she didn't place the cup down properly.

The water spilled all over the table.

Seeing this, Nian Che's feelings grew even more complicated.

"Sister-in-law!"

The back of her hand was scalded, but ning Qing could only lower her head and take a tissue to clean it.

"It's fine."

She hung her head, her long hair falling down.

Nian che couldn't see her expression, but he knew that she must be feeling terrible.

He said, " sister-in-law, don't be like this. If you care about my brother, don't separate from him. Don't divorce him. Don't let him marry someone else.

The man's words were a little rushed, and each sentence was like a stone thrown into the lake of her heart that had long been calm.

"My brother loves you so much. As long as you tell him not to get married, he will definitely not be with that woman."

"....."

"Sister-in-law, can you not be separated from my brother? I don't want that woman to be my sister-in-law."

When she heard this, ning Qing's expression was stunned.

Suddenly, she came back to her senses.

She raised her head and looked at the man who was begging.

Nian che, you're joking again.

The corners of her lips curled up almost invisibly.

"The person in your brother's heart isn't me, and it can't be me."

Nian che didn't expect her to say that. His handsome face was filled with surprise.

Ning Qing said, "I signed a divorce agreement with him. Zhenzhen did it because I didn't want to be with him anymore. Neither did he. That's why we broke up.

Nian lie couldn't believe it.

"How is that possible?!"

He thought that his sister-in-law was forced to get a divorce, so he scolded his brother.

In the end, Yingluo was his sister-in-law and she didn't want to live with his brother anymore?

Ning Qing's throat was dry, and she hid the fluctuations in her heart.

Nian che, I've already divorced him. Whoever he wants to marry is his business. It has nothing to do with me. I don't want to have anything to do with him anymore.

Nian che suddenly furrowed his brows and pulled on his hair in frustration.

"I'm finished, I'm finished."

Ning Qing looked at him worriedly. what's wrong? "

Nian Che's face was full of dejection, regret, and guilt.

I always thought that you were forced to get a divorce by my brother. This morning, I barged into yunhuang No. 1 and gave him a good scolding.

If his sister-in-law had said that she didn't want a divorce, why would his brother divorce her? why was he so stupid?

Ning Qing felt a little helpless, but she still felt warm for everything he had done for her.

Even though she and Nian lie were already in such a bad relationship, Nian che had always been biased and protective towards her.

She had already treated him as her younger brother since a long time ago.

After all, he had once given her a trace of warmth in the endless darkness.

Her expression was calm as she comforted him.

it's not your brother's fault that I'm in this situation with him. You're his younger brother. Don't ruin your relationship because of me.

it's not all because of you," said Nian che in a soft voice. I've disliked him for a long time.

The childish words made ning Qing smile a little.

Nian che, I'm fine now. So, don't disturb me with his matters from now on. Don't throw a tantrum with him because of me.

Nian Che's eyes reddened, unwilling to give up.

"Is it really impossible for you and my brother to come back to life?"

Ning Qing just smiled and did not respond.

After Nian che got his answer, he wiped the corners of his eyes and rose to his feet.

fine. Actually, I just hope that you two can be together and give each other happiness. But if you're not happy, then there's no need to continue.

"....."

"Sister-in-law, I just want you to be happy."

Ning Qing agreed, smiling with tears in her eyes.

"Don't worry, I'll be fine."

Nian che nodded.

"Alright, I'll take my leave if there's nothing else."

Ning Qing hummed in acknowledgment and wanted to send him to the door.

Perhaps it was because she had stood up too abruptly, but after a moment of dizziness, she suddenly felt a sour sensation in her stomach.

Chapter 176: You look like you're pregnant (1:

Before Nian che could say anything, she covered her mouth and rushed to the toilet.

“Sister-in-law!”

He quickly followed her in and saw Ning Qing lying on the sink, clutching her chest and retching.

He rushed out anxiously to get a glass of warm water.

Ning Qing was still vomiting uncomfortably. He could only stroke her back and comfort her.

Ning Qing only stopped after a while.

She took the glass of water from him and took two sips.

The discomfort in his stomach slowly faded.

She was a little confused.

Recently, she seemed to have been feeling nauseated, and her appetite had improved a lot.

Could it be that there was a problem with her mother’s cooking?

She couldn’t figure out why, but when she looked up, she saw Nian Che’s strange gaze.

“What’s the matter?” she asked, stammering.

Nian che looked her up and down, then asked, ‘sister-in-law, have you been feeling unwell? You didn’t go to the doctor?’

Ning Qing was stunned. I think so. I just came back from the hospital yesterday.

Nian Che’s gaze fell on her lower abdomen.

He touched his chin and suddenly said, ”

“You look like you’re pregnant.”

Ning Qing’s entire body trembled, and a chill ran up her spine.

“How is that possible!” He denied it subconsciously.

Nian Che’s searching gaze swept across her face. you’ve been with my brother for so long. You can’t have lost Qianqian.

Ning Qing looked away, her earlobes burning.

it’s impossible, ” she denied. the doctor would have told me long ago if she was.

Besides, she and Nian lie had only done it once a few months ago. How could she have hit the jackpot on the first try?

As she thought of this, she recalled the days in the hospital when the doctor barely said anything about her physical condition.

Her heart couldn’t help but tighten.

Nian che was a little disappointed. I'm just spouting nonsense, " he said, " don't think too much about it, sister-in-law.

Ning Qing hummed in agreement.

Nian che nagged her about taking care of his health and only prepared to leave after she promised him repeatedly.

Standing at the door, Nian che grinned, showing his white teeth.

"Goodbye, sister-in-law."

Ning Qing looked at his back as he walked away. She suddenly remembered something and called out to him.

Nian che turned around. what's the matter? "

"How's his injury?: ning Qing asked after some hesitation:

Nian che was confused.

"What injury? My brother is injured?"

Ning Qing paused and said, " yes.

"Why didn't you say that he was injured? And you're smoking for your life?"

Nian che was upset and did not notice that ning Qing was deep in thought.

"If my brother really wants to be with that woman, why would he act so pitiful and look like he's been abandoned? it's so ridiculous!"

As Nian che nagged, he turned to look at ning Qing from the corner of his eye and scratched the back of his head awkwardly.

"Sister-in-law, don't take my words to heart. I was just saying it casually."

Ning Qing's expression was dazed, and her face was pale.

She only lowered her eyes when she realized where she was. yes.

Before she could show any concern for him, Nian che sighed in his heart and said,"I'll be leaving then."
&Nbsp;

"Be careful on the road."

"....."

After closing the door, ning Qing's eyes were filled with tears.

She had seen his injuries that day.

However, she did not have the courage or reason to care about him anymore.

She was afraid that she couldn't help it.

Today, Nian che brought news that he was preparing for his wedding with Bai Qingqing.

So soon, he really couldn't wait to marry her.

The deep wound in her heart was dug open again.

Blood was everywhere, and the pain reached his bone marrow.

“.....”

Before her tears fell, she interrupted her thoughts.

He strolled back to the living room and heard some noise at the door.

Mother ning came back with a strange expression on her face.

Chapter 177: The most important thing to deal with now is the child in her stomach (1:

“Mom, what's wrong?”

“Qingqing, did anyone come just now?” mother ning noticed ning Qing and asked after some thought.

Ning Qing almost blurted it out, but when she thought of her mother's rejection of the Nian family, she lied.

“Yingluo didn't.”

Mother ning put down the keys and changed into her slippers. She thought for a while, but still couldn't be sure if that person was the child from the Nian family.

She carried a bag full of food and placed it on the table, speaking in a gentle and loving manner.

it's nothing. Qingqing, come and take a look. Mom bought some carp today. I'll make you some soup later.

Ning Qing chimed in with a smile. thank you, mother.

At night, the family ate dinner in harmony.

Ning Qing went upstairs to take a shower while her parents cleaned up the dining table and the kitchen.

Mr. Ning cleaned up the dishes and brought them to the kitchen.

how's she doing these past two days? ” asked father ning, his face serious.

Mother ning paused in the middle of washing the dishes, then continued.

“I'm in a good mood, but I'm a little sleepy. I didn't vomit much this time.”

Father ning nodded.

Mother ning didn't look too happy.

I heard that he's getting married again to an actor, the one who was involved in a scandal before. What if Qingqing finds out?"

There were many reports on the internet about 'Nian lie's second marriage'.

She was afraid that ning Qing would take her out for a walk if she found out about this.

However, no matter how he tried to hide it, she would find out sooner or later.

The more she thought about it, the more her heart ached.

that woman is pregnant. I really couldn't tell that Nian lie was such a person!

Looking at the silent father ning, she became even angrier.

it's all your fault for being soft-hearted to him and letting Qingqing marry him. Now, the two of them are going to make the same mistake again. No matter what, Qingqing will always be the one suffering.

Father ning was also upset, but he didn't forget to tease mother ning.

it's not like you don't know what happened to Qingqing back then. When he knelt in front of you and swore, do you dare to say that you didn't soften your heart?"

Mother ning was at a loss for words.

Father ning furrowed his brows and looked serious.

there's no point in saying all that now. The most important thing to deal with right now is the child in her stomach.

Mother ning felt terrible at the mention of her child.

"How do you want to deal with it?"

Father ning put down the bowl and chopsticks and put them into the sink.

what else can we do? we can't keep this child.

Mother ning understood what he meant and smiled coldly.

she's an adult, not a child. How could she not know that you're asking her to go to the hospital for surgery?"

"....."

"Even if you don't know, what about after the surgery?"

Mother ning felt that his idea was too absurd, and she had never thought that he would do this. He was completely depriving her daughter of her right to be a mother in the future.

ning chengfeng, you really don't care about her enough. You tricked her into aborting the child. She might not be able to be a mother for the rest of her life!

Father ning threw the bowl down and it hit the plate in the pool.

His face was tense. otherwise? You told her the truth and asked her to give birth to the child. Are you giving her the right she fantasizes about, or are you letting her be entangled with him for the rest of her life?"

Mother ning's face turned pale.

think about her future, " Mr. Ning said sternly. when she remembers everything, you can see if she wants this child.

Despair hit her, and she was both mentally and physically exhausted.

He could not say anything.

if she wants to blame someone in the future, she can blame me. Mr. Ning glared at her. anyway, this child can't be kept!

"....."

"I'll contact the hospital now."

After that, father ning walked out of the kitchen.

Mother ning stood in front of the pool. Her legs were weak, and she had little strength left in her body.

Her tears could not be stopped.

Chapter 178: You won't be able to take it if: don't use anesthetic (1:

Ning Qing was woken up by her mother early in the morning.

When she got out of bed and washed up, she saw father ning, who had not gone to work.

"Dad, why didn't you go to work today?"

Mother ning froze.

Father ning's face was stern. As usual, he did not have a good temper.

"Is it your business whether I go to work or not? Mind your own business."

Ning Qing licked her lips and went into the kitchen to get breakfast.

She quite liked the plain fish congee.

It was just that after two bites, her stomach felt uncomfortable.

She covered her mouth and retched twice.

Her actions were seen by her parents, and their faces fell.

"Qing Qing, what's wrong? Are you uncomfortable?"

Ning Qing shook her head and patted her chest.

After a while, the feeling of wanting to vomit disappeared.

Seeing this, father ning gave mother ning a look.

“Qingqing,” mother ning called out slowly.

“What’s wrong, mom?”

“I don’t know how you’ve been recovering, and you don’t look too well either. Why don’t we go to the hospital for a check-up and see how you’re doing?”

Ning Qing was a little disgusted by the word ‘hospital’.

She frowned and wanted to refuse.

“Look at your face. I shouldn’t have let you leave the hospital so early,” father ning suddenly said:

your Father’s right. I’m really worried about you. There are some things that we can’t see with our eyes. We’ll only know after a checkup, ” said Mrs. Ning with a fake smile.

The two of them were very stubborn, and ning Qing was afraid of making them angry.

He nodded in agreement.

So, after the meal, the three of them went to the hospital again.

While father ning and the doctor were talking, mother ning brought ning Qing along for the check-up.

In the end, when he returned to the consultation room, he only heard, “if you insist on doing it, it’s not impossible.”

Ning Qing’s ears pricked up. Just as she was feeling puzzled, father ning and the doctor walked out.

The female doctor’s expression was rather gentle.

“Miss ning, please follow me.”

Ning Qing looked at her father.

His expression remained the same. What are you looking at? if I tell you to go, then go quickly.

“.....”

Ning Qing had a bad feeling, but she couldn’t tell why.

“Oh,” he said and followed the doctor.

Mother ning pulled her back.

Ning Qing turned around. mother? ”

Mother ning’s face was full of sorrow. Something was not right.

“What’s wrong?”

Father ning pulled mother ning's hand back and turned to face her. your mother has been missing you for the past two days. She can't eat or sleep well. Go and get a check-up now. Everything will be fine after you're done.

Ning Qing felt a lump in her throat and lowered her head in guilt.

"I know."

She walked into the door and closed it.

She didn't see the heartbroken mother ning lying in her father's arms.

Ning Qing looked around. Two nurses were preparing the instruments and the doctor was putting on gloves.

It didn't look like a checkup, but more like an operation.

Ning Qing frowned, and the nurse beside her handed her a glass of water. don't be nervous. You'll be fine soon. Drink a glass of water first to ease your tension.

She did not doubt him.

He took the cup and drank it all in one go.

The doctor said to her,

"Lie down."

"....."

"Turn your body."

Following the doctor's instructions, ning Qing moved left and right.

She only realized something when the nurse came over with a syringe.

"Why do we need to use this?"

The nurse wiped her skin with an alcohol ball, and before she could react, the needle was inserted.

There was a sharp pain on his skin, and the nurse's voice came through.

"You won't be able to handle an abortion if you don't use anesthetics."

Ning Qing suddenly trembled, as if she had been struck by lightning.

The child?

Her voice trembled as she stared at her with wide eyes.

"What did you just say? Stream of people."

Chapter 179: Don't hurt my child (1)

“Yeah,”

A bone-piercing chill ran down his spine.

Her parents' abnormal behavior, her occasional vomiting and sleepiness, and Nian Che's unintentional words to her ...

She was actually pregnant!

But no, everything was wrong.

When did this child come? he was stunned.

Ning Qing's thoughts were in a complete mess, and she felt drowsy.

She lay on the cold table, facing the glaring surgical light. A scene flashed through her mind.

Struggling, crying, begging

Her head started to hurt, as if it was going to explode.

The doctor saw that she was in a daze and started crying.

“Don't worry, the surgery will be quick. You'll be fine after some sleep,” he comforted her in a low voice.

All the strength in Ning Qing's body faded. She turned her eyes to the woman.

In her mind, the doctor's cold and emotionless expression overlapped with the person in front of her.

As if she was possessed, she cried and stopped him.

“Don't touch my child! My child is innocent! Don't hurt him, Yingluo!”

He was obviously extremely sleepy and had lost all feeling in his legs.

She covered her stomach with both hands and tried to protect herself.

The doctor frowned. If she didn't cooperate, it was easy for accidents to happen during the operation.

The doctor held her hands down and said, “Miss Ning, please don't do this. This was arranged by your parents. They said it was your wish.”

Ning Qing only shook her head, tears flowing down her cheeks.

He was extremely sad.

She grabbed her white coat and was extremely agitated.

don't hurt my child. I want him. I beg you, don't let him leave me!

The doctor was helpless and gave the nurse a look.

Ning Qing forced herself to stay awake, her nails digging into her palms.

In order to stay awake for a moment ...

After a while, soft conversation could be heard.

“No, she’s already divorced. We can’t keep the child.”

“.....”

“She wants it now, but she’ll regret it when she wakes up.”

I’ll bear the consequences if anything happens to her. The surgery must be done! Mr ning said ruthlessly, ignoring the woman who was crying on the operating table.

That cold voice was clearly her father’s.

Ning Qing’s eyes turned red in disbelief as she stared at the blurry figures on the other side of the door.

Hatred and resentment sprouted.

They were crying blood.

“Dad, don’t tease dad. This is my child, my flesh and blood! You can’t take him away from me, I want him to die!”

Even ning Qing herself could not explain why her heart was in so much pain.

But there was only one thought in her mind:

Protect the children! Protect the children!

He bit the tip of his tongue hard, and the taste of blood gushed out.

She struggled with all her might and actually slid down from the operating table.

The few of them were shocked by her crazy stubbornness.

“.....”

Ning Qing’s hands scratched the ground, staining it with blood.

Her face was full of tears, and she was crying her heart out.

no, I’m begging you. Daddy, please don’t hurt him!

The man, who had lived half his life, saw this scene and his eyes finally turned red.

He turned his face away, his heart aching so much that he couldn’t breathe.

Mother ning and the nurse rushed forward and helped ning Qing up.

“Mom, mom, quickly tell dad that I want to keep the child. I will raise him myself!”

Her crazed look made mother ning burst into tears.

The nurse held ning Qing down and cried so hard that she couldn’t speak.

Qingqing, my daughter, we’re doing this for your future. You’ll understand.

“.....”

Ning Qing looked at the woman in front of her in a daze. Mother ning's heart was broken by the unfamiliar gaze.

His hand was thrown off.

She watched as mother ning walked away, and the door to the operating room closed again.

The doctor walked over, his eyes filled with fatigue.

Despair spread to his heart.

His head hurt so much that he felt like he was suffocating.

His heavy eyelids fell.

She couldn't hold on any longer and fell into a bottomless darkness.

Chapter 180: This child is mine (1:

“Don't!”

With a scream, ning Qing sat up abruptly.

The panic and heartache she felt before she fainted were faint. She touched her lower abdomen, and a thin layer of sweat covered her forehead.

“The child, Yingluo.”

No more?

She bit her lip and covered her face with her hands, tears falling.

The man's shiny leather shoes appeared between her fingers.

Ning Qing froze and looked up.

Her long eyelashes were wet, and tears rolled down her pale cheeks. It was a sad and beautiful sight.

Nian lie sat on the chair with his long legs crossed and his back leaning against the back of the chair.

His dark eyes were deep, and his expression was complicated.

Ning Qing looked at him in a daze. what are you doing here? ”

Nian lie didn't answer, his thin lips moving slightly.

“You're pregnant.”

Ning Qing's body trembled and she gritted her teeth.

“It has nothing to do with you. Where are my parents? let them come.”

Nian lie reached out his long arm and took the piece of paper from the table.

He lowered his eyes and looked at her a few times without any emotion.

eight weeks pregnant. The early pregnancy is more serious. The mother is malnourished, and there are signs of miscarriage.

Ning Qing looked at him, confused.

“What are you talking about? hasn’t the child already slipped away?”

“I stopped him.”

Nian Jing looked at her, his tone indifferent.

“The child is still here.”

Ning Qing’s pupils shrank, and her hand on her stomach stiffened.

Then, he gently covered it with a kind of joy of recovering what he had lost.

Nian lie observed her expression carefully. what do you think about the child? ”

Ning Qing slowly realized what kind of situation her child was in.

She was silent.

Nian lie handed her the pregnancy test results.

He was open and honest, as if he was doing it on purpose.

He was asking for an answer.

“This time, the child will stay, but his fate will always be in your hands.”

His tone was flat, but it was enough to pierce through a person’s heart.

“Ning Qing, do you want to keep him or kill him?”

These words pierced into ning Qing’s heart.

She struggled and was in so much pain.

“.....”

When she looked at the report, she saw that she was eight weeks pregnant, and her thoughts suddenly stopped.

Eight weeks ago, two months ago.

Wasn’t this the time when Wanwan was hospitalized from the car accident?

Ning Qing shuddered violently, and a chill ran through her body.

Then, the dream she thought was real?

Her child was the child of a strange man whom she had never even seen before?

Once this terrifying thought emerged, ning Qing almost couldn't suppress it and threw the order out.

She shook her head with fear in her eyes and muttered, "impossible, how could it be that time, Yingluo?"

Nian Yu frowned. Afraid that she would hurt him, he got up to stop her.

"Don't!"

Ning Qing screamed, covered her ears, and curled up on the other side of the bed in a panic.

Nian Jin's heart ached. ning Qing!

"It can't be that day! There must be a mistake. How can the child be two months old? the doctor must have made a mistake!"

Nian lie clenched his jaw tightly, his jaw trembling slightly.

Her rejection was within his expectations.

But at that time, he had no other choice.

He clenched his large fists that hung on both sides.

The force was so great that his palm turned white.

He took a deep breath, suppressed his tone, and tried to calm down.

Ning Qing stopped screaming and looked at him with tears in her eyes.

Under her dazed gaze, Nian lie's dark eyes moved slightly.

Countless emotions rose up below, but it fell into silence again.

"This child is mine," he said.

Ning Qing was stunned and didn't seem to understand what he meant.

She repeated it.

"The child is yours?"

What did he mean?

Nian lie looked down from above. The shadows of his short hair and long eyelashes fell on his eyes, forming a shadow that made it impossible to read his thoughts.

He admitted in an obscure voice, "

"I'm the one in the hospital."
