

## Mr Nian 321

Chapter 321: Ning Qing's first provocation (1:

Nian lie felt a lump in his throat and couldn't speak.

Ning Qing put the magazine away and said, " boring. she didn't say anything else.

He could not stay any longer.

"Wait for me at noon, I'll take you to lunch."

Without waiting for her reply, he turned around and left.

Ning Qing listened to the sound of the door closing, and a sneer gradually appeared in her eyes.

She sat in the office for a while, thinking that she should at least communicate with the people outside so that she could complete the task that Nian lie had given her.

When he walked out of the office, there were not many people in the large office area.

Some people would nod and greet her when they saw her, some would call her "miss ning" in a dangerous manner, and some would just look at her indifferently, or ignore her.

Ning Qing walked around the office and went to the printing room.

There were two women in overalls inside, and their soft voices were not loud.

"Lina, what do you think of the person who came today?" the blonde-haired woman asked.

The woman called Lina was in her 30s. She was pretty and could be considered the leader of the design team.

She said indifferently, " what do you mean by 'what do you think'? if you have the time to look at her, why don't you draw a few more pictures to avoid being scolded? "

The yellow-haired woman laughed. I'm just curious. Didn't you say that ning Qing is Mr. Nian's ex-wife? when Mr. Nian married someone else, she was on the verge of killing herself. In the end, she still lived well.

She lowered her head and moved closer to Lina, complaining sourly, "

we're all selected after going through many rounds of selection. She's good. She's the chief designer as soon as she arrived, and she hasn't even seen a hand-drawn painting or any representative work. She's only relying on her relationship with Mr. Nian. How annoying.

Lina glanced at her. She took out a copy of the draft from the printer and looked at it carefully. what does it have to do with you what others do? " she said.

The yellow-haired woman was angry and jealous, and her eyes were filled with jealousy.

"She used her connections to get in! I'm not convinced!"

I heard that she was in a vegetative state. If it weren't for Mr. Nian, she might have died in the hospital. She doesn't know how to be grateful. I thought Mr. Nian really liked her.

"Her methods must be very dirty, what suicide! I also heard that she had an affair with the young master of the Yan family. I really don't know what's so good about a woman like Yingluo. I wonder how many times she's slept with someone else before she got to where she is today."

Lina put down the design and looked at the angry woman. Yuyu, as a jewelry designer, you should always remember your identity. Don't talk about such insignificant gossip. It will lower your status.

These words were filled with a different feeling.

In fact, he was just praising her.

She had pointed out that Ning Qing was a useless person and that talking about her behind her back was demeaning her own worth.

The yellow-haired woman immediately understood and laughed secretly. Yes, sister Lina is right!

My sister Lina won the Gold Award in a domestic design competition. You should be the one who is the top designer! she said with her nose up in the air, flattering and proud.

Leena pulled a long face, but she couldn't hide the smile in the corner of her eyes. She was obviously enjoying it.

"Yuyu, don't compare everyone to me,"

"Yes, yes, yes, sister Lina is the best!"

"....."

The two of them chuckled as they turned around. However, when they saw the figure at the door, their expressions immediately froze.

Ning Qing crossed her arms and leaned against the door frame. Her posture was languid, and her expression was unreadable. However, it was obvious that she had been standing there for a long time.

Chapter 322: You have no right to mention my child

Lina looked at Ning Qing. Her eyes were calm, but there seemed to be waves beneath them.

It was not fierce.

But no one dared to look at it directly.

She resisted the pressure and forced a smile. Miss Ning, is there something you need?"

Ning Qing tilted her head and leaned against the door frame. It's nothing. I just happened to hear something I shouldn't have.

The yellow-haired woman was hiding behind Lina. She was very unhappy when she heard her words. You're hiding behind and eavesdropping on others. How can you be reasonable?"

“When did I say I was right?”

Ning Qing’s gaze went back and forth between the two of them twice, examining them.

I just happened to see you guys talking bad about me, and it’s my good manners not to interrupt you. But you guys are criticizing me behind my back, and it seems like Yingluo thinks she’s right.

Lina had just been complimented, and now she was humiliated in front of that person, so she felt very uncomfortable.

She lifted her chin. we were just chatting during the break. We didn’t mean to offend you. Miss ning, you don’t have to be so aggressive.

His ability to make bogus accusations was quite impressive.

Ning Qing’s face froze.

The yellow-haired woman poked her head out from behind the woman, as if she had someone to rely on. She said in a loud voice, “ that’s right. You just said a few words and we criticized you. Do you have to be so fragile?!

belittling people to the point of being worthless, presumptuously speculating about other people’s past, and slandering their character. ning Qing repeated what she had just said, her eyes cold. this is what you meant by a casual chat? ”

“.....”

The atmosphere gradually became strange.

The yellow-haired woman cowered behind Lina guiltily, not saying a word.

Ning Qing looked at him and straightened up.

I don’t need to explain the reason why I’m here. As for the past, Yingluo, you can tell me if you want to, but you shouldn’t say it in front of me and deny it.

“I’m not denying it!” The yellow-haired woman was stubborn.

Ning Qing’s lips twitched.

If she had admitted it directly, she might have looked at her more highly.

However, some people were like this. After doing something that hurt others, they pretended that they didn’t know anything and lied to themselves that they didn’t hurt others.

It was truly laughable!

you didn’t have any actual results. How dare you say that you didn’t get in with Mr. Nian’s help! ”

Ning Qing was too lazy to explain. She spread her hands. so what if I am? ”

“You’re shameless!”

The yellow-haired woman was very excited. She had already stepped in front of ning Qing, her expression ferocious.

“Do you think you’re worthy of Mr. Nian? With your pretty face, you’re lying on the bed with your legs apart for someone to sleep with. Don’t you feel ashamed?”

Ning Qing’s eyes darkened, and she no longer looked as happy as before.

The woman thought that she had touched her sore spot, so she took a mile after getting an inch and shouted, attracting the attention of others.

“We’ve carefully selected everyone here, and you’re the only one who’s capable enough to be the chief! Mr. Nian is so nice to you now because you used some tricks, right? After all, a woman like you would even dare to commit suicide, haha!”

She laughed and continued to insult the silent ning Qing.

you’re such a shameless woman. The child from three years ago was definitely not Mr. Nian’S. He’s a bastard!

As soon as he finished speaking, a slap was thrown at his face.

The woman stopped talking.

Ning Qing’s face turned pale, but her eyes were filled with cold pain and anger.

“A person like you has no right to mention my child!”

Her hand ached faintly, but her heart ached even more!

Anyone could look down on her, but no one could insult her child!

The yellow-haired woman was completely enraged and screamed, “ah!” You b \* tch, I’m going to kill you!”

Chapter 323: Mr. Nian, please conduct yourself with dignity (1)

The others saw that things were not looking good and rushed forward to stop her.

The woman’s sharp nails were right in front of ning Qing’s eyes, and she could not reach them no matter what. Her sharp screams and insults were extremely unpleasant to hear.

The farce only ended when Lu Zhui rushed over, stopped everyone, and took the crazy woman away.

In the bathroom.

The tap was on, and cold water was flowing down.

Ning Qing quickly splashed the water on her face, leaned over the sink, and took deep breaths.

After a long time, she raised her head and looked at the woman in the mirror.

Her hair was wet, her makeup was smudged, and her pale skin was exposed. Her eyes were red, and she looked like a funny and pitiful clown.

He was really in a sorry state.

But she hated her helpless and pitiful look!

It made her feel like she was still the same person from three years ago, and she had never changed!

She hated it!

She smiled bitterly and closed her sore eyes.

She forced her tears back.

Just as he was about to go out, he heard footsteps coming from outside.

She paused. Nian lie appeared at the door.

“Ning Qing, are you alright?”

The nervousness and anxiety in his words could not be concealed.

Ning Qing didn't expect that such a small thing would attract him here. After hesitating for a long time, she suddenly said, “it's okay. But Mr. Nian, this is the women's washroom.

On the door, the words “women's room” were very eye-catching.

However, the man didn't even stop. He walked closer and took her hand to walk out.

In front of them was the office area. Lu Zhui was scolding those people with a serious expression.

Ning Qing grabbed him from the corner, her face expressionless. what do you want? ”

Nian lie's breathing was slightly heavy, and the viciousness in his eyes was layered.

“Announce your identity,” he said directly.

Ning Qing broke free from his grip and looked at him calmly. Who am I? ”

“.....”

Nian lie's face was tense. His tall figure stood in front of her, full of oppression and aggression.

Ning Qing raised the corners of her eyes and said, “it's fine if you can't answer. Mr. Nian, you don't have to make things difficult for me, and you don't have to come here personally to exonerate me. I'm better at handling such small matters, Zhenzhen.

Before she could finish her sentence, she was pressed against the cold wall.

On the other side, Lu Zhui's scolding could be heard faintly.

In front of her, the man's resolute and handsome face was close at hand.

If he lowered his head, he would be able to touch her lips.

In fact, Nian lie really wanted to ask her why she was acting like this.

He knew that she had always been stubborn. She would never admit to something that she had not done, and she would never apologize for something that she had not done wrong.

His heart trembled as much as he was afraid that she would be bullied when he rushed over!

However, she was so stubborn now that she refused to show even a little weakness.

What did this mean?

Nian lie didn't dare to think further. He stared at her with his dark eyes, trying to find a trace of weakness in her expression.

However, he did not.

Not a single bit.

Ning Qing had no idea what he was looking at. She twisted her body and found that she could not move. She asked, " have you seen enough? "

Nian lie's trembling fingers reached out.

Ning Qing dodged it with her face, and his fingers froze.

The cold words came out of her half-opened lips.

Mr. Nian, this is the company. You and I are just superior and subordinate. Please conduct yourself with dignity.

Superior and subordinate?

A nameless flame rose up and burned his rationality.

Nian Xi pinched her waist, the corners of his eyes turning red. It was a shocking sight.

"You're my wife!" He gritted his teeth and said.

"Wrong,"

Ning Qing quickly finished his sentence and stared at his slightly stunned face, her face expressionless.

"It's the ex-wife."

Chapter 324: An ex-wife is still: wife (1:

An ex-wife was still a wife!

Moreover, he had agreed to the divorce back then because she was in a situation where she did not know the truth.

He was afraid that he wouldn't be able to protect her, so he could only use the excuse of staying away from her to prevent her from being hurt by his parents and Bai Qingqing. How could Qingqing be the reason for her to reject him now?!

Nian lie relaxed his tone. This was the first time he had brought up his hidden motives and reasons in front of her.

"Ning Qing, there's a reason for the divorce!"

Ning Qing's long eyelashes fluttered, but she didn't blink.

"I know,"

Nian lie's thoughts were stuck. Before he could feel happy, he heard her say, "isn't it because Bai Qingqing is pregnant and you're in a hurry to give her a home?"

A basin of cold water was poured on him from head to toe.

It was so cold that it made one's heart tremble.

His already ill body was now filled with unbearable heartache.

Ning Qing looked at the haggard man and felt a little puzzled.

He had always been a man with extreme self-esteem and sensitivity. He could not stand a trace of ridicule and humiliation.

She had made things difficult for him several times just now, but he could still hold back and not leave.

Nian lie, is it because you've been so guilty over the past few years that you're so eager to treat me well to make up for the guilt in your heart?

It was a pity.

Compared to the damage from three years ago, this was so insignificant that it was not even worth mentioning!

The temperature around ning Qing's body dropped a little, and even her expression became indescribable.

if there's nothing else, Mr. Nian, please don't look for me in private. If anyone sees you, what happened today will happen again.

After saying that, she pushed his body away but did not push him away.

A hoarse voice came from above her head, "

"Let's go eat."

Ning Qing could not help but frown. Did this person not understand human language?

Nian lie didn't say anything else. He pulled her hand and walked toward the elevator.

She wanted to struggle, but looking at the man's broad back, she didn't say anything in the end.

He pulled her back to the president's office on the 28th floor. The table was already filled with the food that had been delivered.

Ning Qing glanced at them. Lotus root ribs, Kung Pao Chicken, crystal shrimp dumplings, braised prawns, and fresh milk cream buns.

Almost all of them were Chinese cuisines, which she would like.

Nian Xi sat down and started to split the utensils with her clean fingers. sit down. These are your favorite steamed buns.

I've been abroad for too long and am used to the light smell. These smells are too strong.

Ning Qing was cold and deliberately provocative.

When she saw him stop, she felt the pleasure of revenge.

She stood up straight and looked down at the table full of food, as if she had no intention of eating.

Nian lie's eyes swept over the delectable dishes, and a hint of gloominess flashed past his eyes.

He remembered that she used to like Chinese cuisines.

Some things were changing subtly.

When he didn't know.

Letting out a deep breath, Nian Yu looked at her with an indescribable calmness.

"If you don't like it, I'll get someone to change it immediately."

"I'm not hungry."

"Your health is more important, don't be willful."

"....."

Ning Qing's heart felt like it was being pricked by needles when she saw how calm and composed he was, mixed with a trace of warmth and indulgence.

She really could not see through him!

She clearly wanted to make it up to him, but she acted as if she was so deeply in love that she could move the world.

"Mr. Nian, you don't have to worry about my own health," ning Qing said coldly, gritting her teeth.

Nian lie's face was losing all color at a speed visible to the naked eye, and it was suffused with a mixture of green and white powerlessness.

Ning Qing narrowed her eyes and sneered. after all, you've never cared about whether I'm good or bad before we divorced.

The man's face turned even paler, sickly and defeated.

It was as if his soul had left his body.

Ning Qing didn't want to spend any more time with him, so she turned around and walked away.

When she reached the door in a few steps, she turned back and, under his pained eyes, she said, "please take a day off tomorrow. I have private matters to deal with. then, she opened the door and left.

He didn't have a trace of nostalgia.

Chapter 325: Her revenge had only just begun (1:

Ning Qing left the Nian family's main gate and went back to the ning family's residence without a hitch.

In the evening, she confirmed her schedule for the next day with Yu Shu and then lay in bed to rest.

Outside the room, he could hear the sound of the television and the occasional conversation between his parents.

Ning Qing tossed and turned, not feeling sleepy at all.

Recalling everything that had happened since she came back, including Nian lie's every move by her side, she couldn't think straight.

More and more questions arose.

He hung around her all day. Didn't he need to go back and accompany the child? Also, that woman wasn't angry and didn't come to look for her. It was as if she didn't exist.

Logically speaking, she had deliberately caused such a huge commotion and had made the headlines several times. Even the Nian Corporation had been implicated. Yet, Bai Qingqing was actually able to hold her temper and not look for her.

The strangest thing was that none of Nian lie's men or subordinates had mentioned Bai Qingqing. It was as if they had no fear at all.

What was going on?

Did something happen in the three years that she was away?

The series of questions gave ning Qing a headache.

She turned around and thought about it. She felt that these questions were not so important.

After all, once they did what they did the next day, everyone would know that ning Qing, who had died three years ago, had returned.

Even if Bai Qingqing were to hide at the ends of the earth, she would still hear this news.

As long as she was still alive, she couldn't stand Nian lie's constant harassment.

And her revenge had just begun.

She wanted him to truly fall in love with her.

Then, she would be like him in the past, in a situation where she loved him so much but could not get him, she would ruin his life!

In the quiet night, the wind and the chirping of cicadas came from outside the window.

Ning Qing's eyes were filled with intense hatred and sorrow. It was so sharp that if one listened carefully, one could hear the bone-eating and heart-burning resentment reverberating in the room!

After a long time, the surging pain in his heart receded.

She got up and took out a bottle of medicine from the bottom drawer.

He unscrewed the bottle cap and took a bite.

It was full of bitterness.

She then lay down and slowly lost her voice.

.....

The next day.

In the dressing room of a television station.

Ning Qing sat in front of the mirror, allowing the makeup artist to touch her body.

Yu Shu stood behind her and watched as the woman in the mirror slowly regained color. Her makeup gradually filled up, and she was beautiful and dazzling.

She showed an expression of envy and praise.

She had always felt that ning Qing's appearance belonged to the type of person who fell in love at first sight. Her facial features were stunning enough, and a little makeup was just adding flowers to the brocade, making her more beautiful and moving.

"Sister Qingqing, you're so beautiful," she could not help but praise.

She was so beautiful that even a woman like her wanted to marry her.

Ning Qing looked at her in the mirror and smiled. don't make me happy.

"I'm serious. Whoever marries you will have eight lifetimes of good fortune!"

The smile on ning Qing's lips deepened. really? "

Yu Shu came back to her senses and realized that she had said something wrong. She stammered, " I'm sorry, sister Qingqing. I didn't mean to remind you of him.

": 'm fine," ning Qing said:

Her makeup was done.

Ning Qing got up and looked at her makeup and hair accessories.

With light makeup and thick eyelashes, the eyeliner only hooked the corners of her eyes. She was charming but not vulgar, bewitching but not glamorous, and her slightly deep lipstick made her look dignified and elegant.

Her long hair was tied up behind her head into a low bun, and she held it up with a white jade hairpin.

This time, she had specially chosen the Chinese style.

And the style of the Republic of China always reminded her of someone.

Chapter 326: He's chief designer (1:

Nian lie's mother.

The woman who had once been gentle and arrogant in front of her, but had revealed her sharp fangs in the end.

Those two slaps made her feel as if there was wind blowing by her ears and her cheeks hurt when she thought about it.

"Sister Qingqing, what's wrong?"

Yu Shu's question pulled ning Qing back from her thoughts.

She shook her head and took the clothes from the other party.

It was a deep-red cheongsam, tailored to her figure. The peony pattern was dignified and elegant, and the gold thread buttons and stitches on the edge were neat.

Ning Qing quickly changed in the fitting room. The moment the curtain was lifted, Yu Shu and the two makeup artists were once again stunned.

"It's so beautiful!"

The woman's figure was just right. Her waist was slender, and her skin was smooth and fair. Every inch of her body fit her perfectly. She had the beauty of an Oriental classic, and the coldness between her brows made people feel that she was inviolable!

Yu Shu walked up to her excitedly. sister Qingqing, how can there be such a good-looking person in this world? it's as if you've transmigrated from the old house decades ago.

Ning Qing touched the wrinkles on the back of her waist and laughed at her serious tone. Zhenzhen, are you only good at complimenting people? "

"I'm serious! If you don't believe me, you can ask the two of them!"

She pointed at the two makeup artists. The two of them were dumbfounded and their shocked expressions explained everything.

Ning Qingqing was not very happy. don't be so exaggerated.

Just as he said that, someone knocked on the door.

A man stuck his head out. teacher, the live broadcast is starting in five minutes. Please get ready.

“Alright,” he said.

The door closed.

Ning Qing’s smile faded. alright, I’m going over.

She looked at Yu Shu. it’s been hard on you these few times. Wait for me when the show is over. I have something to tell you.

Yu Shu nodded nervously.

Ning Qing took the items on the dressing table and walked to the door.

“Sister Qingqing!”

Ning Qing looked back.

Yu Shu clenched her hands into fists and made a cheering gesture. you can do it. All the best!

Ning Qing smiled charmingly.

After she walked out of the dressing room, someone led her backstage and told her some things to take note of.

Ning Qing slowly listened to him and thanked him.

In front of the stage, the host’s soft voice had already begun to introduce her identity.

Ning Qing raised her hand and put on the mask that she was holding, covering the upper half of her face. The light in her eyes was heavy and cold.

our guest today is a jewelry expert who recently announced his return to the country. He officially entered the industry at the age of 23 and won the Gregly international jewelry competition at the age of 24. In just three years, he has surpassed many famous designers and is known as the youngest but most talented jewelry master!

There was a loud round of applause.

The emcee smiled and continued, “ I believe everyone has already guessed who she is. However, she has never appeared in public before. You can say that she is very mysterious. Today, our program has invited this internationally renowned teacher! Let’s welcome HE’s chief designer-ning!”

In the midst of the applause and anticipation, a woman in a deep red cheongsam walked gracefully in front of the camera. The Silver Mask on her face glowed coldly, and her clear and clear eyes were seductive. Her half-revealed face had already caused the audience to scream.

The emcee stood up and gestured for her to sit down. Ning Qing sat on the small sofa opposite her.

“Our Ning is so young and promising. One look and I can tell she’s a beauty.”

Ning Qing took the microphone and said, “ thank you.

It was just two words, clear and dripping, but also a little low and slightly hoarse. It was a calm voice between a young girl's voice and a mature big sister's, which caused a wave of exclamations below.

The host smiled. it seems that Ning is really very popular. I would like to ask, you have been developing your career overseas. What was the reason for you to come back here? ”

Chapter 327: I have already divorced him (1:

Ning Qing smiled. I went abroad because of an opportunity, but my parents and friends are all in Lin city. I can be with them when I come back, so I still think it's better to be in the country.

“Your parents must be very happy to have a successful and filial daughter like you!” The host complimented.

Ning Qing smiled and said nothing.

After a few more questions, the host saw that ning Qing was wearing a mask and asked, ” you've never appeared on any occasion before. Why did you accept the invitation to our show this time? ”

“Ying city is my home, and many people here know me. I don't think there's a need to hide it.”

“Oh?” The emcee seemed to have heard something. She looked at the director for a moment. After getting the confirmation, she asked, ” you mean to say that everyone should have known you before? ”

“.....”

Looking at ning Qing's face, which he couldn't tell if she was familiar or not, the host was also eager to try.

Although they were able to invite her to appear on their show for the first time and this would definitely increase the viewership ratings, if she could show her face, the show would probably be able to be coaxed to the International stage. By then, the viewership ratings would be so high that it would practically reach the heavens!

The woman was silent for a while, and the situation was a little awkward.

The emcee quickly added, ” if you think it's private, you don't have to answer my previous question.

“No, I didn't,” Ning Qing answered.

Through the mask, she looked at the embarrassed male host, her eyes glistening.

three years ago, I did something. Perhaps everyone's impression of me isn't particularly good.

The emcee could feel that she wanted to say something, so she tried her best to guide her.

“Oh? How do you say it's a bad impression?”

Ning Qing lowered her head, her voice soft.

“It's related to my marriage.”

There was a burst of sighs below.

No one would have thought that such a woman with an extraordinary temperament was already married!

This broke the hearts of all the single male viewers!

“You’re already married?” the host asked in surprise.

“That’s right.” Ning Qing’s tone was light, her voice neither loud nor soft.

“I’m sure everyone’s curious if your husband Yingluo is an industry insider?”

Ning Qing’s hand that was holding the microphone paused. The camera cut her face closer and she seemed to be hesitating.

However, she pursed her lips and smiled, “I’ve already divorced him,” she said calmly.

“Whoosh-”

There was another uproar below.

The audience had all kinds of expressions. All of them felt sorry for such a beautiful woman, but she was married and divorced!

Fortunately, the host was more professional. After the surprise, he quickly got into the mood and comforted her. For a successful lady like you, it should be your ex-husband’s loss to separate from you.

He laughed dryly. He wanted to dig deeper into the news. Why did you and your ex-husband choose to separate? Is it convenient for you to tell me? ”

Ning Qing looked at him and saw the curiosity and a bit of greed in his eyes.

She rested her hand on the armrest of the sofa and leaned back. Her posture was relaxed, but her tone was a little distressed and bitter.

She seemed to be self-deprecating, “ It’s probably because I’m not attractive enough to him.

This self-mockery made the host disagree.

What are you saying? Come, take a look down there. So many of our male audience members fell in love with you at first sight. I’m afraid your ex-husband’s eyes aren’t very good.

“.....”

“If he sees your achievements today, he’ll definitely regret it!”

Ning Qing smiled again and did not say anything.

The host suddenly had a bold idea. He ignored the director and asked directly, “ Then do you mind taking off your mask and letting us see your true appearance? ”

Her black and clear eyes looked over, and he only felt his whole body go soft, and his mind became even more muddled.

The woman's red lips parted slightly. of course you can.

The host was so happy that his heart was about to jump out of his chest. He didn't even notice the warning that the other staff members were giving him.

So, ning Qing put down the microphone, reached behind her head, and untied the silk rope of the mask.

Under everyone's watchful eyes, her stunningly beautiful face was finally exposed to everyone.

Chapter 328: Announce to the world that Ning is her, ning Qing (1:

She had bright eyes, white teeth, and fair skin.

But that face ...

"....."

Everyone was stunned.

He didn't make a single sound.

And this subtle silence, compared to the popularity just now, was frighteningly quiet.

The emcee's expression changed several times, and he stared at ning Qing with shock in his eyes.

No one would have thought that this internationally renowned jewelry designer was actually ning Qing, who had jumped off the bridge to commit suicide at her ex-husband's wedding three years ago!

Wasn't the divorce partner she was talking about Mr. Nian of the Nian group?

Ning Qing glanced at the audience and then back at the host. She said calmly, " it seems that everyone is really surprised to see me.

A piercing sound came from the emcee's headphones. He suddenly reacted and forced a smile.

miss ning Zhenzhen, miss ning Qing, you're back. Hehe, I'm a little shocked. Zhenzhen didn't expect that you'd be developing your own business abroad after not seeing you for three years.

Good, good, there was news that she was still alive two days ago.

Otherwise, if she were to see someone come back to life during the live broadcast, everyone would probably treat her as a ghost.

Ning Qing was calm. She turned to face the camera and smiled. yes, I'm ning Qing. I'm back.

"....."

After that, there was a rare silence in the live broadcast room, as if no one was there.

With the reminder from the staff, the host brought the topic back to work and finished the interview with great difficulty.

By the time he got off the stage, his back was already covered in cold sweat.

When he looked at the woman again, she was still gentle and moving. The determination and calmness in her eyes made it impossible for people to associate her with a woman who would commit suicide for love!

Ning Qing tidied her clothes, looked away from the fearful eyes around her, and summoned Yu Shu, who was in the corner.

“Sister, how is it?” Yu Shu asked her uneasily.

Ning Qing gave her a comforting look, and Yu Shu heaved a sigh of relief.

She was afraid that something might happen and ning Qing would not be able to handle it.

Fortunately, ning Qing was no longer who she used to be.

She would take care of everything.

“There’s nothing else. Let’s go,” ning Qing said.

Yu Shu nodded, packed her things, and followed behind ning Qing.

Along the way, he received all sorts of gazes.

Yu Shu shivered a little. She looked at ning Qing again and saw that she was still calm and peaceful, not affected at all.

She stepped forward and whispered, “ the live broadcast is very effective. There are reporters from all over the world outside. Sister Qingqing, should we go through the back door? ”

Ning Qing pursed her lips. they’re just trying to get the news. There’s nothing to be afraid of.

but ... Yu Shu couldn’t say it.

Most of those people were like her, who had watched ning Qing jump off the bridge in order to make explosive news.

They had all watched her ‘die’ with folded arms. They were a bunch of heartless and unscrupulous reporters!

Ning Qing knew what she was worried about and patted her on the shoulder. Zhenzhen, you’re different from them. When I came to see you, I told you that I’m very grateful for you stopping me back then, so don’t blame yourself for the past.

Yu Shu’s eyes welled up with tears when she heard this. thank you, sister Qingqing.

Her words forgave her for standing by and watching.

All these years of guilt and shame could finally be released.

Ning Qing was really a very good woman!

Just as he was saying something, there was a sound from the door.

Ning Qing and Yu Shu looked over.

Nian lie strode over with his long legs. His well-defined face could turn all living beings upside down, but his expression was cold and stern. His aura was too powerful. Two rows of well-trained bodyguards followed behind him, suppressing the people around him so that no one dared to step forward.

Chapter 329: Don't make me unable to find you

However, when that person saw ning Qing, the ice melted and he walked over in a hurry.

“Ning Qing!”

He walked up to her in a few steps and looked at her face up and down. He seemed to have a lot to say, but he couldn't say it all at once.

Ning Qing looked at the person who had just arrived, her expression indifferent. if I remember correctly, I took leave today.

Nian Xi glanced at the direction of the broadcasting studio, gritting his teeth.

“You took leave just to film this show?”

Ning Qing's eyes were half-closed, and there was a bit of laziness and indifference in them that was hard to see clearly.

“This is my private matter.”

She gave a fake smile, and her expression was half-genuine and half-fake.

Mr. Nian, you're not in the company, trying to raise the stock price and restore the reputation of the Nian Corporation. What are you doing here? ”

“.....”

Nian lie's dark eyes were as deep as the ocean, and he endured it silently.

The person he sent to keep an eye on her said that she was missing, so he thought she had disappeared again.

He had been looking for her all over the world since six in the morning, but in the end, he saw her on a live broadcast.

Who knew what he was feeling at the time.

She was both glad and afraid.

He was both happy and angry.

The woman was getting more and more insatiable. She raised her thin eyebrows and said coldly, “ Mr. Nian, are you chasing me? ”

There was an obvious hint of a smile in his question.

Nian Xi looked at her today. She was so beautiful and dazzling. The cheongsam outlined her perfect figure, revealing her fair neck and perfect face. However, her expression was not friendly.

His heart felt as if it had been soaked in cold water.

It didn't hurt, but it was cold.

I remember," he said with difficulty. the contract said that you're not allowed to take other jobs.

you said that I can't take on any design projects. You didn't say that I can't take on other types of work.

She didn't think she was in the wrong.

"Besides, this kind of talk show is to increase my popularity. In other words, the more people know about me, the more people will spend on the Nian Corporation in the future.

As a qualified businessman, Mr. Nian should know this better than I do."

As soon as she finished speaking, her body was pulled over by the man.

Ning Qing frowned. what are you doing? "

don't disappear for no reason. Don't let me not find you!

She didn't want him to fall into the fear of losing her again!

He had already experienced this kind of despair twice. There couldn't be a third time!

He would die.

"....."

There was no sound around him.

Even the passersby didn't dare to speak.

Yu Shu's eyes widened, unable to believe what she had just heard.

Compared to the others, ning Qing was only stunned for a moment before she regained her calm.

"I asked for leave, in front of you."

Nian lie's hand, which was holding hers, was trembling uncontrollably.

She put her hand in front of her, blocking his touch.

This detail made Nian lie's heart sink to the bottom.

His pale lips moved. in the future, without my permission, you are not allowed to take any work, not even a show.

Ning Qing smiled coldly.

He suppressed his anger and did not look into her eyes.

"Come back with me."

He pulled her out of the room, leaving no room for her.

So many people were waiting to see a joke, and ning Qing didn't want to make things too ugly.

He turned around and gave Yu Shu a look. The other party returned an OK gesture and walked away from the other side.

Nian lie held her hand tightly. There were bodyguards by his side protecting her, layer after layer. They were so tight that not even a gust of wind could pass through.

Ning Qing looked at the door, which was getting closer and closer. The glass reflected the light, and the crowd outside was dense.

Her pupils contracted slightly as she looked at the man's back.

There was a hint of mockery in his words.

"When you came in, didn't you see that there were so many reporters outside? Are you going to drag me out like this and let those people see us so that they can write about our scandal?"

Chapter 330: You have never loved miss ning (1:

"....."

you're so open and aboveboard. Aren't you afraid that someone will hear the news and find trouble with you? "

Nian lie understood her hidden meaning.

She stopped in her tracks. Due to inertia, ning Qing almost bumped into him.

At this moment, Nian lie turned around. His deep eyes were fixed on her, as if he was looking into her heart.

"No one else," he said.

Ning Qing's face remained unmoved. really? "

Nian Yu let out a breath of air, his eyes were dark and his lips were pale.

"Ning Qing, I only have you from the beginning."

Ning Qing's Red lips curved into a smile, but her eyes did not show any emotion.

"Do you even believe your own words?"

"....."

"If it was three years ago, I would probably have believed you."

She seemed to be smiling, but it also seemed like she was just putting on an act. Nian lie couldn't see any of her true feelings.

Ning Qing raised her chin slightly, a chill spreading between her lips and teeth.

but I'm not an idiot now. I won't believe anything you say. Mr. Nian, you'd better not say such misleading words.

As she said that, she managed to break free from Nian lie's grip.

She stroked the hair by her ear and said, "if you have nothing else to do, please leave first. I don't want to see Yingluo."

"Ning Qing, you really don't believe me."

The sudden sentence interrupted her.

Ning Qing didn't know how to respond to the crowd.

She put away the nonchalance on her face, and there was not much color in her eyes.

But obviously, she did not believe it.

"I'll make you believe me,"

As Nian lie spoke, he held her hand before she could react.

Their fingers were interlocked.

Ning Qing was about to resist, but he had already taken her hand and walked out without saying anything.

She only saw a bright light in front of her eyes, and the crowd's laughter stopped for a few seconds, followed by overwhelming surprise and gasps.

The camera flashes kept on flashing.

However, under everyone's gaze, he firmly held her hand, not allowing her to break free.

It suddenly became crowded in front of him.

Countless microphones and questions came in one after another.

Mr. Nian, did you already know that Ning is your ex-wife? "

Mr. Nian, you and your ex-wife showed up holding hands. Are you going to announce your re-marriage to the public? "

previously, the Nian family released the so-called truth about miss ning Qing jumping off the bridge three years ago. They said that she had been pestering you after the divorce and was willing to use her life to force you to accept her again. Is this true? "

"Miss ning, may I ask what the truth was three years ago? How did you survive?"

In the midst of the noise, the crowd kept squeezing the bodyguards outside, showing how agitated they were.

Ning Qing felt a headache coming on when she heard some questions.

Nian Xi wrapped his arms around her waist, carefully protecting her in his arms.

When he heard a certain question, he looked over.

The reporter only felt a chill enter his body, and in an instant, he was cold from head to toe.

Lu Zhui squeezed in the back and kept warning those who got close.

However, for the sake of the so-called big news, not many people listened to him.

Nian lie was very impatient. He hated such a noisy environment.

If it wasn't for the woman in his arms, he would never show his face in public like this and give these reporters a chance.

A microphone was extended.

Mr. Nian, I heard that you've never loved miss ning. The only reason she was able to marry you was because her parents used underhanded methods. That's why you couldn't wait to divorce her, Zhenzhen.

Nian Junfeng's spirit was cold, and his hostility was surging. who told you this? ”
