

## Mr Nian 341

Chapter 341: Even if I don't want to see you, I won't leave the Nian Corporation (1:

"Qing Qing, I've been waiting for you."

In front of the desk, ning Qing's head was slightly lowered, a pen in her hand. Her messy hair fell down and covered her beautiful face.

Yan Sichen had confessed to her a week ago.

At that time, she was so shocked that she pushed the man away.

The sadness and pain on his face was real, so real that she didn't dare to look at him. She hurriedly said, " stop joking. You're my brother and I'm your sister. This can't be changed. then she turned around and didn't look at him anymore.

After a long time, the man's low and hoarse voice was heard.

"I've never treated you as my sister."

Then, the sound of the door opening was heard.

He stepped out with heavy steps.

Ning Qing clutched her slightly painful head, feeling very upset.

She had never expected that Yan Sichen, whom she treated like family, would actually love her, and that it had started a long time ago.

The most annoying thing was that she didn't think there was anything between them because she didn't think he liked her. Now that she had this understanding, it seemed that his previous actions were more reasonable.

She scratched her head in frustration, and a voice suddenly came from above her.

"Miss ning, miss ning?"

Ning Qing was startled. what's the matter? "

The woman was holding a few drawings. I knocked on the door just now, but you ignored me. I was afraid that something might have happened to you, so I came in without permission. I'm sorry.

"I'm fine."

The woman handed the draft in her hand to ning Qing and said, " please confirm the details of the design again. If there are no problems, I'll send someone to send the customized template. You can see if there are any problems then. If there are no problems, we'll make a decision directly.

Ning Qing grunted in agreement and took it to have a look.

She had drawn this set of designs this week. Inspired by the night sky, with sapphire as the theme, she had designed a necklace, bracelet, earrings, and ring as a whole set.

Necklaces and rings had complicated patterns, and the diamonds were exquisitely cut. They were luxurious, exquisite, and eye-catching. In comparison, bracelets and earrings were light and simple. They could be matched in a suit or separated, and were suitable for all kinds of occasions.

“This is the last version. Let them produce it and see. We’ll decide if we want to make any changes after seeing the real thing.”

“Alright,” he said.

The woman left.

Ning Qing had thought that it would go smoothly, but someone had asked her about the design in the afternoon.

After explaining it over and over again, the other party still could not understand what she was trying to say. Therefore, ning Qing decided to personally supervise the production process of this set called “night sky”.

Before she got on the plane, she received a call from Yan Sichen.

“Qingqing, do you have time? I want to talk to you.”

Ning Qing’s feelings were very complicated. She had thought about her relationship with Yan Sichen, but now was not the time.

“I’m sorry, brother Sichen,” she said apologetically. “I have to make a trip to Haicheng.”

“You’ll be gone for a long time?”

“Maybe two or three days.”

“It’s okay. I’ll wait for you to come back.” Yan Sichen was very disappointed, but he still forced a smile.

“Alright,” he said.

Just as he hung up, another call came in.

Seeing the name displayed, ning Qing’s brows turned cold.

He pressed the button and picked up.

“What’s the matter ...”

“Where are you going?”

The sudden question was mixed with obvious panic.

Ning Qing, who had been impatient, suddenly became interested. She smiled and said, “where I go has nothing to do with you, Mr. Nian.”

Nian lie seemed to have knocked something off and was panicking.

“Ning Qing, answer me. Where are you going?”

His voice was so loud that ning Qing moved her phone away slightly. Her flight was about to take off, so she was not in the mood to deal with him. She said coldly, “ I’ll be in Haicheng for two days to produce a sample of ‘night sky.’ Are you satisfied with this answer? ”

“.....”

The other side didn’t speak. Ning Qing frowned and said coldly, ”

“Mr. Nian, you don’t have to worry too much. There are still two months left on the contract. Even if I don’t want to see you, my professional ethics won’t let me leave the Nian Corporation.

I’m getting on the plane, I’m hanging up.”

Chapter 342: I want to go to hell, will Mr. Nian go with me?

Ning Qing turned off the plane and boarded it smoothly. She took a short nap and arrived in Haicheng not long after.

She rushed to meet up with someone without stopping. After making clear her intentions, she returned to the hotel to rest.

The next morning, she followed the person-in-charge to the processing site. After the ring sample was completed, ning Qing expressed that there were no problems.

your design is really novel. Compared to the previous designs, this one can be said to be one in a million.

Ning Qing smiled at the craftsman’s praise. the design is one aspect, and the craftsmanship is another. Thank you for your hard work for the night sky. I’ll also have to trouble you to take care of the details of the production. Thank you, everyone.

After she finished speaking, she bowed slightly to the crowd.

It was in the afternoon when ning Qing finished producing the bracelet. She called for afternoon tea for everyone, thanked them again, and prepared to go back to the hotel to catch up on sleep.

However, just as she stepped out of the door, she saw Nian lie.

Under the sunlight, the black car’s body was smooth and it looked expensive.

The car window rolled down, and the man’s perfectly sculpted side profile was revealed.

“Ning Qing,”

It was just two words. Ning Qing stopped in her tracks, pretended not to hear it, and was about to leave.

Nian lie furrowed his brows. Without any hesitation, he pushed the car door open and got out of the car, blocking her way.

Ning Qing raised her eyes and said in a cold voice, ” what do you mean? are you afraid that I’ll be lazy here? ”

Nian Xi was stunned. She sneered and said, "if you think that I'm so unprofessional, you shouldn't have signed the contract with me.

"You've misunderstood," Nian Yu explained with difficulty.

The woman's expression wasn't good. There were dark circles under her eyes, which showed that she hadn't rested well.

The sore and swollen feeling in his chest slowly subsided.

It turned into heartache.

"I don't have the ability to misunderstand you."

Ning Qing flung her hand away but did not break free.

Just as she was about to flare up, she met his deep gaze.

"I'm just afraid that you'll be here alone." Nian Ying's eyes were filled with helplessness and heartache.

He remembered that she used to dislike being alone.

"Can't you get used to it no matter how scared you are?"

besides, I've been alone abroad for three years. Even if I'm scared, I'm used to it," ning Qing said sarcastically with a cold look in her eyes.

All the blood drained from Nian lie's face.

He had never thought that a person's words could be like a knife, cutting through his entire body. There was not a single spot that did not hurt.

Ning Qing was obviously disgusted by his touch. However, Nian lie lowered his face and said in a hoarse voice, "I'll take you somewhere.

After that, regardless of her wishes, he forcefully dragged her into the car.

Ning Qing was no match for him. She gritted her teeth and glared at him. are you a Bandit? I said I'm not going!"

Her words made Nian lie feel better. After all, from the moment they had reunited, she had rarely shown any other emotions in front of him except for awkwardness and mockery.

He couldn't help but mock himself in his heart,"now, even her impatient look is good enough."

"If you want everyone to see us, you can shout louder."

"....."

Ning Qing gritted her teeth so hard that she almost broke them.

While she was still in a daze, the man stuffed her into the front passenger seat and fastened her seat belt.

She stared at him as he walked around the front of the car and got in.

Calm down, ning Qing, you must calm down.

Don't let him control your emotions.

"Where are you taking me?: she asked after taking: few deep breaths and adjusting her mood.

Nian lie turned his head and looked at her.

"Where do you want to go?"

Ning Qing sneered. I want to go to hell. Mr. Nian, do you want to go with me? "

He was silent.

The sarcasm was like a rubber ball, exploding in ning Qing's heart with a bang.

She curled her lips. Her tone was frivolous and sarcastic. as expected, anyone's words can be taken seriously in this world, except for men.

Nian lie could tell that she was mocking him. He stared straight ahead, and his explanation was a little weak ...

Chapter 343: Ning Qing, aren't you tired?

"Ning Qing, you don't need to go to hell."

Ning Qing looked at him with half-closed eyes. but what if I want to? will Mr. Nian accompany me? "

"If you want to, I'm willing," Nian lie said in an extremely calm tone after taking a deep breath.

Then, he turned his head and looked at her seriously.

"But, ning Qing, I don't want you to die."

"....."

Ning Qing glared at him, and the corners of her lips curved down.

He still didn't look at the road ahead, and every word he said clearly entered ning Qing's ears.

"You can curse me and make me die, but you can't die."

This was the second time he had almost lost her.

There can't be a third time.

Ning Qing laughed silently and looked away. She cursed him and closed her eyes to rest, not looking at him again.

Nian Xun's eyes grew calm as he turned to look ahead.

it's still a long way. Take a nap. I'll wake you up when we arrive.

Ning Qing crossed her arms and turned to the door, completely ignoring him.

Perhaps it was because the temperature in the car was just right, or perhaps she was really tired, ning Qing fell asleep not long after.

Looking at the woman who was sleeping peacefully, Nian lie's eyes revealed a gentleness that he had not seen in a long time.

Almost an hour later, ning Qing felt a jolt under her body.

She woke up in a daze and looked out the window-

In the distance, the mountains were winding, as if they extended to the horizon. Jiang He stretched out of the forest in the afterglow, its surface glistening. From afar, the dense forest seemed to be shrouded in mist.

Green hills and clear waters, the setting sun.

Ning Qing suddenly woke up. She rolled down the window and looked down. The height she was at at the moment made her dizzy.

She turned around and glared at the man who was driving.

Her beautiful hair fluttered in the wind.

Mr. Nian, you're the head of the Nian family. Do you really hold grudges? "

She had cursed him to go to hell, and he had taken her to such a high mountain. Did he want her to die?

However, if she really had to die, she would drag him down with her!

As she thought about this, the car window was rolled up.

Nian lie shook his head slightly. The sound of the wind blowing into his ears had made his ears buzz.

"We're almost there."

He didn't answer her question directly, but only said these four words.

Ning Qing did not speak. She stared at the increasingly narrow road in front of her, her heart hanging in the air. Fortunately, the two of them had reached the top of the mountain without any danger.

At this time, the sun was about to set. The fiery red clouds covered the sky, and the red light shone on every corner. It was so beautiful that it was shocking.

After Nian lie parked the car, he unbuckled his seatbelt and got out of the car. Seeing that ning Qing was not moving, he said, " we're here. Let's get out.

Ning Qing held her breath, but he did not say much. She pushed the door open and got out of the car. The man had already lit a cigarette. He was leaning against a big tree that required two people to hug it, looking at the scenery under his feet.

Ning Qing walked around the mountaintop and found that there was no other way to go except the road that she had driven up.

"Why did you bring me here?" she asked after glancing at Nian lie, who seemed to have lost interest.

As Nian Ying held the cigarette butt between his lips, he looked at the mountains in the distance.

When he heard her speak, he turned around and glanced at her.

His eyes were filled with unspeakable desolation and loneliness.

He gestured with his chin to let her look at the mesmerizing scenery.

Ning Qing took a quick glance and retracted her gaze. just to see this scenery? ”

It was beautiful, but what was the point of looking at it?

Nian lie didn't reply.

Mr. Nian, ” ning Qing said coldly, ” if there's nothing else, I'll take my leave.

She turned around and headed down the mountain.

Nian lie returned to his senses from the scenery. As the White smoke filled the air, he said, ”

“Aren't you tired?”

Ning Qing stopped in her tracks.

He looked at her from a few steps away, as if he was so far away that he couldn't catch her.

“Aren't you tired?”

Chapter 344: When an accident happened (1:

Nian lie's tone was very calm, so calm that no emotions could be heard.

“Why would I be tired?” ning Qing turned around and asked.

He took a deep puff of the cigarette and blew out a smoke ring from his thin lips. His eyes that could see through everything flew over through the smoke.

from the moment we met again, you've been acting like you've forgiven me and don't talk about the past. You've tried your best to draw a line with me, but Wuwu ...

His dark, ink-like eyes met hers, and it made her heart tremble.

“Ning Qing, have you really let it go?”

Ning Qing felt a bang in her head, and only his words were left.

Her fingers trembled unconsciously as she suppressed all her emotions and said with a smile, “what else do you think?” What's the use of fussing over the past? I'll f \* ck you up!”

Nian lie threw the cigarette butt away and snuffed it out with the tip of his shoe. He didn't want to listen to her pretentious words anymore. He interrupted her with a cold face. do you hate me? ”

Ning Qing's back stiffened, and she could no longer smile.

“Do you think I still hate you?” she asked, unable to put on the right expression.

“.....”

A gust of wind blew across the mountain peak, stirring the hearts of the people.

A silent silence spread.

Faced with her stubbornness, Nian lie’s eyes turned red.

A deep sense of powerlessness and sorrow swept through his body.

Just as he was about to step forward, he suddenly heard something.

The wind buzzed past his ears, mixed with a roar, coming from the foot of the mountain.

Nian Yu furrowed his brows and looked at the only path up the mountain.

Then, the sound became clearer and clearer.

Ning Qing naturally heard it too, but she heaved a sigh of relief. She was afraid that she would not be able to hold back if she continued.

“Get in the car.”

Nian lie suddenly said.

Ning Qing was puzzled. The roar of the car grew louder, and in the next second, the car rushed directly to the road and stopped there.

She was stunned. Four or five men got out of the car. They were all wearing black t-shirts and masks, holding Long Knives and iron bars in their hands.

“I know you don’t like me, but are you that eager to see me die?” ning Qing blurted out.

Nian lie rushed in front of her and shielded her behind him. He looked at the approaching group of people with a cold face.

“It wasn’t me,”

Ning Qing’s heart grew colder when she received a negative answer.

However, before she could think about it, the Men in Black had already rushed up impatiently.

Nian lie protected her with one hand, like a hibernating leopard. His eyes were sharp and cold.

go back to the car, don’t look, ” he said before pushing her away and walking toward the group of people.

Ning Qing staggered and almost fell. She forced herself to calm down and ran to the back of the car.

However, the intersection was blocked, and even if there was a car, she couldn’t leave.

She looked back at the steep slope, and the whistling wind made her heart completely cold.

She suddenly heard a sound and turned to look at the fighting ring.

Surrounded by people and without any weapons to defend himself, Nian lie's body was already covered in wounds of various sizes.

Then, the stick hit his calf.

Another blade landed on his back.

Within a moment, the man was covered in blood. His eyes were bloodshot, and he lay on the ground.

Ning Qing was completely stunned.

Until Nian lie limped in front of her and reached out to her with his blood-stained hand.

"Ning Qing, it's fine now."

At that moment, ning Qing was in a daze, but she did not catch his hand.

Nian lie's eyes drooped, concealing his pain and disappointment. His hands also drooped.

"....."

Ning Qing suddenly held his hand. She pursed her lips and said calmly, "the intersection is blocked. I can't drive.

Nian lie didn't even have the time to feel happy. She was already helping him to leave.

Walking around the battlefield, ning Qing endured the trembling and nausea. Suddenly, she heard a voice in her ear. ning Qing, you still love me, don't you? "

Her face turned cold when she heard the inappropriate words.

She flung his hand away and looked at him coldly. I've already died once. I'm afraid I'm not sick if I love you again.

The light in Nian Jue's eyes faded.

However, at this moment, he saw the man on the ground take something out of his arms and aim it at ning Qing's back.

The sound of a bullet bursting out of the chamber was heard.

Without thinking, he pulled her into his arms.

"Ah ... Hiss!"

Ning Qing cried out in shock as she felt a sharp pain in her right arm.

Nian lie, who was already unsteady to begin with, hugged her tightly and fell backward uncontrollably ...

Chapter 345: After falling off the cliff (1:

It was as if he was about to vomit out his heart, liver, spleen, and lungs, and he was in so much pain that he was delirious.

The two of them rolled along the steep slope for a long time.

With a muffled groan above her head, Ning Qing felt that she had hit something hard, and the two of them stopped.

She was in so much pain that she couldn't make a sound. Her vision turned black and she fainted.

Under the setting sun, a gentle breeze blew at the top of the mountain.

Not a single person could be seen.

.....

Ning Qing was awoken by the pain.

It was as if his entire body was being roasted over a fire. His entire body was in unbearable pain.

She suddenly propped herself up, opened her eyes, and breathed heavily.

"Aiyo!"

A cry of surprise came from beside him.

Ning Qing looked over. The old man was holding a handkerchief in his hand and was about to wipe her body. When he saw her suddenly wake up, he was so frightened that he took a few steps back.

She looked around and saw that she was dressed in ordinary clothes. The tables, chairs, and benches were all made of wood, including the wardrobe, which looked quite old. There were a few lapels hanging on the wall, which looked very simple and plain.

She looked at the white-haired old man and asked, "granny, where is this?"

"Jie si ya Gou, si wo han wo Lao ye ya ya ya ya ya"

Ning Qing frowned.

She couldn't understand the dialect the old lady was speaking in.

He touched his forehead. He had a slight fever.

He had already changed into a short gray-blue shirt, and when he looked at the pain in his arm, it had been simply bandaged.

Ning Qing sensed that she had no ill intentions and asked again, "where are the people who were with me?" Did you see him?"

This time, the old man understood.

She gestured a few times with her hands and mumbled something, her eyes showing worry.

Ning Qing understood and smiled. it's just a small injury. I'm fine.

Before she finished, she added, " thank you. Please take me to see him.

The old man got up, and ning Qing got off the bed and followed her out of the door.

When she came out, she found that it was already dawn. There was a small courtyard outside, without any industrial processing, just the most primitive mud courtyard with some unknown yellow and white flowers planted on the side. The wooden door and fence were simple, but the small land was well protected.

She glanced outside. The old lady whimpered as if urging her. She quickly walked over.

He pushed open the door and entered another simple room.

On the small wooden bed, there was a man wrapped in cloth.

His eyes were tightly closed, and his cheeks were abnormally red. It was obvious that his high fever had not subsided.

Ning Qing walked over and stared at the wounds all over his body, including the scratches on his face. She felt a little headache.

She didn't react at all at that time. She only heard a sound that sounded like a gunshot.

The process of them rolling down was long, and she certainly remembered that he had firmly protected her arms.

Ning Qing lowered her eyes and looked at the lifeless man.

"Aiya, the little girl is awake!"

A deep male voice filled with joy sounded.

Ning Qing looked over and saw an old man with a steady figure walk in.

She looked at the old lady and then at the man. did you save us? " she asked carefully.

The old man smiled and nodded. hey, I went up the mountain to collect firewood and saw you two at the back of the ravine. Aiyo, it really took me a lot of effort to carry you two back!

Ning Qing was a little surprised. The old man in front of her was not plump and could be said to be a little short. He was about the same height as her and looked at least 70 years old.

It was hard enough to carry her back, but she had to bring Nian lie back, Xuxu.

oh my, there are all kinds of snakes, insects, rats, and ants on this mountain. There's also langle. No one has come here for many years, and you guys still came here.

As he spoke, he placed the sickle on the table and took a sip of water.

The old lady said something to him. The old man said, " let's go out first. This young man needs to rest.

Chapter 346: Completely lost in touch (1:

Ning Qing could barely understand the slightly accented local dialect.

She nodded and the three of them went out.

Her mother-in-law brought her a bench. She thanked her and sat down with her grandfather.

“Grandfather, thank you for saving my life.” Ning Qing looked at him and expressed her gratitude solemnly.

The old man smiled and waved his hand. it’s a small matter. I just happened to run into you. Since you’re still alive, I brought you back.

He paused and said something to his mother-in-law beside him. Then, he turned around and asked ning Qing, “ little girl, why did you come here? ”

Ning Qing recalled the pursuit earlier. She looked at the two old men and did not dare to tell the truth. She only replied briefly, “ we went to the top of the mountain to see the scenery. We ran into some trouble and accidentally rolled down the slope.

The grandfather nodded thoughtfully. The old lady brought two cups of tea and handed one to ning Qing. She thanked her and drank it all in one gulp.

The fragrance of the tea was overflowing, but it was also incomparably fragrant.

The old woman hurried into the kitchen and brought out the clay pot for making tea.

Grandfather sipped his tea. Aiyo, you said you rolled down the hill? ”

Ning Qing nodded. She paused and asked nervously, “ grandfather, I’d like to ask you. Do you have a cell phone or any other communication devices here? ” I want to contact my family. They must be very worried about me during my disappearance.”

The old man frowned, patted his knee twice, and shook his head at her.

“Little girl, luoxia Valley is very far from the city. It’s a remote place. There’s no signal here, let alone a cell phone. It’s useless for us to take those things.”

“My wife and I have lived here for decades. Usually, there’s no one in this ditch,” he said with a sigh as he looked at the old lady beside him.

So this place was called Sunset Valley.

Ning Qing sat on the steps and looked into the distance. The vast forest was green, and there were many mysterious and dangerous animals and plants hidden under it. There were a few high mountains, and the top of the mountain seemed to be hidden in the fog. It was impossible to see clearly.

She still didn’t give up and looked at the old man eagerly. then, Grandpa, how far is this place from where the crowd is gathered? How long do you need to walk out?”

The old man lowered his head, as if he was considering the meaning of her words. After a short rest, he stood up and pointed in a certain direction.

Ning Qing followed his gaze.

I went there two years ago, but my health wasn't good. At that time, in order to buy some cold medicine for my wife, I walked for a day and a night before I saw her.

Ning Qing's face turned pale.

The old lady had lived in this mountain for so long, so she must know the terrain and direction like the back of her hand. However, she still had to walk for a day and a night. If it were her, her physical strength would not be good to begin with, and she was injured.

Ning Qing held her forehead and instantly dispelled the idea of walking out alone.

The old woman patted her uninjured arm and babbled a few words. Ning Qing looked at her doubtfully. The old man explained for her, " my old woman said that you are all injured now. Don't think about going out for the time being. We'll talk about it after you recover from your injuries.

Ning Qing was touched and guilty. She held her grandmother's hand and said, " thank you for your concern, but we'll be disturbing your life here. I'm Yingluo.

The old man shook his head and sat down with a smile on his face. it's okay. We haven't seen anyone in a long time. It's good for you to stay here and chat with us.

Chapter 347: Little girl, your husband is really good to you (1)

Ning Qing's eyes were slightly red. She sat down and asked her grandfather, " you and mother-in-law have been living in this mountain all this time. Don't you have any other relatives who have come to see you? "

Grandfather sighed, a trace of sadness quickly flashing through his clear eyes.

I have a son who liked to gamble thirty years ago. Later, he squandered all the family's money and was killed by someone by accident. My wife and I came back to live in the mountains. We don't keep in touch with our friends and family anymore.

Ning Qing looked at her mother-in-law beside her and held her hand tightly. I'm sorry, grandfather, mother-in-law. I've brought up your sad memories.

Her mother-in-law shook her head and smiled at her. There was a sad look on her face as if she was reminiscing about the past. It was clear that she was really heartbroken by her own child.

"It's all in the past,"

Grandpa shouted, but he was not too excited.

people have to move forward. Besides, we don't have many years to live at our age. Thinking about those miscellaneous old things won't change anything. It's better to cherish the days we have now.

After hearing the old man's words, ning Qing's eyes flickered slightly. She thought of herself and fell into a short silence.

After chatting for a while, Grandpa and Grandma got up to make dinner.

Ning Qing offered to help, but the two of them rejected her with the excuse of her injury.

She stood by the stove, her mother-in-law was cooking on the table, and her grandfather was using the firewood to start the fire. His movements were very skilled.

Her mother-in-law would say something from time to time, probably about how the fire was small, and her grandfather would understand and add and return the firewood.

Looking at the two old men who had such a tacit understanding, ning Qing felt a little peace and beauty between them, away from the secular world and the hustle and bustle.

“Little girl ning, is that man your husband?” her grandfather asked casually as he simmered the fire in the stove.

Ning Qing’s expression changed. No.

I was beside him last night. I heard him mumbling your name when he was still in a daze from the fever.

Ning Qing was choked by these words and didn’t know how to reply for a moment.

She was about to explain when her mother-in-law suddenly poured the shredded potatoes into the pot. A loud sound and oil and smoke came out.

The mother-in-law waved the White smoke and muttered. Grandpa got up and chased her out.

“There’s a strong smell of smoke in here. Go out and see your husband.”

“Grandpa, he’s not Yingluo.”

Before he could finish, the old man had already closed the kitchen door.

Ning Qing held her forehead, feeling helpless.

She stood at the door for a while. With no other choice, she returned to Nian lie’s room and unwillingly checked on his injuries. His fever had almost subsided, but his face was still pale. His brows were tightly furrowed, as if he had been disturbed by nightmares every day.

Ning Qing took the towel from his forehead, squeezed some cold water from the iron basin at the door, and threw it on his head.

“Ning Ying, don’t go. Don’t leave.”

The man started to talk again.

Ning Qing glared at him expressionlessly and put away her handkerchief.

“If it wasn’t for the fact that you wanted to get out of here as soon as possible, don’t think that I would care about your life or death.”

She opened the towel and began to carefully wipe the sweat from his body.

The man was indeed a man. His body was so strong that she couldn’t move him. It took a lot of effort to wipe his exposed skin. She didn’t dare to deal with the bandaged wounds.

Ning Qing was exhausted after lunch.

Her mother-in-law asked her to take a short nap, and she slept until the sky turned dark.

She got out of bed with her eyes half-closed and went out. She saw the man who was still unconscious in the morning sitting in the yard and listening to her grandfather.

“Hey, little girl ning, you’re awake!” Her grandfather called out to her the moment he saw her.

Following his shout, the person’s gaze also turned over.

It was deep and blazing.

Ning Qing pretended not to see it and walked over to sit next to the old man. it’s so late. Why didn’t you wake me up? ” she asked.

The old man glanced at her with a meaningful look.

didn’t he tell you not to disturb your rest? little girl ning, your husband is really good to you!

Chapter 348: Isn’t there one sitting next to you?

Ning Qing and Nian lie’s expressions changed when they heard that.

Ning Qing felt embarrassed. grandfather, he’s not my husband.

The old man first looked at ning Qing, then at Nian lie, whose expression did not change much. He understood and said, ” Oh, I understand.

Ning Qing narrowed her eyes at him. what do you know? ”

The old master leaned forward. His voice was neither loud nor soft, and everyone heard him. did you two quarrel? ”

Ning Qing’s face turned red. no, I really have nothing to do with him!

The old man waved his hand to show that he understood. I know, I know! But this man is a good man. When I saw you two in the ravine, he was hugging you tightly. It took me a long time to pull his arm away, and it was so tiring for this old bone of mine!”

Ning Qing gritted her teeth, feeling a little upset. thank you for your hard work. Thank you for saving me, grandfather.

She didn’t mention a single word. Nian lie lowered his eyelids. After a while, he said, ” thank you for saving my life. When we recover and get out of here, I will definitely thank you.

Grandpa shook his head with a smile on his face.

we don’t need your thanks. We can’t get out of this ravine. It’s good enough that you can talk to us.

After that, her mother-in-law came out of the kitchen and greeted her. Her grandfather stood up with his hands on his knees. it’s time to eat. Little girl ning, come and give me a hand.

“Alright,” he said. Ning Qing followed.

Nian lie hesitated for a moment before standing up. Grandpa, I’ll help too.

The old man immediately stopped him and said with concern, “ your injuries are very serious. The injuries on your back and legs ... Tsk tsk ... They say that it takes a hundred days for the bones to recover. Just sit down and don’t worry. I won’t let your wife suffer.

“Grandfather, I’ve already said that I have nothing to do with him!” Ning Qing shouted, not daring to blame him.

The old man smiled and compromised. Alright, alright! I won’t say anymore!”

“.....”

As he watched the two of them enter the central room, Nian lie stared deeply at ning Qing’s back. She was wearing a dark-colored shirt and white leggings that revealed her slender ankles. Her long hair was casually tied up behind her head, and she looked more lively and playful than usual.

Nian Jue’s eyes seemed to be in a daze, and he slowly smiled.

Ning Qing and her grandfather brought out a wooden table that was half the height of a person and placed it in the middle of the courtyard.

Then, her mother-in-law brought out the dishes that she had prepared. There were green pepper with potato shreds, steamed eggplant, boiled radish, and tiger skin green pepper with Pixiu.

The old lady said a few words and walked into the room.

“Where are you going?” ning Qing called her.

Her mother-in-law waved her hand and looked at her grandfather in confusion. The old man smiled and explained in a tacit understanding, “ she said that we’ve lived here for too long and there’s nothing good to eat. You can just make do with it and eat whatever you want!

“How can you say that? Mother-in-law’s dishes are very delicious. I like them very much.” Ning Qingqing said sincerely.

She hesitated for a moment, as if she felt that what she was going to say next would be impolite, so she lowered her voice and asked, “Grandpa, why are you and mother-in-law so in sync?” You know everything she says.”

The old man chuckled. this old woman of mine married me when she was in her teens. She didn’t study much and was illiterate. When she went out, she would say that she didn’t understand what she was saying. But I’ve lived with her for so many years and I’m used to it. I understand!

A proud expression appeared on her grandfather’s wrinkled face. Ning Qing was a little envious and couldn’t help but smile. it’s enough that you understand her, mother-in-law.

The old man shot a glance at Nian lie, who had remained silent the entire time. well, it’s not like you don’t have one. Isn’t there one sitting beside you? ”

“Grandfather!: Ning Qing warned with wide eyes:

“Alright, I won’t say anymore, I won’t say anymore!” The old man quickly changed the topic, afraid that he would step on the girl’s sore spot and make her unhappy.

Granny also came out with a clay pot and poured a cup for the four of them.

Ning Qing took a sip, and her eyes lit up.

The sweet and sour taste was very cool and suited her appetite.

She nodded and smiled, “yes!” It’s so good, Granny’s hands are so skillful.”

Her mother-in-law patted her hand and grinned from ear to ear.

“If you like it, she can teach you how to make it tomorrow.” Grandpa suggested as he picked up some potato shreds with his chopsticks.

Ning Qing nodded happily. okay!

“Alright, hurry up and eat!”

For the first time in two days, they sat down and had a Happy Meal together.

Ning Qing could not help but take another sip of the fruit tea.

Seeing her like this, Nian Jin quietly handed her the tea he had not drunk.

Ning Qing was stunned. He said quietly, “ don’t you like it? drink more.

Her breath froze and she pretended not to hear.

She walked past his teacup, took the clay pot at the side, and poured herself another cup.

Nian Yu pursed his lips, his eyes filled with pity.

The meal was rather harmonious and enjoyable under the hospitality of the old man.

After the meal, they sat in the courtyard, enjoying the cool breeze and looking at the vast stars in the sky.

Ning Qing looked up and asked the old man with a sigh, “ grandfather, you and mother-in-law have been living here all this time. You don’t care about the world, and you don’t have anyone to interact with. Don’t you feel lonely? ”

The old man was sleeping on a recliner, waving a fan in his hand. He was enjoying this rare time with someone to accompany him.

I have an old woman to accompany me. If you tell me when she’s going to leave, I’ll be the one who can’t live.

Ning Qing turned to look at the two of them. Her mother-in-law was beside her grandfather, one hand on the back of his hand. Both of them had a relaxed smile on their faces.

She suddenly understood. She sighed and said, "that's right. No matter where you go, it's indeed a good thing to have someone by your side.

The old man opened one eye and saw ning Qing and Nian lie, who was a distance away from her. He also saw the man's deep expression.

"Why are you thinking so far ahead, little girl ning?"

Ning Qing's thoughts stagnated. it's nothing. I was just saying.

people can't turn back the past, and no one knows what will happen in the future. Since that's the case, you should seize the opportunity in front of you and cherish today.

Ning Qing's heart was moved, and she looked up at the old man on the recliner in confusion.

The old man's eyes were still closed, and there was a faint smile on his lips, as if he had seen through everything.

everyone makes mistakes at times, but when you're at our age, you'll understand that the pain you've been struggling with in the past is nothing. Everything will pass. Don't cling to things you shouldn't be clinging to. If you trap yourself, what future will you have?"

"....."

Nian Jin's heart thumped. He looked at ning Qing's back and fell into deep thought.

At this moment, the mother-in-law helped the old lady up. alright, if the two of you think that the house is too hot, you can sit for a while. My old bones can't take it anymore. I'm going to rest.

Ning Qing came back to her senses. Oh, okay. You and mother-in-law can go and rest.

Grandfather nodded. When he passed by Nian lie, his eyes wavered.

The old woman helped him to the door of the room. Then, the grandfather suddenly said, "by the way, since you two are husband and wife, we won't take care of you separately. You two can sleep together in the room where the ning girl has slept. It's good to take care of each other.

Chapter 350: Why do you say we're husband and wife (1:

What?

Ning Qing stood up abruptly, but before she could explain, the two old men entered the room and closed the door.

She gritted her teeth, feeling very indignant.

Nian lie looked at her for a long while. why do you say we're husband and wife?"

Ning Qing turned her head and glared at him. I didn't say that!

She had denied it so many times. Was he deaf and didn't hear her?

The more she thought about it, the angrier she became. Ning Qing followed suit and went up the steps to explain the situation to the old man in the room.

Seeing this, Nian lie ignored his leg injury and rushed forward to grab her hand.

Ning Qing scolded angrily, " what are you doing? don't try to build a relationship with me. Let go!

Nian lie felt helpless. His calf was in great pain, and the wound on his back was also in so much pain that it looked like it had split open because of the large movement.

Grandpa and Grandma have been busy the whole day because of us. Don't disturb their rest anymore," he tried to persuade her as softly as possible.

Ning Qing sneered and narrowed her eyes to expose him. are you worried about grandfather and the others? Isn't it because he has some dirty thoughts?"

: What dirty thoughts do you think I can have?: Nian lie looked at her quietly:

"....."

Ning Qing's face turned red. Fortunately, the other party could not see her in the dark.

She would never show any fear!

Especially in front of this man!

After taking a deep breath, she said coldly,"I don't care if you have any intentions. I don't want to have anything to do with you." &Nbsp;

"Then why do you care about my life?: Nian Ying asked: his heart trembling:

Ning Qing was stunned.

Nian Xi ignored the pain and took a step forward, staring at her. why didn't you leave me behind and leave by yourself? " And why did you take care of me today? Why didn't you take the chance to take revenge on me? Isn't this what you wanted?"

The repeated questioning forced ning Qing to take two steps back, but she was unable to move back under his grip.

Nian lie's gaze turned sharp, as if he could see through everything, but he was also eager to know the answer.

Ning Qing gritted her teeth and glared at him. Nian lie, do you think I'm an idiot? I disappeared together with you. If everyone comes looking for me and you're dead while I'm alive, how am I going to explain it? Would your parents, who have long disliked me, let me go? And then you want me to spend the rest of my life in prison for killing you? Heh, I, ning Qing, am not that stupid!"

After a loud rebuttal, a cool breeze blew around his body.

: Do you really think so, Huahua: : Nian lie asked hoarsely.

Ning Qing smiled coldly again. it's not easy for me to live to this day. It's not worth it to sacrifice my life for anyone, let alone you!

She twisted her wrist and broke free from his grasp.

Ning Qing strode into the room and slammed the door shut.

Nian Xi's heart ached. Through the window, he could vaguely see the figure inside.

He pulled a low stool over and sat down by the window. The pain all over his body spread from his body to his heart, and he had no choice but to bend down.

Ning Qing was indeed angry at first. Of course, she didn't want to care about his life or death. It was just that she would have to rely on him to walk out of this world together in the future. Treating him like this now was not conducive to his recovery, but she couldn't bring herself to do so.

Or perhaps she had slept too much in the afternoon. She lay on the summer sleeping mat and tossed and turned, unable to fall asleep.

It wasn't until after midnight that she heard someone's voice coming from the window in her daze.

"Why are you sitting here? why don't you go in and sleep? It's not good for your health."

"....."

"Why do you care if she's angry? Women need to be coaxed. You look smart, but I didn't expect you to be so stupid!"

"....."

alright, hurry up and go in. If she asks tomorrow, just say that I said it. Go!

Then, there was a little noise at the door.

There was a black shadow in front of the bed, and it clattered onto the bed.

Nian lie was especially careful, afraid that he would alert ning Qing.

He was nervous, excited, and uneasy.

The woman moaned, turned over, and put her arm over his.

Nian lie's body tensed up and he didn't dare to move.

He breathed a sigh of relief when he heard her even breathing. He restrained his deep gaze and looked at the woman who was sleeping soundly.
