

## Mr Nian 561

### [Chapter 561](#)

561 There aren't so many whys in the adult world \_1

In the dark corridor, Nian che and ning Qing were standing side by side.

"Sister-in-law, have you been busy lately?" Nian lie asked.

Ning Qing recalled everything that had happened half a month ago and forced a smile. I'm fine.

Nian che could tell that she was in a difficult position. He said, "I know all about what my brother has done. I'm sorry. I couldn't stop him. You're in this state now.

"How can you be blamed for this?" ning Qing said.

If she wanted to blame someone, she could only blame herself for not being firm enough.

She heaved a sigh of relief. She was much more relaxed than when she was in front of Nian lie.

"I didn't handle a lot of things well, so everyone ended up like this."

Her parents, Yan Sichen, her and Nian lie.

All the conflicts were because of her.

The one who tied the bell must untie the bell.

No matter what, she was the only one who could end everything.

Looking at her pale face, Nian Xi's heart ached and he felt uncomfortable.

"Are you really okay?"

Ning Qing smiled. what can I do? can you help me leave him? "

Nian Che's voice turned hoarse.

"I'm just joking."

Ning Qing patted him on the shoulder, her smile much more sincere.

"Just don't tell him what I told you."

I don't know how to! Nian che was dazzled by her smile. I don't know how to!

Of course, he would not.

That would become his secret.

Ning Qing was relieved. that's good.

The two of them went downstairs. She put on the coat handed to her by the servant and wanted to send him out, but Nian che quickly rejected her.

“I have hands and feet, I can walk on my own. It’s too cold, you don’t have to send me out.”

“It’s okay, I’m just taking a breather,” ning Qing said.

She held her coat tightly and walked in front of him.

He had no choice but to put on his coat and scarf and follow them.

It was really cold outside, and the temperature at night had dropped by several degrees.

Ning Qing put her hands in her pockets, and the breath she exhaled turned into white mist.

Nian che looked at her petite body and the tiny shadow on the ground.

He suddenly felt a sense of powerlessness in his heart, and he was somewhat unable to let it go.

The woman in front of him was so beautiful, like a star.

She should belong to a better person.

He smiled bitterly as he thought about it.

To be honest, his brother was not good enough to her.

But so what?

No matter if he was good or not, that person would still be his brother.

Ning Qing saw that he had not followed her for a long time and turned to look. The man’s face was slightly pale from the cold, and he was slightly dazed. His handsome brows faintly revealed the steadiness of a mature man.

She was a little relieved and turned back to walk towards him.

“What are you thinking about?”

Nian che lowered his head and looked at her face, which was against the light. Out of nowhere, he asked,

“Ning Qing, at that time, were you really planning to marry Yan Si Chen Ran ran?”

Ning Qing had a strange feeling in her heart, but she still answered him. it doesn’t matter whether it’s true or not. What’s important is that I can’t have another wedding.

“Why?”

Ning Qing stared at him, her smile fading.

“Why do you like to ask why so much?”

I don’t understand. Nian Che’s expression was stern. He did not seem to be joking.

in the world of adults, there are no whys. Just like when you were young, you had to quarrel when you were in a relationship or when you broke up. But in the world of adults, quarrels have become a taboo. Even if you break up, you leave without a sound.

Nian che didn't know much about love. He had never met someone he truly liked.

He even teased her

He didn't understand what it felt like.

Ning Qing smiled gently and reached out to touch his head.

It was like touching a child.

"You will understand in the future."

### [Chapter 562](#)

562 Not even if it's a younger brother (1:

Nian Che's emotions were turbulent, as if his heart ached for her, but also as if it was something else.

He really wanted to hug her.

Just for a moment.

His hands rose uncontrollably, and his eyes burned with an unknown emotion.

Ning Qing didn't realize it. I just hope that you can find someone who loves you wholeheartedly in the future. If you can support each other, you'll be happy even if your days are hard.

"....."

Nian che could only hear his heart beating faster and faster.

A tall figure stood by the window of the study on the second floor.

Nian lie's dark eyes narrowed as he watched the two people's every move downstairs, including the position where Nian che and her were close.

Lu Zhui saw that he didn't seem to be listening. young master, What are you looking at? "

As he spoke, he raised his head and looked over.

"It's nothing,"

Nian Xi turned around, and Lu Zhui quickly lowered his head.

"If there's nothing, you can go back too."

Lu Zhui: : Yingluo: :

He had not finished his report.

Nian lie walked to the sofa and picked up the cup of cold coffee. He raised his bony chin and downed it in one gulp.

Lu Zhui could tell that he didn't want to hear it anymore, so he said yes and left the room silently.

In the garden downstairs, Nian Jin put on the scarf for ning Qing and smiled warmly.

if you're not feeling well, you should be more careful. It's such a cold day and you still insist on sending me out. What if I fall sick? "

Ning Qing sniffed the unfamiliar man's scent on the scarf, and her face heated up unconsciously.

She shrank her neck and buried half of her face in her scarf. I'm not a glass doll, " she mumbled. I won't break so easily.

There was a subtle hint of indulgence in Nian Jing's eyes. you're not a glass doll, but you're harder to please than one.

"....."

He thought of Nian lie, who was upstairs. my brother is afraid that you will melt in his mouth.

Ning Qing glanced at the second floor. Because of his reminder, she was reminded of her current self.

"Perhaps," she said.

Nian Che's smile faded and was replaced by a serious look.

"My brother loves you very much."

Ning Qing's long, curly eyelashes fluttered, giving off a lonely and fragile beauty.

Nian che didn't know where to put his hands. In the end, he messed up her hair.

"Alright, you can go in now. Otherwise, my brother will scold me later."

Ning Qing hesitated. okay.

"Be careful on your way back, and rest early."

She turned around and walked away slowly. Under the light, she walked further and further away.

Smiling, Nian che watched as she walked away and stepped into the door. He raised his head again and his gaze fell on the second floor.

The figure was still standing there.

Nian che broke into laughter. He raised his hand and waved at him, then turned around and left.

"....."

Nian lie's handsome face was covered in shadows. His tall nose and thin lips were cold and ruthless, and the cold emotion in his eyes was clear.

Ning Qing slowly strolled up to the second floor. She thought about Nian Che's last words and found them funny.

She didn't know if Nian lie loved her or not.

But a normal person's love should not be reflected like this.

She thought about it and opened the door. Just as she put her foot in, she was pulled into the man's arms.

Still in shock, she looked at Nian lie. you scared me.

The man's lips curved into a smile, and his black eyes bloomed with intoxicating affection, which could easily captivate women.

: What took you so long?" he asked.

Ning Qing focused. nothing.

Nian lie's large palm forcefully pulled the scarf around her neck and threw it on the ground. He lowered his head and bit her collarbone. I don't like you getting too close to other men, " he said indistinctly.

he's your brother, " ning Qing said stiffly, pressing her hand against his chest.

"Not even my little brother."

### [Chapter 563](#)

563\_1

As he spoke, his hand caressed her slender waist.

"Are you not tired?" ning Qing asked.

He buried his head in silence, planning to use his body to tell her if he was tired.

Ning Qing couldn't resist and could only be half-forced to lose herself in his overbearingness.

After that, she was so tired that she couldn't even open her eyes.

Nian lie was half-leaning against the head of the bed. His half-naked chest was strong and muscular, his well-defined face was resolute, and his black eyes carried a hint of intoxication after his passion. He held a cigarette between one of his fingers and took a puff from time to time.

Ning Qing sniffed the cigarette and forced herself to wake up.

She moved a little, but it was so sore that she couldn't even turn over.

Nian Xi turned and kissed her on the forehead. you're so tired.

These were clearly plain words of consideration, but when they came out of his mouth, there was an indescribable ambiguity and moving feeling.

Ning Qing raised her head and looked at his bruised chin against the light. I have something to discuss with you.

Nian lie let out a grunt through his nose.

She narrowed her eyes. I want to go out tomorrow.

Nian lie took the last puff and blew a smoke ring into the air before throwing the cigarette butt away.

Ning Qing was afraid that he wouldn't agree, so she explained, " I want to see Yu Han. I heard that a news company is trying to poach her. She's going to take up her post in a few days. I want to see her before she leaves.

Moreover, they had not seen each other for a long time.

Nian lie lowered his dark eyes and looked at her flushed face. She seemed to be tipsy.

"Sure."

Ning Qing's eyes widened. thank you.

"I don't like it when you say thank you: : Nian lie said unhappily: narrowing his eyes.

"....."

He looked at her dazed eyes and sighed. He told her solemnly, " ning Qing, I've said it before. You can go wherever you want after you come back. Just get home before I get home. You don't have to be so careful.

He would feel heartache.

Ning Qing's Red lips moved a few times, and her mind calmed down. I just wanted to tell you.

Nian lie's thumb caressed the side of her face. It was smooth and white, no different from many years ago.

His heart instantly softened, and his tone became gentler.

"Are you reporting your schedule to me?"

Ning Qing's eyes flickered, and under the light, they sparkled. yes.

The corners of Nian lie's lips curled up in delight, and his entire face softened. well done.

He hugged her tightly, his heart full.

The missing piece had finally returned to his chest.

"It'll be fine if you're always so obedient," he said.

Like a normal couple, their feelings for each other were long-lasting.

She wanted him to see her love for him.

His smile was so wide that he actually looked a little silly.

"Qing Qing, let's continue to live like this, okay?"

The woman had fallen asleep in his arms.

Nian lie was a little disappointed when he didn't get a response.

When he looked down again, he saw her sleeping face.

He looked from her forehead, to her eyes, to the tip of her nose, and then to her red lips.

Her red lips were like red cherries that were attractive to people.

“.....”

His eyes darkened, but he didn't have the heart to disturb her.

Forget it.

He would let her off tonight.

He suppressed the urge in his body, his large palm firmly held her waist, and he closed his eyes to sleep.

.....

The next day, ning Qing overslept.

When she woke up, she saw that it was already past the appointed time. She was so anxious that she cursed Nian lie five hundred times. She jumped out of bed and washed up. When she went downstairs, she said that she wouldn't eat. The servant even stopped her with the excuse of " Sir said that no matter what time you wake up, you must eat before you go out.

#### [Chapter 564](#)

564 Present (1:

Helplessly, she called Yu Shu to explain the situation.

“It's alright, sister Qingqing. Can't I wait for this little time? Take your time, don't be in a hurry.”

Ning Qing apologized, hung up the phone, and finished her breakfast in front of the three servants.

Before he could leave, he was stopped by a group of bodyguards in black.

“Madam, Sir said that for the sake of your safety, you need us to go with you.”

Ning Qing's expression turned ugly. if I want you two to travel together, am I still going out? ”

He was clearly in jail!

It was just a change of location!

The head of the bodyguards lowered his head. this is what Sir instructed.

Ning Qing couldn't argue with them, so she didn't want to be angry. stay away from me. Don't affect me and my friend.

The bodyguard nodded.

She finally left the house and rushed to the agreed place.

In the crowded shopping mall, Yu Shu saw her at a glance. Ning Qing walked towards the person who had waved.

“Long time no see, sister Qingqing!” Yu Shu held ning Qing’s hand and said happily.

Ning Qing also smiled. yes, long time no see.

“You’ve become more beautiful and radiant.”

Hearing Yu Shu’s praise, ning Qing’s heart did not fluctuate much. it’s alright. You’re in good spirits too.

Yu Yue couldn’t stop laughing. I’m leaving now, and I need to buy some new clothes. To welcome my new future, please accompany me shopping!

Ning Qing looked at the shopping mall that was a few stories high. okay, we’ll buy whatever you like.

The two of them stepped into the elevator happily and walked toward the dazzling shopping mall.

A woman’s happiness was that simple. Shopping could make her forget all the negative emotions.

Ning Qing had picked out a lot of clothes suitable for the workplace for Yu Shu, and she had also planned to personally pick a gift for her to wish her a bright future.

Ning Qing walked to the watch counter and looked at the exquisite watches in the display.

The saleswoman at the side smiled and walked over. miss, what do you want to choose a watch for? ” Is it a gift?”

Ning Qing nodded.

The saleswoman’s sharp eyes caught sight of the ring on her ring finger. She smiled and suggested, ” if you want to buy a gift for your husband, there’s a Men’s Watch counter here. Or do you want to choose a couple’s watch? ”

Ning Qing was stunned for a moment, a little caught off guard.

“I’m not Yingluo.”

At this time, Yu Yue rushed over and hugged her waist. yes, let’s look at the men’s.

“This way please, young ladies.”

She pushed ning Qing and followed the salesgirl.

Ning Qing frowned. Yu Shu, I don’t want to buy him a gift.

“I didn’t want to just now, but you do now,” Yu Yue said seriously.

“Why?” ning Qing asked.

She felt that Nian lie didn’t lack these luxury goods.

Yu Shu saw through her thoughts and was resentful that she did not live up to her expectations.

sister Qingqing, since you’re already together with Mr. Nian, you should live your life well. You’ve been so passive all this time. You’re not acting like someone else’s girlfriend at all.

Ning Qing was silent.

She didn't tell Yu Shu about her relationship with Nian lie. Yu Shu only thought that she had seen her true feelings before Yan Sichen's wedding and decided to be with Nian lie again.

Life needs romance, and it's even more important when two people are together for a long time. Love without romance and passion is lifeless, so we need to create surprises.

Ning Qing looked at her knowing expression and could not help but laugh. He doesn't lack these things.

"It's one thing to lack it, but it's another thing to give it to me."

"....."

Believe me," Yu Shu whispered in her ear. Mr. Nian will be happy.

Ning Qing still could not muster up any enthusiasm. Yu Shu pushed her and said awkwardly, "Ah, let's take a look. It's not like we'll lose a piece of meat just by looking.

"Hello, Yueyue." Ning Qing reluctantly agreed.

### [Chapter 565](#)

565 The banquet mother looking for trouble (1)

The glass display cases were filled with all kinds of exquisite, branded wristwatches.

Yu Shu looked at the prices above, each one more breathless than the last.

It was unbelievably expensive.

She looked around and returned to Ning Qing's side dejectedly. Seeing that her expression had not changed, she asked, "Have you seen anything suitable?"

Ning Qing shook her head. They were all the same, nothing special.

"Take your time. I'll sit over there for a while," Yu Shu said.

She carried a bag in her hand and rushed to the rest area.

Ning Qing lowered her head, and the salesgirl looked at her. Miss, what present would you like to pick? Is it a birthday or wedding anniversary?"

"There's no special meaning to it," Ning Qing said, unable to answer.

The counter attendant smiled enviously. Your husband is really lucky to have a wife like you.

"....."

Ning Qing wanted to laugh, but she couldn't, so she just nodded.

"Why don't you take a look at this one? It's a limited edition that was just released last week. The design is impressive, and the price has a good meaning. We just happen to have one left in our store. What do you think?"

Ning Qing took a look. It was indeed expensive. The price would scare off many people.

Fortunately, she was used to big occasions in the past few years and did not lack the money. She thought that she was not willing to spend more effort to choose for him.

“I’ll take this one.”

The counter attendant’s face bloomed with a smile. okay, please wait a moment.

She carefully put the watch into the gift box and put it into the bag. She took out the card machine and said, “ miss, the total is 1.314 million Yuan.

Ning Qing handed the card over. The counter attendant carefully took it. Just as he was about to swipe it, a voice came from afar. wait!

The two of them paused.

A woman dressed in expensive fur walked over with elegant steps, accompanied by two bodyguards in black.

Ning Qing took a closer look and saw that it was Yan Sichen’s mother.

The woman walked up to her and seemed surprised. isn’t this ning Qing? didn’t she disappear a few days ago? why did she suddenly appear again? ”

Ning Qing’s eyes were calm. aunt Yan.

Mother Yan smiled, but there was no trace of a smile in her eyes.

Si Chen told me that you didn’t come to the wedding because you were threatened. I didn’t believe him at that time. When he received your news, he even came to pick you up excitedly. I didn’t expect you to be unwilling to come back.

“ .....

The banquet mother looked at ning Qing with a sharp gaze, as if the clothes on her were just decorations, making her feel an inexplicable sense of shame.

“Now that I look at you, you don’t look like you’re being threatened at all.”

The blood on ning Qing’s face slowly faded.

The banquet mother looked at the things in the counter lady’s hand and snorted. my son is so worried about you that he’s out of his mind. You’re in the mood to buy a gift for your lover.

Ning Qing’s face turned pale from the scolding, and her hands hanging by her sides clenched.

The banquet mother waved her hand behind her and gestured to the bodyguard. come on. Open it and see what’s inside.

The woman acted as if there was no one else around, as if she was riding on top of ning Qing’s head, and her words were not respectful at all.

The counter attendant didn't understand the situation, but he still maintained a posture of not offending either side. He faked a smile and said, "I'm sorry, Madam. This watch was ordered by this young lady to give to someone. It's not appropriate to open it so casually.

"What's inappropriate about that?"

The banquet mother acted like an elder and was high and mighty.

"I'll buy it if you tear it down. It's a gift for my son."

The counter attendant looked at ning Qing and felt embarrassed. Madam, we still have many styles here. You can take a look at other kasayas.

### [Chapter 566](#)

566 Who dares to touch her?

The banquet mother's face turned cold, showing a sharp and mean attitude that she didn't have before.

"We're both customers. She hasn't paid yet, so I'm qualified to buy it."

"But this young lady came before you."

"So what if she came first? she's a guest, but I'm not? This is your attitude towards me?"

The banquet mother was very dissatisfied. She glared at the staff coldly and said, "go and get your manager. I'm going to file a complaint against you.

"I'm sorry, please don't file a complaint Against Me!"

The counter attendant was on the verge of tears and kept apologizing to her.

"Wait," ning Qing finally couldn't help but say.

The bodyguard stopped dragging the counter staff and looked at her.

The banquet mother did not expect her to still have the courage to speak. She looked at ning Qing. why? do you want to fight with me? "

Ning Qing suppressed the suffocation in her chest and looked at the lady with a suitable smile.

"Auntie Yan, you're an elder and the hostess of the banquet. You don't have to be angry over a watch."

The banquet mother looked at her coldly, her eyes full of contempt and disgust. The shaking hurt her eyes.

"Where did you see me getting angry?"

"....."

She stared at ning Qing in disdain. No matter how she looked at ning Qing, she was not pleasing to the eye.

my son was cheated by someone, but he was always protecting the liar. She even dared to stand in front of me shamelessly. I'm not angry at her, let alone a small counter staff.

Ning Qing endured the blatant humiliation. since you're not angry, then don't bother with her.

She walked to the display cabinet and picked up the gift box, her eyes as clear as water.

it's just a watch. If you want it, just take it.

This tone was already tolerant enough, but the banquet mother was still nitpicking and wasn't satisfied.

She laughed exaggeratedly, her eyes like daggers, showing no mercy at all.

"You're saying it like you're giving it to me, and I'm snatching it away from you."

Ning Qing took a deep breath. what do you want? "

The banquet mother narrowed her eyes, no longer as gentle and loving as when they first met.

"What do you mean what do I want? ning Qing, is this how you talk to your elders?"

"....."

it's no wonder. Your parents don't have much experience. It's not strange that they raised a daughter like you.

She didn't say a single vulgarity, but she scolded everyone in the ning family.

Ning Qing couldn't take it anymore. aunt Yan!

She was angry and her eyes were sharp.

"Yes! No matter what the reason is, I'm the one who let the Yan family down first. No matter how you humiliate and scold me, I can tolerate it. It's my fault, but this has nothing to do with my parents."

Mother Yan's expression became strange, but her words were still sharp.

it's the Father's fault for not teaching you. Isn't it your parents' fault that you're so uneducated? "

Ning Qing did not care anymore. She could not tolerate anyone who insulted her parents.

"If I had no manners, I wouldn't have allowed you to insult me for so long without even responding."

She dropped her stiff hand and her face turned cold.

as the hostess of the banquet, you humiliated others in public. Is this what you call upbringing? "

"You're so silly!"

Mother Yan glared at her, not expecting her to talk back!

The people around her were pointing and whispering, but to the woman's ears, it was a catalyst, and her anger rose.

She glared at ning Qing fiercely. do you think that I won't dare to touch you just because you're relying on Nian lie? "

Ning Qing's body tensed up, and mother Yan laughed in anger.

to think that my son is so devoted to you and has liked you so much for so many years. I was originally supporting him. Even if you were married and had a child, I thought that you would at least know your limits and know when to advance and when to retreat. Now that I see you, I was simply blind!

Ning Qing's face was cold. it's not too late for you to see it now.

The banquet mother's face twitched and she was no longer gentle.

good Yueyue, since your parents are indulging you, as their aunt, I'll teach you a good lesson on their behalf!

She raised her hand high, and screams came from all around.

Ning Qing focused and raised her hand to block it.

An angry roar exploded-

"Who dares to touch her!"

### [Chapter 567](#)

567 You don't have to judge who she is (1:

At the door, Nian lie was dressed in a black coat. His figure was tall and slender, and his handsome face was stunning.

He strode over with his long legs. His whole body was cold and his eyes were dark, like an Asura from hell. Along the way, he was murderous, and his cold aura was terrifying.

The banquet mother turned around and saw that the slap had yet to land.

In an instant, the people in the mall were taken away by the Men in Black who swarmed in, including Yu Shu who was sleeping soundly. Only a few people were left.

Mother Yan's two bodyguards knew that something was wrong and wanted to get help, but Lu Zhui quickly took them down.

Ning Qing watched in a daze as the man approached and pulled her into his arms.

"I'm fine now."

He protected her gently and then turned to the banquet mother, his face dark and scary.

"Try touching her now."

"....."

Mother Yan's hand was raised in the air. When she realized that the surroundings were under Nian lie's men's control ...

Her expression changed again and again, and she refused to let go of her pride.

"She told on you so quickly and asked you to help?"

Nian Yu pursed his lips and didn't say a word. His dark eyes didn't let her go.

Mrs. Yan gathered the fur coat and raised her chin arrogantly. Nian lie, open your eyes and take a good look at the woman in your arms. She's a disaster.

"....."

first, you killed your own sister, then you turned yourself into this state. Now, you've almost killed my son. You'd better leave her as soon as possible, or you'll lose everything in the end!

shut up! Nian Ying hugged ning Qing's waist tightly and growled.

He looked at the banquet mother gloomily. you don't have to judge who she is.

When mother Yan saw how infatuated he was with ning Qing, she couldn't help but think of Yan Sichen, who was living a drunken life at home.

She couldn't take this lying down, and she looked at ning Qing with resentment.

she's so young, yet she's learning how to seduce men. She's hanging onto my son while being with him.

ning Qing, I really don't know what kind of magic potion you've given Si Chen to make him so obsessed with you!

"If I had known that he would end up like this, I wouldn't have let him return to the country and I wouldn't have saved you!"

"Return my son to me!"

"....."

All these words stabbed into Nian lie's heart.

He looked at ning Qing in a panic and saw that she was looking down and very sad. He breathed a sigh of relief and shouted fiercely, "I dare you to say that again!"

Mother Yan was shocked by him and her face turned green and white.

The blood vessels on Nian lie's neck bulged. He was extremely furious.

"You better listen carefully. The person she loved has always been me. It was your son's wishful thinking. He thought that he had a place in her heart and proposed to her in front of so many people, forcing her to give in! She only didn't reject it because she cared about your family's reputation!"

Ning Qing's body trembled, and her half-closed eyes were full of shock.

How did he know?

Nian lie looked at mother Yan. Thinking about how she had once faced such an elder alone, his hatred for the Yan family increased even more!

"She's afraid of damaging the Yan family's reputation and making a fool of herself. How did you treat her?"

Mother Yan gritted her teeth and her expression became unnatural.

“Then she could have rejected it in private. Why did she have to talk about a wedding?” she said stubbornly.

If they didn’t hold a wedding, how could things have come to this?

Mother Yan found a reason and became self-righteous again.

since she agreed to marry, she should marry him even if she had to die. She ran away halfway and left us and all the guests behind. She also made us lose face!

### [Chapter 568](#)

568 : want the Yan family to pay me back: hundred times over

Nian lie didn’t want to argue with this lunatic anymore, because she had no logic or reason to speak of. All she could think about was the Yan family’s reputation and her son!

His eyes were dark. if you really love your son so much, then take care of your family. Don’t come and mess with my woman again. Otherwise, huhu ...

Mother Yan felt a chill run down her back from his stare, but she still refused to admit defeat and asked, “otherwise what?”

Nian lie laughed coldly. I want your Yan family to pay me back a hundred times!

Mother Yan’s face suddenly turned pale.

The silence lasted for a long time.

“Young master: young master Yan has arrived: : Lu Zhui walked over and reported to the man who was in: rage:

The woman in his arms stiffened, and Nian lie’s gaze suddenly sank.

He knew that he couldn’t stay any longer, so he said to the banquet mother, “ take care of yourself, ” and walked away with ning Qing in his arms.

Yan Sichen only knew that his mother had gotten into an argument with someone in the mall. He found it unbelievable.

How could a person as easy to talk to as his mother quarrel with others?

When he heard from his subordinates that they were in the same shopping mall and that something had alarmed Nian lie, he suddenly had an impossible thought.

She’s back!

He had rushed over in a hurry. When he saw that the shopping mall had been cleared and that Nian lie’s right-hand man, Lu Zhui, was standing at the entrance, he was even more certain of his thoughts.

“Tell Nian lie that I’m here to pick up my mother: : he said as calmly as he could: trying to control his racing heart:

Lu Zhui went in and came out not long after.

Nian lie was behind her.

He was supporting a woman.

That woman was someone he was very familiar with.

“Qing Qing, you’re back!” He was so surprised that he had forgotten how cruel she had been when she had rejected him not long ago.

Ning Qing heard Yan Sichen’s voice and looked up from Nian lie’s arms.

The two of them looked at each other.

One was excited, while the other was calm.

“Brother Si Chen,” she called out softly.

Nian lie didn’t plan to give them any time to talk, so he didn’t stop walking.

Yan Sichen couldn’t care less about him. He grabbed ning Qing and said with a pained expression, “ why didn’t you tell me that you were back? ”

Ning Qing’s lips moved, but she didn’t know what to say.

Yan Sichen’s heart ached and he was about to say something when Nian lie suddenly interrupted him.

“Let go!”

Yan Sichen held her wrist tightly as if he would never be able to touch her again after she left.

He looked at her face stubbornly and sympathetically. you’re not doing well, are you? You didn’t eat properly, you’ve lost so much weight, you’re so weak!”

Before he could finish, he felt a sharp pain in his hand.

Nian Yu wrapped his arms around ning Qing’s body and stopped her from moving forward with a hostile look.

“Your mother humiliated her like that. She’s not a good person!” He answered on behalf of ning Qing.

Yan Sichen’s thoughts were interrupted by his words.

He pondered for a few seconds and asked in disbelief, “ Qingqing, were you the one who quarreled with my mother? ”

The word “you” was spoken in an extremely heavy tone.

Ning Qing could tell, and her long eyelashes trembled slightly.

Yan Sichen shook his head. that’s impossible. Why would my mother quarrel with you? What’s going on?”

Nian lie’s eyes were dark as he gritted his teeth.

“You’ll know what’s going on if you ask your good mother!”

After saying that, he no longer cared about anything else. He carried the weak woman horizontally and walked towards the row of luxury cars.

“Qing Qing!”

Yan Sichen chased after her but was stopped by the bodyguards.

He looked at the fleet of cars that drove away, and his heart was filled with disappointment and heartache.

After a long time, when he finally recovered, the banquet mother had already walked out.

As soon as she saw Yan Sichen, she cried and shouted, “this ning Qing is too much! Not only does she not know how to respect her elders, but she also got Nian lie to threaten me!

### [Chapter 569](#)

569 What kind of expression is that:

“Are you alright?” Yan Sichen looked at her from head to toe and asked out of filial piety:

how could it be fine? our Yan family has lost all our face. It’s all ning Qing’s fault!

Yan Sichen had never expected to hear such words from his mother.

He pursed his lips and glanced at the angry woman. what did you do to her? ”

The banquet mother’s eyes widened and she reproached, “Si Chen, what are you saying?” I’m her elder, what could I have done to her? she was the one who didn’t respect me and called a bunch of people to scare me. ”

Yan Sichen closed his eyes.

Mother Yan couldn’t believe it. I really didn’t expect that the lively and kind girl from 20 years ago would become like this today. If you didn’t come in time, she would have hit your mother’s face, Yingluo.

“Mom,” she said. “Qingqing is not that kind of person,” Yan Sichen called out to her.

When mother Yan heard this, she was furious.

For the first time, she gave her son a cold look. what do you mean? do you think that mom is exaggerating? Or do you think I’m talking nonsense?”

Yan Sichen felt very tired. I didn’t mean that.

How could mother Yan not see that he still couldn’t forget ning Qing and didn’t believe her words at all?

“You’re still thinking about her. Can’t you see how she and that Nian lie are stuck together? She has long forgotten about you!”

“.....”

Yan Sichen’s heart ached and he looked away.

Mother Yan was exasperated. I don't think she wanted to marry you in the first place. It's inevitable that she ran away from the marriage. She doesn't like you at all!

"Mom! I won't allow you to talk about her like that!" Yan Sichen was angry.

Mother Yan wasn't threatened at all. She warned him in a cold voice, "Yan Sichen, I'm going to make it clear today. From now on, as long as I'm here, I will never allow that woman to marry into our Yan family. So, don't even think about marrying her again!

Yan Sichen gritted his teeth and clenched his fists.

I'll marry no one but her in this life. If you don't let me marry her, then don't think that I'll ever be with another woman in this life.

Mother Yan was so angry that she didn't care what he thought.

"If that's what you think, mom can't do anything to you."

"....."

Yan Sichen's eyes softened a little. He was afraid that his words were too harsh. After all, the other party was his mother who had given birth to him and raised him.

Just as he was thinking about whether he should apologize, the banquet mother threw a heavy lightning bolt-

"You're all grown up now. If you insist on wasting time on her, your dad and I can't do anything to you."

"....."

but let me tell you, if you want to be with her, you'll have to wait until I'm dead.

Yan Sichen was shocked. mom! What are you talking about?"

Mother Yan's face was cold. I've finished speaking. Think about it yourself.

The woman's steps were no longer as light as when she came, and she went straight to a car.

Yan Sichen watched the carriage leave and felt a deep sense of powerlessness in his chest.

He looked at the passing crowd and his eyes slowly reddened.

'Qing Qing, is it really fate that we can't be together?'

No one responded to him.

The man silently squatted down and placed his hands on his head, lost and sad.

.....

In the car, the temperature was just right, and it was a little too warm.

Nian Xi sat upright, but from the corner of his eye, he was looking at the woman who had not spoken since she got into the car.

Her petite body was curled up, and her eyes fell on one spot without any emotion.

Nian lie loosened his tie. He was still extremely frustrated.

He grabbed the woman and put his face in front of her.

“Are you that sad?”

She was so sad that she didn’t even want to talk to Yan Sichen after seeing him?

Ning Qing was in a daze. Zhenzhen didn’t.

Nian Xi snatched her bag over and took out a mirror. He pressed his hand against her neck and looked into the mirror.

“Take a good look at yourself, what kind of expression is that!”

570 You used to be very heartless (1:

Ning Qing’s pupils moved and gradually focused on the mirror.

The woman’s face was pale, but she was not angry. The sorrow between her brows was like a long vine that spread to the bottom of her heart.

She opened her pale lips slightly. I’m sorry.

This apology didn’t make the man gentler. Instead, it made him even angrier.

Nian Xi gritted his teeth and said, “ I don’t need your apology. I want you to never look so sad when you see him again!

“.....”

He threw the mirror away and grabbed her chin. ning Qing, answer me!

She stared at the man’s eyes. He was clearly good-looking, with sword-like eyebrows and star-like eyes. His facial features were deep and three-dimensional, but he always revealed a cold and heartless look.

She didn’t know why, but she raised her hand inexplicably and touched his lips.

The Furious man stopped moving as if someone had pressed the power-off button.

I heard that men with thin lips are fickle, ” ning Qing said in a low voice. they never want a woman to stay with them.

“Who said that?” Nian lie’s dark eyes flickered as he asked.

“I saw it on the internet.”

Some kind of emotion welled up in his heart so quickly and violently that he wanted to purse his lips out of reflex, but he accidentally sucked on her fingertip.

The woman paused, but she did not back down.

He sucked on her fingertips. you can't believe what you read on the internet.

"But I think they're right."

"....."

"You used to be very fickle."

Nian lie's breathing became heavy. He was a little flustered. what about now? "

In her heart, was he still not qualified?

Ning Qing fluttered her eyelashes. I'm the one asking you.

Nian Xi held her hand and pressed it against his chest. feel it.

Ning Qing closed her eyes in cooperation.

His throat was a little dry and he was a little anxious. you feel it? "

mm. the woman muttered and opened her eyes.

ning Qing, don't listen to what others say, " Nian lie said solemnly. you have to feel it for yourself. No one knows better than you how I treat you.

The woman's eyelashes trembled, and her expression changed.

"I'm not in a bad mood because of him," ning Qing explained under his nervous gaze.

Nian lie's mind went blank for two seconds. Was she trying to explain to him in a daze?

Ning Qing's next words confirmed his guess.

I've always treated brother Sichen as my family. No matter what happened at the wedding last time, Wanwan, I'm the one who let the Yan family down. What Auntie Yan said today was right too. I was the one who made a mess of things and now I need someone else to clean up the mess for me.

This feeling was terrible.

The woman's voice was low, with guilt and distress, and a little coquettishness that was hard to detect. She was so clumsy in telling him her thoughts, which was enough to make him ecstatic.

Nian Xi's anger was gone. He held her hand tightly and said, " I won't find you troublesome. No matter how much trouble you cause, I'm willing to clean it up for you.

Ning Qing bit her lip and seemed to be touched.

Nian lie suddenly turned serious. but you have to tell me what you want to do. You can't hide it from me.

Ning Qing felt a little aggrieved. I was shopping with Yu Shu today and I happened to meet Auntie Yan.

At the thought of Yu Shu, ning Qing suddenly came back to her senses. I've forgotten Yu Shu. I'm Chenchen.

Nian lie held her hand tightly again. Lu Zhui has sent her back. Don't worry.

Seeing the woman's distressed expression, his mood suddenly improved.

"It's not like she's dead. We'll have a chance to meet again in the future."

Ning Qing didn't think that his words were pleasant to hear, so she didn't answer.
