[Chapter 661](#)

661 This woman gives me a very familiar feeling (1:

When the Lou family was mentioned, a small area of the crowd exploded.

“She’s Lou qingyue? Didn’t you say that you were overseas? why did you suddenly come back?”

“We can’t meddle in the affairs of the big families,”

then, when she came to participate in the competition, do you still need to say the result? ”

who knows? he can even get in through the back door. Who knows, he might be able to do something behind the scenes and win the championship or something.

Ning Qing’s mother was getting anxious. She turned around and grabbed Gu nanzhi’s hand. little Gu, is what they said true? ”

Gu nanzhi retracted her gaze. Her blue eyes flickered slightly and she did not answer immediately.

Father ning also asked, “is the Lou family really that powerful?” Little Gu, do you know Lou qingyue?”

The corners of Gu nanzhi’s mouth twitched slightly. She lowered her gaze unnaturally and even touched her tall nose. sorry, uncle, Auntie, I’ve never heard of her before. I don’t know much about her.

“Qingqing, do you know Zhenzhen?” mother ning was a little disappointed. Qing Qing, what’s wrong?”

Gu nanzhi snapped out of her thoughts and looked at ning Qing.

The woman did not move, and her face revealed a trace of fatigue and paleness. Only her eyes were moving, as if she was following something.

Gu nanzhi looked in the direction she was looking at and saw the entrance that was filled with people.

baby? ” he asked in confusion.

He waved his arm, and ning Qing seemed to be startled, her whole body trembling.

“What’s wrong with you? Where do you feel uncomfortable?”

Ning Qing’s lips trembled slightly. ran ran is fine.

Mother ning heaved a sigh of relief. don’t scare us.

Ning Qing smiled with difficulty. no, I was just in a daze for a while. What were you two talking about? ”

“It’s nothing. It’s good that you’re fine.”

“.....”

After that, the few of them stopped talking.

Father ning and mother ning heard the people in front of them discussing the Lou family and learned that the Lou family was a very mysterious family in the capital. They had risen from 300 years ago and had been prosperous for a long time, but no one knew what they actually did.

The head of the Lou family was a weirdo from the beginning to the end. No matter which generation it was, no matter how famous and prestigious the people in jingdou came to ask for an audience, she would not meet most of them. Even if she did meet them, it was impossible for the others to scramble to find out anything from the lucky person's mouth.

Furthermore, there had been no exception for many years.

Father ning and mother ning were entranced. Gu nanzhi paid attention to the two of them and quietly moved to ning Qing's side. hey, what happened to you just now? "

Ning Qing was still in a daze. She trembled again. there's really no Zhenzhen.

Gu nanzhi's expression was gentle. baby, you can lie to your parents, but do you think you can lie to me? "

Ning Qing glanced sideways, while Gu nanzhi waited quietly for her to continue.

She clenched her fists, struggling to decide if she should say it.

After a long while, she took a few deep breaths before she mustered the courage to speak. this woman gives me a very familiar feeling. She's like someone I knew before.

Gu nanzhi's eyes widened in surprise. you and her? "

After he said it, he also felt that it was ridiculous and laughed,"how is that possible?" She went to America three years ago, Yingluo."

Before he could finish, he stopped again.

Ning Qing looked at him seriously. what I want to talk about is what happened three years ago.

"....."

three years ago, I was held by a woman after I jumped off the bridge. She said that she saved me, but I was pregnant at that time. She told me that my child was dead and that I had to do a C-section to save my life, but I clearly felt that the child was still alive, Hanhan.

[Chapter 662](#)

662 A heart twitching from heartache (1:

Speaking of those things, ning Qing still felt breathless, and her heart was so tight it hurt.

but she didn't care. She forced the doctor to take my child out.

"What?"

Gu nanzhi raised her voice in surprise. The people around them looked over and he hurriedly gave them an apologetic look. Then, he leaned closer to ning Qing. you said that she asked the doctor to help her.

Ning Qing closed her eyes. that's right. I didn't believe that the child was dead at that time. I thought that she wanted to take my child away. I didn't know why, Hanhan.

She smiled bitterly. she only told me that the child had been taken care of by the hospital. Then, she disappeared with everyone around me overnight.

Gu nanzhi felt that this was an extremely strange and absurd thing, but since it came from ning Qing's mouth, she had to believe it.

Such an unbelievable story was filled with sorrow and despair.

Gu nanzhi's eyes darkened. Yingluo, you must be very sad, right? "

Ning Qing only shook her head. She didn't even know why she was shaking her head. She continued, " I ran out just like that and was picked up by Tina. She took care of me, gave me hope, helped me find my child's ashes, and sent me to America. After that, I met you.

He knew everything that happened after that.

Gu nanzhi looked at the woman's pale face. In a daze, she saw the woman who had nothing holding the ashes of her child and crying.

He tried his best to control himself and not lose his composure to hug her, but he wanted to comfort her so badly. He reached out and pinched her earlobe, rubbing it gently.

": 'm sorry," he said:

Ning Qing was shocked, not understanding why he was apologizing.

Gu nanzhi's smile was no longer warm. Instead, it was filled with bitterness and heartache. if I had known you earlier, you wouldn't have been bullied like this.

"....."

Ning Qing's heart was moved, and tears welled up in her eyes.

Perhaps no one could understand the pain she had gone through in the past. Even Nian lie would only hurt her again and again under the pretense of loving her.

However, the man in front of her had never lied to her, nor had he done anything to hurt her.

At that moment, ning Qing thought, if the person she loved was him, would everything be different?

However, history could not be changed.

She had to admit that the man she had loved was Nian lie.

It was not Gu nanzhi.

Ning Qing wiped her nose and smiled ambiguously. what are you talking about? I just think that she looks quite similar to the woman in my memory, but I've never seen that woman's face before, so it's just a feeling. Maybe I'm wrong.

Gu nanzhi lowered her hands and stopped talking.

“The people behind, follow me.”

Unknowingly, more than half of the queue in front had disappeared.

Ning Qing and Gu nanzhi stood at the back and seemed especially out of place.

She nodded her head apologetically. I’m here.

Then, he gave Gu nanzhi a reassuring smile.

don’t worry about me. I still need to return to HE to work with you, so I’ll definitely win. Nothing can stop me.

Also, she had brought her child’s ashes to America and buried them in the cemetery there.

She had not gone back to see him for a long time.

When her child was alive, she was an unqualified mother. Now, she had to work hard to stay by his side and tell him that she loved him.

Ning Qing briefly looked at the ID and handed it to the staff. He only took a glance at it before letting her through.

When they reached the top floor, ning Qing turned around and saw her parents hugging each other, their faces gentle and encouraging.

Gu nanzhi stood a little further away. When she saw her looking over, she raised the corners of her lips, her smile warm and healing.

She laughed as well, and every step she took was filled with strength.

She didn’t know that in a corner, the man was quietly watching her and Gu nanzhi’s intimate interaction, his heart twitching in pain.

[Chapter 663](#)

663 An accident happened in the competition (1:

Ruan Yi looked at the expressionless Nian lie. sigh: ” she said on purpose: ” not only do they look so affectionate, but I also think they look quite compatible.

An ice-cold dagger-like glare flew over.

“Do you want me to help you?” she asked with a smile, pretending not to see him.

Nian lie’s face was cold. no need.

Ruan Yi cursed in her heart. it’s fine if you don’t want it. I have to go get the questions.

“Go: : Nian lie said emotionlessly: his eyes still fixed on her.

Ruan Yi was speechless and walked away angrily.

“Follow her,” Nian lie turned around and said to the people behind him.

The subordinate nodded and went to whisper to the staff. Ruan Yi entered the room easily.

“Yet another one who relied on connections.”

Someone cursed. Gu nanzhi glanced at Ruan Yi. The young lady smiled warmly and greeted him before turning around and entering the house.

Gu nanzhi thought of Nian lie. She turned around and saw the Man in Black standing alone in an unremarkable place.

However, with his figure and appearance, he could cause a sensation anywhere.

There were women talking about him. Gu nanzhi didn't look at him anymore. She asked father ning and mother ning to wait at the resting area.

People walked out one after another. Some were happy, some were confused, and some were on the verge of tears.

The few of them were anxious as they watched, but when everyone in the hall left, only Gu nanzhi and Nian lie's side remained.

Mother ning's face darkened when she saw Nian lie. why is he here? ”

“He's here to participate in the competition,” Gu nanzhi said.

Ning Qing's mother was unhappy. it's best if you're here to participate in the competition. Don't get involved with our Qingqing.

Father ning pulled her back. She was about to scold him, but father ning gave her a silent signal. Only then did she notice Gu nanzhi's expression.

haha, Xiao Gu, don't mind me mentioning him. I really hate him.

Gu nanzhi's eyes narrowed. ah? ”

Mother ning patted father ning. he's not ran ran.

Gu nanzhi looked at the interaction between the two of them and smiled. uncle, Auntie, we'll take care of the things between us. Qingqing needs to focus on the competition now. Don't think too much about other things. I don't want to hinder her.

Hearing this, mother ning felt at ease. The more she looked at Gu nanzhi, the more she liked her.

sigh, if Qingqing was with you in the beginning, why would she have suffered so much? ”

Gu nanzhi snorted and laughed. Then, she seemed to be deep in thought.

After waiting for another half an hour, Lou qingyue came out.

She scanned the hall again. When she saw Gu nanzhi, her expression turned cold.

She curled her lips into a smile, snorted coldly, and walked away in her high heels.

Gu nanzhi's gaze was dark.

At this moment, ning Qing and Ruan Yi came out one after another.

Gu nanzhi saw that ning Qing's expression was a little strange. She jogged up to her worriedly. Before she could ask anything, Ruan Yi's complaints could be heard in the hall.

"What kind of competition is this? It wasn't rigorous at all! They had already divided me into groups, but they inexplicably changed me to another group and even said that they were holding the number plate again."

Gu nanzhi understood and quickly looked at ning Qing.

Ning Qing also came back to her senses. There was some worry between her brows, and then she nodded.

Gu nanzhi's heart sank.

The two of them had encountered the same situation.

However, no one had said that they had encountered such a situation, so how did the two of them encounter it?

Ning Qing also found it strange and said in a low voice, " when I went in, I was led by a special person. All the steps were according to the staff. There was no problem with lining up, checking the documents, taking the number, picking groups and not tidying up.

[Chapter 664](#)

664 The questions were changed (1:

But suddenly, someone stopped her after she finished drawing the questions and told her that there was a problem with the system. Her number had already been taken by someone else and she had to do it again.

She had no choice but to go through the sequence again.

There didn't seem to be anything wrong with it.

"Is there a problem with the test?" father ning asked anxiously. Is it difficult?"

Ning Qing lowered her eyes and shook her head.

Seeing that she couldn't explain herself, Gu nanzhi suggested. let's go back first. We'll talk about it when we get back.

Ning Qing nodded.

The few of them walked towards the main entrance.

As ning Qing lowered her head to think, she felt a burning gaze on her.

She was about to look over when she suddenly thought of Ruan Yi.

In other words, he was also there.

There was no doubt who was looking at her.

Ning Qing restrained herself, tilted her head, and followed mother ning out of the door.

Nian lie slowly retracted his gaze. Beside him, Ruan Yi was looking at him calmly. He hid his disappointment and returned to his expressionless face.

“What’s going on?”

Ruan Yi pouted. I thought you’d forgotten about me.

“.....”

“It’s fine if you forget about me, but you can’t forget about your sweetheart.”

what do you mean?” Nian Xi was shocked.

I’ve been switched teams:” Ruan Yi said nonchalantly: it’s very likely that the questions have been changed as well.

“.....”

“She’s the same,”

Nian lie’s eyes darkened. what question are you going to ask?”

Ruan Yi handed him the crumpled piece of paper in her hand.

Nian lie opened it and his expression darkened.

Ruan Yi played with her fingers, trying to guess what ning Qing would get.

Nian lie’s expression was dark. She said, ” she’s not in the same group as me. There’s no competition for now. You don’t have to put on a cold face.

The man ignored her and still had that unfathomable look on his face.

An idea flashed across Ruan Yi’s mind. She asked Nian lie curiously, ” what do you think? what if we bump into each other in the next match? do you want me to win, or do you want her to win?”

Nian Xun paid a little attention to her, but the way he looked at her wasn’t friendly.

let me put it another way. If I bump into her, do you want me to go easy on her or not?” Ruan Yi asked.

: We’ll see if you can win this round: : Nian Yu said coldly, his eyes half-closed:

Ruan Yi’s almond-shaped eyes widened. She clenched her fists and yelled at the man who was walking away. how dare you look down on me!

After all, she was also known as the ” genius girl in China’s jewelry design industry “. How could he look down on her?

Ruan Yi’s face turned red with anger. She put her hands on her hips and pointed at Nian Xi. just you wait! I won’t show you any mercy! I’m going to show you ten times, no, a hundred times my strength, and let you and your woman know that I’m not to be trifled with!”

“.....”

The man's steps became wider and wider, and he disappeared from the hall in a few steps.

Ruan Yi was so angry that her hair stood on end. She only reluctantly followed after the bodyguard's persuasion.

Nian Jin got into the car and thought about what Ruan Yi had said. He opened his palms.

Two words were written in bold black font on the light blue paper, "East."

His eyes grew colder and darker as he thought of Ning Qing.

This was the capital.

He had once found some clues about the person who had tried to assassinate her, and they had come from the capital. However, the clues had later broken, and no matter how much he had investigated, it had been in vain.

And now, she had met such a person in the competition.

As expected, there was a group of people hiding in the dark, spying on her.

As for what their purpose was, perhaps it would be revealed soon.

A rare killing intent filled Nian lie's eyes. He exerted strength in his hands, and the paper was crushed into a small ball.

A cold wind blew, and a window rolled down. The ball of paper drifted with the wind and landed in a place where no one could find it.

[Chapter 665](#)

665 Everyone is very worried about you (1:

Ning Qing returned home and went straight to her room without saying a word to anyone.

Mother Ning and father Ning looked at each other, and mother Ning whispered, "is Qingqing's question very difficult?" She doesn't look relaxed at all."

Father Ning was also worried, but he knew that they could do nothing but support her silently.

That's enough. The child knows what she's doing. We don't understand these things, so don't worry about it.

Father Ning turned to Gu Nanzhi. Little Gu, Qingqing's mother and I don't know much about her work, but you're her superior, so you should know better than us. You should go in and see her.

Gu Nanzhi was also a little worried, but she didn't show it on her face. She smiled obediently and gently. Uncle, Auntie, don't worry.

He shot them a meaningful glance. I'll do my best to help her.

Mr. and Mrs. Ning nodded, and they went to the kitchen to prepare lunch.

Mother ning looked at ning Qing's room. why did they change the topic? " she asked. Is someone trying to harm our Qing Qing?"

"How is that possible? This is the capital, not Yicheng. What nonsense are you thinking?"

you're right. Ning city has nothing to do with us. Why would we have enemies? I must have been overthinking," said Mrs. Ning, who felt that she was overthinking things.

"....."

Gu nanzhi heard their conversation as they walked further and further away. Her relaxed expression was no longer there. Instead, there was a trace of uneasiness and difficulty.

He stood still for a while, then came to the door of ning Qing's room. After hesitating for a few seconds, he raised his hand and knocked twice.

"Shua shua--"

"Enter."

When he heard her reply, he gently pushed the door open but didn't see her. He looked again and found the woman sitting on the floor between the coffee table and the sofa. Her hands didn't stop moving, and her eyes were fixed on the computer screen.

Gu nanzhi did not know whether to laugh or cry. She walked towards her. what are you doing? "

"I'm checking information." Ning Qing was concise and comprehensive. She combed her long hair, feeling a little annoyed.

Gu nanzhi could tell. She chuckled, leaned over, and sat on the sofa beside her.

He lowered his head and looked at the top of her head.

"Is it very difficult?"

Ning Qing moved her mouse, hurriedly jotted down something on her laptop, and continued to look for more information.

Gu nanzhi could tell that she did not want to talk to her. She tilted her upper body and crossed her hands in front of her. Her voice was warm and calm. what are you looking for? tell me, I can help you find it.

"....."

As he spoke, his voice was right above her head.

Ning Qing straightened her back and was a little distracted.

"No need, I can do it myself."

"....."

"If you have nothing else to do, you can leave. I want to be alone."

Gu nanzhi didn't move. She only lowered her long, curly eyelashes and covered her light blue eyes. She had an indescribable charm and mystery to her.

Ning Qing clicked her tongue impatiently and stood up. She put her hands behind her head and gathered her long, curly hair in her palms.

He watched as she gathered her hair to her chest and twirled it many times. In the end, he didn't know what to do, but she took a pen and tied her long hair up.

There were loose strands of hair at her temples, floating in front of her forehead, casting some shadows on her serious side profile. When she used force to write, it seemed that her entire face also used force, gentle and strong.

He chuckled. Ning Qing looked up as if she was looking at a lunatic. what are you doing? "

Gu nanzhi raised her hand to cover her mouth. nothing much. I just think that you look quite funny.

Ning Qing pulled a long face. if you're free, go out and help my mother cook. Don't distract me here.

Gu nanzhi raised her eyebrows and confessed,"they let me in." &Nbsp;

"....."

"Uncle and Auntie are very worried about you," he said gently.

[Chapter 666](#)

666 "Life" _1

Ning Qing's writing hand stopped.

"They asked if the questions were too difficult for you to solve."

The woman's long eyelashes trembled slightly, and her heart was touched.

Gu nanzhi pondered over her expression and lowered her head to test her. Ning, tell me, is it really difficult? "

"It's not difficult," ning Qing said faintly after a long time.

"What's that?"

"Yingluo is strange."

Gu nanzhi was surprised by her choice of words.

Ning Qing had worked in HE for three years, starting from the most basic handyman. She had gone through many trials and tribulations before she finally became a top designer. She had won awards of various sizes that could not be counted on one hand.

Her professionalism was unquestionable.

But she actually said that the questions were strange?

Gu nanzhi was extremely curious. what question made you feel strange? Can I see?"

“This is a leak,” ning Qing thought for a moment and said with a frown.

Gu nanzhi straightened her body and made a vow with her hands. I swear on my character that after I see the question, I will not say anything. I will also not provide you with any information or inspiration that I know, and I will not disturb your drawing.

Ning Qing hesitated for about a minute. forget it. You can take a look.

She turned the notebook a few pages, and the light pink paper was folded into a small square.

She picked it up and handed it to Gu nanzhi.

The man was sure that she was going to give it to him and reached out to take it.

His long and slender fingers opened the paper, and the words on it came into view-life.

His thick brows furrowed, and his eyelids flickered, meeting ning Qing’s eyes.

The woman could see the complexity and confusion in his eyes, exactly the same as when she received the question.

She couldn’t help but smile bitterly. the scope of this word is too broad.

And it was very abstract.

Life could be all living people, animals, and plants.

It could also be that an inanimate object was given some meaning, and from there, it became “alive” in people’s eyes.

It could also refer to a person’s entire life.

It was because it had such a broad meaning that she did not know where to start.

Gu nanzhi also felt that it was difficult. If it was directed at something, the direction of the design could still be clear. But such an abstract question, even he felt that it was a bit too big.

Ning Qing pressed her temple with one hand, feeling a slight headache. Tiny, this is not the only problem that’s troubling me. There’s another problem that we’ve all overlooked.

Gu nanzhi’s eyes froze.

They looked at each other and said in unison, “time.”

Ning Qing opened her red lips. that’s right. The contestants got the questions today and the time has started. In the next six days, not only do I have to draw the design drafts, but I also have to choose the materials, Polish the real ones, and finally hand over the completed work to ran ran.

the process of making the product depends on the difficulty of the design. The time is within two to three days.

“That’s right.”

Ning Qing’s thin brows were tightly furrowed, and her bare face was filled with distress and worry.

this means that Yingluo ... Gu nanzhi's hands couldn't help but tighten, her eyes heavy. Yingluo, you have to finish the design in the remaining three days.

Ning Qing closed her eyes and silently agreed with what he said.

what's wrong? " he pinched the paper, and the edges were wrinkled. After a few struggles, he asked, " Ning, you and Ruan Yi are in the same situation, right? "

Ning Qing thought of the two people in the building's lobby and then thought of Ruan Yi's identity. yeah.

"Do you want to ask her about her condition?" Gu nanzhi asked.

[Chapter 667](#)

667 Suspected to be Nian lie's doing (1:

"No," Ning Qing refused firmly.

She and Ruan Yi were now potential enemies of each other, so how could she take the initiative to ask about the competition?

Gu nanzhi knew what she was thinking and started to persuade her. you've all encountered the same thing. Don't you find it strange? " This kind of competition should be very strict, how could there be such a thing as a reset?"

Of course, ning Qing had noticed it, but she could not think of anyone who would do such a thing.

If there was really someone who could control this match, then what was the point of this match?

Why did that person target her and Ruan Yi?

When did she offend such a powerful person?

Ning Qing couldn't figure it out.

Gu nanzhi secretly gritted her teeth and said with difficulty,"have you ever thought about what would happen if someone wanted to take the opportunity to do something to you?"

Ning Qing felt that this idea was ridiculous. Nan Yan, I was born in Ying city. I've lived for 22 years and spent three years in the United States. Including this year, I won't be in the capital for more than three months.

"....."

"I don't like to argue with others, and I almost don't communicate with outsiders. Tell me, when did I make such a big enemy in the capital that others would use all their efforts to stop me?"

As she spoke, ning Qing laughed in anger.

"Or is it that someone thinks I'm a threat to him winning the championship, so he's doing this to me?"

As soon as she finished speaking, a name flashed through ning Qing's mind.

Gu nanzhi thought that she had thought of something. She said nervously, " you know that's not what I meant. I just think that you should be careful. This competition is very important to both of us. You can't lose!

Ning Qing suddenly raised her hand and stopped him from continuing.

"What's the matter?" Gu nanzhi asked suspiciously as she looked at her strange actions.

Ning Qing blinked. I've thought of something. It seems that I'm really a threat to some people, ran ran.

Gu nanzhi's heart clenched. She said slowly, " who's flirting with? " "

He looked at her lips and observed the shape of her mouth. He said two words, "

"Nian lie."

He was suddenly stunned.

Ning Qing smiled, and there was an inexplicable meaning behind it.

his fiancée is participating in the competition. Of course, he wants her to win.

Gu nanzhi felt that she had misunderstood and quickly stopped her from thinking further.

"Baby, Yingluo, aren't you overthinking? Ruan Yi's been replaced, and Nian lie isn't a fool. Isn't he afraid that people will find out about it?"

Moreover, with his current power, it would be difficult for him to extend his hands to a place as far as the capital.

Ning Qing could not control her expression when he pointed at her.

That didn't seem wrong.

However, on second thought, something did not seem right.

"A person like him wouldn't hide anything if he really wanted to do something."

She had been with him for so long, and he was a proud man in his bones. No matter how despicable he was, he was never afraid of people finding out.

Gu nanzhi's heart ached when she heard how well she understood Nian lie. Her smile was a little forced. but how are you going to explain what happened to Ruan Yi? "

Ning Qing pursed her lips. maybe he wanted to hide it from people and deliberately let us know that I wasn't the only one who had been replaced, so no one would suspect him. Or maybe Zhenzhen isn't afraid of people finding out.

She could imagine the man's exaggerated and infuriating laughter after she said this.

However, after waiting for a few seconds, there was no sound.

Ning Qing raised her head. Gu nanzhi's face was lowered. She was no longer as playful and frivolous as she used to be. Instead, she was slightly upset and obviously uneasy.

[Chapter 668](#)

668 Did you hear that?

Her heart skipped a beat.

Gu nanzhi's gaze shifted over and her lips moved.

Just as ning Qing thought he was going to say something big, she put down her phone on the table and it rang.

"Wait a minute, I need to take this call."

She picked up her phone and saw that the caller ID was Ruan Yi.

Ning Qing suddenly felt a little uneasy, not knowing why.

Gu nanzhi glanced at her. what are you hesitating for? answer it. He'll hang up in a while.

"....."

Ning Qing took a deep breath, her fingertips sliding across the green icon, and she pressed the phone to the side of her face. Hello-

"Ning, it's me, I'm Ruan Yi!"

The woman's voice was clear and penetrating, and it was easy to distinguish.

"I know," ning Qing replied.

The girl on the other end of the phone had a smile on her face. She was in a good mood and even smiled when she spoke.

"It's like this. When we were choosing questions today, didn't we encounter the same problem? The staff said that there was a problem with the system. I contacted some of the contestants I know in private, but they said that they had never encountered a problem like us."

Ruan Yi rambled on and on, and ning Qing summarized it in one sentence, "the change of teams was only targeted at her and Ruan Yi."

"Is that so?" ning Qing said ambiguously.

"Yeah," Ruan Yi was a little annoyed. I was so mad at that time. It was just a competition, how could such a stupid mistake happen? "

"....."

I thought I was the only one who met him at that time. I didn't expect you to meet him as well. Tell me, isn't this fate? "

She seemed to think that this matter was insignificant, or rather, it did not affect her at all.

In short, ning Qing listened to her complaints and didn't hear any unhappiness.

Thus, her previous thoughts seemed to be slowly confirmed.

Gu nanzhi looked at her anxiously and gestured for her to turn on the speaker.

Ning Qing took her phone and put it on speaker.

after I came back, I complained to Nian lie for a while. He only told me not to worry about it and to focus on the competition. But I feel that such a start will affect my mood from now on.

She was still saying some irrelevant words, but ning Qing had already come to a conclusion!

Did Nian lie's avoidance of the topic mean that he was the one behind the change of teams? did he do this on purpose because he didn't want Ruan Yi to know or lie to her?

At that moment, ning Qing could not describe the feeling in her heart.

Perhaps he was angry from embarrassment, or he couldn't believe it, or maybe he was angry and had a trace of bitterness mixed in?

She did not know.

"He told you not to mind, so don't think too much about it," ning Qing said into the phone, trying to control her trembling.

"What?" Ruan Yi asked in confusion.

Ning Qing suppressed the bitterness in her throat and said in a cold voice, " focus on the game, Ruan Yi.

"Ah," she said. After a while, she smiled sweetly and said,"okay, Ning, you have to work hard too. I look forward to meeting you in the final. Don't go easy on me. Let's have a fair fight!" Hmm, now that Yingluo said that, I feel like I can't wait anymore!"

The corners of ning Qing's mouth twitched, but she could not smile.

"Alright," he only replied with one word.

then you have to work hard. I'm going to start working on the design drafts too. Okay, Bye Bye.

"Goodbye."

Ning Qing's palm was cold when she hung up the phone.

"Did you hear that?" she said.

Gu nanzhi's expression did not look good.

Ning Qing pursed her lips. she sounded so relaxed. It's obvious that she got a simple question. And what she said about Nian lie, Huanhuan.

[Chapter 669](#)

669 You heard what: said, are you satisfied?

Gu nanzhi could not bear to listen to this.

"Ning!"

Ning Qing stopped.

He looked serious. don't make wild guesses. It doesn't matter to you whether her questions are simple or difficult.

Ning Qing was shocked and looked at him blankly.

His heart ached for her, but he had to spur her on.

"Baby, the questions are simple, but it's hard to make your work outstanding because it's hard for people to come up with new ideas. The questions are difficult, but the design might not be. You shouldn't just focus on the question's quality. You should focus on the meaning behind the questions and think about how to make a good work."

Ning Qing's eyes wavered, and her heart was in a mess.

Especially after the phone call.

She closed her eyes and shook her head,"I don't know what's wrong with me, Zhenzhen."

Gu nanzhi held her hand and looked at her helpless and confused face. Her voice was as gentle as spring.

I know you're under a lot of pressure. The opponents this time are very strong, and you've encountered this kind of thing. But, ning Qing, no matter what they do, you have to be good yourself. Don't panic because of a little accident.

And don't mess up your sense of propriety because of Nian lie.

He did not say this out loud.

He was afraid that it would make her heart more confused.

Gu nanzhi was a little jealous. your parents and I will stay with you. To be honest, I don't care about the results. I just hope that you can follow your heart. If you don't want to continue on this path, you can give up now, but I know that you really love designing. Don't be so stubborn. You have to work hard and be yourself, okay? "

Ning Qing could not describe how she felt when he encouraged her like this.

At the same time, her heart seemed to be slowly calming down.

"Am I too nervous?" she muttered to herself.

"It must be." Gu nanzhi answered on her behalf. you can be nervous, but you can't doubt yourself. I always believe in you. You can't doubt yourself.

Ning Qing smiled, and the confusion and haze in her heart were dispelled.

"I know."

He patted her head. if there's anything you need me to do, just let me know.

He didn't want to watch her worry.

Ning Qing's mood had now stabilized, and her eyes were full of light and strength again. don't worry, I've thought it through.

No matter what the result was, she had to give it her all.

It didn't matter to her what the others did.

She shouldn't have forgotten her passion, and she shouldn't have forgotten her initial heart when she chose this profession.

Seeing that she had calmed down, Gu nanzhi secretly heaved a sigh of relief. in that case, I won't disturb you anymore. Work hard. I'll go out and tell Auntie and the rest.

"Alright," he said.

The man got up and left. As he left, he turned back to look at ning Qing. She was full of energy again, still the indomitable woman from three years ago.

Gu nanzhi smiled, opened the door, and went out.

"....."

Ning Qing was looking for information when she suddenly remembered what he had just said.

However, before she could say anything, the door had already closed.

She thought for a moment and smiled.

This competition was indeed very important to her life, but did he just say that Yingluo was important to both of them? She was competing in her own competition. How did it have anything to do with him?

Ning Qing patted her head. She was too lazy to think about it and focused on what she was doing.

After hanging up the phone, Ruan Yi threw up her hands at the man sitting opposite her. I've already made the call and you heard what I said. Are you satisfied now? "

Nian lie's expression was cold, and no one could read his mind.

I told you not to contact each other in private, " Ruan Yi mumbled unhappily. why did you ask me to call her? maybe she'll think that we're the ones who caused this.

[Chapter 670](#)

670 Her questions are probably difficult questions of the century (1:

Nian lie seemed to be deep in thought, his dark eyes unmoving.

"What did you say?" he asked, frowning.

I say, so far, the only thing she can think of is that someone who thinks she's a threat is deliberately making things difficult for her. Think about it, in the entire Jingdu, no, the whole world, who else would want to make things difficult for her other than you? "

At such a sensitive time, he still threatened her to call ning Qing. She really didn't know if he was stupid or if he had been blinded by love.

“.....”

Nian lie's dark eyes were fixed on her, and he didn't say anything for a long time.

Ruan Yi sighed in her heart. besides, her questions are probably the toughest of the century. She must be in a bad mood.

Nian lie focused his attention and pursed his thin lips. how did you know? ”

Ruan Yi almost rolled her eyes at him. it's obvious, okay? she sounded so down.

The man fell silent again.

He did want to know more about her current situation, but with just a few words from her, he was immersed in certain moments of the past and had no time to analyze her tone.

'Blockhead!' Ruan Yi cursed. At a time like this, she might as well just show her concern.

“I say, can't you just ignore your pride? didn't you see the man beside her? She's with her all the time, you don't have a chance at all, and now you're still so cold. With you, you still want to chase her, Yingluo?”

“I don't need you to teach me how to do things,” Nian lie said coldly.

Tsk.

Who wants to teach you? it's because you're stupid.

After spending the past few days with him, Ruan Yi had more or less understood his temper. She just couldn't go against him, or he would glare at her with his cold eyes.

There were some words that she could only curse in her heart.

“If you don't want to teach her, then don't. Don't use me to contact her. If you have the ability, then contact her yourself, Hmph.”

Ruan Yi turned around and went back into her room.

Nian lie sat alone on the sofa in front of the floor-to-ceiling window. He looked at the crowd below the tall building and the heavy traffic. Sitting there alone, even his shadow seemed lonely and cold.

After ning Qing was full of energy, everything seemed to be the same as before, but also different.

Her state of mind was calm, and her inspiration was endless, so it was much smoother when she drew the design.

On the morning of the third day after the second round of the competition, ning Qing came out of her room with a drawing in her hand and announced to the people in the living room.

Gu nanzhi was the first to rush in front of her. She took the drawing and looked at it. Her eyes lit up.

“Brooch?”

“That’s right.” Ning Qing was in high spirits. She had been staying up all night for the past two days, and her face did not look too good. There were also obvious dark circles under her eyes, but her bright eyes were full of vitality, illuminating her whole face.

last night, I suddenly thought of something. The foundation of life is to be alive. Anything that wants to be alive must have a heartbeat. Among all the accessories, the brooch is the one closest to the heart.

Gu nanzhi was speechless. She gave her a thumbs up.

Father ning and mother ning came over and looked at the draft in Gu nanzhi’s hands.

Even though they didn’t know what the concept of jewelry design was, they were all surprised when they saw the design.

“This Yingluo, is this a brooch? It’s really good looking!”

“Our Qingqing is so talented! It’s great!” Mother ning exclaimed.

Ning Qing could not help but smile. mother, this is just a sketch.

“The sketch is nice too!”
