

Mr Nian 721

[Chapter 721](#)

721 I'm her hubby (1:

After Nian lie washed his hands, he left the bathroom.

Looking around, ning Qing was nowhere to be seen.

He thought to himself,"could this woman be hiding out of shyness?"

A vibrating sound came from the sofa.

Nian lie turned his wheelchair over and saw that it was ning Qing's phone.

He looked at her a few more times and called out to her, but she didn't respond.

The phone was still vibrating. The person on the other end seemed very determined and urgent.

The note was "Xiao Chen," but he couldn't tell who he was.

In the end, Nian lie answered the call.

However, before he could say anything, the woman on the other end was extremely anxious. it's not good, miss ning. Mr. Shen has disappeared!

Mr. Shen?

Mr. Shen? " hearing the unfamiliar name, Nian Yu frowned subconsciously. who is Mr. Shen? " he asked in a deep voice.

The female nurse heard an unfamiliar voice, and it was a man, so she asked in surprise,"Who are you?" Where's miss ning? is she not here?"

"I'm her husband: : Nian Xi looked at the door and lied without blushing:

Husband?

The caretaker was a little confused, but the situation was urgent, so she didn't think much about it.

"Oh, Sir, it's like this. Previously, miss ning asked me to take care of Mr. Shen. Mr. Shen's injuries were serious and he had not recovered yet, but when I was cooking just now, he ran ran and he suddenly disappeared! I've searched the entire hotel and couldn't find him, so I wanted to ask if you have his contact information. He's so badly injured that the doctor said he can't walk around."

The more Nian lie listened, the more confused he became. However, he quickly organized the information.

The man with the surname Shen, the hotel, seriously injured, ning Qing had specially found someone to take care of him, Hanhan.

"Which hotel?" he quickly asked:

The woman told him the name of the hotel. It was the one he had met ning Qing and Gu nanzhi at!

A ridiculous thought emerged in his heart!

“Did he hurt his abdomen?” Nian lie asked in a low voice, unable to believe what he had just heard.

“Yingluo, yes.”

The caretaker was a little surprised. She mumbled, “ didn’t you come to see him with miss ning before? Mr. Shen didn’t want anyone to take care of him. You even persuaded him to come to ran ran.

As soon as she finished speaking, the caretaker sensed something and didn’t dare to make a sound.

Nian Xi gripped his phone tightly, his eyes almost popping out of their sockets.

So, she and Gu nanzhi had taken care of this Shen guy together?

She had appeared at the hotel with him because of this man?

Nian lie’s mind was in a mess, and his heart ached so much that his face turned pale.

That day, he had just happened to bump into her and Gu nanzhi on the way. He had not asked her anything and had just used violence on her. He had even humiliated her Qianqian.

Frustration, regret, heartache, and anger.

All kinds of emotions rushed to his head, forcing his eyes to turn red.

The female nurse was even more afraid. She could feel the man’s anger through the phone.

She was both fearful and confused.

It was really strange.

This man was miss ning’s husband and not the one who had been to the hotel before. Then who was the man who had been to the hotel before?

Could he be miss ning’s third party?

Gu nanzhi, who didn’t know what had happened, sneezed suddenly.

He rubbed the tip of his nose. who’s scolding me behind my back? ”

“.....”

After the nurse thought it through, she was so scared that she didn’t dare to breathe. well, Wanwan, I’ll go to the hotel again and see if I can check the surveillance cameras. You can go back to your work. Goodbye.

After that, he hung up the phone without caring about the good or bad.

Nian lie sat there, his grip on his phone so tight that it was almost out of shape.

Outside the house, ning Qing had calmed down. She was shivering from the cold and came back.

[Chapter 722](#)

722 Why did you deliberately let him misunderstand?

Seeing Nian lie sitting there, exuding a terrifying aura, she wanted to ask, but she still felt a little awkward and didn't say anything.

However, she saw the phone in his hand from the corner of her eye.

Ning Qing frowned. what are you doing with my phone? ”

As she spoke, she stepped forward to snatch it away.

Nian lie opened his eyes. His red and lustrous eyes were still sharp and cold. He reached out to grab her hand and pulled her into his arms.

She was caught off guard and did not save any energy as she threw herself into his arms.

Nian lie hugged her tightly. His face was pale from the pain. In contrast, his red eyes were even more miserable.

Ning Qing was hit by him and immediately reacted. She tried to push him away. what are you doing-”

“Why didn't you tell me?”

His question confused ning Qing.

“What are you talking about?”

Nian lie hugged her tightly and refused to let go. His tone was very heavy. at the hotel, why didn't you explain that I saw you and Gu nanzhi together? about Yingluo? ”

Why did she deliberately make him misunderstand?

Did she really want to draw a line with him so badly that she would use such a self-destructive method to force him to leave?

Ning Qing understood his words immediately, and her back stiffened.

He wished he could melt her into his bones and blood, never to be separated from her. do you think it's useless to explain to me, or do you think it's better for me to keep misunderstanding? ”

“.....”

“Ning Qing, say something!”

The woman's eyes drooped. what's the point of saying all this now? you already know, don't you? ”

Nian lie's arms were still. She didn't struggle and withdrew from his embrace.

She looked at his face that was slightly twisted due to excitement, and some slight feelings grew in her heart.

The corners of ning Qing's lips twitched. what I want to do, who I'm with, where I'm going, these are all my personal matters. I don't need to explain to anyone, and I don't have a reason to explain it to you, Nian lie.

“.....”

He had lost the right to speak because he was her ex-husband.

Ning Qing calmed down and reached out to take her phone.

Nian lie was shocked. He gripped his phone tightly. but I want to know! As someone who cares about you, am I not even qualified to know about your news?”

Ning Qing’s fingertips were slightly curved, and her eyes were clear without a trace of impurity.

It also allowed him to see clearly the feelings she had for him.

It was as calm as dead water.

It couldn’t cause a single wave.

“I’m not the one you should be concerned about,” she said.

“.....”

“It’s Ruan Yi,”

Nian lie’s dark eyes were in a mess, and his heart was in a mess as well.

He regretted asking Ruan Yi to appear in front of her in the capital as his fiancée for that ridiculous dignity.

He was in a hurry to explain,”ning Qing, listen to me. She’s nothing!” I didn’t come to the capital for her, I, Yingluo.”

“That’s enough, Nian lie.” Ning Qing closed her eyes and called out coldly.

His words were stuck in his throat as he stared at her in shock.

Ning Qing opened her eyes. that’s enough.

“.....”

“It’s no longer important who you came to the capital for. What’s important is that you and I should both look at what’s in front of us and cherish what’s in front of us.”

“.....”

you and I have lost too much because of each other, and we don’t have the time or mood to understand the people around us. I’ve long realized that it was wrong, so I’m trying my best now.

“Work hard for what?” Nian lie’s voice trembled.

“I’ll try my best to discover the good in the people around me.”

“Like my parents, like Gu nanzhi, like you,” ning Qing said.

[Chapter 723](#)

723 Looking for Shen Yao (1:

Nian lie's pupils contracted.

Ning Qing thought his reaction was quite funny, and her tone relaxed.

I now feel that life is only so long. What's the point of living in regret? I can't get anything from all the hate, and I can't move forward, so I'm trying to let go.

She looked at him with a never-before-seen gentleness.

Nian lie's chest felt as if it had been cut by a thousand knives. His entire body was in pain, but he couldn't tell where it hurt.

Ning Qing took the phone from his hand and looked at the call log. She frowned. what did she say on the phone? "

: Mr. Shen is gone: : Nian Jin said: his eyes glimmering with emotion:

It disappeared?

Ning Qing thought of his injuries and what he had said yesterday. She couldn't help but worry.

"I'm going out for a while."

Without a word, she picked up her coat and put it on as she walked towards the door.

"Take care of your leg. I'll get the doctor to take a look at you later," she said as she was about to open the door.

After saying that, her figure disappeared at the door.

Nian Xi looked at the empty entrance and thought about what she had just said.

It turned out that she had just noticed his legs.

Was it a good thing that she was concerned about him?

Nian lie couldn't smile and didn't move for a long time.

Ning Qing rushed to the hotel and found the anxious Xiao Chen.

The two of them were in the monitoring room and clearly saw Shen Yao walking out of the hotel gate with his long legs without looking back. He even got into a car at the intersection.

The caretaker looked like she was about to cry. I'm sorry, miss ning. I didn't take good care of Mr. Shen, so I let him leave with such a serious injury. I'm really sorry.

Ning Qing also knew that Shen Yao had probably wanted to leave long ago. After all, he said that he had something important to do.

She patted the woman's shoulder and consoled her. he's fine. It looks like he thinks he's fine. He's already in this state. Don't blame yourself.

The caretaker nodded.

Ning Qing thanked the hotel staff and went back to her room with the caretaker.

There was no change in the room, as if that person had never been here.

The caretaker tidied up the things and found a necklace among the clothes that Shen Yao had worn.

Although it was called a necklace, it was actually a whistle and an iron piece. A date was carved on it. It looked very old and worn as if it was something from many years ago.

The caretaker found ning Qing and said, " miss, Mr. Shen left this behind.

Ning Qing took the necklace and examined it, but there was nothing special about it.

do you have his personal phone number?" the caretaker suggested. you can contact him to pick it up.

Ning Qing smiled wryly. Why would she call?

Other than knowing that his name was Shen Yao, she didn't know anything about him.

Forget it.

Ning Qing put the necklace into her pocket and turned to the caretaker. it's been hard on you all this time. Thank you.

She gave her a red packet that she had prepared in advance. The caretaker declined. no, no, no. You've already given me enough. I can't take more from you!

"It's not much, just a little token of my appreciation." Ning Qing forced it into her hands, and the woman thanked her with a red face.

Ning Qing took a deep breath. alright, let's stop here.

With that, he prepared to leave.

The caretaker thought about what had happened on the phone today and looked at the red packet in her hand. She felt that the woman in front of her was good in every way. How could she have an extra-marital affair?

"Miss, please wait!" She mustered her courage and called out to ning Qing.

Ning Qing stopped. what's the matter?"

The caretaker smiled embarrassedly. I've been very happy to be able to serve you and Mr. Shen during this period of time. In my heart, you're a very good boss. To the outside world, you're also a very attractive woman. There's no lack of people who like you, but Yingluo.

[Chapter 724](#)

724 A wonderful misunderstanding (1:

She glanced at ning Qing with a profound look. Zhenzhen, but as a married woman, it's best for you to restrain yourself when you're outside. It's not good for some things to be known by your family.

Ning Qing didn't understand what she meant. what?"

The caretaker chuckled. but you have to be more careful no matter what. If you want to bring someone out again, it's best to take some hidden measures. Don't let your husband know.

what are you talking about? I don't understand at all. ning Qing was really confused. She couldn't help but laugh.

The caretaker yelled and took on a "I'm going all out" stance.

"Didn't I call you earlier to report that Mr. Shen is missing? In the end, it was your husband who answered the call. I briefly explained the situation, but he didn't know anything, Yingluo. I thought he was the one who came to the hotel with you the last time."

"My husband?"

"Yeah, he said he was, so I believed him."

Oh!

Ning Qing understood, and her blood suddenly surged. She didn't know whether to laugh or cry.

It was because Nian lie had claimed to be her husband, and this nurse had thought that he was Gu nanzhi. In the end, when she found out that he was not Gu nanzhi, she thought that she was a promiscuous and unfaithful woman?

After ning Qing thought it through, she felt both angry and funny.

She and Gu nanzhi had somehow become the scapegoats for having an affair and being a mistress!

The caretaker thought that ning Qing was embarrassed after being exposed by her, so she pretended to be nonchalant. actually, this kind of thing is nothing. You can have true love after you get married, but I think it's best for you to do this after you get a divorce. It's good for your reputation.

Ning Qing clenched her fists. he's not my husband.

The nurse's eyes widened.

the man who came to the hotel with me last time is not a shameful person. He is my boss and friend.

The nurse's face instantly turned red. After a series of apologies, she ran off with her backpack.

Ning Qing was so angry that she laughed and rushed back to the apartment.

As soon as she entered the house, she rushed to Nian lie angrily and said, " what nonsense are you talking to others about?!

Nian lie raised his eyes and saw her angry look. His heart skipped a beat.

His expression did not change. why? you can't find her, so you came back to vent your anger on me? "

The things that happened before she went out seemed to have disappeared like smoke.

He didn't take it to heart and returned to his cold and venomous attitude from before.

Ning Qing gritted her teeth in anger. you picked up my call without my permission and told people who you are to me. You're prying into my private life. Can you be any more shameless? "

what did I say? " Nian Jing asked calmly.

Ning Qing's eyes flickered. you know!

Nian lie raised his black eyes. you said I'm your husband? "

"That's right!"

His lips moved a little, and he felt a sense of satisfaction from being acknowledged by her.

Then, he stated the truth indifferently, "

"I called you when your phone rang, but you didn't hear me."

Ning Qing's eyes lit up with anger. I didn't hear you. You shouldn't have picked up my call!

the other party was in a hurry and it rang for a long time. I was afraid that it was an emergency, so I picked it up for you.

This reason was really shameless!

Ning Qing's face was red with anger, but she looked pretty good.

Nian lie was inexplicably happy. as for claiming to be your husband, Yingluo? "

She didn't know if he had intentionally or unintentionally paused, but ning Qing's heart was uncontrollably in her throat.

"I was afraid that she wouldn't trust me and wouldn't tell me the priority of the matter, so I couldn't inform you," he said slowly.

[Chapter 725](#)

725 The brilliance of life, the eternity of holding (1:

"....."

Ning Qing had never known that Nian lie had such a sneaky and cunning ability!

In the past, he didn't even speak much to her in a day. Even when he said he loved her and was good to her, he would never argue with her in such a rascal tone!

It was all good now!

She knew that he wasn't a man of few words, but he was deliberately trying to cover up his true self so that she would be embarrassed!

Ning Qing held back her desire to beat someone up. you're good!

"Thank you for the compliment," a certain thick-skinned person replied.

Ning Qing glared at him and turned to leave without a word.

Looking at the woman who was so angry that she couldn't take it anymore, Nian lie suddenly felt that this way of getting along wasn't bad.

At least, she would not reject and hate him so much anymore.

The man's heart was much more at ease, but ning Qing was still furious.

Even on the day of the third round, she did not appear in front of him.

However, ning Qing had not been idle in these three days.

She first went to the official website of the jewelry competition to look at the works of the contestants who had advanced in the second round, which included her works.

Contestant No. 0251, ning Qing

[advancement question: Life]

[work name: eternity]

Brooch

[description: 'the brilliance of life, the eternity of holding']

The picture of the work was attached at the bottom. It was a traditional silk brooch in the shape of a tree leaf. It was silver all over, and the texture of the leaves was carved in a fine net. The green diamonds embedded in it were exuberant, showing the vitality.

Ning Qing looked at the comments below her work and could not help but smile.

the brooch is so beautiful. Although it looks simple, it gives off an inexplicable feeling.

it's carved with traditional craftsmanship, which means the designer has inherited the craftsmanship of our country and the famous clans. It can be said that they have a very artistic heritage.

the title is 'life'. I didn't expect the designer to use leaves to refer to life. It's true that a tree has to go through a lot of wind and frost to grow into a towering tree. The leaves start green and fall in the wind and rain, which marks the beginning and the end of a life. In addition, green leaves can represent spring, and when the leaves turn yellow, it means autumn and winter. It also represents the cycle of the Four Seasons and a life cycle.

"Oh my God, after reading the explanation, I suddenly feel that this designer is really talented. He can actually use tree leaves to convey so many meanings, so amazing! I love it!"

"....."

The comments below were almost all in favor of her. They were all supporting her.

Ning Qing was a little touched, and tears welled up in her eyes.

In this line of work, she had received a lot of good reviews and bad reviews. However, she had not only relied on herself to get to where she was now, but she also had the encouragement and support from her fans.

Without them, she might not have been so confident until now.

But now, not only for herself, but also for them to see her better works, she would definitely continue to work hard!

Mrs ning entered the room with a glass of milk in her hands. oh my, why are you crying over the results of the competition? ” Mrs ning asked when she saw her daughter’s teary eyes.

Ning Qing acted like a little girl and returned to her senses to hug her mother. mother, I love you so much.

“Aiya, I’m going to spill it on my body!”

When she heard her daughter’s words, she smiled and patted her on the back.

“Mom loves you too. Everyone wants you to be well, so you just have to work hard.”

Ning Qing nodded and slowly let go of her.

don’t be too stressed, ” Mrs. Ning said encouragingly, placing the milk on her desk and patting her head. all the best.

Ning Qing smiled. I will.

[Chapter 726](#)

726 The strange direction of public opinion (1)

After her mother left, ning Qing looked at the works of the other contestants.

The first one was from Ruan Yi.

Contestant No. 0129, Ruan Yi

[advancement question: “East”]

[title: dance of the cranes]

[Type: hairpin]

Ning Qing clicked on the picture. It was a crane-shaped gem hairpin in the shape of a crane spreading its wings and dancing. The Crane’s forehead was decorated with a Ruby, making it look very lifelike. It was inlaid with brilliant gems, which were gorgeous and dazzling.

The crane of the East, the red-crowned crane, was noble and elegant, closely following the theme.

Ning Qing’s eyes glowed with approval, and the comments below were also full of praise.

“Ruan Yi is quite outstanding.”

That was what she was thinking. She did not feel threatened, but a faint sense of relief and happiness.

She casually pulled back, and a picture grabbed her attention.

Contestant No. 0025, Lou qingyue

[advancement topic: story]

[author's note: Medusa's tears]

[Type: Ring]

After the name was reflected in her mind, ning Qing couldn't help but shiver, and her mind inexplicably focused.

The picture was a snake-shaped ring. The shape was twisted and the design was very bold. It looked like a snake was wrapped around the finger. The eye area was inlaid with blue gems, which diluted the seductive and bewitching temperament of the ring. It looked like a poisonous snake with shining eyes and tears.

"....."

Ning Qing frowned and felt a chill run down her back.

Objectively speaking, she understood that such a design style was very unique and could attract people's attention, but she personally did not like such dark designs.

They had thought that the comments would be polarized, but the ring's popularity was the highest in this competition.

"I've seen so many proper designs, and I've finally found something special."

this ring reminds me of the black magician in the movie I've seen. Put in some effort into the props. Only this ring is worthy of the God in my heart!

dark and flamboyant, bewitching and eye-catching, this is the new king of design that we should be chasing after!

"Good luck, Queen pure moon! The championship will be yours!"

"....."

The people in the comments were like demons, and they began to flood the comments with " Long Live the Queen.

Ning Qing felt that their reactions were a little too exaggerated. She looked back at the picture and saw that the snake's eyes seemed to be staring at her through the screen.

Ning Qing's breathing stopped for a moment, and she clicked the 'off' button.

Then, his vision slowly cleared up.

She touched her forehead and felt that she was probably too nervous. She turned off the computer and lay back on the bed to rest.

what's the situation? " on the other side, Lou qingyue held a cup of coffee in her hand and casually asked the man beside her. how's the situation? "

Lou Chi's expression was frozen. the comments section has been controlled. The effect is very good. Your work is now the most popular.

Lou qingyue's lips curled up, and her eyes were full of life.

She reached out and lifted the man's chin. well done.

"....."

"What reward do you want? I'll give it to you."

Lou Chi's Adam's apple moved. Finally, he said, " I only hope that you can win the competition. You can let us vent our anger in front of our family head!

Lou qingyue couldn't help but feel disappointed, but she didn't say anything.

"Of course. I will definitely win this competition."

Lou Chi looked at her determined look and revealed a strange smile.

Then, he thought of something. that woman's voice is quite loud. You'd better not be careless.

Lou qingyue smiled contemptuously, and her eyes glowed with a faint blue.

"Don't worry, no matter how capable she is, she has a lot of weaknesses."

And she had already paved the way for her.

[Chapter 727](#)

727 Meeting on: narrow path in the third round (1:

The third round began as scheduled.

Ning Qing went to the scene and learned that the rules had been changed.

There was a temporary written test today, and the next day, there would be official duels to determine the final candidates.

However, among the 50 people present, almost no one made any preparations for this last-minute written test. Half of the people were obviously panicking.

Mrs ning was a little worried. Qingqing, do you think that the competition can be changed just because you want to? Did you prepare for the exam?"

it's a test that was added at the last minute, " Mr. Ning replied on her behalf. do you think anyone here is prepared? "

Mother ning panicked even more. She held ning Qing's hand and encouraged her. it's okay. I believe in our Qingqing.

Compared to the others, ning Qing was indeed calmer.

"Don't worry, mom and dad. I'm confident."

Father ning and mother ning heaved a sigh of relief.

Very quickly, the staff organized the participants to enter the venue.

trust me," ning Qing said before she turned around and walked into the examination hall.

Ning chengfeng's mother frowned. hey, ning chengfeng, I'm still a little nervous.

what's there to be nervous about? Qingqing has already told us to believe her. Mr. Ning held her hand and said, " besides, what's the point of being nervous? you can't help your daughter. Instead, you'll only affect her.

"That's true."

Mother ning nodded and followed the man to the rest area.

"Uncle, Auntie!"

A high-pitched voice called out to them.

The two of them turned around and saw Gu nanzhi who had rushed over.

"Xiao Gu, what are you doing here?" Mother ning beamed with joy.

Gu nanzhi was still wearing her pajamas and slippers. Her golden hair was messy, and she looked a little annoyed and embarrassed.

He scratched the back of his head. Yingluo, I accidentally overslept. I was going to send her to the competition.

Mother ning broke free from father ning's grip and grabbed his arm. it's not easy this time. The organizer suddenly asked for a written test. I'm a little worried about Qingqing.

Gu nanzhi smiled and comforted her. Auntie, don't think too much. With Ning's professional level, a written test is a piece of cake. Come, let's go over there and rest for a while. We'll wait for her to come out."

Father ning watched as Gu nanzhi helped mother ning walk away, but he didn't follow.

Gu nanzhi received a complicated gaze and turned around. uncle, come this way.

Father ning had no choice but to acknowledge her and follow her.

In the examination hall, rows of people were led into their respective rooms by the staff.

In the corridor, ning Qing's team was facing another team.

She didn't pay much attention at first, but when she heard someone calling her, she realized it was Ruan Yi!

She didn't know what to say, but Ruan Yi was already smiling. Ning, good luck! See you tomorrow!

As soon as he finished speaking, the two long lines had already separated.

Ning Qing's mood was a little heavy.

She didn't know if it was because of Ruan Yi's change in attitude toward her or because she was reminded of the fact that Nian lie had kept her by his side from Ruan Yi.

But soon, she was no longer in the mood to think about it.

"Number 0251, you're in this room."

Ning Qing looked around the room and saw a few people sitting around.

She nodded and walked in.

She found her number on the table and sat down.

The room was quite big, but there were only eight seats in it.

There were two empty seats aside from her.

Ning Qing was observing the stern examiner on the stage when a figure appeared at the door.

"Miss Qing Yue, your examination room is here."

The staff's attitude was completely different, and it was clear how important the person in front of them was.

Lou qingyue glanced inside and met ning Qing's eyes.

[Chapter 728](#)

728 However, are you worthy?(1:

"....."

She curled her lips. I know.

Then, she walked in in her high heels and sat down in a seat one seat away from ning Qing.

And from the moment she entered, all the sounds in the room disappeared.

When the last person came in, the invigilator distributed the pens and test papers under the instructions of the loudspeaker.

For some reason, ning Qing felt a little uneasy.

Logically speaking, the written test should be a piece of cake for a designer like her. However, it was probably because that woman's presence was too strong that she felt a little scared.

It was not a comfortable feeling.

She tried hard to get rid of those thoughts and looked at the test paper in her hand.

The test paper was packaged separately, and the questions couldn't be seen before it was opened.

Everyone was waiting for the time to come, and the atmosphere was very solemn.

Lou qingyue's eyelashes fluttered. give me a new chair," she suddenly said.

The two invigilators on the stage looked over, including the other contestants.

"I'm not feeling well," the woman said matter-of-factly, not feeling uncomfortable at all.

"....."

After a moment of silence, a voice came from the door.

The two men moved a soft leather chair over and replaced the chair she was sitting on.

She adjusted her skirt and sat down arrogantly, as if she didn't think there was anything wrong with it.

The person in front of Ning Qing couldn't stand it. "We're all here for the competition. What's with the special treatment?"

Her voice wasn't loud, but everyone heard it when she said it in such a quiet time.

Lou Qingyue glanced at him and laughed in disdain. "What did you say?"

The woman turned her head and said unhappily, "We're all participants. The organizer should treat everyone equally. Why should you change your chair just because you're not feeling well? If I say I don't want to see you, can I change my examination room too?"

This person was quite bold to say what most people present wanted to say but didn't dare to.

Lou Qingyue's red lips moved. Her eyes were like water, faintly suffused with a cold light. "Of course not."

"....."

"If your family can fund this competition, provide the competition venue, and the prizes, you will naturally receive the same treatment."

"....."

Lou Qingyue sized up the woman. Her sharp eyes seemed to see through her, revealing her most mean and sour side.

"But, are you worthy?" she asked arrogantly, lifting her chin.

"You!" The woman was furious.

Lou Qingyue looked at her dark red nails and continued to humiliate her nonchalantly. "If you don't have the life of a princess, don't come out and fight for justice like others. Not everyone is on the same level as you."

Then, she denied her own words.

"Oh, no,"

She glanced at everyone with a smile.

"All of you are."

His words incited everyone's anger.

“What are you saying?”

“In the face of the competition, everyone is equal. Why are you superior to others?”

“Did you already build a good relationship behind my back? Then what’s the point of holding the competition? I’ll just give the championship to your Lou family. So what if Yingluo is rich?”

Lou qingyue wasn’t afraid of the crowd’s attacks.

She seemed to enjoy being attacked like this, because it showed that they were all jealous.

She smiled even more charmingly. the competition is naturally to give you people a chance to show your face. Shouldn’t you cherish it? ”

“Who cares!”

“That’s right!”

Two people slammed the table and stood up. The invigilator saw that the situation was not good and warned, ” what are you doing? Sit down!”

[Chapter 729](#)

729 An unfair competition (1:

The two of them were still unconvinced. we’re not the ones who caused the riot. As examiners, shouldn’t you be fair and strict? She can use her privileges, but we can’t object?”

The invigilator’s expression was grim. the examination is about to begin. Don’t make any more noise, or else all of you will be disqualified.

With that one sentence, the others who were eager to make a move did not dare to speak.

Only one man put down his pen. it’s such an unfair competition. Let’s not compete!

With that, he stood up, picked up his backpack, and left the examination hall, ignoring the crowd.

The remaining people looked at each other, not knowing whether to sit or stand.

Lou qingyue wasn’t afraid of being found out or criticized. you guys have such a backbone. You can all leave now.

“.....”

However, how could they give up so easily after making it to this round?

Lou qingyue couldn’t help but mock her.

Someone still wanted to go against her. The invigilator warned again, and the crowd finally quieted down.

Ning Qing didn’t participate and didn’t say a word. It was just that Lou qingyue’s words were really harsh, as if they were deliberately provoking everyone.

She took a deep breath and forced herself to calm down.

She turned her head and saw that the woman was looking at her.

Seeing ning Qing turn her head, Lou qingyue smiled meaningfully. Her red lips opened and closed, and she silently spat out a few words.

“.....”

Ning Qing frowned and slowly looked away.

“Everyone, you can start answering the questions.”

At his command, the rest of the people opened their papers and started to work on the questions.

Ning Qing had thought that the questions would be difficult, but from the beginning to the end, she found that they were all basic questions, and there were even questions that had nothing to do with jewelry design.

She didn't think much of it and focused on the test paper in her hand.

An hour later, ning Qing was done.

She rubbed her wrist and looked at the crowd who still had their heads lowered.

Lou qingyue was not included.

She didn't want to spend too much time on her because she felt that there was something wrong with this woman. She had a big influence on her. Other than deliberately ignoring her, she didn't know how to treat her for the time being.

Ning Qing took a deep breath and raised her hand.

“Are you sure you want to hand in your paper?” the invigilator walked over and asked in a low voice.

“Yes.”

The examiner checked her information and paper and nodded.

Ning Qing stood up and was the first to walk out of the examination hall under the watchful eyes of the crowd.

On the way out, she took a deep breath.

Inside, she really felt depressed and uncomfortable.

“Qing Qing, this way!” Mother ning called out. Ning Qing found them and only realized that Gu nanzhi was there when she got closer.

He was wearing her father's jacket, but from his appearance, it was obvious that he had just gotten out of bed.

The two of them looked at each other awkwardly.

“How do you feel?” Gu nanzhi asked unnaturally.

Ning Qing's eyes flickered. it's alright. It's quite simple.

Gu nanzhi heaved a sigh of relief and smiled again. that's good.

“.....”

Mother ning and father ning could see the subtle atmosphere between the two of them. Mother ning smiled and said, “ it's good that you're done with the exam. Let's go and have dinner first. Don't let Qingqing starve. She still has a competition tomorrow.

Ning Qing nodded.

The group walked out of the Yongye building. Gu nanzhi blocked their way. I drove here. Wait for me.

I haven't seen you in a few days, ” Mrs. Ning said. Xiao Gu, you've already bought a car? ”

Gu nanzhi's face stiffened and she subconsciously looked at ning Qing. uh, aunt Yingluo, it's not my car. I borrowed it from a friend.

730 : can't do anything to ning Qing (1:

Oh, okay. Go ahead. We'll wait for you here, ” Mrs. Ning said.

Gu Nan smiled and nodded, then walked towards his car.

He was depressed as he walked, but in the end, he laughed.

He was so angry that he had no place to go after moving out of their place, so he could only look for Tina.

Being ridiculed by that woman, he was so angry that he almost went back to America. Fortunately, she still took him in.

Today, he had known early in the morning that ning Qing was going to compete, but he couldn't be angry.

It had been a few days, but not only did she not look for him, she did not even take the initiative to contact him!

However, what could he do to ning Qing?

He was always the one who took the initiative to approach her. She would never take the initiative to talk to him, so he could only compromise.

Even if he did not want to come.

Even though he had been conflicted from last night until this morning, he still gritted his teeth and borrowed Tina's car before rushing over with his clothes all disheveled.

On the other side, ning Qing and her parents were waiting by the side of the road.

Mother ning saw that Gu nanzhi had walked away. She turned around and said to ning Qing, “ it's good that you're so young. I'm here to send you off to the competition. Don't look so serious later.

Ning Qing didn't know whether to laugh or cry. I'm not pulling a long face. I'm just Yingluo.

She didn't know how to face him.

he's helped us so much. Listen to me and talk to him properly. Clear up the misunderstanding. Don't let your father and I have no idea what to do," said Mrs. Ning, who did not care about that.

Ning Qing and her father looked at each other. Her father agreed with her mother. your mother is right. Let's not talk about other things. Don't let these things affect your competition.

Ning Qing sighed. I know.

Just as she finished speaking, Gu nanzhi stopped the car in front of them.

Mother ning looked at the car and could tell that it was expensive.

Xiao Gu, isn't this car expensive?" she was a little afraid to take the ride.

Gu nanzhi rolled down the car window and smiled brightly. Auntie, don't be afraid. It doesn't matter whether it's expensive or not. It's just a means of transportation.

"....."

"Hurry up and get in the car. We'll block the people behind."

Seeing her parents hesitating, ning Qing took the initiative to open the door of the back seat. stop looking and get in.

The two of them got into the car together.

Ning Qing closed the door and walked to the front passenger seat. She glanced at Gu nanzhi hesitantly.

He grinned, revealing two rows of white teeth.

"What are you still looking at? get in the car."

She blushed slightly, pulled the door open, and sat inside.

The few of them went to the busiest Street in the capital. Gu nanzhi had already made reservations at a restaurant she had taken a fancy to early in the morning. They did not wait and went straight into the private room.

"Uncle, Auntie, it's my treat this time. See if there's anything you'd like to eat and order." Gu nanzhi was very magnanimous.

Mother ning looked at the menu in front of her and pushed it to father ning.

She raised her head and said to Gu nanzhi, " little Gu, thank you for taking care of our family during this period of time. And Qingqing, we didn't do anything for you. Auntie decided to treat you to the meal today. She asked your uncle and I to treat you.

Gu nanzhi frowned. Auntie, there's no need.

no, you have to let us do it. Otherwise, we won't dare to owe you any favors anymore, " Mrs. Ning said sternly.

Ning Qing felt a little helpless. She looked at Gu Nanyan, who was also in a difficult position, and signaled with her eyes.

He then smiled. since you're so enthusiastic, I'll have to accept your invitation.

Mother ning nodded in satisfaction.

This meal passed by in harmony.

After the meal, Gu nanzhi sent the three of them back to their residence.

Mother ning insisted on letting Gu nanzhi in for a while, and he really couldn't refuse.

They got out of the car and Gu nanzhi stuck her head out of the window. thank you for your hospitality, Auntie and uncle.

Mrs ning stood by the car. Xiao Gu, it's still early. Do you want to come in and have a seat? "
