

## Mr Nian 741

### [Chapter 741](#)

741 : hope we will meet in the finals (1:

“.....”

Alright, alright, stop crying. Your face is swollen from all the crying. It's so ugly.

He pretended to be relaxed, but she did not know how to respond.

At the most difficult time, someone knocked on the door.

“Qingqing, what's wrong with you and Xiao Gu?” mother ning asked carefully.

Obviously, the two elders had been listening outside the door and thought that they had quarreled.

“Let's talk it out. Don't fight. Xiao Gu has it hard too. Be gentle. You have a competition tomorrow. Don't let it affect your mood.”

Gu nanzhi and ning Qing looked at each other and he smiled. Auntie, we're fine.

Ning Qing's mother did not believe her. really? ”

it's true. I bullied her and she's angry with me. I'll just coax her.

Mother ning was relieved and felt a little happy.

“That's good. The competition is about to start, don't be so mean.”

“Sure,” Gu nanzhi replied.

The two elders who had been waiting to whisper to each other left. He turned back to look at ning Qing. still not letting go? ”

Ning Qing slowly let go of his collar. He straightened it, but the wrinkles were still obvious. One could imagine how much strength she had used.

Ning Qing walked to the bed and wiped her face with a tissue. “Get out,” she said without turning her head.

Gu nanzhi raised her eyebrows. not angry anymore? ”

Ning Qing's lowered eyes were dim. After crying, her voice was obviously nasal. I'm not angry.

Gu nanzhi was speechless.

Ning Qing didn't want to stay with him. She said, ” you can leave. I want some time alone.

“You don't need me to coax you?” the man asked.

“I don't need to.”

Gu nanzhi was helpless. alright.

He didn't pester her and turned around to open the door.

"Ning Qing, I don't want to see you sad and troubled anymore, so it doesn't matter if we win or lose."

Ning Qing's lips were tightly pursed.

"As long as you're happy."

"....."

He didn't get a response, so he didn't say anything more and left.

The sound of a conversation came from outside, and after a while, the door outside was slammed shut.

Ning Qing knew that Gu nanzhi had left. She was extremely depressed and lay on the bed, not saying a word.

\*

The next day, ning Qing woke up. After washing up, she heard a man's voice coming from the living room.

She looked over and saw Gu nanzhi wearing a camel-colored coat, a beige knitted shirt, long pants, and short boots. She looked energetic, and her golden hair and blue eyes were gentle yet eye-catching.

She was a little surprised. The man seemed to have forgotten about yesterday's incident. are you ready?  
"

mm. Gu Nan smiled. let's go, I'll send you guys there.

Ning Qing didn't say anything. She followed her parents out of the house and into the car.

When they arrived at the Yongye building, they didn't say much.

"Just try your best, don't be too stressed," father ning said.

"No matter what, my daughter is the best," mother ning said.

A warm feeling welled up in ning Qing's heart, and she smiled unconsciously.

Gu nanzhi didn't say much.

She stared at his face, her eyes as clear as water, gentle as ever, as if bearing the glory of the entire winter.

Ning Qing's eyes were filled with warmth. okay.

He turned around and left.

Coincidentally, she ran into Ruan Yi at the stairs.

morning," Ruan Yi said, still looking innocent and harmless.

Ning Qing lowered her eyes. morning.

She wanted to walk past her. Ruan Yi narrowed her eyes. you don't look like you're in good shape.

Ning Qing stopped in her tracks and touched her eyelids.

It was probably because she had cried yesterday that she didn't look too well.

"You didn't rest well?" Ruan Yi asked:

"Maybe," ning Qing said.

Ruan Yi could tell that she didn't want to talk to her, so she didn't continue to make fun of her. don't let your guard down later. I hope we'll see each other in the finals.

### [Chapter 742](#)

742 What: coincidence, we meet again (1:

Only then did ning Qing's face turn serious and accept her challenge.

"Alright," he said.

Ruan Yi walked away.

Ning Qing stood there for a while before following him.

The glass wall reflected the light from the outside and flickered.

Inadvertently, a figure slid across the glass.

Ning Qing froze and looked through the glass. The man was dressed in black and had a mask on his face. He was still sitting upright in his wheelchair.

"....."

She had stopped at some point and looked at him through the air.

Why did he hit here?

Was he here to send Ruan Yi off?

She couldn't see his face clearly and couldn't get an answer. She could only be attracted by his deep eyes and slowly sink into the deep and dark vortex.

It was a long time, so long that one figure after another passed by him.

Ning Qing suddenly came back to her senses, looked away with a complicated gaze, and left the place.

"....."

Nian lie sat there and watched her until she disappeared.

: Sir, do you want to go back?"the subordinate asked:

"Yes."

The figure pushing the wheelchair gradually disappeared into the reflective glass.

“.....”

Ning Qing adjusted her mood and went to the entrance with her identification.

After checking the information, she was led into a small room.

There was a computer in front of her, and the invigilator wanted her to show her identification.

After the last round of verification, the indifferent examiner said in an official tone, “ the system will determine the opponent for this round. Both sides will set the questions and complete the design within two hours. Then, they will score each other. The results will be added to yesterday’s written test results. The outer circle judges will then score to determine whether or not you will be promoted.

Ning Qing nodded to show that she understood.

The examiner didn’t hesitate. He entered the system and entered ning Qing’s information.

Very quickly, two names popped up on the page.

The moment she saw the other name, ning Qing was shocked. how could it be her? ”

Behind him, a woman happened to be led into the room.

Ning Qing turned around and their eyes met.

“.....”

Ruan Yi was holding her identification in her hand. When she saw that it was ning Qing, she scanned the room and quickly understood something.

She laughed, hiding her surprise.

“What a coincidence, we meet again.”

Ning Qing’s lips moved, and her heart seemed to have fallen into an icy Lake.

Ruan Yi walked up to her with a big smile on her face. She reached out her hand and handed her id to the invigilator.

The invigilator repeated what he had told ning Qing, and Ruan Yi nodded. understood.

Ning Qing was still a little depressed. She sensed it and turned around with a smile. why? are you so surprised to see me? ”

“.....”

“I’m the one who’s giving you pressure. You’re not willing to be in the same group as me?”

Ning Qing’s heart felt like it was tied up by a rope, and she couldn’t breathe.

Ruan Yi frowned. what’s with that expression? ”

The invigilator said sternly, “before the segment begins, the contestants are forbidden to talk too much, or they will be disqualified.” &Nbsp;

Ruan Yi covered her mouth and gestured an "OK" to the examiner. She then walked to the square table in the middle of the room, looked around, and chose the one on the left. She stroked her skirt and sat down.

The examiner looked at Ning Qing. You go and sit down as well.

Ning Qing lowered her gaze and walked to the seat on the left.

Her heart was in a mess.

There were 40 to 50 contestants who had advanced to the second round. There were more than 20 teams in two or two. She had thought about forming opponents with all kinds of contestants. She even thought of Lou Qingyue.

However, she didn't expect Wanwan to be Ruan Yi.

How could there be such a coincidence?

Could it be Lou Qingyue's doing again?

Did she ask Ruan Yi to fight her just to mess up her feelings?

Ning Qing's breathing was irregular, and she was no longer as firm as she was at the beginning.

On the other side, in an office area at the entrance of the corridor, a man bowed and said, "Miss Qing Yue, the two of them have already arrived at the same examination room."

### [Chapter 743](#)

743 I won't give in to you for any reason \_1

A woman in a low-cut short dress leaned against the door frame, revealing her full figure.

She curled her red lips. Well done.

"Do we need to interfere with the results of their competition?" the person in charge asked.

Lou Qingyue's smile was deep. There's no need. I'd like to see what she will choose.

Facing her ex-lover's "fiancée," should she give it her all or take into account her past and let the other party win?

No matter which one it was, she found it very interesting.

The man looked at her malicious smile and was mesmerized by her seductive posture.

"Miss, about the investment, ran ran."

How could Lou Qingyue not know what kind of gaze he was looking at her with? She didn't mind at all. She stretched out her finger and touched the man's Adam's apple.

"Don't worry,"

The man swallowed his saliva, but before he could enjoy it, the woman had already retracted her hand and walked away.

.....

The examination hall was extremely quiet.

The loudspeaker sounded twice, and the invigilator stood up and handed two pieces of white paper to the contestants.

“Please think about the direction of the question and then write down the topic on the paper. You have 20 minutes.”

Ning Qing and Ruan Yi did not move.

“Can we talk?” Ruan Yi asked.

The invigilator nodded, and she nodded to show that she understood. She looked up at ning Qing.

“Have you thought of a topic?”

no, ” ning Qing said frankly.

Ruan Yi placed her hands on the table and tapped it lightly.

didn’t you anticipate the questions you were going to set in advance? ”

Ning Qing was not at peace.

It wasn’t that she hadn’t thought about it, but since she was the opponent, she felt that it wasn’t suitable.

Ruan Yi’s expression was relaxed. Her soft, straight hair rested on her chest. but I’ve already thought about it.

“.....”

Ning Qing looked at her, but the examiner raised the partition between them to block her view.

Ruan Yi didn’t mind. She picked up the pen, thought for a moment, and wrote a few words on the paper.

The examiner took a look. are you sure you want to use this as the topic? ”

“Yes,”

“You can’t go back on your word after you’ve confirmed it. Think carefully.”

Ruan Yi put down her pen. I’ve already decided. This one.

The examiner nodded and went to the computer to enter the information.

Then, the pressure unknowingly fell on ning Qing.

“You don’t have to think so much. I don’t need you to give in to me.”

Ruan Yi’s sudden words pulled ning Qing out of her thoughts.

besides, the competition is based on individual strength. Whether or not it was an accident that you met me, I'm still your opponent today.

Ruan Yi lifted her chin and looked over from the top of the partition.

ning Qing, you have to understand that you only have one chance to compete.

She wanted to win. She wanted to win too.

Therefore, there was no need to talk about favors.

Ning Qing understood. She took a deep breath and let out the frustration in her chest. Her eyes were filled with determination.

"Don't worry, I won't give in to you for any reason."

Ruan Yi smiled in satisfaction. that's good.

Ning Qing thought for a moment, then wrote down the title on the paper.

The examiner also asked her, and after she confirmed it, she entered the information.

After the two of them confirmed the questions, there were only ten minutes left.

Ruan Yi crossed her arms and leaned back, facing the partition as she began to chat with ning Qing.

"Ning, why didn't you return to America when you left Ying city? why did you come here to participate in this competition?"

These things had nothing to do with the competition itself, so ning Qing was not too prepared.

"It's the company's request. It'll be better for my future career," she said simply:

#### [Chapter 744](#)

?

744 Do you regret running away from your marriage?

you already have enough honor. Why are you still fighting with us? aren't the things you have overseas enough? "

there's never too much honor, " ning Qing said sincerely. and I'm not trying to gain any honor. I just want to go further on this path in the future.

"....."

"What about you? why did you come to the competition?"

Ruan Yi scratched her chin. This question didn't seem easy to answer.

Just as she was thinking about how to reply, a woman's calm voice came from the other side.

"I forgot that he was the one who supported you."

There was nothing wrong with ning Qing's tone, but Ruan Yi was interested. from your tone, " she teased, " is it a pity or a pity? "

Ning Qing was stunned. No.

"If you didn't run away from the marriage, you would be the one he's supporting now."

Ruan Yi slammed her hands on the table and propped herself up. ning Qing, I want to hear the truth from you. Do you regret it? " she asked.

"....."

"Do you regret running away from your marriage, regret leaving him, and regret becoming the successor?"

As Ruan Yi interrogated her, ning Qing felt her soul tremble.

She didn't know what Ruan Yi's purpose was for asking that question. Ruan Yi's attitude was very calm, and it didn't seem like she was going to pursue the past between Nian lie and her.

Ning Qing was not nervous, and she even asked herself in her heart, 'do I regret it?

Ruan Yi couldn't hear her reply and mumbled unhappily, "What's this? do you have to think for so long, Huahua?"

"Time's Up: : Ning Qing's lips trembled. Just as she was about to speak, the examiner announced:

The conversation between the two came to an abrupt end.

One of them took the paper from the two of them and held it in his hand. He said mechanically, " after exchanging the exam questions, the two contestants need to draw their own designs according to the questions given by the other party. The time limit is two hours. During this time, you are not allowed to use any electronic products or tools, and you are not allowed to inquire about relevant information. Otherwise, it will be regarded as cheating and you will be disqualified from the exam.

okay, " ning Qing and Ruan Yi replied in unison.

The examiner nodded and distributed the papers in his hands to the two of them.

Ruan Yi took the note and said thank you. She stared at the words on it without any change in her expression.

She held her forehead and thought for a while. Then, she frowned and looked ahead.

Unfortunately, the person opposite him was blocked by the barrier.

She thought of ning Qing's possible reaction, and a trace of slyness and scheming flashed through her almond-shaped eyes.

Then, the expression in her eyes followed her question.

"....."

Ning Qing's fingers were so stiff that she couldn't move from the moment she got the question.

This was because the question was really tricky.

A love that will not stop until death.

When had she ever encountered a love that would not stop until death?

He laughed helplessly, and a pair of cold and dark eyes appeared in his mind.

Ning Qing shook her head and faced the board. Ruan Yi, did you do that on purpose? ”

“It’s best not to communicate during the answer period,” the examiner warned before she could answer.

Ruan Yi pretended not to hear her. no, ” she said nonchalantly, ” I’ve thought of the questions a long time ago.

“.....”

“I’m not targeting you. Don’t think too highly of yourself.”

This sentence shut ning Qing’s mouth.

Ruan Yi smiled and lowered her head.

Ning Qing clenched the paper in her hand, her head swelling.

Ten minutes later, Ruan Yi picked up her pen.

Ning Qing was still in a daze as she stared at the question.

The rustling sound of the pen rubbing against the paper came from next door. Her expression did not change, but she was a little anxious in her heart.

Half an hour later, Ruan Yi’s blueprint had a rough outline.

There was still no sound from the other side.

She couldn’t help but think, is it that difficult?

## [Chapter 745](#)

745 A love to the death (1:

Ning Qing’s mind was in a mess. She felt as if all her inspiration had been emptied, and everything she had thought of was rejected by herself.

It was easy to design a jewelry that was related to love, but to reflect ” until death “, it required a unique concept.

Time passed by.

An hour later, Ruan Yi had the outline of the whole picture.

She brushed her hair behind her ear and finally heard the sound of drawing.

She smiled and continued to move unhurriedly.

Ning Qing, on the other hand, seemed to have figured something out. Her eyes were firm, and her drawing was fast and smooth.

There was only half an hour left.

Ruan Yi wrote her name on the corner of the drawing and handed it to the examiner.

"I'm done."

The examiner lowered his head to take a look, and his eyes revealed a stunned expression.

Ruan Yi didn't mind. She glanced at ning Qing and saw that she was moving faster.

When there were only ten minutes left, the invigilator reminded, "there are still ten minutes left, contestants, please make the best use of your time." &Nbsp;

Ning Qing didn't even look up, as if she was immersed in the drawing process.

Ruan Yi sat in her seat and looked at her hands in boredom.

Another five minutes passed, but ning Qing was still not done.

Ruan Yi couldn't help but worry.

Why wasn't she done? Just like this?

She was about to speak when the person opposite her stopped and looked up. it's done.

The examiner walked over and took away her painting.

Ning Qing glanced at the clock on the wall. There were two minutes left.

She wiped the sweat from her forehead and heaved a sigh of relief.

Ruan Yi couldn't help but grumble. the questions are pretty simple. How could you take so long to think about them? "

Logically speaking, she shouldn't have found it difficult.

Ning Qing had just relaxed and was distracted, so she didn't have much time to talk to her. maybe.

you're already in your twenties. There are so many people around you, and you've been through marriage. Why can't you come up with a design about love? " Ruan Yi said unhappily.

Ning Qing's eyes narrowed. I've experienced what you've said, even life and death, but these experiences don't equal love.

Ruan Yi was disdainful. tsk, if it's not love, then what's the point of marriage? " You dare to say that you've never loved anyone?"

yes, " ning Qing pursed her dry lips and admitted frankly. I did love her.

"....."

but I've lost too much in that love, and I've also lost too much sadness and despair. As jewelry designers, any theme jewelry we design should convey happiness and happiness, so I don't think my feelings have any reference value.

Ruan Yi had no idea about her love life and she couldn't win her argument. fine, you're old. You're right!

She turned her head away angrily, and the two of them were in a deadlock.

The examiner followed the instructions and walked over with their designs.

next up is the grading segment for both parties. It will involve an introduction of your own works. Please organize your words.

The board was lowered, and the two of them could see each other clearly again.

Soon, a painting fell into ning Qing's hands.

The picture was a headdress, an exquisite and beautiful crown, in the typical retro style of the American king's crown. The sides were embedded with diamonds, and in the middle was a dazzling Ruby. On both sides of the Ruby were two deers with their necks raised, holding the gem on their heads. On the sides were hundreds of pearls, gorgeous but elegant. It was called " the crown of dreams.

Ruan Yi straightened her clothes and stood up.

in accordance with the title 'the meaning of dreams', I named this crown' dreamchasing crown', which means to pursue dreams.

## [Chapter 746](#)

746 To wear: crown, one must bear the weight (1:

"....."

everyone has a dream. Some people chase it all their lives, and some give up halfway. But no matter whether it's realized or not, everyone has a process of chasing their dreams. It doesn't matter whether it's early or late. What's important is that you stick to yourself.

Ruan Yi's voice wasn't loud, but it had the purity and maturity of a young girl.

Her face was filled with seriousness and piety, no longer looking like a delicate little princess.

"Before this, I saw a saying on the internet."

"To wear a crown, one must bear its weight."

the meaning of this sentence is actually very easy to understand. If you want to wear this crown, you must bear its weight, and chasing after your dream is an extremely difficult and hard thing in itself. But if you want to realize this, you must bear the hardships and confusion that this process brings you, and also overcome countless thoughts of you wanting to give up your dreams.

Ruan Yi sniffed and looked at ning Qing. just like me. My parents didn't approve of me studying jewelry design, but because of my love for it, I've cut off all my food and run away from home. I've done all these things.

As she said that, she burst out laughing.

this is an immature way of doing things, I know. But fortunately, my parents agreed in the end, so I can stand here now.

Ning Qing and the examiner just looked at her and told her in a gentle tone that it had not been easy for them to walk this path.

At this moment, they no longer had the self-awareness of being in the game, and there was no commercial comparison in their hearts. They were only touched by the words of the little girl in front of them.

to me, I haven't completely realized my dream. My goal is very far, and I want to go even higher and further. But I have to admit that I've spent a lot of energy and time to reach this point.

Ruan Yi touched her red eyes and tried to smile.

if I'm like this, I believe that every person who passionately pursues their dreams will not have it easy.

"....."

that's why I named this crown 'Dream Chaser', which means that I hope that everyone who pursues their dreams will not lose their way on the road. No matter how far their dreams are, as long as we are willing to put in the effort and bear the loneliness on the road to chasing our dreams, we will definitely succeed!

"Pa, pa, pa-"

Sporadic applause rang out in the room.

Ruan Yi was taken aback. She looked at the clapping examiners and at ning Qing's gentle smile. Her smile deepened, and her eyes became wet.

Ning Qing was also clapping. She was touched and sincerely happy for Ruan Yi.

She was absolutely right.

Everyone had dreams, and the journey was extremely difficult. However, compared to those difficulties, perseverance was more important.

To wear a crown, one must bear its weight.

Ruan Yi's passion and sincerity for jewelry design stimulated herself.

Once upon a time, she had also held her breath and vowed to walk this path to the end.

She looked at Ruan Yi and vaguely saw herself from a few years ago.

"You've seen through it and worked very hard." Ning Qing said sincerely, " Ruan Yi, you may think that you're not successful enough now, but many people are envious of you. You're already ahead of many people. You're more successful than anyone else.

Ruan Yi's eyes lit up. really? " she asked in joy.

Ning Qing smiled sentimentally. yeah.

Ruan Yi couldn't hold back the smile on her lips. She was so happy that she almost cried, as if she had received recognition for the first time in many years.

However, the emotional moment would eventually pass.

The examiner controlled his emotions and reminded ning Qing, " the total score is ten points. The score is one decimal place. Ning Qing, you can give your score for this design called 'dreamchasing crown'.

#### [Chapter 747](#)

747 Holding hands and growing old together (1:

Ning Qing's eyes flickered. okay.

She didn't hesitate at all. When the board was raised, she had already written her score.

"It's done,"

Ruan Yi was surprised. so fast? "

Ning Qing smiled and said nothing.

The invigilator handed ning Qing's design to Ruan Yi, then turned to signal her.

Ning Qing was a little nervous. Ruan Yi waved at her. don't be afraid. I'll be fair.

With such a joke, she really wasn't in the mood to panic.

Ruan Yi smiled and lowered her head. The moment the drawing came into view, her eyes widened in shock. this is ran ran.

Ning Qing continued, her words gentle and slow.

it's a test topic,'undying love'. My design is a couple's ring.

what? " Ruan Yi stared at the big picture and said in shock, " this isn't a pair ring! There's only one Ring!

Ning Qing smiled. take a closer look.

Oh? " Ruan Yi's eyes narrowed as she studied the drawing. Suddenly, her pupils shrank. She muttered in disbelief, " is the real Pixiu a pair of rings? "

Ning Qing said, " just now, miss Ruan Yi and I had a slight disagreement on the topic of love. You think that love should be left until death so that people can remember it in their hearts. But in my opinion, love should be about relying on each other and snuggling up to each other. It's best if we can face the ups and downs together.

"....."

of course, I'm not saying that I'm right to shut it down, and I'm not denying miss Ruan Yi's opinion. After all, everyone has different thoughts. Some people think that love is only true if two people live a peaceful and happy life, while some people think that love is true if they live a happy and exciting life.

Neither of them is wrong. It's just that from my personal experience, no matter how many storms and setbacks we go through, we can still stay by each other's side and protect each other. That's true love.

Ning Qing's expression was very gentle, as if she was in the world, looking through the cracks of time and seeing everything.

"If you don't look carefully at the two rings I designed, you might misunderstand them just like you did."

"I just didn't see it clearly," Ruan Yi pouted and said stubbornly.

Ning Qing smiled and did not say anything.

I've designed the female ring so that it can be adjusted in size. The bridge is holding a heart-shaped diamond, and the side lines are embedded with broken diamonds. The male ring is wider, and there is an arc-shaped gap in the middle, and this gap is just enough to fit the female ring.

"I'm in you, you're in me, we'll go through thick and thin together.

If I leave you, you and I will be Kings; When we meet again, we can become one."

She had redefined love.

Be it until death, be it through life and death.

No matter how spectacular it was, when the two of them were separated, they each had their own world and could live their own lives. The two of them reuniting and their souls becoming one was the only thing that would happen in their lives.

"....."

The room fell silent.

Ning Qing looked at the examiner and Ruan Yi's stunned expressions, but her smile remained.

"This pair of rings is called 'holding hands'. The male ring is 'holding hands', and the female ring is 'holding hands'. Everyone can think of the phrase 'holding hands, grow old with your son', which was taken from this poem. The two can be regarded as a ring. The man can buy it first and give it to his wife when the time is right. He can also take only one Ring to symbolize that he can be independent without losing romance."

"....."

The corners of ning Qing's lips curved up, and her eyes were clear and pure, without a trace of lust.

She said, "the feelings I want to convey are very simple. Each of us is born independent and lonely, but we are strong enough to protect ourselves and our loved ones. So everyone deserves the best. As long as we wait sincerely, a lover will definitely appear.

## [Chapter 748](#)

748 Touching people's hearts (1:

"....."

The woman's eyes were not dead. When it came to love, her words were sad and beautiful, gentle, but there was light in her eyes.

That's right.

She had never given up on love.

Perhaps she had been disappointed, but she believed that it was just the wrong time.

No one's life should be dark and lightless. One day, someone would shine in like light and dispel all the haze.

Tears welled up in ning Qing's eyes. She had probably thought it through completely.

It took the examiner a long time to come back to his senses. alright, let's give our marks first, Wanwan. Why are you crying?"

Ruan Yi came back to her senses and touched her face in a daze, only to find that her face was wet.

She didn't know where the touch and sadness in her heart came from, but as she looked at ning Qing's face, she couldn't help but cry.

"Cough, it's fine."

Ruan Yi wiped away her tears and lowered her head, pretending that nothing had happened.

"I'll give the score immediately."

She clenched her pen tightly, and her eyes started to fog up again.

She had learned everything about ning Qing during this period of time.

She couldn't imagine that such a weak-looking woman could still live on with her original heart after suffering all those injuries and despair.

She couldn't understand, and she couldn't empathize with him.

Just thinking about it made her feel pain!

Ruan Yi blinked her eyes hard, trying to hold back her tears.

After writing down her score, she handed the paper to the examiner.

The examiner went to enter the information. She stared at ning Qing, her eyes red. you only know how to say such superficial things. How despicable.

She was crying.

Ning Qing's smile was faint. okay, don't cry.

Ruan Yi was not convinced. I'm not crying. I just think that your way of thinking is too old-fashioned. If you don't like someone, don't force them to be together. What kind of love is this?"

Ning Qing smiled deeply and let go of her past.

“When you’re older, you’ll understand what I’m saying,”

Ruan Yi snorted and ignored her.

Ten minutes later, the results of the comparison were out.

The examiner held their scores and looked at ning Qing, then at Ruan Yi. the results are out.

The two of them felt their hearts rise.

the final result will be calculated on a 10-point mark.

“Let’s start with contestant 0129, Ruan Yi’s score.”

Ruan Yi looked at ning Qing and saw that she was not afraid at all. She was so nervous that she swallowed.

“Please speak.”

The examiner cleared his throat and focused on the total score.

“Written test score 10 points.”

“The opponent in the field will be given 10 points.”

the off-site judges give 9.8 points.

When ning Qing heard this, she actually smiled with relief.

She turned around and looked at him. your results are not bad.

Ruan Yi’s face was expressionless, and no one could tell what she was thinking.

He turned his head mechanically and met ning Qing’s eyes.

“You gave Zhenzhen full marks: : she asked ning Qing in disbelief:

She didn’t know if it was because of excitement or something else, but her voice was trembling at the end.

Ning Qing thought her reaction was strange. your design is impressive and has a good meaning. It encourages many people who chase their dreams and touches me.

Hence, full marks was the highest evaluation she could give.

Ruan Yi still couldn’t believe it. She pointed at herself and asked, “ you’re giving me full marks?!

“You’re worth it,” ning Qing said.

“Oh my God!” Ruan Yi yelped in shock and almost rushed up to hug ning Qing. Fortunately, she was still rational and managed to restrain herself.

She had given her full marks!

Ning actually gave her full marks!

This match was really worth it even if they died!

The examiner didn't care how excited she was. He glanced at Ning Qing and said, "be quiet. Next, I'll announce the score of contestant 0251.

Ruan Yi was so happy that she didn't care about her score anymore. go on, I'm listening!

The examiner glanced at the woman who was smiling like a fool and felt a little helpless.

contestant 0251's score is as follows: written test score 10 points, on-site opponent score 10 points, off-site judges score points,"

### [Chapter 749](#)

749 Who is first in this round?

Unfortunately, the examiner stopped.

Ning Qing's heart tightened. She suddenly thought of Lou Qingyue.

Could she be up to no good again?

Ruan Yi had also recovered from her joy. how much is it outside the court? why didn't you tell me? "

The examiner's expression was indescribable.

Ning Qing's heart sank a little, but she was exceptionally calm. it's alright. Please tell me how much it is.

The invigilator looked at the two of them with a complicated expression. When he finally looked at Ruan Yi, there was a hint of regret in his eyes.

Ruan Yi was stunned.

"The judges will give you 9.9 points," the examiner announced in a serious tone.

"....."

Ning Qing froze, and her thoughts flew out.

The examiner extended his hand to her. congratulations, contestant 0251. Your score is second in this round and you have successfully advanced to the final.

Ning Qing could not believe it. Her first reaction was to look at Ruan Yi beside her.

Ruan Yi was surprised as well, but she quickly regained her composure. Her eyes were still red when she smiled.

"Why are you looking at me? you won."

Ning Qing didn't feel the thrill of victory as she had imagined. A wave of emotions gathered in her chest, and she felt very uncomfortable. ruan Yichen.

Ruan Yi waved her hand nonchalantly. a loss is a loss. It's not a big deal. Don't look like I'm about to die.

Her tone was very relaxed, and her eyes were getting redder and redder.

The invigilator could tell that she was a little sad, so he took the initiative to say, "Miss Ruan Yi, your work is already very good. Your knowledge of jewelry design has already surpassed many people. The results of the competition are not important. What's important is what you've learned in the process. You're still young, and your future is limitless. Don't be discouraged."

Ruan Yi felt a little uncomfortable, really uncomfortable.

It was not because she had lost to Ning Qing. In fact, when she had seen Ning Qing's design, she had felt that she had no chance of winning.

However, he was a little disappointed.

After all, this was her first time getting so close to her idol Yingluo.

Her voice was soft and nasal as she vented her anger.

"What's the standard of you judges? What's wrong with my design? Why can't we just split it evenly and advance?"

She had originally wanted to meet Ning Qing in the finals.

The examiner was in his thirties, and he looked at Ruan Yi as if she was his own daughter.

Your work is excellent, and you're great. It's just that compared to contestant Ning Qing, you're still lacking in personal experience. Your design angle is not original and special enough. Besides, we've never had a precedent of a two-on-one competition,"

Ning Qing's eyes widened, and her red eyes looked like an injured little rabbit.

The examiner quickly corrected himself. Oh right, the unique design angle is the result of time and rich life experience. You're still young. You'll be fine in a few years.

Ruan Yi pouted. She knew that the match was set in stone, so she lowered her head and stopped talking.

The stern examiner finally smiled, "However, although it's a pity that you didn't make it to the final, according to the order of the total score, you won the third place in this National jewelry competition.

"Really?" Ning Qing raised her head and asked in surprise.

The examiner nodded.

Ruan Yi raised her head as well. The gloominess in her eyes had disappeared. "I'm in third place?"

"That's right."

Hearing the confirmation, Ruan Yi's frustration was swept away, and a smile returned to his face. "I'm third! Hmph, I knew it, I'm not that bad!"

"Congratulations, Ruan Yi." Ning Qing gave her her sincere blessings.

Ruan Yi raised her head proudly. Although you're the first one to advance, I still have to thank you for your blessing.

Ning Qing did not care about her choice of words. She was happy for her from the bottom of her heart.

The third place was a recognition of her.

She was only 18 years old and had a bright future.

After a few more words, Ruan Yi left the examination room.

The examiner brought Ning Qing to the registration area for the finals. During the registration, Ning Qing remembered what the examiner had said and asked tentatively, "you said that I was the second place in this round. I'd like to ask, who is the first?"

### [Chapter 750](#)

750 Of course, it's the one from the Lou family (1)

The examiner was still in the middle of entering the information and didn't even turn his head. Of course it's the one from the Lou family.

Ning Qing's face froze.

Her designs are amazing, tsk, tsk. They're really amazing.

The examiner couldn't help but sigh. I scored 0.1 points higher than you. I got three full marks. It will be announced on the official website later. You can go and take a look.

Ning Qing felt strange and nodded.

Very quickly, she finished recording her message and walked out of the examination area.

Unexpectedly, there was a figure standing in the corner of the hall.

Ning Qing calmed herself down and walked toward her.

"I'm in third place," Ruan Yi said coquettishly. You should praise me. I didn't waste my time coming all the way to the capital with you.

Ning Qing's footsteps stopped, and she wondered if she should go forward.

"Are you going back too?" Ruan Yijian noticed her.

The man on the other end of the phone was silent for a few seconds. Who are you talking about?"

"I'm not talking to you," Ruan Yi said hurriedly. Hurry up and get someone to pick me up. That's all.

She hung up the phone in a hurry and looked at the woman in front of her. Congratulations," she said indifferently, "you can compete for the championship now.

Ning Qing raised her hand and tucked her long hair behind her ear. Thank you.

"....."

Ning Qing looked at Ruan Yi seriously. I'm very happy to be your opponent in this match. You're very good. I'm honored.

"I lost," Ruan Yi said in a low voice. Stop being so hypocritical.

Ning Qing knew that she had gone overboard with her words, but her heart was not bad.

“The competition is over. What are you going to do?”

Ruan Yi didn't try to hide anything. What do you mean what should I do? I'm going back to Lin city, of course. My parents call me all the time and they miss me. If I don't go back now, they'll probably come to the capital city to arrest me.

Hearing this, ning Qing's mind wandered.

Ruan Yi waved her hand in front of her. what? Can't bear to leave me?”

Ning Qing blinked. yes.

Ruan Yi looked at her disdainfully. stop lying. You're just reluctant to leave someone, aren't you? ”

“.....”

Ning Qing felt a little strange.

After all, Ruan Yi was Nian lie's fiancée. It didn't seem like she didn't care about him before. How could she say something like that so easily?

She told herself that she was overthinking it and shook her head. when do you plan to go back? ”

Ruan Yi thought for a moment. how about tomorrow, Yueyue? no, I'll go back and rest tonight. I'll go back tonight. I don't feel comfortable staying in Jingdu.

Tonight

Ning Qing's eyes dimmed a little, and she didn't even notice it.

Ruan Yi saw that and said deliberately, “it's hard for me not to misunderstand ran ran when you look so disappointed.”

Ning Qing interrupted her before she could finish.

Ruan Yi, you're his fiancée. It's best if you don't say things like that often.

It could be said that she had completely cut off all emotional ties with Nian lie. She didn't want to hear Ruan Yi mention him again and again.

It made her feel that she was a villain who had stepped in.

“Why can't I tell you?” Ruan Yi asked.

Ning Qing explained, “ you'll have a smooth life in the future. It should have nothing to do with me. I don't want my existence to be a thorn between you two.

“You're not: thorn: ” Ruan Yi said: amused:

“.....”

“Even if you are, you are just a thorn in his heart, not mine.”

Ning Qing frowned. Ruan Yi, do you mind my existence? ”

Otherwise, why would she say something like that to draw a clear line between her and Nian lie?

Ruan Yi saw that she couldn't get through to her and said helplessly, ” the competition has come to an end. I'm leaving too. I won't play riddles with you anymore.

Ning Qing was even more confused.

What Ruan Yi said next shocked her.

I'm not Nian lie's fiancée. I'm just his cousin.
