781 I'm going back to Yicheng (1:

In the hospital.

Lou qingyue angrily smashed her phone on the ground. Her whole face was so twisted that it was terrifying.

"That damned Lou si! You calculated it, didn't you! You're lying to me, I fell for your trick again!"

Lou Chi rushed over and saw the Furious woman. He stepped forward and held her hands. stop fooling around.

How could the woman listen to him? she was extremely resentful.

"I knew that things weren't that simple. You two colluded to trick me! What break up? it's all to lie to me!"

"....."

"Lou si, you really know how to scheme!"

She was too strong and Lou Chi almost couldn't hold on.

He looked at her bandaged right hand and said, " be quiet! Do you still want your hand?"

"I don't want it, I don't want it all!"

She pushed the man like crazy, blood seeping out of her hand and staining the gauze.

Lou Chi had no choice but to grab her wrist. She slapped him on the face and his face turned red.

"You're making a scene, continue! It's best if your hand is crippled. Let's see if the head of the family will punish Lou si!"

Lou qingyue's body froze, and her eyes turned red.

Lou Chi touched the side of his face in pain. Seeing her like this, he couldn't help but feel pity for her.

she's been locked up by the family head. He said that she would be dealt with according to the family laws. You know, whoever wreaks havoc in the family will be sentenced to fifty lashes of the whip.

"....."

but the master forbade anyone from seeing her, so no one knows if she was punished or not.

Lou qingyue hated herself so much that she was about to lose her mind. why didn't you punish him? " She stabbed my hand!"

Those were the hands she was going to use to draw designs!

Without this hand, how could she compete in the finals?

Lou Chi knew what she was worried about, but from the current situation, they were helpless.

don't think about that. Go for the surgery first and let your hand recover. You'll have plenty of chances to deal with her in the future.

Lou qingyue refused to accept it. it's fine if I was injured by her. But why should we let them win the competition?!

"What else do you want to do?" Lou Chi hugged her and asked.

The woman's eyes were filled with deep hatred, like a resentful female ghost.

"I won't let them win!" She said.

"....."

"Lou Chi."

The man sniffed the scent on her neck. Hearing her call, he raised his head slightly. hmm? "

Lou qingyue was incomparably cold. I'll leave the bamboo city to you.

The man was stunned, and his eyes were instantly filled with haze.

"Are you sure?"

"If I tell you to do it, then do it!"

"Alright," he said.

A bloodthirsty light flashed across their faces.

Lou qingyue held her injured hand. Her hatred grew stronger and stronger.

Lou si, ning Qing, just you wait.

I won't let you have an easy time!

*

At night, the moon was setting.

Ning Qing received another call.

However, this time, it was Nian lie's.

She went from the living room to her room and closed the door. She had a strange feeling in her heart.

"Hey-"

yes, " ning Qing replied. why are you looking for me? "

"What are you doing?" Nian lie asked.

"I was watching TV with my parents," ning Qing replied.

“What are you looking at?”

“It’s an entertainment program.”

“Is it funny?”

The strange feeling in ning Qing’s heart grew deeper and deeper, causing her expression to become strange. what’s the matter? ”

...

“.....”

There was a few seconds of silence, then the man said,“I’m going back to Ying city.”

“Why?” ning Qing’s eyebrows twitched.

But after asking, she felt that it was very strange.

[Chapter 782](#)

782 If you come, I won’t bear to part _1

In what position was she asking about his whereabouts?

At most, she was just a nanny and nurse.

As he thought about this, an inexplicable sense of loss filled his chest, mixed with an unknown emotion.

The other party didn’t reply, so she found an excuse for herself.

“Uh, Yingluo, you must have something urgent to do. It’s okay, you can go back. I’ll be very busy these days and have to focus on the competition, so I won’t have time to come and take care of you.”

Nian lie’s eyes darkened. yeah, that’s just right.

“What time is the flight: : ning Qing’s heart clenched. She pretended to be nonchalant:

: In half an hour: : Nian lie answered honestly: looking at the deserted airport:

“So fast?”

Ning Qing realized that she had been too surprised and quickly lowered her voice. is there really an emergency? ” Did something happen to the Nian family, or is the Nian family in trouble?”

Hearing her concern, Nian Yu’s heart, which had been frozen, regained some warmth.

He did not deny it. I do have something to deal with.

Ning Qing also knew that the matter that required him to personally return must be very important.

“Good, have a safe journey,” she said.

“.....”

Nian lie didn’t say anything.

Ning Qing's heart was in her mouth. She clenched her phone tightly and did not speak.

"Don't you have anything to say to me?" he suddenly asked.

"I wish you a safe journey," ning Qing repeated.

Nian lie knew that she was pretending to be dumb. At the thought that he wouldn't be able to see her for a while, his mood sank to the point of being unbearable.

"Aren't you going to send me off?"

Ning Qing had initially thought nothing of this request, but now she felt very uncomfortable.

"You're just returning to Ying city, it's not like you won't come back again."

She said what was on her mind, and the atmosphere suddenly became awkward.

what I mean is that I want to see you now," Nian Xi said gently, the corners of his lips curving up slightly.

Bang-

Ning Qing felt as if she had been hit in the head, and she lost the ability to think.

Her fingertips trembled slightly, and she stammered, unable to complete her sentence.

"F * ck me f * ck me"

"Forget it. You'd better not come," Nian lie answered his own question as he thought of something.

"Why?" ning Qing blurted out.

"If you come, I won't bear to."

"....."

The numbing sensation came so quickly that it swept through her body.

She seemed to have fallen into a marshmallow, and something was catalyzing her thoughts and controlling her emotions. It was as sweet and sour as honey.

"Alright," she said.

Nian lie was only joking. He didn't expect her to actually agree.

He didn't know how to react. The woman said, " wait a moment. I'll be right there.

Without waiting for him to reply, she hung up the phone.

She seemed anxious, shy, or afraid that she would regret it.

"....."

Nian lie lowered his eyes and stared at his phone. When he noticed that she had a different feeling about him, a trace of joy seeped out from the corners of his eyes.

And then, more and more.

Until he laughed like a young boy who had just fallen in love.

“Sir, there’s still 20 minutes left before we board the plane,” one of his subordinates reminded him.

Nian lie seemed to have lost his mind in love. For the first time, he put the Nian Corporation to the back of his mind. no rush.

Then, she looked at the entrance of the airport in a daze.

Fortunately, ning Qing arrived in ten minutes.

She was panting heavily, her face blushing. Nian lie saw her at first glance.

She walked quickly to him, and the two of them were silent.

“You’re leaving?”

“You don’t have to be in such a hurry.”

Ning Qing dodged his gaze. how much longer until we take off? ”

...

[Chapter 783](#)

783 I’ll rush over on the day of your finals _1

“Very soon.”

She lowered her head and looked at his large palm on the armrest. It seemed like he had a thousand words to say, but it also seemed like he was just here to see her.

The lower half of her face was buried in her scarf, and her voice was not very clear. you should go. Otherwise, you won’t be able to make it.

It was as if she had rushed here just to say this.

Nian lie didn’t say much.

She grabbed the handle of the wheelchair and pushed him to the boarding gate.

: It’s done: : she said when they reached a place she couldn’t enter:

He immediately wanted to let go.

However, the man raised his hand and held hers.

While she was still in shock, he forced himself to stand up with his injured leg and pulled her into his arms.

Ning Qing’s vision went dark. A familiar breath, accompanied by an unknown cigarette smell, entered her nose, numbing her nerves.

Nian lie hugged her gently and whispered into her ear, ” I’ll be there on the day of your finals.

“.....”

“So, ning Qing, go and pursue your dream.”

Ning Qing trembled violently. He had already restrained himself and let go of her. With a deep look in his eyes, he turned around and was pushed into the boarding gate by his men.

Not long after, the plane rumbled and carried the man further and further away from her.

She stood in the empty Hall, lost for a moment, and then said to the air, “I will.”

As she slowly walked out of the airport, a cold wind blew. Ning Qing finally regained her senses, and her eyes became bright.

She could not admit defeat.

So what if it was the Lou family? Until the end, no one would know if they would win or lose.

*

The day after Nian lie left, ning Qing received a call from Lou qingyue.

“I don’t think there’s anything to talk about between us, Miss Lou,” she said.

Lou qingyue laughed eerily. ning Qing, let me ask you again. Have you really thought it through? ”

Ning Qing was expressionless. I don’t think there’s a need to lie about this kind of thing. Besides, I don’t think I need to lie to you.

Her words were merciless, and Lou qingyue’s expression turned angry.

“Did Lou si promise you some benefits that you would reject so ruthlessly?”

“She didn’t give me any benefits, and I don’t need it,” ning Qing said.

“.....”

Miss Lou, instead of guessing whether I’m in cahoots with someone else, I suggest you believe that I’m doing this for myself. I’m doing this so that I won’t have any regrets in the future. Not trying and failing after trying are two different things.

Lou qingyue gritted her teeth as she listened. She was extremely irritated. The smile on her face was distorted. She sneered. so you’re so virtuous!

Ning Qing felt that the person in front of her was probably a conspirator. Talking to her made her feel exhausted.

Miss Lou, you don’t have to call me to mock me. Please focus on preparing for the finals. If there’s nothing else, I’m hanging up.

She moved the phone away from her ear and was about to hang up.

Lou qingyue sensed her intentions and her emotions fluctuated. what if this competition is related to your ex-husband? ”

Ning Qing frowned. what do you mean? ”

Lou qingyue understood that her reaction meant that the initiative was back in her hands.

She tidied up her hospital gown and placed her right hand, which had just finished surgery, to the side, wrapping it up into a thick and heavy form.

I thought that the reason he became your ex-husband was that you didn't care about him anymore.

Ning Qing didn't want to talk nonsense with her. what are you trying to say? ”

Lou qingyue adjusted her posture and assumed a superior posture. ning Qing, ” she said slowly, ” you care so much about him now. Aren't you curious why he suddenly returned to Ying city? ”

[Chapter 784](#)

784 An unexpected video call (1:

Ning Qing's hand trembled. did you do it? ”

Lou qingyue curled her lips. it's me.

“What do you want to do?”

“Nothing much, I just want you to withdraw from the competition.”

“.....”

I took the initiative to express my goodwill to you and threw out conditions, but you just had to pretend to be noble and not accept them. I can only use some other ways to let you see the gap between you and me. Hehe, but I'm not an unreasonable person. If you accept them now, I can still consider him.

“Lou qingyue!”

The woman was excited.

From the start of this call, she had been calm and restrained. In Lou qingyue's eyes, she was only filled with anger and anger.

If she could hear her emotional fluctuations, it meant that she had done the right thing.

Lou qingyue's smile became even more mysterious. why? did I use that man to threaten you? did I hit your soft spot? ”

He had openly admitted that he was a threat. If it were someone else, they would not dare to be so brazen.

She wasn't afraid of trouble because she was a member of the Lou family. Few people dared to go against her.

Ning Qing understood that her calm state of mind had been affected.

Her expression turned cold. if you want to compete, you can compete with me openly in the finals. What's the big deal with using such despicable means? ”

Lou qingyue smiled. my methods are also a part of me. You don't have to be jealous.

Ning Qing's eyes were cold. if you want to win, you can beat me in the competition fair and square. That's your real ability. But you have to use such a method to threaten me, Xuanji Lou qingyue. I can take it that you're not confident and are afraid of losing to me? "

She had thought that her words would affect her, but the woman seemed to have read her mind and was not angry at all.

"Whatever you say. I just want to win the competition."

"....."

ning Qing, there are still three days left before the finals. You'd better be sensible and think it over carefully. Otherwise, I'm afraid that the consequences will be unimaginable if I say something.

As soon as she finished speaking, ning Qing was about to ask something, but she had already hung up.

When she called again, the person didn't pick up.

"Despicable!"

f * ck! ning Qing cursed at her phone and immediately called Nian lie.

However, she was flustered and accidentally made a video call.

The moment the video call was connected, she wanted to hang up, but it was too late ...

The lights on the other end of the phone were bright.

Nian lie was dressed in a formal suit. His brows were deep, and his hair was neatly combed. He was looking at her.

Ning Qing's heart trembled inexplicably. The man's cold and stern eyes melted instantly when he saw her.

: What's the matter?"Nian lie asked.

Ning Qing blinked, only to realize that more than ten seconds had passed.

"What are you doing?" she asked.

Nian lie raised his eyes and glanced at the people around the conference table. I just finished a meeting. I'm resting.

The heated discussion below was interrupted by a video call.

Ning Qing believed him. are you free now? " she asked seriously. I have something important to tell you.

Nian lie's brows twitched, and he turned his face to the side.

Everyone understood what he meant, so they packed up their documents and left.

"What's that sound on your side?" ning Qing asked, as the commotion was a little loud.

Then, a cold dagger-like glare flew over.

The footsteps of the people who made the noise were frozen. Then, they tiptoed and carefully walked out of the conference room door in slow motion.

Lu Zhui stood by the door and gestured with his hands. His mouth opened and closed as he directed the crowd to leave.

[Chapter 785](#)

785 Can I threaten you (1:

After that, the people outside the conference room would see a large group of people being driven out, and they were still strangely tiptoeing around.

After the crowd dispersed, Lu Zhui gestured to Nian lie and walked out, closing the door behind him.

Nian lie slowly moved his wheelchair to the floor-to-ceiling window. The green plants at the side had their green leaves sticking out. Compared to the heavy traffic below, they were full of vitality.

He moved the screen a little further away. tell me, what's the matter? "

The screen was small, but the woman's face was even smaller.

"How's your company going?" ning Qing asked hurriedly, not paying attention to the look in his eyes.

Nian lie's eyes darkened. are you calling because you're concerned about the company? "

"First, tell me, is it difficult to do?"

Seeing that she was indeed anxious, Nian lie stopped teasing her.

"Difficult."

Ning Qing was immediately distressed.

What kind of person was Nian lie?

He had been in the business world for so many years, and nothing could stump him, but he said it was difficult?

Then, things must be unusually tricky.

Ning Qing was frowning. Nian lie's heart stirred. you really believe me? "

She was stunned when she heard that.

Nian lie's dark eyes were filled with a faint smile. we haven't seen each other for a few days. The first call you gave me was actually to ask about my company.

Ning Qing's face turned red. I'm talking about serious business with you.

Nian Xi looked at her seriously. I'm talking about serious business too.

"I asked you about the company because Lou qingyue called me," ning Qing said immediately.

Nian Yu furrowed his brows. she came to me once before and asked me to withdraw from the competition, but I didn't agree. This time, she told me that if I didn't agree, she'd make a move on you.

"....."

I'm afraid that she has something to do with what happened to your company. I want to remind you to be careful.

She was honest and didn't have much selfishness.

However, her words had a different meaning in Nian lie's ears.

"She thinks that I can threaten you," he said.

"....."

"Why?"

Ning Qing was a little annoyed. how would I know why ran ran did that? "

No, he seemed to be paying attention to the wrong thing.

Ning Qing wanted to correct him, but the man started to study it.

"How your competition goes is your personal matter. What does it have to do with me?" Nian Jing thought for a moment. or did you show her that you care about me? "

Ning Qing's heart skipped a beat. why would I? don't make wild guesses.

Nian Jing stared at the unnatural woman on the screen. you really don't mind? "

Ning Qing didn't want to dwell on this topic with him. the reason I called you is to let you pay attention to the company, pay attention to sudden problems, and don't be bothered by her. Lou qingyue is a very difficult person.

As she spoke, her brows furrowed.

Nian lie's eyes twitched. are you very worried? "

Ning Qing took a deep breath. Nian lie, I won't give up on the competition, " she said solemnly. no matter how she threatens me, no matter if I win or lose, I'll do my best on the field.

She would not let herself have any regrets.

Moreover, even if she did not reply to him, she would not let Gu nanzhi lose the bet.

She had to win.

Under this premise, she didn't want anyone or anything to disturb her, and she didn't want others to be hurt and affected by her.

Nian lie gazed at her deeply. The two of them were silent for a while. Then, he said, " I support you.

This simple sentence almost shattered ning Qing's calm heart.

His expression was cold, with his usual coldness and inhumanity, but he said such a sentence.

Nian lie's eyes flickered with gentleness. His eyes were deep and dark, like shiny Obsidian.

ning Qing, do what you think is right. Don't worry about anything else, including me.

[Chapter 786](#)

786 Play well and wait for me (1:

Her heart was filled with strength, so strong that it was about to burst her chest, but then it slowly sank.

"Alright," he said.

A brief silence ensued.

Ning Qing hesitated. be careful and take care of yourself. Also, Zhenzhen, take care of your own safety.

yeah," Nian lie replied calmly.

She lowered her eyes. if there's nothing else, I'm hanging up.

He didn't respond, as if his phone was jammed.

Ning Qing slowly reached out to the red button.

"Qing Qing."

The man's sudden nickname made her hand tremble.

She was silent for five seconds before she blinked. what's wrong with ran ran? "

Nian lie's thin lips twitched, revealing a smile that did not match his status. I'm fine.

Her eyes caught the curve of his lips and felt a sting. Her face felt a little hot.

you don't have to worry about anything," Nian lie said. just trust me.

She pursed her lips and did not look at him.

"Focus on the competition and wait for me."

She knew what he meant. He didn't want her to worry about him and the company. He would solve all the problems that Lou qingyue had brought to her. He would also fulfill his promise and come to watch her compete on the day of the finals.

However, those few words were filled with the taste of pampering in her ears.

She was so shocked that she simply replied with an "okay". When she heard the man's laughter, she quickly hung up the video call.

Ning Qing's heart was beating fast. She held her phone and tried to touch her face. It was burning hot.

When she picked up her phone again, her face was as red as the blazing sun, and her watery eyes were shockingly bright, as if there were stars shining in them.

What's wrong with her?

Since when did she no longer feel the overwhelming hatred she had for Nian lie? she no longer treated him as if he was the only person around her.

Since when did she start blushing and her heart beating so fast that she could no longer look straight into his eyes that were filled with love?

She thought of his dark and bright eyes, which seemed to be able to see through her body and into her heart.

Ning Qing was a little annoyed, so much so that she was shocked when someone knocked on the door.

"Qingqing, what are you doing in your room? Xiao Gu is here, come out and talk." Mother ning's voice was loud and clear, and she couldn't pretend that she didn't hear her.

"I know, I'll be there immediately."

She tidied up her clothes and opened the door to go out.

Gu nanzhi was also walking towards them and the two of them almost bumped into each other.

Ning Qing asked, "what are you doing, Zhenzhen?"

"What do you mean what are you doing? you go in first, go in!" Gu nanzhi held her hands and pushed her into the room. She didn't forget to say to mother ning, who was standing beside her. Auntie, I have something important to talk to her about. I'll talk to you later.

Mother ning didn't know what she was getting at and just nodded her head in confusion.

He used his back to block the door and locked it.

Ning Qing looked at his posture and was also a little confused. Gu nanzhi, this is my room. Don't mess around.

As soon as she finished speaking, the man suddenly pounced on her.

Both her hands were bound by one of his hands, and she was pressed onto the bed.

Ning Qing struggled with all her might. Gu Nanzheng, what are you doing! Are you crazy?"

The man's fair face turned red. Without saying a word, he took out a soft cloth from somewhere and tied her hands together. He looked down at her body and did not let her move.

Ning Qing didn't understand what he was trying to do. Why did you kidnap me? my parents are still outside!"

Who knew that he would cover her mouth and warn her fiercely, "you better behave yourself!"

"Oh ..."

Ning Qing's eyes widened, filled with panic and confusion.

[Chapter 787](#)

787 A mistake (1:

Gu nanzhi pressed down on her. Ning, listen carefully. We don't know if the results of the competition are good or bad! You can be afraid, you can back off, but you can't let yourself have any regrets!"

Ning Qing's brows furrowed. She opened her bright eyes and looked at the person above.

Gu nanzhi suppressed her and forced her to blush. I won't allow you to be seduced by Lou qingyue! That woman isn't a good person. She can't give you anything! Besides, you've been working hard for three years. Everyone knows that you love designing!"

His eyes were hot, and he wanted to say everything he had been suppressing.

in my eyes, you're clean, pure, talented, and hardworking, so you can't let your life be stained!

"....."

"I won't let you quit the competition. Even if I lose, I'll f * cking accept it! But don't even think about Lou qingyue!"

Ning Qing's eyes kept flickering. The man's deep and charming features were tangled together. His eyes were red, and his blue eyes, which had always been gentle like water, were bloodshot. One look and you could tell that he had stayed up all night and struggled for a long time.

No wonder he didn't appear for the past two days.

"Oh, I ..."

Ning Qing wanted to speak, but he used too much force and could only make a muffled sound.

Gu nanzhi thought that she was retorting and said fiercely, 'don't even think about it! I won't let you go find Lou qingyue. I'll tie you up to the finals in three days!"

Ning Qing shook her head left and right, her eyes indicating madness.

The man smacked her head and said resentfully, "you still want to be stubborn with me?" Are you not going to listen to me no matter what I say? Then I'll go out and tell your parents, and let them see how disappointing you are!"

Ning Qing was dumbfounded. When she heard him say that he was looking for his parents, she nodded.

Gu nanzhi was a little surprised. what do you mean? "

"Wuyan, let go of Qianqian."

He finally understood. He warned her hesitantly, " I'm telling you, your parents might be listening outside the door. If you dare to say anything that makes me unhappy, I'll go out and tell them immediately!

Ning Qing nodded her head.

Gu nanzhi tried and slowly loosened her grip.

Ning Qing panted heavily. Before she could catch her breath, the man grabbed her chin again and interrogated her. what are you going to say? ”

She glared at him coldly. when did I say that I’m withdrawing from the competition?!

Gu nanzhi gritted her teeth. that day, didn’t you tell me how good Lou qingyue’s conditions were? you even said things like ‘you know you can’t win, but if you still work hard, you’ll only be embarrassing yourself’, huhu.

Ning Qing was frustrated. She had only wanted to see if he knew that Tina was Lou si, but now, he was making bogus accusations!

“Can’t I f * cking say this out of anger?” she roared angrily, infuriated by the fact that she had been kept a secret and the torment she had just experienced. Don’t you have the right to say such words after being provoked?”

Gu nanzhi’s face was dazed. She finally realized what she meant. are you saying that you weren’t moved by her words? ”

Ning Qing wanted to beat him to death with a stick. what else? ” After she wins, she’ll have the final say. If I want to listen to her, I’ll have to be manipulated by her for the rest of my life. Gu nanzhi, how stupid do you think I am!”

The man’s eyebrows twitched.

This was the first time he had heard ning Qing swear.

When he saw the murderous look in her eyes, he realized that he had made a huge mistake!

Ning Qing’s face was cold. next time, you can figure out the situation first before you kidnap me!

[Chapter 788](#)

788 Lou si is in the hospital (1:

“.....”

He jumped down from her body and took a few steps back. I’m sorry, ran ran. I was too angry with what you said the other day.

“Can’t you ask me one more time? Must you use this kind of trick to kidnap people at the drop of a hat?”

Gu nanzhi gave a fake smile guiltily. I was just too anxious, Yingluo.

Ning Qing was lying on the bed. come over and untie me!

Only then did Gu nanzhi run forward and untie her in no time.

I’m sorry, baby. I was so angry that I thought you were bewitched by that demoness. In order to wake you up, I had to use this method. Don’t be angry.

With her hands free, ning Qing opened her eyes, and killing intent appeared.

When the man noticed it, it was too late for him to run.

“Achoo, Achoo, be gentler!”

“.....”

Outside the door, father ning and mother ning were pressed against the door. Mother ning could not bear to hear Gu nanzhi’s screams. Zhenzhen, did our daughter hit you too hard? ”

Mr. Ning stood on his daughter’s side. he deserved to be beaten up. It’s his fault for not believing in Qingqing.

but our Qingqing didn’t say anything. As her parents, we have to pretend that we don’t know anything.

Mr. Ning nodded his head solemnly. this is her own problem. She’s already under a lot of pressure. Now that she’s been attacked by her opponent, she must be feeling terrible.

Mrs ning’s heart ached. you should’ve told your parents.

Mr. Ning glanced at her. what’s the point of telling you? you can’t help anyway.

Mother ning was immediately infuriated.

“What are you saying? So if I’m useless, you’re useful?”

Father ning didn’t answer and walked away.

What do you mean, ning chengfeng? ” mother ning asked. you better explain yourself. Don’t play dead!

While the people outside were arguing, the room had already quieted down.

Gu nanzhi cowered in a corner of the sofa and covered her eyes with one hand. are you done venting? tell me, why did you suddenly change your mind? ”

Ning Qing stood in front of him, her sleeves rolled up to her arms, and she looked at him coldly.

Gu nanzhi mumbled in a low voice,“they say that women change their attitudes faster than flipping a book. It’s true.”

Ning Qing’s face was cold. what did you say? ”

“It’s nothing,” He immediately laughed, not daring to say another bad word. I told you, you’re not the kind of person who covets power, and you won’t back down because you’re afraid of difficulties!

“.....”

“It’s great that you haven’t given up on yourself!”

Ning Qing looked at the man. After she had calmed down, she said, ” I’m sorry, Tiny, for making you worry.

The man was stunned. He smiled gently. as long as you’re fine, everything else is fine.

“Don’t worry, I won’t let her get her way,” ning Qing said.

“That’s good.”

Seeing her like this, Gu nanzhi’s heart finally settled down.

*

In the VIP Ward of the capital city General Hospital.

Lou qingyue sat on the hospital bed and watched the program on the TV without blinking. On her left was a maid holding a fruit plate with cut apples and oranges.

From time to time, she would reach out to take a piece and put it to her lips. She was smiling and seemed to be in a good mood.

Suddenly, there was a commotion outside the door.

“It’s so noisy. Go and see what’s happening,” she instructed the people beside her.

The maid was respectful and fearful. yes, miss.

Just as she was about to put down the fruit platter, the door to the ward was knocked open.

Lou qingyue looked over unhappily. It was Lou Chi.

“What happened? why are you in such a hurry?” she said leisurely.

Lou Chi looked nervous. Lou Yuan is at the hospital.

[Chapter 789](#)

789 The family head wants you to withdraw from the competition (1:

The expression of the woman on the bed changed, and she said darkly, “what is she doing here?” Tell her to get lost, I won’t see her. ”

Lou Chi closed the door and walked to her bedside anxiously.

Seeing this, the maid nodded and turned around to leave.

Lou qingyue looked at him from head to toe. why are you looking at me? ” I said I’m not a coward!”

“She’s not here to apologize to you.”

Lou qingyue hesitated. then what is she doing here? ”

Lou Chi sat down. she was sent to the hospital.

“.....”

“The family head has ordered someone to punish her with the Family Law,” the man said directly when he saw that she still did not understand.

Lou qingyue’s fierceness and anger froze, and a touch of surprise flashed through her eyes.

Lou Chi's expression was grave. she was punished with 50 whips. It was her mother who did it herself. After the whipping, she was bleeding profusely. The floor of the confinement room was covered in blood. She's half-dead and has just been sent to the operating room for emergency treatment.

Lou qingyue's pupils contracted. what? Did mother do it?"

the family head said that Lou Yuan hurt you because she did not discipline her. As a mother, she understood her mother's heartache for you and her blame for Lou Yuan, so she teased her.

"So when she asked mother to do it, mother really did it?" Lou qingyue looked like she couldn't believe it, but she also looked like she was so shocked that she had nothing to say.

Lou Chi lowered his head, his wooden face was gloomy and cold.

the master has spoken in front of everyone, using both kindness and severity. Even if mother didn't want to do it, she had no choice.

What a good show of kindness and severity!

Was she forcing her mother to make a move and treating it as her repayment?

Lou qingyue punched the scene. Her anger made her face extremely ugly.

"On what basis! My right hand was injured to this extent and Lou Si only needed to whip me 50 times to repay me? I want her to pay with her life, what's fifty whips to her!"

Lou Chi stared at her. don't think about it. The punishment is over now. She's dying. Can't she exchange for one of your hands? "

"On what basis!"

The woman shouted and waved her bandaged hand wildly.

"I'll be the one to punish her! Who is she, Lou LAN? why did she torture Lou si without even asking me?"

Lou Chi's face was numb. Seeing that she had gone crazy again, he was even a little impatient. Lou qingyue, that's enough. The matter has come to this. The master has already left and is on his way to a foreign country. It's useless no matter what you say.

Lou qingyue was unwilling to accept this!

How could she accept this?

Lou si had attacked her in front of everyone, yet she, Lou LAN, had given the order to whip her 50 times. This was clearly showing her favoritism towards her daughter!

Where did this place her and her second household in?

The woman was about to go crazy with anger. Her whole body was cold and terrifying, and her aura was getting colder and colder.

Lou Chi also felt sorry for her, but he still stood up and said,"before the master left, he asked me to pass you a message."

Lou qingyue had already lost control of her expression. The deep blue in her eyes wandered around.

He said, " the family head said that you used the Lou family's power in the competition. It's unfair to others. The Lou family can't set a wrong example to the public. So, she asked you to withdraw from the competition immediately and not ruin the Lou family's reputation.

what did you say? " Lou qingyue's eyes widened and her voice trembled.

"The order has been given. You can't participate in the finals."

Lou qingyue's heart was burning when she heard the man say something even more direct!

"What does she mean? She knows that my opponent is ning Qing, so she wants me to withdraw from the competition and let her win the championship!"

Lou Chi was very annoyed. whatever you say.

790 I will never give the championship to her _1

"Why? Why should I give in to her? What right does she have to ask me to give way? I relied on my power and status to enter the finals, why can't I?"

The woman had gone completely crazy. Her movements were too big, and her long hair was messy. Her hospital gown made her look even more terrifying.

"Other people can use their power, but I can't? This was clearly an excuse! She just wants ning Qing to win!"

"....."

"Impossible, I can't retreat! Haha, at this point, you want me to take a step back? wishful thinking!"

The woman let out a piercing laugh, her whole body trembling from the pain.

"Lou Chi, go and make the necessary preparations!"

The man frowned. what do you want? "

A few strands of hair hung down from Lou qingyue's forehead, and her eyes were cold and terrifying.

"I want to be discharged."

"I'm going to the finals."

Lou Chi glanced at her hand. your hand is already like this. What's the use of going to the finals? "

The woman laughed coldly. even if I can't draw the design, I still have to be there. As long as the opponent doesn't show up, isn't the ending already set? "

Lou Chi instantly understood her intentions. Although he felt that it was a risky move, it was still a good idea. After all, he also hoped that Lou qingyue would win.

"Alright, I understand."

The day of the finals arrived peacefully.

The match was set at two in the afternoon. It was a live broadcast and everyone was busy.

Lou qingyue had been photographed entering the competition venue early in the morning, while there was no movement from ning Qing's side.

12 o'clock sharp.

After ning Qing had dinner with her parents, Gu nanzhi came to pick them up.

On the way there, mother ning was extremely nervous. Qingqing, all the best. All the best.

From the beginning to the end, she kept repeating these words.

Ning Qing felt that she was even more nervous than she was. mother, " she teased, " I didn't feel any sense of urgency at first. Now that you've said this, I'm starting to feel nervous too.

Father ning was nervous as well, but he was calmer.

"Alright, you're not the one competing. Stop nagging. My ears are getting calluses, let alone Qingqing."

"I'm not the one competing, it's my daughter. Can't I be nervous? If I help her to be nervous, she won't be nervous anymore."

"What kind of twisted logic is this?"

"Anyway, I'm not you. I don't look like a father at all."

"....."

Listening to the bickering of the two people in the back row, ning Qing felt a lot more relaxed.

Gu nanzhi held the steering wheel and stared at the road ahead without saying a word.

He was probably unlucky. The usually smooth journey was jammed, and he could barely move.

Mother ning looked at the time. It was almost 1 pm. what's going on today? why is it so crowded? "

Gu nanzhi was also a little uneasy. I don't know. It must be a Big Shot. Private cars are not allowed to use the main road.

what Big Shot? it better not be someone else's doing.

Mother ning's unintentional words left a mark in the hearts of everyone in the car.

After another ten minutes, the car had only moved a few dozen meters. Father ning was getting a little impatient.

"Why is it not moving?"

Gu nanzhi's face was serious. uncle, there's a row of people in front. I think there was a car accident.

one moment there's a traffic jam, the next there's a car accident. Is the heavens trying to stop us from going to the competition?" Mother ning said at an inappropriate time.

don't be an alarmist! It's just a coincidence! father ning chided.

Ning Qing looked at the endless road, and her originally relaxed heart became heavy.

Qingqing, why don't we get out of the car? it's not too far from the building. We can still walk there in time. Mr. Ning suggested.

Ning Qing glanced at the two people in the back seat, then at Gu nanzhi. The other party agreed. you guys go first, I'll come later.

Ning Qing had no choice but to nod. alright.

Mother ning opened the door and got out of the car. Ning Qing also got out of the front seat.

However, as soon as she stepped on the ground, there was a roar behind her.

A little uneasiness rose in his heart.

She felt a push from behind, and as the sound of the collision spread, ning Qing felt a pain in her foot. Mother ning's body swayed, and the whole car rushed forward.
