

Mr Nian 801

[Chapter 801](#)

801 For you, he's willing to give up his life (1:

Ning Qing burst into tears after she said the last sentence.

I'm sorry. I'm sorry, Xuanji and Nian che.

He pursed his lips tightly and resisted the urge to hug her.

He didn't have that right.

In the future, there would be no more.

you're right! the woman cried. it wasn't an accident, but I did it!

Nian che was stunned. what? "

it's the Lou family's Qianqian. It's Lou qingyue. She's my opponent in the finals. She's the one who wants me to choose. Do I want the championship or him, Qianqian? "

Nian che was flabbergasted. this is a human life. How can you bet on it? "

Ning Qing cried until she lost her voice and slowly slid to the ground.

Nian che rushed forward and held her up. sister-in-law, what are you doing?! Stand up!"

Ning Qing kept shaking her head. She was in such a sorry state that it was heartbreaking.

I thought that he could protect himself. Xuxu, I also took my chances. I thought that Lou qingyue couldn't do it. But Nian che, she did it. Xuxu, Nian lie is really dead, Xuxu.

The man's eyes were completely red, and he shouted angrily, "stand up first!" Don't kneel!"

"No! It's all my fault, I killed him, I'm the one who harmed you all!"

Nian che was both angry and in pain. He held her hands tightly and said, " explain yourself first. That woman did it on purpose, right? " She wants my brother's life?"

Ning Qing fell into his arms, her eyes dull. yes, I chose the wrong one. She let me win, and I really won. Ran ran told him to die, and he had an accident.

Nian che was about to say something when the office door was slammed open.

"It's you again! You're the one who killed Huang 'er!"

The woman's voice was filled with anger, and it instantly attracted the attention of the two.

A man and a woman were supporting each other. Judging from their angry faces, who else could they be but Nian family's parents?

Nian che was shocked. dad, mom, what are you two doing? "

if we don't leave the old mansion, will we never know that something happened to your brother?! Nian Junting yelled.

Nian che kept his mouth shut.

Mother Nian's eyes were red. When she saw Nian che holding ning Qing's hand, anger rose from the bottom of her heart.

something just happened to Chen 'er and you're here to seduce his brother. Who are you letting down?
”

Without another word, she pulled ning Qing out of Nian Che's arms and slapped her.

With a loud slap, ning Qing's body trembled.

mom, what are you doing?! Nian che panicked.

He stood in front of ning Qing and anxiously examined her injuries. sister-in-law, how are you? ”

Seeing how much their youngest son cared about that woman, the Nian family's parents were even more furious.

ning Qing, what enmity do you have with the Nian family: ” Mrs. Nian's face was contorted: you're always here to kill my son!

“.....”

“In the past, he didn't care about his life for you. He committed suicide for you and jumped off the bridge with you. He was determined to kill you and didn't listen to anything we said! He gave up everything for you, including his life and his parents who imprisoned him, but what did he get in return?”

Ning Qing covered her face. The burning pain could not be compared to the pain in her heart.

you let someone take his life just for a competition! Mrs. Nian was furious. He even died without an intact corpse, and didn't even know how to enter the Gu!”

The sharp blade pierced through his heart, and blood dripped down.

Ning Qing pushed Nian Che's hand away mechanically. He was extremely worried, while she was filled with sorrow.

&Nbsp; yeah.

She had caused the death of their son and his brother. Why should she accept his kindness?

Ning Qing numbly lowered her hands, her eyes dark and her lips pale. I'm sorry.

[Chapter 802](#)

802 If you want the Nian Corporation: I'll have to die too!

“What's the use of being sorry? Will my son come back?”

Ning Qing closed her eyes, and her tears fell to the ground.

"I didn't think of that. I've harmed him. I'm sorry."

don't apologize to me. You don't deserve it! Mrs. Nian cried, her tears falling. You'll only dirty the Nian family's door!"

Nian che couldn't take it anymore. mom, can you not put it in such a bad way? sister-in-law is very sad too.

"She's not your sister-in-law!"

Nian che suppressed his sorrow. since things have come to this, let's not talk about this anymore. There's no point in blaming anyone.

Nian Junting's face was stern. what are you saying? " Are you also deceived by this Vixen and want to stand on her side?"

"....."

The man looked at ning Qing with his cloudy eyes and sneered. you're so capable. I only have two sons, and you've managed to fool them!

"Dad ..."

"You have no right to speak here!"

Ning Qing's head was still lowered. No matter how mother Nian looked at her, she was still angry. She raised her hand and gave her another slap.

ning Qing, you're happy now that you've killed him. You're completely satisfied!

"....."

She laughed with tears and hatred.

that's good. Chen 'er is gone. He won't have to suffer your torture anymore. He'll be free for the rest of his life!

Nian che couldn't bear to see her hurt, so he pulled ning Qing behind him again.

father, mother, you should know better than anyone else how my brother feels about my sister-in-law. Now that things have developed to this point, you've vented all your ill intentions on her. Is it really all her fault? "

as a member of the Nian family, " said Nian Junting's father coldly, " she caused your brother's death, and you still want to protect her.

Nian Yu's eyes were filled with ruthlessness. what else? do you want her to die? "

"....."

"Did you ask my brother for permission before you did this? Does my brother really want you to treat him like this?"

Mrs. Nian's breathing quickened. don't say that. If it wasn't for her, your brother would have been fine!

Nian che knew that they were still in a fit of anger and that he couldn't get through to them. this is the company. We can talk about it later. You guys can go back first.

He was clearly biased towards ning Qing, and the two's faces suddenly changed.

I've been the sole survivor of the Nian family until now, " Nian Junting said gloomily. you've grown up. How dare you chase me away? "

Nian Che's face turned cold, and so did his voice.

the company is under my brother. He said earlier that if something happened to him, I would be in charge of the company.

Nian che, what do you mean by this? " Mrs. Nian was furious. You don't want your father and I to get involved?"

Nian Xi calmed down, maintaining his calm and rationality.

"Good or bad, my brother isn't here, so the company is in my hands."

Nian Junting's face darkened even more. you useless thing. The Nian Corporation will only be destroyed in your hands! he said.

He said such unpleasant words again, and Nian Yu turned around, staring at him.

"Yes, I'm useless! I can't learn management, and I don't have my brother's intelligence and talent in management, so I don't want to stay in this house!"

His eyes were extremely red, and he wanted to pour out all the grievances he had suffered over the years.

"I've been looked down upon by the two of you since I was young, and you've never been willing to train me. I also don't like your two-faced, two-faced, powerful faces!"

Nian Junting's face was red with anger. He walked up and gave her a tight slap!

Ning Qing returned to her senses. Nian che Xuanji.

The man's face was turned to the side. The corners of his lips were cracked and blood was flowing out.

He smiled coldly, and there was no more warmth in his eyes.

I should have told you earlier that the Nian Corporation will never return to your hands unless I'm dead too. So, you should stop thinking about this!

[Chapter 803](#)

803 Even if the sky falls, they're not allowed to appear again _1

"You!"

Lu Zhui, " Nian che ordered coldly, " get someone to bring master and Madam back to the old mansion. Keep a close eye on them this time. Even if the sky falls, don't let them appear again!

Lu Zhui received the order and nodded.

A row of bodyguards in black rushed to the office and surrounded Mr. And Mrs. Nian.

Through the crowd, Mrs. Nian couldn't believe it. Nian che, how dare you do this to us!

Nian Che's eyes were filled with desolation. mother, if you had acted a little more seriously, I might have believed you.

"....."

"My brother is right. There's no love in your eyes, only power."

After saying this, he turned around in disappointment and raised his hand.

Lu Zhui received the order and said coldly and sternly, " old master, Madam, please leave.

"Nian che, you're crazy! You're just like your brother, you don't know how to be grateful!"

the Nian Corporation will be destroyed in your hands sooner or later, Nian Che!

"....."

The man stubbornly stood in front of the floor-to-ceiling window, not even looking at them.

Lu Zhui gestured to the bodyguards, and they stopped caring about anything else. They grabbed the two of them and dragged them out.

The insults and rebukes gradually faded away.

Nian che stood by the window and looked down at the heavy traffic below. He was extremely exhausted.

"....."

Ning Qing slowly walked forward, not knowing how to comfort him.

He was silent for a moment, not allowing himself to be immersed in the loss of control and grief just now.

He turned around and became gentle.

"I must have scared you,"

Ning Qing lowered her head slightly, and both sides of her face were red.

She couldn't feel the pain and shook her head.

"Nian che."

"What?"

“You must be tired.”

He froze and the woman looked up. you and him have such parents.

Nian Che’s eyelashes lowered, hiding some of his emotions.

“I’m used to it,”

“.....”

He laughed helplessly as his thoughts returned to the past.

they’ve always been like this. My brother and I were almost brought up by the Butler and nanny, and we’ve never enjoyed the love and warmth of our parents. When we grew up, we were sent to all kinds of training classes and were exhausted every day. They never cared about us, only asking about the results. If they were dissatisfied, they would lecture us or even whip us.

He looked at her as he spoke.

I don’t know if you still remember the time when I sent my brother back to yunhuang No. 1. He was covered in injuries. When we were young, we were often beaten up.

Ning Qing’s heart ached. She was in disbelief. you hit a child? ”

Nian che said, ” that’s right. If I don’t do it well, I’ll get beaten up and I won’t be allowed to eat. It’s funny. Back then, I didn’t understand the situation and loved to slack off in class. Every time I was caught, I would get beaten up. But the more I was beaten up, the more indignant I felt, and the more I got beaten up.

He was caught up in his memories and couldn’t get out.”

after that, my brother couldn’t stand it anymore and took the beating for me every time. He took half of the beating for me.

Tears welled up in Nian Che’s eyes again.

The man who would take a beating for him later grew up to be the hope of the whole family.

But now, no one would take the beating for him.

He could only rely on himself.

Ning Qing’s heart ached when she saw this. I’m sorry.

Nian che snapped out of his daze and wiped away the tears in his eyes. what are you talking about? they’ve always been like this. I thought they’d change in the past few years, but they’re still as selfish as ever.

“.....”

brother, you did the right thing. The best way to keep them away from the Nian family and US is to keep them away from us.

Ning Qing bit her lip and was so uncomfortable that she could not speak.

Nian che didn't want to talk about such a serious topic anymore. how's your face? does it hurt? "

[Chapter 804](#)

804 I'll make them pay it back ten times over (1:

Ning Qing touched it and found that it was indeed swollen.

She looked up at him. you're injured too.

Only then did he remember that he had also been slapped by Nian Junting. He touched the wound on the corner of his lips and hissed.

Ning Qing stopped her. don't move. Ask them to buy some ointment.

if you can hold it in, why can't I? " Nian che joked, trying to ease the tension.

"You still have work to do," ning Qing said:

Her words reminded him of his current situation.

That's right, he still had a lot of things to do. He had already been busy for an entire night, and he didn't know how long he would be busy for.

Nian Xi sighed. alright, I'll get someone to buy it.

After all this, they wasted another half an hour.

In the end, Nian che was called away before the medicine arrived.

Ning Qing was sitting in her office when her assistant brought her the ointment. She was not in the mood to apply it and left soon after.

*

It was night.

Ning Qing was exhausted. Even though she didn't want to sleep, she fell asleep after lying on the bed.

Half an hour later, the master bedroom door opened quietly.

It closed silently again.

Only a small night light was turned on in the room, shining on the woman's red and swollen cheek.

There was a frown between his eyebrows.

The man's slender fingers pressed between her eyebrows, and his worries gradually dissipated.

Then, his fingers stopped in mid-air.

Her face was frighteningly red and swollen.

Nian lie's expression darkened.

After a long time, a low sigh was heard.

Ning Qing was immersed in her dream, unable to distinguish between reality and dream.

She could feel a person's fingertips drawing on her face. It was a slight pain, but it had a strange fragrance.

"Was it you?" she used all her strength to utter a weak sentence.

Nian lie, is that you?

The man's voice was hoarse as he held her moving hand.

"It's me."

"Where are you? why didn't you come back?" she asked.

"....."

There was no answer.

"Nian lie? Don't you go!"

"I won't leave, he said gently: holding her hand.

Slowly, the woman hugged his arm and lost her voice.

Nian lie sighed again. why did you get yourself hurt again? "

He opened his eyes, which were as dark as ink.

"Didn't I say that I don't like you getting hurt?"

The woman mumbled something, but he did not hear it.

Nian lie brushed her hair aside, and a fierce and sharp glint flashed across his eyes.

you didn't do anything wrong. No matter who it is, you don't need to give in.

"....."

"Promise me, if there's a next time, don't be patient and don't let yourself get hurt."

She rubbed her face against the bed, as if she had heard what he said.

Nian lie endured the pain, lifted the blanket, and pulled her under it.

After covering him with the quilt, red blood seeped out from his waist and stained the gauze. The pain was unbearable.

He didn't say a word and only had her in his eyes.

"If you really don't dare to make a move, then just be patient."

"....."

"I'll make them pay you back ten times over for the pain you've suffered."

“Wait for me,”

When the woman heard those two words, her breathing quickened and she suddenly opened her eyes.

...

She scanned the entire room and looked at the time. It was two in the morning.

Ning Qing touched the sweat on her forehead and was surprised to find it slippery. What’s this? ”

A blurry figure flashed past.

She turned her head and saw the ointment on the bed. She jumped down from the bed and looked around anxiously.

“Nian lie, it’s you, right? You didn’t die!”

The room was as quiet as ever, and it was so warm that it felt fake.

However, other than the ointment, there was no trace of his existence at all.

“I’m probably going crazy.”

She laughed at herself and ruffled her long hair. She was extremely sad.

[Chapter 805](#)

805 The person who died wasn’t Nian lie (1:

Ning Qing’s memory of last night was vague, but she still asked the servant if anyone had entered her room.

As expected, the servants answered No. Even the wounds on her face were carefully wiped by them.

Ning Qing had no choice but to believe that she was hallucinating.

Just when she thought that everything was fake, Lu Zhui brought her some news.

young Madam, we’ve verified that the person in the car is not young master!

Ning Qing’s head buzzed. it’s not him? ”

Lu Zhui nodded, unable to hide his excitement. the results of the crime scene Investigation are out. There were traces of young master’s blood at the scene of the accident, but it’s not enough to determine his death.

Ning Qing looked at him in disbelief.

Lu Zhui was overjoyed. so, all the signs point to the young master being alive!

As soon as he said this, the fire in ning Qing’s heart was reignited!

She covered her mouth and almost cried tears of joy. that’s great. It’s good that Yingluo isn’t dead. There’s still hope.

There was nothing happier than him being alive.

does Nian che know about this: " ning Qing asked: and the media at the old residence? "

second young master has already received the news. He asked me to inform you that the old estate has sent someone to inform you.

Ning Qing was at a loss. that's good.

She changed her mind. shouldn't the media announce the news? The Nian family is in a bad situation now. If we announce that Nian lie is still alive, the pressure on Nian che will be reduced."

Speaking of this, Lu Zhui's expression wasn't too good.

young Madam, we can confirm that the young master is still alive, but we haven't found any traces of him. He's been deemed missing.

"....."

to put it simply, the pressure from the company and the public's opinion don't care about young master's life or death. They only know that the Nian Corporation has lost its vitality and vitality without young master's presence.

Ning Qing didn't understand. Lu Zhui frowned. to put it simply, it's the same to them whether the young master is dead or missing.

There was no difference between announcing Nian lie's disappearance and his death.

It was just that this news gave those who cared about him a glimmer of hope.

Or perhaps, to the outside world, the so-called " disappearance " was just fake news released by the Nian family to delay time.

Reality was cruel.

Ning Qing's heart turned cold. but if this goes on and the public opinion continues to ferment, how can the Nian Corporation continue to survive? "

Lu Zhui shook his head. He had no other choice.

"We can only rely on the second young master now. I can't think of any suitable solution."

The situation was still as grim as before. Their only hope was to find Nian lie.

Ning Qing immediately decided that she could not give up hope.

since we can't determine his death at the scene, he must still be alive.

Ning Qing's eyes shone with hope.

Lu Zhui, get your men to start searching around the accident scene. If they can't find it, expand the search area and search in the surrounding areas.

Lu Zhui stood side by side and nodded. yes!

Ning Qing was determined. as long as there's a glimmer of hope, we can't give up.

Lu Zhui said, " young Madam, don't worry. As long as young master is still alive, we will definitely find him!

Ning Qing's heart was filled with a mix of emotions. She was pleased and glad. yes!

The group of people moved out one after another, heading towards the cliff where the accident had happened.

Ning Qing didn't stay idle either. She personally followed the search team to the scene.

When everyone decided to explore the way to the bottom of the cliff, she followed them without hesitation. Nian che and Lu Zhui tried to persuade her, but to no avail.

Just like that, everyone carried a tiny bit of hope and searched for two whole months.

[Chapter 806](#)

806 It's impossible for him to be alive _1

Two months later.

The capital, the Lou family.

The weather turned sunny, and the temperature outside rose, which was a rare sight.

In a dark corner of the attic, a man was leaning against the window, his movements ambiguous and unstable.

"Chi Xuxu, young master Chi, ah!"

The man's long hair reached his shoulders and drooped messily. His eyes, which had always been gloomy, now had a touch of gentleness.

Suddenly, the sound of high heels clicking on the ground came from behind.

"Young master, someone is here!"

As soon as the woman finished speaking, a strong force pulled Lou Chi's hand. Before he could see clearly, Lou qingyue slapped his face.

"You're still in the mood to do such a thing at a time like this!"

The woman's shrieks were ear-piercing, and her beautiful face twisted slightly.

The maid quickly pulled on her clothes to cover her body. She cried and knelt on the ground, " I'm sorry, miss! I didn't seduce young master Chi, please don't fire me!"

Lou qingyue glared at her and kicked her to the ground.

shameless thing. How dare you think about your own young master? get lost!

The woman couldn't care about anything else and ran away with her clothes.

Lou Chi didn't feel unhappy at being interrupted. He just loosened his clothes and stared at the woman in front of him. you're so angry. Are you jealous? "

Lou qingyue glared back at him. He stuck out his tongue and touched the side of his face that was in pain. if you mind, I won't do this next time, okay? " You know, the person I like the most is you Yingluo."

As he spoke, he wanted to push her towards the place where he had done it with the woman just now.

Lou qingyue pushed him away. Lou Chi, are you crazy? "

His face was gloomy and he did not say a word.

Lou qingyue grabbed his collar and questioned him fiercely, " you were the one who told me that Nian Jin was dead. However, ning Qing and the others have been searching for him in Ying city for two months. Is this the reason you told me that he is dead? "

If he was really dead, why would they still look for him?

Lou Chi was a little surprised to hear this.

Lou qingyue could see the uncertainty in his expression, and her anger rose.

"I've told you to do it cleanly!"

If that man hadn't died, then even if she had lost the championship, she wouldn't have made ning Qing feel any pain!

The more she thought about it, the more unwilling Lou qingyue was!

"He can't be alive," Lou Chi said.

Lou qingyue gritted her teeth. if he's not still alive, what is Ning Qing looking for? "

Lou Chi had not paid attention to the movements of Ying city for a long time because he thought that the matter had been settled.

He said, " my men hit the brakes. He was stabbed in advance. The car exploded not long after it fell off the cliff. There's no way he could have survived.

"When did the car explode?" Lou qingyue asked with a cold face.

Lou Chi pulled a long face. just four or five minutes.

Lou qingyue's eyes widened. don't you know how to let people watch? " Isn't four to five minutes enough for us to escape?"

Lou Chi sneered. He looked at the angry woman and said, " he's crippled. Tell me. How is he going to run? "

Lou qingyue suddenly froze. She was a little uncertain.

Lou Chi ignored her and leaned against the window. He took out a cigarette from somewhere and lit it.

Lou qingyue thought about it for a long time. A person with a crippled leg, who fell from such a high cliff and was even stabbed, even if he was given an hour, he would not be able to escape.

Thinking of this, her anger dissipated a lot.

She turned around and saw that the man was smoking.

She frowned in disgust. what bad habits do you have? mother will scold you again if she sees you.

[Chapter 807](#)

807 Getting rid of ning Qing (1)

As she spoke, she reached out and snatched the cigarette from the man's mouth.

Lou Chi was not convinced. After a while, he suddenly turned around, hugged her, and pressed her against the wall.

you've interrupted me and hit me. Sister, don't you think it's time for you to pay? "

His words were very soft, but it was so disgusting that it sent chills down one's back.

Lou qingyue didn't resist. She looked at him coldly. it's your fault.

"I've done everything you said."

As he spoke, he buried his head in her neck and sniffed hard. His satisfied expression was like he had inhaled some kind of drug that made him lose his mind.

Lou qingyue didn't want to be too entangled with him on these things. She raised her chin and allowed the man to do what he wanted.

"Mother has a new order for you," she said.

Lou Chi didn't care. He kissed every inch of her skin. what? " he mumbled.

she wants you to take your men to Ying city and get rid of ning Qing.

He stopped moving and looked up. get rid of ning Qing? "

Lou qingyue's shirt was opened, revealing her fair skin and vaguely visible good figure.

mother has spent a lot of time in the past two years wooing the elders of various families. Lou LAN has just left the country and Lou si has just recovered from a serious illness. He won't be able to do much on his own. This timing is just right.

Lou Chi pondered and looked at her meaningfully. are you sure you want to make a move? "

Lou qingyue's face was frosty. we've already endured for twenty years. Lou Chi, Lou LAN has always suppressed our second branch and made us do the most chaotic and lowly things of the Lou family! Just because mother is the younger sister and she is the older sister, she naturally became the head of the family!"

She didn't want to recall the humiliation and pain she had suffered for more than 20 years!

That had already been carved into her bones!

Lou LAN was one-faced and two-faced!

Three years ago, just because she had found out that she had touched ning Qing, she had been exiled to the United States for a groundless crime and had not been asked about her for three years!

Three years!

If it wasn't for her intense hatred and unwillingness, how could she have survived?

Fortunately, she had someone to vent her anger on during those three years, but it was not enough to extinguish the resentment and anger in her heart.

Lou qingyue's eyes were burning with flames.

"Who do you think Lou LAN is? On the surface, she's friendly to us, but in reality, she's not willing to give us any real power!"

She held Lou Chi's arms and emphasized in a hoarse voice. if we don't resist, we will have to live like this for the rest of our lives. Lou Chi, are you willing to accept this? "

The man's eyes flickered.

Lou qingyue coldly mocked, 'I'm not willing! I don't want to be controlled by Lou si and I don't want to see her acting high and mighty! I'm clearly the oldest in the family, and I'm the most qualified heir! Just because I'm mother's daughter, I've lost this right. Why?! I'm clearly more suitable to be the head of the household than that b * tch Lou si!"

Lou Chi was clearly hesitant, his heart wavering.

He had indeed grown up in the second branch of the Lou family and had seen the rise and fall of the Lou family since he was young.

The Lou family was the most mysterious and ancient family in the capital. They paid particular attention to the female inheritance system. In other words, the eldest daughter of each head of the family would inherit the position, while the other daughters and sons would more or less have their power divided. All of this was decided by the current head of the family.

Based on the current situation, both Lou LAN and Lou si were the daughters of the previous head of the family. However, Lou LAN was the eldest daughter and had returned to the family 25 years ago to take over as the head of the family. Naturally, Lou si had become a branch of the family.

All these years, Lou SI's power was indeed small. All the matters of the Lou family were decided by Lou LAN.

Originally, it was said that Lou LAN did not have any children. Logically speaking, Lou SI's eldest daughter, Lou qingyue, should be the one to inherit the position. However, six years ago, Lou si appeared out of nowhere and claimed to be Lou Lan's biological daughter who had led a wandering life.

[Chapter 808](#)

808 I want to see the person if he's alive: I want to see his corpse if he's dead (1:

Slowly, over the past few years, Lou Si's influence in the Lou family grew and even surpassed Lou Si's.

It was obvious that she would be the next head of the family.

But how could the second branch be willing to accept this?

If Lou LAN didn't suddenly return before the age of 25, Lou si would be the family head.

Six years ago, when Lou si did not return, Lou qingyue became the family head.

However, all of this had been destroyed by their family.

How could Lou si and Lou qingyue accept this?

Lou Chi understood. Since he was young, he had always supported and tacitly approved of Lou si and Lou qingyue.

He would never betray the two of them.

what's the point of getting rid of only ning Qing: " he said: if you want to get rid of her: you have to get rid of everyone related to her.

Lou qingyue wasn't surprised. mother has already made the arrangements. Lou LAN went abroad this time. It seems that there is something wrong with his body. As for what it is, the people around him are too tight-lipped. However, mother has thought of a solution, so he won't be back for a while.

"Then Lou si si si si"

Lou qingyue laughed coldly. she hurt my hand. Now that she's in my hands, I won't let her die so easily.

Lou Chi understood and took two steps back. when do we leave? "

"Now, immediately."

The man was slow to react. He nodded and walked closer to her.

Lou qingyue stared at him. Lou Chi held her waist and started to stroke her inch by inch.

"I'm leaving now, aren't you going to give me a gift?"

Lou qingyue's face was expressionless. what kind of gift do you want? "

The man came very close to her. of course it's you.

"....."

"I'm going to stain my hands with blood for you."

Lou qingyue remained unmoved. you've had a lot of blood on your hands since you were young.

Lou Chi smiled evilly and felt her retreat. what do you mean? do you despise me? "

Lou qingyue really didn't want to bother with him, but when she thought about the things she wanted him to do, she was afraid that he wouldn't be willing to work for her without any benefits.

The woman chuckled and suddenly changed her expression. She endured the disgust and put her arms around his neck, closing the distance between them.

"Why would I? you're the closest person to me."

"....."

The chaotic filth fermented on this day until it rotted.

One day later, in Ying city.

Cloud flame No. 1.

"Dad, mom, that's what happened."

In the master bedroom, ning Qing was sitting on the sofa. There was a tablet on the coffee table, and the people on the screen were her parents, who were far away in the capital.

She was very weak and exhausted recently because she had been searching for Nian lie for two months and still couldn't find any trace of him.

I'm responsible for most of his accident. I can't use his life to pave the way for me. I can't win the championship in peace and then go to America to enjoy everything in the future. Baby, I can't do that.

The matter had already been made clear, but mother ning still had some complaints.

"Whether he's alive or dead, you've already searched for so long. You've already done your part. If he's still alive, you should've found him long ago."

Ning Qing held her forehead helplessly. mother, I have to find him no matter what.

"....."

Light and shadow flashed past her eyes. if he's alive, we must find him. If he's dead, Qingqing must find his body.

809 There's news about Nian lie (1:

"It's already been two months, and you're still talking about corpses?"

Father ning interrupted mother ning. He could understand ning Qing's feelings. After all, Nian lie's accident had happened because of him.

Mr. Ning sighed and said, "it's alright, Qingqing. Don't listen to Your Mother's nonsense. Just do what you need to do. We'll talk about it when we find the person.

"Alright," he said.

however, the weather is getting colder and colder. You have to keep warm when you go out to find someone. Don't catch a cold or get sick. Mr. Ning's voice was gentle. you don't have to worry about me and your mother. I'll take good care of her. Xiao Gu is here too. You can focus on your own work. There's no rush to make arrangements for you to go to America.

Ning Qing finally felt a little comforted. thank you, Father.

After a few more words, the video call was passed to Gu nanzhi.

"....."

Father ning and mother ning didn't say a word. They looked at each other in silence.

After a while, Gu nanzhi forced a smile. hey, how is it? any progress? "

Ning Qing looked at his smile and felt a mix of emotions.

She shook her head. I can't find the direction at all.

Gu nanzhi looked at her disappointment and felt bad.

He didn't know what to say. He felt a little panic about the atmosphere between the two of them.

He had never thought that there would be a day when he would be speechless in front of her!

This made him very afraid!

Gu nanzhi forced a smile. don't be disappointed. Not finding him means that he's still alive. If he's dead, you should have found his body long ago, right? "

There was a saying, "no news is the best news.

Ning Qing understood what he meant. She forced a smile. you're right.

Then, the two of them fell into a terrifying silence.

Gu nanzhi felt extremely uncomfortable and even had difficulty breathing.

He wanted to hang up the phone and let himself breathe freely, but looking at her face, he couldn't bear to.

In the past two months, the number of calls they had made could be counted with one's fingers.

Every time he called her, she would either be looking for Nian lie or on her way to find him.

This was the first time he had seen her in person in two months.

She could only see it through her parents.

Gu nanzhi's eyes were filled with heartache and bitterness. At this moment, ning Qing said, "Tiny, I'm sorry. I've made you take care of my parents for so long.

why are you suddenly so polite?" he smiled bitterly. are you in such a hurry to draw the line with me?"

Ning Qing changed her position. you've misunderstood. I'm just feeling guilty towards my parents and your Hanhan.

He looked at her on the screen in a daze, and the woman's fatigue was obvious.

She said, "originally, we agreed that after the competition, I would take them to live in the United States and stay away from everything here. However, plans can't keep up with the changes. Not only did I not leave, but I also came back here.

On the screen, the woman looked up and scanned her surroundings.

Gu nanzhi could no longer laugh. She deliberately relaxed her tone. what does that have to do with anything? After you're done with the business in Ying city, you can leave whenever you want."

"....."

"Uncle, Auntie, and I will be waiting for you in the capital."

Ning Qing's feelings were complicated when she heard his sincere words.

"Thank you, Tiny."

"I'm fine. Take good care of yourself and don't lose any more weight."

"Yeah, you guys too."

After hanging up the phone, ning Qing's emotions surged.

After two months, under Nian Che's leadership, the Nian family finally stabilized and everything seemed to be back on track.

Nian lie was the only one.

Why couldn't she find him?

She grabbed her long hair in distress, and just then, someone knocked on the door.

"Who is it?"

The maid pushed the door open and entered. She lowered her head and said, "young Madam, assistant Lu has sent word. He said that he has news of young master. He wants you to go over quickly.

810 Go back to America!_1

This was undoubtedly the best news for ning Qing when she was depressed.

"Lu Zhui said that? Where did you find it?"

The maid was very respectful and kept her head down. it's not convenient to disclose the information. The person who came back only said this and asked you to go quickly. The car is already prepared downstairs.

Ning Qing thought about it for a moment and decided not to suspect him. I'll change my clothes. I'll be quick. the maid nodded and left.

There was no sound in the room. The maid stood at the door, staring at the door in front of her with a cold expression.

Very quickly, ning Qing changed her clothes and rushed out the door.

The maid stood on the side and led the way for her.

The strange thing was, she led him to the backyard and finally saw an inconspicuous car at the back door.

Ning Qing was puzzled. why would he suddenly go through the back door? "

there are too many people at the main door. We can't let any news about the young master leak out yet. It's more appropriate to go through the back door.

With this explanation, ning Qing made an " Oh " sound and felt a little uneasy in her heart.

Everything was normal when they got into the car.

Thinking that she might be able to see Nian lie soon, she felt an inexplicable surge of emotions that she could not suppress.

Just then, the phone in her pocket rang.

She took it out and was stunned.

The name that was flashing on the screen was Tina.

No.

It should be Lou si.

How long has it been?

She had not appeared since the last time they quarreled.

This dazed woman would never know how much pain and suffering the woman named Lou si had endured for her.

The vibration numbed ning Qing's palm. The driver glanced at her in the rearview mirror and reminded her. young Madam, your phone is ringing.

Ning Qing came back to her senses and pressed the answer button.

"Hey-"

"....."

There was no sound from the other end.

Ning Qing didn't say anything, and the two of them didn't seem to know how to start.

"You've returned to Ying city." A cold female voice broke the silence.

It was still so familiar.

Tears welled up in ning Qing's eyes, and she hummed in agreement.

Tina took a deep breath. ning Qing, hurry back to the capital city and pick up your parents. Then, we'll head to the United States immediately.

Ning Qing didn't know what he meant. why? "

Tina pursed her lips and wanted to say something, but she gave up in the end.

"There's no reason. You're not suitable to stay in the country."

Ning Qing did not like the way she spoke, so she ignored her slightly weak voice.

Tina, " she said, " I have something very important to do. If I can't finish this, I'm not going anywhere.

Tina had already investigated everything, and she knew why she had returned to Ying city.

Her tone was a little heavy. is it because of that man again? Ning Qing, can't you change your habit of asking for trouble?"

Ning Qing was infuriated. his life and death are related to me, and he's in trouble because of me. Do you want me to leave everything here and go to some Bullsh * t America without a care? No, I can't do it at all!"

"So you're saying it's because you feel guilty." Tina chuckled coldly. sure, I'll help you look for him. You'd better put down whatever you're doing right now and go to the United States!

Her tone was anxious and cold, filled with disgust and disdain.

"Why are you always like this?" ning Qing asked in a stifled voice.

"....."

you always think that you can control everything about me. My thoughts, my career, my feelings ... But I'm a living person, not a machine!

The other side fell silent, speechless.

Tears welled up in ning Qing's eyes, and she suppressed her urge to run away.

I can listen to you if you want the best for me. But if you're lying to me, how do you want me to believe you? "
