[Chapter 811](#)

811 You can't bear the consequences (1:

Tina's expression was a little out of control as she listened to her cry.

"I'm not lying to you."

"You've been hiding your identity all this time. Aren't you lying to me?"

Tina gritted her teeth. She knew how heartbroken she was, but she still insisted, "it's best that you don't know!

"Why?"

Faced with this question, Tina paced back and forth in silence.

Ning Qing smiled with tears in her eyes, trying to force them back.

alright, I won't say anymore. You still have reservations about me. There's no point in me forcing you to answer. I'm afraid.

I don't want you to get hurt again. I don't want you to be deceived by that man again. I don't want to see you covered in blood in an accident again!

"....."

"Ning Qing, you've already died twice! Two whole times! I've seen you lose everything because of that man, including your life! Why can't you just love yourself?"

The woman's tone was filled with regret and resentment, but it was even more obvious that she was heartbroken and distressed.

Ning Qing's mind buzzed, and some scenes flashed through her mind.

Car accident, blood, dead man

Who are you? how do you know all this: " she asked unconsciously as her head started to hurt.

Tina realized that she had misspoken, and her voice immediately turned cold. I don't know.

"No! You just mentioned a car accident!"

Ning Qing's head ached and was in a mess, even attracting the intense attention of the driver in front.

"How did you know that I was in a car accident? That was before I met you, Yingluo. How could you possibly know?"

Tina's expression was tense, and a hint of sorrow flashed through her beautiful eyes. don't ask anymore.

"On what basis! You know everything about me, including my past. Does that mean Yingluo knows about me and my sister?"

Tina's hand trembled upon hearing the word 'big sister'.

"I don't know, and I'm not interested in your past!" She said ruthlessly:

"But you mentioned a car accident!"

Ning Qing was conflicted about this. She held her head, her eyes red.

"Don't lie to me, Tina. What do you know? Can you tell me?"

"....."

That plea was very much like the one she used to beg for herself to take the blame for when she did something wrong.

However, this time, they were not only separated by a phone call, but also by thousands of mountains and rivers, and the time that had been messed up six years ago!

They couldn't go back to how they were a long time ago!

The cold woman's face twitched slightly as she tried her best to endure the pain. Something slid down from the corner of her eye.

She quickly wiped it away and returned to her cold self.

"You don't need to know anything."

"Lou si!" Ning Qing roared angrily.

She closed her eyes. ning Qing, you won't be able to bear the consequences if you know.

"....."

"I know you, so don't ask anymore."

This time, she didn't give her a chance to ask and hung up the phone.

Hearing the cold beeping sound, ning Qing's eyes went blank, and she was extremely tired.

"Madam, are you alright?" the driver asked.

He had heard the words 'Lou si'.

Ning Qing shook her head, closed her eyes, and leaned against the back seat.

After a long time, she sorted out her emotions and forced herself to forget everything that had just happened.

She glanced out of the window and asked the driver, "where did you find his news?" How was he? How's the situation?"

The driver tilted his head. Perhaps because of the angle, he did not look familiar.

young Madam, only the most capable people in the higher-ups know about the young master. My mission is to pick you up.

Ning Qing looked at the scenery outside the window. There were fewer and fewer people on the roadside.

Her eyelashes drooped and she said, "alright."

He clenched his fists.

[Chapter 812](#)

812 The madam is missing

After walking for ten minutes, the path became more and more remote.

Ning Qing no longer had any other thoughts, because the path was getting more and more wrong.

She clutched her phone tightly and glanced at the driver.

Such a subtle movement still attracted the attention of the people before him.

In the rearview mirror, ning Qing's eyes met with the man's.

After the excitement and joy, she couldn't help but feel panic and fear.

She tried her best to control her expression. who do you work for? I don't think I've seen you before.

The man observed her. After he was no longer nervous, he replied with a name seriously and even added, " I'm new here.

Ning Qing nodded and pretended to be calm. it's fine if you're new. I'm afraid you're not familiar with the roads. Tell me where we're going and I'll show you the way.

The man's long and narrow eyes narrowed. Madam, I'm a local. You can rest assured.

This was obviously an accent that did not belong to the local area, and it made ning Qing even more afraid.

She shouldn't have been so impulsive and rushed out without thinking. She should have called Nian che or Lu Zhui to confirm it!

However, what else could she do now?

Ning Qing sat up straight and assumed a posture.

"I'll ask you a question, just answer it."

"....."

Ning Qing's face was cold. since you're not willing to tell me, I'll ask Lu Zhui myself.

As she spoke, she took out her unlocked phone and quickly tapped into the call page, about to dial Nian Che's number-

The man saw her movements clearly and revealed his ferocity.

He grabbed the steering wheel and turned it.

The car was thrown to the left, and ning Qing crashed into the car door uncontrollably, her phone falling to the ground.

She bent down to pick it up in a panic, but the car was parked in the middle of the road.

“Refusing a toast only to drink a forfeit.”

The man cursed in a low voice. Ning Qing did not reach for her phone and subconsciously pushed the door open to get out of the car.

However, the car door was locked, so she had no way to escape!

She stared at the man. why did you lie to me? Who sent you here?”

The man smiled awkwardly. you’ll know.

Then, a black shadow fell from above.

Ning Qing did not have time to react. Her forehead hurt, her vision went black, and she fell down.

*

On the other side, after the servant of yunhuang No. 1 realized that ning Qing was missing, she immediately called Lu Zhui.

After explaining that she had been taken away by a maid, Lu Zhui immediately sensed that something was wrong.

He returned to the villa and checked the surveillance camera. Everything that happened at the back door was extremely clear!

It was rare for Lu Zhui to get angry. I told you to take good care of young Madam, and this is how you take care of her? You don’t even know she left with someone else!”

She had disappeared for more than an hour before they informed him!

The maids cowered in fear, and one of them stood up.

“The maid said that you found news of young master and sent someone to pick Madam up. She was just passing on the message, so we didn’t think much about ran ran.”

Lu Zhui was extremely angry. if I wanted to inform Madam, do I need to send someone back to inform her? Don’t I know how to inform them?”

This group of people seemed to have no brains!

He was about to die of anger!

The man paced back and forth in the living room. In the end, he had no choice but to walk to the side and call Nian lie.

“Young master, something happened to the young Madam!”

The man who had just recovered from his injuries suddenly became alert and cold. what happened? ”

“It’s all because of the stupid pigs at home! A woman pretended to be a maid and told the young Madam that I had news of you. Then, she took her away from everyone’s eyes!”

Nian lie’s entire body turned cold, and his frightening aura exploded.

Over the phone, Lu Zhui could already feel it. I’m sorry, young master. I was careless.

“The people from the Lou family have arrived in Ying city.”

[Chapter 813](#)

813 It was Lou qingyue who asked you to come:

Lu Zhui was stunned by this sudden question.

Nian lie was frighteningly calm. His dark eyes were dark and cold. they did it. They’re not ordinary people. Investigate them.

Lu Zhui’s expression instantly turned serious. yes!

“Inform me immediately when you find the location.”

“Understood!”

After hanging up the phone, Nian lie stood in front of the window, his heart burning like fire.

The reason he did not show up was because he could not figure out what the Lou family wanted to do to ning Qing.

All these years, the Lou family seemed to be far away in the capital, but they had paid inexplicable attention to ning Qing.

Whether it was the head of the family, Lou LAN, or Lou si, who had used the name Tina to get close to ning Qing, or Lou qingyue and Qianqian, all of them were people with great experience.

But why would these people be interested in ning Qing? She even reached out to him?

He didn’t understand. For her safety and future, he had to figure it out.

The Lou family had arrived in Ying city this morning. He had asked someone to keep an eye on them, but he didn’t expect them to be so cunning and sharp. They disappeared without a trace.

He didn’t expect that the person who came with ill intentions would actually reach out to ning Qing so quickly!

Nian lie’s face was dark, and killing intent radiated from his body. The temperature plummeted.

If they dared to touch her, no matter what, he would not let a single one of them off!

*

The weather was gloomy, and the rain started to fall.

The temperature had dropped to the point where it could kill.

Ning Qing was woken up by a glass of cold water.

She shook her groggy head, and the water and blood in front of her mixed together and flowed into her eyes.

In the blurriness, she saw what was in front of her.

The man was wearing a mask and his long hair was tied loosely behind his head. There was no emotion in his eyes.

He was holding a cup in his hand. It was obvious that he was the one who had poured the water on her.

Ning Qing's head hurt badly. She wanted to move but found herself tied to the chair. Her hands were tied behind her back, and she couldn't move her feet.

The surroundings were dilapidated, as if they were in an abandoned factory.

"Who are you?" she gasped for breath and asked the man, "why did you arrest me?"

Lou Chi was very cold. someone wants you to die.

Ning Qing shook off the water in front of her eyes. who is it?"

"You don't need to know," Lou Chi replied:

Ning Qing did not even think about it. did Lou qingyue ask you to come?"

It was a question, but there was not much doubt in it.

It was obvious that she had already confirmed it.

Lou Chi was a little surprised that she was so smart. Ning Qing continued. are you the killer she hired, or are you her man?"

Lou Chi took the glass of water and weighed it in his hand. you're so good at guessing. Try guessing.

Ning Qing tried hard to ignore the pain on her forehead. you're the person beside her, right?" For her to personally give the order to get rid of me, is she angry from embarrassment?"

Lou Chi looked down from above. There was no emotion in his eyes that made people feel afraid.

A sentence suddenly popped up in ning Qing's mind:

if you really don't dare to make a move, just bear with it. When I come back, I'll make them pay back ten times what you've suffered.

She was extremely afraid, but when she thought of this sentence, her panic subsided.

She tried hard to restrain herself and raised her head. Her wet hair was stuck to her face, stained with some diluted blood.

"She's the one who's unwilling, right? She knew that Nian lie wasn't dead, so she didn't fight me and let me win the competition for nothing. She wasn't satisfied, so she asked you to kill me."

Lou Chi found her speculations more and more interesting.

He dismissed the people around him, turned around, and rummaged through the table beside him. He found a fruit knife the size of his palm.

He weighed it in his hands, then turned around and approached ning Qing. continue.

“.....”

Ning Qing did not dare to move.

That was because the cold knife was right under her neck.

[Chapter 814](#)

814 Those who want to die should understand a little (1:

The woman, who had been chattering non-stop since she woke up, was now looking at the knife in his hand with her chin slightly raised and her eyes lowered.

Lou Chi laughed. He didn't see much panic and fear in her eyes.

She had more backbone than he had imagined.

He lowered his head and moved closer to her face.

When they looked at each other, she could clearly see his cold and cloudy eyes.

“You're very interesting.”

Ning Qing didn't expect that after waiting for so long, he would say this.

Her throat trembled, and the cold blade was pressed against her neck. The sharp blade could cut her artery at any time.

Under such an extreme threat, ning Qing was unusually calm.

I'm very interesting. Can I make you not kill me? ”

Lou Chi raised his eyebrows. His expression could not be seen on his half-covered face.

He rejected her outright. No.

Ning Qing's heart thumped hard. She slowed down her breathing as if she was afraid that he would cut her throat if she was not careful.

“Can I know why she wants to kill me?” she asked.

“Didn't you come up with so many reasons? you don't believe it yourself?” Lou Chi said:

Ning Qing was silent.

She had guessed so much, and it seemed that every single one of them could be a reason, and they were all very sufficient.

However, she had a vague feeling that things were not that simple.

The people or things involved behind the scenes were perhaps beyond her imagination.

She wanted to know.

Ning Qing looked at him fearlessly. I believe you, but I don't think it's because of what I think. And from your reaction, it's not because of what I think.

Lou Chi chuckled and pressed her neck tightly.

"Don't be blindly confident."

"....."

The blade slid down to her collarbones and chest. The cold and disgusting touch was like a poisonous snake winding around her, making Ning Qing's back break out in a cold sweat.

He stopped in his tracks, his eyes unclear. didn't anyone tell you not to challenge someone's patience? "

Ning Qing's hands, which were tied behind her back, clenched tightly into fists. The pain made her more awake.

"I just want to die with a little more understanding."

The man did not speak.

Ning Qing took the opportunity to gulp. you must be very capable to be able to kidnap me here in such a way. I'm sure you've already planned your escape. No one hasn't tracked me down. It's impossible for me to escape from so many of you on my own.

"....."

"Since that's the case, I'm destined to die Here. Why can't you tell me the reason why I must die before I die?"

Lou Chi listened to her detailed analysis of the situation. Even though she was panicking, her hair was messy, and half of her face was stained with blood, her dark eyes were still shockingly bright.

But it was this pair of eyes.

It was likable, but at the same time, hateful.

"Don't let her die too easily."

The woman's cold words lingered in his ears before he left.

Lou Chi's hand rubbed the hilt of his sword. He squinted his eyes and couldn't resist the boiling and impulse in his body. He cut with force.

With the woman's low groan, blood gushed out from the split wound on her collarbone, and white bones could be vaguely seen.

He said casually, " I hate women who talk too much.

"....."

The pain of her skin being torn apart burst out. Ning Qing's vision blurred from the pain, and she could feel blood flowing down her clothes and soaking her chest.

She held it in and did not make a sound.

Then, he raised his head, his eyes filled with anger.

"You like to torture people, don't you?"

"....."

what kind of deep hatred does she have for me that she would make you torture me like this? "

[Chapter 815](#)

815 A sharp blade cuts open the flesh (1)

She saw the man staring at the bloody knife with a strange greed and passion in his eyes.

Then, he took off his mask and revealed his entire face.

It was a face that she was completely unfamiliar with.

"....."

Under her gaze, Lou Chi stuck out his tongue and licked the blood on the blade. Then, he looked at her.

Ning Qing's pupils shrank. The feeling of being targeted by a pervert was really terrifying.

"Deep hatred? I don't have any." Lou Chi suddenly said, " it's just that you shouldn't have been alive in the first place.

Ning Qing endured it. my life was given to me by my parents. It's up to me to decide whether I want to live or not. What does it have to do with you? "

Her stubborn and unyielding gaze once again incited the man's bloodthirsty desire.

Ning Qing couldn't help but laugh. or is it that my survival will affect her inheritance of the throne? "

Lou Chi's eyes suddenly changed. They were originally excited, but now they were cold and terrifying.

However, that was just a casual joke that she had made, and he actually cared about it so much?

Ning Qing's chaotic mind started to think. She immediately thought of the relationship between Lou LAN, Lou si, and Lou qingyue.

Even if it did affect them, it would be between Lou si and Lou qingyue. She was just an ordinary person from the outside world. How could she possibly affect them?

Could it be that ran ran was still the daughter of the Lou family who had led a wandering life?

As soon as this ridiculous idea appeared, she immediately overturned it.

"....."

Before she knew it, Lou Chi had already walked behind her.

“You’re good at guessing.”

Ning Qing was interrupted. When she suddenly realized that he was behind her, she felt an invisible panic and her heart was tormented.

“Then answer me, did I guess right?”

Lou Chi looked at the back of her head and had to admit that this woman was smart.

It was a pity.

An independent and stubborn woman like her could stand on his side, but she would become a difficult enemy if she stood on the other side.

He reached out to her shoulder and leaned in.

Ning Qing’s whole body trembled, and her devil-like whisper rang in her ears ...

there’s no benefit in being too smart. Just enjoy your death.

Before she could say anything, she felt a sharp pain in her forearm.

Behind her, ten centimeters above her bound hands, a sharp blade was grinding against her skin.

Lou Chi closed his eyes. His hand was very strong and he slowly pulled from left to right.

“Uh ...”

Ning Qing was in so much pain that tears flowed out of her eyes, and she moaned in pain.

One of the man’s hands was raised, and the knife in his hand was glowing with blood, the liquid dripping down.

Di da-di da-

It turned out that bright red blood was flowing out from the hideous wound in an endless stream, and a lot of it had gathered into a pool of blood under her wrist.

Ning Qing bit her lips in pain, and all the bones in her body trembled.

The man’s strength was just right. The cut skin seemed to be connected to the nerves, and she was in so much pain that her whole body spasmed, and her forehead kept twitching.

“You’re so beautiful,” he said.

Ning Qing could barely open her eyes. She panted heavily. crazy man.

When she spoke, she no longer had the confidence she had earlier.

Lou Chi laughed. I like this title.

Due to the excessive loss of blood, ning Qing’s mind was slowly becoming unclear, and one of her hands was in so much pain that it was completely numb.

“What exactly do you want to escape for?”

“I’ve already said that I want your life.”

After saying that, Lou Chi waved his hand indifferently. The tearing pain came again. On the forearm of his other hand, there was another bloody crack.

Blood, flowed all over the ground.

Ning Qing was already covered in sweat. Her forehead and chest were covered in blood. She looked like she had just been pulled out of a pool of blood and was on her last breath.

As her blood flowed out, she lost all her strength.

The grip on her back loosened, and she swayed for a moment before falling to the ground.

[Chapter 816](#)

816 Third sister (1:

He was dizzy.

The man’s face was also clear for a moment and blurry for a moment.

The light above her head was blinding, and her hands were numb as if they had been chopped off.

“.....”

He didn’t do anything to her anymore. He just looked at her from above and even took out his phone to take a video. He wanted people to watch her lose all her blood and die from blood loss.

“.....”

Ning Qing’s eyes began to lose focus.

Her tears finally fell.

Was she really going to die Here?

She still had many things to do.

She hadn’t brought her parents, who were far away in the capital, to the United States. She hadn’t gone to see the dead child. She hadn’t found Nian lie and Huahua.

Would she never be able to say an apology to him in this lifetime?

Perhaps.

She could only wait for death.

That was good too.

Perhaps, if she could see him underground and apologize to him then, he would always be tolerant of her, so Hanhan wouldn’t mind.

Thinking of this, ning Qing's heart actually calmed down.

The lights slowly dimmed in her eyes, and everything around her began to move away from her.

Her wet eyelashes moved and she slowly closed her eyes.

"Young master, she seems to be dead."

Lou Chi was looking at his phone. When he turned around, he kicked her but didn't move.

He looked at her sarcastically. you're so weak. I thought you could last ten more minutes.

There was no fear of taking a life, nor was there any regret in his tone.

It was as harmless as crushing an ant.

Suddenly, someone barged in and rushed to Lou Chi's side. young master, they're here.

Lou Chi was a little surprised. so fast? "

He thought he would have to wait until tomorrow.

the Nian family has turned out in full force. They're searching everywhere. They'll probably find us in half an hour.

Lou Chi sneered. half an hour? "

He kicked ning Qing again. "It's more than enough," he said, confused.

The man said something in his ear and Lou Chi waved his hand impatiently. I know. Do you think I don't know how to handle it? Ask her to ask more questions."

The man stopped talking and retreated to the side respectfully.

Although he heard that the pursuers were coming, Lou Chi was not in a hurry.

He walked to ning Qing's side, slowly squatted down, and used the knife that had tortured her to Pat her face.

There was no movement at all.

He sneered, " the people around you are all useless. They only found us now.

"....."

and your ex-husband, I forgot to tell you that I was the one who killed him.

"....."

In her daze, ning Qing could vaguely hear his voice.

When she heard him say that he was the one who had killed Nian lie, her heart was filled with hatred, but she couldn't even open her eyes.

Then, he spoke intermittently.

She couldn't hear him clearly again.

Lou Chi also knew that she was not completely dead and did not intend to let her go.

He wriggled his eyebrows and stood up, his face ugly and sinister.

"You're lucky. Let me, your little brother, send you on your last journey, third sister."

After that, he ordered his subordinates, "do it."

Very quickly, the surrounding area was filled with gasoline.

The strong smell made the man cover his mouth and nose.

After his men had cleaned up the scene, they pushed open the door and walked out.

When Lou Chi looked back, the woman was lying on the muddy yellow ground. She was covered in blood and didn't look alive at all.

He sneered and took the lighter from his subordinate. He said goodbye and threw the flame over.

The small cluster of fire fell to the ground and, as if it had found its home, it followed the gasoline and exploded with a bang.

...

Through the firelight, Lou Chi looked at the motionless woman and laughed happily.

Not long after, he disappeared from the scene.

[Chapter 817](#)

817 Did something happen?

*

The scorching heat, the burning smell, and the pungent smoke finally made ning Qing open her eyes.

She squinted her eyes with difficulty and looked at the blazing fire around her. She was in so much pain that she was almost disabled.

cough, cough, cough, cough, save me, Yingluo.

She let out a weak cry for help. Her ears were noisy and she couldn't hear anything outside.

"Nian lie, Qianqian, save me, Qianqian!"

She stretched out her weak hand and grabbed at a spot in the air. She rubbed her body against the ground, trying to get away from the fire source.

However, the fire surrounded her, and the wind from the open door fanned the fire.

She cried and shouted, but no sound came out of her mouth.

Until a flame reached the bottom of her pants.

Ning Qing was sad and desperate, her tears falling.

He couldn't escape.

She was really going to die Here.

She had already given up hope and stared at the door stubbornly.

The fire was very bright, but her eyes were getting darker and darker.

"Ning Qing!"

Suddenly, she heard a heart-wrenching cry.

He had come to save her.

She was so sure, but she had no strength left.

When he closed his eyes, a blurry figure appeared at the door.

Then, she fell into endless darkness.

*

The capital.

Mother ning didn't know why, but she felt very uneasy.

She didn't know whether to sit or stand. At last, she said to father ning, " ning chengfeng, I'm so nervous. Do you think something has happened to Qingqing? "

"Don't jinx it: : father ning chided:

I'm serious: " Mrs. Ning said: I have a feeling that something is wrong. I have to call Qingqing:

She immediately went to make a call.

However, after a few calls, the other party's phone was turned off.

Mother ning was even more worried now. 'Why did Yueyue turn off her phone? In the past, she would never turn off her phone!"

Hearing that, father ning felt that it was true.

He asked, "did she really turn off her phone?" I'll try."

He also tried, but his phone was still off.

This time, mother ning couldn't sit still.

"No, ning chengfeng, I can't stop worrying. I have to go back."

Father ning pulled her back. why are you going back? " She's busy looking for someone, why are you going back to cause trouble!"

"I'm not causing trouble. I just want to go back and see my daughter, can't I?"

“.....”

“I haven’t seen her in person for two months. You don’t miss her, but I do!”

Mother ning wiped her tears away while father ning had no choice but to let out a sigh. alright, you can go home if you want to.

Ning Qing’s mother was overjoyed. She quickly packed up and called Gu nanzhi. The three of them bought the earliest flight tickets and rushed to Lin city.

*

After Nian che heard about ning Qing’s news, he immediately rushed to his destination.

However, by the time he arrived, it was already a sea of fire.

He just stood there in a daze, looking at the strange men outside the fire, as if he had lost his soul.

His broken heartache was faintly discernible, and his eyes were watery. Before he could despair, a tall figure walked out of the sea of fire.

“.....”

The man’s white shirt was dyed black, and his handsome face was stained with dust. He was carrying a petite woman in his arms.

Nian che was shocked. That was Wanwan.

The moment Nian lie walked out of the fire site with ning Qing in his arms, his gloomy face instantly cracked as he hollered, “ Get me a f * cking car!”

A loud roar woke everyone up.

Nian lie’s entire body was cold, like an Asura that had just crawled out of hell. His entire body was filled with a baleful aura and a killing intent that could destroy the heavens and earth. No one dared to look him in the eye!

“The car’s here!”

...

He held ning Qing tightly and sped past.

Nian che was stunned. When he passed by, he instinctively pulled him back.

“Brother ...”

The man pushed him away with his elbow. get lost!

[Chapter 818](#)

818 Redder than blood (1:

Then, he carried ning Qing and rushed into the car.

“To the hospital! Hurry up!”

The car suddenly started and disappeared from everyone’s sight.

Nian Che’s entire arm was numb.

He could not come back to his senses.

His brother Yingluo was really still alive?

This realization rushed into his mind, and the man in his twenties couldn’t help but cry on the spot!

“Second young master, first young master has already left.”

Nian che only snapped back to his senses when someone beside him reminded him.

However, his gaze was pierced by the blood on the ground.

The winding trail of blood extended from the fire field to his front, and then to the place where his brother had gotten into the car!

Unknowingly, even the corner of his clothes was stained red!

Nian Che’s brain buzzed. whose blood is this, Wanwan? ”

it’s Madam’s. The fire was already burning when we arrived. Madam fell in the fire and didn’t get up. Eldest young master rushed in and carried her out, only to find that Qianqian’s hands, forehead, and chest were covered in wounds.

As the subordinate said this, he choked on his own words.

These people were used to fighting and killing, and were used to seeing many bloody scenes.

However, for such a weak woman to be injured and covered in blood, it was obvious that someone had deliberately tortured her.

Nian Jin felt a sharp pain in his heart, as if he had been struck by lightning.

“Second young master, second young master?”

The man called out twice, and Nian che immediately sobered up. Find out who did it and kill him!”

“Yes!”

After saying that, Nian che had already dashed towards a car parked at the side.

In the other car, Nian lie was hugging the woman, who seemed to be out of breath, tightly. His entire body was trembling uncontrollably.

His eyes were red, and he carefully held her head that was tilted to the side. ning qingchen, ning Qing, wake up. Can you wake up? ”

The woman’s hands were placed in front of him. The wound was deep and hideous. He used the first aid box to stop the bleeding while talking to her.

“Does it hurt? You don’t want to talk to me because it’s too painful.”

“.....”

I know, I know you’re very tired, Yingluo, but can you talk to me? ”

“.....”

“Don’t sleep. Open your eyes and look at me, ning Qing.”

He was flustered and didn’t know where to stop the bleeding.

There were too many.

There were too many wounds.

On her forehead, collarbones, and her hands.

The wounds were deep red and were extremely eye-catching on her white skin. It was like a flat Apple that had been bitten by a bug.

In the end, when he finally bandaged his hands, he was already covered in blood.

The driver in the front row couldn’t stand it anymore.

He had never seen his young master so helpless and desperate.

He sat in the back seat, holding the woman in his arms gently and restrained. He was afraid of hurting her and kept whispering in her ear. His side profile was stained with blood, and he looked dejected and desperate.

The woman’s head was slightly tilted. Her face was pale and her eyes were closed. There was no sign of her being alive.

His eyes were also sore.

it’s my fault. I’m sorry, Qingqing. I shouldn’t have disappeared for so long. I shouldn’t have left you, ”
Nian lie continued.

“.....”

The woman did not move.

His entire body trembled as he held her cold hand. He could not feel any breath of life.

An intense pain exploded in his chest, as if a big hand was stirring his heart, trying to torture him with regret and guilt.

“Qingqing, I’m sorry. I’m sorry.”

In the end, he could only call her name repeatedly and kiss her forehead again and again, tears flowing from his red eyes.

It seemed to be redder than her blood.

Chapter 819

819 She has Panda blood (1:

When they arrived at the hospital, Nian lie carried her in his arms. The driver rushed into the lobby and shouted, " doctor! Doctor! Hurry up and save him!"

Soon, the doctors and nurses arrived and took ning Qing away from Nian lie.

"Send her to the operating room and prepare for blood supply," the doctor said immediately after pulling at ning Qing's eyes.

Nian Xi looked at the woman who was pushing the bed. He gripped the armrest tightly and said to the doctor, " save her! You must save her!"

The nurses were frightened, but the doctor only nodded and immediately followed them into the operating room.

He was pushed away.

The red light above the operating room lit up.

Nian lie stood in the corridor, where people would occasionally pass by and peek their heads out. He lowered his eyes and looked at his hands, which were covered in blood. His whole body trembled.

It was her blood.

It was the blood that flowed from the woman he loved the most.

He had wanted to stop the bleeding, but he had lost too much blood. It was as if he had used up all the blood in her body.

It couldn't be stopped.

He didn't dare to think about the moment when he arrived at the scene.

She was lying in the fire with her eyes full of wounds. The fire was burning her trousers and was about to devour her inch by inch!

If he had been a second later, he would never have seen her again in his life!

"....."

The extreme panic of losing her and the emptiness of not knowing if she was alive or dead took advantage of the silence in his mind and almost took his life!

When Nian Yu rushed into the hospital like a mad man, he saw his brother's dispirited and soulless look!

He slowed down and stared unblinkingly at the operating room. He walked up to Nian lie.

"GE! GE! GE!"

Nian lie didn't move.

He turned around and noticed that his clothes were soaked in blood, and he shuddered for some reason.

“Sister-in-law, she’s ...”

Nian lie’s eyes were as red as blood. she’s in emergency treatment.

Nian che was about to say something when the nurse suddenly rushed out with a stern expression. which one of you is the patient’s family member? ”

“We are!” Nian che answered first.

Nian lie raised his head and suppressed his grief. what happened to her? ”

The nurse said, ” the patient has lost too much blood. She needs blood supply urgently. The remaining blood in our blood bank is not enough. We need her family to provide enough blood.

Nian lie’s dark eyes darkened. smoke mine.

Nian che rolled up his sleeves and stretched out his hand. I’m fine with it too. I’ll take as much as I want!

The nurse looked at the two of them and did not move. who are you to her? Big brother?”

Nian Xi pursed his lips. I’m her husband.

Nian Jue was stunned for a moment, and the nurse shook her head.

I’m afraid yours won’t work. We found out that her blood type is special. It’s rare Panda blood, so it must be the same blood type.

Both Nian lie and Nian che were shocked.

The nurse didn’t explain anything. contact her family as soon as possible. We’re fighting the Grim Reaper every second, so you have to be quick!

At that moment, both Nian che and Nian lie were at their wits ‘end.

He and Nian lie were both type A blood, and they didn’t know any friends with Rh-negative blood. How could they find someone in such a short time?

Just as he was feeling depressed, Nian che received a call. Hello, say what you want!

“.....”

“What?”

Nian Che’s expression suddenly changed. He was overjoyed.

“Brother, sister-in-law’s parents just returned to Lin city!” He said to Nian Xi.

Nian Yu’s eyebrows twitched. really? ”

yes, my men have received the news that they have landed. They have arrived!

Nian lie gritted his teeth. well done.

“Quickly call them and tell them to come to the hospital!”

Nian lie nodded, turned around, and dialed father ning’s number without hesitation.

The phone rang twice, and when the call was connected, father ning’s voice was heard, “Nian lie? You’re still alive?”

Nian lie’s expression was solemn, and there seemed to be sorrow flowing in his eyes. He said simply, “uncle, I’ll tell you more about this in detail in the future. Please come to Jia Hua hospital immediately with Auntie.

Mr. Ning didn’t know what was going on, but Mrs. Ning grabbed the phone from him and asked, “what’s wrong?” Did something happen to Qingqing?”

Nian lie’s dark eyes were filled with emotions. yes, Auntie. Please come quickly. She’s waiting for you to save her!

“.....”

Ten minutes later, mother ning, father ning, and Gu nanzhi arrived at the hospital.

As soon as mother ning saw Nian lie, she rushed up to him and gave him a tight slap. Then, she pushed him away.

“You again! Nian lie, why is it that every time she meets you, nothing good ever happens! Can’t you just let her go? do you have to torture her like this?”

Nian lie gritted his teeth and didn’t move.

Gu nanzhi stopped mother ning. Auntie, please calm down and ask her what’s going on.

He turned to Nian lie, his face worried and nervous. what happened to Ning? where is she? ”

Nian lie’s gaze wavered as a deep pain flashed past his eyes.

Gu nanzhi’s heart skipped a beat. She heard Nian Xi say, “ my sister-in-law was kidnapped. She’s in the operating room now. She has lost too much blood and needs a blood transfusion.

He’s lost too much blood.

Gu nanzhi looked at Nian lie’s blood-stained body and felt as if her heart had been hammered. this blood is oozing.

Mother ning and father ning also noticed it. Mother ning’s body swayed, and she was about to fall to the ground.

Father ning and Gu nanzhi hurriedly supported him. Mother ning’s expression changed completely. She pointed at Nian lie with a look of grief and said, ”

“It’s you, you again! You’ve hurt her again and again, and you’ve made her die again and again. Nian lie, you jinx. Are you not willing to jinx her to death?”

“.....”

“I told you, Yingluo, that there won’t be a good ending if you force yourself to be with her! It was like this six years ago, it was like this three years ago, and it was still like this now! Every time she’s at the gates of hell, you’re the one who pushed her back. You won’t be satisfied if you don’t kill her, right?”

Facing her accusation, Nian lie’s eyes turned red, and the pain was obvious.

Nian Che’s heart ached for his brother. Auntie, it’s not like that. Sister-in-law wasn’t kidnapped because of my brother, Wanwan.

“You’re not in a position to speak here!” Mother ning yelled.

Nian Jin closed his eyes and swallowed the pain. When he opened his eyes again, he was in complete silence.

“Auntie, I didn’t protect her. You can blame me however you want.”

“.....”

but she’s in danger now, ” he pleaded. she needs a blood transfusion urgently. The nurse said that her blood type is special, and the blood bank doesn’t have any resources. I want to ask you and uncle to save her.

“Do I need you to ask us to save my own daughter?”

Mother ning was so excited that she pushed him away.

“Get lost, I don’t want to see you! Get lost!”

Nian lie didn’t dare to touch her, and she was strong, so he pushed her away.

“Auntie, I just want to see if she’s fine,” he said in a low and hoarse voice.

“None of your business, get lost!”

Nian Yu clenched his jaw, then turned around and knelt down on one knee, then on both knees ...

For a moment, the world fell silent.

He knelt on the ground, wearing a shirt that had already turned black. His back was no longer as straight as before, as if he had been crushed by reality and the present.

Nian lie’s eyes were sore. He said earnestly, ” Auntie, I know you hate me, but I just want to see her safe and sound. I won’t do anything. Please, uncle, and you, let me stay. I’m begging you.
