

## Mr Nian 821

### [Chapter 821](#)

821 Because Qingqing is not our biological daughter (1:

“.....”

Mother ning’s lips trembled, but she couldn’t say a word.

Gu nanzhi was extremely shocked. The Emperor, who had always been arrogant and sat high above the clouds, bent his noble knees just to see that she was safe.

Gu nanzhi had never seen her brother like this before. She immediately felt her eyes sting!

The scene froze, and many people looked over.

Nian lie, on the other hand, didn’t care about other people’s gazes and whispers. His eyes were earnest and pleading.

“.....”

we don’t know about Qingqing’s condition yet. Please get up first. Mr. Ning’s throat was rumbling. He looked away.

Mother ning didn’t say anything, but her eyes flickered weakly.

Nian che hurried over. brother, get up.

Nian lie’s leg injury had just recovered and wasn’t suitable for intense exercise.

But today, not only had he barged into the fire field, but he had also carried ning Qing and ran all the way. One of his legs had long been unable to bear it.

He endured the tearing pain and got up with Nian Che’s help.

“Are you saying that Qingqing needs a blood transfusion?” father ning asked.

yes, she has Rh-negative blood. One of you or Auntie must have Rh-negative blood too, so we need to get a blood sample and give her a blood transfusion.

She had thought that the problem would be solved once father ning and mother ning arrived.

However, father ning and mother ning both fell silent.

Nian Yu panicked. Auntie, uncle, what’s wrong with you? ”

Mother ning was no longer as angry as before. Her face was now pale, and her expression was a little dull.

Father ning lowered his head, his face full of worry.

Nian Jin immediately felt that something was wrong. uncle Qianqian.

Gu nanzhi could tell that the two of them were acting strangely.

What was the meaning of this?

Ning Qing was their daughter. Did they not want to save her?

Nian lie thought so too, and his handsome face turned anxious.

“Uncle, aunty, the blood test will be quick. I only need a little of your blood right now, not too much because she’s not in a good condition. I’ve already ordered people to search for people with Panda blood in Ying city. We’ll have news soon, so you don’t have to worry about your body.”

Father ning’s face changed when he heard this.

He glanced at them. do you think it’s because we don’t want to save him? ”

“.....”

The three men were shocked. That meant they were going to be saved!

“Nurse, nurse!” Nian Xi called out hurriedly. You can draw blood here, Yingying!”

But father ning reached out to stop him.

Nian che didn’t understand what he meant. Father ning looked at them and seemed to have made up his mind.

“It’s not that we don’t want to save them, but we can’t,” he said.

Gu nanzhi was also anxious. uncle, stop joking. How can you not be able to save her? you’re her parents, Wanwan.

Before he could finish his sentence, he stopped abruptly.

On the side, Ning Xi’s mother gritted her teeth when she heard this.

Father ning’s face was dejected, and his eyes were red. indeed, we can’t save her, because Qingqing is not Zhenzhen.

“Ning chengfeng, shut up!”

Ning Qing’s mother suddenly spoke, interrupting him.

Father ning’s brows were tightly knitted together. don’t say anymore, ” mother ning said. it’s meaningless.

Father ning snorted. yeah, there’s no point.

“.....”

Nian lie’s meticulous mind, coupled with everything he had found out, instantly understood the meaning of her words.

Gu nanzhi had always been a meticulous person. Because of Lou Si’s abnormal behavior, she seemed to have understood something and revealed a complicated expression.

Nian che was the only one who didn’t seem to understand. uncle, Auntie, what do you mean by this? ”

Father ning turned to the side, obviously not wanting to talk about it anymore.

Mother ning's eyes were filled with sorrow. When she closed her eyes, she thought of the woman inside, whose life and death were uncertain. It was the " daughter " that she had carefully cared for!

However, he could not overcome the barrier of blood and kinship.

Her heart ached to the point of paralysis, and her face was ashen.

because Qing Qing is not our biological daughter.

## [Chapter 822](#)

822 I can save her (1:

what? " Nian Che's eyes widened in shock.

Mother ning knew that she couldn't keep it a secret any longer, but it was hurtful to reveal the past now.

Mr. Ning turned around and held her hand. after I got married to your aunt, we didn't have a child for three years because of her health. Your aunt was sad for a long time. I didn't want to see her suffer like this, so I suggested adopting a child.

"....."

"At that time, everyone in the family was against it, but I knew that your Auntie also wanted a child. It was too much, so I finally convinced her to go to a welfare home in Ye City.

At that time, Qingqing and her sister were only two years old. I don't know why their parents abandoned them at the entrance of the welfare home when they were only three months old."

Mother ning thought about the past and burst into tears. She sobbed and said, " yes, Qingqing and mingsu were the two children I liked at first sight. They were obedient and didn't cause trouble. They smiled when they looked at me.

I liked them from the bottom of my heart, and my heart ached for my two obedient babies to be abandoned by their parents. I knew that their blood types were special, but I always thought that if I raised them and protected them well, this day would not come in the future.

But Qianqian, it's probably because we've never been honest with the two of them about this matter, so karma came."

"....."

She said, her tears falling like rain.

"I was selfish. I was afraid that their biological parents would come and take them away from me.

However, everything was destined.

Hansu didn't even know where her biological parents were until she died. Now, even God wants to take Qingqing away from me!"

With that, mother ning covered her face with both hands and cried uncontrollably.

Father ning hugged her tightly and comforted her softly. He also secretly wiped the corners of his eyes.

Nian Xi lowered his eyelashes, his dark and bright eyes unreadable.

Gu nanzhi stepped forward and patted mother ning's shoulder. Auntie, uncle, don't be too sad. Heaven helps the good. You'll be fine. You've worked hard all these years.

Mother ning covered her face and kept shaking her head.

it's all my fault. Maybe it's because they have parents like us who can't do anything and can't protect them while they grow up. Even now, Qingqing has been living such a hard life!

The three of them were silent for a long time, as if they had a lot to say, but they also felt that whatever they wanted to say at this time seemed weak and powerless.

At this moment, the nurse came out again. have the patient's family members arrived yet? "

"How's the situation?" father ning asked hurriedly.

the wounds on his body have been treated, but this person's methods are vicious. The wounds on his hands have affected his muscles, and it may be very difficult to do some delicate work later.

Nian lie was stunned. Gu nanzhi shouted anxiously, " she's a designer. What do you mean by this? "

The nurse was a little frightened. exactly what I said. It's already good enough that her hand can be saved. Also, are you coming or not? if you don't come, she'll miss the best treatment time. She might fall into a long coma because of excessive blood loss.

The situation took a turn for the worse, and even Nian lie was caught off guard.

Mrs. Ning wiped her tears away quickly and rushed over to hold the nurse's hand. I beg you, please! she begged. please save my daughter!

"But Auntie, there's no blood. There's no way to save her."

Mother ning instantly felt despair. A depressing atmosphere enveloped the group of people.

However, at that moment, a person walked over from the other end of the corridor.

That person's figure was graceful, and her voice was as cold and quiet as it was at the beginning. At the end of the sentence, it was extremely cold. Her eyes seemed to be affectionate to everyone, but her face was indifferent and cold.

"I can save her."

## [Chapter 823](#)

823 Gu Nanxi's conjective\_1

The few of them looked in the direction of the voice.

Gu nanzhi recognized him at a glance. why are you here? "

Then, Nian lie saw her clearly, and his face turned cold.

Tina's eyes swept over everyone, and her gaze lingered on the ning family's parents for a moment without changing her tone.

"I'm Rh negative, the same blood type as her."

"....."

Mr. And Mrs. Ning looked at the beautiful woman and asked, " how did you know Qingqing's blood type? " You're Yingluo."

Tina didn't look at them. she doesn't have much time left. Don't waste it.

The nurse nodded. please come with me.

Tina and Gu nanzhi looked at each other, then flitted past Nian lie and left.

Looking at the woman's back, mother ning's mouth moved a few times.

"Who is she?: father ning asked with a frown:

Why did he feel so familiar with Qing Qing?

Gu nanzhi came back to her senses, but her mind was in a mess. She quickly explained the relationship between Tina and ning Qing. Then, she said, " we've been on the road for a whole day. Uncle, aunty, please sit for a while. Don't worry too much.

He helped the two of them to a seat at the side.

Seeing that they were fine, Nian che walked to Nian lie's side and said, " brother, don't worry too much. Sister-in-law will be fine.

Nian lie's throat rolled a few times. The blood on his body had dried up and was dark in color, emitting a faint smell.

He hummed in acknowledgment, seemingly extremely exhausted.

The corridor quieted down as they watched over the person inside.

Tina briefly answered the nurse's question before lying down on the bed and allowing the nurse to apply disinfectant on her wounds.

The needle was inserted into the blood vessel, and red blood flowed into the blood bag.

"....."

Tina's vision began to turn white as she looked up at the cold white light above.

The memories of the past were like a slideshow, spinning, playing, and then slowly moving away.

When Gu nanzhi arrived, she had her eyes closed and her face was pale.

He sat beside her, holding a cup of sugar water in his hand. Hello.

Tina opened her eyes, and there was a hint of confusion in her eyes.

Gu nanzhi handed her the water. She propped herself up and took the water silently.

“Why are you here?” he asked.

“It just so happens.”

In the past, Gu nanzhi had never doubted her motives, because he did not care about her past and future.

But why was it that ning Qing was always involved in her coincidences?

Once or twice, he could pretend he didn't see it.

However, was it a coincidence that he saved her life this time?

He found it ridiculous. do you think I'm easy to fool? Lou si, compared to you questioning my motive for getting close to her, you're actually the more suspicious person?”

Tina was just about to put some water to her mouth when she suddenly stopped.

Her eyes were calm, and her lips were pale. what do you want to say? ”

I want to know what your real purpose in getting close to her is.

Perhaps it was because she had drawn her blood, but Tina could hear her heart beating slower and slower, and she was starting to feel a little dizzy.

She tilted her face. you're being too nosy.

Gu nanzhi knew that from her attitude, it was obvious that she did not want to admit anything.

However, after listening to father ning and mother ning's words, he was almost certain of it.

His face was no longer as frivolous as before, and his blue eyes exuded a faint sense of oppression. just now, uncle and aunty said something about the Ning.

“.....”

“She's not the ning family's biological daughter.”

Gu nanzhi stared at the woman, not letting go of any details or changes.

also, she had a sister who died six years ago.

## [Chapter 824](#)

824 Is this: sign? \_1

Tina's lips unconsciously opened and closed. She brought the cup of water to her lips and took a sip. I'm not interested. she replied coldly.

Gu nanzhi ignored her rejection. Her eyes were a little wet.

Wanwan, I remember that it was six years ago that you appeared in the public using Lou Si's identity.

"....."

"Are you going to tell me that this is also a coincidence?" The man couldn't help but sneer. He was serious and stern. is there really such a coincidence in this world? "

Tina's fingers were slightly numb as she held the paper cup, and she didn't feel much strength when she tightened her grip.

She turned her head and looked at him without a trace of emotion. what do you mean? you think I'm her sister from six years ago? "

Gu Nanxi's eyes almost popped out of their sockets. She clenched her fists tightly. are you not? "

"You have a rich imagination, but I don't have time to talk to you about this kind of melodramatic rich family drama." She sneered.

She put down the paper cup and stepped on the ground.

Gu nanzhi grabbed her arm and stopped her from leaving.

you disappeared for two months. I heard that you've been recuperating in the hospital in secret.

Tina turned around and narrowed her eyes with a cold expression.

"You've planted someone by my side?"

Gu nanzhi did not answer. She stared at her exquisite and perfect face. not only that, I also heard that you were hospitalized because you injured Lou qingyue's hand and forced her to give up the competition. You were tortured, right? "

"....."

Tina pursed her lips but didn't say a word.

Gu nanzhi gave a strange smile, as if she was relieved, but also as if she had an epiphany.

so, those things were true. In order for her to win, you didn't hesitate to pay such a price to injure Lou qingyue.

"You're overthinking it," Tina retorted immediately.

"....."

Lou qingyue withdrew from the competition because the family head knew that she had used underhanded means in the competition. It was the family head's order. It has nothing to do with me.

Gu nanzhi furrowed her eyebrows. Without waiting for him to say anything, she twisted his hand away.

"She's nobody to me. I have no obligation to do this for her."

The woman's expression was really cold, even colder than before.

"If it wasn't for the past, I wouldn't have come today."

Tina tidied up her sleeves and pushed the silent man aside before leaving in her high heels.

The door closed. Gu nanzhi was extremely vexed. She slapped the wall and hurriedly followed him out.

Tina quickly made her way out of the operating room.

She glanced at the red light above her, and ning Qing's mother suddenly walked up to her and held her hand.

Her anxiety and panic were stuck.

"Thank you. You're Tina, right? I'm Qingqing's mother. Thank you for saving our Qingqing time and time again. It was the same three years ago, and it's the same today. If it wasn't for you, Qingqing might have been in danger again."

As she spoke, she bowed with red eyes, her gratitude self-evident.

Tina's hands were burning as a light flashed through her eyes.

"No need," she said.

She then pushed mother ning's hand away.

Mother ning was taken aback. Why was this girl so cold?

Tina ignored the hurt and confused expression in her eyes. I still have things to do, " she said coldly. I'll take my leave first.

Then, it quickly passed by everyone.

Mother ning stood where she was, her hands empty. She maintained the position where she had held Ning Xi's hands just now, and Ning Xi's eyes flashed across her mind.

Tina was indeed a little flustered, most likely because she hadn't been able to hide her emotions from that glance.

So, she walked faster and faster.

However, she had only taken a few steps when she heard the question that made her heart race.

"Is Yingluo Yingyu?"

## [Chapter 825](#)

825 How can: forgive him:

Mother ning's voice trembled, but everyone's attention was on her.

Tina told herself that she was just making a wild guess, and there was no need to take it to heart.

However, his feet seemed to have been rooted in an instant, so heavy that he couldn't lift them at all.

"....."

Mother ning's eyes were filled with tears as she looked at the figure. It was the daughter from her memories, slender and upright!

"Is that you?" she asked again, trembling.

Mr. Ning also looked at the woman with a shocked and complicated expression. Huahua, Huahua, you are Huahua?"

Tina was Lou si, or rather, she was the former ning su. Her eyes, which had remained unmoved for many years, were now filled with a boundless mist, completely covering the reality and the past.

She took a deep breath and suppressed her anger. Her voice was as cold as ice.

"You've got the wrong person,"

There was no emotion in those words, not to mention the sentimentality and reluctance to part with one's family.

There was only a sense of distance and indifference.

Mother ning's heart ached, and she wanted to give chase.

Just then, the door of the operating room opened.

Their attention was instantly taken away as they swarmed to the bed.

Ning Qing's face was pale. The wound on her hand had been treated, but her forehead was wrapped in gauze. She was so fragile that it made one's heart ache.

"Doctor, how's my daughter?" mother ning asked with concern.

the injury has been treated. There's a slight concussion, and the degree of muscle damage on both hands is different, but fortunately, his life is saved. There won't be a big problem for him to wake up in the next twelve hours.

They heaved a sigh of relief and Mr. Ning nodded his head. thank you, doctor. Sorry for the trouble.

The few of them followed the bed and turned around, only to find that the other woman in the corridor was no longer there.

Mother ning was stunned. Father ning allowed them to take ning Qing into the ward. Seeing mother ning not moving, he went up to hold her in his arms.

Mother ning was crying. we're the ones who have let her down! It's been so many years, and she's still alive, but none of us went to find her!"

Father ning's eyes were red and swollen. He hugged her and comforted her.

Mother ning shook her head and cried, " this child has suffered so much. Without us, how did she survive all these years? " She hates us, and ning chengfeng hates us!"

"....."

At the side, Gu nanzhi didn't know how to persuade him. He didn't know how to explain ning SU's current situation to the two elders.

She was no longer ning su.

She was a completely different person.

The heartbroken mother and father ning helped each other up and burst into tears.

Gu Nanyan's heart ached, as if it had been soaked in ice water. She could not breathe freely.

If only they knew that the daughter they had taken care of was the daughter of the head of the Lou family, Qianqian.

If only they knew that Lou qingyue, who had harmed ning Qing, was their daughter's True Blood relative, Yingluo.

If only they knew that it was the Lou family who had pushed the two sisters to their current situation ...

It was too cruel.

It was too cruel.

He didn't know what to say. He couldn't bear to give these two elders a little more pain.

Father ning held mother ning's hand. He was also heartbroken, but he was the head of the family after all. He couldn't be so depressed and sad. He could only comfort his heartbroken wife.

don't be too sad. This child used to be so obedient and sensible. She definitely can't accept us right now, but hane is a good child. She will understand us.

Mrs ning couldn't stop crying. that child has been out there alone for six years. How can he forgive us? "

## [Chapter 826](#)

826 Let's talk about it when Qingqing wakes up \_1

Mr. Ning wiped away his tears. xinsu is a sensible girl. She will understand.

"....."

"Don't cry. Let's go in and see Qingqing."

Ning Xi's mother looked at the empty corridor reluctantly. She understood that she couldn't chase after ning su now, so she could only wipe her face and follow her father into the ward.

In the room, the doctor was explaining the things to take note of in the future. Nian lie was listening attentively at the side. He was even holding a hot towel in his hand and wiping ning Qing's face.

Seeing this, mother ning's mood was indescribable.

"If there's anything, remember to ring the bell. I'll get the nurses to pay more attention," the doctor said when he saw the two elders come in:

thank you, doctor. Mr. Ning nodded.

The doctor left with the two nurses, leaving Nian lie, Nian che, the ning family's parents, and Gu nanzhi at the door.

The atmosphere wasn't too good.

After what had just happened, everyone thought that the two elders were in a sad mood and had no time to think about other things.

However, Mrs ning still kept a straight face. Qingqing is already out. She has seen what she should see. Those who are not important should leave now.

"....."

Nian che carefully turned to look at his brother.

Nian lie's face was cold and his brows were tightly knitted. His lowered gaze was fixed on ning Qing, and he did not move an inch.

Mother ning stepped forward and snatched the towel from his hand.

"I will take care of my own daughter. I don't need you here. Please leave immediately."

She was being very polite, but to Nian lie, it still hurt.

Ning Qing had just gotten out of danger, so why would he want to leave her?

I'll have to trouble uncle and Auntie, " Nian Yu said in: low voice: closing his eyes:

"....."

"I'll go back first, I'll come back later."

He tilted his head, signaling for Nian che to leave.

you don't have to come here anymore. Her father and I will take good care of her. No matter what, Xiao Gu will be here. You're not related to us, so you don't have to visit us every day, " said Mrs. Ning.

Mr. Ning frowned when he heard that. However, she had just been agitated, and he did not want to make her unhappy again. He said to Nian Xi, " you should go back first. It's been a long day. You should change out of your clothes and have a good rest. If there's anything else, we can talk about it after Qingqing wakes up.

ning chengfeng, what did you say? " Mrs. Ning was furious.

Nian che was observant. He agreed with Papa ning and nodded. thank you, uncle. My brother and I will head back first.

Without waiting for Nian lie to reply, he grabbed his arm and dragged him out forcefully.

"....."

Nian Jin looked at the woman on the bed. He wanted to say something, but in the end, he didn't.

Gu nanzhi stuffed her hands into her pockets and leaned against the door. She waited for Nian lie to pass by her and their eyes met.

"Brother, stop looking." Nian che reminded her softly. He retracted the sharp glint in his eyes and turned to leave.

Gu nanzhi looked back and saw mother ning sitting by the bed, her heart aching. She was carefully wiping ning Qing's exposed skin.

There were many words buried in her heart, and she felt flustered.

He sighed softly and said, "I'll go make some food. Uncle, aunty, you guys guard her first. then, he walked out of the ward.

Downstairs, Nian lie's footsteps were steady, each step faster than the last.

Nian che wanted to catch up to him in a small jog and pour out all the questions in his heart.

"Brother, where are you going?"

"What happened two months ago? Why didn't you tell us you were alive?"

"Brother, are you going to find the murderer who killed sister-in-law? Don't worry, I've already told the people below to look for Yingluo."

## [Chapter 827](#)

827 Nian Che's grievance and anger (1)\_1

The person in front suddenly stopped.

He was caught off guard and almost bumped into Nian lie's back.

Nian che was surprised. Nian lie grabbed his collar and asked, "did you send someone to investigate?"

Nian Che's mind went blank. it's Wanwan, yes.

He had caused ning Qing to be in such a state. Even his brother would want to kill the mastermind, let alone him.

Nian lie's dark eyes were deep and turbulent. He said sternly, "you don't have to worry about this. Get your people back.

"....."

He pushed Nian che away and ignored the fact that he almost fell over. He turned around and walked hurriedly to the car parked by the roadside.

Nian Jue steadied himself and watched as Nian lie got into the car. He anxiously rushed over and opened the car door.

"Get out of the car!" Nian lie said coldly as he watched him catch up.

Nian che gritted his teeth. I'm not going down.

Nian che, I'm telling you to get out of the car!

Facing Nian lie's orders, he didn't dare to disobey. However, when he thought of all the suffering and pain he had suffered for the past two months, he mustered up the courage from somewhere and shouted at Nian lie, " get out of the car! Get out of the car! Ever since we met today, I've never been a brother in your eyes. Am I, Nian che, an extra in your eyes?"

As soon as the roar fell, surprise flashed across Nian lie's eyes. There were even more indescribable emotions that were difficult to hide.

"I don't have time to talk to you about this," he said.

"Then what do you want to do? Are you going to disappear for no reason like you did two months ago?"

Nian che recalled everything he had been through in the past two months. He had lost the brother who loved him the most and the pillar of support for his company.

He had been forced to grow up overnight, pushed to the top, to do things that he would never do, and everything was up to him to decide.

How would he know much about the operation and management of a company?

Not to mention that he had left behind such a huge mess after his brother's accident!

Nian Xi's eyes turned red, his chest heaving.

you don't know what I've been through these past two months, Hanhan. I thought you were dead. I didn't know what I could have done. I faced all those people's mockery and the pressure from the outside world alone. There was also the Nian family, and my parents, Hanhan.

The grievances he had suffered for many days were finally released. He pulled his collar, clenched his hair, and tears flowed.

"I never knew that you had to bear all this pressure. After you left, all the pressure fell on me. I haven't had a good night's sleep for the past two months. I've been thinking about how to support the Nian family and our family, which is on the verge of collapse! How can I repay all the things you've done for me all these years!"

Facing his younger brother who was crying, Nian Ying's eyes were deep. The expression in his eyes changed again and again, and a look of heartache flashed past. However, the man who was immersed in his release couldn't see it clearly.

Nian che glared at him hatefully and said, " you didn't say anything and just disappeared for two months. My sister-in-law and I have been looking for you for two months. When we were looking for you, couldn't you have given us some news to let us know that you were safe and sound? " Or do you have any ideas or plans that you don't want to tell us?"

: There are some things that I can't tell you: : he said, his lips tightly pursed:

Nian che gnashed his teeth in hatred. so, is that your motive to watch us search for you like crazy?!

Nian lie wasn't good at explaining things, let alone in front of his younger brother. He was even worse at expressing himself.

there are some things that are better left unknown to you," he said. and the fact that I'm still alive can not be exposed too early.

### [Chapter 828](#)

#### 828 Nian Che's grievance and anger (2)\_1

Nian Che's focus wasn't on the last sentence. He couldn't understand the meaning of 'I'm doing this for your own good'.

In his heart, his brother had hidden everything and lied to him and ning Qing!

"Yes! You always have so many reasons. I can't convince you because I'm stupid and stupid. I can't guess anything!"

Nian Jin was furious and filled with hatred, but more than that, he felt wronged.

you're all treating me like a fool. I don't deserve to know the truth!

With that, he turned to the side of the car window, his heavy breathing rising and falling shoulders. It really made people feel his sadness and grievance.

"....."

"In the eyes of you and mom and dad, I can't do anything well."

Nian che felt like a resentful wife and clearly didn't want to complain like this.

He was very happy that his brother was alive, but he was also annoyed that he kept everything to himself!

His younger brother's words seemed to have pierced into a certain part of Nian lie's heart.

He looked at his brother's trembling shoulders and stubbornly refused to face him.

After a long time, a low sigh was heard in the carriage.

Nian che wanted to say something, but a hand pressed down on his shoulder.

Nian che, you've already done very well.

His body stiffened, unable to believe what he had just heard.

Nian Xi looked at him, his eyes filled with gratitude and admiration.

I've seen everything that you've done. In the past two months, you've been leading Nian Corporation and keeping it in good order. Whether it's with father, mother, or ning Qing, you've handled everything very well.

His tone was very calm, and one could hear that he was very serious and very serious. He was not comforting her, much less joking.

How could Nian che, who had been with him for so many years, not understand?

Did Yingluo finally get her brother's approval?

you're already strong enough," Nian che said seriously. He seemed to know what Nian che was thinking. even without me, you're strong enough to take charge.

From now on, you don't need to rely on anyone.

I also believe that you already have enough ability to face anything that happens in the future."

Her brother's acknowledgment had finally arrived after so many years.

what?" Nian Jin suppressed his anger and turned his head slowly. His voice was trembling. Zhenzhen, are you serious?"

When he saw the seriousness in Nian lie's eyes, a subtle sense of pride and joy exploded in his chest. It was mixed with countless other emotions, stirring his brain into a mess.

He didn't know whether to laugh or cry, but tears once again swept through his eyes.

Tears welled up in Nian Yu's eyes as well. The hand that was patting his shoulder moved up and held the back of his head, pressing on his shoulder.

Hearing his brother's comforting words, Nian che laughed and cried.

Nian lie held his head tightly, giving him encouragement and support.

&Nbsp; yeah.

How could he not have expected such an outcome?

As the president of the Nian Corporation, he was in charge of the economic lifeline of the southeast Region. He had long known how important his existence was.

If he died or disappeared, the entire economic circle would be affected, not to mention the Nian family, which he was directly in charge of.

However, there would come a day when he would no longer be in this world.

If he encountered an accident or something else, how could his pure-hearted Brother Bear the consequences?

He might as well bet the entire Nian family on it.

He gambled that Nian che could save everything.

Fortunately, this kid didn't let him down.

However, the only variable in this incident was ning Qing's injury.

Thinking of this, Nian lie's expression turned cold and hard to hide.

After crying for a while, Nian che felt embarrassed. He pulled himself out of Nian lie's arms and reached for the car door.

Nian lie adjusted his collar. The blood on his body was still difficult for him to accept.

He took out a spare shirt from the back and took off his clothes to change into it.

As Nian che watched him, he inadvertently caught a glimpse of the scar on his stomach.

### [Chapter 829](#)

829 What's with this injury?

"What's wrong with this injury?" he was shocked and pointed at it.

Nian Jin paused for a moment, then put on his shirt and started to button it up one by one.

However, Nian che saw it clearly.

The scar was still a tender red, and it was obvious that it had just healed.

"How did you get injured? Was it caused by that car accident?"

Nian lie didn't want to hear him ask him any more questions, so he responded with a "mm."

Nian Ying panicked. She reached out to lift the corner of his shirt, but Nian lie pushed her away.

"If you want to take off your clothes, go find a woman yourself."

As soon as he said that, the friendly and affectionate atmosphere was instantly shattered.

His brother was still his brother.

It was not fake.

Nian che met Nian lie's icy cold eyes and shivered subconsciously. I just want to take one more look at Huahua.

Nian lie didn't answer, using his actions to reject his approach.

"So: you didn't want to show your face because you were injured in the car accident?" Nian Ying asked after a while:

"....."

Nian lie buttoned the last button and buttoned up his sleeves.

Nian che hated his stubbornness the most. He was so anxious that he wanted to hit him.

"Then answer me, did you arrange the accident?"

"No," Nian Yu replied respectfully.

Nian che heaved a sigh of relief. It means that someone is really targeting you. And now, they're targeting my sister-in-law, aww.

He was deep in thought and didn't notice that Nian Yu's expression had darkened.

"Nian che."

He returned to his senses. what's wrong? ”

“I've said it before. Don't get involved in these things.” Nian Jin buttoned his cufflinks and said to him coldly.

Of course, Nian che was unconvinced. why can't I? My sister-in-law is still lying in the hospital. Those bastards almost let out all her blood!”

Her words pierced Nian lie deeply. His expression darkened.

I'm sorry, brother, ” Nian che muttered guiltily. I didn't protect my sister-in-law well enough.

From the looks of it, his brother must have known that his sister-in-law was back.

The reason why his brother had not sent anyone else to protect ning Qing was probably because he believed that his brother would protect her well.

However, he did not expect that something like this would happen today!

Ning Qing had almost been tortured to death in front of their eyes.

Nian lie's gaze was extremely terrifying. It was his own negligence that had caused ning Qing to be in such a situation.

Looking at his guilty brother, he pursed his thin lips. this has nothing to do with you. Don't think too much.

Nian Ying was stunned. Then, he continued, ” what you need to do is to take good care of the Nian Corporation. You don't need to worry about anything else. You can't do anything about it.

All of a sudden, Nian che felt a sense of fear from his words.

He could feel that his brother was plotting something, but he could not guess why.

It probably had something to do with his and ning Qing's injuries.

Nian che knew Nian lie well. If he didn't want to talk about something, there was no point in him asking.

So, he could only sensibly nod. I understand.

“Go back to the company now and release the news about me,” Nian lie said.

“You want to tell them that you're still alive?”

“Yes.”

Nian Xi frowned. but I've already asked someone to let the news go and even asked the public relations department to respond. You haven't appeared for two months, and the public no longer believes you.

“It's fine,”

Nian lie said in a very obscure manner.

“Some people will believe it.”

That person far away in the capital who wanted him dead would definitely believe him.

are you going to avenge my sister-in-law? ” Nian che asked quietly: knowing that he would never fight a battle without preparation.

“.....”

Nian lie was speechless. Only his dark and cold eyes could give him an answer.

Nian che nodded his head vigorously. alright, brother. Don't worry, I'll definitely support you.

830 I want to see Nian lie: 1:

\*

The next day, ning Qing did not wake up.

Mother ning was so anxious that she was asking the doctor all sorts of questions when the person on the bed made some movements.

“Mother!”

Her weak voice broke mother ning's heart.

“Mom's here!”

She held ning Qing's hand gently, afraid that she would break it if she used too much force.

The doctor gave ning Qing a thorough examination. After confirming that she was fine, the few of them heaved a sigh of relief.

Ning Qing leaned against the bed with her father's help. Her hands were weak, and the wound under the gauze was throbbing in pain.

Mrs ning's heart ached as she looked at her daughter's pale face. it's only been two months since we last met and you're lying in the hospital again. It's a good thing you're fine. If something else had happened to you, what would your father and I have done in the future? ”

Ning Qing moved her fingertips and gently hooked her hand. She squeezed out a pale smile and said, ” mother, this was just an accident. I was careless and unguarded, so I was tied up.

Ning Qing's mother was surprised to hear this. what's going on? ” Who wants to hurt you?”

Was it not because of Nian lie?

Ning Qing was a little dazed, but seeing that they were all looking at her with a serious expression, she did not want to lie.

“It's the Lou family,”

“The Lou family? Is it because of what happened in the competition last time? is that woman still unhappy?”

At the side, Gu nanzhi's expression was indescribable.

Now that things had come to this, it would seem too fake if he said he didn't know anything.

The reason why Lou si had put in so much effort to protect ning Qing was because she was her own sister and also of the Lou family's blood.

Lou qingyue had been targeting her not only because she was an opponent, but also because she would be a threat to her in the future.

To her, both ning Qing and Lou si were.

He had heard about the disputes of the previous generation. Regarding Lou LAN and Lou SI's matter, their family had never stopped. Now, it was finally Lou si and ning Qing's turn.

These things had an impact on these people, but ning Qing still didn't know anything.

She pondered for a moment. probably.

"....."

anyway, she didn't send people to capture me just to teach me a lesson, like she did to Nian lie last time.

At the mention of Nian lie, the few of them felt a little strange.

Ning Qing suddenly remembered the figure she had seen in the fire field with her eyes closed.

She suddenly grabbed mother ning's hand and asked without a care, "who saved me?" Was it Nian lie? He's still alive, right?"

Mother ning grabbed her hand nervously. he's so important. Why are you so anxious? " Don't you want this hand?"

mother, tell me. Is he still alive? " ning Qing asked: holding her up.

Mother ning kept a straight face and did not answer.

Ning Qing looked at her father. father!

Father ning remained silent.

"Gu nanzhi!"

Gu nanzhi was a little confused when she was suddenly called. She looked at father ning and mother ning and nodded to ning Qing's anticipation.

yes, he's still alive. He even successfully saved you from the fire.

The joy came so quickly that it rushed to her head.

It was extremely strange.

"Where is he now?" she asked anxiously. I want to see him!"

Mother ning couldn't bear to see her so agitated, especially for that Nian girl.

“He left right after you finished your surgery last night.”

Ning Qing didn't care about this. then call him here. I have a lot of things to ask him!

For example, why was he still alive? Was he the one who came to see her tonight?
