[Chapter 921](#)

921 How to live happily (1:

Mother ning looked at the position where she had been pushed away, and the tissue in her hand was no longer of any use.

Father ning wasn't surprised at all.

He glanced at the cautious Nian lie, then at the bawling ning Qing, and sighed to himself.

Then, he gave Mrs. Ning a look.

Mother ning understood what he meant and was unwilling to leave. I'll go with her mother to get the doctor," he said directly. you two be careful. Don't touch the wound.

Nian lie agreed immediately. Father ning walked over and dragged mother ning away without giving her a chance to speak.

what are you doing? I have to take care of Qing Qing!

Mother ning, who was dragged out, was not happy and glared at father ning.

Mr. Ning took her hand. can't you see who your daughter is so obsessed with? why are you going in? "

"It's my own daughter, why can't I take care of her?"

let's go. The two of you are talking. Don't be a third wheel," said Mr. Ning, who was too lazy to argue with her.

"....."

"Besides, your daughter doesn't miss you. Don't look for trouble."

Mother ning,"Yingluo."

She peeked through the glass on the door to see what was happening inside.

The man was already holding ning Qing in his arms, his voice soft and gentle. His daughter leaned weakly in his arms, looking like she had someone to rely on.

"Tell me, did we do something wrong?" mother ning sighed, unable to push the door open.

Should she not have pushed ning Qing to Nian lie?

Mr. Ning turned around with his hands behind his back. you're right now. Is there any use? "

Mother ning's face darkened. what do you mean? You think it's all my fault, right? If you didn't say what the Lou family wanted, would I have let them remarry?"

Mr. Ning didn't want to expose her for fear of embarrassing her. yes, I was wrong, okay? "

Mother ning snorted and looked into the room again.

"I wonder if she'll hate our Yingluo when she reminisces about it."

When he heard this, father ning finally looked at her.

After a long time, he finally said, "the children and grandchildren will have their own fortunes. You and I are old bones. We can only do what she wants now. We can't satisfy her past and future.

Mother ning looked worried. Father ning glanced into the ward and asked her, "do you think Qingqing is happy now?"

Mother ning subconsciously replied, "of course, Yingluo."

She stopped halfway.

Mr. Ning knew what she was going to say. that's it. She's happy for now. We can't let her be sad for the rest of her life. he said.

Moreover, she had yet to recall the past.

Mother ning's expression became very complicated. She wanted to refute him, but she couldn't say anything.

if you want to go in, go ahead. I won't stop you," Mr ning said as he turned around to leave.

Mother ning watched him walk away, but she didn't push the door open for a long time.

On the contrary, she left with father ning.

In the ward, Nian Jin wiped ning Qing's tears away and asked nervously, "does your wound hurt?" Just bear with it, mom and dad will call the doctor, he'll be here soon."

She shook her head. She couldn't lift her hands and continued to cry.

Nian lie's usually calm heart was now agitated. He stomped on the ground and said, "I'll go find a doctor.

Ning Qing's hands were weak at first, but when she heard that he was leaving, she moved her fingers with great effort and held onto the corner of his clothes. She said weakly, "don't go, Zhenzhen.

Nian lie's entire body trembled, and the pain in his heart grew.

Ning Qing stammered, "where did you go? I didn't see you when I woke up. I thought I was sorry. I thought I was sorry.

[Chapter 922](#)

922 Silly ah ning, why would I not want you?

Nian lie wrapped his arms around her and pulled her into his embrace. I'm sorry. I went to settle some company matters. I was afraid that I would wake you up in the ward.

She shook her head in his arms. Yueyue, I thought you didn't want me anymore.

Nian lie's heart seemed to have been struck by something.

It was so painful that it felt sour.

He lowered his head and lifted her face up. His voice was so gentle that he was afraid to scare her. silly ah ning, why would I not want you? ”

Ning Qing cried for no reason, and even she herself did not know why.

It seemed that ever since the two of them got together, Yingying had become a little delicate.

This was not her.

However, only the heavens knew that once she saw him, she could no longer pretend to be normal and only hoped to rely on him.

After a long time, ning Qing finally stopped crying.

After crying, she felt a little unnatural when she faced him again.

Nian lie didn't mind. He passed her a glass of water. have some water.

She obediently nodded her head and drank the water.

After a while, she looked at the door and mumbled, "where did mom and dad go? why aren't they back yet?"

Nian lie sat down beside her and studied her face. are you hungry? ”

She shook her head and did not look at him.

Nian lie laughed involuntarily. His dark eyes were teasing. are you shy? ”

“I didn't, Yingluo.”

He did not allow her to avoid him. He carefully avoided her hands and pinched her chin.

“Now you know how to be embarrassed. Why didn't you pay attention when you were acting coquettishly just now?”

Ning Qing's face turned red. what nonsense are you talking about? I don't know if ran ran can understand what you're saying.

“I don't know, huh?”

He moved closer to her, and his handsome face was very close.

“Doctor, come and take a look-”

As the door was pushed open, a familiar voice came.

However, after seeing the situation inside, he stopped abruptly.

“.....”

The atmosphere was very awkward.

No one spoke.

At the door, Mrs. Ning was holding onto one of the doctors, who was followed by a few other doctors, two female nurses, and Mr. Ning. All of them were looking at the two people on the bed.

Ning Qing was already speechless. She wanted to push Nian lie away in exasperation, but her hands were weak. She could only wish she could find a hole to hide in and disappear from this world.

Of all the people present, Nian lie was the calmest.

He was used to all kinds of superficial appearances. Even if people saw him being close to ning Qing, his face was still calm, without a trace of embarrassment.

He naturally let go of ning Qing's hand and spoke in a quiet tone.

"Help her look after her hand."

The attending doctor seemed to wake up from a dream. Oh, okay.

He came to ning Qing's side and began to check her condition.

it's a good thing that you're awake. There's no major problem at the moment. We'll observe you for a while. If there's no problem, you can practice more and do more rehabilitation. Your hand will slowly recover to its original state. The doctor heaved a sigh of relief and said.

Mrs ning was elated. thank you, thank you, doctor!

The doctor said a few more words of advice and nodded respectfully at Nian lie. After getting a response from him, he left the ward as if he had been pardoned.

"I'm almost done, I'm almost done!" Ning Qing's mother was overjoyed. She came to the bedside and said, "Qingqing, did you hear that? Your hand will be fine!"

Ning Qing was touched by her mother's words and felt a little emotional. yes, it's been hard on you, father and mother. I've made you worry.

With tears in her eyes, mother ning gently stroked her head. silly child, what are you saying? You're our precious daughter. We all hope that you'll be well and that such things won't happen again."

[Chapter 923](#)

923 Honeymoon (1:

Ning Qing knew that she was not the only one who had been injured when she had almost been drained of blood. Her parents had been seriously injured as well.

Unable to move, she leaned into her mother's arms and said, "mother, don't worry. I'll be more careful in the future. I won't be hurt by anyone again.

Mother ning patted her back to comfort her.

On the side, Nian lie looked at the mother and daughter who were snuggling up to each other in silence.

In her heart, she made an important decision.

The wind in June was gentle, and the entire Ying city had entered early summer. The sun was not dry.

The hibiscus flowers on both sides of the road were in full bloom. Some of them were already in decline, but it did not prevent people from liking it. Many people used it as a background to take pictures for fun, becoming the happiest time of the day.

Ning Qing was wearing a long floral dress and a thin beige knitted sweater. She walked out of the hospital with her parents and Nian lie.

In the past two months, she had almost never left the hospital.

She had been cooped up in the ward that only smelled of disinfectant every day. It was not easy for her to get a chance to go out for a breather, and she was almost sick from holding it in.

After a month of rest, the medical team in charge of her hand had said that her recovery was going very well and that she could go home and rest. However, her parents and Nian lie were on the same side and didn't allow her to be discharged.

Just like that, she endured and endured until spring was over before she was finally free from the hospital.

Now that she was standing at the door, her body and mind were at ease, and even the gloominess and dissatisfaction of this period of time were blown away by the breeze.

After his men loaded the luggage into the car, Nian lie said a few words to father ning. He turned around and saw ning Qing standing in the wind, her dress fluttering in the wind.

She closed her eyes, and the corners of her lips curved into a faint arc. A breeze passed by, and her waist-long hair fluttered. She was like the purest Angel, capturing his soul.

He couldn't move his eyes away and went straight to her.

Ning Qing heard his footsteps and opened her eyes. She turned to smile at him. it's great to be discharged.

He also relaxed, and his expression was more relaxed than ever.

"It's because you've been in the hospital for too long that you have an opinion."

Ning Qing smacked his hand away and pretended to be unhappy. staying in such a gloomy place every day, I'm going to get moldy.

Such a lively and beautiful her touched his heart even more than before.

Nian lie raised his hand and tucked her loose hair behind his shoulder. alright, it's my fault.

He admitted his " mistake ", and ning Qing glared at him.

"Qingqing, come here and get ready to go back."

yes! father ning called out. Ning Qing replied, " I'll be right there!

She knew that his eyes were still on her face, so she raised her chin proudly. I won't argue with you on account of your apology.

Nian Yu doted on her and played along with her. thank you, ning, for not being angry with me.

She couldn't help but laugh out loud and held his arm.

"Let's go home."

The few of them got into the car one after another and returned to Qing Yuan.

The servants prepared lunch early according to the time.

They returned home, rested for a while, and then ate at the table.

There wasn't much noise at the table, only the occasional conversation between father ning and Nian lie. Mother ning remained silent the entire time, but her expression was calm.

Ning Qing's heart was filled with warmth. This was probably the life she wanted.

However, before she could feel satisfied, she thought of another person.

Ning su.

Their family originally had four people.

It would be great if her sister was here.

A faint sense of disappointment crept into her heart. What she saw was a pair of hands placing a piece of rib into her bowl.

Ning Qing was stunned. She raised her head and looked at Nian lie.

He seemed to know that she was disappointed, and the smile on his lips became gentler. let's eat.

She gathered her thoughts and nodded.

Father ning looked at the two of them. He couldn't tell what was going on between them. They had a tacit understanding. Nian lie was naturally good to ning Qing, but he still felt that something was missing.

He thought for a moment and stopped what he was doing. it's been so long since you two got remarried, " he asked. don't you want to consider going on a honeymoon? "

[Chapter 924](#)

924 Pulling into his arms and holding _1

"Cough cough!"

Ning Qing choked and coughed a few times in a row, attracting the attention of several people.

She held back. it's nothing. It's just that the soup is a little salty.

After that, the bowl of soup was moved away.

“Then I won’t drink it,” Nian lie said.

As he spoke, he ordered someone to bring a glass of water over.

Ning Qing took two sips out of respect, thinking that she could get over the topic. Who knew that father ning was so determined to continue asking questions?

“Look, you two haven’t had a good rest since you got married.”

“Father, I’m just resting in the hospital,” ning Qing said.

Father ning pulled a long face. how can this be? You’re sick, not on vacation.”

Ning Qing was speechless.

“It’s a pain to be sick, not to mention your hand. The doctor said that it’s better to stay in a good mood and in a good environment for recovery.” The more Mr. Ning said, the more he felt that it made sense. if the two of you can take this opportunity to go on a vacation, it’ll be good for your recovery.

Ning Qing was helpless. She wanted to speak, but mother ning spoke first.

Mrs. Ning disagreed. her hand has just recovered and we don’t know what’ll happen to her in the future. It’ll be so tiring for her to go on a vacation. It’s just fun, but it’s actually torture. What if something happens to her hand? ”

Mr. Ning looked at his mother and was silent for a moment. Then, he turned to ning Qing and Nian lie. our opinions don’t matter. What matters is what you two think.

“You ...”

Mother ning was about to make a scene, but she fell silent after father ning glared at her.

Ning Qing pursed her lips. She did not want the atmosphere to be too stiff. father, mother, I think we can arrange for Zhenzhen’s trip, but now is not the right time.

Nian lie had been accompanying her in the hospital all this while. He must have accumulated a lot of work. If he were to go on a vacation again, Nian che and Lu Zhui would probably not be able to take it.

Ning Qing was afraid that her father would overthink it, so she carefully chose her words with a faint smile on her face.

actually, I don’t really care whether it’s a honeymoon or not. The main thing is that we still need to discuss the timing. If you want to go on a vacation, we can do it at any time after that.

don’t you think so, dad? ” she looked at her father with a smile.

What else could father ning say?

He said,”dad thinks it’s a good thing for you to go out and relax since you’ve just recovered from a serious illness, Yingluo.”

He glanced at Nian lie, who hadn’t expressed his opinion from the beginning to the end, and his brows relaxed. forget it. I’ll see what you two think.

Ning Qing was relieved to see that he was not angry. don't worry, I'll discuss it with him.

“.....”

She nudged the man beside her with her elbow.

Nian lie looked up, his thin lips moving. dad, mom, you don't have to worry about this. I'll handle it.

Hearing Nian lie's words, father ning finally nodded.

The topic was left unsettled.

In the afternoon, the two elders accompanied ning Qing for her rehabilitation. After dinner, ning Qing and Nian lie asked them to stay over, but they refused.

Left with no choice, Nian lie asked Lu Zhui to send the two elders back to the ning family.

In the bedroom, ning Qing was sitting on the bed, and the sound of water could be heard from the bathroom.

Not long after, Nian lie came out wearing a loose black silk bathrobe. His short hair was slightly wet, and the open neckline revealed his strong chest. The water droplets that had not dried flowed down his muscles, slid down his abdominal muscles, and disappeared near the vest line.

The woman on the bed was in a daze. He wiped his wet hair messily, threw the towel aside, and pounced on the bed. He pulled her into his arms and kissed her.

[Chapter 925](#)

925 Not: bad suggestion (1:

Ning Qing's eyes widened. She looked at the handsome face in front of her and subconsciously avoided it.

Nian lie didn't allow her to hide. During the two months in the hospital, he couldn't do anything other than kiss and hug her secretly because father ning and mother ning were by his side.

He was feeling a little aggrieved.

He pressed both of her hands down and twisted them between her lips and teeth in a rude yet gentle manner.

“.....”

Ning Qing could feel his impatience and felt a little helpless.

Thinking about his previous frequency, he was probably holding it in for too long, so he let him be.

After the man got her permission, his entire aura changed a lot. His chest pressed on her even harder, as if he didn't allow her to breathe.

She was in a daze, and everything in her mind was in chaos.

“My hand!” She did not forget to remind him when she was in love.

Nian lie's eyes were deep and dark. He held her hands and kissed them gently, his sexy voice spilling out in between.

"I will be careful."

"....."

The night was quiet, but the room was unusually lively.

An hour later, ning Qing's hands and feet were weak, and she could no longer open her eyes.

Nian lie carried her to the bathroom for a quick shower. He placed her on the sofa with the thin blanket, pulled off the unsightly bed sheets, and changed them into a clean one before carrying her back to the bed.

The woman's face was slightly red. Because she had been recuperating in the hospital these days, her face and body had gained some weight. Finally, she was no longer injured.

Nian lie hugged her body lovingly and kissed her eyes, nose, lips, and cheeks repeatedly.

Ning Qing felt ticklish and pushed him away. stop it. I'm sleepy.

Nian lie stopped kissing her. His dark eyes were deep. dad, " he said in a low voice, " your suggestion today is not bad.

"....."

what suggestion? " ning Qing did not think much about it.

After she finished speaking, she opened her eyes and looked at the man above.

She squinted her eyes as the light was a little glaring. what did you say? "

Nian lie leaned forward and changed the color of the lights.

The dim yellow light shone on every corner of the bedroom. It was quiet and peaceful.

I think a honeymoon is a good idea, " he said. you can relax your body and mind. It'll be good for your recovery.

Without the blinding light, ning Qing's eyes became slightly clear.

She was a little surprised. She had thought that he did not take her father's words to heart.

However, since he had already said it, she could not avoid it.

The woman blinked slowly. it's a good suggestion, but you've been taking care of me in the hospital for too long. There must be a lot of things piled up in the company that you need to deal with.

Nian lie's expression seemed to have changed, but it also seemed to have remained the same.

"You think I don't have the time?" he reached out and tapped the tip of her nose, seemingly unintentionally asking.

"I just don't want you to be too tired," ning Qing said honestly.

Nian lie fell silent.

Ning Qing was afraid that she would hurt his feelings, so she quickly changed her mind. I mean, you'll be busy for a while. Zhenzhen, you don't have to worry about the trip. It's not too late for us to plan after you're done with your work.

Nian lie glanced at her indifferently, still not saying a word.

Ning Qing was a little nervous.

He hadn't shown her any expression for a long time, and she felt that he was unhappy with such an expression.

She held his hand under the blanket, a fawning look on her face.

"Look, it'll take some time for my hand to return to its original state. I won't be busy with work."

Now, she was not in a good condition to work.

Although no one on HE's side rushed her, she still needed to find out more about the situation.

She thought, in this state, she was afraid that she could not go back.

[Chapter 926](#)

926 Contence_1

I'm staying at home anyway. I'm not going anywhere. When you're done with your work, we can go on a trip together, okay?"

She rubbed her face against his chest, trying to please him.

Nian lie finally sighed. alright, I'll listen to you.

Ning Qing smiled happily and secretly breathed a sigh of relief.

After they finished talking about business, sleepiness soon came.

Ning Qing couldn't resist her sleepiness. Under Nian lie's gentle coaxing, she closed her eyes and fell asleep again.

"....."

Her even and calm breathing reverberated in Nian lie's chest.

He looked at her like this, his dark eyes surging with emotions, as deep as ink.

When she fell into a deep sleep, he carefully placed her head back on the pillow, tucked her in, and gently got out of bed.

She turned off the table lamp and left the room without a sound.

**

Garden of elegance.

In the courtyard, the sun was warm and the breeze was just right.

In the best location, Ning Qing was lying on a recliner, her eyes curved as she spoke to Yu Shu on the phone.

It's pretty good. My hand is recovering too. It feels pretty good.

That's a good thing, sister Qingqing. I told you that you're a lucky man. Your hand will recover!

Ning Qing smiled. You have a sweet mouth.

Of course not. You're a very intelligent jewelry designer. Without you, it would be a loss to the design industry!

Ning Qing smiled and said nothing.

The two of them chatted happily, relieving her boredom and depression during this period.

Nian Lie had just finished a video conference and was coming downstairs to look for her.

He asked the servants along the way to the courtyard. From afar, he could see a woman lying on a recliner, talking and laughing.

He unconsciously felt much more tired, and the corners of his lips were slightly curved.

He didn't go over immediately. Instead, he stood beside the two servants and listened to her intermittent conversation.

A gust of wind blew past, and the white flowers in the courtyard swayed, forming a wave of balloon flowers. It was a spectacular sight.

"Go get a thin blanket," Nian Lie ordered the servant in a low voice, frowning.

"Yes."

The servant left and returned soon after.

Nian Jin took the blanket from her hands and walked towards the woman in the flowers.

"....."

Ning Qing was still smiling as she listened to Yu Shu talk about interesting things at work.

She heard footsteps behind her.

The shadow quickly fell and blocked her.

A thin blanket covered her legs, covering the chill that rose from the bottom of her feet.

A stunned expression appeared on her beautiful face. "You're done?"

"Sister Qingqing, what did you say?" The person on the other end of the phone asked.

"Nothing," she said awkwardly.

Oh ... Is Mr. Nian beside you? ”

Ning Qing looked at the man who was squatting beside her and smiled sweetly. yes.

“Tsk, tsk, I refuse to show off!”

Yu Shu ridiculed, but she wasn't jealous at all. She was full of envy.

since Mr. Nian is here, I won't hold you up any longer. Goodbye, sister Qingqing.

Without waiting for ning Qing to say anything, he hung up the phone.

She laughed and looked at the man. it's all your fault.

The sudden black pot didn't make Nian lie unhappy.

The man was tall and straight. Even if he was squatting in front of her, his vision was still higher than hers.

He was amused. she was the one who hung up on you. Why are you blaming me? ”

Ning Qing had a childish temper. you're disturbing us.

Nian lie smirked. He wrapped his arms around her and carried her up. Then, he sat down on the recliner and let her sit steadily on his lap.

The blanket fell on the lawn, stirring up a faint fine dust.

Ning Qing panicked and subconsciously wrapped her arms around his neck. When she regained her senses, she glared at him. why are you scaring me?!

...

[Chapter 927](#)

927 I: Nian lie, need you by my side (1:

“.....”

Ning Qing's face burned as she looked at his triumphant smile.

Her legs were spread open and facing him. Sitting on his lap, he was like carrying a child and did not allow her to get off.

Ning Qing was embarrassed and annoyed. She held his shoulder and tried to get up. let me go. Someone's looking at Yingluo.

“There's no one.”

Ning Qing looked at the entrance of the courtyard. As expected, the two servants who had been standing guard there were nowhere to be seen.

Alright.

He had long planned this.

Ning Qing's face burned even hotter. She patted his shoulder lightly. you Rascal.

Nian lie's skin was thick. He held her tightly, his warm breath blowing on her face.

I just want to sit properly and listen to Mrs. Nian's teachings.

"I don't understand what you're saying." Ning Qing's face turned red.

Nian lie's arms exerted force and pressed down on her waist, bringing her closer to him.

"You're just chatting with your friend and you don't like me that much?"

Ning Qing was so close to him that they were inseparable. His heartbeat could even pass through the thin fabric and hit her entire soul.

She wanted to push him and scold him, but she couldn't do or say anything.

Nian Xi blocked her way, not wanting to let her off.

"You're that happy chatting with others?"

"....."

I asked you to work with me. Why aren't you, huh? "

Ning Qing frowned. your work is so boring, and it's all serious business. I can't do anything by your side.

It wasn't like she had never accompanied him.

On the second day of her return, she accompanied him in the study for the entire morning, and it was really boring.

The main reason was that she was exhausted after listening to the reports, documents, and projects.

Ning Qing had a vague feeling that Nian lie had been very busy these few days.

He was busier than ever.

He had coaxed her to sleep the past few nights. Sometimes, she would wake up in the middle of the night to find that he was not there at all.

She had secretly gone to the study room once and found that he was still busy with work. She felt that she had made the right decision not to go on a trip.

Nian lie pinched her face as she was slightly distracted.

"Who said you're useless?"

Ning Qing was stunned. She laughed and said, " I won't help you deal with those things. What's the use of it? "

She didn't know what her tone was like when she said this.

However, to Nian lie's ears, she sounded like she was mocking herself and feeling a little dejected.

After her hand became like this, he was most worried that she would give up on herself.

Now, it seemed that there were really signs of such a thing.

Nian Xi held her face and made her look into his eyes, so that she could see the determination and love in his eyes.

“I don’t need you to help me deal with anything.”

Ning Qing’s eyes froze.

“As long as you sit quietly within my sight, I’ll be very satisfied,” Nian lie said with certainty.

Ning Qing’s eyes flickered, and her heart was filled with emotions.

: What do you mean by that?” she asked despite already knowing what he meant.

Nian lie looked at her seriously, carefully examining every inch of her face. His gaze was gentle yet domineering.

After a long while, he knelt down in defeat.

He let out a sigh of resignation.

ning, what I meant was that you don’t need me, but I need you.

“.....”

He pressed his forehead against hers, and there were no negative emotions in his eyes except for sincerity and helplessness.

“I, Nian lie, need you by my side.”

Ning Qing’s heart skipped a beat when she heard those sweet words.

[Chapter 928](#)

928 The fun between husband and wife (1:

The throbbing numbness spread through her entire body and came very quickly, causing the corners of her eyes to turn red.

She was so touched that she called him, “Nian lie Zhenzhen.”

His voice was hoarse, and his eyes were a little flirtatious, but the trembling when he spoke revealed his nervousness.

“Ning, do you love me?”

Ning Qing smiled emotionally, her eyes bright and lively.

“I, I love you.”

His expression instantly became secretive. He couldn’t hold back his attraction to her, and he didn’t want to hold back either, so he kissed her with all his heart.

How light was this kiss?

It was so light that ning Qing could feel how much he cherished her.

How deep was this kiss?

It was so thick that she forgot herself and her feelings, and she didn't even know when she fell into the cluster of balloon flowers with him.

"....."

As far as the eye could see, there was no one in the exquisite and elegant courtyard. Even the wind couldn't bear to disturb the deep love between the two.

However, even without the interference of the wind, there was a faint movement in the green bushes.

It shook again and again.

It was as if the flowers had come to life.

The flowers trembled and flitted past the White flowers, some light and some heavy. The leaves danced lightly and the petals scattered, covering the ground with a strange fragrance.

"....."

After some time, the man stood up with the woman in his arms.

Ning Qing's legs were sore and weak, and she hung loosely on him, without any strength.

Nian lie tidied himself up a little. He was still the same well-dressed man.

Ning Qing complained in a low voice, only to hear his hearty laughter.

She reached out to pinch him, but it didn't affect him at all.

Nian lie held her in his arms, lifted the thin blanket on her back, and wrapped her up tightly.

"It's so annoying!" Ning Qing said.

Her skirt had been torn by him, so she couldn't wear it. If she went in like this, who wouldn't know what had happened?

Nian lie knew that she was easily embarrassed. His voice was slightly hoarse after the pleasure. hug me tightly.

"....."

He felt a slight pain in his chest and laughed. He lowered his head and deliberately kissed her earlobe again.

"If you don't want people to see you, then bury your head."

"....."

“But don’t be afraid. After all, they know that we are husband and wife, and the fun between husband and wife ...”

Ning Qing was so ruthless this time that he sucked in a breath of cold air in pain and couldn’t help but look stern.

“You want to murder your husband?”

“Don’t say anymore!”

Nian lie’s lips curled into a smile. He was in a pretty good mood.

“If anything happens to me, you’ll be a widow for the rest of your life.”

Ning Qing gritted her teeth, her face red with anger.

She really didn’t know what kind of stimulation he had suffered recently. The things he said and the things he did were getting more and more unrestrained!

He was like a complete hooligan!

Today, he even brought her to walk around the garden.

Ning Qing felt that she had lost her self-control. He had only said that he loved her, and she had lost her way!

She wasn’t like this in the past!

She didn’t say anything. Nian lie thought that she was angry and didn’t dare to provoke her anymore. He carried her upstairs.

The little descendant still refused to speak and even refused to let him help her shower.

Looking at her neck and face, which had turned red from anger, Nian lie raised both his hands and admitted defeat. Okay, okay, okay. I won’t help you. You can go and wash yourself.

“.....”

pay attention to the mud when you wash it. Wash it clean and be careful with your hands. If you really can’t do it, call me Yingluo.

Ning Qing was forced to the point where she had no power to fight back. She angrily picked up a decoration on the side and threw it at him.

Fortunately, Nian lie dodged in time and was not hit.

“Ah ning, do you really want to smash me to death?” he said with a wounded tone.

Ning Qing regretted it as soon as she threw it. That thing was so heavy. If it really hit him, he would bleed even if he didn’t die.

However, since he was fine, she wasn’t worried anymore. She said stubbornly, “ you deserve it. Who asked you to whine? who asked you to whine? ”

929 : 'm angry: I can't coax _1

Nian lie laughed again, and it was a lewd smile that didn't match his strict and Noble self at all.

His eyes turned red again. I what? ”

Ning Qing immediately noticed his strange behavior and did not know where to look.

“Who asked you to seduce me!” She pointed at him and said.

Nian lie was stunned.

He didn't expect that she would say such a word.

Was he trying to seduce her?

After she finished speaking, ning Qing's heart was also in turmoil. She glared at him fiercely and immediately closed the bathroom door.

Nian lie was amused by the sound of the door being locked.

This woman was actually starting to guard against him.

To be honest, he didn't want to do anything to her just now.

If she had not answered his love.

If not for the perfect sunlight.

If it wasn't for the Chinese bellflowers blooming.

He would definitely not mess around.

However, it was useless to say all this.

A certain someone was already angry.

But she clearly liked it too, and it felt very comfortable.

Probably, women were like this, they didn't mean what they said.

After thinking it through, Nian lie stopped feeling conflicted.

His phone, which he had left charging at the head of the bed, rang. Nian lie walked over slowly and picked up the call.

“.....”

“Have you arranged everything after this?” Nian lie asked with a serious face.

I've almost finished arranging everything for the past half a month. I've brought forward everything that I could. Those that I couldn't bring forward have been pushed back or canceled. I've also sent the documents to your study, young master.

Nian Yu nodded. make sure everything is arranged properly. Don't make any mistakes.

"Yes."

After hanging up the phone, Nian lie looked at the crumpled shirt on his body and frowned.

He glanced at the bathroom and finally walked out of the bedroom.

"Get the kitchen to make a ginger jelly and send it up."

yes, young master," the servant replied respectfully.

While waiting for ning Qing, he went back to the study to deal with an urgent document and took a shower, feeling very comfortable.

When he returned to the master bedroom, ning Qing was sitting on the hanging chair with her feet crossed, tasting something in her hands.

Nian lie's heart softened, but that was not the case when ning Qing saw him.

After giving him a look, she didn't talk to him anymore.

"What are you eating?" he asked gently.

She ignored him and picked up the spoon to taste the jelly-like dessert little by little.

It was sweet, Milky, and a little spicy.

It didn't make people feel disgusted.

is it good?" Nian lie asked with a good temper.

"....."

"Do you want to eat something else? the kitchen has made other desserts."

"....."

He asked her patiently, but she didn't answer.

In the end, Nian lie reached out to hug her again, but she saw through him. She raised a foot and stepped on his chest, separating them.

"Stop it. Don't even think about getting close to me."

How could Nian lie be angry at this slightly arrogant woman?

He was helpless. ning, I was talking to you just now.

"I heard you." but I don't want to talk to you," she said confidently.

“What do I have to do to make you listen?”

“I don’t want to care about anything.”

Nian lie really didn’t know what to do with her.

Look at the fair and tender foot on her chest, but she didn’t want him to get close at all.

However, he couldn’t care so much. He grabbed her ankle with one hand and moved up, his whole body approaching her.

...

In this way, ning Qing was pressed down on the hanging chair by him.

She almost dropped the spoon in her hand, and when she came back to her senses, she was about to launch an attack.

“Nian lie, let me go!”

He pressed down on her legs, his palm slowly moving down, a faint smile on his face.

“You’re so angry that I can’t coax you. I can only use this method.”

930 There’s no way out (1:

He closed in on her, pressing her body down until it was twisted, and his smile grew wider.

“Are you going to forgive me?”

Ning Qing could tell from his smile that he was a pervert!

She tried to move her body, but she couldn’t.

“I’m not angry anymore, okay?!” She pouted her red lips as she glared at him fiercely.

Nian lie wasn’t sure of her attitude. really? ”

“.....”

He let go of her, and there was a smile in his eyes.

“Ah ning, you don’t have to be shy or angry about this kind of thing. This is a matter between a man and a woman, not something I can do alone. Only when both of us are happy can it be successful.”

Ning Qing was really convinced.

She really couldn’t understand how he could say such words with such a serious face!

She was speechless. Her face turned from red to green as she gritted her teeth. that’s enough, Wanwan. Stop talking.

Nian lie didn't understand why she had such a reaction, but he continued to analyze his thoughts seriously.

"Although I'm the one who's tired, I'm willing to do so to make you happy."

In this world, there were few people who could make him do things willingly.

ning," he said, "you enjoyed it every time too. Why don't you admit it?"

"....."

Ning Qing's teeth had been crushed, and her earlobes were red as blood. She was so ashamed that she wanted to die.

Finally, a certain someone noticed her change and raised an eyebrow.

"Get lost!"

The result of asking that question was that Nian lie was thrown out of the master bedroom by ning Qing.

Nian lie looked at the servant standing by the door. He retracted his gaze unnaturally. He lowered his voice and said to the person inside, "ah ning, open the door.

"Get lost! I don't want to see you!"

This roar was loud enough that everyone could hear it.

Nian lie's gaze turned unnatural. He knocked on the door. stop fooling around. Let me in.

"....."

There was no sound.

He felt a little awkward.

He had never been so embarrassed in his life.

The servants saw him being chased out.

He didn't want to think about anything else now. He knocked on the door and begged uncomfortably. ah ning, I know I was wrong. Open the door first. I'll apologize to you later, okay?"

"....."

"It's my fault, I shouldn't have said those words. If you want to be angry, you can hit me or scold me, but don't close the door and sulk, okay? Don't make yourself so angry."

The servant,"Yingluo."

May I ask, in this situation, should they play dead or help?

However, the door remained unmoved even after President Nian lowered his status and coaxed her for a long time.

When Lu Zhui came to deliver the documents, he saw Nian lie standing guard at the door. He was dumbfounded. young master, what are you doing? ”

One of the servants had been holding it in for a long time. Finally, he couldn't hold it in any longer. He said to Lu Zhui, ” Sir made a mistake and was chased out by Madam. So, Sir kept apologizing at the door. However, Madam still didn't let him in.

Lu Zhui's three views were almost shattered.

His young master had made a mistake and was chased out of the bedroom. There was no way out of this situation!

“Puchi ...”

He couldn't help but laugh out loud. A cold look shot at him, and he was so scared that he immediately retracted his expression and nodded respectfully. young master, there's an urgent document for you to deal with.

Nian lie looked at the tightly shut door and felt weak in his heart.

ah ning, if you're angry, then drag the servant in and give her a lesson. Don't be angry with yourself. I have some work to deal with. I'll come back after I'm done.

Lu Zhui, ”Yingluo.”

The servants, ”Yingluo.”

This was really a case of everything having its weakness.

Their boss was completely controlled by the madam without any hesitation.

But what had the servants done wrong? why did they have to take the blame for him?

Everyone was silent, feeling both amused and confused.
