[Chapter 951](#)

951 Do I have: choice (1:

Ning Qing's heart was at ease when she heard his tone warm up.

"I won't do it again," she said.

Gu nanzhi did not say anything. She stood up. I'll get the servant to bring you some food.

"Why are you and Li Miao getting engaged again?" ning Qing saw that he was about to leave, and it seemed that something was different.

Gu nanzhi stood rooted to the ground and remained silent for a long time.

"Nan Yan: : ning Qing called him.

He said calmly, " after I returned to the country, the old man's health was very poor. He was preparing to arrange for the inheritance. I went to see him and knew that he intended to arrange for me to be the heir. However, he was afraid that I would hate the Gu family and the Gu family. He was afraid that I would be tied down by marriage with the Li family to restrict my final power.

"....."

"I only have two choices. Either I marry Li Miao and inherit the Gu family, or I give up the inheritance."

However, it was impossible to give up the right of inheritance.

He did hate the Gu family, but it was far from the point of destruction.

However, it was not the same for his two brothers.

If he didn't take control of the Gu family, he might be the one to die in the end.

He had no choice.

Ning Qing didn't expect this to be the inside story. so you chose to inherit it? "

Gu nanzhi turned around and looked at her from a distance. She said in a flat tone, " do you think I have a choice? "

Ning Qing was speechless.

He suddenly laughed, and his eyes were warm, as if there was something in them.

With his hands in his pockets, his posture was lazy, and his eyes were not serious.

"Don't worry, I didn't accept Li Miao out of spite. The old man said that she's not bad and is suitable to be a granddaughter-in-law. She's sincere to me and she's also accommodating to me. There won't be any problems in my marriage life in the future."

"....."

“You know me. You can see that I’m trying to accept her.”

Ning Qing felt more and more depressed as she listened to these words.

She clenched her fists under the blanket. do you like her? ”

Under the shadow of the lamp, the smile on Gu nanzhi’s lips became unreal.

It seemed like he was smiling, but it also seemed like he wasn’t.

feelings can be cultivated. Just because you don’t like her now doesn’t mean you won’t in the future.

Such calmness made ning Qing unable to ask any further.

Gu nanzhi had also lost the courage to face her. She said, ” I’ll get him to take care of you. then, she opened the door and walked out.

Ning Qing lowered her eyes, thinking about what he had just said, and her mind was in a mess.

He was even more exhausted.

In the end, it was indeed Nian lie who delivered the food.

He took a shower and changed into clean home clothes. He was no longer as dejected and disheveled as before, but his face still did not have much life.

He slowly walked to ning Qing’s bedside. She knew it was him and looked over.

Meeting her gaze, he subconsciously lowered his voice. ah ning, I just wanted to see you. Don’t be angry, you’re still sick.

He rarely had such a humble attitude, let alone speak to her so carefully.

Ning Qing’s heart ached. She turned her face away. just leave it.

Nian lie hesitated. He placed the tray on the bedside table, pulled a chair over, and sat down.

He was observing her expression with every movement he made.

It was still alright.

She did not resist strongly.

Nian lie heaved a sigh of relief. He laughed at his cowardice in his heart. it’s not convenient for you to use your hand. Let me help you, ” he said.

“.....”

He picked up the bowl. There was a light and nutritious porridge in it. The doctor said that she should eat liquid food to nourish her stomach.

With the spoon by her lips, ning Qing pursed her lips. She caught a glimpse of his enthusiasm from the corner of her eye, but she did not reject him in the end.

These past few days, the two of them had not had a good time.

Especially after today.

“.....”

Nian lie doted on her, but he felt even more guilty.

[Chapter 952](#)

952 What should she do if she regrets it (1)

He now knew how much she cared about the child and what he had lost from all that he had done in the past.

He resented, he regretted, he hated.

However, he had no place to take root. In the end, he could only hate himself.

Ning Qing's appetite wasn't very good. She had only finished half a bowl of porridge and refused to eat it.

“Drink a little more, you're sick too.”

“I can't drink it.” Ning Qing tilted her head and refused.

“Ning, be good.”

He was begging her again, and her cold heart couldn't take it anymore. She drank two more mouthfuls as he moved. enough, spit it out.

Nian lie was a little disappointed at her perfunctory reply, but he didn't dare to say anything else for fear of startling her.

After putting away the bowls and chopsticks, the two of them faced each other in silence.

The silence sent a chill down Nian lie's spine.

“I'm going out for a while,” he said.

“Nian lie: : ning Qing called out to him in a hoarse voice as she watched his messy steps:

His tall figure froze. When he turned around, he had a nervous smile on his face. what's wrong? ”

“Sit down.”

“.....”

what's wrong? ” he was inexplicably frightened. Under her almost cold gaze, he said, ” I'll hand over the plate.

After he left the house, he quickly went downstairs, handed the things in his hands to the servant, and quickly returned.

However, in the dark stairwell, his back was bent, and he clenched one hand into a fist and smashed it against the wall.

The shadow poured over his head, and his lowered face was full of pain.

Was she regretting it?

She regretted being with him, she regretted remarrying him, and she regretted everything that had happened these days.

If she really said that she regretted it, what should he do?

No, he could not do anything.

Everyone thought that he was the one who controlled everything between him and ning Qing. Whether they were together or separated, it was all his fault.

However, only he, who was in the dark, knew that he felt inferior, sad, and uneasy because of her.

She was the one controlling him.

She was the one who controlled everything about him.

He had never had the initiative.

“.....”

A deep pain came from his chest, stirring up the coldness in his body and making him cough desperately!

The servant came over when she heard the noise. Looking at the man who had retreated, she hesitated and asked, “ Mr. Nian, are you alright? ”

Nian lie waved at her, coughing non-stop.

The maid panicked. you were caught in the rain earlier. You must have caught a cold. I’ll call the doctor over.

His face turned red and he covered his mouth with his hand. He tried his best to restrain himself and forced out a sentence.

The servant paused.

“Go, don’t worry about me,” he said in a hoarse voice.

“But Yingluo”

“Go away!”

The servant was shocked and quickly said yes.

After she left, Nian Ying changed his position and leaned against the wall. It seemed like he could only support himself with the strength of the wall.

“.....”

It took a long time, so long that his body stiffened and the tears in his eyes fell.

Only then did he pick up his pace again and walk to the door.

He deliberately put on a relaxed posture.

He pushed the door open.

“I’m back,”

Ning Qing, who was drowsy on the bed, was woken up by him.

“Did I wake you up?” Nian lie asked.

Ning Qing shook her head and pointed to the chair next to her. sit down.

Nian lie followed her instructions and walked over.

“.....”

After a long silence, ning Qing did not speak.

...

Nian lie’s heart contracted, and he felt a dull pain.

ning, it’s getting late, ” he said tentatively. if you haven’t thought it through, you should rest first.

“.....”

I won’t leave. Don’t worry. I’ll listen to you whenever you want to tell me.

[Chapter 953](#)

953 What she needs is respect and trust (1:

Ning Qing’s gaze moved up from the blanket to his face.

According to him, he was the man she had loved for almost seven years.

It had been seven years.

He didn’t know how long it had been since he had come of age.

What she remembered and what she didn’t seem to remember seemed to be this long and endless time.

If she had not experienced it herself, she would not have believed that a person could really love another person for so long.

“Nian lie, what exactly are you hiding in your heart?” she asked in a daze, staring at him with her dull eyes.

The man was shocked and his body turned cold.

Ning Qing continued. you’ve never been willing to tell me what you’re thinking about or what secrets you’re hiding. Whether it’s before or after our marriage.

Nian Jin was flustered. ning, I don't have Qianqian.

"You don't."

Ning Qing's eyes were indifferent, like a dead and quiet lake, without any ripples.

you're just controlling me one-sided. You want me to accept what you think is good for me and block those that are bad for me.

Nian lie's eyes flickered with all his might. I just want to make you happy.

then why do you think that I'll be happy if I get to know the good ones? " ning Qing said lightly.

Nian lie was speechless. His heart felt like it was being crushed by a heavy hammer. He felt suffocated and dizzy.

He wanted to get rid of this feeling, but in order to stay awake, he had to clench his palm and let the pain maintain his rationality.

Ning Qing was completely unaware of this.

I'm with you now. Do you understand what it means to be together? "

"....."

She was a little upset and her voice was choked. you said that you love me and the thing you should do the most is to respect me and trust me. But all these days, all you've given me was because you were angry and didn't care about my feelings. You didn't listen to my explanation and twisted my words and things. You even misunderstood that there was something between Nan Zhi and me.

Ning Qing smiled, but her heart was tired and bitter.

She had explained it to him so many times, but he still doubted her.

When she came to the United States to look for Gu nanzhi, the anger in his heart had become stronger and stronger. However, not only was he unwilling to tell her, but he also gave her the cold shoulder.

Thinking of the pain she had suffered these past two days, ning Qing felt pain even when she breathed.

Nian Ying was flustered. ning, I'm not! I'm just angry that you trust him too much. I, Hanhan, only saw that you were too good to her, but I, Hanhan, I didn't dare to tell you. I thought I could digest these negative emotions and I didn't want to let myself affect you like this. I thought I could!"

Ning Qing's emotions surged, feeling helpless and heartbroken.

"Nian lie, why don't you understand? it's easy for two people to fall in love, but it's hard for them to stay together. You still care about me, but why can't you tell me? If you mind me looking for him or caring about him, you can tell me. But do you know what you've been doing these past few days?"

Nian lie's head was hot, but his hands and body were cold.

His eyes darted around as he adjusted his memory back to the past few days. After carefully observing every frame, he suddenly realized that he seemed to have made a mistake again!

The man held his head in his hands, his eyes red. I'm sorry, ning.

How could ning Qing not feel heartache when she saw him in such pain?

However, she didn't reach out to comfort him, nor did she reveal too much pain in her heart.

He was calm and serious.

I don't need your apology, because every time you apologize, it only proves that you've repeatedly made arbitrary decisions to hurt me and our relationship, but you don't know what you're doing wrong, and you've never changed.

[Chapter 954](#)

954 The problem only lies with you and me (1)

"....."

Faced with such a bone-chilling accusation, even an apology from Nian Yu was a dream.

Ning Qing couldn't tell if she was disappointed in him or what, but her eyes became hollow.

Nian lie, we've been going around in circles for almost seven years. In these seven years, I've loved, hated, and despaired. Even today, I'm still with you.

"....."

She revealed a mocking smile, but it was quickly replaced by bitterness.

to be honest, when I think about those things, I still find it unbelievable. How can a woman still be entangled with the same person after so much pain and hurt? "

"....."

"These few days, I've been thinking, did I make the wrong choice? I shouldn't have agreed to be with you when I wasn't determined? I'm afraid that I'll make the same mistake again. I'm afraid every day."

He didn't know anything.

He didn't know that she had long been traumatized. Once he treated her the slightest bit badly, her negative thoughts would continue to swell.

I consoled myself that you love me, that you'll be good to me, that you won't abandon me like you used to. I lied to myself so much that I almost believed Yingluo, but now I know I'm just lying to myself.

"....."

whenever there's any trouble between us, you're not willing to believe me or tell me your thoughts, even if you know that I'm only seeing that child to make myself feel at ease.

After she finished speaking, her tears fell.

Nian lie's heart ached so much that it exploded. He squatted on the ground and reached out to hold her hand. The cold touch made his heart ache even more.

“Ning, I was angry at first. I was angry that you thought I didn’t want to see that child. I did! How could I not want to see him? He was our child!”

Ning Qing closed her eyes, as if doing so would prevent her tears from falling.

Nian lie squeezed her hand tightly, gathering all the strength in his body. His hand that was holding hers was extremely gentle, afraid that he would hurt her!

“I’m just angry that you thought I didn’t like him and didn’t want to see him without asking me. I didn’t want to make you sad.”

“.....”

that night, you didn’t ask me, ignored me, and didn’t tell me that you were with Gu nanzhi. After you came to America, I was angry that you didn’t tell me anything. I was just angry!

Ning Qing suppressed her grief and looked down at him. since you care, why didn’t you say it? ” You think I don’t care about what you think?”

Nian lie’s eyes wavered. He gave in to his fate. no, I don’t like it when you’re with Gu nanzhi!

I’ve never liked it!

“I understand how you feel about him, but I don’t believe him!”

She wiped the tears from her face. the problem isn’t with Gu nanzhi or the child. It’s with you and me.

“.....”

“I think you and I both need time to think about how to get along in the future.”

“Ah ning, Jian Jia”

Ning Qing fell silent and did not want to explain anything anymore.

“I’m tired,” she said.

“Ning, are you still mad at me?” Nian Ying was stunned.

Ning Qing shook her head. I’ve said what I needed to say, and I understand how you feel. It’s too late, and we need to rest. We also need time to sort out what we’ve said today.

Nian Xi was stunned. He didn’t dare to guess what she meant by being so calm.

“Go and call the doctor,” ning Qing said.

He lowered his eyes and realized that the drip had been finished. He did not know when, but half of the blood had returned to the drip tube.

His heart ached even more, and he didn’t know what to say. He could only nod and rush out.

[Chapter 955](#)

955 Do whatever you want to do (1:

Not long after, the doctor came. After removing the needle, he reminded her of some things to take note of.

Ning Qing nodded. thank you. You've worked hard.

The doctor shook his head and stopped when he walked past Nian lie.

The man was in a daze and his expression was terrible.

The doctor hesitated for two seconds. Sir, I see that you don't look too good. You must have caught a cold from the rain today. It's best for you to take some medicine and stay in bed to recuperate like this lady. Otherwise, it's easy to cause lung infection.

Lazily, Nian Xi didn't even raise an eyebrow.

"Can: trouble you to prescribe him some medicine?: ning Qing asked before she could lie down:

Nian lie's entire body trembled as he looked at her earnestly.

Ning Qing did not look him in the eye. She told the doctor, " treat me properly. I'll be fine.

The doctor nodded. Sir, please follow me.

"....."

Nian Xi moved his lips, but ning Qing had already laid down and was ready to ignore him.

His eyes dimmed, but he still obediently followed the doctor and left.

"....."

On the bed, ning Qing's back was facing the door, and her eyes were full of waves.

After a deep sigh, she was exhausted and closed her eyes.

"....."

At the door, Gu nanzhi was dressed in her pajamas. She crossed her arms and her face was expressionless.

The doctor greeted him, and he nodded to show that he heard him. He then looked at Nian lie indifferently.

The man did not look at him.

His tone was neither sinister nor positive. you'd better get a check-up quickly. If anything happens to you in my Gu family, someone will come to me for it.

Nian Xi stopped in her tracks and gave him a sidelong glance, then followed the doctor downstairs.

"Sir, miss Ning has taken her medicine and is asleep."

The maid reported.

Gu nanzhi retracted her gaze from the man's back and said in a calm tone, " guard her well and pay attention to her situation tonight.

"Yes."

Gu nanzhi's expression was awkward as she turned around and left.

Downstairs, after the doctor finished examining Nian lie, he requested that he stay in bed and put him on an IV drip.

However, Nian lie didn't agree and only asked him to prescribe medicine.

The doctor could tell that he was not to be trifled with, so he did not dare to make any more requests.

Nian lie asked for a glass of cold water from someone downstairs. He swallowed the medicine along with it and slowly made his way up to the second floor.

As he passed by the door of ning Qing's room, he thought about what she had just said, and his expression was unclear.

The servant was a little nervous. He had been standing there for almost five minutes. Just as she was about to go up and ask, the man said hoarsely, " please pay more attention to her situation at night. Call me if there's anything.

The servant trembled with fear. alright.

Nian lie moved to the next room.

He didn't turn on the lights in the dark room.

Following her memory, she walked to the bed with messy steps and fell on the bed. She didn't cover herself with the blanket, or rather, she didn't have the strength to do so.

He had been too emotional when he had been talking to ning Qing and had not felt anything wrong with himself.

Now that it had quieted down, Nian lie realized that his head was on fire. His forehead and his entire body were burning, and his throat was almost burned through.

"....."

He turned over with difficulty, his arms covering his eyes, and fell asleep in a daze.

**

Nian Xi was sick.

She was very seriously ill, even more so than ning Qing.

He didn't want to receive treatment, so Gu nanzhi led her men and pressed him down on the bed. After mocking him with cold words for a long time, Nian lie finally gave up struggling.

In fact, this was the first time he had been so weak, and struggling was meaningless.

you're a man. It's fine if you're so sick. Why? do you want to infect her again because you see that she's getting better?"

"....."

Gu nanzhi looked at the half-dead man and sneered: it's not that you can't. She's not my wife anyway. You can do whatever you want.

[Chapter 956](#)

956 Help me take care of her for: few days (1:

He beckoned to his subordinates, and the two of them let go of Nian lie's hands.

Nian lie was lying on the bed, panting heavily. His face was abnormally red.

He stopped struggling.

Gu nanzhi snorted and almost rolled her eyes. you should just stay here. I'm an upright person and I don't have the mood to take advantage of others.

With that, he turned around to leave.

"Gu nanzhi."

A hoarse and unpleasant voice called out to him.

He turned around in a bad mood, his tone a little aggressive. what?"

Did he have to be involved in the conflict between the couple?

Nian lie's entire body was burning, and his black eyes were red.

Gu nanzhi was getting impatient. She wanted to leave immediately. However, she heard him say, " help me take care of her for a few days.

"....."

Even Gu nanzhi was shocked by his attitude.

He looked down at her arrogantly. are you begging me?"

Nian Yu was sick, but the fierceness in his eyes was even more intense. It flashed by so quickly that no one could catch it.

He gritted his teeth, and his breathing caused a sharp pain in his chest.

Hanhan is depressed and sick. She must want to go out, but you can't let her out. The wind is bad for her health. When you have time, Hanhan should go to her room and accompany her more.

"....."

Gu nanzhi couldn't believe her ears. He was telling her about ning Qing so weakly, and he felt a little frightened.

However,

He was so sick that he was half-dead, and Gu nanzhi was too lazy to make things difficult for him.

“I don’t need you to teach me how to do things. Just mind your own business.”

Nian lie wanted to get up, but he really didn’t have any strength.

He closed his eyes, as if he had endured everything before exhaling a hot breath.

“She trusts you.”

“.....”

“In here, she only believes in you.”

These few words were like taking his life.

Nian Xi suppressed the metallic taste in his throat. don’t let anyone get close to her. She’ll feel uneasy.

“.....”

Tsk tsk.

This person was really annoying.

Even now, he still wanted to show off his understanding of ning Qing.

Gu nanzhi wanted to give him a punch, but after realizing that he was serious, he pulled a long face. I hate it when others teach me how to do things, especially you.

“.....”

He walked away without looking back.

As Nian lie watched him disappear out of the door, he finally relaxed his body and heart.

However, not long after, his expression gradually lost control, and his chest heaved up and down in pain.

*

In the following week, Nian lie and ning Qing were separated by a wall as they received treatment.

Ning Qing had never asked about Nian lie’s situation. She had thought that he had listened to her and did not dare to disturb her again.

She also took advantage of the treatment time to sort out her mood.

She was not seriously ill and was treated in time, so she was almost fully recovered in a week.

However, it would take time for her heart to heal.

*

One night, in a dark corner of the house, a slender figure was reflected on the window.

In the dim night, it looked strange.

“How long are you going to hide?”

A person walked out of the dark corridor.

It was Gu nanzhi, who was holding a glass of wine.

The woman leaning against the window was in a casual posture. She held a spark in one hand and breathed out white smoke.

It was actually Lou si, whom he had not seen for a long time!

She didn't answer his question. it's fine as long as she's recovered, ” she said elegantly.

...

you've been hiding here for a few months, ” Gu nanzhi said. if the Lou family sends more people, I won't be able to hide you anymore.

Lou Si's beautiful face was still cold, ” up to you.

Gu nanzhi did not like her personality. She was too cold.

“Everyone is looking for you.”

“.....”

“Including her, who is living here now.”

When Lou si heard this, her eyes turned cold as she looked into the pitch-black night. In the manor, there were people holding up flashlights and patrolling around.

[Chapter 957](#)

957 The sisters finally meet (1:

She knew all about it.

Although ning Qing had listened to Nian lie and not come to disturb her for the time being, she had been secretly sending people to look for her.

Of course, she did not know that she was no longer in the country.

Because of Lou Lan's disappearance, half of the people in the Lou family were controlled by Lou si and Lou qingyue. They encouraged, bribed, and brainwashed the others. They also secretly sent people to capture her.

In the current situation, she couldn't and didn't dare to show her face.

Gu nanzhi crossed her arms and leaned against the wall. I don't understand. You're her sister. Can't you meet her openly? why do you have to be like a thief every night? ”

Lou si really hated this mouth of his. Even if he said good things, they were still unpleasant to hear.

She blew out a puff of smoke. it's not your fault.

"You're living in my territory, yet you have the nerve to say that it's none of my business."

"....."

He was annoyed by her indifferent attitude and reached out to snatch the cigarette from her hand.

"Alright, alright. Why are you so depressed? it's as if I owe you something."

Lou si cast a sidelong glance at him as he threw the cigarette on the ground and used the tip of his shoe to rub against it repeatedly until the sparks were extinguished.

I don't care about you. She's already recovered anyway. She'll be leaving in two days after the contract is settled. If you want to keep it in and not see her, then so be it. Don't blame me for not reminding you.

"....."

Gu nanzhi yawned. I'm going to sleep. Bye.

Lou si ignored him.

Before he left, he looked at her deeply and turned to leave.

Lou si stood there with her clear and gentle eyes in a daze. It was unknown what she was thinking.

"....."

The night wind made her arms cold, but she did not move at all, as if she was not afraid of the cold at all.

*

After another two days, ning Qing was completely well.

She felt that there was something wrong with her.

In the middle of the night, she kept feeling like someone was walking around her, his deep and complicated gaze making her breathless.

At first, she had thought that it was Nian lie, but she later realized that it wasn't.

She had also asked the servants, and they all said that no one had come to her room except for Gu nanzhi and the doctor.

Ning Qing did not believe it.

Hence, that night, she pretended to be asleep and waited for the man to come.

It was 12 o'clock at night, the moon was bright and the stars were sparse.

In a daze, ning Qing was about to fall asleep when the door opened gently.

She woke up immediately and pretended to be asleep, waiting for the man to walk to her side.

Not long after, a dull sigh could be heard.

A woman?

Lou Yuan lowered her eyes and stared at the familiar face. Her heart was filled with emotions.

She stared at her for a long time and caressed the side of her face. after so many things, " she muttered to herself, " he let you down, but you're with him again. Is this your fate? "

"....."

The moment she spoke, ning Qing's body froze.

This was Yingluo's sister!

Why was she at the Gu residence?

Lou Yuan's eyes were filled with sorrow, but there was also some hatred and resentment that could not be distinguished.

so much of the past has been piled up together. Why don't you feel pain? why do you still want to be with him, huh? "

"....."

"Qing 'er, I want to take you away."

The coldness in her eyes faded, leaving only a strange gentleness and tenderness.

Her sister, the sister she had doted on since she was young, the sister who had never been hurt, Yingluo, was hurt from the inside out because of that man.

"If I had been tougher three years ago and didn't indulge your willfulness, things probably wouldn't have turned out this way."

Ning Qing couldn't control herself, and her whole body trembled.

Did Yueyue come to find her three years ago?

When was this?

Her thoughts were muddled, and suddenly, a ray of light appeared.

Three years ago

She was that strange woman?

...

The woman who had brought the news of Nian lie's divorce and asked if she wanted to leave with her?

Lou Si's feelings for ning Qing were actually very complicated. On one hand, she was resentful, but on the other, she couldn't help but feel heartache.

Just as she was about to say something, she looked up inadvertently and saw ning Qing's trembling eyelashes.

“!”

Her eyes focused, and she stood up without hesitation and rushed to the door.

Ning Qing lifted the blanket and propped her upper body up. Her expression was sad. sister, don't go!

[Chapter 958](#)

958 It's adopted _1

“.....”

Lou Si's figure didn't stop.

Ning Qing's nails dug into her flesh and she choked, “didn't you say you were going to take me away?”
Now that you've seen me, why are you hiding? Are you going to leave me behind again?”

The woman stopped in her tracks.

Ning Qing's entire body trembled. She jumped off the bed, her legs weak.

“Why are you hiding from me? You're not willing to forgive me, right?”

She did not know how much she had missed her!

He didn't even know how happy she was to be alive!

Lou Yuan's hands, which were hanging by her sides, trembled, but she quickly calmed down.

“You've got the wrong person,”

There were tears in ning Qing's eyes. you're still denying it now. Do you think we can erase our relationship just because you deny it? ”

Even if the two of them were dead, blood and kinship could not be severed!

Lou si took a deep breath and turned around to face her.

Her face was cold. I told you long ago that ning su is dead. The woman standing in front of you is Lou si, the daughter of the head of the Lou family, Lou LAN.

Ning Qing shook her head and walked up to her with messy steps.

The moment she saw her face clearly, her heart ached.

“No matter how many names you change, no matter who you are, no matter what you become, you will always be my sister!”

“I'm not.” Lou Si's chin trembled slightly but she firmly denied it.

“You are!”

Ning Qing grabbed her wrist, her eyes brimming with tears.

“Why don't you admit it? Is it because you're still blaming me?”

“.....”

Lou Si was very calm, so cold that one couldn't detect any emotions.

“You're too emotional.”

“Then tell me, why are you unwilling to acknowledge me?”

“.....”

Lou Si's eyes flickered as she looked at her younger sister, whose face was already covered in tears.

“I can acknowledge you.”

Ning Qing was stunned. really? ”

Without waiting for her to say anything, Lou si said, “ come with me. Follow me back to the Lou family. I'll immediately acknowledge your identity to the public.

Ning Qing was in disbelief, as if she didn't understand what she was saying.

what do you mean by acknowledging that I'm your sister? as long as you acknowledge it, it's fine!

Lou si could guess what had happened when she saw mo tiange's clueless expression.

She was afraid that no one had told her about her birth.

Lou si pursed her lips and stared at her pale face.

“Ning Qing, if you want to be my sister, sure. If you come with me, I'll acknowledge you. If you don't want to, then there's nothing to say between us.”

His cold and emotionless words deeply hurt ning Qing.

“Sister, what are you talking about?”

She pulled Lou Si's hand tightly. do you know how sad mom and dad have been all these years? If they knew that you were still alive, they would be very happy. You should come back to our home with me, Yingluo!”

“Home? You mean Ying city?”

Lou si laughed coldly as she pushed mo tiange's hand away. Her gaze was like a venomous knife.

“Ning Qing, that was never my home.”

Ning Qing's expression was indescribable. She couldn't believe that such heartless words had come from the gentle and kind ning su.

“To be exact, that place isn't your home,” the woman said coldly, not caring how devastated she was.

Ning Qing's body trembled and she looked at her in confusion.

Lou Yuan's face was expressionless. your mother is infertile. She adopted you and me at the welfare Center. They have no blood relations with us.

There was a buzz in ning Qing's ear, and her expression was dull.

It took her a long time to find her voice.

"What do you mean by not being related by blood, Yingluo?"

Lou Si's tone was calm. Perhaps she was already numb to it. She explained, "you and I are adopted. Do you understand?"

959 Why do you have to hide it from me?

Ning Qing's legs went soft and she fell to the ground, her face full of disbelief. how is that possible, ran ran? how can I be adopted? "Mom and dad love me so much, it's impossible, Yingluo."

Lou si suppressed the urge to help her up and even more hurtful words were about to come out of her mouth. However, she couldn't bear to do so, so she changed her words.

"You should have seen it during the blood transfusion, ning Qing. You've been too naive."

"....."

if they are your biological parents, why didn't any of them transfuse blood to you before I came?"

Ning Qing's entire body trembled, and her thoughts were completely emptied. Her chest was in so much pain that she clenched it tightly.

"....."

Lou si turned her face away and listened to her every word "impossible". She knew that she had subverted her entire world.

She might hate her in the future.

But she had no other choice.

Lou si took a deep breath before turning around and leaving without any hesitation.

Ning Qing's tears kept flowing, and her eyes were empty.

Nian lie heard the noise and dragged his unhealed body out of bed. He stumbled out of the room.

Looking at the wide-open door, he saw ning Qing lying on the ground and crying.

"Ah ning!"

He rushed up to her. what's wrong with you? what happened? cough, cough, Yingluo, don't cry!

Nian lie tried his best to help ning Qing up, but his forehead was covered in sweat and he could not exert much strength.

He could only hold her in his arms and let her lean against him, extremely worried.

"Ning, what's wrong?"

“.....”

“Who was here? What did he say to you, huh? Can you tell me?”

He had caught a glimpse of the figure just now. It looked like a woman’s figure.

At this moment, ning Qing could not care less about the fact that they were still in a period of silence. She’s here!”

Nian lie’s dark eyes froze. you mean ning su? ”

“Yes! But she’s talking nonsense!”

Nian lie steadied her. He was afraid that she would accidentally hurt herself. He quickly asked, ” calm down. What did she say? ”

Ning Qing’s eyes were unfocused, and her tone was low.

“She said that my parents are not my biological parents! She said we were adopted!”

“.....”

no! ning Qing clutched Nian lie’s sleeve tightly, her face streaked with tears. she can’t be. She’s lying to me, right? ” My parents have sacrificed so much for me. They love me so much, how could they not be my biological parents?”

“.....”

However, Nian lie’s unprecedented silence made the hole in ning Qing’s heart grow bigger and bigger.

She trembled as she looked at him. Nian lie, why aren’t you saying anything? ”

Nian lie’s pale lips trembled, and his face darkened.

Ning Qing’s heart contracted. you ...

“What happened?”

A voice came from outside the door, diverting the two’s attention.

The Butler was led over by a servant and told him that something had happened to ning Qing. When he entered the room, he saw the woman crying in Nian lie’s arms, questioning him one after another. She was heartbroken.

The Butler stood at the door and didn’t enter. After all, it was a guest’s room, and it was a woman’s room, so he had to avoid it.

He turned around and asked, ” Mr. Nian, what happened to miss Ning? ”

Nian Yu pursed his lips and hugged ning Qing tightly.

Ning Qing was still grabbing his collar, demanding an answer.

“What did you mean by that? Why aren’t you answering me? Or did you already know about Yingluo?”

Ning Qing felt a sharp pain in her head.

As smart as Nian lie was, he had probably noticed that something was wrong during the blood transfusion.

Had he found out long ago that she wasn't the biological daughter of the ning family, but he had never told her?

She used all her strength to tighten her grip on his neck, her face full of anger and resentment.

"You know! Do you know why you're hiding it from me? Didn't we agree that you're not allowed to hide anything from me?"

960 Liars, you're all liars _1

Nian lie's face turned red from her strangling him. His hands were still around her waist, afraid that she would fall. He squeezed out a few words from his mouth. ah ning, I'm afraid of Yingluo.

"Liar! Haha, you're all liars!"

She shouted, crying and laughing at the same time, her resentful eyes piercing through the heart.

Gu nanzhi rushed over and was shocked to see ning Qing, who was different from the past.

Then, he saw Nian lie's flushed face and immediately rushed forward to grab ning Qing's hand. ning Qing, what are you doing? Let him go!"

Ning Qing raised her head, her eyes red. everyone is lying to me. What about you? are you lying to me too? "

Gu nanzhi was confused by her question and frowned. calm down. Let him go first.

"....."

Ning Qing did not move.

He grabbed her hand forcefully and separated her from Nian lie.

"Why did Yingluo lie to me, Yingluo?"

Ning Qing sat on the ground, mumbling in her sleep. She was so sad and desperate that it was hard to look at her.

Nian lie coughed violently. Gu nanzhi patted his back and shouted anxiously at the dazed man behind him: " What are you looking at: ! Go get the doctor!"

After a while, the doctor came up and checked on Nian lie's condition. his lungs are inflamed, and he has a high fever. It's not looking good.

Gu nanzhi pointed at her subordinates. send him back to his room and treat him properly.

Nian lie resisted and looked at ning Qing fervently. no!

“Your body’s already like this, what’s wrong with it?”

Gu nanzhi pushed him away in disgust. we don’t need you here.

Nian Yu pursed his lips, his brows furrowed.

Fortunately, he did not resist and silent disaster was carried back to her room by two of her men.

“All of you, get out and close the door.”

The Butler bowed to show his respect, drove the others away, and closed the door.

Gu nanzhi looked at the sobbing woman and sighed. She bent down to hug her.

the floor is so cold. You’ve only just recovered. Why are you sitting on the floor? ”

Ning Qing’s face was full of vigilance, and her eyes were filled with hatred. don’t touch me!

Gu Nanxi paused. She did not force him and squatted down in front of her.

The floor was covered with wool blankets, and the room was air-conditioned, so it wasn’t cold.

He clapped his hands and said, ” alright, calm down. Tell me, what happened? ”

Ning Qing’s eyes were red. Why is my sister here? ”

Gu nanzhi hesitated. She sat down beside her and bent her long legs.

something happened to the Lou family. She can’t show up in the country, so she asked me to help hide her for a while.

“How long has it been?” ning Qing asked numbly.

“Two to three months, I can’t remember.”

“Why didn’t you tell me?”

Gu nanzhi laughed. I was angry with you when I came back. I didn’t want to care about you at all. Who would be willing to contact you? ”

Ning Qing blinked, her eyelashes trembling slightly.

She had calmed down quite a bit, and Gu nanzhi was also more at ease.

“I won’t ask you what happened between you and her. I just want to ask, were you trying to strangle Nian lie to death just now? Did he offend you?”

Ning Qing pursed her lips, obviously not wanting to speak.

Gu nanzhi turned her face to the side. he’s sick.

“.....”

on the day I finished talking to you, he was running a high fever and was in poor health. When someone heard that you were in trouble, he was the first to rush in to look for you. Don't you think you went a little too far by treating him like that? "

Ning Qing opened her eyes and took a few deep breaths. I couldn't control myself.

"Why?" Gu nanzhi asked gently:

"Ran ran, my sister just told me that I'm not the biological daughter of the ning family."

Gu Nanxi was stunned.

he knew about this long ago, but he didn't tell me after we got together. He's been hiding it from me until now.
