

Genius 2351

Chapter 2351

Half a day had passed.

Lin Mo, who was breathing heavily, was already sweating profusely by now.

All over his body, although there were some light injuries, the same was also consuming his body functions like crazy.

“Mr. Lin, give up.

If you continue like this, you will only be exhausted.

We have no intention of hurting you!”

Faced with Nalan Kang’s admonition.

Lin Mo did not reply, but with a resolute gaze, he shook off the Tai Ah in his hand.

At this moment, he was also clear in his heart.

He had slowly fallen into a state of disempowerment.

But he could not give up.

If he let the other party take Chen Shengyuan and the tiger away.

With Nanba Tian’s character, he would definitely not let the duo go unattended.

And Lin Mo, nowadays, was also stalling for time, he was waiting.

“Come on, enter as long as I, Lin Mo, do not fall.

There is no way you can take them away.”

With a furious shout from him.

With both fists clenched, he prepared himself for battle.

The experts surrounding Lin Mo also turned their gazes towards Nalan Kang, asking for his opinion.

At this moment, the latter also understood Lin Mo’s determination.

“Let’s try to satisfy this heart of Mr. Lin.”

A command was given.

The crowd instantly took action.

The attacks that came from all directions caused Lin Mo to be unable to fight for a while.

The bursts of palm fists continuously landed on his body.

Although all of them were controlling their force, with the constant stacking, Lin Mo could only retreat one after another.

And of course, he grimaced in pain.

The scene of the bout was completely disrupted when a mobile phone rang.

Seeing the caller.

Nalan Kang, first with a frown, his heart immediately rose in dismay.

Sure enough, when he picked up.

An indifferent voice came from the other end of the line.

“Come back!”

Two simple words, but they carried a sense of irresistibility.

And Nalan Kang frowned slightly, after a brief hesitation.

He also tentatively reminded.

“Miss Mingzhu, the arrangement on the family side

Just before he could get halfway through the sentence.

The other end of the phone had already hung up, not even giving him a chance to finish.

After staring at the phone for a long time, after a period of internal struggle.

Nalan Kang still made up his mind.

“Stop!”

The moment the words fell, the group of experts surrounding Lin Mo instantly stopped their movements.

And then they silently retreated behind Nalan Kang.

“Mr. Lin, you are so tactful.

Repairing the path in the open is a secret way.

I look forward to us meeting again in the future.”

As soon as the words fell, a silhouette disappeared instantly like a long rainbow.

He dared not disobey the orders of Nalan Mingzhu.

He waited until the other party had left for a long time.

Only then did Lin Mo secretly let out a sigh of relief.

Luckily, Nan Bing'er had found you in time, Nalan Mingzhu.

And fortunately, the other party is also a man of honor.

Otherwise, I'm afraid that today's matter would not have been resolved so easily.

Dragging his tired body.

Lin Mo then turned around and went back to the villa.

The next day, he simply took care of his injuries.

Lin Mo then prepared to rush back to the capital.

"The Nalan family should not come to trouble you again during this period of time.

Here is the prescription, two pills a day, you will be healed in about half a month."

With that, he handed the prescription to the two Chen Shengyuan brothers.

As soon as he heard that Lin Mo was about to rush to Kyoto.

Lao Hu was instantly anxious.

"Mr. Lin, are you in such a hurry?

It's so hard to come back for once, we haven't repaid you for saving our lives for a while."

If Lin Mo hadn't happened to return to Guang Province.

The two of them would have really had to give an account.

"We are all friends, it's not necessary to say anything about repaying or not repaying.

It's good that you are all right."

"Then Mr Lin at least let us treat you to a meal to show our appreciation.

You've come back this time and we haven't given you a reception banquet yet."

If it was in normal times, Lin Mo would have agreed.

After all, it had been a long time since several people had sat down together for a get-together.

But now, not only did he have to convey the Song family's matter to Master Xue Wu.

By the way, he also had to look for Nanba Tian's trail.

Without being able to see Uncle Nan, Lin Mo could never let go of his heart.

"Next time, when I come back next time, I'll treat you guys."

After excusing himself, Lin Mo headed towards Kyoto and set off on his journey once again.

Chapter 2352

Originally, I thought that the trip to Canton Province would be delayed for a long time.

What I didn't expect was that although some things came up in the middle.

But all in all, it was a smooth trip.

Including the rush, it took less than five days in total.

And the first time Lin Mo returned to Kyoto.

He went straight to Master Xue Wu.

After learning about what had happened in Guang Province.

Master Xue Wu directly said that the matter of the Martial Union's branch hall had nothing to do with him.

"The first time I learnt that you were a*signed to the Martial Alliance Hall in Guang Province.

I then sent a message to that side, asking them to cooperate with you fully.

But the message was intercepted!"

Speaking of this, Master Xue Wu also showed his displeasure.

In this place of hidden dragons and crouching tigers in Kyoto, even the scheming Fifth Master Xue looked somewhat powerless.

Of course for his explanation.

Lin Mo naturally believed it.

With the Fifth Master's status, there was absolutely no need to lie about this matter.

Thinking of this, Lin Mo suddenly changed the subject.

"Right, Fifth Master, regarding the matter of the Song family, what are you going to do about it!"

As for this matter, Fifth Master Xue didn't seem to be concerned about it at all.

He just calmly lifted his cup of tea.

"Deal with it? Why should I deal with it, he is my old man.

Since his old man, wants to rise again in the east, I, as a son-in-law.

Naturally, it is impossible to go against it. If he wants to toss and turn, let him do so."

Behind his open-mindedness, he also showed his confidence.

In the Southern Realm, he, Master Xue, was the sky.

If others wanted to put their hands in, they were simply delusional.

Lin Mo also knew that he could not ask anything.

Thinking about it, if Master Xue was such a character, how could he possibly want to reveal his inner thoughts to himself.

Originally, he had come to take the initiative to find the Fifth Master, on the one hand, to fulfil Yuan Shirt's instructions.

On the other hand, he also wanted to test Master Xue's attitude towards his status as the head of the Canton Province Hall.

Now he was given such a perfunctory reply.

Lin Mo suddenly paused in his speech, not knowing how to elicit this question in a subtle way.

However, just as Lin Mo was torn.

Pile full of Xue fifth master seemed to have seen his thoughts.

"You don't have to worry, I, Xue, am not a narrow-minded person either.

Since there is an arrangement with the Martial Alliance, from now on you will be the head of the Canton Province Hall."

"Besides since someone wants to intensify the conflict within the southern territory.

There's no way I'd be foolish enough to dive into it."

Once these words were spoken, Lin Mo understood what he meant.

Standing up, Lin Mo clasped his fist in thanks to.

"Thank you, Fifth Master."

The fifth master Xue, who had been fiddling with the tea, suddenly had a little ripple on his face.

"There is no need to be polite, now you have become a medical saint.

Now that you have become a medical sage, it is time for the fierce tiger to come of age and have a place of its own.

I'm just being an adult here, there's no need to be polite."

When he said this, he could not help but show emotion in his gaze.

When he first met Lin Mo, he only felt that he had some potential and his medical skills were extraordinary.

Therefore, he was moved to take him in.

However, unknowingly, that young tiger had already become an adult.

In the future, after the Ten Great Families and the Six Kings had formed a chain of interests with them, Lin Mo's status would be the same as that of the Six Kings.

Lin Mo's position would be on a par with his.

Just as Lin Mo was secretly relieved about the matter of the Hall Master.

However, Nangong Jingliu walked in with big strides.

“Lin Mo, remarkable!”

By such a sudden compliment from him.

It wasn't just Lin Mo, Master Xue Wu was equally bewildered.

“Senior Nangong, what does this mean?”

Seeing this look on his face.

Nangong Jingliu once again laughed out loud.

“Hahahaha, it seems that you still don't know.

News of your incident in Guang Province is already circulating in the circle.

Kid, remarkable, having offended Nalan Kang, you should be more careful in the future.”

Being said by him like that.

Lin Mo was even more puzzled.

“I see senior Nalan Kang, his attitude is polite and courteous.

What's the point of offending.”

Chapter 2353

Waiting for Lin Mo to finish his opinion of Nalan Kang with a surprised look on his face.

Master Xue Wu also cast a sympathetic glance at him.

“You may not know yet, the name of the Smiling Buddha in Kyoto.

A smiling face in front of people, but a Buddha killing behind the scenes, that's what this Nalan Kang is talking about.”

“Since you have already offended him, you still need to beware of him in the future.

Although you now have the name of the Saint of Medicine, he wouldn't dare to go too far.

But it's not uncommon for him to secretly trip you up.”

After the Fifth Master's explanation.

Lin Mo was instantly speechless.

Good man, it turned out that everything on the surface of this Nalan Kang was a disguise.

Previously, Lin Mo's impression of this person was quite good.

However, Lin Mo did not care much about being offended.

Anyway, since he had chosen to stand up for Lord Nanba Tian, he was on the opposite side of the Nalan family.

Anyway, it would be sooner or later, it would not have a big impact.

After collecting his thoughts, Lin Mo and the two kings had a few words of small talk before retiring and leaving.

“King of the Southern Realm, you’ve changed!”

Looking at Lin Mo’s departing back, Nangong Jingliu suddenly said.

Beside him, Master Xue Wu remained full of disinterest as he tasted the tea in his hands and casually replied.

“People will always change, won’t they?”

Nowadays, Lin Mo is gaining momentum.

Doing anything more to suppress it would instead invite trouble for yourself.”

The words fell.

Nangong suddenly stopped smiling.

“You’ve really changed!”

From the other party’s words, he actually heard a hint of admitting defeat.

This matter was placed on other people.

Nangong Jingliu wouldn’t even be surprised.

But this kind of emotion could not possibly appear in, the wise and brave King of the Southern Realm.

“If you’ve changed, you’ve changed!”

Rather, it’s you, how did the sparring with your little chess piece turn out?”

When Master Xue Wu changed the subject.

King Hai Dong’s face shook his head in awe.

“The youngsters nowadays are really one pervert after another.

In just these few short days, this White-Faced Lang’s strength has increased again by quite a bit.”

Master Xue Wu nodded, and after pouring tea, he cautioned.

“I advise you to be on your guard.

It’s not just strength that he has changed.

There’s also the nature of the heart, so beware of the pawns backfiring and swallowing your Hai Dong power.”

This white-faced Lang's situation was the complete opposite of Lin Mo's.

The latter was a young tiger coming of age, while the former was a giant python turning into a poisonous snake.

From a rash youth at the beginning, today's White-Faced Lang had begun to know hibernation and his mind was becoming more and more mature.

Mindfulness and strength go hand in hand.

It shows that this man has no small plans.

Nangong Jingliu raised an eyebrow directly at the Fifth Master's reminder.

"I don't have a deep grudge against him, and he, White-Faced Lang, was still brought into the Martial Union by me.

Even if he has a revolting heart, I can still suppress him for ten years."

"It's you, on the contrary, who killed someone's beloved pet, maybe he must hate you to death in his heart."

Originally, Nangong Jingliu was only making a joking remark.

However, when he finished speaking.

Master Xue Wu, who was pouring tea beside him, suddenly shook his right hand.

The boiling hot tea instantly spilled all over the back of his hand.

In just the blink of an eye, it was instantly evaporated by him using his spiritual power.

.....

On the other side.

After dealing with this trivial matter.

Lin Mo also returned to the morning tea shop.

As soon as he entered, he saw a certain look of joy on his parents-in-law's faces.

"Mom and Dad, what happy events have you encountered, tell me about them too.

It's been a long time since I've seen you guys smiling so happily."

In the past few years, Xu Jiangong's sad face had always been bigger than his smiling face.

It was extremely rare for him to look so overjoyed as he did now.

When he saw Lin Mo, Xu Jiangong said with a face full of joy.

"Lin Mo is back, just when I was thinking of when to talk to you about it.

The Xu family in Kyoto, the original clan, intends to take me as the clan head and include our branch of our lineage in Guang Province in our clan's genealogy.

This is something that even your grandfather, great grandfather, did not do."

The Xu family in Kyoto was one of the ten largest families in China.

And for members of the older generation of the clan like Xu Jiankong and the others.

It was a great honour to be included in the genealogy of their clan.

Chapter 2354

"I never thought that I, Old Xu, would have such a day."

As he packed up Xu Jiankong was in an extremely happy mood.

He even hummed a little tune on his lips.

The mother-in-law's side was also overflowing with joy.

The man had made his mark.

When Xu Jiangong was included in the main clan tree as the head of the branch, the couple, together with Guangyang, were also very happy.

Together with the Guangyang Xu branch, the couple would be part of the top ten families.

I would love to see the jaws of those who had looked down on them and their uncles.

When she thought of meeting others in the future, she would be addressed as 'Mrs Xu'.

Fang Hui was so excited that her body tingled.

Compared to her parents-in-law's inner joy.

Lin Mo, on the other hand, had his doubts.

But most of the big families with big surnames had a disdainful attitude towards their branches.

They were so high and mighty that they only felt that their bloodline was noble.

The branches were just some wild seeds.

"Mom and Dad, why has this Kyoto Xu family suddenly approached you?"

Generally speaking, unless the branch had made some outstanding contribution to the clan.

Otherwise, even if they squeezed their heads, they wouldn't even dream of being included in the main clan.

Hearing Lin Mo's query.

Xu Jiangong excitedly explained.

“It’s a coincidence to say the least.

My grandfather was originally the brother of the previous family head.”

“Back then, there was some accident.

My grandfather then went into exile in the southern realm, and after that, he met my grandmother.

Then he started a family over in Guangyang.”

“All these years, they have been looking for our lineage.

You don’t know, Lin Mo, when they learned of my identity.”

“That attitude couldn’t have been more enthusiastic, they wanted to drag me straight to the ancestral home.”

As he said that, Xu Jianguo couldn’t help but laugh out loud.

And when he explained the time of it.

Lin Mo frowned slightly.

“I didn’t expect that there was such a story in this.

Fate is really ingenious.”

After a perfunctory sentence, Lin Mo had doubts in his heart though.

He always felt that there was something perverse about this, but seeing his parents-in-law so happy, he didn’t ask anything more.

And when he was about to go back to his room.

Mother-in-law instructed him again.

“Lin Mo, if there is nothing important today.

You should also get ready.

Over at the Xu family in the evening, they said that they are going to invite our family to a banquet at the Kyoto Hotel.”

After responding.

Lin Mo then also walked up to the lounge on the first floor.

“Wife, if there’s nothing to do in the next few days, let’s both go check out the house.

Something has been dragging on for a while now.”

“It’s also time to buy a house, living inside this shop all the time isn’t a problem!”

Xu Hanxia naturally agreed.

Her mother had been complaining about this for a long time.

She had always wanted to buy a house of her own in Kyoto.

It was difficult to get a place to buy a house in Kyoto, even if one had money.

Lin Mo had been busy with various things during this period of time.

Naturally, the purchase of a house had been put off.

However, now that it was a little bit empty, Lin Mo felt that it was time to buy a house.

Lin Mo also felt that it was time to get the matter done.

In the last two generations of the Song family's main lineage, it could be said that the number of people had withered.

Elder Song, too, only had three sons.

The eldest, Song Yizhe, the second, Song Yixun, and the third, Song Will.

The second son, Song Yixun, was the main person in charge of the banquet for Xu Jiangong and his wife.

It was late afternoon.

By the time Lin Mo and his party arrived at the Grand Hotel.

Song Yixun had already prepared the banquet.

"Brother Jian Gong, you've finally arrived.

Come, come, sister-in-law you hurry and take your seats!"

Accompanied by his warm greeting.

The smiles on the two faces of Xu Jiankong and his wife became even brighter.

More or less, they looked at their son-in-law with a smug look.

Looking at this look on their two old men's faces.

Lin Mo also shook his head with a bitter smile.

I didn't expect that his parents-in-law were still childlike.

And he had become the only object of their bragging.

Chapter 2355

Not many people came to the banquet.

After the introduction of Song Yixun, the second of the Xu family.

Lin Mo and the others were clear about the identity of the other party.

Apart from the butler, the rest were people, Song Yixun's sons and nephews.

“Brother Jian Gong, this is your Qian Jin as well as your son-in-law, right?”

When the Lin Mo couple was mentioned.

Xu Hanxia greeted them in a good manner.

“Hello uncle, I am Xu Hanxia.

This is my husband, Lin Mo!”

After saying that, she secretly stretched out her jade hand.

Surreptitiously, she gave Lin Mo a hand.

The latter also instantly reacted.

“Hello Uncle Xu, junior Lin Mo.”

And then he turned his gaze back to the young men once again.

It couldn't be helped, just that greed-filled look from the other party, looking straight at his daughter-in-law.

Any male would mind.

What was even more depressing was that they were completely oblivious to Lin Mo's gaze.

Still going about their business as usual.

Until Xu Yixun coughed lightly.

They he slightly restrained himself a little.

“The name Lin Mo is somewhat familiar.

Xiannephew Lin, could it be that we have met somewhere, before.”

Lin Mo shook his head and said.

“It's probably because my name is more popular.”

After snorting, he casually brushed the question off.

Although Xu Yixun felt that Lin Mo's figure, as well as his voice, seemed like he had seen and heard it somewhere before.

But that was not the core of the day.

Thinking that perhaps he had seen too many people, he was a little confused.

Xu Yixun also stopped dwelling on it and just asked curiously.

“I wonder why Xian Nephew Lin, why does he keep his mask on.”

After all, it was a banquet, and it was more or less rude to keep the mask on like Lin Mo did.

Lin Mo pretended to apologise and explained.

“Uncle Xu, I’m sorry.

These days, I am suffering from the flu and I have no choice but to do so.

I hope Uncle Xu doesn’t mind.”

Of course this was just an excuse to cover up his identity.

In response, Xu Yixun also graciously said.

“It’s fine, it’s fine, the weather has turned cold recently.

Xian Nephew Lin should take good care of his body.”

“Thank you Uncle Xu for your concern, junior understands.”

Under this cordial scope, the crowd exchanged some more pleasantries before taking their seats one by one.

And above the banquet, Xu Yixun also greeted Xu Jiankong’s family warmly.

During this period, several of his sons and nephews, did not open their mouths to say a word.

Only with aggressive gazes, they kept glancing at Xu Hanxia.

The parents-in-law, whose attention had been focused on the Xu family’s second master, did not notice this at all.

Instead, it was Lin Mo who looked at the other side thoughtfully.

After Xu Ming and Lin Mo exchanged a glance, they raised their eyebrows disdainfully.

And then with a hint of disdain at the corner of his mouth, he asked.

“Lin Mo is it, I wonder where he is high up in the world?”

And Lin Mo didn’t have any concealment to say straight out.

“I’m unemployed, I’m doing some small business with others.”

Hearing this, the mockery on Xu Miao’s face intensified.

“Brother Lin, that’s no good.

Every inch of land in Kyoto is expensive, and prices are also terrifyingly high.

And you’re a family man, so it’s no good hanging around all day.”

As he said that, his gaze, intentionally or unintentionally, also glanced at Xu Hanxia.

“My clan, such a big beauty, can’t follow you and suffer together.”

He, Xu Ming, had played with 800 women in Kyoto, not to say a thousand.

But this was the first time he had ever met a beauty as beautiful and fresh as Xu Hanxia.

He couldn't help but feel hunted for a while.

And when Xu Ming finished speaking.

Xu Yixun also smiled and said.

"Lin Xianniephew, what my family's Ming'er said is not without merit.

How about this, do you have any one skill."

"I'll ask Ming'er to find you a job, how about that.

Young people are destined to have a career of their own."

When Xu Yixun said that.

Fang Hui instantly felt her face was shameless.

Chapter 2356

Just when Fang Hui wanted to reveal Lin Mo's identity as a medical saint.

The latter directly snatched it up.

"Then I'll thank Uncle Xu in advance.

I don't have any special skills either, I only know a little bit of medicine."

At this moment, Xu Hanxia also pulled at the corner of her mother's coat, indicating that she should not be impulsive.

Although she did not understand Lin Mo and his wife's intentions.

However, Fang Hui still held back her dissatisfaction and did not say anything more.

As for Xu Ming, he shook his head straight away when he heard Lin Mo's speciality.

"Brother Lin, that's a bit difficult to do.

The thing we don't lack the most in Kyoto is doctors.

Chinese and Western medical practitioners are everywhere."

"This might be a bit difficult to do!"

Originally, Xu Ming's intention was to have the other party beg him.

It would be best if that Xu Hanxia came forward.

Only then would he have another chance to show off.

But just when he was so full of himself.

Lin Mo was doing the exact opposite.

“If it’s difficult, forget it.

I’ll think of something else on my own.”

This

Xu Mington was speechless.

This country bumpkin didn’t seem to follow the rules.

Seeing this, Xu Yixun did not intend to do much nonsense on the matter after he secretly sa*sed Lin Mo for not knowing how to behave.

He then changed the subject.

“Xianniephew Lin, since that’s the case, then you should think about it first.

When you have any ideas, talk to uncle.”

Knowing a son is like a father.

Once he saw Xu Ming’s words and actions, Xu Yixun knew what his son had in mind.

“Behave yourself, if you spoil my plan.

I’ll break your legs when you get home.”

It didn’t matter how much he was spoiled in normal times, but now he was executing the family’s plan.

Xu Ming was not allowed to be reckless.

After being reprimanded by his father, Xu Ming could only smash his mouth in resentment.

And then he stopped talking.

As for Xu Yixun, after switching his smile once again, he warmly entertained.

“Brother Jian Gong, don’t be polite.

This is the roast duck in the capital that I have specially reserved for you.”

With that, he stood up straight away and plucked dishes for Xu Jiankong.

“Come and try it, it’s a hundred years old.

It’s charred on the outside and tender inside, fatty but not greasy.”

“Sister-in-law, great niece, don’t just look.

Move your chopsticks.”

Under the warm hospitality.

The atmosphere of the banquet gradually heated up.

“By the way, brother Jian Gong, we left in a hurry last time.

I still don't know where you live.

The next time I wanted to pay a visit, I didn't have the chance.”

Speaking of this, Xu Jiangong's old face was embarra*sed.

“This, our family is currently still living in, over at Summer Desert Gra*s Tea.”

“Live in the shop?”

It seemed that he had heard something unimaginable.

Xu Yixun's eyes directly widened.

“What staying in a shop, how does that make.

No way, no way.”

After a short moment of thought, he then slapped the table in surprise.

“Right, I still have a villa in the South Block sitting idle.

It's empty anyway.”

“How about this old brother if you don't mind.

I'll give you that villa.”

Upon hearing this, mother-in-law Fang Hui couldn't help but be excited, while constantly winking at Xu Jiankong.

She was very excited, and at the same time, she kept winking at Xu Jiangong, signalling him to agree.

Kyoto is a place where every inch of land is gold, and it is also the southern city.

The price of a villa was sky-high.

But the face of Fang Hui's anxious eyes.

Xu Jiangong excused himself with a hesitant face.

“No, no.

This is too expensive, we can't accept it in any way.”

As for Xu Ming, he even stood up anxiously.

“Dad, that's your heart's meat.

And that's worth over 600 million.”

Faced with his son's stop, Xu Jiangong's face darkened.

“Shut up, what are you interrupting when the elders are talking.”

After a stern reprimand.

He had shifted his smiling face.

“Older brother Jian Gong, don’t listen to children’s nonsense.

I just bought that house casually.

Here, this is the property transfer agreement.”

Xu Yixun took out a document and came to Xu Jiankong and his wife.

Even though Xu Jianguo refused to do so, he was persuaded by Yi Xun’s enthusiasm and finally signed the document.

As for Fang Hui, she was so excited that she could hardly speak.

She was just clutching the transfer agreement worth more than six hundred million dollars.

Chapter 2357

With the other father and son singing in unison, Xu Jianguo was moved to death.

“Elder brother Yi Xun, I feel ashamed to receive such a big gift.

Come on, without further ado, cheers!”

He was not the kind of person who could speak well.

With excitement, a gla*s of white wine went straight into his mouth.

Xu Yixun was also polite in saying.

“You and I have been from brother to brother, we are both family there is no need to be so polite.

Second grandfather, having fallen to the southern realm, I have made you suffer outside.”

As he said that, he also raised his gla*s of wine and drank it down.

Even Xu Hanxia had noticed something unusual in all this.

This master’s uncle seemed to be a bit overly enthusiastic.

When she glanced at Lin Mo, the latter only shook his head secretly and told her not to worry.

Midway through the banquet.

Lin Mo got up to go to the washroom, and when he came out after he was done.

When he came out, he saw Xu Ming leaning against the wall, swallowing fog.

Lin Mo ignored the other party and just turned on the tap by himself.

“Kid, your daughter-in-law is really handsome.

From now on he will be a member of our Xu family in Kyoto.

A hick like you, a hobo, shouldn't you have the self-awareness to know better."

He stopped washing his hands.

Lin Mo simply asked indifferently.

"I wonder, what does Grand Duke Xu mean?"

Xu Ming smiled faintly and casually flicked the cigarette ash in his hand.

"Knowingly advisor?"

"Since you don't want to make the choice yourself, I'll help you!

Here's money you'll never earn in your lifetime."

With that he casually tossed a glittering gold card onto the sink.

"Let your daughter-in-law, stay with me once tonight, and it's yours"

Not waiting for him to finish his words.

The atmosphere around him was instantly cold.

In the next second, Lin Mo disappeared from his spot.

When he reappeared, one hand was already around Xu Ming's neck.

Like squeezing a small chicken, he lifted the latter in mid-air.

"You should be thankful that you have a good father and a good family.

You should be glad that I don't want to spoil my in-laws' good mood just yet."

Within the calm tone, there was a cold murderous intent.

Although Xu Ming also had some martial arts skills.

However, the arm in front of him was like steel, no matter how much he struggled, it remained motionless.

As the force at his fingertips continued to increase.

Lin Mo finally chose to let go of Xu Ming.

Hearing the commotion over here, the Song family's bodyguards also rushed back.

"Young Xu, are you alright."

Standing up.

Xu Ming, however, unusually then laughed out loud.

"It's fine, it's fine, hahaha."

After rubbing his neck, one of the bodyguards closest to him was directly kicked out by him.

As for the others, their companions did not escape Xu Ming's severe beating either.

Passers-by saw this and knew that this kind of person was not something they could afford to mess with, so they went around the road and left.

After ten minutes or so.

Only then did Xu Ming stop.

"It seems to be getting more and more interesting!"

With a soft whisper to himself, the smiling face inside the mirror looked extraordinarily gloomy.

Behind him, several bruised and battered bodyguards could only endure the pain, not daring to make a single sound.

On the other side, above the banquet.

The banquet came to an end under the scope of togetherness.

Xu Yixun learned that the Fang Hui couple did not have a car yet.

He generously gave a Bentley car, which, according to him, was a gift to his sister-in-law.

After exchanging pleasantries and goodbyes.

Lin Mo and his family then helped his stumbling father-in-law to leave the hotel.

Waiting for them to leave.

Xu Ming also finally could not hold back his inner doubts.

"Father, this isn't just a bunch of Southland branch hicks.

Why are you being so polite to them?"

And what he asked was also what the other few juniors wanted to ask.

To them, such a branch existence, if they normally met them, they would not even give them a second glance.

Xu Yixun, who was still full of smiles, instantly pulled down his face.

Chapter 2358

"It's not because of you guys.

If you had been a little bit more competitive, would you have needed me to work so hard?"

He said.

"But father, that upscale villa in the southern district, giving it to these country bumpkins.

Isn't it a bit too wasteful."

Bringing up this matter, Xu Yixun waved his hand indifferently.

"No matter, it's just a little sweetener.

Everything they eat now, they will make them pay back a hundred times over later.

Do you know that just by their"

.....

After Xu Yixun's explanation.

Xu Ming also finally knew the purpose of it, with eyes full of sizzling heat and teasing.

He smiled and said.

"Dad, after the matter is completed.

Can you get that Xu Hanxia, back for me?

Also there's that Lin Mo's name."

With that, he tilted his head and drank the red wine in front of him in one go.

Greedily licking his tongue, the scarlet wine that spilled out of the corners of his mouth, all disappeared as well.

For his only son, Xu Yixun could be said to be doting on him.

"It's just a few little people.

Since you have said so, my husband will naturally satisfy you."

As the words fell, father and son smiled at each other, all in silence.

The conversation was divided into two parts.

After sending his father-in-law and his family back.

The first thing Xu Hanxia did was to pull Lin Mo aside.

"This Xu Yixun's words and actions are a bit abnormal."

All in all, the other party was being overly enthusiastic.

He was giving away mansions and luxury cars again.

Xu Hanxia could not help but feel a little worried.

Lin Mo, on the other hand, reas*ured her.

"Let's see what happens first.

It's rare for Mom and Dad to be so happy.

And as you know, the two elders are very stubborn.”

“How much or what we do now, not only will it have no effect, but it will make them unhappy.

You don’t have to worry about it, this matter, I’ll investigate it clearly.”

Said Lin Mo, and his gaze became profound.

There were no words all night.

Early the next morning.

Fang Hui, who was full of spring, couldn’t wait to drag Xu Jiangong and Xu Hanxia to go look at houses and cars together.

Lin Mo, on the other hand, had to attend to other matters, so he separated from them.

Looking at their backs as they left.

Lin Mo silently read.

“Let’s hope that they are really doing this so that their father-in-law can acknowledge his ancestors.”

Driving to their destination.

Lin Mo had to be impressed by this Song Zhilan’s ability.

In just a short time of less than two months before and after.

Yunchuang Spray had already spread throughout the Chinese market.

She herself had even bought this 66-storey Jing Yun Building with a big wave of her hand, as the Yun Chuang Group’s Kyoto office headquarters.

Just approaching the front door.

The two security guards broke away from their companions and walked towards Lin Mo head-on.

“Hello, sir.

May I ask how I can help you.”

Lin Mo also stated directly, “Hello, I’m looking for your General Manager Song Zhilan Song.”

And seeing him in this outfit.

He neither looked like a rich nor powerful person.

One of the young security guards on the other side then sounded a little impatient.

“Excuse me, sir, what is your name, do you have an appointment?”

Our General Manager Song is one of the top 100 female entrepreneurs in China, not just anyone can see her.

“Uh, free of charge surname Lin, does a telephone appointment count?”

Lin Mo also had not seen Send Zhi Lan for a long time, and did not expect that the other party had developed so quickly.

After making a phone call before leaving home, he rushed over directly.

After waiting for Lin Mo's answer.

The security guard fetched a document directly, and after briefly consulting it, he said with a frown.

"Sorry, we don't have your appointment information on our side."

"Sir, we're going to ask you to leave now, sorry."

When the young security guard had finished, his companion beside him, with a torn face, whispered.

"That's not very nice."

Faced with his companion's reminder.

The young security guard simply replied mockingly.

"Brother, just don't worry.

I encounter not a hundred but eighty people a month who are looking for Mr. Song's connections like this.

But it's the first time I've come across someone dressed as low class as he is."

Probably out of disdain, he deliberately increased his pitch when he spoke.

It seemed that he wanted Lin Mo to hear him more clearly.

Chapter 2359

A bitter smile.

Lin Mo hadn't expected to meet with Song Zhilan once in a rare while.

Surprisingly, he had encountered such treatment.

In desperation, he could only contact Song Zhilan again.

"Sister Song, it's already here.

But I seem to have been stopped by your security guards."

And when he hung up the phone.

The young security guard's attitude became even worse.

"Being pretentious, if you don't leave again.

Be blamed for me not giving you face."

Seeing that the other party was still unmoved.

The young security guard's palm then rested directly on top of the baton.

Just as he was about to make his move.

There was a sudden sound behind him, a sound of a lift arriving.

When the crowd turned their heads.

Song Zhilan, dressed in a workplace outfit, came out quickly.

Song Zhilan's face was outstanding, and she had been involved in shopping malls for years.

The Queen of the workplace was embodied by her.

For a while, all the people present could not help but glance sideways.

"Hello, Mr Song!"

Song Zhilan came over here.

A crowd of security guards greeted in unison.

And Lin Mo, with a wicked smile, surprisingly bent down along with them.

"Good day, General Manager Song."

And as the words fell from his lips.

Then he suddenly felt a pain at the top of his head.

Raising his head, he only saw that Song Zhilan was snapping her fingers, as if she still wanted to give him a chestnut.

A good man does not want to lose his head.

Lin Mo naturally dodged to the side, and then pretended to rub the top of his head in pain.

Seeing this look on his face, Song Zhilan snorted with laughter.

"Alright, don't be poor, let's go!"

But with just one smile, it instantly broke the hearts of the crowd.

Their high and cold president queen was showing such a small womanly look to a strange man.

I'm tired of feeling so unloved!

What's more, Mr. Song came to greet them personally.

Sour, moo!

However, this stunned and injured look of theirs was only rewarded with a bark of duty from Song Zhilan.

“What, too little work? All have time to gawk here.”

That’s right.

This was their president, the Queen Mother.

The crowd of onlookers all dispersed at once.

Only the year-old security guard who had given Lin Mo a hard time earlier stood dumbfounded, at a loss.

He waited until Lin Mo left without making any eye contact with him, let alone retaliating.

Following Song Zhilan, he arrived at the president’s office.

“Sister Song, it’s not easy to see you now.”

Song Zhilan first poured a cup of tea for him before sitting opposite Lin Mo.

“Cut the poor talk.

Our busy genius medical saint is not at home with his wife.

What are the instructions for coming to my side?”

Between jokes, Lin Mo stated his purpose.

“Sister Song, there are two things I want to trouble you with.”

Song Zhilan pinched her coffee cup and said with an unhappy face.

“With our relationship, there’s no such thing as trouble or no trouble.

If you’re going to be like this, I’ll get angry.”

“Say it, what is it?”

Lin Mo said with a bitter smile, rubbing the tip of his nose.

“For one thing, I want a copy, the details of the Xu family in Kyoto.”

Song Yixun’s overly enthusiastic attitude always made Lin Mo feel awkward.

Song Zhilan graciously stated.

“It’s true that there’s nothing to do.

No problem, I’ll have someone deliver the information to your shop this afternoon.”

She naturally wouldn’t refuse to do what Lin Mo asked for.

“Thank you, Sister Song, this its two well

With that said Lin Mo cautiously looked at the surroundings.

He then cast a questioning glance at Song Zhilan.

Seeing his appearance, Song Zhilan also knew the seriousness of the matter.

After she had instructed her subordinates to forbid anyone from approaching.

Only then did Lin Mo say.

“The second thing, I want to use your connections to help me search for news of Uncle Nan!”

Song Zhilan asked with confusion, “Nan Baitian?”

Speaking of this matter Lin Mo also had a worried face.

“Yes! I haven’t heard from Uncle Nan for a long time after the last time I parted with him.

I won’t go into details about the exact matter.”

“But what must be noted is that the Nalan family is involved at this time.

You must be careful in your actions, as long as you have news of Uncle Nan.”

Chapter 2360

If there was a choice.

Lin Mo also did not want to trouble Song Zhilan.

In the face of the Nalan family, any power would be weak.

The only power that Lin Mo could borrow in Kyoto, apart from Song Zhilan, was the Bai family.

Of course, unless he was desperate.

Otherwise, Lin Mo would not have thought of the Bai family.

If a collision occurred between the two beasts, it would be a disaster for the whole of Kyoto.

“There’s too much attention focused on me.

I can only trouble you to help.”

“By the way, when arranging the manpower, do not step in yourself.

Don’t let the other side follow the trail.”

Hearing Lin Mo’s instructions.

Song Zhilan’s gaze suddenly became animated.

After moving closer to Lin Mo, she whispered in his ear with an ambiguous tone.

“Is this you caring for me?”

The hot air emanating from the words accompanied the blowing of Lin Mo’s right ear.

That tingling sensation scared him so much that he directly stood up.

“Sister Song, I have other things to attend to, so I won’t bother you.”

Having said that, Lin Mo flew away like a frightened rabbit.

Behind him in the office, only low voices of complaint remained.

“Really, am I that scary.

It’s not like I’m going to eat you.”

Leaving the Jing Yun Building.

Lin Mo contacted Shou Bo’s nephew, Cao An, again.

And since the other party was tidying up the company internally, he sent his a*sistant over.

“Hello Mr. Lin, I am Mr. Cao’s a*sistant, you can just call me Xiao Jian.”

With Xiao Jian leading the way.

Lin Mo also arrived at the South City District.

This place was not the most prosperous part of Kyoto, or even a bit remote.

However, it was a top residential area with a price tag of hundreds of millions of dollars.

Those who could buy a house in this area were all big shots who were either rich or noble.

“Mr. Lin, this is the villa that Mr. Cao has prepared for you.

The garden plus the house occupies 6,000 square metres, although it is not big.

But it is the best villa we have, so you can live in it for now.

If there is a better villa in the future, Mr. Cao said he would contact you again.”

Cao An’s a*sistant explained this to him.

Lin Mo had an embarra*sed look on his face.

According to the market price, this villa would cost no less than two billion.

Will it be fine? What kind of tiger and wolf words are you talking about?

The first time I heard that the second master of the Xu family in Kyoto was the first person to be invited to the villa.

“I heard that the villa of the second master of the Xu family in Kyoto is also over here is it?”

And Xiao Jian was worthy of being the a*sistant to the president of a large group.

For such information, it was a matter of hand.

“There is indeed a set, and it’s not far from our side.

It’s only about a ten-minute drive away.”

“That villa is small in size.

But because it is the masterpiece of the top design master out of China, Master Lu.

Its collection value is extremely high, and in these two years, it has almost gone up by almost two hundred million, right?”

“And at the beginning, the second master of the Song family fought over this villa, and it was said to have caused a human death.

It was only after the Song family’s old man stepped in that the matter was put to rest.”

Xiao Jian had been in society for so many years.

He naturally had a precise grasp of human affairs, and when he saw Lin Mo ask about it.

Xiao Jian then recounted the matters involved in detail.

This was exactly the kind of information Lin Mo wanted.

And hearing the other party finish, it also further confirmed the suspicions in Lin Mo’s mind.

Xu Yixun had such a high regard for the villa that he had even gone so far as to cause a fatal incident.

As a result, he did not hesitate to give it to his father-in-law.

There must be some kind of conspiracy during this period.

After a short pondering.

Lin Mo then withdrew his thoughts.

“Manager Xiao Jian, this villa is not bad, I’ll settle for it.”

After saying that, he took out the black gold card that Song Zhilan had given him and handed it over.

However, Xiao Jian immediately refused it.

“Mr. Lin, our Mr. Cao said that if you are satisfied.

This Cloud Stream’s Stream will be given to you to make up for not being able to catch the worship gift at the beginning.”
