

## Genius 2361

### Chapter 2361

After some excuses.

Xiao Jian eventually cited the reason that if he took the money, Cao would always fire him.

He successfully blocked Lin Mo's intention to pay for the villa out of his own pocket.

"In that case, I won't let you have a hard time.

Here is a bottle of elixir for protecting the liver and nourishing the lungs.

Take it with me and pass it on to Uncle Cao, and say it's a little token of my appreciation."

In recent times, Cao An had been tidying up internally.

There must be a lot of fire, and being the smoker and drinker he was, he never left his hand.

Although this kind of elixir was not as valuable as this villa, it was the best panacea for Cao An.

After the villa was finished.

The two of them went to the Auto City again.

After a selection, Lin Mo chose two big Ben's that felt good to drive and ride.

By the time Lin Mo returned to the shop.

Apart from the busy staff, he did not see Xu Hanxia or his parents-in-law.

It seemed that they had not gone home.

He took advantage of this time to practice martial arts and medicine.

Until dusk and sunset, his wife and her group still had not returned.

Instead, Song Zhilan's men came to the door and delivered a document.

After returning to his room, Lin Mo perused it.

Although the Song family was one of the ten largest families in China.

But in terms of business, the entire family was not involved in all areas.

The two main categories remained medicine and catering.

And these years, with the competition of the same industry crazy competition.

The Song family has been losing ground in the market.

Many industries under the name, shops have appeared to close down the momentum.

If yes, no, the solution to rescue the decades of building a business empire, is likely to be destroyed.

After flipping through.

Lin Mo vaguely had a hint of a guess.

He waited until the evening, when the bright moon was in the sky.

It was only with his parents and family that he returned home.

And when Xu Jiangong returned, as soon as he saw Lin Mo, don't show these big white teeth and smiled and said.

"Lin Mo, Dad is very happy."

And as he approached, the overwhelming smell of alcohol smacked Lin Mo's head.

And Xu Jiangong had no awareness of this at all.

Instead, he stopped Lin Mo's shoulder with one hand.

"Good son-in-law, let me tell you.

Now my father-in-law, I finally have my eyebrows raised.

In the future, if you encounter any difficulties, talk to me, and we'll help him out together.

Hiccup!"

After saying that, he even burped a full burp of wine.

The stench of alcohol instantly filled the room.

Seeing this Fang Hui pulled her husband away in disgust.

"Lin Mo, you don't have to pay attention to your father, he just drank too much and went crazy.

But it did make your father happy today."

"According to Young Uncle Xu Yixun.

In a few days, we will be heading to the Xu family in Kyoto to complete the clan return ceremony."

Saying this, the joy on Fang Hui's face was already unmistakable.

"Lin Mo, you should really go and see that villa too.

Mum has lived her whole life.

But it's the first time I've seen such a luxurious villa."

A drunken Xu Jiangong beside him added in a daze.

"It's okay, we'll move there tomorrow.

When the time comes, Dad will show you around."

Seeing the two old men so happy.

Lin Mo also really did not want to break this joy, only to pretend to ask casually.

“Mom and Dad, they are so generous, they are giving us a house and a car.

Isn't it not good that we don't even have a gift in return.”

At the mention of this matter, my father-in-law's emotions flared up.

“How can we not have one!

I'll give him the secret recipe for our shop's medicinal rice porridge.”

As expected.

By this time.

All the doubts were instantly solved.

“Mom and Dad, are you guys saying that Xu Yixun could be trying to cheat us out of this secret recipe.”

Although this conjecture of Lin Mo was raised.

Xu Jiangong's originally excited emotions instantly changed to dissatisfaction.

At this time, he had also sobered up a bit.

“Don't think blindly, our secret recipe can be worth a few dollars.

People have that house, that car, it's all calculated in billions.”

“Moreover, in a few days, I return to the Xu family in Kyoto.

These are not a secret recipe can be estimated.”

## **Chapter 2362**

On the side, his mother-in-law saw this and likewise spoke up for Xu Yixun.

“When we gave him the secret recipe, the other party had to reject it outright.”

“If it wasn't for your father, pulling down his face, little uncle wouldn't have accepted it.”

Seeing the two elders getting emotional.

Lin Mo first cast a reassuring look at his anxious-faced wife.

And then he began to relieve.

“Mom and Dad, I just said that casually.

Since that's the case I'm relieved.”

Only when Lin Mo finished speaking did the second old man's face look slightly better.

As for the drunken mother-in-law, she was helped back to her room together with the others.

After a long time of work, when Lin Mo and his wife were empty.

Xu Hanxia then recounted what had happened from beginning to end in general.

“We were supposed to come back this afternoon after we finished looking at the house.

But that Xu Yixun, kept pulling our dad and said that he wanted to stay for us to finish our meal.”

“He couldn’t resist the other party’s enthusiasm, so our dad had a few more drinks in a moment of joy.”

“Later, when I saw that my father seemed to be a bit drunk.

Xu Yixun began to reveal the current business difficulties of the Xu family, intentionally or unintentionally.

He said that business was hard to do, and that the Xu family’s old man was worried about the matter and couldn’t eat or drink.”

“Once our father heard this news, he used his alcoholic strength to directly give away the secret recipe for our shop.

I didn’t even have the chance to block it.”

After hearing this, Lin Mo then combined it with the information sent by Song Zhilan.

It was already completely certain of the other party’s intentions.

It was just to make his parents-in-law happy, so that he could cheat them out of the secret recipe for the medicinal rice porridge.

The parents were obviously unaware of this, as they had been completely coaxed by the other party.

They were also unaware of the huge potential value of the recipe.

But then again, even if Lin Mo had explained this to them.

With their parents-in-law’s obsession with the main family, they would not hesitate to give it away.

“It’s fine, don’t worry about it.

The other party has a big family, they shouldn’t be able to look at this small thing of ours.”

Under false pretences, Lin Mo then brushed the matter off.

What he was most worried about now was not that the other party was aiming to cheat him out of the secret recipe.

It was just some money.

What he feared most was that the claim of returning to the main family was also a scam.

The night went on without a word.

It was just after dawn.

Lin Mo was called up by his mother-in-law.

“Get up, we’re moving over to the villa today.”

Look at her look of excitement.

She wanted to fly there right now.

Under the haze of sleep, Lin Mo was dragged up stiffly.

Fortunately, there was not much to carry, just some personal clothes.

His father-in-law was equally excited.

Although he had drunk a lot yesterday, he was still very early in the morning.

His suit was straight, but he was full of temperament.

As for Lin Mo and Xu Hanxia, the two of them were sleepy farts.

“Husband, come over here, let me lean on you.

I’m too sleepy.”

On top of the back seat, his wife directly pulled her arm around Lin Mo and rested her head on top of Lin Mo’s shoulder.

Before Lin Mo could reply, there was the sound of even breathing next to his ears.

Seeing that his wife had fallen asleep, Lin Mo simply put his head against his wife and caught up on his sleep together.

Inside the multi-million dollar Bentley, only the parents-in-law were left to plan the future with great interest.

After Song Yixun received the secret recipe from Xu Jiangong, he immediately rushed back to the family.

“Father, I’m back.”

Within the bedroom, the Song family’s old man’s face was downcast as he stared at the various financial figures in front of him.

And beside him lay a rice porridge with the ‘Summer Desert Morning Tea’ box printed on it.

Hearing the commotion outside the door.

The old man didn’t even raise his head for a moment.

“Come in!”

Across the room, sending Yi Xun excitedly pulling out the secret recipe as soon as he entered.

“Dad, fortunately, I’ve retrieved the secret recipe.”

Waiting for his words to fall.

The old man's movement of turning the pages suddenly stopped.

"Is it the secret recipe for that medicinal morning congee?"

### **Chapter 2363**

The Song family mansion.

Looking at the thin pages of the book in his hand.

As Elder Song flipped through them, his hands could not help but tremble again.

"Not bad, not bad. It's this secret recipe."

"Lao Er has done a good job.

For my father, my old man, his bones are not as good as they used to be.

In the future, our Song family's will need you to take the trouble."

Said the old man, his face even revealed a long-lost joy.

The family's increasingly sluggish business trade had tormented him to the point of exhaustion.

Now finally, he had found a way out to bring back the dead.

Across the street, hearing the words of the lord.

Xu Yixun's heart, which had been calm, was beating wildly.

Did father mean to say that the future Song family headship was intended to be inherited by me?

Thinking of this, he couldn't help but breathe heavily.

"Father, don't worry, as long as our Song family can prosper.

Even if I have to go through fire and soup, I will not hesitate to do so."

Although the old man's was staring at the secret recipe in his hand without turning his eyes.

But hearing his second son's words of loyalty.

He also nodded in relief.

"It is rare for you to have this heart, I am very pleased."

Facing the old man's praise.

Xu Yixun strongly suppressed the restlessness within.

"Dad, isn't this just a simple breakfast porridge?

Isn't it a bit fussed over."

At this moment, the old man was also in a soothing mood, so he explained patiently.

“This is not a simple rice porridge.

If we were to classify it specifically, we could say that it is in the category of medicinal food.”

“If it were an ordinary medicinal dish, I naturally wouldn’t be so concerned about it.

But this medicinal rice porridge is not only extremely high in terms of addition.

What is even rarer is the appetizing and delicious taste.”

“Too much else to say, you don’t understand.

All you need is that the potential value of this medicinal food market is extremely high.”

“Whether or not our Song family can turn around above the mall depends on this secret recipe.

For the follow-up plan, you should hurry up and implement it.

When this matter is completed, my father will not treat you poorly.”

After hearing this, Xu Yixun also nodded with seeming understanding.

Since the old master valued this secret recipe so much.

Naturally, there was something extraordinary about him.

“Right, what should we do with that couple.

Are they about to be enshrined on top of my Song family tree?”

Faced with this choice.

The old man snorted a laugh.

“Just them is worthy?

Since the secret recipe has already been obtained.

You should find a way to get rid of them, it’s an eyesore to see.”

After saying that, he continued to turn his gaze back to the secret recipe.

Seeing this, Xu Yixun expressed his understanding before he also wisely withdrew from the room.

The conversation was divided into two ends.

Xu Jiangong and his wife, who were still in the dark, also came to this side of the villa at this time.

“Lin Mo, this will be our new house from now on.

How about it, see if it’s still satisfactory?”

With a smug expression, Xu Jiangong said happily.

Lin Mo naturally responded in kind.

“It’s really nice, and the decoration is luxurious.”

Of course that wasn't what he had in mind.

After all, compared to 'Cloud Stream's Stream', which was also in the South City District, this villa that Xu Yixun had sent to him was not even a third of its size.

And the decoration style, too, was somewhat rustic.

However, when Xu Jiangong heard Lin Mo's approval, his laughter also became a few points heavier.

"It's good if you like it, you two, as a couple, see if you like a room and pick it out first.

Your mother and I don't care."

With that, he led Lin Mo to start touring his new home around.

This was a big villa in Kyoto.

And he could also soon be a member of the main family of the Xu family in Kyoto.

At the thought of this, Xu Jiangong's mood could not help but feel a little bit more comfortable.

Behind him, Lin Mo had already started to slowly calculate what was going to happen behind him.

The only thing he was worried about now was that the Xu family's promise was just a big pie.

When the time came, a quick flip between great joy and great sorrow.

I don't know if my father-in-law could resist it.

## **Chapter 2364**

After living in the villa for a few days, the

Xu Jiangong's family has also completely adapted to their new home.

As for the breakfast shop, there is someone to look after it, so they don't need to worry about it either.

Every now and then, his parents-in-law would go back there for a stroll.

The day was not bad at all.

As for Lin Mo, practising martial arts and preparing for the change of the Martial Union became the main tone of his life.

Of course, in order to prevent accidents from happening.

During this time, he also made a trip to the Grand Elder of the Medical Union, Nie Kongming.

"Business over at our morning tea shop seems to be getting slower by the day.

Apart from some repeat customers, there are very few new customers anymore."

Hearing his wife bring this news.

Lin Mo also had a frown on his face.

He naturally knew in his own heart the medicinal food he had made.

This kind of breakfast porridge was not just a delicacy.

It was more of a Chinese medicinal meal for working people as well as sub-healthy people.

As the 'Summer Desert Morning Tea' opened for a longer period of time.

Business will only get hotter and hotter.

Now there was a situation like the one his wife had described.

Even without going out to investigate, Lin Mo probably already had a number in his mind.

It seemed that after the Song family had obtained the secret recipe, they had already started to put it on the market.

Thinking of this, Lin Mo comforted.

"Maybe the reputation of our shop hasn't been made out yet.

It will probably be fine after a while."

As for the conjecture inside him, he naturally would not explain it to his wife.

On the one hand everything was just Lin Mo's conjecture.

Before the truth came out, Lin Mo did not want to add to the family's problems.

On the other hand, he was also waiting for the results from the Song family in Kyoto.

If the other side allowed his father-in-law to return to the main family, a secret recipe was just a recipe, so long as it was given.

As long as his father-in-law's wish was fulfilled, he could afford to pay this price.

Of course, if the other party did not know what was good or bad and lured his parents.

Lin Mo would naturally make them pay the price.

When Xu Hanxia heard Lin Mo's explanation, he did not say anything more.

Compared to Song Zhilan, Xu Hanxia was not so career-minded.

What she is after is a harmonious family, healthy and healthy, with no worries about food and clothing.

It was while the couple was talking.

A group of people suddenly arrived outside the villa.

At the front of the group was Xu Yixun's only son, Xu Ming.

His parents-in-law naturally greeted him with enthusiasm.

“Young Xu, you are a rare guest.

Come, come in first and have a seat.”

In the face of Xu Jiangong’s enthusiastic words, Xu Ming merely frowned impatiently.

Xu Ming merely frowned impatiently.

It was only when he kept seeing, and seeing Lin Mo and his wife, that a playful smile appeared on his face.

Still with that same greedy and undoubted gaze, he stared at Xu Hanxia for a moment.

He coughed lightly.

“My father sent me to inform you all.

This matter of your return to the clan will be ready soon.

Let you all go over early and prepare things accordingly.”

After saying that, he had a sweeping glance around before giving Xu Jiangong a disgusted look.

“Eh, this kind of house, to be lived in by country bumpkins like you.

It is a waste of such a nice place.”

Seeing the other party humiliate his family like this.

Xu Hanxia was naturally furious.

Walking up to the front, she questioned indignantly.

“Who are you saying is trashing it?”

Before Xu Ming could answer.

Xu Jiangong hurriedly pulled his daughter back.

“Hanxia, don’t be ridiculous.

Our Young Master Xu, it’s not like we’re the ones talking about.”

Originally, he just wanted to find a step for Bizai.

It was just that Xu was not even bothered with him.

“Old man, don’t deceive yourself and others.

It’s you guys I’m talking about.”

“You’re a country bumpkin, and I don’t know who gave you the confidence.

How dare you lick your face and come to cling to our Xu family.

I feel ashamed to have the same surname as you.”

As the other party spoke with increasing viciousness.

Xu Jiangong's face also had an increasingly joyful look on it, slowly becoming a forced smile.

But even so, when he saw Lin Mo's move to come forward, he still reached out and pulled the latter back.

## **Chapter 2365**

With an ingratiating smile.

Xu Jiankong said.

"Xu Shao, we will prepare for the preparation here.

It's hard for you to make the trip, my daughter-in-law will go and pour tea for our Xu Shao."

When Fang Hui was just about to turn around.

Xu Ming spoke out directly and refused.

"An old woman making some tea is too disgusting for me.

Let your daughter do it, it's more like it."

Hearing this, it wasn't just Fang Hui's.

Xu Jiangong couldn't help but shake his body.

After taking a deep breath.

He still forced a smile with him and said.

"This daughter of mine is clumsy and clumsy, I'm afraid she can't entertain well.

It's better if I say come on, I'll do it."

When he finished speaking.

Xu Ming smiled, and only then did he slowly take his seat.

It was only when Xu Jian Gong brought the tea.

Xu Ming, however, deliberately waved his hand.

Unexpectedly, the cup of tea in Xu Jiangong's hand was knocked over, and the hot tea splashed all over him.

Seeing this, Xu Hanxia hurriedly rushed forward with a worried face.

"Dad, are you alright!"

After waiting for Xu Jiangong to say that he was fine.

Xu Hanxia's angry little face turned red.

"You've gone too far."

And when she stepped forward with the intention of finding the other party for a theory.

Xu Ming directly came to Xu Hanxia's side with a flash.

"Little beauty, don't be angry.

If you can't hit me, I'll just apologize."

With a bad smile on his face.

Xu Ming directly raised his hand and reached for Xu Hanxia's delicate cheek.

Only the next second he instantly got a chill all over his body.

It was as if he was still being stared at by a ferocious beast, causing him to subconsciously withdraw his arm.

And right in front of him, five fingers clenched.

But he heard a 'clang' sound, and a breeze lifted directly from the air.

Seeing this scene.

The corners of Xu Ming's forehead were also covered in cold sweat.

With such a strong grip, if he had just been pinched by the other party's wrist, his arm might have been crushed internally.

"Quite a quick reaction."

Lin Mo saw the other party dodge out of the way and said with a flat face.

In the next second, his body suddenly swayed.

By the time Xu Ming realised that the situation was not good, it was obviously too late.

With a flash of coldness, Tai Ah was sheathed.

And as the sword blade sliced through the void.

Xu Jian Gong scrambled to stop it.

"Stop!"

At this moment, the tip of the sword was right at the point of Xu Ming's throat.

With just a finger's distance forward, the latter would perish on the spot.

Seeing such a scene.

Mother-in-law was instantly shocked.

“Lin Mo, what are you doing?”

Quickly put the sword down, don't hurt Young Master Xu.”

It was already at this stage, just one step away from the door, they would become, the head of the family.

If anything happened to Young Master Xu, not only would their hopes be dashed.

The Xu family was also determined not to let them off the hook.

However, at this moment Xu Ming suddenly changed his expression.

Grinning with a mouth full of big white teeth, he smiled pervertedly.

“Come on, kill me.

When the time comes, not only will they be buried with me.

You will also be worse off than dead.

Hahahaha, go ahead, do it!”

With that he lifted up with a carefree face and slowly stretched out.

Looking at that stance, he was ready to perish at any moment.

Xu Jiangong's face at the side was also cloudy and uncertain.

He looked at Lin Mo and then at his daughter.

He eventually sighed helplessly.

“Lin Mo, put the sword down.”

After waiting for a long time, he saw that Lin Mo did not make a move for a long time.

Xu Ming arrogantly said.

“Since you don't dare to make a move, what's with the sword. Cut.”

But the good show had just begun.

Our Xu family has many more good things waiting for you.”

When he said this, he couldn't help but get excited.

His eyes also became unrestrained, greedily glancing at Xu Hanxia before he left with a loud laugh.

Looking at the other party's departing figure.

Fang Hui anxiously blamed.

“This has been screwed up by you guys.

If they get angry and cut off our intention to return to the clan.

I, , , , , ”

Without waiting for him to finish his sentence, the

On this day, the Xu family suddenly came and invited Xu Jiankong's family, to the Xu family in Kyoto.

This also signaled that the day was coming when his mother-in-law would represent Guangyang and return to the main family line, which she had been waiting for day and night.

It was just that the invitation was a bit manic.

## **Chapter 2366**

A depressing atmosphere.

The original joyful feeling also dissipated in this way.

Quiet for a long time, Fang Hui looked at her husband's gloomy face and only after a long time did she ask tentatively.

“Jian Gong do we leave now?”

At this moment, the family while when the eyes were also gathered on him.

In terms of the original intention.

Lin Mo was the one who wanted his father-in-law to give up.

Judging from this Xu Ming's attitude, the first signs had already been seen.

If he went to the Xu family again, he would only be making a fool of himself.

It was just that things were not as they should be.

When a heavy sigh sounded.

Xu Jiankong, his father-in-law, still nodded his head and decided through clenched teeth.

“Go, of course you go, why not.

This Xu Shao's is just upset because of that villa matter.

He's young and vigorous, so why should we bother with him.”

“Returning to the clan is the big thing, I'm going to change my clothes, we'll leave later.”

After saying that, Xu Jianguo turned around and walked towards his room to change into the formal clothes that were soaked with tea.

Lin Mo looked at his father-in-law's back, and could only shake his head helplessly.

This was the old generation's obsession with the main family, right?

But even though Lin Mo had seen the intrigue, he could not say anything.

He could only follow him quietly and give him shelter in critical moments.

The Xu family compound is located in the eastern suburbs.

This is mainly because the old people in the clan like to keep quiet, so they chose a place far away from the hustle and bustle.

But today, the compound was extraordinarily busy.

“Let’s brighten up the hoods.

Tomorrow is our Xu family’s annual grand clan meeting.

If anything goes wrong, I’ll make you all look good.”

While the crowd of underlings were busy working.

As he looked at the busy people, he felt that they were clumsy and clumsy.

It was while he was checking and reprimanding them.

The young man in charge of the reception behind him came running over.

“Grand Steward, Grand Steward.

There is a Xu Jian Gong from the South Realm branch who has brought a family over.

He said that he was invited by the Second Master.”

When he finished, the Grand Steward opposite waved his hand impatiently.

“What Xu Jian Gong, I’ve never even heard of him.

A country bumpkin from a barren land like the South Realm, and he dares to take the Second Master’s name.

Just drive it away straight away.”

And as the receptionist, was just about to turn around and carry out his orders.

The Grand Steward seemed to have suddenly thought of something.

“Wait a minute!

I remembered that this person is a distinguished guest at the Second Master’s personal command.

You will take them to the VIP room later.”

“Right, tell them to say that the Second Master is busy with the clan meeting.

He can’t spare the time to receive them, remember to be nice.”

With this two-level reversal of his attitude.

The receptionist was also baffled, but since it was the Grand Steward’s order, he just obediently carried it out.

Outside the compound.

Lin Mo's group waited for a long time before they saw the young man who had gone to inform them come back with quick steps.

"Excuse me, distinguished guests.

Our Second Master is busy setting up the clan meeting.

There is really no time to receive you all."

"How about this, I'll take you all to the VIP lounge first.

When the Second Master is free, would it be alright if I come back to entertain you all?"

Xu Jiangong naturally nodded his head in agreement.

"It's no bother, it's no bother.

It's hard on you, little brother, a small token of appreciation, I hope you don't mind."

Saying so, he came up to the receptionist and stuffed a quantitative gold bar into the other's arms.

"Here's the thing, little brother, there's something I want to ask you for advice."

The receptionist quietly touched a handful of the heavy gold bar, and a look of surprise surfaced on his face.

"Master Xu, what do you mean by asking for advice.

As long as you want to know, I, as a servant, will definitely tell you everything."

This shout of "Master" made Xu Jiangong's bones slightly crisp.

"Little brother, please tell me what we need to pay attention to during the ancestral ceremony.

What do we need to pay attention to during the reversion ceremony?"

"What is the homecoming ceremony?"

With a rhetorical question from the receptionist.

Xu Jiangong, who was originally smiling happily, suddenly froze his smile.

## **Chapter 2367**

The Xu Family Jade Garden, as a reception for VIPs as well as a place to rest.

The decoration was naturally extravagant.

Only at this moment, Xu Jiankong's family did not have half a smile on their faces.

"You guys don't have to worry about it.

It's probably just this kind of big event that he, a subordinate, didn't hear the news.

No need to be so sad."

Xu Jiangong said, forcing out a smile, and began to comfort everyone, of course, more in comforting himself.

On the side, Lin Mo, who was lying against the white window, was squinting his eyes at the Xu family's main residence.

"Dad, what if they're just lying to you.

What should we do then?"

Ever since Xu Ming's humiliation in the morning, and the receptionist's cluelessness.

The matter was already clear.

It wasn't that Lin Mo wanted to strike at his father-in-law, it was just that things had come to this, and he didn't want his parents-in-law to deceive themselves any further.

That receptionist, had made it clear.

Tomorrow's Xu family meeting would start and would last for three days.

There was simply no way there would be time to arrange other things.

"What is Lin Mo also talking nonsense about, your father was already in a bad mood.

You still have to irritate him so much."

With his mother-in-law's accusation.

Xu Jiangong let out a helpless sigh.

"Alright, alright, just cut the crap.

If it's true or not, we'll have the verdict tomorrow."

"To think that I, Xu Jiangong, have nothing to let the other side cheat."

Perhaps it was the obsession in his heart.

Even so, he was still unwilling to accept the reality.

A mixture of sadness and happiness was the most hurtful thing to do.

Looking at his father-in-law's haggard and downtrodden face mixed with all kinds of resentment.

There was nothing Lin Mo could do about it.

"Mom and Dad should rest early, just like Dad said.

Let's wait until tomorrow for everything."

And taking advantage of this gap in speech.

Lin Mo quietly took out an elixir and cast it into his father-in-law's teacup when the few people weren't looking.

After walking out of the room.

Seeing his wife's face full of heartache and indignation.

Lin Mo smiled faintly and took her in his arms.

"Don't worry, I've got everything.

If they don't keep their promise, how much they eat.

I'll make him swallow out as much as he can!"

He said as he gazed back in the direction of the brightly lit and dangling main house.

On the other side.

The old man of the Xu family had a smile on his face that hadn't stopped for a while.

He was more and more satisfied with the Xu Yixun in front of him.

"Dad, now our Xu family has no less than a hundred congee shops to raise the gods.

We have also negotiated with the Japanese consortium.

Before and after this, we have received nearly twenty billion dollars in joining funds."

Getting such figures.

The smile on the old man's face became even brighter.

"How is the business of these shops in our family?"

Across the table, Xu Yixun obediently took out his account book.

"Price wise, we have doubled five times.

The customers are still flowing in and are increasing by leaps and bounds every day.

After our publicity, people from the cities around Kyoto.

One after another, some of them are also coming for this nourishing congee of ours."

"In just these few days, we have already recovered thirty percent of the costs we put in."

After saying that, he did not forget to praise his father.

"Dad, it's still you who have a good eye.

With such a profitable business, we'll be able to make it all back in less than a month."

"By then, under the family name, which chicken-ribbed industries will be able to be completely abandoned."

It can be said that the old man's move has completely revived my Xu family's sluggish business from the dead.

And all of this was just a mere portion of rice porridge that he, Xu Yixun, thought was insignificant at first.

As for the old man, when he was complimented by his son, he also stroked his long beard in triumph.

"Right, since things have landed.

Then why did that Xu Jian Gong family, why did they still invite to our side of the family."

When the old man, mentioned this matter.

Xu Yixun immediately switched his tone.

"Dad, it's like this, our family, Ming Ming, was a bit unhappy with this person's son-in-law before.

So ....."

## **Chapter 2368**

The night was hazy, under the cover of dark clouds.

The moonlight, which had been white, suddenly dimmed.

The winter night was quiet and silent.

After crossing the fence, a nocturnal clothe quietly arrived at Xu Jiankong's room.

Seeing the sleeping husband and wife.

The man in black smiled faintly before pulling out a thin book from his pocket.

After slipping it under Xu Jiankong's pillow.

The black shadow flickered and disappeared into the room.

Not long after this person left.

The Xu family compound burst into noise.

"Catch a thief, there's a thief."

Accompanied by this noisy commotion, Lin Mo slowly struggled to open his eyes.

The Xu family was even burglarized.

What a joke.

With such thoughts, Lin Mo pulled the blanket for his wife beside him and went back to sleep.

Early the next morning.

When Lin Mo and his wife arrived at his parents-in-law's side, the room was empty.

The cluttered room was empty.

After frowning slightly, Lin Mo's walked to the bedside.

He reached out and explored the cold comforter.

Something was wrong in Lin Mo's heart.

Perhaps the noise in the night had something to do with his parents-in-law.

Thinking of this, he pulled his wife, who had a worried face, and left the room with quick steps.

"Come on, let's go to the Xu family hall first."

By the time Lin Mo arrived.

Within the hall, almost all of the Xu family members were present.

There was no sound of conversation under the seriousness of the environment.

"Bring me up the man."

Accompanied by a stern and angry voice from above the main seat, Master Xu.

Xu Jiangong and the family guards were brought up.

As for the one following beside him was the cloaked Fang Hui.

And both of them were also wearing pajamas.

Seeing her parents in that haggard state.

Xu Hanxia's eyes burst into tears as she was distressed.

A few Xu family guards on the other side saw Xu Hanxia's intention to rush over.

They tried to stop her.

But at the moment they raised their hands.

An invisible force instantly pushed the crowd to the sides.

Seeing this, Elder Xu directly got up.

"How dare you, how dare I come to the Xu family to cause trouble."

As his words fell.

The surging aura went straight to the gate.

For a while, Lin Mo's clothes were also blown with a swishing sound.

However, this aura pressure alone could not help him at all.

Lin Mo calmly walked over to his parents-in-law and took off his coat and put it on for his mother-in-law.

He swept his cold gaze over all the Xu family members present.

“Is this the way your Xu family treats its guests?”

In the light tone of voice, a murderous intent erupted.

Amongst the crowd, Xu Yixun slowly stepped out.

“Is this your way of being a guest?”

I, Xu Yixun, originally thought of my friendship with you, Xu Jiangong, as a compatriot.

I invited you to join the clan’s main family line.”

“I never imagined that I would find a white-eyed wolf.

It is enough that you do not remember your kindness, but you even stole the secret recipe of my family’s health congee.

What is your conscience, Xu Jiangong?”

At this moment, Xu Jiangong’s heart was already ashes.

But after hearing the other party’s questioning.

His face also became agitated.

“I didn’t steal any recipe for the congee.

That was clearly what I gave to you.”

“Xu Yixun wasted my time in calling you a brother.

I didn’t expect you to harm me like this, I’m really blind.”

Originally, he, Xu Jiankong, still maintained this last trace of persistence.

As long as the outcome was not known, he would not die.

However, he had never thought that the Xu family, one of the ten largest families in China, could be so vicious.

He had never imagined that the Xu family, one of the top ten families in China, could be so vicious.

In the early hours of the morning, he took himself and his wife directly to the interrogation room.

They even forced themselves to admit that they had stolen the secret recipe.

He was a cousin who wanted to make a name for himself.

Of course, I would never admit to such a thing.

I never thought that the other party would let himself and his wife freeze alive overnight.

The more he thought about it, the colder Xu Jiankong’s heart felt.

The master's family that he had been pursuing with all his heart was so unbearable.

## Chapter 2369

Under the attention of a group of Xu family clansmen.

Xu Yi walked up to Lin Mo's few people with an indignant face.

"You still have the face to mention this matter.

Remembering the love of my ancestors, I have specially invited you to return to our main clan."

"Who would have thought that you would come for our Xu family's secret recipe.

Someone, imprison them, a family of thieves.

This is a matter that we must deal with seriously."

And as a burst of family guards stepped forward.

Lin Mo raised his Tai Ah and crossed it directly in front of his body.

"I'll see which one of you dares to touch my family."

With this move by Lin Mo.

The atmosphere of the scene also instantly became tense.

The people of the Xu family present stood up one after another.

Xu Yizhe, the eldest son, even waved his hand in a big way.

"Kid, how dare you.

You are the first one who dares to come to my Xu Family to use weapons.

Xu family martial guards, listen to the order, don't let any of them go today."

"But if anyone resists, kill them all."

In a flash, one could only see the surrounding guards instantly draw their waist swords.

Seeing such a stance.

Fang Hui, who was already frightened, turned even whiter at this moment.

"Lin Mo, why don't we just forget about it."

Turning around, Lin Mo wore a kind smile and comforted.

"Mom, it's alright.

You and Dad and Hanxia don't need to worry.

As long as I'm here today, no one can touch you."

That back was not broad, but it was extraordinarily reassuring.

Hearing his words.

Xu Yixun smiled disdainfully.

“Xianniepew Lin, it is good for young people to have bloodlust.

But what is more important is to have to be self-knowing.”

At this time, the other people from the Xu family also wore mocking faces.

“Are all the young people nowadays so rampant already?”

“It seems that it is our Xu Family, who has not made a move in a long time, that even such juniors dare to come to my Xu Family to be reckless?”

“Father, it seems that it is time for us to make an example of the monkeys.

Otherwise, outsiders will think that my Xu Family’s sword is dull.”

For a while, cold words continued to taunt.

Lin Mo saw their ugly faces.

He just shook his head in disdain.

After all, he had overestimated this Xu Family, which was one of the top ten families.

There was not even a bottom line for being a human being anymore.

Not only did they cheat people out of their secret recipes, they also wanted to drive them to extinction.

As for this moment, Xu Ming was the most proud of himself.

He craned his rattling neck.

“Lin Mo, I’ve said it before.

The good show is yet to come.”

“How about it, this surprise, do you like it?”

Ever since not when he had told his father that Lin Mo had tried to kill him twice.

Xu Yi Xun had no intention of letting the family off easily.

Even if his own son was naughty, he was still his own son.

When did it become someone else’s turn to teach him a lesson?

That was why he had to kill them all.

He, Xu Yixun, not only wanted to get the other party’s secret recipe, but also wanted this family to die without a burial place.

As for Lin Mo, looking at the other party's smug mouth, he merely repeated those words indifferently.

"As I said, as long as I am here today.

No one can touch a hair on my family's head."

Xu Ming spoke with a teasing, disdainful voice, "And what if I move?"

At this moment, Lin Mo's palm was already resting on the hilt of his sword.

"Then you can try all you want.

Let's see if you whether your arm is hard, or my sword is sharp."

For a moment, a faint killing intent had locked him in place.

Xu Ming let out a loud laugh and straightened his sleeves as he asked.

"Lin Mo I'm just wondering.

No one that our Xu family wants to keep has ever been able to walk out of the compound."

"Who on earth gave you the courage to shout at our Xu family.

Just by virtue of you?"

"That's right, just by virtue of me!"

Said Lin Mo, and took off the mask he had been wearing.

"By virtue of me being the Branch Hall Master of the Martial Union of Guang Province.

With the fact that I am the new generation of medical saints.

By virtue of the fact that I am Elder Bai's closed door disciple."

As his words fell.

The originally noisy also-in instantly quieted down.

## **Chapter 2370**

As the scene turned silent.

Lin Mo also withdrew his ta'a.

"Come on, Mom and Dad, let's go back!"

After saying that, he turned around and helped his parents-in-law, thinking of walking outside the compound.

As for those guards who had originally surrounded him, they all gave way and none of them dared to make a move to stop them.

The Medical Union, the Martial Union, the Bai Family.

Any one of these forces was not something they could afford to offend the Xu family.

Not to mention someone like Lin Mo, who had the focus of all three powers in one.

“Letting them go like this?”

Xu Ming asked with a dissatisfied tone.

Looking at Lin Mo’s family, the back that left peacefully was like a slap in the face.

It was thrown heavily on his face.

It was also flung in the Xu family’s face.

“This matter, you should leave it alone for now.

I will discuss with your grandfather later on how to deal with it.”

Faced with his son’s question, Xu Yixun said with a heavy face.

At this moment, above the main seat, Elder Xu also had a gloomy face.

“Lao Er, you come with me!”

After saying a sentence with discontent.

He then turned around and walked towards the backyard.

“Didn’t you say that you had already investigated clearly, the background of the other party?”

This is the investigation you said was clear.”

Facing the old man’s stern rebuke.

Xu Yixun could only lower his head and admit his mistake repeatedly.

When he had first investigated Xu Jiangong’s family, he had indeed mapped out the other party’s background.

Apart from a small group of companies, there was nothing else that he could look at.

As for Xu Jiankong’s son-in-law, after a brief investigation, he found that he had only worked in a hospital for a while.

He had only worked as a doctor in a hospital for a period of time, and there was no information about him after that.

Xu Yixun then did not put this matter to heart.

But he never imagined.

The son-in-law of this nook and cranny branch of the Xu Clan was not only the new Saint of Medicine.

He was also the head of the Martial Union’s branch hall.

The most important thing was the backer behind him, the Bai family's Elder Bai, a fierce tiger lying in the deep mountains.

No wonder when he first saw Lin Mo, he had a sense of familiarity.

And when he first knew that the recipe was extraordinary, he thought that Xu Jiankong had a valuable person behind him.

Now it all made sense, the person who started it all was Lin Mo.

"Dad, I am responsible for this matter.

Because Lin Mo had been hiding his identity and was the son-in-law of the family.

I was careless and negligent."

Only the more Xu Yixun explained.

The more the old man became enraged...

"Can you solve this matter with a single sentence of carelessness and negligence?

Do you know that the chance for our Xu family to go further was cut short by your negligence?

If this matter were to change, you would be the sinner of my Xu family."

If Lin Mo's identity had been known in advance.

If they had included that Xu Jiangong in the clan tree, then the Lin Mo who came to their door would not be their Xu family's son-in-law.

By virtue of his status as a medical saint as well as a closed-door disciple of Elder Bai.

After getting involved with the Medical Alliance and the Bai family, it would be difficult for their Xu family not to prosper.

Unfortunately, it was such an opportunity that was cut off by their own hands.

It had even forced so its hard to become an enemy.

If they could not take care of things properly, their Xu family would become a joke in Kyoto.

"Dad, calm down first.

Since things have already happened, we can only think of ways to solve the follow-up problems."

Now the wood had been laid to rest.

The moment they spoke about Xu Jiangong and his wife's arrest.

The antagonistic relationship between their Kyoto Xu family and Lin Mo was a foregone conclusion.

"Since you have also said so, then this matter will be left to you to handle.

We must keep the secret recipe.

If this matter is messed up, you'll be on your own!"

After saying that, the old man waved his big sleeve and left without looking back.

Naturally, Elder Xu was clear that what had been missed for a long time had become a reality.

The main thing now was to get the secret recipe for the medicinal congee.

This was a life-saving straw to bring their business back to life.
