

Genius 2521

Chapter 2521

Lin Mo had to hurry all the way and finally arrived at Yang Gu Lao's house.

However, what he did not expect was.

Before the corpse of Yang Guilue was cold, someone else had come to the door.

They were so aggressive that it was obvious that they would not be willing to force Yang's daughter-in-law to death.

As such, Lin Mo naturally had no need to be polite with them.

As for Li Fei and his group, they looked at Lin Mo who had suddenly appeared.

Coupled with his taunting words.

Their faces instantly fell.

"Gam, who the hell are you brats again.

The Yin family is on business, so get the hell out of my way if you have the sense to do so.

Or I'll have you buried with their mother-in-law and daughter-in-law."

The Yin family, the Yin family again.

It had only been a day since Lin Mo had arrived in Pan Yang City, and he had encountered the other party's forces twice.

It seemed that this Yin family was really an existence that could only cover the sky in Pan Yang.

"You don't need to care who I am?

All you need to know is that I will take care of the Yang family's in-laws and daughters-in-law."

Said Lin Mo, raising his finger and pointing at Xu Jiajia.

"You have five seconds to do so, let her go!"

Also ignoring the other party's reply.

Lin Mo simply clasped his five fingers and then popped out his index finger.

"One!"

"Two!"

Before he could say the three words.

Li Fei then cursed angrily.

“I’m five your mother, give me hell!”

With that, he rushed to Lin Mo’s body with a single healthy step and raised his hand to blast Lin Mo’s head with a punch.

And as fast as he went forward, he flew backwards even faster.

He didn’t even wait for the others to see Lin Mo’s movements.

That Li Fei was directly kicked out of the door.

He fell to the ground, his hands clutching the small of his back as he wailed in pain, his energy to let loose his vicious words gone.

“I’ve already given the opportunity, you can only blame yourselves for not fighting for it.”

Said Lin Mo as he slowly lifted his steps forward.

At this moment, the few big men beside Xu Jijia instantly lost their momentum.

Just from that kick Lin Mo had just given to Li Fei, who was over one hundred and sixty pounds, he directly kicked him three feet away.

It completely scared them into a cold sweat.

This was a f*cking tough guy.

At this moment, the few strong men were only expecting their brothers outside the door to rush in and give them courage.

But what they didn’t know was this.

The dozen or so companions they were hoping for had already been easily taken care of by Lin Mo before he entered the door.

And as Lin Mo kept approaching.

One of the big men, directly reached out and squeezed Xu Jijia’s neck.

“D*mn you, take one step forward in a hurry.

I’ll just crush this b*tch’s neck.”

It seemed that only by doing so could he bring a faint sense of security.

However, Lin Mo only had the corner of his mouth hooked.

That bizarre smile caused the strong man to shiver uncontrollably.

In the next second, the Lin Mo in front of him directly disappeared from his spot.

The strong man only felt a blur before his eyes, followed by a sharp pain in his arm.

When he looked down, Xu Jijia, who was in his arms, had disappeared.

The arm that he had originally controlled to attack Xu Jiajia had been twisted into four or five irregular sections.

The visual impact made his already unbearable pain even more intense.

Then he looked at Lin Mo's ice-cold gaze.

The strong man directly covered his shoulder with one hand and fled out of the room with a trembling body.

The other companions, seeing the turn, naturally also hurriedly darted after him and fled.

This young man was so terrifying that if they stayed a little longer, they felt that they would lose their lives at any moment.

But before they could take a few steps.

Behind them, Lin Mo called out to them.

"Wait a minute!"

And his voice seemed to possess magical power.

The few strong men who were originally dashing stopped instantly.

"Take your companions away, lying here is an eyesore."

Hearing this, the strong men couldn't help but sigh with relief.

Immediately afterwards, they hurriedly picked up their companions who had fallen to the ground, either moaning in pain or unconscious, and quickly fled.

They waited until their figures disappeared into the distance.

Xu Jiajia knelt down straight away.

Chapter 2522

When Lin Mo saw Xu Jianzhi suddenly kneel down, he hurriedly dodged to the side.

He then held him up with one hand.

Xu Jiajia carried a heart full of pleading, her eyes filled with hot tears.

"Benefactor, please save my mother."

She had just seen the way Lin Mo had saved Yang's mother and had decided that Lin Mo must have extraordinary medical skills.

Only then did she think of kneeling down to beg Lin Mo to help save her mother-in-law.

Lin Mo had also withdrawn his hostile aura at this time.

If it wasn't for the fear of scaring the Yang family's mother-in-law and daughter-in-law, he would have planned to kill the leader, Li Fei.

At this moment, he heard Xu Jiajia's request.

Lin Mo smiled faintly.

"There's no need for that, don't worry, I'll save aunty."

And seeing the red and dark fingerprints on both sides of the other party's cheeks, he frowned slightly.

"This is a golden wound ointment I developed myself, which is very effective in repairing traumatic injuries.

If you don't mind, you can put it on your face first."

Saying this he pulled out a palm-sized medicine bottle from his head for seed and stuffed it into Xu Jiajia's hand.

Not waiting for her to recover.

Lin Mo turned around and went to the edge of the bed.

After checking his pulse and observing his colour, he confirmed the cause of Yang's mother's illness.

Consumption!

It was a condition that had gradually developed after years of exertion, coupled with a slight bronchitis of her own, and accumulated strain.

Of course this disease was no more than a piece of cake for Lin Mo.

As he paused in his examination work.

Xu Jiajia, who was holding the medicine bottle at the side and was full of anxiety, hurriedly asked.

"Benefactor, how is it, is my mother's condition very serious?"

Lin Mo wore a smile and replied indifferently.

"It's fine, don't worry.

Auntie is just an accumulation of strain.

It will be fine once I unblock her blood vessels, take some herbs and recuperate for a while."

The words fell.

Xu Jiajia immediately smiled excitedly.

It was just that his teardrop appearance and the puffiness of his left and right cheeks, coupled with a smile that was suddenly miserable, also made people's hearts ache.

"Thank you, benefactor, for saving my life."

He said and made a move to kneel again.

In this way, Lin Mo naturally remained more open.

“Sister Yang, you don’t have to do that, I’m already friends with Yang Gouyu.

It is my duty to help him out.

You must not kneel down again.”

Lin Mo couldn’t stand the thought of kneeling down to thank him at every turn.

Only then did Xu Jiajia wipe away the tears at the corners of her eyes and said with a strong sense of gratitude.

“Look at my brain, I still don’t know the name of my benefactor?”

“Lin Mo!”

“Brother Lin, my name is Xu Jiajia, the wife of the dog left behind, so you sit down first.

I’ll go and make some tea.”

Not waiting for Lin Mo to say no.

Xu Jiajia then turned around and walked out of the house, heading to the back kitchen.

Sitting on top of the shabby bench, Lin Mo then raised his head to observe the room’s environment.

Perhaps it was to prevent Yang’s mother from getting cold.

All the windows in the whole house had been nailed shut with plastic.

This kept the house warm though.

However, this was indeed most taboo for people with lung diseases, and the muddy air would directly aggravate Yang’s mother’s condition.

“It seems that it is time to give theirs a change of environment.”

Before coming here.

Lin Mo hadn’t thought so much about it.

He thought that after delivering Yang Dogou’s soul box and handing over some of the Martial Union’s compa*sionate measures, the matter would be understood.

However, things were indeed not that simple.

Not to mention the living environment and standard of living of Yang’s mother-in-law and daughter-in-law.

If you look at the people who came to the door to cause trouble, you can expect that if Lin Mo had just walked away.

The mother-in-law and daughter-in-law would have been in bad luck.

If they hadn't encountered each other, it would have been fine.

But now, Lin Mo couldn't possibly ignore this situation.

Yang Gouyu had died fighting for the Martial Alliance.

Amongst the forty islands, there was his share of glory.

"Brother Yang, just rest in peace, behind you is just that I will help you to end it."

After murmuring a sentence.

Lin Mo decided that he would finish the matter now and then go to South Vietnam and Hanoi.

Chapter 2523

And once Lin Mo had made his decision.

There was an even bigger headache that needed to be dealt with.

That was the news of Yang Guilu's death.

Xu Jiajia was fine with it, but look at the state of Yang's mother's health now.

If she knew about her son's death, she would have gone straight to the past.

When Lin Mo was torn.

Xu Jiajia had already come up with tea.

"Come, benefactor's, have some tea."

After the result of the tea, Lin Mo's then reluctantly squeezed out a smile.

"Sister Yang, there is no need to be a benefactor.

You can just call me Lin Mo directly."

This proposal was naturally rejected by Xu Jiajia outright.

"How can that be, I'll still call you Brother Lin."

Lin Mo saw that he couldn't argue with the other party, so he simply gave up.

Yet what comes from fear!

After waiting for Lin Mo to result in tea and put it down.

Xu Jiajia then hesitantly asked.

"Big brother Lin, there's something I want to ask you."

Here it comes!

With these words.

Lin Mo's heart instantly tightened, and he didn't even need the other party to continue.

He then knew what Xu Jiajia wanted to ask.

"How about this, you put the salve on first.

Don't disturb Auntie's rest later, we'll go outside to talk."

With that Lin Mo walked out of the room.

At this moment, he also needed some time to organize his words to tell this heavy truth.

Inside the house, Xu Jiajia's face also began to slowly look negative.

Outside the door, Captain Chen, the patrol guard sitting in his car, jumped down from the car as well after he saw Lin Mo walk out.

"Lord Lin, how is it.

Do you need me to hand over the Soul Box to them?"

Lin Mo shook his head slightly.

"Wait a little longer, their mother-in-law and daughter-in-law are not in a good state.

They might not be able to accept it for a while, such a big shock."

As the words fell, Captain Chen nodded his head.

At his gesture, the original SUV that was carrying the Soul Box slowly started up.

It then disappeared into thin air.

"Also, Captain Chen, go and find a car that is, well, more spacious.

Yang's mother's condition can no longer be lived in over here.

Just let him stay over at our villa, and when she gets better, we'll see, where it's appropriate to stay."

As Lin Mo arranged this matter in an orderly manner.

Behind him, Xu Jiajia also walked out.

Although the puffiness on her face had been removed, there was no joy to be seen.

Seeing this, Lin Mo could only sigh slightly.

It seemed that Yang Dogou's wife, should have already guessed what was going on.

"Sister Yang, I know what you want to ask"

Lin Mo had originally all but organized his words.

It was just that as he spoke, he inexplicably paused in his words.

Looking in front of him, Xu Jiajia, whose eyes were red and her face was full of haggardness.

Lin Mo's brow furrowed, and in the end he decided to speak in a different way.

"Sister-in-law Yang, aunty still needs to be taken care of, you can't fall down."

Forcing back her tears, Xu Jiajia had choked slightly.

"Dog left, how did it go?"

With a heavy face, Lin Mo's tone also became serious.

"Fighting for the country, he was attacked by the enemy!"

"Sister Yang, please feel sorry for your loss!"

With two short words, they became the last straw that crushed Xu Jiajia.

At this moment, the tears that filled her eyes with sorrow could no longer be stopped and gushed out in a steady stream.

After squatting down, she instantly hid her face and cried bitterly.

Seeing this, Lin Mo originally wanted to say something else.

But he swallowed back the words as they came to his lips.

The breeze was picking up and dropping yellow leaves.

Although the weather in the south was not as cold as in Kyoto, the breeze still caused pain in the hands and feet as it swept by.

After repeatedly struggling with this, Lin Mo could only let out a long sigh.

Looking at Xu Jiajia's thin clothing.

With a heavy heart, Lin Mo walked over to Xu Jiajia's side, took off the fleece cloak on his back and covered the latter's body.

On this day, the originally cold and quiet Little Garden Village resounded with the girl's cries.

Only apart from the cries, there was no other sound.

Chapter 2524

No one is born strong, but it is just a matter of fighting hard time after time.

The lights go out when people die, but those who are alive must continue to live.

After shedding all her tears, Xu Jiajia also eased up a bit.

When Lin Mo mentioned the move, Xu Jiajia only nodded with red eyes and a sad face.

For the safety of the Yang family's mother-in-law and daughter-in-law.

Lin Mo directly brought the two of them to the villa.

This was also just convenient for Lin Mo to treat Yang's mother.

"Auntie's body is too weak, she might not be able to bear such news.

Let's wait until Auntie has recovered before we speak to her."

As for Xu Jiajia, she had just gone through the shock of her husband's death and was already in a state of six minds.

At Lin Mo's suggestion, she only nodded in agreement.

Outside the door, Captain Chen then walked in quickly.

"Lord Lin, a woman has come outside, saying that she is Instructor Yang's cousin."

Hmm?

So well-informed?

He had just arrived home on his own feet, and this relative had already found his way to his door.

Of course, whether it was intentional or not, but after all, it was a relative of Yang Gouyu.

Lin Mo then asked Captain Chen to bring the other party in.

There was a rush of high heeled footsteps.

The woman who was thought to be dressed in all kinds of famous brands, gold and silver jewellery appeared.

She was also clearly not well-disposed, judging by her overbearing appearance.

As soon as she entered the door, this person rebuked and accused.

"Who gave you permission to take my third aunt away?"

As soon as these words were spoken, the people present instantly frowned.

It was Xu Jiajia, who was on the side, who directly went forward and retorted.

"Wang Ling, what do you have to come here and shout.

Being called Third Aunt in one breath so nicely.

You haven't even visited once during the time mum has been bedridden."

"Now big brother Lin is giving my mother a better environment to facilitate treatment.

Why are you anxious?"

Being so provoked by Xu Jiajia's words.

Wang Ling's face turned blue with anger.

“Humph, Xu Jiajia, is that how you talk to cousin me with such a tone?”

“You know, all these years, the doctors who treated Third Aunt were all contacted by me with my help.”

This remark was made.

Xu Jiajia’s was even more on fire, and her originally sad face had even more anger on it.

“Contacting doctors? Do you also have the face to say that?”

The nasty things in it, need I point it out.”

“The doctor you referred charged over a thousand dollars for a medicine that was clearly over a hundred.

And Ma’s condition, not only is it not getting better, it’s getting worse by the day.”

“If it wasn’t for the black-hearted doctor you introduced, he would have been sucking the blood out of Brother Doggy’s body.

Our family wouldn’t have ended up in such a situation.”

Her husband was mentioned again.

Yang Jiajia’s tears once again came to her eyes.

Across the table, Wang Ling seemed to be poked because she had been poked in the heart.

Her face couldn’t help but rise.

“You,, you, talk nonsense.

Old man Feng, but our Panyang City is known as a divine doctor.

How dare you insult his old man like that.”

“The dog bites Lü Dongbin and doesn’t know his heart, just you wait.

As soon as his old man gives the word, there will be no one else in the whole of Pan Yang to help treat Third Aunt.

When the time comes, if an accident happens to Third Aunt, it will be you, Xu Jiajia, who is to blame.”

After discovering a pa*s.

Wang Ling also calmed down.

“You guys get out of the way, I want to find Third Aunt and take her to treatment.”

At this time, Lin Mo, who had not spoken, suddenly raised his arm and stopped the other party.

“Sorry, Auntie needs to rest now.

Besides, before the patient I’m with recovers.

No one can take her away.”

Wang Ling stopped in her tracks and looked at Lin Mo with contempt.

“What do you have to do with something? Our Yang family’s affairs.

Who are you, an outsider, to interfere?”

Lin Mo wasn’t angry either.

Through Xu Jiajia’s words, he probably also understood that the two were related.

With a calm smile, he said indifferently.

“My humble self, the Medical Saint of China, Lin Mo!”

Chapter 2525

Hearing Lin Mo announce himself.

Wang Ling first froze for a moment.

Then she laughed out loud.

“Hahahaha, just you?

A brat, you dare to call yourself a Medical Saint.”

“If you were a Medical Saint, I would still be the Medical Saint’s mother.”

“Alright, don’t pretend. The Yang family’s business is not for you to get involved in.

Don’t think that you can fool everyone by renting a villa and putting together some dog’s skin of a jianghu doctor.”

Seeing that Lin Mo didn’t say anything back.

Wang Ling was still complacent, thinking that she had pierced the other party’s deception.

She raised her step and was about to continue walking forward.

However, Lin Mo’s arm, which was hanging in the air to block, did not lower.

“This lady, the authenticity of my identity does not require your affirmation.

But for now, please go out.”

“You”

Wang Ling raised this finger in anger and was about to say something in the process.

Chen Jiajia, who was on the side, interrupted directly to.

“Wang Ling, all girls, save some face for yourself, don’t make things more embarra*sing.”

At this moment, Wang Ling was so angry that her body was directly shaking.

It was just that looking at the number of people on the other side, he could not afford to get angry.

“You guys, you will pay the price for your actions today.

When the time comes, you will not regret it.”

After dropping a fierce sentence.

She left the villa in a huff.

.....

After moving Yang Douluo’s cousin, Wang Ling, to the door and causing trouble.

Lin Mo’s single-mindedness was all on treating Yang’s mother.

The young master of the Yin family, Yin Mang, did come to the door to make amends under the leadership of President Wang.

But Lin Mo simply closed his door and did not see him.

In the meantime, with the company and guidance of his wife Xu Hanxia, Xu Jiajia’s mood stabilised.

Xu Jiajia’s mood had stabilised, and although she could not see any smiles, she no longer looked as unlovable as she did at the beginning.

As for Lin Mo’s side, from these few days of communication.

He also generally understood why Li Fei had come to the door to cause trouble.

It turned out that a sunken iron vein had been discovered on the Yang family’s ancestral mountain, Jin Cai Mountain.

Since then, the Yin family had long been interested in this piece of meat and potatoes.

They bought all the mines.

However, Jin Cai Mountain is the burial place of the Yang family’s ancestors.

After repeated negotiations, the Yang family refused to buy it.

Later, the Yin family found out that soft measures would not work, so they planned to use hard measures.

However, they underestimated Yang’s strength and his desperate spirit.

After several clashes, not only did the Yin family fail to gain any advantage, they also failed to take any advantage.

Not only did the Yin family not gain any advantage.

Many of their fighters even died at Yang’s hands.

It seems that the Yin family did not want to make a big deal out of it, so they just left it at that point.

The change of heart came after the Yang family left for Beijing.

As the Yin family secretly explored the Golden Cai Mountain, they discovered that the sunken iron ore was a major problem.

It was discovered that underneath the sunken iron ore, there was a wealth of rare and precious minerals such as copper and hematite.

The most maddening of all is the gold.

When the news of Yang's death in Kyoto came to light, the Yin family sent someone to look for him.

The Yin family then sent someone to directly approach the Yang family's mother-in-law and daughter-in-law, intending to use unconventional means to take the gold-coloured mountain.

What happened after that, Lin Mo experienced personally after rushing to the Yang family.

After learning the inside story of what happened.

Lin Mo was also secretly staggered.

But it wasn't that he coveted this mountain, it was that this Golden Colour Mountain was a complete golden mountain.

Especially the coloured gold, it could be said to be the finest material among luxury jewellery.

Moreover, if this metal was incorporated into a weapon, it could also greatly enhance the draw power of the weapon, and the quality would directly rise a notch.

Of course.

Xu Jiajia was also more and more convinced of Lin Mo's medical skills.

But just a few days were seen.

Yang's mother, who originally had half a foot in Yan Luo Hall.

Today, not only did she look great, her coughing and shivering were almost rarely seen anymore.

And if the weather is sunny.

With the help of Xu Jiajia, she could even walk on the ground.

Of course, Lin Mo, in order to prevent Yang's mother from being accidentally informed of Yang's death and being overly sad.

In order to prevent Yang's mother from being overwhelmed by the news of Yang's death, he secretly added some medicine to his soup to calm his spirit and nourish his brain, and to ease his heart and blood.

As a result, Xu Jiajia's mood gradually improved, although she would often wipe her tears alone in secret.

But at the very least, a smile was slowly appearing on her face.

Chapter 2526

Everything seems to be going in a better direction.

Of course it would have been better if Wang Ling hadn't come to the door again.

After all, she was her own sister's daughter.

After seeing Wang Ling, Mother Yang couldn't be as resolute as she wanted her own daughter-in-law to be.

"Third Aunt, just listen to Ling Ling's advice.

There is nothing in Panyang that the Yin family can't get that they have their eye on.

That Jin Cai Mountain, even if you don't buy it, they still have a way of hollowing it out."

"You might as well, think about it.

Even if it's for the sake of your mother-in-law and daughter-in-law's future lives."

Realising that she was about to say something she shouldn't have said.

Xu Jiajia suddenly interrupted with anger in her eyes.

"Wang Ling, you should give up your heart.

Even if I die, I, Xu Jiajia, will not let the Yin family touch the burial place of our Yang family ancestors."

This comment was not only to prevent Wang Ling from leaking out the news of Yang Dogu's death.

It was also a dissatisfaction with this cousin's proposal.

And when Wang Ling saw this anxious look on Xu Jiajia's face, her eyes twinkled.

And then a sly smile appeared on her face.

"Third Aunt, did Jia Jia not talk to you about the matter of the dog leftover?"

Hearing this.

Mother Yang, who had originally kept her eyes closed and silent, suddenly opened her eyes.

Seeing this, Xu Jiajia's heart tightened.

"Mom, don't listen to his nonsense.

Nowadays, Doggy is doing very well and is working as an instructor at the Martial Union headquarters in Kyoto.

Mum, you should get well first, after a while"

As she said that, her face changed dramatically.

Due to the anxiety and the fact that her mind had been unsettled during this period of time.

At this time, Xu Jijia leaked out when she opened her mouth, after all, Wang Ling didn't say anything bad about Dogou.

Instead, it was he himself who was directly exposed.

Yang's mother, who was lying against the bed, seemed to have noticed this as well.

The expected breakdown of emotions did not occur.

Yang's mother stared blankly at the ceiling of the room as she waved her hand to stop her daughter-in-law who was about to explain.

"Ling Ling, Third Aunt has tired, you should go back first."

Beside the bed, Wang Ling's own purpose had not yet been achieved.

Now she had to leave, naturally her heart was not willing to do so.

Just when she saw, Xu Jijia's murderous gaze, he just resentfully stood up.

"Then, Third Aunt, I'll see you again in a few days."

With that, he left with a dissatisfied and disappointed face.

After a long time, although Yang's mother's face was pale, she was indeed unusually solemn.

With a tone that brooked no seriousness, she opened her mouth and asked.

"Jia Jia you honestly talk to mum.

Is it true that Gouyou went to the Martial Union Conference?

Did he die in a proper manner?"

Just as Xu Jijia interrupted to talk back.

The sound of footsteps came from outside the room.

"Auntie, Instructor Yang died in the ring for the Martial Alliance."

The sound was accompanied by a voice.

At this moment, outside the door of the room.

Lin Mo had already changed into a Zhen Yue ambassador formal attire.

The saltire was emblazoned with this traditional Thai character right in front.

Above the flat coat, two red tassels were scattered over his shoulders.

With a solemn look, Lin Mo said in a proper voice.

"This battle was won by China over the forty islands of Japan, one of which was attributed to Instructor Yang."

“Hereby, the Martial Alliance’s Amba*sador of Zhen Yue, Amba*sador Lin Mo of Taishan, sends Instructor Yang home.”

“Salute!”

As Lin Mo bellowed.

At his hand, the five patrolling guards, who were also dressed in formal attire, closed their feet.

It was accompanied by a neat and unified sound.

The five straightened their trunks, left hands behind their backs and right hands pounding their chests.

“Send, Instructor Yang home!”

At this moment, Lin Mo held the soul box with both hands, and with an even pace, he walked step by step to Yang’s mother’s body.

“Aunty, please feel sorry for yourself.”

At this moment.

Yang Mother looked at the bright smiling face of her son on top of the soul box, and the strong emotions she was holding back instantly collapsed.

With tears that could not be stopped.

With her daughter-in-law’s support, she struggled to get up from the bed.

After trembling, she took the soul box.

She clutched it in her arms.

“My son.”

Under her heartbreaking cries, she directly collapsed into her daughter-in-law’s arms.

For a moment, her eyes were lost in thought and tears were streaming down her face.

Chapter 2527

Now that the news of Yang’s death has been bared.

The burial was also imperative.

Under the arrangement of Lin Mo and Captain Chen.

Yang was buried on the Jin Cai Mountain in accordance with the special rites of the Martial Union.

This place was also the ancestral grave of the Yang family.

Yang’s mother was even stronger than Lin Mo had imagined.

On the tombstone was still the bright smile of Yang Goului.

In front of the tombstone, yellow paper kept burning.

The ruffled firelight shone through Yang's mother's grief-stricken cheeks.

"When you go over there, tell your father that you are better than him."

"Also tell, the ancestors of the Yang family, that your dog has made it big and is now an instructor of the Martial League."

"Also, remember to bless your daughter-in-law with good health."

"When you go there alone, take care of yourself."

.....

There are always ten thousand difficulties in the world, the most bitter white sends black hair.

Yang's mother was burning yellow paper while reciting various instructions.

Behind her, Lin Mo and others were waiting with serious faces.

Until the sun went down.

The box full of yellow paper was also burnt out by now.

In this way, Yang's funeral service was finished.

Early the next morning.

Yang's mother then called for Lin Mo.

"Thank you, Lord Zhen Yue, for seeing my son off.

Jia Jia and I have nothing to repay you for being so penniless."

"I only have this ancestral deed of the Golden Cai Mountain as a token of my appreciation.

It is a token of my gratitude for seeing him off, and a token of my gratitude for saving his life.

Please don't dislike it."

With that, Mother Yang took out the land deed that the Yin family had longed for and handed it to Lin Mo.

This was certainly not something Lin Mo could accept.

"Auntie, the elders are in order, you can just call me Xiao Mo.

This lord, lord folds on the junior."

"Besides, this ancestral deed is the foundation of your Yang family's survival.

Please take it back.

Brother Yang and I also have it originally, these are just part of our duties."

However, in the face of his excuses.

Yang's mother still had not changed her mind and insisted on giving the ancestral deed of the Golden Cai Mountain to Lin Mo.

"Mr. Lin, if I may say so.

What my niece said is also correct."

"The Golden Cai Mountain is worth a lot of money to outsiders.

But in my mother's two hands it is not a treasure, but a scourge.

So I hope Mr. Lin won't push back and accept it, so that Auntie I can also feel at ease."

I didn't expect that this Yang mother would have such a pattern.

And she was indeed right.

It was simply nonsense for them to want to take in this Jin Cai Mountain with just their mother-in-law and daughter-in-law.

After pondering for a while.

Lin Mo then spoke up and said.

"In this way, when it comes to the ancestral deed, aunty, you should probably take it first.

Wait for the afternoon, I will go over there to see the form.

Let's make plans after that."

At this moment, he already had a plan in his heart.

If this Golden Cai Mountain was not exploited, the Yang family's in-laws and daughters-in-law would not have peace for one day.

Instead of that, it would be better to develop it by themselves, and the revenue it would bring.

The proceeds from this would also provide a secure living for their mother-in-law and daughter-in-law.

Seeing that she could not argue with Lin Mo, Yang's mother had no choice but to withdraw the ancestral deed.

The matter was settled.

The first thing Lin Mo did was to summon President Wang.

"Lord Zhen Yue, I wonder if there is an important matter that you are in such a hurry to find me here?"

Last time, after he had brought Yin Mang here as an introducer to apologise and was turned away, he was obviously a little upset in his heart.

His tone of voice was also much worse.

Of course Lin Mo didn't care about this.

On the whole, this President Wang was not a bad person.

In particular, his flattery was far beyond that of ordinary people.

"President Wang, I have a big plan to make a fortune, I wonder if you are interested in participating."

Wang Laosan was also a smart man.

Associated with it, the Yang family's mother-in-law and daughter-in-law.

He hurriedly shook his head.

"Lord Zhen Yue, my subordinate just has no great ambition, and only wants to keep his own acre of land in peace."

The meaning of this refusal was naturally obvious.

And Lin Mo only smiled lightly.

"If this ambassador guarantees that after this matter is over, the Martial Union can be formalised and flourish?

With your Excellency sitting on the throne, no one will do anything that exceeds their authority!"

I wonder if President Wang can change his mind."

Chapter 2528

He has been the president of the municipal martial arts league in Panyang City for more than ten or twenty years.

Wang Laosan had always thought he had resigned himself to his fate.

He had always thought that he had resigned himself to his fate, to lick the Yin family in peace and quiet, to guard his own mu of land.

Eventually, he would live his life until he was old, and enjoy his old age peacefully.

But now, when he heard Lin Mo's words, his heart, which had been silent, unexpectedly pulsed wildly.

Even his breathing unconsciously began to slowly increase.

Noticing all this, Wang Laosan swallowed his saliva.

After forcing himself to calm down.

He revealed that standard professional compensatory smile again.

"Lord Zhen Yue, you are joking.

My subordinate has no ability, no means, and no ambition."

“Besides, the Yin family has only had their hands in Pan Yang for so many years and no one has shaken them.

I dare not hope for anything.”

Although Wang Laosan excused himself in every way, there was a constant light in his eyes.

Although he was excusing himself, it was more like he was trying to explain to Lin Mo how rare it was.

When the other party finished speaking.

The corners of Lin Mo’s mouth hooked.

“President Wang, to be honest, you don’t mind either.”

“You’ve stayed in the United Provinces for too long again, failing to see the shocking power of my magnificent country of China.”

“The talents of the younger generation are springing up like wildfire.

The strength of the Martial Alliance has grown by leaps and bounds.”

“It is a great trend to consolidate and completely subordinate the United Provinces.

But those who stand in the way of our Martial Union will be crushed into powder.”

When he said this, Lin Mo’s aura around him shook.

His face also instantly turned serious.

“How dare a small Yin family interfere with the affairs of the Martial Alliance?”

“Even if I fail to succeed in my trip to the United Provinces and perish here.

But behind me are thousands of other Ambassadors of Zhen Yue.

President Wang, it is your choice whether you believe or not.”

If the youth is strong, the country will be strong.

Under the shock of Lin Mo’s aura.

Wang Laosan was dazed and lost in thought, in Lin Mo’s body he saw the epitome of the Martial Union.

Indeed the rapid development of China today was staggering.

After being dumbfounded for a long time.

His eyes also slowly cleared, and then the ones that followed were also more hot.

“The great trend? Lord Zhen Yue, Mister Wang understands!”

“This President, I also want to see the magnificent mountains and rivers after the United Provinces are completely subordinated.”

As he said this, his originally stooped figure also slightly straightened up.

Seeing this, Lin Mo smiled gratefully.

As long as the waist was straight, the concept would also be straightened.

“President Wang, you are a wise man.

I, Lin, promise you that the future mountains and rivers of my magnificent country of China will be as beautiful as you wish.”

After saying that, Lin Mo stood up and raised his hand to reach out to the other party.

Wang Laosan did not hesitate to get up.

With a handshake, the two of them had reached a complete cooperation.

What Wang Laosan did not know was that this simple handshake would bring about a radical development in his future.

Of course this was all an afterthought.

Since the two had already reached a consensus.

Lin Mo also did not drag his feet.

“Time waits for no one, so I will be straightforward, President Wang.”

“Lord Zhen Yue’s ambassador, but there is no harm in saying so!”

Nodding his head, Lin Mo spoke straightforwardly.

“There are a few things on my side that I need President Wang’s assistance with.”

“Firstly, please ask Chairman Wang to help me find a company for ore mining, with a little reliable personnel.”

“Secondly, I need a breakdown of the Yin family’s power distribution in Pan Yang.”

Knowing oneself and one’s enemy would win a hundred battles.

The Yin family, a tiger in the way, had to be cleared out.

After explaining the matter to Wang Laosan.

Lin Mo contacted Song Zhilan again without stopping.

All plans could not be implemented without the support of funds.

After Lin Mo contacted Song Zhilan, he explained his purpose.

Without saying a word, the other party said that they would come over immediately after they had finished handling the matter at hand.

Taking advantage of the gap in the process.

Lin Mo and Captain Chen went to Jin Cai Mountain together, intending to personally survey the area in order to implement the plan later.

Chapter 2529

The Yin family mansion.

Yin Tianbao is lazily sitting on a tiger skin recliner.

In front of him stood Li Fei, who had returned from recuperating from his injuries.

“You mean that Lin Mo has received the Yang family’s mother-in-law and daughter-in-law into the mansion I arranged?”

“Interesting, hahaha, really interesting.

This Lord Zhen Yue has done things a little unorthodoxly.”

While laughing, Yin Tian Bao obliterated the tea in his hand.

Li Fei arched his hand and said respectfully.

“Boss, this Lin Mo was ordered by the Martial Alliance to come and subjugate the United Provinces.

Should our men send someone to do him in.

There are quite a few skeletons of the Martial Union’s people buried under my Pan Yang anyway.”

Just as he was talking smugly.

Yin Tian Bao slowly narrowed his eyes.

That seeping gaze immediately caused Li Fei to stop the words that followed.

“You’re teaching me to do something?”

As the icy words came to mind.

Li Fei was instantly frightened into a cold sweat, and then he hurriedly knelt down to the ground.

“Boss, I wouldn’t dare!”

Yin Tianbao disdainfully glanced at Li Fei and said indifferently.

“Don’t be too wild, there are things you can do, but not say.

Next time, I hear this from your mouth, you will go and keep them company.”

=And wasn’t this ‘they’ referring to, the dead souls under Pan Yang?

Li Fei was instantly frightened and trembled, admitting his mistakes one by one.

Having worked under Yin Tian Bao for so many years, he naturally knew the temper of his boss.

“During this period of time, don’t make any rash moves, just keep a close eye on Lin Mo for me.
The Martial Alliance Zhen Yue Amba*sador can die, but he absolutely cannot die in our Pan Yang realm.”

In response to Yin Tianpao’s command.

Li Fei immediately responded.

“Yes, my subordinate understands.”

After saying that, he hurriedly excused himself as if he had come back from the dead.

And when he left shortly after.

Another figure walked in again.

Upon seeing the visitor, Yin Tian Bao once again changed his smiling face.

After standing up, he quickly stepped forward to welcome him.

“Chairman Wang, you’re not a decent person.

I didn’t invite you over for tea, and you didn’t even know to come and visit old brother.”

With that, he raised his hand and wrapped an arm around Wang Laosan’s shoulders.

That enthusiastic look was as if he was a brother in life and death.

Wang Laosan was also smiling and said.

“Boss Yin, you also know that.

Although that Zhen Yue envoy is just a brat.

But his status is there, so if I don’t serve him well.

If he snitches on me back at headquarters, I won’t be able to withstand the punishment from headquarters.”

Wang Laosan said with a bitter look on his face.

Yin Tian Bao laughed.

“Chairman Wang is very serious, in this Pan Yang realm, who dares to punish you?

As long as you, Chairman Wang, say the word, I will go through fire and soup to make them come back.”

These words were spoken.

Wang Laosan pretended to be afraid and shook his hand repeatedly.

“I would like to thank Boss Yin first.

But this killing thing is not allowed.”

The more scared he was, the more Yin Tian Bao laughed.

The louder Yin Tianbao laughed.

“Chairman Wang, you and I are like brothers, your business is my business.

Saying thank you or something is rusty.”

“Come, come, sit down and talk first, it’s been a while since we two brothers had tea together.”

Hearing this.

Wang Laosan couldn’t help but spit darkly.

Bah, brother your sister.

You’re a brother, and you brutalised my Martial Union men?

Is it brother, you hollowed me out and made me, the president, null and void?

Brother, you privately sent people to spread the news and banned anyone from joining the local Martial Union a*sociation?

Of course these were just the spiteful words of Wang Laosan.

On the surface he was still full of flattery.

Just when he was about to nod and bow as usual.

Suddenly his heart tightened and his usual flowing movements suddenly became uncomfortable.

After taking a slight breath, he forced himself to suppress the squirming feeling in his heart.

“You are too kind, Boss Yin.

It’s a great honour for me, Wang, to have you treat me to tea.”

Although it was only a hollowed out president.

But after all, the status was there.

Being patted on the back like this by Wang Laosan.

Yin Tianbao’s smile suddenly grew even wider.

Chapter 2530

After the two were seated.

Yin Tianbao also apologised for his nephew, who had caused trouble in the banquet hall earlier.

Then he began to side-step and intentionally or unintentionally point out Wang Laosan.

“Older brother ah, I heard that today, Lin Mo asked you out privately today ah.”

He didn’t even need to explain the meaning.

Wang Laosan instantly understood.

“Oh, you’re talking about that hairy kid.

He asked me out privately, just to impress me with his ambitions.”

After hearing this, Yin Tian Bao raised his eyebrows.

“Oh? It seems that this Lord Zhen Yue is like pulling in Old Brother Wang.”

“Such a good opportunity, doesn’t Chairman Wang have something to do?”

Wang Lao-san is not just a slinky.

He had also studied the art of reading people’s speeches and understanding their colours.

As soon as the other man’s words fell, he instantly understood.

Although this Yin Tian Bao seemed to be joking.

But in fact, he was really testing his attitude.

After a quick flash in his mind, he did not hesitate and replied directly.

“Boss Yin, you’re joking.

Although I, Wang, am getting older, my eye for judging the situation is still as poisonous as ever.”

“In Pan Yang territory, even if he Lin Mo is a dragon, he has to lie down for me, and even if he is a tiger, he has to lie down for me.”

“As long as you are here, Boss Yin, this Lin Mo will not be able to make any big waves.”

Wang Laosan was smart, and while stating the facts, he had a secret wave of rainbow farts.

This remark did not say whether it could dispel, Yin Tianpao’s doubts.

But it did make him extraordinarily happy.

This is also the reason why Yin Tian Bao kept Wang Laosan, no matter what, mainly because this little brother spoke exceptionally well.

And he didn’t wait for Yin Tian Bao to ask questions.

Wang Laosan then took the initiative to explain.

“By the way, Boss Yin, there is one more thing.

It’s that this Lin Mo seems to have gotten some kind of advantage from Mother Yang’s side.”

“Surprisingly, he asked me to find a mineral mining company for him.

What do you think from your side?”

He had already promised Lin Mo that this matter would definitely be known later.

Instead of being exposed later, it would be better to take the initiative to confess now.

This would also win Yin Tianbao's trust.

As expected, when Wang Laosan finished speaking.

The suspicion in Yin Tianbao's heart faded significantly.

With a smile on his face, he slowly said.

"Since it is Lord Zhen Yue's request, you have something to do with his subordinates.

Naturally you have to follow it obediently."

"That's fine, just follow Lin Mo's wishes.

It also saves people from falling into disrepute."

At these words, Wang Laosan also nodded in understanding.

"Don't worry, Boss Yin, Mister Wang knows what to do."

"The Western Suburbs Mineral Company, isn't it about to close down and the people have all pretty much run away?"

"Our Lord Zhen Yue, who couldn't bear to see such a scene, has taken over the entire Western Suburbs Minerals."

Yin Tianbao was also beaming with joy.

"Hahahaha, it is easy to deal with smart people.

Then we will drink tea instead of wine, and toast Amba*sador Zhen Yue for his profound understanding."

As the cups of tea clinked together, the matter of the mineral company that Lin Mo had requested was settled by the two of them.

What Yin Tianbao did not know was this.

Although Western Suburbs Minerals was on the verge of bankruptcy, the entire company's staff ran away and scattered.

The company was on the verge of bankruptcy.

But the person behind the company is actually the son and nephew of Wang Laosan.

From the very beginning, when the conversation started.

Wang Laosan had already started to guide Yin Tianbao, intentionally or unintentionally.

In the end, as soon as the mess was cleaned up.

The company was delivered to Lin Mo.

After all, they had been together for more than ten years.

Wang Laosan had a good grasp of Yin Tianbao's personality and temperament.

Although this man was ruthless and ruthless, he was also a man with a high and proud heart.

Although he has done all sorts of evil things, he is the kind of person who wants to be that and that at the same time.

As for the main character of their discussion, Lin Mo, at this time also came to the Golden Cai Mountain.
