

## Genius 2571

### Chapter 2571

As a recognised goddess.

Ruan Jintian and Kong Wu were naturally one of Zhao Ziyang's many admirers.

It was just that they were smarter.

The method they adopted was a curved one.

Without revealing their hearts, they spent time with her as friends, and then waited for an opportunity to find a way to strike.

As good friends.

Yin Mang naturally understood their intentions as well.

"Young Master Kong, Duke Ruan, it is my junior brother who has been abrupt.

To tarnish the reputation of the two of you,"

"Later, the evening meal is on me, instead, I punish myself with three cups.

It's just that by then, it might be late at night and Miss Zhao might not be able to go.

The two of you must be appreciative."

The words fell.

Combined with Yin Mang's previous so extremely good words.

The two young masters instantly understood.

As they nodded and smiled, their faces showed satisfaction.

This was also the reason why Yin Mang, despite the disparity in status between him and the other party, could still become good friends.

There is no way around it, but what wandering young lord would not like a lapdog who speaks well and does his job well.

Immediately afterwards, under the leadership of Yin Mang.

The two young sons from the top forces of Da Qu entered the VIP room together.

Of course, the banquet in the VIP room was separate and isolated.

The purpose of this was to prevent other members of the Yin family and other guests from disturbing the guests from Da Qu.

After waiting for a while.

A silhouette slowly arrived.

Upon receiving a report from the underlings, several people got up and quickly came within the hall.

“Miss Zhao, I haven’t seen you for a long time, how have you been?”

“Yanzi, how is Master Zhao’s health?”

Faced with the warm greetings from the two young masters, and the intimate addresses.

Zhao Ziyang frowned slightly.

Sui was a friend, but the relationship was just average.

That intimate address was obviously a bit too much.

If it wasn’t for the request he had with Yin Tian Bao, he wouldn’t even want to come to this so-called family banquet.

At this moment, Yin Mang also noticed her micro expression, then he raised his tone a few times and said.

“Uncle Zhao, you’re a rare guest, it’s a great honor for the Yin family to have you here in person.

Come, the family banquet is almost ready, please come inside.”

With that Yin Mang turned around and coughed lightly, reminding the two young masters with indulgent eyes to pay attention to their image.

And with this movement of his, Kong Wu and Ruan Jintian also instantly returned to their senses.

At this moment, they also clearly sensed Zhao Ziyang, discontent.

How close!

After not seeing her for a while, this Zhao family’s thousand-year-old girl had become even more beautiful and attractive.

If it wasn’t for Yin Mang’s reminder.

Kong Wu had almost blurted out his words and expressed his love.

After giving the second young man a grateful look at the former, he entered the Yin family’s banqueting room together with Zhao Ziyang.

Since the distinguished guest had already arrived.

Yin Tianbao did not have to put up a show of being an elder, so he went straight from the back room and crossed the hall.

At this moment, all the members of the Yin family and the dignitaries invited to the banquet in Pan Yang were present in the hall.

As the main protagonists of today’s banquet, Kong Wu and the others were naturally the centre of attention.

Many of Pan Yang's most powerful people had their eyes fixed on them, but they were in the VIP room.

They wanted to get close but had no chance.

"Magnanimous nephews, come and take your seats.

When I heard you were coming, Xiao Mang was personally in charge of the back kitchen.

It's all what you like to eat."

Yin Mang acted as a bridge between the Yin family and the three top powers.

Naturally, Yin Tian Bao wanted Yin Mang to be closer to them, so he took all the benefits from his nephew.

And just as he was greeting these distinguished guests.

The man beside him suddenly came up to Yin Tianbao's ear.

"Boss, Chairman Wang has just come by!"

He didn't wait for his men to finish speaking.

Yin Tian Bao returned with an unpleasant tone.

"If he's here, just let him in, do you need to ask me to report such a trivial matter?"

"But he turned around and left after putting in a casual salute."

Hearing this news.

Yin Tian Bao suddenly squeezed his five fingers and his hand meridian burst out.

## **Chapter 2572**

Looking at the back of Wang Laosan's departure.

A crowd of guests already members of the Yin family were puzzled.

Unexpectedly, whenever Yin Tian Bao hosted a banquet, no matter how big or small.

He was always the last to leave, whether he was really drunk or pretending to be drunk.

Today, this is an anomaly.

Inside the VIP room.

Ruan Jingtian noticed the change in Yin Tianbao's mood and the corner of his mouth suddenly hooked.

He had also heard a little about Wang Lao San.

"Master Yin, it's just a small Martial Union president.

You should know that some dogs can't be bred."

On the other side, Yin Tianbao had also changed his smile back at this time.

In order not to lose face as well as the atmosphere, he said with a forced smile.

“Come, come, come, all of you don’t need to care.

It’s true that President Wang has been quite busy during this period of time.

Let’s all understand and raise a gla\*s to our young Kong and soft grandson Miss Zhao’s memory.”

With this uproar from him.

Only then was the atmosphere of the entire family banquet turned around.

As for the departing President Wang, he went straight to his office to take care of things.

There was no other way, Lin Mo’s side had leaked him the news not long ago.

In a short time, he would be making a move against Yin Tianbao.

At that time, the whole city of Pangyang would definitely be in a huge wave.

At that time, it would be necessary for him, the president of the Pan Yang Martial Union, to step in and stabilise the situation.

Although Wang Lao-san was looking forward to this matter, the reality was that the Martial Alliance had no idea what to expect.

But the reality is that there is no one available in the Martial Alliance.

For this reason, he could only desperately mobilise his hidden forces in Pan Yang City and began to gather more and more people.

Once Yin Tianbao had fallen, he would raise his arms and purge the whole of Pan Yang.

Thinking of such a scene, Wang Laosan could not help but shake with excitement.

He was so haggard that he was suddenly full of energy.

Of course, all this was done in secret.

Although Yin Tianbao had his suspicions, they were only suspicions.

At this moment, he was still busy receiving VIPs.

After three rounds of wine and five tastes of food.

Yin Mang, who had drunk a bit too much, was still yelling at everyone to eat and drink well.

But an unexpected guest came to the door.

Yin Mang waited until the news came from his subordinates, and after a greeting, he immediately walked out of the VIP room.

“Yo, isn’t this our Lord Lin?”

After shakily walking up to Lin Mo.

Yin Mang then remembered the loss he had suffered at his hands, and in a moment of drunkenness, he directly chided.

“Cao, coming to my Yin family’s banquet and still daring to look cold.

Give me a smile!”

With that, he raised his hand and reached for the former’s shoulder.

However, he was only answered with a loud slap.

In pain, he didn’t wait for him to say anything.

Lin Mo directly grabbed Yin Mang’s hair and dragged him to the banquet table.

“The last time you threatened my family, the grave has sprouted.

You want to be the next one, don’t you?”

After the icy words fell.

He copied the wine bottle on the table and directly opened up Yin Mang.

After then, he was wailing in pain.

For a moment, the people present were stunned.

Was this man crazy?

He was all alone and dared to come to the Yin family to cause trouble.

The commotion over here naturally drew the attention of Yin Tianbao and the others.

And when he stepped out.

The scene in front of him instantly caused his eyes to turn red.

He saw that the originally fine Yin Mang had been pinned to the table with one hand by Lin Mo.

“Lord Zhen Yue, you have been reckless.”

After saying this, Yin Tianbao stood up with a face full of anger.

As he raised his hand, he waved.

The Yin family guards who had originally made a move to rush forward also stopped in their tracks at this moment.

They waited for the family head’s order.

Only after he finished speaking.

Lin Mo didn’t reply, he just picked up another bottle and smashed it on top of Yin Mang’s palm.

Ten fingers connected to the heart.

The pain was so severe that it caused the latter to let out a heart-breaking wail.

The members of the Yin family did not have instructions from Yin Tianbao, so they naturally did not dare to do anything, but could only stare at Lin Mo with righteous indignation.

### **Chapter 2573**

Seeing this scene, Zhao Ziyang's eyebrows shrank.

"That's enough!"

"Who is your Excellency?"

How dare you come to the door to cause trouble and strike a blow."

Originally, his first impression of Lin Mo was still good.

One with good martial arts talent and extraordinary medical skills.

But after experiencing what happened in front of him.

She had suddenly changed her mind about Lin Mo, a rude and barbaric person.

And at this moment, Lin Mo first raised his head and swept a glance at the people present.

Only then did he stare at Zhao Ziyang and speak.

"It doesn't matter what I am.

What's important is that this little thane, sent someone to spy on my wife.

I just came to the door to give him a wake-up call and to deepen his memory by the way."

And at this moment, Yin Mang desperately wanted to argue.

Naive, he was pressed to death on the table by Lin Mo, and his mouth was full of vegetable crumbs unable to say anything at all.

It was just this time.

Kong Wu, after sobering up from his drunkenness, instantly stood up.

"Zi Yan, there's no need to talk much nonsense to him.

If you dare to touch my brother, I'll waste you."

The words fell.

The only thing that could be seen was Kong Wu slapping the table, and then his entire body rushed towards Lin Mo like a cheetah.

Seeing his buddy being humiliated like this, most notably in front of his own face.

“Kid, come and die for me!”

With an angry air, Kong Wu directly fought his fist, intending to directly hammer the person causing trouble in front of him.

Seeing this, Ruan Jingtian behind him smiled smugly.

“Miss Zhao, there’s no need to get angry, Young Master Kong will naturally teach the other party a good lesson.

Within this land of Pan Yang, no one of his age can stop Young Kong’s Tiger Cannon Fist.”

“Even the experts of the older generation ..... Also .....”

As he spoke, he suddenly stammered.

There was a dull sound of striking.

All the tables and chairs around were lifted by the aftershocks of the battle.

However, what stunned Ruan Jingtian was.

Kong Wu’s full strength strike, which had originally been blown up into the sky by him, was actually parried by Lin Mo with an easy lift of his palm.

“With this level of strength, you still want to help someone out?”

Accompanied by a taunt from Lin Mo.

Kong Wu was both shocked and angry, surprised that this Lin Mo was so strong.

He was surprised that this Lin Mo’s strength was so strong that even his full strength strike could not help him in the slightest.

His anger was that Lin Mo dared to taunt him.

However, just when she was full of anger and intended to continue her attack, her face suddenly changed.

No!

Just as he was about to return his fist, his wrist was already held by his opponent in a deadly grip.

Along with Lin Mo’s retreat, he threw it with force.

Kong Wu then suddenly lost his centre, and his entire body was directly ripped up.

Meanwhile Zhao Yu, who had been watching the battle, suddenly shook his head and sighed with emotion.

“I didn’t expect this teenager’s power to be so strong, it seems that I underestimated him before.”

Hearing this, Zhao Ziyang was just about to turn back.

Lin Mo’s side once again made a move.

Without waiting for Kong Wu to land, Lin Mo lifted his right foot, followed by a whip kick.

There was a shock.

Kong Wu was smashed to the ground and a dent of more than a foot was formed directly under his body.

The floor around him was densely cracked.

As for Kong Wu himself, after spitting out fresh blood, he directly passed out.

This .....

After dealing with, all of this.

Lin Mo clapped his palms with a relaxed face and looked his gaze towards Yin Tianbao.

“You are Yin Tianbao, right, and will meet in this form.

This time, it’s just a small warning.”

“One more time, and I your Yin family’s blood will flow into the river.

Of course, if you don’t believe me, you can give it a try.”

After saying that, Lin Mo stopped talking nonsense and after letting out a loud laugh, he directly turned around.

And before he left, his gaze intentionally or unintentionally glanced at Zhao Yu.

Although this man had covered up his aura, Lin Mo still noticed him.

This person was an expert.

In place, until Lin Mo’s back disappeared from sight, the entire scene remained silent.

Until Yin Tianbao’s angry roar broke this silence.

“What the hell are you still standing there for, hurry up and save the people.”

## **Chapter 2574**

The originally lively and extraordinary family banquet came to an abrupt end with Lin Mo’s sudden visit to the door.

Amidst Yin Tianbao’s gloomy face, the guests also left one after another.

“Boss, do you want me to go and chop him up?”

“How many times have I f\*cking told you, Lin Mo can’t die in Pan Yang.

He’s the Martial Union’s Zhen Yue Ambassador, where’s your brain?”

In a fit of rage, Yin Tian Bao kicked Dog straight over.

“Get lost, go and see, how are Young Empty and Little Mang’s injuries?”

With Ah Dog rolling and crawling, after leaving the room.

Yin Tian Bao was already so angry that his face turned red.

“D\*mn it!”

Yelling directly, he directly overturned the coffee table in front of him, and the antique vases in the room were shattered finely by his staggering.

“Lin Mo, I want you to die, I want you to live worse than death.”

Lin Mo’s actions were completely throwing the Yin family’s face on the ground and trampling on it wantonly.

And that was in front of so many guests.

Knock, knock, knock!

Just as Yin Mang’s anger was rising, there was a sudden knock on the door of the room.

Once he entered, Ruan Jingtian was also filled with a gloomy face.

“Master of the Yin family, who the hell is that person?”

Seeing him in this state.

Yin Tian Bao recoiled and his mood lightened slightly.

“That person is the Martial Alliance’s new Zhen Yue Amba\*sador, Lin Mo.”

Ruan Jingtian first nodded before saying.

“Lin Mo? Fine, I’ll write it down.

If he dares to touch my brother, he’s dead.”

“Master Yin, although Young Kong’s injuries are stable, he still needs follow-up treatment.

I’ll take him back to Hanoi first, farewell!”

With that, he turned to say goodbye to Zhao Ziyang behind him, and then left at a fast pace.

Only at this time, Zhao Ziyang was full of surprise and astonishment.

“Clan Master Yin, you if that young man just now is called Lin Mo?”

At this time, Yin Tianbao still thought that Miss Zhao was also looking for Lin Mo’s revenge.

The boredom was once again relieved by a few points.

“Yes! This person is domineering and acts arrogantly, if Miss Zhao is displeased, I .... I .....”

Opposite Zhao Ziyang’s feet clicked and her whole body flew out.

“Uncle, let’s go after him.”

When his words fell, Zhao Yu’s body shifted and disappeared directly in front of his eyes.

Only a bewildered Yin Tianbao was left alone in the same place for half a day me me me.

On Lin Mo’s side, after warning the Yin family, he drove away straight away.

It wasn’t that he didn’t want to slaughter the Yin family directly, but he couldn’t.

The Yin family’s chain of influence involved all corners of the entire city of Panyang.

The whole body was affected by one hair, and when Pan Yang was in chaos.

Lin Mo’s efforts would all be in vain.

Just as his mind was racing with thoughts, he suddenly stopped in his tracks.

With one hand on the hilt of his sword, his killing aura shook around him.

“Come out!”

After sensing Lin Mo’s killing aura, the

Between the forest by the roadside, two figures slowly walked out.

The people who came were none other than the stunningly beautiful woman who had just appeared at the banquet as well as his bodyguard.

“Little brother, there is no need to be so heavy with killing energy, we are not looking for you to take revenge.

We just have a matter to ask you!”

When Lin Mo saw that the visitor had no hostile intent, he loosened the hilt of his sword in his hand.

“Tell me!”

“First, let me introduce myself, my daughter, Zhao Ziyang of Gu Nei City, and this is my family uncle, Zhao Yu.”

Once he heard the other party’s origins, Lin Mo raised his eyebrows.

“Your grandfather is Zhao Nan Yue?”

“Precisely!”

This woman’s identity was rather surprising to Lin Mo.

The Zhao clan of Inner Valley City was a powerful party in Da Qu, with its famous industries spread throughout Da Qu.

I didn’t expect such a big power to be so close to the Yin family.

With such doubts, Lin Mo lightly said that it was a pleasure to meet you before asking.

“I don’t know Miss Zhao, what is the reason for seeking me!”

After entering the main topic.

Zhao Ziyan’s face also became serious.

“I’m here just to confirm one thing.

Mr. Lin, is he the newly promoted Medical Saint of China?”

When Lin Mo heard this question, the only thing he could do was to keep sweating.

Did this woman come out of the mountains.

## **Chapter 2575**

Showing his hands, Lin said somewhat helplessly.

“Honestly, are you guys so behind on news in Da Qu?

It’s been a few months since this amba\*sador became a Medical Saint.”

After saying that Lin Mo then straightened his clothes and introduced himself with a straight face.

“Get reacquainted, I am Lin Mo, the head of the Five Amba\*sadors of Zhen Yue, the Taishan Amba\*sador, and also the Healing Saint.”

As Lin Mo finished speaking.

Zhao Ziyan looked at such a handsome looking and imposing peer in front of her and couldn’t help but be a little distracted.

But when he thought of Lin Mo’s mocking words, he was instantly angry again.

“You guys are the ones who are lagging behind, we just don’t want to know it anymore.

If you have a mind to, I will take all the things of the world into my Zhao’s hands.”

Such a defence only seemed pale and feeble.

Although Da Qu was attached to China, it was just that: attached.

The relationship between the two sides was not exactly harmonious.

Therefore, a lot of news from China was kept out of the country.

This, coupled with the intentional suppression of the Medical Alliance, had led to a disconnect in the news.

Lin Mo naturally did not have the elegance to argue with the other side at this time.

“Now that you know each other, you can say what you came for.

My daughter-in-law is still waiting for me to come home for dinner?”

“You ....”

Irritated by his cynical attitude.

Zhao Ziyuan became even more upset, and as his anger rose to the surface, he was ready to speak.

Zhao Yu at the side suddenly stood up to deal with it.

“Lord Zhenyue, Lord Zhen Yue, is a master of both medicine and martial arts, and has exceptional talent.

My Zhao clan chief admires young talents like you the most.

Therefore, I have sent my young lady to invite you to be my guest in the Inner Valley.”

“I wonder if Mr. Lin could be so kind as to grant me an audience?”

Compared to Zhao Ziyuan’s impulsiveness.

Zhao Yu’s character was obviously more composed and spoke with more ease.

“The two places are very far apart, and I still have a lot of things to take care of here in Pan Yang.

When I am free, I will definitely pay a visit.”

Lin Mo was naturally not stupid and would not be drifted into not recognising himself by a few of his boastful words.

“If there is nothing else, then I will take my leave, goodbye!”

Seeing Lin Mo turn around and leave without looking back.

Zhao Ziyuan’s heart suddenly panicked, just as she was about to call out to the other party.

Zhao Yu at the side suddenly stopped her and calmly explained.

“If we invite him in such a hasty manner, he will definitely not agree directly.

In terms of caution, this, ah, this Lin Mo and your grandfather are somewhat alike.”

Words were also brimming with appreciation.

“Let’s go, go back!”

At Zhao Ziyuan’s puzzled gaze, Zhao Yu smiled lightly.

“There’s no need to rush, when he investigates and confirms the news, he will naturally come.”

Before leaving, Zhao Ziyuan looked back.

“Lin Mo we will meet again.”

Along with the two of them departed towards Gu Nei City in Hanoi Province.

On Lin Mo’s side, he once again contacted Wang Laosan.

“Zhao Nan Yue? The year before last, their Zhao clan was still active within the public eye.

However, in the past few years, it seems that it was said that the Zhao family's old master was physically ill.

The Zhao clan's power has slowly lowered its profile."

"I was at the Yin family's family banquet earlier."

When Lin Mo heard this news and combined it with the question Zhao Ziyang had asked him earlier, he understood the other party's purpose.

"Old Wang, I'll be going out in a few days.

You take care of Pan Yang's side first."

"You're going to Hanoi?"

"Yes!"

In terms of planning, trying to consolidate the forces in the two provinces was in itself an extremely difficult task.

And it was easy to fight, but hard to defend.

Even after the consolidation was completed, he would need someone to help manage it, after all, he, Lin Mo, could not stay in Da Qu all the time.

And this Zhao's might be a good person to work with.

"By the way, Old Wang, what is Zhao Nan Yue's character?"

"Decisive in his actions, but cautious."

"OK, got it!"

"You won't ....."

"Yes, I'm going to the valley to treat Zhao Nan Yue ....."

## **Chapter 2576**

On Yin Tian Bao's side, anger was followed by intense worry.

"Hasn't Lu Night Wolf been found yet?"

Not yet!

What are you all doing for food?"

As soon as the words fell, only to hear a clang, another antique worth more than a hundred thousand dollars was smashed to pieces.

In the past few days, the Yin family had already smashed no less than ten million dollars of all kinds of antiques and instruments just by Yin Tian Bao's anger.

“Hurry up and send me more men, make sure to bring Lu Lao back early for me.”

Thinking about the fact that two of his own men already had two right-hand men already scrapped by Lin Mo.

Plus last night, Lin Mo himself had come to his door to cause trouble.

The foreboding feeling in his heart had grown stronger and stronger.

At the banquet yesterday, Wang Laosan’s behaviour was also uncharacteristic.

“What did Wang Laosan say?”

“My men sent someone to invite him, and did so in your name, Boss.

But this old dog, Wang, keeps using the excuse that he is not feeling well.”

At this moment, Yin Tian Bao exhaled a heavy breath of turbid air.

“Alright, I get it! It seems that this dog, has found a new master.

In that case, let’s leave it alone for the time being.”

Things had come to this point, if his Yin Tian Bao still understood, then he would really be a fool.

“Boss, are we really just going to leave that Lin Mo alone?

Still let him make waves over our heads.”

Yin Tianpao first adjusted his anger.

Only after his emotions had calmed down a little did he order.

“There is no hurry first, we still need to wait for an opportunity to deal with Lin Mo.

It’s better to appease the Yang family’s mother-in-law and daughter-in-law first.

Lin Mo can’t stay in Pan Yang for the rest of his life.”

He then ordered down the detailed plan in his mind.

As for the Yang family’s in-laws and daughters-in-law, they had to stay busy with the various things of the Jia Leftover Pharmaceutical Company for the next few days.

During this time Xu Hanxia had specially contacted the Guang Yang Xu Group and deployed a professional workplace manager, Li, to assist them before.

“Auntie, auntie!”

Just when Xu Jijia was patiently checking, the implementation of the company’s decoration.

Not far away, words suddenly came shouting.

Turning around to look, she saw Wang Ling waving her arms enthusiastically towards her mother-in-law and daughter-in-law.

Beside Wang Ling, there were several other elders of the Yang family.

The two sides met and exchanged a few pleasantries.

They couldn't resist the other party's warm invitation.

Yang's mother eventually went soft and agreed to the family's request for a banquet.

However, when they arrived at the Night Sky Hotel, Dog was already waiting for them with a warm face as soon as they entered.

Xu Jiajia was originally reluctant to come into contact with this group of hypocritical in-laws.

When he saw Dog, he recognized him immediately.

"Mom, let's go back."

With that, he pulled down his face and turned his head to leave after his mother-in-law.

Only the eldest uncle at the side suddenly stood out.

"Jia Jia ah, how can you be so insensitive?"

Brother Ah Dog, too, has come with sincerity to apologise."

Looking at the other party's hypocritical smile.

Xu Jiajia only felt sick to her stomach.

"Eldest uncle, we only promised to have dinner with you.

I didn't expect you to set us up for mother and daughter."

At this moment, Wang Ling was also persuaded with a smile on her face.

"Cousin-daughter-in-law, as the saying goes, it is better to settle grievances than to make knots.

Since they, the Yin family, have the intention to resolve this conflict.

Why don't we sit down and talk about it?"

Although Xu Jiajia was not deeply involved in the world, it did not mean she was stupid.

A family that had originally died of old age was now talking about treating them to dinner and helping with matchmaking.

It was obvious that they had received a favour from the Yin family.

Just as he was about to sternly refuse, the mother-in-law beside him suddenly hesitated.

"Jia Jia, they are also right, so why don't we sit down?"

After all, it's been a long time since we, as a family, have been able to sit down and eat together."

The older generation still remembered old feelings after all.

Since her mother-in-law had said so.

Xu Jiajia could only go along with her wishes and sit down together at the banquet.

## **Chapter 2577**

“Miss Xu, Auntie Yang.

What happened before was because we didn’t monitor the situation.

That’s what gave Li Fei the opportunity to go AWOL.”

“Here, on behalf of the Yin family, I would like to apologize to you.”

With that said Dog was standing up in a series of seriousness, bending towards the Yang family’s in-laws and daughters-in-law to apologise.

“Also, to express, our apology.

This is a small token of our appreciation, a deposit of eight million.

I hope you don’t mind the small amount.”

Standing up straight, Ah Dog then pushed a cheque in front of Xu Jiajia.

Hearing this, Wang Ling couldn’t help but shift his gaze to the cheque.

Looking at the long string of zeros, his breath subconsciously sharpened.

However, Xu Jiajia really didn’t care about this.

“Brother Dog, your apology is accepted.

But this money, we can never accept it.”

Although she didn’t know, the other party’s attitude had changed so quickly.

But she had a feeling in her heart that if she took this money today there would definitely be big trouble down the road.

And after she made her attitude clear.

The eldest uncle’s eyes were red with anxiety.

“Jia Jia, why don’t you just take it?

Isn’t that Jia leftover company just renovated?

I heard that you still have more than six million dollars to pay off.”

“You need this money too, so you can take it.

Look at how sincere Brother Dog is.

Don't let him down."

He also hit the nail on the head of Xu Jiajia's heart, as the company was in desperate need of money.

Since she had already accepted the chairmanship, she naturally wanted to make a contribution.

Seeing that he was impressed.

The eldest uncle hurriedly winked at his daughter.

After the latter understood, she immediately said.

"Jia Jia, what my father said is right.

Are you still planning to rely on Lin Mo alone to hold up Noida's company?"

"You know, if the pharmaceutical company wants to start up completely, that amount of capital is not small."

When she finished speaking.

Xu Jiajia's face's face at this time also began to change continuously.

After hesitating for a long time, he was finally convinced.

"I ....."

Just when he was about to agree.

The door of the compartment was suddenly pushed open.

After propping up the frame of his mirror, Li Zhi walked in with quick steps.

"Chairman, good news.

Our Jia remaining hospital has just received a mysterious capital injection."

"The total amount is 30 billion!"

As soon as these words were spoken, the entire hall instantly fell silent.

After a while, Xu Jiajia wiped back to her senses.

With an incredulous gaze, she opened her mouth and asked.

"How much did you say?"

"Chairman, thirty billion!"

Said Li Zhi, and handed Xu Jiajia the transfer record inside the tablet computer.

Wang Ling, who was sitting beside her, had her eyes wide open.

It was really 30 billion.

This was a figure that no ordinary person would ever be able to reach in their lifetime!

Peng Peng's rapidly beating heart almost strangled Xu Jiajia's breathing.

As for Xu Jiajia, after she received the sky-high injection, her original tangled look dissipated.

For this sky-high price, her heart likewise pumped.

"Brother Dog, we really don't need this cheque."

Eight million was a considerable amount of money though.

But in front of thirty billion, it was just a drop in the ocean.

At this moment, although Xu Jiajia's words did not mean this, they were a slap thrown at Dog's face.

Across the room, Ah Dog forced down his inner hostility and squeezed out a smile before saying a word of congratulations, and then stopped talking.

And when Eldest Uncle as well as Wang Ling wanted to say something more.

Xu Jiajia directly smiled coldly.

"Eldest uncle, cousin, the nastiness between you and the Yin family is clear in your own hearts.

I won't pursue it either."

"But, next time if you guys set us up again, I, Xu Jiajia, am not easy to bully."

This banquet had almost fallen for their tricks.

Naturally, she would not have a good temper.

"Mom, let's go!"

Waiting for Xu Jiajia's mother-in-law and daughter-in-law, after they left.

Ah Dog also stood up in dissatisfaction.

"Hmph, accomplishing things is not enough."

He said and also walked out of the box with quick steps.

As for the 200,000 yuan reward promised to Wang Ling beforehand, it naturally went up in smoke at this point.

## **Chapter 2578**

After the sudden receipt of a mysterious injection of thirty billion dollars by Jia Leftover Pharmaceutical Company.

No one in the entire Pan Yang was not shocked.

"I never thought that this small pharmaceutical company could welcome such a huge capital injection."

"You're not, haven't you heard of it before?"

The natural herbs of this Jia Leftover Pharmaceutical Company are effective in bringing back the dead.”

“I’ve also heard about this, such a strong company, the future is bound to be great.

I just don’t know if they’re hiring.”

“Let’s just ask them.”

There was a lot of chatter everywhere.

Once again, the fame of Jiayuan Pharmaceuticals was heard throughout Pan Yang.

And as the creator of all this, Lin Mo.

At this time, he had already driven away and set off on the road to the inner city of the valley.

And what he did not know was this.

When he had just left on his front foot, his trail was reported up.

“Big brother, Lin Mo has left Panyang City.”

Hearing this news, Yin Tianpao directly jumped up from his recliner in excitement.

“Are you sure?”

“Yes, I watched him drive away with my own eyes, but he was the only one who left alone.”

“That’s a pity, I thought he was leaving Panyang City.

Never mind, don’t mind him!”

At these words, there was confusion under the hands.

Earlier, didn’t Brother Tian Bao, yell out that he wanted to, well, exterminate Lin Mo?

“Boss, aren’t we going to do anything?”

After saying this he made a neck wiping motion.

“No need, I suddenly realized that he is more useful alive than dead.

Order it down, no one is allowed to reveal Lin Mo’s identity.”

“If anyone asks, well , , , just say that he is a reserve elite of the Martial Union.”

After waiting for his men, to leave the room.

Yin Tianpao changed his previous anger.

Since he had a new plan in mind, his attitude towards Lin Mo could be described as a sea change.

At this moment, he was in a much more agreeable and even somewhat smug mood.

After taking a sharp gulp of strong wine, Yin Tianbao laughed brightly.

“You want to treat me like a pig? Let’s see if we can break your teeth.”

As he muttered to himself, his gaze slowly turned in the direction of Da Qu.

.....

As the car drove further and further away from Pan Yang.

The road also became more and more rugged.

It was only at this point that Lin Mo had truly set foot in the realm of Da Qu.

The city of Panyang was nothing more than the border between the entire United Provinces of Daqu and China.

As he drove slowly into the valley, the people became more and more sparse.

“It’s really a vast area with few people!”

Looking at the scenery along the way, Lin Mo couldn’t help but lament.

But at that moment, he suddenly felt his pores explode.

A strong sense of crisis instantly surged to his heart.

Without giving it any thought, he directly jumped out of the SUV.

But even as he abandoned the car and landed, the sense of crisis did not disappear, but became even more intense.

And as he got up, he was about to flee from the spot.

The deafening sound of an explosion rang out beside him.

The ground shook in an instant.

And when the flames dissipated, the whole valley was already covered with a sky of dust.

And at this time, outside the circle of explosions, several figures came slowly.

“Big brother, do you think this man has been killed by the explosion?”

“That’s for sure, you guys go and gather this kid’s bones back.

When the time comes, bring it back and feed it to the fish.

Hmph, if you dare to touch our young master of the Kong family, this is what will happen.”

“Okay, boss.”

Rubbing their hands together, a few of the juniors then headed towards the explosion area that had subsided.

But when a few people just lifted their feet.

A human figure flashed out from the dust.

Before they could react, they felt a chill in their throats.

As their consciousness lingered, they could only see their headless bodies that had not yet fallen.

“This kid is still alive, brothers copy.”

Though the leader’s words fell.

Dozens of men raised their machetes and charged straight up.

## **Chapter 2579**

Under the setting sun, the already rugged road was now stained with bright red blood.

Dozens of corpses fell everywhere.

“Which side of the force are you?”

Holding up Tai Ah, he asked with a face full of murderous anger.

While in front of him, were kneeling three enemies who had been seriously injured by Lin Mo.

Hearing his question.

The man residing in the middle simply spat a mouthful of bloody spit.

“Bah, even if I die, you won’t be able to pull a word out of my mouth.”

“Have a backbone.”

As soon as the words left his mouth, Lin Mo directly waved the Tai Ah in his hand.

Seeing a flash of light, a human head fell directly to the ground.

After dealing with the first person, he had turned his gaze to the one on the left.

“You speak!”

“I .....

“Sorry, you’re too slow to answer.”

With that, Lin Mo raised his right hand and once again understood one person.

The only one left, by now, was so scared that his trousers were wet.

Looking at that bloody face, it was as if it was like a demon from hell.

By the time Lin Mo turned his head towards him.

This little brother didn’t even wait for him to open his mouth before he gave an account straight away.

“I’ll say, I’ll say.

It’s the Kong family, they said that you injured Young Master Kong Wu.

So they asked us to plant a bomb in advance on your way to the valley.”

Seeing that this person was so up to speed, Lin Mo nodded in satisfaction and then asked once again.

“How did you guys know about my journey?”

“I’m not sure about the specifics, it seems that someone spoke to the Kong family about your actions.

And over in Panyang City, our Kong Family has planted many eyes.

As soon as you left, we received the news.”

“Good, you’re on the right track, I’ll try to strike a little faster.”

After saying that, the long sword had already returned to its sheath, while the enemy in front of Lin Mo’s body slowly fell to the ground with a look of disbelief and resentment on his face.

“The Hanoi Kong family, right, I, Lin Mo, remember you.”

This was originally a forced phrase.

However, Lin Mo hadn’t even finished talking to himself before he sucked in a breath of cold air.

Although Sense had just dodged the explosion, he had still been burned on his back by the scorching heat.

After the battle had subsided, he only felt a constant burning sensation coming from his back.

He looked down at his whole body, his clothes torn and burnt.

Then he looked at the SUV that had been blown up not far away.

Lin Mo could only shake his head helplessly while coming to the river to clean up the blood stains all over his body.

By the time he had finished treating his wounds, the sun had completely set.

The sound of wolves was faintly heard in the distance.

In the distance, there was not a single person around.

“It seems that today, we can only use the sky as a quilt.”

After letting out a sigh, Lin Mo found a large tree that three people could hug.

After leaping onto the high branch of the tree, he directly began to rest.

The night went on without a word.

By the next day, after dawn.

Lin Mo only felt a sore back.

It was the first time in his life that he had fallen to such a state.

Fortunately, this place was not too far from the inner city of the valley.

If he walked, he would be able to get there in two or three days.

If he were to walk back, it would take at least a week.

After taking a look at the rising sun, Lin Mo sighed deeply and then walked in the direction of the Inner Valley City.

And it didn't matter once he left.

Several forces, indeed, were in disarray.

"Uncle, didn't you say that Lin Mo had returned?

It's been a few days since then, so little news."

At this moment, Zhao Ziyang was already anxious and in disarray.

And across from him, Zhao Yu was also frowning.

It didn't make sense, he thought he was very accurate in reading people.

From the limited information he had, this person must have big plans since he had come to Da Qu.

Since Zhao had already thrown out an olive branch, this Lin Mo would definitely take it.

And just as Zhao Yu was pondering.

Outside the door suddenly came the sound of hurried footsteps.

"Miss, Miss, there is news!"

## **Chapter 2580**

"Your Excellency, the men we sent out to look along the way.

Traces of a massive explosion were found around the Crossover Valley."

"Except for a few dozen body parts that had been swallowed up by the wolves, and a brightly blown-up SUV.

Nothing else was found."

"As for, the words of the man Miss mentioned, we didn't find any.

And our eyes on the Pan Yang side have no news of Lin Mo either."

At the end of the sentence, the subordinate's voice had become lower and lower.

When Zhao Ziyang heard this news, her brow furrowed even deeper.

According to the description of the villain, it was likely that this Lin Mo was already in a critical condition.

The main thing was that grandpa's condition could not be delayed any longer.

And after a few moments of contemplation, Zhao Yu at the side suddenly opened his mouth and said.

“Miss, you don’t need to rush first.”

“Judging from the news they brought back, Lin Mo must have been ambushed.

But no matter which side of the force it was, if they had gotten their hands on him.

The news of Lin Mo’s death would more or less have been spread out.”

“And now that two or three days have pa\*sed, there is no word of it from the outside world at all.

That Lin Mo is most likely not dead, he just doesn’t know where he is.”

Being comforted by Zhao Yu like this.

Only then did Zhao Ziyang’s emotions stabilize a bit, but her heart was still as anxious as an ant on a hot pot.

Meanwhile, on the other side.

In Pan Yang City, Yin Tian Bao had also received the news that Lin Mo had been ambushed.

“D\*mn it, according to you, Lin Mo is dead?”

“Nine out of ten! Today’s Lin Mo has probably become the dung of wild wolves.”

“f\*ck, I’m not even waiting for Lin Mo to make a mess of Da Qo.

It’s a waste of my painstaking planning.”

“Rubbish, Lin Mo you are a piece of sh\*t! I was counting on you to help me open a door to life.”

And Dog, who returned the news, was also full of doubts at this time.

Why was Boss Yin reacting so strongly to Lin Mo’s death.

By all rights, wasn’t this man’s death just what the boss wanted?

And after venting for a long time, Yin Tianbao finally slowly calmed down as well.

“The reason why I asked for Lin Mo’s identity to be concealed was because I wanted Da Qu’s side to dogfight with Lin Mo.

When the time comes, the snipe and the clam will fight for the benefit of the fisherman.

I didn’t expect this Lin Mo to be so wasteful!”

“Forget it, since this punk is already dead, let’s not waste time on him.

Let’s wait for a while, if there is still no news of Lin Mo after a few days.

We will then proceed with our next plan.”

With this sudden ambush.

In an instant, it attracted the attention of many forces.

Only what they did not know was.

Lin Mo, who was in the middle of the whirlwind, was leisurely lying on top of the ox cart.

“We’ve arrived at Inner Valley City, young man.”

Hearing the grandfather’s voice.

Lin Mo directly jumped down from the ox cart with a carp.

“Grandpa, thank you ha! When I’m done, I’ll thank you at home.”

And when he had finished.

The bull-driving grandfather just smiled nervously.

“Good, when the time comes, remember to come back to grandpa when you’re hungry haha.”

With that, the old man waved the whip in his hand some more.

In front of the car, the big buffalo gave a ‘mou’ and waved its tail before dragging a cart of vegetables away from here.

And the speaker has no intention, the listener has a heart.

The original Lin Mo at this point could not help but old face.

He was sleeping and eating moncler outlet online, and wearing the only slightly new clothes he had.

Thinking back on what he had just said, it was indeed difficult to convince people.

“Wait for it moncler outlet, don’t look down on people.

Lin Mo is at least a Zhen Yue amba\*sador.”

After rea\*suring himself.

Lin Mo then stepped towards the Inner Valley City.

What had to be said was this.

This Inner Valley City could be said to be the most well-preserved city with an ancient atmosphere that Lin Mo had ever seen in his life.

The stone walls, which were more than ten feet tall, had experienced hundreds and thousands of wind and rain but were still resilient.
