

Genius 2611

Chapter 2611

The hotel is small but quite neat and tidy.

After taking a shower.

Without saying a word, Lin Mo lay down directly on the bed and his eyelids fought uncontrollably.

I don't know how long he slept.

Then a voice suddenly came to his ears.

"Little Mimi, come over here!"

"Little Mimi, it's dangerous over there, come to sister!"

.....

A loud shout from outside the door also woke Lin Mo up.

Resentfully opening his eyes, he took a glance at the dark night sky outside the window, and he couldn't help but frown.

It was so hard to take a break, who was making noise outside!

With discontent, Lin Mo still climbed up.

When he opened the door to his room, he saw a little girl standing on her tiptoes by the corridor window.

Under her feet was a rickety stool, and half of her body was already poking out of the window.

It was the civet cat that had been lying on the outside of the air-conditioning unit that had caused her to make this dangerous move.

The little girl was holding the cactus with one hand and hooking the cat with the other, looking like she was trying to save it.

Such a scene naturally caused Lin Mo's face to change in shock.

This was the fifth floor, if she fell down, the consequences would be unthinkable.

"Little sister, come down quickly, it's dangerous over there!"

As soon as he said that, he rushed towards the other side as fast as he could.

And after that little girl heard Lin Mo's shout, she subconsciously turned her head back.

At this moment, the worn out bench under his feet could no longer withstand his strength.

With a click, the bench simply fell apart.

Just as the little girl's body tilted out of the window.

Lin Mo finally arrived as well.

After wrapping his arms around the other party, the little girl was carried back to the corridor.

As for the civet cat, because it was frightened, it also directly blew up and disappeared into the night in a few leaps and bounds.

"Little kitty!"

Seeing the flower cat leave, the little girl shouted with anxiety and reluctance.

With that look, it seemed that she didn't even care about the fact that she had just almost fallen off the building.

Seeing this, Lin Mo felt speechless, this child's heart was too big.

"Little sister, that's dangerous, don't do that again, okay?"

The little girl, on the other hand, showed two big tiger teeth and laughed happily.

"Got it, big brother!"

Looking at her cute appearance, Lin Mo couldn't help but lightly pinch the little girl's fleshy cheeks.

"Good boy, where are your parents, big brother will take you to find them!"

However, at this time, the little girl unexpectedly shook her head, and then Lin Mo stared with big watery eyes.

The mouth was completely shut on the matter.

"Uh"

This was difficult for Lin Mo.

In desperation, he could only hold the little girl and find the front desk of the hotel.

"Boss, boss"

"Boss"

After Lin Mo had called out several times, the whirring boss didn't show any response and only turned to a sleeping position.

"Stop it!"

After saying a dreamy sentence, he fell asleep again.

Faced with this state, Lin Mo then could only lead the little girl back to the fifth floor again.

"You can still"

Originally, he wanted to make sure that the other party could still know the way back.

But he didn't even wait for Lin Mo to say it.

The little girl immediately shook her head, and then water mist began to knot up in her eyes, and teardrops kept spinning.

Lin Mo looked around, but he could not see anyone at all, and the cold winter night was naturally very cold.

In desperation, he could only squat down and say.

"Little sister, it looks like we won't be able to find your parents today.

Why don't you sleep in big brother's room today, and I'll take you to your parents tomorrow, okay?"

Faced with this question, the little girl returned with exceptional alacrity.

"Okay!"

She then walked into Lin Mo's room with the door open, holding the cactus in her hand and bouncing around.

Chapter 2612

Fortunately, Lin Mo had a standard room, just one person and one bed.

Looking at the little girl sitting on the bed opposite him, she was stroking the cactus in her hand with great interest.

Lin Mo couldn't help but worry that the dense spikes would not pierce her tender fingers.

However, after observing for a long time, this did not happen.

Lin Mo simply let the little girl do this strange act.

"Little sister, what is your name?"

Only after hearing Lin Mo's question did the little girl stop the movement in her hands.

Raising her head and tilting it, she seemed to be lost in thought for a while before answering.

"My name is Green Shadow, where is big brother?"

After saying this she even pretended to be an adult and extended her arm in a gesture to shake hands.

When Lin Mo saw this move of hers, he was also amused for a moment, and with a gentle smile, he stood up.

"Lin Mo."

Once both palms were shaken, Green Shadow repeated Lin Mo's name once, before squinting her eyes and revealing her white little tiger teeth.

"Big brother Lin Mo is a good person!"

Ding, happy to get a good man card!

After Lin Mo rubbed the top of the little girl's hair, he bent down.

"Little Green, it's not too early, let's go find your parents after we wake up from our nap, okay?"

However, whenever Lin Mo mentioned this matter, the little girl's mood suddenly dropped.

Lin Mo, who didn't understand why, only stopped speaking.

Let's wait until tomorrow!

"Good night!"

Sleepiness struck again.

After covering the little girl with the blanket, Lin Mo also lay down to rest.

However, just as he was entering dreamland.

His body's subconscious reaction told him that someone was staring at him.

After sitting up quietly, he took hold of the Tai Ah.

There was no one else in the room when his palm rested on the hilt.

Through the dim light, he could only see, too, the green shadow clutching a pillow and drooling at the mouth.

"Oh, so many cacti, all from little green, all from little green!"

Even in his sleep, the green shadow at this moment was overflowing with this happy and satisfied smile.

Looking at this scene, Lin Mo was dumbfounded and laughed.

"It seems that I am too tired!"

After muttering to himself, he yawned and fell into bed again.

No words all night!

Early the next morning.

When the two of them got up, Lin Mo was ready to take Green Shadow to the innkeeper to ask her about her situation.

Just as he was about to go out, he noticed that Green Shadow behind him suddenly stopped in his tracks.

When Lin Mo turned around, he saw that she was holding her arms out in anticipation.

The stance was exactly like asking Lin Mo to carry her.

"I didn't expect that you were still a little lazy!"

With that, Lin Mo bent down and reached out to scratch Green Shadow's little nose.

When the two of them arrived on the ground floor, the hotel owner was still tidying up the counter.

When he saw Lin Mo the owner also greeted him warmly.

“Guest, good morning”

Just when he looked up between his head, seeing Lin Mo was like seeing a ghost.

His expression was stunned, and the water cup in his hand directly fell to the ground.

It was only when the sound of breaking gla*s rang out that he also instantly came back to his senses.

The brief moment of dismay pa*sed instantly.

“Good morning, guest!”

And Lin Mo also directly stated the purpose of his visit.

“Boss you’ve finally woken up from your nap, I’d like to ask, do you know this little girl?”

With that, he turned his body and turned the front of the green shadow that had been lying on his shoulder towards the boss.

And when and when these two eyes met.

The boss hurriedly shook his head.

“Haven’t seen it!”

Hearing this result, Lin Mo also sighed in disappointment.

“Eh, you say you little girl, why did you come to someone’s shop in the middle of the night.”

He said as he pinched Green Shadow’s little cheeks as a punishment.

However, behind him, the hotel owner, seeing this action of his couldn’t help but breathe and blush.

However, Green Shadow was only giggling at this teasing from Lin Mo.

Chapter 2613

In this way, Lin Mo could only wander slowly through the streets with Green Shadow in his arms, intending to take his chances.

This was also a helpless move.

Whenever Lin Mo asked questions about the other parent’s situation, Green Shadow buried his head into his chest and did not reply a word.

And this side of Heshan City martial alliance The actual fact is that you can’t say it’s cold, out of a gatekeeper’s grandfather, simply not any other living person.

The only way to get a chance is to try your luck.

And when he pa*sed by the pork stall.

The sorghum butcher instantly went cold.

This boy was really no good, he looked like a human trafficker.

Thinking of this he shouted with anger.

“Deh, kid, how dare you come to our Woan City and steal a child”

The rough and wild voice scared Lin Mo.

Only when he turned in the direction of holding the green shadow just, he didn't find anyone calling him.

After realizing that he had misunderstood, Lin Mo stopped paying attention and continued to stride towards the front.

As for the original place, under the stall of the pork shop.

The shrinking sorghum butcher was already drenched in cold sweat.

“Motherf*cker, there must be no yellow calendar out today.”

.....

And at this moment, Lin Mo sentence aimlessly, strolling around the surrounding streets while taking his chances.

And what he didn't notice was.

A dozen steps ahead of him, on top of a tall building, was standing a delicate figure.

Under the cold wind, the woman's thin body swayed with the wind.

Her pale face leaked endless despair!

“You said you'd love me for the rest of your life!”

“You said you would never leave me.

Oh, it was all a lie!”

As he spoke, he tilted his head back and kept taking the sleeping pills.

He waited until his mind began to faint, then he slowly walked to the edge of the rooftop.

“That's it, that's good!

There'll be no need to be sad later!”

After muttering to herself, she stepped straight ahead.

And as people came and went on the street, naturally, some people noticed the woman's unusual movements.

“Ah, someone's jumped off the building!”

Accompanied by a scream.

Lin Mo subconsciously looked up and saw a human figure falling rapidly, and his face was shocked.

After quickly putting down the green shadow.

His legs bent, and then his entire body swept past like a cannonball.

By the time he landed again, he was already holding the light-hearted woman in his hands.

At that moment, there was also a burst of applause from the surroundings.

“Young man, what a skill!”

“Good skills, amazing!”

Lin Mo didn't have the heart to cater to the cheers of the passers-by at this time.

The crowd of onlookers was getting denser and denser, while the young girl in his arms was still in an unconscious state.

Lin Mo couldn't help but frown slightly!

“Everyone, please give way, everyone is crowded over here, the air will not circulate.”

Seeing no reaction from the crowd, there were even people who took out their mobile phones intending to take pictures.

He didn't bother to talk nonsense.

With one arm around the woman and the other holding Green Shadow, he flew away.

In a few steps, he had already disappeared from sight.

Due to the unexpected situation, Lin Mo's journey to help Green Shadow find her family could only go so far today.

After taking the unconscious girl to the hotel.

Lin Mo placed her directly on the sofa in the lobby.

After that, he began to check her physical condition.

The boss was a bit staggered by such a scene.

Coming for a day to pick up a person and return?

Although his heart was curious.

But after taking a glance at the green shadow standing beside Lin Mo with her cheeks puffed out, that sudden curiosity instantly flew away.

When Lin Mo finished examining the young girl's body, he shook his head uncontrollably.

He had seen many cases of suicide, but he had never seen anyone who had taken a lot of sleeping pills and jumped off a building.

As he thought, he took out the silver needle he carried with him.

It was only to induce vomiting, but it was no trouble at all.

A few needles fell on the acupuncture point, injecting spiritual qi, and by the time Lin Mo withdrew the needles.

The originally unconscious young girl's eyes snapped open!

Chapter 2614

Looking across the room at the young girl who was throwing up.

The innkeeper couldn't tell you how distressed he was.

Oh, my blanket, it's over a thousand.

My sofa, over three thousand.

If he hadn't been so scared, he would have gone up to them and grabbed them by the collar and slapped them hard.

The young girl who had vomited vomited vomited vomited vomited vomited vomited.

After opening her eyes weakly, she looked at the strange man in front of her and the surroundings.

Gradually, he also understood that he had been rescued.

"Little girl, what's so on your mind that you have to use this method to lighten your life."

And although the young girl had a depressed heart, after experiencing life and death, a hint of spirituality appeared beneath his dull gaze.

Along with this Lin Mo's question, she seemed to have found an outlet for her catharsis as well.

"My name is Guan Linglong, thank you for this gentleman's kindness in saving my life."

"This is how it happened"

It was about two months ago when it came.

Guan Linglong was alone on the street, just when he strolled near the Moro Street where Lin Mo was.

A few gangsters saw her extraordinary posture, so they stopped her, and then they thought of making a move.

It was at this crisis that a teenager of the same age, named Ding Li, took out five of the jumping-knife wielding gangsters.

Young girls are always in love.

Ding Li was a handsome young man with a handsome face and excellent skills.

He appeared at this critical moment and saved her.

Guan Linglong fell in love with Ding Li at first sight.

After a few days of contact, she found that Ding Li was not only funny and cheerful, but also attentive.

He was like her Prince Charming.

After a few days of contact, she found that he was not only funny and cheerful, but also attentive.

However, not long ago, when their relationship was hot, this young man named Ding Li suddenly became a friend.

The young man named Ding Li suddenly said that there was a very important matter in the family and he had to go back immediately.

But Guan Linglong didn't think much of it.

Who knew that after this parting, the two of them would have no further contact.

After being abandoned, Guan Linglong was still disheartened.

When she couldn't think straight, she jumped off a building to make a whisper.

After listening to it.

Lin Mo, as a pure straight male representative, did not know what to do to comfort her.

Just nodded silently, and then curiously said.

"Little girl, think away when you're done."

"By the way, Miss Guan, this is perhaps a bit offensive to ask.

Why did you take so many sleeping pills if you chose to take your own life lightly?"

It seemed to him to be completely trousers down and redundant.

Being asked this question.

Guan Linglong couldn't help but blush.

"Because people are afraid of pain, they say that after a fall, it's only the physical body that dies.

The brain will still be vengefully active for a while, and you can still feel the sharp pain for a while."

With that she was too ashamed to look at Lin Mo again and buried her head into the bosom in her arms.

As for Lin Mo at this time, he was also covered in cold sweat.

This was a top expert in the medical field, and when faced with such a reason, he didn't know how to refute it for a while.

There was even a little impulse to agree.

Although this girl is stupid, she is not stupid, at least she knows how to play home on a rainy day.

After Guan Linglong finished pouring out her heart, her emotions were also much more stable.

Perhaps after experiencing life and death, the darkness in her eyes had also faded quite a bit after she had been dazed all morning.

“Miss Guan, what’s your family’s phone number, shall I ask them to come and pick you up?”

However when Lin Mo mentioned this moment.

Guan Linglong’s mood dropped once again.

Lin Mo saw her shake, and didn’t know if she didn’t want to talk about it, or if he was the only one at home.

The most embarrassing thing was that he could not ask about this matter.

As far as Guan Linglong’s current emotional state was concerned, Lin Mo was still not comfortable with her being left alone.

“You’ve just experienced a big emotional low, and with the shock, your resistance is weak.

Why don’t you stay on this side of the hotel for the next few days, just so you can also help me look after Little Green Shadow?”

Chapter 2615

Guan Linglong first looked up at Lin Mo, and then at the puffed up little girl beside him.

Although she did not know, why the latter seemed to hold a great deal of hostility towards herself.

But in return for saving her life, she nodded without much thought.

“Thank you for saving my life.”

“Can you tell me your name?”

“Lin Mo!”

Guan Linglong silently looked at the bright sunlight that was peeking out from among the dark clouds, and she took a deep breath.

“Everything goes back to the past!”

Turning her head, she looked at Lin Mo’s back and silently thought in her heart.

“If you could treat me like he did, I would have died in peace.”

Even at this point in time, Guan Linglong still couldn’t get that man out of her mind.

And what they didn’t know was this.

Far above the building, a middle-aged man with gold-rimmed round eyes was silently watching everything in the hotel.

And behind him, the waiter boy came walking quickly.

“Sir, we have investigated the matter clearly.

The girl ran out on her own.”

“Stole out? It seems he is getting dissatisfied with the form on the mountain too.

A group of people who don’t know how to cultivate properly and only hook up with each other.”

And the attendant boy on the side hesitantly warned.

“Sir, we have orders in the mountain that it is forbidden to enter the world unless one is punished for surrendering or if one has to handle it otherwise.

If the girl’s condition is known.

Will it? ...”

“What’s the harm in knowing, do they people still know what the rules are?

I would like to see, who dares to touch a hair of my disciple.”

Said the man with a wave of his robe and settled down directly.

“Put the word out, whoever touches a hair on my disciple’s head.

I will slaughter his entire family.”

“Yes, my disciple understands!”

At this moment the servant boy then silently poured the tea for the man.

And then asked again.

“Sir this youngster, his origin is unknown for now.

We have too few eyes on this side of Mount Hopewell, we only know that this person just came to Mount Hopewell yesterday!”

“You don’t need to investigate this person!”

Said the man with glasses, and picked up the tea that the waiter had prepared for him.

“Since Shadow is well, let her be, we should also go back.”

“Yes sir, I will prepare the journey immediately”

.....

On the other side.

After Lin Mo had finished working on everything, he saw his boss staring at the carpet and sofa with a heartbroken look on his face, and understood in his heart.

“Boss, sorry for dirtying your furniture.

This compensation fee, I hope you don’t mind.”

As for the hotel owner at the counter, his eyes lit up when he saw the thick pile of coins on the table.

The original feeling of frustration disappeared without a trace.

“Hahahaha, what kind of words is the guest talking about?

It’s just some ordinary furniture, it’s not a problem, it’s not a problem.”

Saying polite words over and over again, his hand had already secretly wrangled the coins over.

Only after he skimmed the same, cheeks bulging even more green shadow.

There was a sudden panic in his heart, and then he hurriedly copped the cash.

Seemingly for the sake of money, he couldn’t help but talk more.

“Little brother, listen to the uncle’s advice haha, this little ninny surnamed Guan, and someone have seven or eight points of acquaintance.

Plus it’s the same surname, you should take it easy and not have too much intercourse with her.”

The words had not even hit the ground.

He flew away from the place.

Not giving Lin Mo any chance to ask any questions at all.

And after the hotel owner turned his back on Lin Mo, it was not known whether it was intentional or not, his eyes suddenly drifted to the tall building in the distance.

He was reminded of this by the boss.

Lin Mo was also baffled.

Only when he turned around and saw this puffed up appearance of Green Shadow, he couldn’t help but stare.

“Little Green, what’s wrong with this? The cheeks are bursting.”

With that he stretched out his hands and made a gesture to pick him up.

And Little Green, who was still puffed up with anger, was about to turn his head to one side.

However, when he saw Lin Mo’s arms that had come over by mistake, his face blushed and slowed down instantly.

And then she also opened her arms and wrapped them around Lin Mo’s neck.

“Little Green, don’t like her. , Little Green is going to stab him in the butt with a cactus!”

As she said this, she waved her pink little fist towards Guan Linglong all over again.

Chapter 2616

After two days of touching, Lin Mo also entered without being able to help Green Shadow find his parents.

And he himself came to Hanoi because he had business to attend to.

Naturally, it was impossible to keep delaying like this.

“Little Green, brother has to go out to do some business, you have to be good and follow us and not wander off, understand?”

Green Shadow could only stare at Lin Mo with big watery eyes and a dissatisfied expression.

As for going out with Guan Linglong.

Green Shadow was extremely reluctant.

And Lin Mo had obviously discovered this as well.

He just didn’t know why this little girl, was so hostile towards Guan Linglong.

“Be good and obey haha!”

After seeing the latter nod in resignation.

Lin Mo raised his hand to scratch Green Shadow’s little nose and picked her up with one hand.

After arriving on the ground floor, he first greeted the hotel owner.

“Boss, I’ve given you trouble yesterday.”

Although the compensation was given.

But more or less, it also affected the business of the guesthouse.

“Oh, serving our guests has always been our aim, you don’t need to care about it, Mr. Lin.”

Although the owner had a smile on his face, he could not help but openly curse in his heart already.

Dry gift food, how dare Laozi have an opinion.

Cursive!

Lin Mo didn’t even know about this, he only thought that this boss was a warm-hearted person.

And so the three of them went out.

And Lin Mo’s main purpose was to find out what was going on around Heshan.

And Lin Mo took the two of them with him not only to cover up his identity for himself.

On the one hand, it would allow Guan Linglong to take a break and soothe her emotions.

On the other hand, it was Green Shadow's though-finding spell.

As expected, but the three of them were walking on the street.

There were murmurs from the passers-by.

"What a harmonious family!"

"What a lovely daughter, I envy them."

"This is the best place for love!"

Originally, it was just words of envy.

But when they fell on Guan Linglong's ears, they made her ears flush.

On the contrary, Lin Mo's face was indifferent.

Just say it, it wouldn't be a piece of meat anyway.

As he walked, he strolled around!

It was only after seeing a job advertisement.

Only then did Lin Mo stop in his tracks.

"Gan Lin Boxing Gym is looking for a team doctor! This is good!"

Seeing that he was interested.

Guan Linglong, who was at the side, hurriedly discouraged him.

"Lin Mo, it's better to forget it, this Gan Lin Boxing Gym is actually an underground boxing gym."

"Existences like them will fight with each other every three days, it's dangerous!"

As a local, she originally just wanted to advise Lin Mo to stay away from such a place of right and wrong.

It was just that she had not expected this.

Originally, Lin Mo was just curious and wanted to take a look, and after being told so by Guan Linglong.

His eyes instantly lit up.

What better place to pry out news than underground strength.

Along with a wave of reverse persuasion from Guan Linglong.

Lin Mo's group then arrived at the recruitment office.

"Hello, I want to apply for the team doctor of your boxing gym!"

And the recruiter, who was covered in tattoos of unknown animals, didn't even raise his head.

Just asked himself.

“Do you have a license to practice medicine?”

“Uh

This thing Lin Mo to also have.

But who out originally would carry this thing.

In this way he could only return!

“No!”

And that recruiter just frowned, and only at this time did he look up at Lin Mo.

“Without a license to practice medicine, what are you doing here?”

“I’ve studied medicine for a few years before, my medical skills are quite good, in our area they all call me the divine doctor’s.”

Seeing Lin Mo talking so decently.

The recruiter just shook his head in disdain.

Barefoot doctor, right, god D*mn god doctor.

“In that case, then you’ll be the team doctor’s a*sistant for now, and if you perform well, you’ll be transferred.”

If it wasn’t for the boxing gym, which was recently unable to find a team doctor, he wouldn’t have bothered to take Lin Mo.

With that, he used his dog-like font to swish and flutter on the form.

Finally, the word Lin Mo was written in a crooked manner.

Chapter 2617

“OK, you’re taken in by our boxing gym!”

“When can I work!”

“Now!”

Lin Mo “

This is really a bit efficient!

Since this was the case, Lin Mo didn’t delay and took Guan Linglong and Little Green straight into the Gan Lin Boxing Gym.

Since it was an underground boxing gym, although the venue was huge, the ventilation was really too poorly done.

After walking into the hall, the strong smell of hormones came over me.

Well, it was actually the stench of sweat.

As for within the venue, there were several rings that were also engaged in fierce fist-to-fist fights at this moment.

“Miss Guan, why don’t you guys go back first, this place doesn’t seem to be suitable for you to stay.”

Looking around, there was not a single topless person among the hundreds of people.

No matter if they were muscular or fat, they were always bare-chested for that show.

However, what surprised Lin Mo was that for such a scene.

On the contrary, Guan Linglong did not have much reaction, only raising her palm to cover the sun’s nasal cavity from time to time.

“It’s okay, it’s also the first time I’ve seen such a scene, I’m a bit curious.”

For his own safety, on the contrary, he was not worried.

He himself had fallen from over twenty meters above a tall building, and Lin Mo had been able to save himself steadily.

Guan Linglong would be the first to disagree if he said he wasn’t an expert.

As for the little green shadow, it was completely focused on the cactus in its hand, and was completely deaf to the commotion around it.

Since this was the case, Lin Mo simply stopped trying to persuade him.

After finding a seat, he sat down directly and chatted with the boxer who was resting beside him.

“Big brother, how did you develop this iron-like muscle?”

And the opposite boxer’s face couldn’t help but emerge with a smile when he was complimented by Lin Mo like that.

“Usually it’s just a little bit of casual training and boxing when I’m free, and that’s how it is in the month.”

After Vanier’s wave, he also intentionally or unintentionally showed off his solid “iron” to Guan Linglong.

Sadly, Linglong Guan was not impressed.

If it wasn’t for the fact that the little green shadow didn’t want to stay with her, she would have taken the green shadow and left.

On the contrary, Lin Mo, who was standing by, tsked in wonder.

“Big brother, just this figure of yours, the speed of your punches, and this strength, you are the boxing king here, right?”

Boxer: “.....”

Although he knew the other party said he was complimenting himself, why did he always feel like he was being scolded.

“Fist to not count, but within the Ganlin boxing gym, can beat me, but a number of palms.”

Said then to the emptiness of the speedy extrusion no fist.

“Wow, remarkable”

Just as Lin Mo boasted about the other party over and over again, Lin Mo also set out the general information about the entire boxing gym as well as the entire underground forces.

And just as the two were talking freely.

Not far away, there was a sudden commotion.

A man carrying a man with twisted arms was seen walking quickly through the crowd.

As he walked, he shouted

“Where’s the team doctor, where did the team doctor go?”

“Lao Tian, where’s the team doctor you f*cking recruited for me?”

It was accompanied by a deep and violent shout from the man.

The recruiter, rolling and crawling, ran over.

“Boss, there’s only one intern barefoot doctor recruited today.”

“f*ck, whatever his barefoot or not, hurry up and recruit the person for me.”

And as the recruiters looked around in a panic, Lin Mo had already arrived at their side.

“Let me take a look!”

Seeing Lin Mo in this out-of-place dress with the crowd, one didn’t even need to guess to know that this person was the newly recruited team doctor, right?

“So young, can he do it!”

“This old Tian is getting more and more unreliable!”

“I think so too!”

When they said so, this recruiter named Lao Tian was instantly furious and his face turned red, although there was nothing wrong with what they said.

Along with the crowd murmuring.

The gym boss bellowed again in anger.

“D*mn it, whoever blathers again, whoever comes up here to cure.

If you can’t cure my brother, I’ll remove both his arms!”

At these words, the whole crowd was silent.

Chapter 2618

By the time Gan Xing had yelled, the whole boxing hall was instantly quiet.

“Little brother, these are all of us old men, we speak rather straight.”

“You don’t need to have any psychological pressure, just go through and do it.

As long as you can hang on to my brother’s life, I, Gan Xing, will remember you for life.”

At this moment, Gan Xing’s face was full of anxiety and he only wanted to be able to take his own brother’s life.

On the other side, Lin Mo shrugged his shoulders with disinterest.

Since he had met his own, he naturally would not look on with indifference.

After arriving at the injured man’s side.

Lin Mo just glanced at him, and then said to himself.

“Both arms are broken, the left chest received a heavy blow, and his heart was shaken.”

“But it’s not a big problem!”

Gan Xing was standing right beside Lin Mo, and the words he whispered to himself naturally fell into Gan Xing’s ears.

After hearing the latter half of the sentence, Gan Xing was instantly relieved.

He had seen through his brother’s injuries with a single glance, this kid might have something.

At this moment, the surrounding strong men were somewhat dissatisfied with Lin Mo’s relaxed appearance.

But seeing the boss’s murderous look, everyone also obediently chose to shut up.

“That splint bandage over here!”

As he said that Lin Mo’s hands were holding the injured man’s wrist.

Within the boxing gym, broken bones and injuries were a common occurrence, and medical items such as splints and bandages were always available.

As the words fell.

Someone had already brought them.

On Lin Mo's side, he saw the forceful grip of his ten fingers.

The sound of bones clacking against each other was heard.

The injured man's originally twisted arms were instantly restored to their original shape.

He did not care about the shocked gazes of several people at the side.

Lin Mo turned his hand and instructed Gan Xing to remove the clothes from the upper part of the injured man's body.

After seeing Lin Mo's bone-setting technique, Gan Xing was pleasantly surprised.

Although this man was young, his medical skills were extraordinary.

It seemed that his brother's life could be saved today.

And when the people were done with the treatment.

Without stopping, Lin Mo held a silver needle in his hand and stabbed it directly into the acupuncture points around the injured man's heart.

In a flash, dark blood instantly gushed out.

Waiting for the bruised blood to drain out.

Only Lin Mo saw a casual palm fall.

The unconscious wounded man's body shook, and then dark red blood seeped out from the corner of his mouth again.

And then his eyes opened up leisurely.

"Alright, there's no more problem, take some medicine and rest for a few days and you'll recover."

By the time Lin Mo wiped his hands.

The injured man had regained consciousness.

"Boss Gan, have we reached our own boxing gym yet?"

Gan Xing was overjoyed to see his brother, who had risked his life to protect his breakout, wake up.

"Good brother, we have returned."

"D*mn the Pei family, how dare they ambush me while I was out.

This is a debt I am willing to settle.

Brother, you should recuperate at ease first, I will take care of the rest."

After giving some instructions.

The other companions then fetched a stretcher and sent the wounded man away from the boxing gym.

And at this time, Gan Xing turned towards Lin Mo with a feeling full of gratitude.

“This little brother, thank you for what happened today.

In the future, if you encounter anything in Heshan City, just come and find old brother.”

With that, he patted the young man’s shoulder with gusto.

Lin Mo didn’t care much about this, after all, he was sneaking into Hanoi Province, the main thing was to find out information.

Saving people was just a matter of doing it by hand.

“Director Gan, you’re welcome.

It is the physician’s duty to save the dead and help the injured.”

But the more polite he was, the more Gan Xing appreciated him.

He was not arrogant, not impatient, and his words and actions were steady.

Most of all, he was a great healer!

In just three to five minutes’ time, a patient who was seriously injured and unconscious was miraculously recovered under his hands.

He could not help but feel a desire to recruit him.

“One size does not fit all, but since you have helped my brother.

This is a favour that I will remember for the rest of my life.”

“Besides, little brother, since you are looking for a job, how about coming to work for my Gan family?”

Chapter 2619

This is the beginning of a solicitation?

“Thank you, Director Gan, for your kindness, I am only pa*sing through in Heshan.

I have other things to do, and will not settle over here.”

Hearing out the polite refusal between Lin Mo’s words.

Gan Xing also nodded with understanding.

“That’s right, a young and capable talent like you.

Naturally, you are living in a small place like Heshan.

It’s rather me being abrupt.”

Although Lin Mo had misunderstood his meaning by the other party, he didn’t intend to explain too much.

Anyway, it would be fine to shrug this solicitation off.

In this way, this matter would be forgotten.

After exchanging a few pleasantries, Gan Xing then proposed.

“Brother Lin, if you have nothing to do in the evening, why don’t you treat yourself to a meal?

Let me show my appreciation.”

This was something that could be had.

However, just as Lin Mo was about to agree, a strong sense of crisis suddenly emerged between his heart and soul.

In his afterglow, he saw a ball-shaped black shadow thrown in from outside not far away.

And the direction of the throwing was exactly his own side.

“Holy sh*t, grenades everyone, get down!”

Lin Mo yelled and warned, pulling Gan Xing beside him, and the two of them plunged directly behind the pillar.

The flash of fire was followed by an ear-splitting explosion.

On Guan Linglong’s side, she was still looking after the little green shadow.

She was so frightened that she turned pale.

Unfortunately, a hand grenade was coming towards them.

In her desperation, Guan Linglong didn’t care about anything else, so she turned her back on the grenade and fled.

The little green shadow was left alone, staring blankly at the big black iron egg.

It was at this moment of great urgency.

The little green shadow’s left eye suddenly glowed red, and a different look appeared on her originally tender face.

When she stretched out her little hand and raised it into the air.

The grenade magically stalled in place.

With a muffled sound, the pineapple grenade fell to the ground with a puff of white smoke.

After all this last night, the little green shadow was back to her original form, staring at everything around her with big curious eyes.

So the two girls were safe and sound.

But the others were not so lucky.

Although there was a reminder from Lin Mo.

But the pineapple grenade covered an area of more than 40 metres, plus many people did not react in time.

Blood and flesh flew everywhere, wailing all over the place.

On Gan Xing's side, he was already buzzing in his head from the explosion.

His consciousness was also in a trance.

It was just that the situation was critical now, and since it was the enemy at the door, it was definitely not as simple as just throwing a few pineapple grenades.

"Brothers, those who can move, hurry up and find cover, everyone retreat."

Without waiting for his orders, a few brothers in the distance, had already run into the armoury.

As for himself, he catapulted himself to a nearby ring and, after opening the concealed compartment reached out and a rifle appeared in his hand

"Click!"

After moving the butt of the rifle, he cautiously poked his head out and prepared to lead Lin Mo out.

Only when he turned his head, Lin Mo had already disappeared from his spot.

And with the dust raised by the explosion, his figure was nowhere to be seen.

At this moment, Lin Mo was naturally the first to feel beside the two women, Guan Linglong.

"Are you guys alright?"

Seeing that the two of them were safe and sound, after looking at the grenades that had gone dumb on the ground.

Lin Mo couldn't help but secretly send a sigh of relief.

"It's too dangerous here, you guys come with me."

Not waiting for the frightened Guan Linglong to slow down.

Lin Mo directly pulled her with one hand and carried Little Green Shadow with the other to find a nearby room.

After checking the sturdiness of the walls.

Only then did Lin Mo open his mouth and instructed.

"Miss Guan, later on, you lock the door.

No matter what happens, you should not make a sound and do not open the door."

"Little Green Shadow don't be afraid haha, brother is here, I will protect you."

After saying that, he helped Little Green Shadow wipe away the teardrops before he turned around and left.

Chapter 2620

By the time Lin Mo's walked out of the room.

There was already an exchange of fire within the boxing gym.

Due to the extremely strict control of guns and ammunition in China, this was also Lin Mo's first time to engage this type of heat weapon head-on.

Six senses, open!

In the spirit of caution, Lin Mo directly activated all six senses to their strongest state.

When he opened his eyes again.

Through the dust and smoke he then saw the figures at the entrance of the boxing gym.

"Big brother, this wave of pineapple packages is enough for this Gan Xing to eat."

And the leader, Pei Xiao, smiled smugly.

"Hahahaha, blow up this p*ssy plug.

If you dare to go against our Pei family, if you can't kill him once, the old one will kill him twice."

"Big brother is overbearing, we've blocked their back door, let's see where this Gan goes this time."

"Good job, tell the brothers to line up one side and don't let anyone go.

Let's exterminate this boxing gym today and see how long the Gan family can be arrogant."

Along with Pei Xiao's order.

A group of junior brothers holding firearms then slowly explored the area.

At this moment, not far away, Gan Xing's face also changed greatly.

There were only seven or eight brothers on his side plus himself who still had the strength to fight.

If he was surrounded by them, he would have no way out.

"Are you sure you can't get out of the back door?"

"Boss Gan, I've already confirmed that the iron gate has been welded shut.

We can't get out at all?"

"Kam!"

The only escape route was blocked and Gan Xing couldn't help but burst out foul.

“Where’s brother Lin Mo, what’s his condition?”

“I just saw him hiding in the training room with his family.”

After learning that Lin Mo was safe.

Gan Xing was relieved.

“Brothers, I’ve just passed on the news from Jiang’s side to the Gan family, I believe it won’t take long for the support troops to arrive.”

“But once again before that, we have to stall for time.”

“We understand Boss Gan.”

After responding several of his men, they raised their rifles and scattered quickly, each finding cover.

After a dozen seconds of silence.

Between the dust and dirt, several figures emerged.

Without saying a word, Gan Xing picked up his rifle and fired a cannon at the enemy.

With a gunshot, Gan Xing’s men also attacked at the same time.

In an instant, several of the enemies who came to search the place fell to the ground.

And at the gate.

Pei Xiao’s brow instantly furrowed after hearing the commotion.

“Gra*s, this Gan Lin Boxing Gym’s people have a hard fate.”

“Brothers, reward them with a few more grenades.

I want this boxing gym to have no survivors.”

As his words fell to the ground.

The men beside him smiled triumphantly.

With that, he opened the black briefcase in his hand, and inside were rows of pineapple grenades.

“Don’t worry boss, I’ll definitely let them die without a scratch.”

With that he pulled out the safety.

Only just as he was about to throw it, his pupils suddenly froze and the movement of his hands stopped.

“F*ck, hurry up and throw it, is Nima sick in the head.”

Seeing this look on his face, Pei Xiao directly slapped him.

Under the effect of this external force, the rigid bomb thrower, the tiny blood hole in his eyebrow slowly took shape, and his whole body directly tipped over.

And when he fell to the ground, the grenade in his palm, too, lost its restraint, and the isolated jump spring spread out directly.

“Grrrrr!”

The hardened claws rolled to the ground.

Several people around them fled the area as if they had gone mad.

But before they could get more than a few steps away, a loud bang came.

Those who were slow to escape did not even have the chance to scream and were blown away.

They pushed away the men who were pressing on their bodies.

At this moment, Pei Xiao was scared.

Fortunately, he had pulled his men over as a shield, otherwise he would have perished here.

However, before he could take a few breaths to ease his mind.

There were footsteps coming from not far away.

“I hear you’re going to leave no one alive here?”
