

## Genius 2631

### Chapter 2631

On this side, after Prince Hai Cheng landed on the transport ship, he stepped on the sea and arrived on top of the deck of the Merillia cruise ship in a few leaps and bounds.

“Brother Lin Mo, I’m here! Did you miss me?”

With an excited look on his face, he walked straight forward with big strides.

A huge voice echoed throughout the cruise ship.

Under everyone’s puzzled gaze, the Crown Prince of Hai Cheng walked straight into the hall with a six-parent stride.

“Did you miss me, big brother? I ..... Me n\*gga!”

Seeing the black and eerie muzzle of the gun turned towards him, the Crown Prince of Hai Cheng was instantly on his feet.

What is this, didn’t big brother Lin Mo want me to come and obey him? Aren’t these guy things a bit too intimidating.

And his booming voice became the talk of the town.

“Kid, who are you? Hurry up and get out of my way, don’t be an eyesore to me here, or I’ll send you along.”

After seeing this unfamiliar face, Gan Lao directly stepped forward and shouted angrily.

Although Prince Hai Cheng was in a dumbfounded state, seeing someone dare to scold him, how could his little violent temper endure it.

“Who am I? I am your father, the old undead dares to shout in front of me, haven’t you ever died, right?”

Raising his head, he glared directly at the other party with his nostrils fiercely.

Being disliked by him like that!

Gan Lao’s face instantly turned black, that look was worse than eating sh\*t.

Seeing that this outsider had spoken so rudely to her grandfather, Gan Wei’s brow instantly furrowed and she stepped forward and shouted.

“How dare you, you don’t even see what kind of place this is, someone throw this douchebag into the sea.”

After saying this, she glanced at Kun Sha and was relieved to see that he did not react.

Although the Gan family’s eldest daughter was a bit arrogant, she knew how to behave in the world.

After all, it was not easy to see blood in business, so it was good that Khun Sa did not get really angry.

The others looked at the prince with astonishment.

It's not just a family, it's not a family, and even if it's Lin Mohu, his friend is also such an offender that he dares to provoke the Gan family so openly.

The main thing was that there was still this terrifying big brother Kun Sha present here.

These dozens of cold guns don't have eyes!

Hearing Gan Wei's command, a dozen or so of the Gan family's sons, armed with murderous weapons, aggressively forced their way towards the Crown Prince.

Behind them, several others, even more, held up their firearms and aimed them at the sudden arrival of the Crown Prince of Hai Cheng.

"D\*mn, it's not fair that there are more of you to bully the lesser ones."

"Kid, what's wrong with there being more of us.

Oh, who gave you the courage to dare to be reckless in front of our Gan family, are you ready to die?"

The Crown Prince of Hai Cheng was so provoked by the other party that he was somewhat unsure of the situation in front of him for a moment, and could only cast a questioning glance at Lin Mo.

Lin Mo shook his head helplessly, he didn't expect this prince to be keen on whole life, he didn't need to think about the fireworks just now to know that he had set them off, such a tawdry thing could only be done by the prince.

"Shake people ah, copy the guy ah!"

The batch of supplies he applied for would have been more than enough to plough up the entire He Shan two or three times, and this group of goods in front of him was but a matter of but one shot.

Hindsight of the Prince of Hai Cheng's, at this time also reacted, 'Oh' a, looking at the opposite aggressive crowd, he disdainful smile.

"Oh, this prince is not against anyone, I just want to say that those present, all of them are trash!"

The crowd: " ? ? ? ? ? "

Has this n\*gga never died?

"Cao, dare to call us rubbish, f\*ck him to death!"

"This kid is afraid he doesn't want to go to heaven, dish him out!"

Even Kun Sha, who had been unperturbed, could not help but have a black face when he heard this.

The Crown Prince of Hai Cheng was completely at risk in the face of this huge scene, still tilting his nostrils and cutting coldly.

"Brothers, someone is looking for trouble, copy the officers!"

As soon as the words fell, the continuous roar of running motorboats came from around the ship.

With the sound of footsteps as dense as rain, a steady stream of well-equipped men poured onto the armour and quickly ran to half-crouch behind the Prince.

The crowd was stunned!

## **Chapter 2632**

“Brothers, someone is giving our boss a hard time, what do you say?”

And the only answer in response to the Prince was another simple and brutal one.

“f\*ck him up, f\*ck him up!”

Click, click, click!

Nearly a hundred fully automatic rifles were loaded directly, and the terrifying shock spread instantly across the entire field.

Under the burst of shouts, two of its men even carried a lift of one-man high Gatling to the Prince’s hands.

Of course the attentive men only knew the Prince’s character and immediately handed him a cigar after delivering the weapon, which was then lit for him.

“Whew!”

With a puff of thick white smoke exhaling from the Crown Prince’s mouth, he raised his eyebrows straight away.

“You were the one who just said that there were too many people to bully the lesser ones, weren’t you?”

After the cigar on his mouth turned in a direction, the Gatling in his hand was then raised directly by the Crown Prince, the gun pointed straight towards a group of Gan family disciples who were planning to rush up to the first to do something to him.

“What’s the point of being more than a crowd? If this hall wasn’t so small, I could have swung in twice as many people for you?”

If you are arrogant in front of old me, you don’t even look at what kind of goods you are. hetui!”

“And you old f\*cks, try blazing one more!”

The pussies were instantly stretched to the limit, the taunts instantly stretched to the limit!

In the face of such a ferocious weapon, none of the Gan family’s children dared to move, and even their breathing stalled.

You little piece of trash, you can’t afford to play, everyone is moving their knives, and you even took out such a fierce weapon on earth.

In such a situation, the gunmen on Kun Sha's side did not dare to be careless, and after quickly changing their formation, they protected Boss Guan steadily behind them.

At this moment, Kun Sha was also dismayed.

As an insider, he recognised at once that the opponents were armed with fully automatic rifles, most notably brand new ones.

The high explosive grenades and the five-four pistols at his waist were also high-quality goods.

"What the hell is this kid's deal?"

Even he did not have the channels to procure these fine, ten percent new equipment.

Lin Mo saw that the scene was subdued by the Crown Prince, smiled lightly and gently patted the back of Guan Linglong's hand.

"Don't be afraid, my men are coming! I'll take you back!"

Between the soft words, an incomparably powerful confidence leaked out, and at the same time brought an unparalleled sense of security to Guan Linglong, who had been hiding behind her and didn't dare to show her head.

"Let's go, little green shadow, let's go back!"

He picked up Green Shadow with one hand, making the latter giggle.

What surprised Lin Mo the most was that this little girl had been terribly well-behaved from the beginning to the end, without a single cry.

In this way, Lin Mo slowly walked out of the hall with the two girls, the steady sound of his footsteps hitting the door of the others' hearts like a heavy hammer every time.

In the midst of this process, not a single person dared to stop.

This was the change brought about by strength, and the people who had complained about him not long ago were now in awe.

After not seeing him for a long time, the Prince of Hai Cheng saw Lin Mo come to his side, and only then did he put down the murderous weapon in his hand.

Excitedly, he turned towards Lin Mo and said.

"Big brother, how was the scene, was it cool enough.

Do you want me to directly order the rear to fire directly, this kind of rubbish cruise ship can give it a burst in one shot.

Dare to point a gun at you, this prince just can't look away."

He still couldn't get his mind off of the transporter's turret!

Lin Mo watched the Crown Prince still jumping around like that, and a faint smile lifted up on his face.

“Alright, stop it, where did you get this Gatling again, it’s not on top of the list I applied for.”

A smug look instantly appeared on the Prince’s face at the mention of the moment.

“This is removed from the transport ship, those tiny rifles I feel are not pushy enough, not worthy of this prince!”

The cynical look had not changed at all.

And at this time, Lin Mo’s face was also embarrassed.

This behavior is also too offensive, without ten years of brain thrombosis who can do this?

### **Chapter 2633**

As they talked as if no one was watching, the group of He Shan forces behind them could only watch in silence.

At this moment, the crowd present was puzzled.

Even in Hanoi province, a force like this could be considered a dominant force.

It was no exaggeration to say that it completely crushed 99.99 per cent of the people present, and even Khun Sa would be overpowered by the other side given the situation.

But there were so many dignitaries present, yet none of them knew Lin Mo.

It was as if this strength had appeared out of nowhere.

Along with the appearance of the Crown Prince of Hai Cheng, a layer of fog was immediately cast over Lin Mo’s identity.

And the whole scene was plunged into an eerie silence.

Elder Gan had never thought that the hidden strength behind a small bodyguard he had recruited was even more powerful than their Gan family.

Thinking about his previous attitude towards Lin Mo for a moment he had mixed feelings in his heart.

And although Pei Lao was gnashing his teeth at Lin Mo and hated to just pop him with a bullet, he was now dumbfounded instantly when he saw this man’s power.

In order to avenge his grandson, was it worth losing his own life and the lives of the Pei family disciples like this?

Pei Lao knew very well in his heart that this was naturally very unworthy!

The old man still had to contribute himself to the development of the family, and there was no need to just throw everything away when you have left a green hill to burn.

At the same time, at the other end of the huge ship, Kong Jue and his group also boarded the huge ship.

“Little boa, this time, in order to help you, I have compounded a huge effort, you can’t forget brother when you become prosperous in the future.”

Behind him, the gaudily dressed girl also nodded gratefully.

“Brother Kong Jue, don’t worry, as long as I avenge my father’s murder, I, Yin Xiao Anaconda, will definitely remember your kindness.”

“That’s good, remember to be reserved and elegant when you see Kun Sha later.

This man is flirtatious but demanding, and he is tired of playing with the usual rouge.”

Although Kong Jue’s words were blunt and vulgar, Yi Xiaoran just nodded with a serious face and reddened gaze as she heard his admonition.

After escaping from the Yin family’s dark path, there was only one reason for her to live on, and that was to avenge her father, Yin Tianbao.

As long as she could kill Lin Mo, she would not hesitate even if it meant taking her life, not to mention committing her to Kun Sha.

“Little sister Ran, I can only help you through an intermediary to introduce you secretly, after that everything will depend on yourself know?”

Before the meeting, Kong Jue once again instructed Yin Xiao Ana.

If this matter was successful, he could make connections with Kun Sha and make a big contribution to the family, but if not, there was nothing to lose.

It would only take some time, but of course it would be great if it worked.

“I understand, Brother Kong Jue!”

With good intentions, Kong Jue led Yin Xiao Anaconda towards the meeting hall.

But when they arrived, all they saw were hundreds of people, facing each other with guns.

Wasn’t this a party? How had it turned into a huge firefight?

Just as Kong Jue was wondering, Yin Xiao Anaconda beside him suddenly trembled.

It was that man! It was the murderer who had killed his father.

Although the other man’s face had changed and his clothes were very different from before, the back and the conspicuous long sword in his hand were something she would never forget in her life.

Seeing that the two sides were facing each other with their guns, and Lin Mo was standing at the centre of the fire between them.

Yin Xiao Anaconda’s heart struck her and she lifted her feet and ran straight over.

Pretending to look concerned and anxious, he panted and said.

“Brother Lin Mo, they’re already setting up their sniper rifles, this motherf\*cking old coin.

They're going to kill you as soon as our men relax and leave.

What are you waiting for, hurry up and exterminate them!"

#### **Chapter 2634**

With a shout from Yin Xiao Anaconda, the guests who had evacuated a long way away were suddenly shaken in their hearts.

This was going to be a fight, run!

The whole scene was suddenly in chaos!

Thinking that people from Lin Mo's side were about to open fire, all the guests fled the scene even as they rolled and crawled.

Even the forces of the two Gan Pei families quickly retreated to the side at the gesture of the two elders.

Yin Xiao Anaconda looked at Lin Mo's back with hatred in her heart, shoot, as long as this man died, she would be able to get her revenge.

As for Kong Jue, who was not far away, he also reacted at this time.

This woman doesn't want to die?

No, this man is Lin Mo, the one who injured his elder brother Kong Wu?

D\*mn, the opportunity is rare.

Thinking of this, Kong Jue immediately took out the phone and started shaking people frantically, this person was on the Kong family's must-kill list.

If Lin Mo was killed by a random gunshot, their Kong family members would just come to collect the corpse, and if he didn't die they would make up for it.

Gah gah gah, kudos for being a little resourceful!

As for the two sides facing off with Lin Mo in the centre of the storm, their rifles were all loaded, just waiting for their respective leaders to give the order, and the fiery tongues of fire in their hands would sweep each other into a pile of mud.

At this tense moment, it was a reflection of the quality of their men's combat skills. If only one of them opened fire, both sides would end up with heavy casualties.

With the appearance of Yin Xiao Boa, the tension of the whole situation was instantly heard at its peak.

Apart from the clamour and chaos of the guests running away, there was only the sound of the faint sea breeze blowing their clothes.

The mingling of forces from many sides threw the scene into unparalleled chaos.

Kun Sha actually did not know the identity of that Yin Xiao Boa, and he was not sure whether the sniping words were really set up by the two Gan Pei families.

The two masters of the Gan and Pei families were also of the same mind, and neither was sure if it was an arrangement by the other.

The only one with the clearest perspective was Lin Mo, who, looking at the panicked Yin Xiao Anaconda, simply asked indifferently.

“Who are you?”

“Boss Lin Mo, what do you mean, weren’t you the one who told me to check the safety of the surrounding issues?”

Yin Xiao Boa deliberately mentioned Lin Mo’s name at this point in order to increase the credibility of his words.

And under this oppressive atmosphere, Guan Linglong could no longer suppress the panic within her heart and her emotions directly collapsed.

“Who are you? Get the hell out of our way! We don’t even know you.”

With that she raised her hands and directly pushed Yin Xiao Boa to the ground.

Because of this action, the coat Lin Mo had draped over her slipped to the ground.

The spring light was once again revealed to the public.

On the other side of the room, Kun Sha had no other intention than to glance at the girl.

When his eyes fell on the girl’s chest, his gaze suddenly froze.

The butterfly-shaped birthmark was so familiar.

Thinking of this, Kunsha took out his mobile phone straight away.

The birthmark on the little baby’s chest on the screen was exactly the same as the one on the young girl in front of him.

Kunsha was also aware that he had the same birthmark on his own chest.

At this moment, his mind flashed back to the time when he was just a young man trying to make ends meet.

At that time, he was just a pony boy running around for a living.

When he was pa\*sing through the country of Vientiane, he had fallen in love with a local waitress.

It was only after a couple of encounters that Khun Sa grew tired of her and left without saying goodbye.

Only later, the waitress contacted him again, saying that she was pregnant with his child.

And at that time, Khun Sa didn’t take it too seriously, only when a few months later, the other woman sent him a photo of his daughter.

It was only when he saw the baby's extremely similar features to his own take that Khun Sa finally believed in the matter.

Later, when he came to power and was ready to find his daughter, there was no more news of her.

There was no more news of the mother and daughter in the whole country.

And so the matter was eventually dropped.

## **Chapter 2635**

"What's wrong with you, boss?"

The assistant at the side asked with concern when he saw Kunsha's unusual behaviour at this moment.

It was also this question that pulled Kunsha back from his memories to show.

He shrugged the fleece cloak on his shoulders and gave the order.

"Collect the guns!"

As soon as the words fell, the dozens of men in front of Kun Sha instantly snapped on the safety of their rifles and stood up straight.

Seeing this, Lin Mo also calmly raised his hand, signalling the Crown Prince and the others to put down their weapons.

Passing through the crowd, Kun Sha came to the front and waved his hand towards Guan Linglong.

"Is Qiu Yuan alright?"

Hearing this, Guan Ling, who had been running through emotions, slowly turned her cheek, and after seeing the face of this middle-aged man in front of her, she looked stunned.

"Who are you? Why do you know my mother's name?"

Said Guan Linglong, a memory from her childhood surfaced in her mind, this man looked somewhat familiar, as if she had seen him somewhere before.

"Son, come here, let father take a good look?"

Under the stunned gaze of the bystanders, Kun Sha raised his hands and walked slowly towards the front.

Reminded by him in this way, Guan Linglong's childhood memories of her mother often showing herself her father's handsome appearance also blended perfectly with the man's features in front of her.

The only difference was that there were just a few more wisps of vicissitudes.

Returning to her senses, Guan Linglong murmured a call.

"Father?"

After seeing Kun Sha nod slowly with a smile, her mind went blank.

My real father turned out to be Kun Sha, a superpower who dominated the world.

Kun Sha took off his fleece cloak and covered his daughter with it, taking her into his arms with a faint smile on his face.

The aggrieved Kwan Linglong in his arms was mixed with the joy of reunion, clutching her father's clothes tightly and crying.

What was originally a tense gun confrontation suddenly turned into a heartwarming picture of a father and daughter recognising each other.

Seeing this scene, Gan Wei's face changed in shock and her feet retreated.

It was over!

Thinking of what she had done to Guan Linglong not long ago, a feeling of despair and remorse arose in her heart.

"Humph! This kid is lucky to have helped Mr. Guan find his daughter today, so he has made a great achievement!"

I just don't know if that unscrupulous person even oohed and aahed Mr. Guan's daughter into such a state."

What Elder Gan did not notice was that as he continued to complain, Gan Wei's face at the side became more and more desperate.

"What's wrong with you, Xiaowei?"

Before Gan Wei could answer, Kun Sha's side spoke up.

"Good girl, don't cry, tell father who has wrecked you into this state?"

I want to see what kind of person dares to bully even my Kun Sha's daughter."

Finding the lost girl was already a joyous occasion.

But now that Kun Sha saw Guan Linglong in such a miserable state, his heart was filled with pain and anger.

The girl in his arms had not yet recovered and was still sobbing, unable to speak at all.

Kun Sha swept his murderous gaze across the room.

"How dare you do it and not dare to do it? Or do I want Guan to personally uncover it!"

With just this one sentence, Gan Wei's feet directly weakened and endless fear directly engulfed her, yet just at this moment a voice suddenly came to her ears that was enough to make her completely collapse.

"Let go of me, do you know who I am? I am the young master of the Wu family of Heshan City, you let go of me."

With a sound of shouting from afar.

One of the thugs then grabbed Wu Shao by the hair and dragged him all the way to Kun Sha's body.

"Boss, this is the man!"

For his part, Kun Sha didn't even look at him, just wrapped his arms around his shivering daughter and spoke indifferently.

"Break the limbs and throw them into the sea to feed the fish."

"Ah, wait a minute, Mr. Kwan, Mr. Kwan you spare me, I,,, ah!"

The words of begging for mercy were not even finished before her hands were directly broken off, accompanied by a sound of falling into the water, Gan Wei directly fell limp on the ground.

### **Chapter 2636**

"Mr. Guan, Mr. Guan, I was wrong, forgive me, I didn't mean it."

Gan Wei knelt on the ground and hobbled on her knees to Guan York's body.

She was scared, that tragic appearance of Wu Shao just now had directly shattered the only conscious fluke left in his heart.

This sudden change of heart also caused panic in Elder Gan's heart, this Guan Linglong's miserable condition could not be caused by his own granddaughter, could it?

It was impossible, his granddaughter was usually so well behaved, how could she have done such a thing?

It was only Gan Wei's next words that made his heart feel like death.

"Mr. Guan, I really didn't know that he was your daughter, otherwise I wouldn't dare to touch a hair on his head if I had a hundred guts.

I know I'm wrong, please forgive me this time, Mr. Guan."

When she finished, she saw that Guan Yao was unmoved and her face was dreadfully gloomy.

Gan Wei exerted all her strength and slapped herself several times, but after all this he still felt that it was not enough, and then he kowtowed hard towards the ground.

Her eyes were filled with pleas for mercy, in order to save her life.

As arrogant as she was before, she was now as despondent as ever.

However, in this process, Guan Yao did not turn around at all, but only stayed with her daughter and gently asked.

"Linglong what do you want to do with her?"

After she calmed down, she couldn't help but remember the humiliation she had suffered not long ago, and the pain that was still burning above her cheek, and a wave of hostility rose in her heart.

"What I have suffered, she will pay back tenfold!"

The expression of gritted teeth profoundly revealed the anger in her heart.

Hearing these words, Guan Yao's originally gloomy face revealed a pleased smile at this time.

"Hehe, not bad that's my daughter."

He said with a glance and a cold snort.

"What, didn't you guys hear what Eldest Miss said?"

The words fell to the ground, several men beside him directly stepped forward and grabbed Gan Wei's long hair, still by her deadly struggle for mercy, several people remained unmoved and directly dragged her out of the crowd.

Seeing this, Gan Lao originally wanted to step forward and beg for mercy from Guan Yao, but before he could even lift a step, the timely black and eerie robbery muzzle was instantly aimed at him.

"Elder Gan, I'm only punishing one person, I didn't involve you and your Gan family, it's entirely because of your face, I hope you'll behave yourself."

As Guan Yao's words fell.

Elder Gan's brow was furrowed, and he took a look at his beloved granddaughter with a lot of heartache in his heart, but the situation was stronger than others, plus it was Gan Wei who was at fault in the first place.

Thinking of this, he could only grit his teeth, like a deflated ball.

But when he saw his granddaughter being slapped by outsiders, Elder Gan was also heartbroken.

Naturally, he did not dare to ask Guan Yao for mercy, so he had no choice but to save the country. With no other choice, Elder Gan walked over to Lin Mo with a pleading gaze.

"Mr. Lin, Xiao Wei is at fault for everything, but it is also because I, as a grandfather, have not taught her well.

Mr. Lin, for the sake of old me, can you help me beg for mercy from Mr. Guan!"

The only people who could speak to Guan Yao were Guan Linglong and Lin Mo.

Just how could the old man of the Pei family miss such an opportunity to drop a stone.

"Old man Gan, this is your fault, as the saying goes, if you owe a debt, you pay for it, and if you kill someone, you pay for it.

You allow your granddaughter to bully others, but you don't allow others to take revenge?"

"Mr. Lin Mo kindly brought Linglong on board, but he was struck by this disaster.

Look at Ling Ling's appearance, who else could do such a heartless thing to such a young girl if not a snake with a heart of gold?"

He said, "Pei Lao's face immediately pretended to look as if he was the real father of Guan Linglong.

As the words fell, Lin Mo gave the other party a special look up.

This old fox was so scheming, not only did he want to fall on Gan Wei but he even wanted to drag himself down as well.

### **Chapter 2637**

As expected, being reminded by Pei Lao's words, a hostile look suddenly flashed in Elder Gan's eyes.

If it wasn't for this boy who had brought Guan Linglong on board, why would his granddaughter have suffered such a calamity.

But now that he had to beg this man, he immediately hid the hatred in his heart and turned his eyes to look at Lin Mo with a pleading face once again.

Lin Mo could only shake his head helplessly as he took a look at Gan Wei, who was dying of torture.

Even if this woman was domineering, she had received her due punishment.

But as an outsider, Lin Mo's help to Guan Linglong was purely the duty of a physician.

Therefore, Lin Mo did not make a clear response to Master Gan's request, without the suffering of others, he could not advise his heart to be kind, and he could not intervene in this matter.

This is the first time that he has been seen by Master Gan to harbour a grudge.

On the contrary, Guan Yao's side, after exchanging a glance with Lin Mo, he nodded slightly.

"Linglong, what do you think?"

"Mm!"

Guan Linglong had experienced an emotional breakdown and had cried for a long time afterwards, at this point he was exhausted, with a weakness he nodded calmly.

Since his own daughter was not even counting, Guan Yao could simply do a favor.

"Stop it!"

Upon receiving the order, the men let go of Gan Wei whose cheeks were puffy and howling.

In this way Gan Lao also breathed a slow sigh of relief.

"Thank you, Mr. Guan, for your forgiveness, from now on I will definitely discipline him properly!"

Guan Yao nodded without looking at him, this was a move that was in line with his daughter's wishes, and at the same time gave Lin Mo face in secret.

The main thing was that the Gan family, as their partner, could just knock on them, there was no need to get them killed.

As for Yin Xiaoran, who almost caused a bloodbath, she was also taken away from the scene by Guangyao's men by her hair, and it is unknown how she will be handled.

The tense situation had thus been eased completely.

After sending his tired daughter off to rest, Guan Yao took the lead and the many parties resumed their seats to discuss business.

The four men on the main table, Guan, Pei and Gan, and Lin Mo, took their seats.

The rest of the people of the city and the surrounding area were spectators and witnesses.

As for the service staff, as well as their men, they were all cleared out of the meeting room.

"Brother Lin, I see that your men are so well-equipped, can you give me some insight into the channels?

I also intend to update a batch of equipment for my own men."

"Of course after the matter is completed, this hard work fee will naturally be no less, Brother Lin!"

Said Guan Yao, his face also leaking a look of anticipation.

Although Lin Mo had a smile on his face, his heart was on guard.

"Chief Guan, since you have asked for it, there is naturally no problem!"

"However, it's just that I still need to go back and ask our boss, Lu Nightwolf.

Not long ago after Yin Tianpao was messed up by us, our Boss Lu suddenly distributed a batch of brand new guns like this to us."

After hearing this, Guan Yao also raised his gla\*s with an enthusiastic expression to thank Lin Mo.

"Brother turned out to be one of Lu Nightwolf's men... my respects!"

Although Guan York did not know about Pan Yang in detail, he had heard about him.

Of course he was polite with his words, but he didn't care at all about Lu Nightwolf, the lackey of the united forces of Da Qu, and as for Yin Tian Bao, he was just a puppet.

"Then I'll have to ask you to do more work on this matter, if there is any news result, Brother Lin remember to contact old brother."

With that, he handed over his business card.

Lin Mo also pretended to accept it in a decent manner, he naturally wouldn't be so stupid as to really think that the other party was only asking for news about firearms.

Under the pretext of seeking information, this Guangyao was just trying to get information about his origin.

So Lin Mo made up a random identity and put it off.

After all, anyone would be worried about the power behind a sudden rise of a strange elite on one side, and there were still enough people to share this piece of cake in Daqu.

## Chapter 2638

Now that Guan Yao had learned Lin Mo's identity, he secretly took it to heart. If the other party was really one of Lu Nightwolf's men, then there was no need to be too concerned.

After all, Daqu United was very close to the Wanxiang Kingdom, so the origin of the brand new guns made sense.

After a brief question and answer session, Guan Yao stopped dwelling on it and changed his tune.

"Since the person who is coordinating has not yet arrived, then I, Guan, will have the cheek to be the leader and discuss some private matters."

He was the highest in status on the surface, and no one objected to the idea of taking the lead.

"As the saying goes, if we don't fight, we don't know each other, and since we are all here, we are naturally here for the benefits."

At this the people present immediately nodded in agreement, only Lin Mo did not make any attitude, just quietly waiting for Guan Yao's next words.

"We are all businessmen, harmony is the only way to make money!"

"Regarding, the division of distribution rights my proposal is as follows."

Originally negotiated by the Gan family, 60% was siphoned off to 20%, with one share going to the Pei family.

As for the other share, it unexpectedly fell to Lin Mo.

"How can this Lin Mo have the virtue to take this 10% of the distribution rights?"

"If you had such a pair of well-equipped men and had also saved General Guan's son and daughter, you would have been a guest of honour.

If you don't have them, don't be sour, it's repayment and a show of goodwill!"

Lin Mo was not aware of the whispers of the crowd, he was just a little surprised by this sudden offer of distribution rights.

Originally, he had only intended to listen in, but he had not thought that he would have a part in this.

"What does Mr. Guan mean by this? You don't get paid for what you don't get! This ....."

"Hey, little brother, that's a bit of an understatement, you saved my little daughter's life, this is just a bit of a token of appreciation from me as a father."

Seeing Guan Yao say this, he Lin Mo's face straightened and he no longer dwelled on it, but of course he didn't make a reply.

There were too many anomalies here, and he didn't want to take a direct stand!

If this discussion was just about reconciling conflicts and dividing distribution rights, he, Guan Yao, would not have had to come in person.

As soon as he heard the proposal, Elder Gan's face instantly darkened.

However, before he could say anything, Guan Yao raised his hand to stop him.

"Master Gan, calm down for a moment!"

"These bulk products are earning nothing more than a small profit, I have a big deal on my hands, I wonder if a few of you dare to take it?"

A mysterious smile appeared on Guan Yao's face.

When the two old men of Gan Pei heard this, their faces changed instantly, and their gazes revealed a strong sense of anticipation in their originally upright stance.

The other participants in the meeting, who also seemed to have thought of something, began to fidget at once and

"The thing that General Guan is talking about, is it the night vine tea?"

"Oh, since you all know about it, that would save me some words?"

That's right, this is exactly what it is, I wonder if you guys can afford to eat it?"

This was a hen that was laying golden eggs in Guan Yao's hands, and a little bit of it would be enough for the two of them to make a lot of money.

What was there to hesitate about! The heads of all the guests and the two elders in the room were like chickens pecking at rice, nodding their heads in agreement.

Guan Yao stood up with a big smile and waved his hand, directly settling on the proposal.

"Good, in that case, the distribution of night vine tea in the He Shan region will be 40% for each of the two Gan Pei families and 10% for little friend Lin.

As for the last ten percent, are you all interested in participating."

As these words fell to the ground, the scene completely clamoured for its coming.

"Chief Guan, thank you Chief Guan for carrying it!"

"Thank you, Mr. Guan, for taking care of us, I'm willing to do my best."

"I'll be at your service!"

In front of the huge benefits, the ugliness of a hundred faces was on display, and if not for the presence of others, many of the guests might have knelt down and kowtowed to Guan Yao.

**Chapter 2639**

As Guangyao watched the reaction of the crowd, a smile of satisfaction appeared on his face.

Sometimes, it is not always necessary to use force to control a party, as in the case at hand.

But when he was satisfied, he saw Lin Mo, who had been silent.

“Brother Lin, why are you sullen, do you think that this power share is too little?”

When Guan Yao turned the topic to himself, Lin Mo couldn't help but frown, and the five fingers holding the tai'a burst out with blue veins.

The night vine tea had special medicinal properties, and the top of the Martial Union's contraband list, this item was too late for him to destroy, so how could he possibly mete out.

If he wasn't worried, the involvement was too great, Lin Mo was going to just pull the tip and blood wash the giant wheel.

“I'm sorry, Mr. Guan, this is a very big matter, I can't make the decision! I still need to go back and discuss this matter with the boss!”

His heart was already full of disgust, he didn't want to stay in such a place for a second!

“Chief Guan, Lin will leave first!

Prince, let's go!”

Is this kid out of his mind? Once this night vine tea business was rolled out in Heshan, it was a hundred billion dollar profit.

There were only so many of them who would share this percentage equally, and he, Lin Mo, was still too small to take it all for himself.

Under everyone's puzzled gaze, Lin Mo had already got up and was ready to leave the stage.

The face of Guan Yao was dark, as long as he did not agree to such a big event, any other excuse would be a refusal.

With a low voice he he said.

“Stand still!”

“Lin Mo, I didn't treat you as an outsider for the sake of saving my daughter.

Not only did I reveal such a confidential matter, I even shared a huge profit margin with you as well.”

“And now you want to get out of it, ask them if they agree?”

The words fell to the ground.

Pei Lao slapped the table, and with a murderous look in his eyes, he stared at Lin Mo viciously.

“Kid, I've put up with you for a long time.

If you don't give face to General Guan, you don't give face to us, if you want to get out of this today, you can't do so unless you leave your life behind!”

“Yes, Pei Lao is right, Lin Mo, you won’t be able to walk out of this room alive today!”

“Leave your dog’s life behind!”

All of a sudden, the eyes of everyone present looked at Lin Mo with a deadly gaze.

Lin Mo only shrugged his shoulders in a cloudy manner in the face of the crowd’s threats.

“Oh, it’s not that I, Lin Mo, look down on you all, just because you stinking salted fish and rotten tomatoes want to keep me?”

He disdainfully glanced at the crowd and continued to step forward with Tai Ah in his hand.

Just as the crowd was filled with righteous indignation, Guan Yao slowly got up.

Shaking his wrinkled shirt, he smiled lightly.

“I, a salty fish, would like to see what you, Lin Mo, are capable of doing to leave the giant wheel today!”

After speaking, the fierce aura around Guan Yao instantly swept through the entire field.

Lin Mo naturally also felt the malice coming from the other party, but he just didn’t care.

“Mr. Guan, you are worrying too much, to use my brother’s words, I am not targeting you.

I just want to say that all of you who do it again are just happy colours.”

With that he simply pushed the conference room door open and slowly walked out.

The prince had been waiting outside the door for a long time, and when he saw Lin Mo’s figure, he showed his teeth and smiled.

“All done talking?”

“It’s alright, let’s go back! I’ll talk to you about this matter when we get back!”

The Crown Prince, who had been seen through his mind, glared at him with both eyes.

“Eh, how do you know, what I’m going to ask?”

“Oh, I’m still not familiar with you as far as your inquisitive nature is concerned? Let’s go back, Little Green Shadow is also sleepy!”

Picking up Little Green Shadow, Lin Mo pinched his little cheeks before lifting his steps to leave.

However, before he could get to the lower boarding ladder, once again, the roar of the ship was heard from all around.

“Little Lin Mo, how dare you hurt my young master, this is where you will be buried today!”

With a loud laugh, the huge ship was instantly surrounded by warships, and on top of the warships, there were even more Kong family disciples standing with guns.

## **Chapter 2640**

Dozens of warships surrounded the huge ship like dark clouds covering the sun.

Leading a group of gun guards, Kong Xianzhuo then slowly emerged from atop the head ship.

He had been busy receiving the Sixth Prince of the Wanxiang Kingdom all this time, but when he heard the call from his nephew Kong Jue, he immediately dropped everything he was doing and mobilised his troops to arrive here at a fast pace.

Kong Jue, who had been hiding in the shadows, finally saw the family coming, and he immediately ran to Kong Xianzhuo's side.

"Eldest uncle, you've finally arrived! I've been keeping an eye on Lin Mo's figure, and he is still inside the cruise ship, only that the vigour of his men seems to be a bit fierce!"

Hearing this, Kong Xianzhuo did not take it to heart.

"Hahahaha, fierce? Can it be fiercer than our sea?"

"All hands on deck, target Merillia cruise ship, prepare to fire."

The voice was instantly transmitted to everyone's ears through the ship-planted communication equipment.

In a matter of seconds, all guns were aimed at the cruise ship in unison, and as soon as Kong Xianzhuo gave the order, the fragile ship in front of him would be turned into a giant hornet's nest.

Of course, Kong Xianzhuo's aim was only to get rid of Lin Mo in the future, and he could not do such a heartless thing.

Inside the cruise ship.

Guan Yao's group was ready to kill Lin Mo, but before they could chase him out of the conference room, his men came running head-on in a hurry.

"Boss, it's not good, our cruise ship is surrounded by a group of strange forces!"

Even before the crowd had recovered, the voice from the loudspeaker outside the cruise ship came in.

"Mr. Guan, I didn't expect to meet you here by such a coincidence."

Kong Xianzhuo first greeted Guan Yao before continuing.

"Today, I, Elder Brother Kong, will first deal with some personal grudges, and later on, I will set up a banquet to make amends for you all.

But before that, I still need to ask you all to do me a small favour and hand over Lin Mo!"

Arriving atop the clipboard, Guan Yao grimaced and met Kong Xianzhuo formally.

"Kong Xianzhuo, you have eaten your heart and dared to besiege even the ship I am on!"

Kong Xianzhuo on the opposite ship laughed disdainfully before pretending to be embarra\*sed.

“Chief Guan, precisely knowing that you are on board, all old brother I in did not order to fire the cannon, otherwise this cruise ship would still be floating until now.”

Although the Kong family’s overall strength, may be worse than GuanYao a section.

But their Kong family belonged to the alliance forces, and under the mutual union of multiple families, they did not fear Guangyao.

The main thing is that the Alliance forces and the dictatorial forces like Guangyao are already incompatible with each other, and while there is nothing on the surface, they do fight to the death in private.

“It seems that your Kong family is very confident in their maritime warfare, today I would like to see a bit of it.”

With that, Guan Yao directly took out his mobile phone and prepared to shake people and destroy the other side.

Only before he could even dial the phone, the opposite face, Kong Xianzhuo, spoke again.

“Mr. Guan, you should give up this futile move, do you think you can survive until your men arrive?

It won’t be pretty if the guns are blind and hurt Guan then.”

Guan Yao had been in the jianghu for so many years, how could he possibly back down because of such a threat.

“Then try it, Mr. Kong, you’ll have to bury me too when my men arrive.”

It was just that although he, Guan York, was brave and did not fear death, it did not mean that others were too.

Hearing that Guan Yao intended to die with the other party, Gan Pei’s two elders were immediately frightened to the point where their faces turned white.

“Mr. Guan, Mr. Guan, you can’t, this is not a time for spite.”

“Right, General Guan and the others are just here for Lin Mo, and we happen to be planning to get rid of Lin Mo as well.”

“We don’t have any reason to keep Lin Mo at all, let Kong Xianzhuo kill this kid, we’ll kill two birds with one stone.”

“We’re not so bad as to bury Lin Mo with us are we?”

After Ka Ka Ka gave a persuasive speech, the two old men waited with anxious faces for Guan Yao’s reply.
