

## Genius 2641

### Chapter 2641

After being persuaded by the two elders, Guan Yao felt that there was some truth in what they said, but what he could not swallow was this anger.

A tiger in a flat sun being bullied by a dog? The eldest son of the Kong family dared to shout in front of him, which was really unpleasant.

Having worked together for many years, Pei Lao naturally understood Guan Yao's character.

"Mr. Guan, if you leave the green hills intact, you won't have to worry about burning firewood, we have plenty of time to get back the revenge of today's siege later.

We must not be in a hurry, besides, your daughter is still on board, Guan You must not be impetuous."

Of all the people present, no one wanted Lin Mo dead more than he did, but that did not mean that he, Pei Lao, should be buried with him.

And after the two of them had padded the steps section by section, Guan Yao finally relented.

"The words are justified, this revenge will definitely be claimed back by Guan."

"Hand Lin Mo over!"

At these words, the crowd instantly sighed with relief and secretly could not stop giving a thumbs up to Gan Pei Lao Er.

There was no one present who did not want Lin Mo to die.

As long as Lin Mo died, the profit chunks in his hands would naturally be shared equally by others.

"Lin Mo, if you don't want your group of men to be buried with you, then be a good boy and fold your hands, don't beat us to it."

In a flash, all the gun holes on the cruise ship were aimed at him.

Everyone's gaze towards Lin Mo was filled with deadly intent and greed.

Seeing this scene, Kong Jue laughed outright.

"Eldest uncle is so tactful, just a few words have made them dog eat dog."

Kong Xianzhuo glanced at his nephew and said with a smug smile on his face.

"There's no tactics, it's just that they don't have brains.

Just wait, when their firefight is over, we'll take away Lin Mo's corpse."

Although he didn't dare to kill Guan Yao, he could still consume his men.

He could also kill Lin Mo, so why not kill him in one go?

However, just as he was full of complacency.

Outside the encirclement circle, a speedboat sped up.

On top of the hull, Zhao Ankang faced the sea breeze with a face full of reluctance.

“Second brother, why do we have to come all the way over here to save Lin Mo?”

It was because they had been chastised by the old man at the time of this Zhao family.

The bow of the boat, Zhao Jianping, on the other hand, was looking faintly at the cruise ship that was surrounded not far away, with deep meaning in his eyes.

“Shut up, the old master has received news that the Kong family is suspected of mobilizing their forces on a large scale to surround Lin Mo.

So he asked the two of us to come and back up Lin Mo, how dare you disobey even the words of the old master?”

If it was in the past, Zhao Ankang would naturally not care about that old master who had half a foot in his coffin, but the situation was different now.

Thinking about the terrifying aura that swept out from within the main courtyard not long ago, he couldn't help but feel scared.

That frightening old master of the Zhao family was back.

On the other side.

Looking at the beastly Lin Mo, looking for Xian Zhuo said with a sneer on his face.

“Little Lin Mo, when you hurt my son Kong Wu in the past, have you ever thought about today!

You deserve to die for daring to touch a member of my Kong family!”

After Kong Xianzhuo finished speaking with Teng Teng, hundreds of guns were instantly set up around him, ready to unite with Guan Yao and the others on the spot to shoot Lin Mo to death indiscriminately.

Seeing how arrogant the other party was, the Crown Prince of Hai Cheng raised his machine gun and walked straight to the front.

“Who the hell are you?

Have you ever asked me about the Vulcan in my hands.”

But the other side was twice as numerous as the Prince's side, and the firepower was also fierce, so his machine gun did not deter the other side at this time.

Kong Xianzhuo snorted with laughter and sneered with disdain.

“Kid, a newborn calf is not afraid of a tiger, you think you can show off with this heavy machine gun alone, you don't know what you're talking about.”

He said with an awe-inspiring look in his eyes, his right hand raised slightly, ready to order the firing.

“Boss, if there is a fire fight, both sides will lose!”

“Fire support!”

Since he was determined to take himself down, Lin Mo was no longer soft-hearted, and in the face of the Crown Prince’s suggestion, he nodded straight away.

Only just as the Crown Prince was about to send out a signal.

Two figures leapt directly onto the plywood, before landing firmly forehead to forehead in the middle of the two confronting sides!

Snap!

The pleated fan opened, and Zhao Jianping, dressed in white, carrying Zhao Ankang, the third son of the Zhao family, appeared in front of him.

“Master of the Zhao family, ordered my brothers and I to come and coordinate the scene!”

“How about you all give a face, and let today’s matter end here?”

## **Chapter 2642**

The faces of the people present were filled with anticipation as they watched Lin Mo die under the crowd’s siege.

As soon as this man died, the profits released by Guan Yiao would be distributed to them.

The only exception was Guangyao.

If the Kong family had not appeared, he would have killed Lin Mo even if he had saved his daughter’s life.

But with the appearance of the Kong family, Guan Yao had suspicions in his mind, and after he had deliberately pressed Kong Xianzhuo again and again with his words, he was sure of one thing.

This Kong family had a will to kill Lin Mo.

And facing one of the alliance strengths, the Kong family, Lu night wolf in front of them are just a dog wagging its tail and praying for food, for a dog’s men, there is no need to make a big fanfare to round up and kill.

This unusual action looked extraordinarily harsh in Guan Yao’s eyes, so he was once again suspicious of Lin Mo’s identity, and his killing intent in his heart subsided quite a bit.

But with the appearance of the Zhao brothers, it seemed to give the answer.

The two Zhao brothers, from their hearts, did not want to come all the way to Lin Mo’s, but they were forced by the old man’s pressure, and now the brothers no longer had much real power in their hands.

If they were to be disliked by the old man again, it would be really cold.

Zhao Ankang’s heart was tinged with such emotions, at this time he was really irritable and could not stand to look at anyone.

“Cao Nima, don’t you understand human language? My second brother told you to put your guns down and try raising one more!”

“You two old f\*cks, you’re still glaring at me? Believe it or not, I’ll snap your eyeballs off.”

Zhao Ankang’s face only had one word, annoying! Blood mother annoying!

Originally, Gan Pei’s two elders were just puzzled, after all, the initiator of this coordination meeting was their Zhao family, but they didn’t expect that now that people were brought in, but the two brothers of the Zhao family, were here to back up Lin Mo.

The Zhao family’s third master, who was usually so brash, had taken some kind of gunpowder today, and his temper was so violent.

Of course, the two of them, who did not even dare to offend Guangyao, were even weaker in the face of the Zhao family, and after a “friendly” greeting from Zhao Ankang, they hurriedly lowered their heads, not daring to look at each other again.

The agitated Zhao Ankang was just as the two old men thought, and was in a state to bite whoever he could.

As soon as Kong Xianzhuo saw the brother, he realised that something had changed today, and as the two of them looked at him, his face turned unkind.

“Second brother Zhao, third brother Zhao, this Lin Mo has injured my son and he is still lying in bed?

It’s alright for me, as a father, to come and help my son seek justice, right?”

Since the Zhao brothers had already been ordered by the old man, they naturally wouldn’t change their minds just because of Kong Xianzhuo’s three words.

Grumpy Zhao Lao-san came online once again.

“Justice, my a\*s, is it? Do you need me to pull out your ears?

And you, Kong Xianzhuo, are asking for justice, right? You come here, I’ll show you justice.”

As he said that, Zhao Ankang waved his hand towards Kong Xianzhuo, indicating that the other party should come to him.

The other party’s sword on his shoulder was not a vegetarian, if he were to go forward now, he would be killed by Zhao’s sword.

“Second master, you are the fair man, you give a word!”

Humph, Laozi is the one who doesn’t talk to people like you who lack brains.

Kong Xianzhuo’s siege on Lin Mo to avenge his son was only one aspect, but on the other hand, it was also related to Prince Jade Lie’s plan to mine the Golden Cai Mountain.

However, as he finished speaking, Zhao Erji did not say anything, but Zhao Ankang jumped out.

“Give you face is not it, with a broken gun to scare who, retarded things, if you have the ability to open the robbery to try?”

You’re so bold, you dare to disobey my father!”

He said, “I’m sorry, I’m sorry.

### **Chapter 2643**

Seeing that the Zhao brothers were resolute, and with Zhao Nan Yue behind them, Kong Xianzhuo understood that it was impossible to kill Lin Mo today.

After reluctantly glancing at Lin Mo, Kong Xianzhuo could only grit his teeth with regret and prepare to order a retreat.

Seeing that the situation was stable, the Crown Prince curiously approached Lin Mo’s side.

“Brother, what kind of heartless things have you done on Da Qu’s side, I see that they all seem to be targeting you.”

Lin Mo: “.....”

“You’re the one who’s lost your conscience.”

“I met with Kong Wu of the Kong family before, and then I exchanged blows, after that you know.”

The first time I saw him, I had to go to a place where I could see him.

“Later on, I was ambushed by them on my way to the ancient inner city .....”

Zhao Ankang saw that the Kong family had given up, plus just a crazy output, at this time, his mood was also quite stable, only when he saw Lin Mo’s side of the people, his mood had instantly not beautiful.

“Lin Mo is it, on the order of the old master, I will bail you out once today.

Don’t think that because you have some strength you are untouchable, just by relying on these little cats, you are still far from being in Da Qu.”

After all, it was because of Zhao Nan Yue’s order that the two brothers had stepped in to support Lin Mo, but he had always harboured a grudge against Lin Mo for ruining the brothers’ plans.

Now that they had met again, this kid was not even taking care of him, but only biting his ears with his own people, so naturally Zhao Ankang would not give Lin Mo a good face.

That’s why he spoke out to knock him around a bit.

The Prince of Haicheng is a temper, Lin Mo is the first and he is the second in this world, he dislikes the sky and the earth, being said so by Guan You, his little temper was about to flare up again.

But before he could say anything, Lin Mo put one hand on his shoulder before shaking his head slightly.

“My junior thanks the Second Master and Third Master for helping out today!”

The crowd only thought that Lin Mo was going to admit his weakness when they saw this attitude of his.

However, before everyone could come back to their senses, Lin Mo's smiling face suddenly became serious.

"Kong family, did I let you go?"

"You wouldn't have forgotten about the ambush on me before, would you? Today, it's time for us to settle this score."

A stern and murderous intent instantly spread out in all directions with him as the centre.

If it wasn't for his sixth sense, he would have died in the Kong family's ambush circle on his way to the ancient Inner City.

He had not made a move against Kong Zhi because he was in a hurry to get back to Pan Yang at that time, and because he was concerned about the face of Elder Zhao at the Zhao family.

Now that they had met again, how could he let the other side off.

Kong Xianzhuo had already planned to leave, and after hearing the words, he stopped in his tracks.

"Kid, let you be arrogant for a while first, the Zhao family can't protect you all the time.

The next time we meet, I will definitely pluck your dog's tongue off to make wine, I don't know what to do."

With a final glance at the Zhao brothers, he snorted coldly and prepared to set sail.

However, he forgot that Lin Mo had a super mouthpiece beside him.

"Dog son, dry ritual food, thy mother is very cool, stand still for grandfather.

Ambush my big brother, you still want to leave today.

mmp, leave the dog's head for grandpa!"

Along with this burst of the Prince's mouth swallowing lotus flowers.

The whole room was deadly cold.

This kid's mouth was too poisonous, who could hold back just this kind of talk?

Yes, no one could stand it!

Due to the oppression of the Zhao family, Kong Xianzhuo did not dare to make a move against Lin Mo, but this kid had not thought of this, but he was even sticking his nose in his face.

In his rage, Kong Xianzhuo's eyes were fierce and his face was black with anger.

"You really think that I am a clay man who can be pinched by anyone!

I'll take the lives of Lin Mo and this kid, and Jesus can't stop them, I said!"

## **Chapter 2644**

At this moment, Zhao Ankang had not yet realised the seriousness of the matter.

Seeing Kong Xianzhuo turn around, he still wanted to step forward and be arrogant, only that when he stepped out, he was pulled back by his second brother Zhao Jianping.

As for him, a dense cloud of bullets appeared in front of him.

“Cao Nima, Kong Xianzhuo, are you crazy? I am the third master of the Zhao family.

If anything happens to me today, you blood wash the Nima Kong family, Kam!”

Not even waiting for his second brother to stop him, Zhao Ankang was at this moment giving another mad output.

On the other side, Kong Xianzhuo was already dizzy with anger, and at this moment, his eyes were already filled with blood when he was stimulated by Zhao Ankang.

“Zhao Ankang, you think I am afraid of that old man of your Zhao family?”

Underneath his low voice, Kong Xianzhuo’s hostile aura had already started to spread around his body.

“D\*mn you, rebellious, are you? If you dare to talk about my father like that, today I will cut your tongue off and make wine!”

Although the two brothers were plotting for the old man’s position as the family head, they would definitely not allow outsiders to provoke them like this.

It was the second master who was more calm, although his heart was angry he was able to control his emotions.

Tugging at his second brother, he smiled confidently.

“Kong Xianzhuo, take back what you just said now and come up to our Zhao family to apologise, and I can still give you a chance.

Otherwise, when my father pays a visit in person, it won’t be so easy to resolve, and you know the old man’s temper!”

“Oh, bluffing me with that old undead who has half a foot in the coffin? You justify my Kong Xianzhuo is not scared.”

Zhao Jianping’s face instantly darkened when he saw Kong Xianzhuo insulting his father again and again.

“You shut up, with the sh\*t you just spewed out of your mouth.

Your Kong family will not be able to export a single screw from our Zhao family’s wharf in the future.”

Zhao Jianping, who was known for his elegance, was also furious at this moment.

Kong Xianzhuo sneered and retorted with a tone of disdain.

“Hahahaha, still trying to use the pier to pressure my Kong family, wake up, the Zhao family is really in decline.

To tell you the truth, our Kong and Ding families have already reached a cooperation.

There are currently seven or eight ports under construction in the whole of Da Qu.”

“When the time comes, even if you beg me, my Kong family will not export a single goose feather from your Zhao family’s port.

By then, your Zhao family’s port trade will be waiting to go bankrupt, hahaha!”

Zhao Jianping’s face instantly changed.

How could this be, how could this be possible?

The Zhao family’s main income depended on the port’s import and export trade, if it was as Kong Xianzhuo had said, their port business would definitely be drastically cut.

On the other side, Zhao Ankang had no interest in anything other than martial arts and power, let alone the family’s business, and he was completely blind.

Just seeing Kong Xianzhuo’s annoying mouth, Zhao Ankang felt disturbed.

“I’m laughing at your mother, retarded thing!”

Hearing these words, Kong Xianzhuo’s smile was instantly withdrawn, and the anger that had been suppressed suddenly increased again as he was cursed one after another.

Now that he had torn his face off he simply didn’t care so much.

Trembling, he grabbed his men’s guns and without saying a word, he threw them at the Zhao brothers.

Fortunately, the two Zhao brothers were very skilled and darted aside when they saw the gun, and the bullets instantly took away many of the guests.

The sudden change of events instantly caused the scene to riot.

“Crap, the Kong family is just crazy, even the Zhao family’s second and third masters dare to burst in.”

“Don’t you bla bla bla, hurry up and run far away or a few of us will be eating peanuts.”

Looking at the corpses of several of their companions on the ground, all the guests scattered in a flurry and immediately fled the scene.

Even Guan York began to signal his men to evacuate the scene to prevent being accidentally injured by this out-of-his-mind Kong Xianzhuo.

## **Chapter 2645**

Of course, panic is panic, but many people were still in a good mood at the moment, especially the two Gan Pei family heads.

On the one hand, they had murdered their granddaughter, and on the other hand, they had killed their grandson, and with the profits being taken away from them, they naturally wanted Lin Mo to die on the spot.

Hahahaha, boy, if there is a way out of heaven, there is no way out of hell for you to throw yourself in!

Kong Xianzhuo, who was now faint with anger, was simply ruthless.

“If you two give way to me honestly, I won’t bother with you today.

But if you must seek your own death, I, Kong Xianzhuo, will let you go.”

Hearing these words, Zhao Ankang, who was hiding behind a bunker, slapped his thigh.

“I’ll see how he can make me whole.”

Zhao Ankang’s body was surrounded by a strong reckless energy.

The second master, Zhao Jianping, saw his moxie and his face changed dramatically, what a nasty iron boy!

Tugging at the back collar of his third brother, Zhao Jianping ripped him back with one hand.

“Mangler, you don’t want to die!”

“Second brother, don’t worry, this Kong Xianzhuo won’t dare to touch us, he’s just being arrogant!

I don’t believe this goon really dares to touch my Zhao family!”

He said as he confidently poked out his body, ready to go up and storm Kong Xianzhuo with a beating.  
piu!

The ballistic trajectory flashed by.

Under the extreme reaction, Zhao Ankang hurriedly shook off his head, and a bullet just whistled past his ear.

Holy sh\*t, this is real!

With the benefit of hindsight, Zhao Ankang finally realised that Kong Xianzhuo had really wanted to kill him!

Thinking back to the moment when he had a brush with death, he couldn’t help but feel the cold sweat rising all over his body.

“Mangfu, you know now, don’t you?”

“Mmmmmmmmm, Second Brother, this Kong Xianzhuo is indeed mad!”

Zhao Jianping nodded in behaviour, looking at his second brother who wasn’t stupid, he still knew to dodge when he saw a bullet!

“Good to know, let’s just not show our heads! Finally Lin Mo’s side then let him be.

Anyway, our mission has been accomplished, Kong Xianzhuo is crazy and we are powerless to stop it ah.”

Zhao Ankang’s eyes instantly lit up.

Yes, it would be good if this Lin Mo was dead, let him spoil his big event.

Thinking of this, he had a vague feeling that he was looking forward to Lin Mo being killed by Kong Xianzhuo.

In this way, his brother and his brother would be able to fulfill the old man's character and at the same time avenge the day's death, killing two birds with one stone.

The more he thought about it, the more beautiful it became, Zhao Ankang directly picked up a bottle of unbroken vodka beside him, and then found two more slightly intact glasses.

Ta-da-da!

After firing several shots in quick succession, Kong Xianzhuo then returned the firearm to the men beside him.

The assistant at the side, seeing this crazy move of Kong Xianzhuo's, had worry written all over his face.

"Master, do we really want to take action against the Zhao brothers?"

After all, our two families have a good relationship, so if word gets out at this point, I'm afraid it will damage our reputation.

Moreover, Zhao Nan Yue's side will not rest in peace."

"It has been rumoured for some time that the Zhao family's master's condition has shown improvement, would it be possible to start a conflict with the Zhao family at this time?"

Although Kong Xianzhuo was furious, he was not out to completely lose his wits.

"His Zhao family is only supported by that old man Zhao Nan Yue, after the death of the second generation's eldest son Zhao Wushuang.

The remaining two are just two wastes, if not relying on the family to support, long ago is not know how many times.

"You can rest assured that the rumors of a good turn are just fake news that they put out.

Maybe tomorrow that old immortal will be sick and die."

"Even if the old man is really cured, what can he do?"

As long as we have a good relationship with the Sixth Prince, we can procure a batch of heavy weapons when the time comes.

So what if the cleric can hardly carry the baptism of cannonballs."

The aide also felt that there was some truth in this, and refrained from speaking out.

## **Chapter 2646**

By the time the crowd had finished fleeing, only Lin Mo and Kong Xianzhuo were left on the scene.

As for the Zhao brothers, who had come to back them up, they were hiding in the background, somewhat sipping vodka.

“Second brother, do you think Lin Mo will survive the day?”

“Don’t worry, if I can see the sun tomorrow, I’ll put the bottle straight down.”

The Kong family was sending out two speedboats carrying light machine guns, plus several times the number of guns, the firepower was completely crushing Lin Mo to death.

Zhao Ankang laughed when he heard his second brother’s words.

“That’s good, come on second brother let’s go for another one!”

After saying that, the gla\*s'es clinked and the fiery vodka went straight into his belly, as for the old man’s order, that could be forgotten, he couldn’t follow along and be buried with him.

Lin Mo’s side, with the crown prince and a kind of men also each found a cover.

“Big brother, this Kong family is a bit arrogant, why don’t I just mobilize coverage bombing!

If we directly shake people in a fire fight, we’re going to suffer a big loss!”

“Where did you get the vitality coverage?”

He thought back and looked at his list of applications, and there was no artillery shells listed or anything like that!

It seemed that the most powerful firepower was just a few Gatlings, and that was the bottom line for him to eat the Kong family.

But at this moment, when he heard the Prince’s words, he was suddenly a bit baffled.

“Of course there is, you don’t know that, on this transport ship of ours, that turret alone has such a thick gun barrel.”

Saying that, the crown prince then stretched out his hands to make a big exaggerated circle.

“Crap, if we have it then what are we waiting for, hurry up and transfer it over and blast this group of Kong family all to dust!”

If he had known this, he wouldn’t have had to waste his breath by forcing Lai Lai with Kong Xian Zhuo.

“Yes!”

The prince had long coveted the super turret on the transport ship, and had been thinking of doing a cannonball to it all the time, but he was just suffering from not having the right to use it, so at this moment, Lin Mo ordered him, he would not hesitate, and immediately took out his mobile phone.

“Brothers, here’s your chance, here’s your chance, hurry up and blast all the ships around the cruise ship into dust.”

After saying that he had added a sentence.

“This is an order from Brother Lin Mo, the Zhen Yue amba\*sador!”

The same excited voice came from the other end of the phone.

“Really, will I have the chance to see such a spectacular spectacle even in my lifetime, Wang Pazi?”

No way Brother Prince, allow me to take a breath of cold air backwards!”

“Oi oi oi oi 。 。 。 。 Brother Prince are you there, hello hello hello ....”

“Why all of a sudden you hang up, I haven’t finished sucking in the cool air yet!”

After muttering a sentence, the Crown Prince’s beloved waited quietly for the Crown Prince’s latest notification, after all, the launch of the turret activation was something that required the Lord Zhen Yue to personally ask for.

At that moment, his beloved Amba\*sador Zhen Yue had already grabbed the Crown Prince’s mobile phone and cut it off with one hand.

“What’s wrong, Boss?”

Lin Mo gave money straight up in front of his forehead, and was positively convinced by this pair of living treasures.

“There’s no rush to give the order first, someone’s coming!”

He then pointed to the sky!

When the crown prince looked up in the direction Lin Mo pointed, he saw a dark green helicopter slowly coming from the sky.

Kong Xianzhuo naturally noticed this scene since, only when he saw the logo on the helicopter, his face turned white with fear.

“D\*mn, everyone hurry up, forcibly put away, f\*cking hurry up, guns all put away, lock the safety.

If anyone’s gun goes off later, I’ll rip his head off!”

Wait until all the men have packed up.

Kong Xianzhuo immediately adjusted his mood and cleaned up some instruments on the revolting hull after which his face also changed from the original coldness to enthusiasm.

As for the others on the giant ship, they all noticed the helicopter that had suddenly arrived.

“Nima, what is this? Why are there so many bigwigs here.”

“Ma, I’m out of my league, I’ve met so many superbosses just today!”

## **Chapter 2647**

A cacophonous roar of sound swept across the field.

As the sound drew closer and closer, an elephant head emblem outlined in gold silk stood out above the body of the helicopter.

It was the appearance of this emblem that calmed down the originally tense situation.

And this badge was the royal mark of the Wanxiang Kingdom!

Amidst the awe of the crowd, the dark green helicopter stopped steadily above Kaban, and the powerful airflow swept around.

The young man inside the cabin slowly stepped out.

When Kong Xianzhuo saw this man, he hurriedly curved his waist and quickly stepped forward to greet him.

As for the others present, although the king wanted to get acquainted with the members of the Wanxiang royal family, none of them dared to come forward.

The absolute disparity in status was enough to completely extinguish their agitated desire for profit.

“Kong Xianzhuo of the Kong Clan meets Lord Tege!”

Kong Xianzhuo’s face was full of ingratiating intentions, outsiders might not know, but he, Kong Xianzhuo, was clear in his heart.

The Sixth Prince of Vientiane favoured his sixteenth princess, Dizi Baiyna, because she was the most popular woman in the world. On the one hand, it is because she is so sexy, enchanting and beautiful.

On the other hand, it is because of his younger brother, Dizzy Tag, who is an ordinary-looking young man in front of him.

The credit for the rapid growth of the Sixth Prince’s forces goes to Tag.

Of course, the Gadrei also has a high regard for this beloved servant, or else the helicopter with the royal insignia is not something that ordinary people can ride freely.

“Mr. Kong Xianzhuo, you are here too? Haven’t you been entertaining my sixth prince all this time?”

Obviously Tiger was a little surprised by Kong Xianzhuo’s sudden appearance.

“Dealing with a little personal business, after that, I’ll go back immediately!”

“Well, go back early, you know the Sixth Prince’s temper, if you neglect him, your Kong family won’t have a good time either.”

Tiger did not care about Kong Xianzhuo’s prevarication, after all, he did not come all this way just to bullsh\*t with Kong Xianzhuo.

After a word of caution, he began to scan the room, before settling his gaze on Guangyao.

“Hello, Mr. Guan!”

As they watched Tag walk towards Guangyao, the others couldn’t help but look envious, being able to hook up with the Wanxiang royal family was something they could only dream of.

He was not expecting to be greeted by Tag, but he replied with a smile out of courtesy.

“I didn’t expect that this small gathering of ours would have the honour of having Mr. Tiger come in person.”

“Mr. Guan is joking, this is a small party of yours, but the portion of cake in it is not small.

Although it is a bit cheeky, Tag would like to ask if I can be a part of it, Mr. Guan?”

At these words, the corners of Guan York’s mouth suddenly twitched!

The matter of the night vine tea had not been mentioned to any but his own inner circle, and he had not announced it until he was in the conference room.

In other words, there were spies of the Wanxiang Imperial Family within these guests!

The thought flashed by and Guangyao’s face did not change, still with that calm smile.

“If Mr. Tagg can participate in our little business, I would naturally be eager to do so.”

Unexpectedly, unknowingly, the hands of the royal family of the Wanxiang Kingdom had already reached Heshan City.

Guangyao’s mind also became heavy.

The situation became even more confusing.

After receiving Guangyao’s reply, Teg nodded in satisfaction, since the other party knew what he was doing, it would really save him some trouble.

“Then Teg thanked Mr. Guan in advance, and I will let my helpers talk to you in detail about the subsequent specific cooperation plan.”

“Also, Teg has one more thing he wants to trouble you all with!”

When Tag’s gaze turned to the other guests, the whole scene instantly stirred up.

An excited and expectant face waited excitedly for Tag’s next words.

## **Chapter 2648**

Teg’s word of trouble was like a boulder crashing into the water, instantly setting off big waves.

As long as they could get in touch with the Wanxiang Royal Family, what they brought was not only huge profits, but more importantly, status.

After a lifetime in business, their desire for status had far exceeded their pursuit of profit.

Guangyao had become much more restrained since he realised that there were royal spies among the guests.

In the face of Tag’s request, the lord merely continued to maintain the fake smile on his face.

“Mr Tagg, if there is anything you need from us, just say the word!”

“I’m looking for someone!”

The guests held their breath and listened lest they miss any important news.

So Tagg stated his purpose without delay.

The crowd of guests stirred and swarmed to Tag’s front.

“Mr Tagg, we are all businessmen, but we are well-informed!”

“Mr Tagg, what man are you looking for, we’ll find him even if we turn the city of Heshan upside down.”

.....

In the crowd you say and I say a big offer, eyes are also full of crazy colour, so the scene also became noisy.

Even the two people at the side, Gan Lao and Pei Lao, were at this time with hot eyes, anxiously waiting for Lord Tiger’s next words.

After Taig raised his hand to signal, the ear-splitting cacophony quickly subsided.

“No need to rush, everyone, let me finish first!”

The slight frown between his eyebrows reflected his impatient mind at the moment.

“Not long ago, I heard that the Zhao family’s old man’s originally ailing health had suddenly taken a turn for the better.

So I would like to inquire about the identity of this wonderful miracle doctor who cured Master Zhao’s body.”

At these words, several of the brainy guests present immediately thought of the Zhao brothers.

“Mr. Tiger, isn’t this a coincidence!

We may not know about the man you are looking for, but there are two direct members of the Zhao family present.

To talk about the matter of Master Zhao’s recovery, the Second Master Zhao and the Third Master Zhao must know best.”

As the words fell to the ground, everyone’s eyes turned to the two brothers of the Zhao family.

Elder Gan snapped awake at this point.

In theory, having a force of Lin Mo’s size under him was not to be underestimated in Da Qu.

But before that, no one present, including Guan Yao, knew of this kid’s true identity, which had simply appeared out of thin air.

Now that the old man Zhao was suddenly mentioned, combined with the sudden appearance of the two Zhao brothers to back him up .....

The old man Gan’s age is not a false one, and he has more or less heard some rumors recently that caught the wind.

This Lin Mo’s identity has been called out.

The first thing you need to do is to get a good idea of what you are getting into.

The kid doesn't play with people like this, he has a strong background, but he still came to the boxing gym to apply for a job as a team doctor, to experience life?

The Zhao brothers had been the centre of attention the whole time, and both of them were wearing a slight blush on their faces as they had just drained a full bottle of vodka.

When Zhao Jianping saw Tiger coming towards him, he hurriedly poked Zhao Ankang with his elbow, signalling the latter to pay attention to his manners.

He didn't even wait for Tiger to walk in before speaking directly.

"Mr. Tiger, what you said just now, my brothers and I also heard it.

In fact, the person you are looking for, sir, is far away and close at hand, No is this man Lin Mo!"

Said Zhao Jianping, raising his hand and pointing at Lin Mo, only to have a flash of disappointment as well as resignation in his eyes.

D\*mn it, Lin Mo was so close to being killed by Kong Xianzhuo!

Now, not only was he alive and well, but this Sixth Prince's right-hand man had even taken a liking to his medical skills.

After getting the answer he wanted, Tege first said thank you to Zhao Jianping, then turned around and walked straight towards Lin Mo.

Seeing this scene, the crowd was once again disheartened.

How was it possible that this hairless boy was the miracle doctor who had cured Master Zhao?

Is there still the law? Is there any justice left in heaven?

## **Chapter 2649**

At this point in the proceedings, neither Kong Xianzhuo nor the guests who had Lin Mo's profits in mind could afford to kill him anymore.

The tone of Tag's voice alone gave a clue.

He must still be begging this man of mysterious origins, otherwise he would have done it already.

Tiger came over to Lin Mo's side with a smile on his face.

"Mr. Lin Mo, first time meeting, nice to meet you!"

After the intentional questioning Teg had just done, he took a sweeping glance and basically weighed all the forces of the entire cruise ship.

The secret informants he had planted had already reported up on the events that had happened before tonight using the contact.

The only ones worthy of attention were the Zhao family, Kun Sha (Guan Yao) and the two men in front of him.

It goes without saying that Lin Mo is a medical and martial artist.

The Prince in particular, carrying a Gatling with one hand, is a bit overbearing.

As for the others, they were not worthy of the stage and were completely dispensable.

After Lin Mo simply returned a greeting, he asked directly.

“Mr. Tiger, is there something urgent that you’re looking for me this far away?”

Upon seeing the royal power on the Wanxiang side show up, Lin Mo wasn’t surprised, instead he felt that the other party was a little late.

Waiting for you guys for so long!

“This place is crowded, can Mr. Lin lend a step to talk!”

As Tag’s words fell to the ground, the others around him instantly revealed envious faces.

This Lin Moca was going to rise to the top in one step, not only was he backed by the Zhao family, he had even gained the favour of the Sixth Prince’s power.

It’s like a sour lemon!

Especially Gan Lao, at this moment his intestines are turning blue.

If he had known this, he should have treated this Lin Mo like a father, so that their Gan family would have soared to great heights.

However, a thousand pieces of gold could not buy early knowledge, and now it was too late to regret.

Only Lin Mo’s reply was an immediate shock.

“Sorry, I still have some things to deal with on my side, if you can wait, let’s talk after I’m done.”

Right now the ambush revenge has not yet been avenged, the Kong family has not yet been solved, the opportunity is rare, this time he will not let the Kong family go so easily.

When the crowd heard such a reply from Lin Mo, the indignation in their hearts was even harder to calm down.

Mr. Tagg had invited him sincerely, and this kid had the audacity to excuses himself!

Tege’s smile froze for a moment, then immediately returned to a smile.

“Got into any trouble, let me help you out!”

He had confidence written all over his face, he didn’t dare to say it in the big picture, but in a small place like Heshan City, there was nothing that he, Teg, couldn’t sort out.

Lin Mo didn’t hide either directly putting the conflict between the two sides on the table.

“In the past, when I was on my way to Ancient Inner City, you sent people to sneakily ambush me, and today you are blatantly sending people to surround me.

Kong Xianzhuo, do you really think that I am made of clay? Today, none of your Kong family members will be able to leave.”

Kong Xianzhuo’s face turned black as he stepped forward to argue.

“If you hadn’t beaten my son, Kong Wu, to death in Pan Yang, why would the Kong family have bothered you? Those who dare to touch my son, die!”

If it wasn’t for the presence of Tege, Kong Xianzhuo wouldn’t even bother to explain.

The prince was getting impatient at this point, the turret he had been longing for hadn’t fired yet, bla bla bla what!

“Old man, that son of yours sought his own death, my brother spared his life and that was good enough.

Old dog, you don’t know how to be grateful, but you are still barking here, stop barking, let’s see the real thing underhand.”

“You ....”

Being spat at by the crown prince, Kong Xianzhuo was once again so angry that his face turned black, but even though he had a million anger in his heart, he had to suppress it.

If it weren’t for the fact that these two boys in front of him were the ones Tag was looking for, he, Kong Xianzhuo, would have ordered the firing.

With red eyes, he turned his gaze towards Tag.

## **Chapter 2650**

Teg saw the questioning intent in Kong Xianzhuo’s gaze, and he merely returned the smile.

“It seems that the conflict between your two sides has gotten so frosty that I don’t bother to coordinate.

Kong Xianzhuo, thank you for your dedicated service to the Sixth Prince during this time, I accept this friendship on behalf of the Prince.”

Kong Xianzhuo was so angry at the moment that he only heard into the fact that Tege would not make a move to stop him, and did not even hear the strange chill in the second half of the sentence.

Just as he raised his hand to signal his men to fire, a figure suddenly sprang up behind him, a cold flash in his hand.

Kong Xianzhuo’s own martial arts attainment was not low, and it would have been difficult for an ordinary man of 30 or 50 to get close to him, but his opponent’s speed was too fast, and the timing of his strike was just when he was distracted, giving him no time to react at all.

The sudden pain in his waist was accompanied by a sharp pain.

Kong Xianzhuo’s entire body instantly lost its strength, and his feet went limp and he fell to the ground directly.

“Mr. Tiger, why?”

The colour on Zhuo Xianzhuo's face was extremely complicated, with feelings of resignation, confusion and anger intertwined and surfacing.

At this point, he finally reacted to the meaning of Tag's words just now, so it was to kill him, but it was all too late.

When Tag arrived at Kong Xianzhuo's side, he slowly crouched down at the waist and came up to the dying Kong Xianzhuo's ear, and he lowered his voice to the lowest level.

"Don't think we can't find out because you've been so secretive.

The Sixth Prince hates two-faced people like you the most!"

At these words, Kong Xianzhuo instantly became terrified, only at this moment the vitality around him then began to fly away, and he simply did not have any strength to alert the clan anymore.

Kong Xianzhuo looked at the demon-like smile of Tiger in front of him, his pupils scattered and there was no more breath!

Kong Xianzhuo is dead!!!

The guests who were watching the unbelievable scene in front of them, their minds were also blank.

Wasn't the Kong family responsible for receiving the Sixth Prince?

Wasn't Kong Xianzhuo the one who had to answer all requests?

Why did this Tege's people, why did they want to kill this other person?

This sudden scene had left the crowd's minds unsettled for a long time.

As for the man who had committed the murder, he had a calm face as he waved the dagger in his hand, his face disdainful.

"How dare you shout after offending Divine Doctor Lin!"

After saying that, he returned the murder weapon to his waist and calmly retreated behind Teg.

Even Lin Mo was a bit overwhelmed by the reaction for a moment, the shocking change had come too quickly.

The surrounding Kong disciples, seeing their own grand master die in such an inexplicable manner, instantly became agitated as well.

Kong Xianzhuo's a\*sistant was even more indignant.

"Lord Teg, our Kong family served the Sixth Prince to the best of our ability, and we dare not say that we deserve the credit, but we have definitely not made any mistakes.

What exactly has Master Kong done wrong that your close guards would do this?"

Tyger just shrugged his shoulders calmly in the face of his a\*sistant's questioning.

"The royal family still needs to explain its actions to a mole? This is ridiculous!"

“Let’s do it, what a lot of talk!”

As the words fell to the ground, a violent vibration suddenly came from the Kong Family warships surrounding the cruise ship.

“Not good, everyone abandon ship!”

The aide anticipated something and was instantly alarmed, only that his warning was ultimately a step too late.

Without waiting for the other Kong family members to react, the sky-rushing fire engulfed the entire warship directly.

On the cruise ship side, when they heard the deafening explosion, a group of people immediately crouched down with their heads in their hands, and only after everything had calmed down did they dare to look up nervously.

However, the scene in front of them made them completely dumbfounded.

The originally aggressive Kong disciples had disappeared into thin air, leaving only the blood everywhere around them.

As for the ten warships, they had turned into a pile of rubble, and the flames that were constantly dangling were now slowly sinking deeper into the seabed along with the ships.

This was too ruthless!
