

When His Eyes Opened Read Novel Chapter 3127

Novel Chapter 3127 -Hazel: "Brother Niko, are you watching my joke?"

Niko waved his hands again and again: "Of course not, it's the first time I've seen so many women like Lucas, it's so exciting!"

Hazel: "..."

Niko bumped Lucas with his shoulder: "You have committed a crime this year! Are you also very entangled?"

Lucas glared at Niko: "You have too much imagination! Do you see nothing else in your eyes except love between men and women?"

Niko shrank his neck: "I'll just watch the show in silence, hehe."

Hazel picked up the kettle and poured herself a glass of water.

Niko immediately handed over the glass: "I drink water too."

Hazel poured Niko a glass of water, then looked at Lucas: "Do you want water?"

Lucas handed over the glass.

After Hazel poured him a glass of water, Greta came over.

Greta came here alone.

Niko immediately asked with a smile: "Miss Yoder, where is your companion?"

Greta: "He's resting in the hotel. I didn't call him."

"Oh! Then I'll ask the waiter to serve the food now." Niko asked the waiter to serve the food.

Greta sat down beside Hazel, and after smiling at Hazel, her eyes fell on Lucas's face: "Lucas, have you filled out that form? Feel free to contact me when you've filled it out. You can take pictures and sent it to me."

Lucas: "I haven't decided whether to fill it in yet."

Greta winked like silk, and asked with a smile: "Why? My dad really wants to invest in you!"

"Then why didn't he come to talk to me in person? If he asked me those questions face to face, maybe I wouldn't be so resistant." Lucas replied.

"My father's legs are not very convenient, and I have to come out for many business talks. Lucas, do you have any objections to me? If you have any thoughts, you must tell me honestly!" Greta's attitude was very sincere.

Lucas: "I don't have any opinion on you. It's just that I don't know your dad, or your dad's company, and I don't even know you. You asked me about my privacy as soon as you came up, which made me feel very uncomfortable."

Greta: "Hahaha! Lucas, relax, you can find our company online. Our company is not a small company. We are interested in you. In fact, we want to know you because we like you."

Niko: "Miss Yoder, you are very kind. Don't worry about the form. Before tonight, I will let him fill it out and take a picture for you."

Greta looked at Lucas and smiled like a flower: "Okay! I'm waiting for your information."

Niko cleared his throat, a little embarrassed.

Niko was not stupid; he could see clearly, Greta only had Lucas in her eyes.

It was obvious that she was interested in Lucas.

After the dishes were served, Greta ordered a bottle of red wine: "Lucas, how's your alcohol tolerance? Come have a drink with me! Have a drink."

Lucas refused without even thinking about it: "I don't know how to drink. I still have work in the afternoon. Let Niko drink with you! He can drink a lot."

Greta took the wine glass, poured half a glass of wine, and handed it directly to Lucas: "Lucas, just have a drink! This little wine won't make you drunk. If you don't believe me, try it."

Lucas frowned, not wanting to drink.

Without even thinking about it, Hazel took the red wine glass from Greta's hand: "I'll drink it for my boss!"

Seeing this, Lucas immediately reached out and took the wine glass from Hazel's hand, and drank the red wine in the glass in one gulp.

Hazel and Niko were dumbfounded.

Greta immediately praised: "Lucas, you can drink a lot!" As she spoke, she picked up the wine bottle and poured wine for Lucas.
