Chapter 3128 -Hazel stopped immediately: “He doesn’t know how to drink! Let’s drink fruit juice!”

As Hazel said, she wanted to call the waiter to serve the juice.

Greta took Hazel’s hand: “Your boss didn’t even say that you can’t do it! Why are you so anxious! I am not afraid of a woman, so what is he afraid of? I can eat him up.”

Hazel withdrew her hand.

Greta raised her wine glass and touched it with Lucas’s: “Lucas, I know you just graduated, so you may not be very good at drinking, but it’s okay, you have to practice a little bit. If you drink it a few more times, your capacity for alcohol will naturally increase! The alcohol content is not high!”

After Greta finished speaking, she drank the wine in the glass in one gulp.

Hazel swallowed her breath.

Greta put down the wine glass, and nodded her chin at Lucas: “Drink it! What are you doing in a daze?”

Lucas drank a glass of wine just now, and now a blush appeared on his cheeks.

He didn’t usually drink, so he was now drunk.

“Miss Yoder, I can drink wine, but after drinking this glass of wine, we don’t need to talk about cooperation anymore.” The disgust on Lucas’s face and tone was very obvious.

Lucas picked up the wine glass, and when she was about to drink, Greta laughed out loud: “Then you better stop drinking! I’m teasing you, I didn’t expect you to be so casual.”

Lucas put down his wine glass, very puzzled: “What are you teasing me for?”

Greta did not expect Lucas to speak so directly.

Lucas: "Are you here to work or to play?"

Greta: "Play while working! Lucas, are you usually this serious?"

Hazel replied: "Miss Yoder, he didn't do this to you on purpose, he treats everyone like this."

Greta: "Hehe! That's right! Young and mature! It's very interesting."

When the lunch was about to end, Greta looked at Niko: "I want to have a private chat with Lucas, take Hazel away!"

Niko immediately wiped her mouth with a napkin: "Okay! No problem!"

Niko got up and winked at Hazel: "Hazel, let's go! I'll take you back to the company."

Hazel reluctantly got up and left with Niko.

After getting in the car, Niko saw that Hazel's expression was not very happy, so she teased her: "What are you thinking! Are you afraid of what Miss Yoder will do to Lucas?"

Hazel: "How can you laugh? Lucas doesn't know how to drink! He's drinking too much now, and he might do some messy things uncontrollably..."

Niko: "You, how naive! He doesn't drink as badly as you think. Don't think he blushes when he touches alcohol. In fact, he has skin allergies. I usually have private meals with him, and occasionally drink. "

Hazel breathed a sigh of relief: "You didn't say it earlier!"

Niko: "If I say that Lucas is a good drinker, that Miss Yoder can't drink him all the time? I feel that Miss Yoder is not here to talk about cooperation, but more like to seduce Lucas. Didn't you notice that she changed her dress?"

Hazel: "Of course I found out. Not only did she change her skirt, she also changed her high heels. She even changed her earrings!"

Niko: "You observe so carefully! It seems that she really has a crush on Lucas!"

Hazel didn't make a sound.

Niko: "Hazel, you don't need to be too sad. If Lucas is really with Miss Yoder, it can only mean that Lucas is not suitable for you, and it's not your fault."

Hazel: "I know. If Lucas is fascinated by Miss Yoder, then I should go back to Aryadelle."
