Chapter 16 - No Matter How Lowly I Am, I'm Not As Lowly As You

"Liang Zixuan, you're the one who's shitting!" Wei Xiaoqing was so angry that her whole body trembled. She yelled, "You can't get him, and you don't want to be embarrassed, so you're saying words like that!"

Liang Zixuan immediately spat on the ground. "Heh ...Who do you think Hou Yingyi is? Wei Xiaoqing, if he can cheat on me with you, then who would say he wouldn't climb into another woman's bed? Wei Xiaoqing, you are not worthy for me to fight with."

Although Hou Yingyi still felt guilty about Liang Zixuan, he could not contain his anger after hearing her words.

Liang Zixuan could not be bothered to waste her saliva on them again. She looked at these two pairs of scum coldly before leaving with her guitar.

Hou Yingyi immediately grabbed her wrist. Initially, he thought he could persuade her with the lover status, but it looks like he can't. "Liang Zixuan, you can't leave. Follow us to the hospital now!"

Seeing that, Wei Xiaoqing also went to her and held her arm.

How can Liang Zixuan surrender? She struggled with everything she had, and Wei Xiaoqing took the opportunity to dig a nail into her arm, causing blood to come out from the skin.

At that moment, two men jumped in through a one-meter high fence. They ran fast. One of them kicked Wei Xiaoqing in the stomach.

She screamed as she was kicked to the ground. Her stomach was hurting, and she started crying.

The other man raised his hand and punched Hou Yingyi in the face. The force was so strong that he was thrown to the ground. Even his teeth loosened.

Hou Yingyi raised his head and looked at the two men standing next to Liang Zixuan. They appeared cold and solemn. It was clear that they were here to protect her.

Thinking about what Wei Xiaoqing had told him and hearing that Wei Guowei was stopped by two guards sent by Han Yuanjun when he went to the hospital and that Liang Zixuan must have climbed into his bed last night.

At first, he didn't believe it.

How could Han Yuanjun fall in love with her?

But now, when he saw two guards standing next to her, clearly forming a shield, he was so angry that his face contorted as he glared at Liang Zixuan and cursed, "Liang Zixuan, you b*tch!"

Liang Zixuan hugged the guitar in her hand tightly, the corner of her mouth slightly curved upwards. "No matter how lowly I am, I'm not as lowly as you! I can't even compare to you."

Wei Xiaoqing watched Liang Zixuan leave right after scolding Hou Yingyi. Her eyes were red with anxiety. "Liang Zixuan, if you dare to leave, you will never be able to come back again!"

She had already decided that Liang Zixuan would not be able to live without the Wei Family. She had no job and no place to live. Furthermore, her grandmother was still in a foster home and in need of a large sum of money.

Liang Zixuan left the Wei Family?

That's impossible!

Unexpectedly, Liang Zixuan stopped and sneered. "I never planned to return. Wei Xiaoqing, you can now be the only daughter of the Wei Family without any worries. I really don't care."

"You!" Wei Xiaoqing struggled to get up and grabbed her legs from behind. "You're not allowed to leave!"

Liang Zixuan didn't hold back at all as she forcibly stepped on Wei Xiaoqing's hand. Wei Xiaoqing immediately withdrew her hand in pain.

Liang Zixuan looked down at her condescendingly and snorted. "Don't tell me you're expecting me to stay and celebrate New Year with you?"

Deng Hui and Dai Tian escorted Liang Zixuan out of the villa. She then saw two cars parked outside. They both took her straight to another car. They opened the passenger door and signaled her to enter.

Liang Zixuan looked inside and was immediately stunned.

Han Yuanjun was wearing a light brown suit today. The colors make him look good. His cold profile and facial features made him look like a top male model of the world.

He slowly turned his head, and his deep gaze fell on her dull face. It was the same expression she had when she stood outside the door looking at him last night.

Liang Zixuan was like a silly frightened little rabbit, staring at him blankly.

Han Yuanjun chuckled. "Get rid of that silly face of yours. If you want to stare at me, then get inside first. Don't just stand by the door like an idiot."

Han Yuanjun was always confident with his appearance.

Although she admitted that he had a face that would make any woman want to commit a crime, she wasn't one of them.

Having lived two lifetimes, one was Wei Guowei, and the other was Hou Yingyi, they had completely made her disappointed with the men.

Deng Hui pushed her inside. "Miss Liang, please get inside."

Liang Zixuan was pushed forward and almost hit her head on the car door. Luckily, Dai Tian was there and put his hand on her head in time, so she was pushed into the passenger seat by the two of them.

Her head was completely hurting. She had the illusion that she had just escaped the den of tigers and entered the den of wolves.

"Wait a moment." Liang Zixuan called out to Deng Hui and Dai Tian, who were preparing to leave. She took out a recording pen from her pocket and passed it to them through the car window. "Help me pass this to He Yingmin, tell her that as long as she posted this, she'll be the one to slap Wei Xiaoqing's face when she's done."

Deng Hui took the recorder pen and nodded, "Ok, don't worry. I will pass this to her."

????

At the same time, He Yingmin was taking photos of Wei Xiaoqing and Hou Yingyi with her camera.

After Liang Zixuan left, Wei Xiaoqing knew that she couldn't stop her anymore, so she turned to look at Hou Yingyi with a wronged expression, crying as she questioned, "Yingyi, do you still love that bitch?"

Hou Yingyi got up from the ground and helped her up too. "No, how can I love a woman like her?"

Wei Xiaoqing felt sweet inside, but she still pretended to be wronged and cried, "But you just said you loved her in front of us, and you didn't dare to say you loved me in front of her!"

Hou Yingyi had completely given up on Liang Zixuan. Since it was already like this, he didn't think he could continue lying to her. It was as if she was a completely different person.

Wei Xiaoqing believed him when he said it.

And now, no matter what he said, Liang Zixuan didn't believe him.

Since that was the case, he could only keep Wei Xiaoqing with him.

"Xiaoqing, I can see through your heart. From the beginning, you are the only person I love. Didn't I say before this that I did that to help you trick her? Now I can tell you clearly, I love you."

Wei Xiaoqing's eyes reddened. She immediately wrapped her hands around his neck, tiptoeing and kissing him.

Hou Yingyi also kissed her without hesitation.

He Yingmin was hiding behind the tree, watching two people on her camera. She wanted to scream in delight.

What an incredible feeling, what an explosion news!

Once this news comes out, let's see how Wei Xiaoqing will keep her pure jade appearance.

????

As soon as Liang Zixuan got in the car, Han Yuanjun started the engine and drove the car out.

He glanced at her red and swollen face and a wound on her arm from the corner of his eyes.. He immediately frowned. "Did they hit you?"
