

Chapter 855 Group Trip

On the stage, Cecelia held the trophy excitedly.

Their win had been unexpected. As she caressed the exquisite trophy, she asked, "Trevor, did you already know the result?"

Trevor laughed as he smoothed his hair, which was damp from sweat, and replied, "During the break at the end of the first round, after we had a drink of water, Reynolds celebrated as though he had won the competition. Harmoni sent a message as a reminder. I guessed Reynolds had added purgatives to our water. However, Harmoni found out and switched our water with Reynolds'!"

Trevor paused, a smile playing on his lips. "When I saw Reynolds clutching his stomach from time to time, I decided to provoke him. The outcome is visible. He fell victim to his own evil plot."

"Ha-ha..." Cecelia burst into laughter upon hearing this.

She held the trophy on one hand and her other hand on Trevor's arm. She threw back her head and laughed happily.

She desired to laud Trevor's cleverness.

But on second thought, she didn't do it. After all, she had been tricked by Trevor too when they first met.

Pouting, Cecelia complained, "You're such a bad guy."

She acted like a spoiled child.

When they came down from the stage after collecting their trophy, they were congratulated by well-wishers.

The students of Bella University all cheered and congratulated Trevor and Cecelia on their victory in the championship. The atmosphere was delightful.

The National University Games was about to come to an end after the tennis finals.

The other competitors from Bella University

had finished their respective competitions.

Someone proposed going to have some fun in Mordor in order to celebrate Trevor and Cecelia's victory before returning to school.

Lemuel, the captain of the football team, rubbed his hands together in glee as he said, "How about we visit the zoo? I heard the zoo in Mordor is a wonderful place to be. Many tourists come all the way here just to see it."

Although the football team he captained had been eliminated in the first round, Lemuel still wanted to take this opportunity to get close to the pretty girls.

One of the cheerleaders hesitated, saying, "But I'm a little afraid of those beasts."

That was exactly what Lemuel wanted to hear. He hurriedly put his masculinity on display, patted his chest, and said, "Don't be afraid. I will protect everyone. I'm so strong that I could put the lions and tigers back in their cages if they escaped."

Clarissa chuckled but said nothing. She just gazed at Trevor, desire burning bright in her

eyes.

She didn't care where they went as long as Trevor went with them.

Makenna also turned to Trevor and whispered, "What do you think?"

Even Cecelia looked expectantly at Trevor, waiting for him to make a decision.

Trevor raised his eyebrows and said with a smile, "I think the zoo is a wonderful idea. Someone recommend it to me before."

Milo had advised Trevor to visit the zoo of Mordor before.

However, Trevor hadn't had much free time after visiting the Mordor Tower, so he hadn't gone to the zoo yet.

Furthermore, he had taught Blake and his wife a lesson when they walked their dog without a leash. Now he could take the opportunity to check how well their punishment had progressed.

Just then, a charming, pretty girl came over. It was none other than Harmoni.

Smiling brightly at Trevor, she asked, "Hey, Trevor, I heard that you're going on a trip together. I would like to go with you if you don't mind. Will that be okay?"

She winked playfully at him, as if to remind him of her contribution at the finals.

Trevor smiled and said, "I don't mind. If you want to join us, I'll contact you then."

However, this scene angered Lemuel.

Clarissa, Makenna and Cecelia all liked to stay close to Trevor.

Now a beautiful girl, whom he didn't know, also came over and talked to Trevor.

Lemuel's fists clenched in anger as jealousy burned within him.

He quietly pulled his teammates into a huddle.

"Trevor doesn't deserve to be liked by so many girls. We must find a way to prevent him from coming with us!"
