Married at First Sight Chapter 2379-Hayden just gave her a cold look, then walked away.

Some bodyguards blocked Shiloh from approaching her. Some bodyguards surrounded and escaped Hayden to leave.

This scene attracted everyone's attention, and everyone stood at the entrance of the hotel to watch the excitement.

People in the hotel had seen it countless times, and they still watched it with gusto.

The people of Fortress Hotel were very proud, how many famous daughters of their family had been defeated by Kevin.

The young master Queen was destined to be their boss!

Ha ha.....

"Young Master Queen, Young Master Queen, don't go, I'll just say a few words to you."

Shiloh desperately wanted to get rid of Queen's bodyguards, and tried hard to catch up with Hayden, but unfortunately she was no match for Queen's bodyguards.

Her smile was gone.

Seeing that Hayden was getting further and further away, Shiloh had no choice but to yell at Hayden's back: "Young Master Queen, I just want to accompany you to Wiltspoon to attend Young Master York's wedding."

Hayden went to Wiltspoon to attend the wedding of Zachary and Serenity without a female companion.

Shiloh was whimsical and wanted to be Hayden's girlfriend, so she followed to see the young master York and his wife.

Although Zachary was the cousin of her rival in love, at Zachary's wedding, there would be a gathering of celebrities, and Shiloh could meet many bigwigs who would never even dare to think about it.

Shiloh had to make plans for her future.

Hayden didn't seem to hear Shiloh's cry.

Surrounded by bodyguards, she crossed the road, returned to the grounds of the Greenrest Hotel, and quickly got into her Maybach.

When the bodyguards of Queen's family stopped blocking Shiloh, Shiloh rushed across the road in a frenzy, causing the passing cars to slam on the brakes. For a moment, the car horns formed an angry song.

Shiloh didn't care about that. She ran to the entrance of Greenrest Hotel, and she couldn't even see Hayden's bodyguard car, let alone Hayden's special car.

"Let her run away again."

Shiloh stomped her feet angrily. She put on the most exquisite makeup in vain.

After waiting at the entrance of Fortress Hotel for more than ten minutes, Hayden came out of Fortress Hotel as Shiloh wished, but Hayden was still not stopped.

Shiloh touched her face, then looked down at her body. Wasn't her body better than Kevin's?

Kevin was a man. But Shiloh had a devil-like figure, as long as she dressed a bit more s-e-x-y, which man would not breathe fire when he saw her?

When Shiloh was waiting for Hayden to come out at the entrance of Fortress Hotel just now, whenever a man walked by, he would frequently look back at her.

"Hayden, you are blind. If you don't want a woman with such a good figure like me, you want to fight against that man Kevin. Are you really gay? So for so many years, no matter which daughter pursues you, you will be indifferent?"

Many people said that about Hayden but Shiloh didn't want to believe it.

At this moment, she also had to suspect that Hayden was actually gay, but he hid it very well. Until he was pursued by Kevin, Hayden's side that liked the same s*x was revealed.

No matter how unwilling Shiloh was, no matter how stomping her feet, she could only accept the reality of failure, and she walked back angrily.

Her car was parked in front of Fortress Hotel.

D*mn Kevin, it's so hateful, he stole Hayden away!

Shiloh kept cursing Kevin in her heart, and she cursed Kathryn again.

If it hadn't been for Kathryn's return and the exchange of identities with her, Shiloh would still be the young master of the Farrell family, and her position in Jensburg would be stable, so she wouldn't need to be like this now. She didn't want to be kicked out by the upper class.

Kathryn, who was scolded the most by Shiloh in her heart, sneezed a few times as soon as she returned to her office. She took out two tissues and wiped her nose.

"That counterfeit is scolding me behind my back again." As soon as Kathryn sat down, the intercom phone rang, and she answered the intercom call.
