Chapter 231 Acknowledging Family

Shen Ruoqing raised her brows and glanced at Shen Wanxian.

This person was really amazing, using just a few words to get her mother to give up on the right to stay in this room.

However, Shen Ruoqing didn't say much about this.

She had always been more indifferent in terms of emotions. Since her grandmother had given up on her mother, then there was no need for her mother to return to the Yun Family.

She had everything calculated clearly.

Yun Zhengyang and Madam Yun had gifted Royal Ocean Entertainment to them. That could be considered the medical fees for saving Yun Zhengyang's life.

As for the rest of the people... it was quite good to keep their distance from them too.

With more people, there'd be more problems! So many troublesome matters would seriously affect her retired life.

She then decided to drive overnight later and leave with Shen Qianhui.

However, before she said anything, she heard a crisp and solemn voice. "Hold on!"

Shen Ruoqing was slightly surprised as she looked at the young lady who had spoken up—Yun Wei.

Yun Wei's countenance was grim and she took a step forward, standing in front of Shen Qianhui. "Aunt, this is your mother's room. You can just stay here! No one has the right to chase you away!"

Shen Ruoqing. "?"

She looked at Shen Qianhui and realized that her mother seemed a little startled as well, her eyes turning a little red.

At this moment, Madam Yun and Yun Zhengyang who heard the commotion came over. The moment they stepped into the room, they heard Yun Wei's words. Hence, Madam Yun's expression instantly darkened. "Shen Wanxian, what right do you have to bully Qianhui?! She is Aunt's biological daughter!"

Madam Yun had held it in when her sister-in-law bullied her.

After all, this time around, they were the ones who had to ask her for a favor.

However, Shen Qianhui was the real owner of this bedroom. What right did Shen Wanxian have to chase her out?

Shen Wanxian frowned.

She didn't expect such a situation to happen.

When she had the furniture changed, although Madam Yun was dissatisfied, she didn't say a single word and held in her anger.

As for Yun Wei, she was usually the one who abided by rules and regulations the most, showing respect to the seniors and love to the juniors. She never went on to rebut her seniors. However, to think that Yun Wei was going against her words as well?

The two of them must be taking this opportunity to vent!

Shen Wanxian ignored the two of them and looked at Yun Zhengyang. "Eldest Brother, I have no intention of chasing Sister away. I just came to take Mother's belongings, but Sister felt that we disturbed her..."

Yun Wei retorted, "What do you mean Aunt felt that we disturbed her? You were the one who..."

"Enough!" Yun Zhengyang held great prestige in the family. Despite being a dignified and graceful man, his tone now sounded slightly solemn. Hence, Yun Wei didn't say anything and held in her anger.

Shen Wanxian, on the other hand, felt smug.

She knew that this brother of hers would definitely place the Yun Family first and not let his emotion disturb his decision-making.

He also wouldn't bother with tricks that were used between women.

However, when she thought like this, she heard Yun Zhengyang say, "Since Qianhui feels that you guys have disturbed her, then you guys shouldn't come without permission anymore."

"..."

Shen Wanxian immediately stared at him in shock.

Even Shen Ruoqing raised her peach blossom eyes, looking at this 'uncle' seriously for the first time.

Shen Wanxian clenched her fists. "Brother, Old Master Bai is used to seeing good stuff in the capital, and it isn't formal enough for us to play host to him with those porcelain tea sets that we have at home. Only the blue and white jade porcelain set that Mother left behind can be brought out. I'm also doing this for the Yun Family, not wanting to be a bad host to the old master! Haven't you always wanted to forge a good relationship with the Bai Family?"

There was a hint of threat in her words.

Shen Ruoqing pursed her lips as well.

Shen Qianhui might not be aware of this, but she was. Yun Zhengyang and Madam Yun had always wanted to forge a connection with the Bai Family so that they'd have the backing to reject the marriage agreement with the Qian Family.

That was why Madam Yun and Yun Wei allowed themselves to put up with all this nonsense.

Now that Shen Wanxian brought this matter up again, Shen Ruoqing would understand even if Yun Zhengyang were to choose to give in...

She was just thinking of this when she heard Yun Zhengyang saying righteously, "Did you ask Qianhui's opinion for using those things?"

Shen Wanxian was stunned and blurted, "What?"

After that, Yun Zhengyang pursed his lips and pushed up his glasses. He said, "After Aunt passed away, she only left instructions to give you 5% of the shares. However, she didn't mention the allocation of the other things, so I didn't do anything to them. Since Qianhui is back now, then these things rightfully belong to her!

"So, did she agree to let you borrow them?"

Upon hearing this, Shen Wanxian clenched her fists tightly.

She was very clear about what good items her mother had left behind! Just those antiques alone were worth a fortune.

However, after her mother passed away, Yun Zhengyang hadn't dealt with these items. Hence, she thought that Yun Zhengyang wanted to keep them for himself.

But to think that he wanted to give them to Shen Qianhui?

Shen Wanxian took a deep breath and said, "Brother, I'm using these things to host Old Master Bai! I'm doing this for the family's sake!"

Yun Zhengyang looked at Yun Wei, a hint of guilt appearing in his gaze, but the words he said were righteous. "What hasn't the old master seen in his lifetime? He probably wouldn't care for Aunt's antiques. We can't compare to the capital's four great families, so we don't have to be so submissive to them, losing our Yun Family's backbone!"

Shen Wanxian. "!!!"

If he really didn't care, how could he have passed her the banquet organizing rights? He was clearly trying to defend Shen Qianhui!

Yun Zhengyang then gave the final order. "Alright, it's late now. Why are you guys all crowding around in Qianhui's room? Everyone can leave. Don't affect my cousin's rest."

After saying this, he took the lead to leave.

Seeing this, Shen Wanxian took a deep breath and had no choice but to follow after him.

She knew very well that it was just a coincidence that Old Master Bai would come. Perhaps he had taken a fancy to the Yun Family's reputation as the wealthiest family in Ford City. So, there was no way that she'd be able to do anything about this.

She said calmly, "Brother, I'm also doing this for the Yun Family. I'm afraid that we'd lose face."

Yun Zhengyang didn't want to fall out with Shen Wanxian either. Seeing her lowering her stand, he said, "We'll have to trouble you to prepare for Old Master Bai's visit."

"It's no trouble..."

The group chatted as they walked away, leaving only Shen Ruoqing's family in the room again.

Shen Ruoqing then looked in the direction they left in. For some reason, she felt that the Yun Family were no longer relatives whom she would feel disdain for. She shouldn't fear that they might bring her trouble anymore.

In any case, she had a younger female cousin, Yun Wei, who would 'bite people'.

There was also an aunt who was innocent but was willing to stand up for her mother when her mother was bullied.

As for her uncle, although he wasn't good with words, he was always trying to make amends.

Even that 'Chūnibyō*' cousin, Yun Yiheng, seemed a little cuter in her eyes now.

Shen Ruoqing looked at Shen Qianhui, noticing that her mom's expression didn't have that look of determination and hurt from before anymore. Instead, her gaze seemed to reflect that she felt touched, and it was filled with anticipation, a craving for kinship.

(...Forget it.)

As an orphan, the flaw in her mother's character was very obvious. She just wanted kin. Only then would she have a sense of security.

Therefore, although it was very troublesome, it was better for her to acknowledge her uncle's family.

At the thought of this, Shen Ruoqing entered the room and called Lu Hui. The other party picked up the call very quickly. "Boss, what's the matter?"

Shen Ruoqing. "Help me check what difficulties the Yun Family has."

The Yun Family must have encountered a problem that caused them to have to cooperate with the Qian Family. If she could help to resolve the problem, there wouldn't be a need for the Yun Family to curry favor with the Bai Family. Shen Ruoqing also didn't like the feeling of depending on others, so she decided to help the Yun Family solve the problem from the root.

Lu Hui asked, feeling pleasantly surprised, "You went to Ford City?"

"Hmm."

Lu Hui then said, "Ford City is quite close to the capital, just slightly over an hour's drive. Why don't you go inspect our businesses there?"

"... Please don't disturb the retiree, thank you."

Shen Ruoqing quickly hung up the call.

Lu Hui. "..."

Early the next morning, Shen Ruoqing woke up and practiced Taichi downstairs.

However, she subconsciously looked upstairs.

Matriarch Chu and Chu Cichen said that they were going to stay at the Yun Manor, but she didn't see him last night. She wondered where this man had gone off to.

This thought had just arisen when she saw a tall man walking over amidst the mist.

Chu Cichen's body was straight like a javelin. Each step he took seemed as if they had been measured out. People who didn't know any better might think that he was from the military...

His phoenix eyes were bright. When he saw her, he smiled and then raised the pan-fried bun he had bought. "You haven't had breakfast yet, right?"

Shen Ruoqing stopped what she was doing and asked, "You didn't stay at the Yun Manor?"

"Hmmm." Chu Cichen sat on the wooden chair at the side and opened the packet of pan-fried buns. He said casually, "Xiaomeng doesn't want to stay here. She thinks that there are too many people, so I'll accompany her. Moreover, it'll also be easier for me to investigate what happened back then from the villa."

What happened back then...

Shen Ruoqing sat next to him. "Do you have any leads?"

Chu Cichen. "Yes."

Chapter 232 Jing Zhen's Identity

Shen Ruoqing's eyes brightened. "What clue?"

Chu Cichen took out some disposable gloves from his bag. After that, he picked a bun and passed it to her mouth.

Shen Ruoqing subconsciously took a bite.

When the fragrant food entered her mouth, her peach blossom eyes narrowed in happiness and the corner of her eyes curled with a hint of mesmerization.

The soup and crab roe from the bun then flowed into her mouth, leaving behind glistening oil stains on her lips. When she stretched her tongue out to lick them, it made her red lips look even more beautiful.

However, it seemed that this woman had no awareness of how soul-stirringly beautiful she was.

After finishing the bun, she then opened her bright eyes and looked at him with puzzlement.

Only then did Chu Cichen regain his senses. He passed another bun to her mouth as he suppressed the nonsensical thoughts in his mind. He reported, "I got Lu Cheng to check the information that you provided. As of now, everything about the park—the venue of your dates with 'him'—shows no traces that he ever existed before."

Shen Ruoqing took another bite and nodded.

During that period, her mental state wasn't too good. Maybe it was true that she had fallen in love at first sight with him, and an illusion of them dating then appeared in her mind?

When she pondered over this, Chu Cichen didn't disturb her. He merely looked at her and continued feeding her buns after she finished eating one.

Very soon, the bag filled with buns was completely emptied. They were all in Shen Ruojing's stomachs.

He had also bought soy milk as he was afraid she might choke, and that was the right call. He had to feed her some liquid from time to time.

Far away, Chu Tianye and Chu Yu were secretly hiding behind a rock. Their two tiny heads and a puppy could be seen surveying this area.

Chu Yu stared at them and spoke in envy, "How good would it be if the person feeding mommy is me?"

"..." Chu Tianye rolled his eyes when he heard this. "Mommy's boy, is this the problem you should be thinking about now?"

"What is it then?"

Chu Tianye stretched his hand out to touch his chin. "Is the relationship between daddy and mommy mended? I can rest at ease then. There won't be any problems with my inheritance now!"

"..." Chu Yu's lips twitched.

Chuyu barked in response, "Woof!"

Chu Cichen had long since spotted the three of them, but he ignored them. After Shen Ruojing was done eating, he then spoke and interrupted her thoughts, "Stop thinking about it. If the events truly happened before, I will definitely be able to find some clues."

Shen Ruojing nodded and seemed to have come back to his senses. (Hmm, it seems like Chu Cichen has fed me food?)

She lifted her eyebrows and looked at Chu Cichen.

After that, he saw the man taking off the disposable gloves and tossing them inside a bag. His ears were red as he stood up. "I'll continue investigating and contact you again when I have clues."

He turned and left after he had done speaking.

"..." Shen Ruojing curled her lips as she looked at his departing back.

Her little puppy-like boyfriend seemed to have returned.

However, desolation soon filled her gaze again.

She didn't dare to be too close to him, as she was afraid that what had happened six years ago might happen again. She had given her heart entirely and he vanished completely.

She was also afraid...

Another thought caused the smile on her lips to be retracted.

Although everything they investigated now pointed to the fact that her memories might be messed up, she understood that there was another conjecture in her mind which might be the truth...

She didn't dare to think about such a conjecture.

To be in line with the healthy habit of not exercising half an hour after a meal, Shen Ruoqing took a slow walk for half an hour in the garden. This could be considered a slight warm-up.

After Shen Qianhui finished breakfast, she looked for Shen Ruoqing. "I'm planning to head to the filming set to look for your father. Do you want to come?"

Before Shen Ruoqing could say something, Yun Wei who was at the side immediately walked over and cautiously asked, "Aunt, you won't use this as a pretext to go to the filming set and never come back, right?"

Shen Qianhui immediately replied, "I'll surely return!"

Yun Wei looked like she didn't believe her words. After some thinking, she hugged Shen Ruoqing's arm. "I'll accompany you there along with cousin!"

She was afraid that Shen Qianhui might still be angry and decided to leave for good.

Shen Ruoqing's lips twitched.

Given that her mother was lacking love, as long as someone treated her nicely a little bit, she would return the affection completely. So, how would she not choose to return? Just with the words they had spoken to help her last night, Shen Qianhui would be willing to even bleed for the Yun Family!

However, Yun Wei didn't know Shen Qianhui's personality, so she decided to accompany Shen Qianhui to the filming set.

The Yun Family's car was parked outside. Just as the three of them entered, they immediately saw two uninvited guests—Wen Yuyi and Qian Nanyin!

Shen Ruoqing frowned.

Yun Wei unhappily spoke, "What are the two of you doing here?"

As the sound of her voice faded, Yun Lu came over and replied, "I was the one who invited Sis Yuyi here! Today, our filming is going to be completed! The last scene of the female lead goes like this...she has to write a letter and burn it as an offering to her deceased family members. The letter contains all the thoughts in her heart and will serve as a sublimation of the entire show. Hence, the director is preparing to shoot a long take when it comes to writing the letter. Sis Yuyi is the substitute writer I invited!"

Shen Ruoqing started slightly. "Substitute writer?"

This was the first time she ever heard such a term.

Yun Lu immediately grew proud. "Sis Yuyi is a member of the China Calligraphy Association. Her written words are extremely beautiful, and she can be considered somewhat talented in the calligraphy circle!"

After saying that, she looked at Shen Ruoqing and laughed mockingly. "In the capital, females from influential families regard calligraphy and painting as the most important things. As for things like music, it is something that only low-class people would learn. Although someone is very famous in the music industry, the things Sis Yuyi is involved with are much more high-class in comparison!"

After she said this, Qian Nanyin added unhappily, “Yun Lu, how can you compare Yuyi to any Tom, Dick, or Harry?”

Yun Lu wanted to watch the world burn. “Bro Nanyin, I really feel that they are too much for treating themselves like the owners of the Yun Family. Someone has just returned to the Yun Family, but really feels that she is a rich young miss? That person even stole the place Yuyi and her mother used to stay in. So what if that person is grandaunt’s biological daughter? Hasn’t her status fallen to the extent where she had to marry a small-time actor? In comparison, Yuyi’s father is someone from the Wen Family of the capital!”

Yun Wei immediately berated, “Yun Lu, shut up!”

Yun Lu had both Qian Nanyin and Wen Yuyi backing her up today, so she didn’t feel afraid of Yun Wei. She immediately retorted, “Sis, you are too foolish. Aunt said she will introduce the Bai family members to us, and Sis Yuyi also said she will introduce us to the young master of the Bai Family. So, why are you still sticking with people like them?”

Yun Lu was very blunt and continued, “Her father is just a small-time actor. What benefits can their family give you? What can they give our Yun Family?”

At this moment, at the entrance of the filming location.

Bai Xiaojiu wore a white suit and was currently making a call. He helplessly said, “Alright, alright. I’ve reached the filming location.”

An old man with a bright voice was speaking to him. “You better be more serious. We have put in a lot of effort in order to discover his movements!”

“Grandpa, just relax. I’ll definitely find the person you are looking for! I have his photo with me, so I’ll definitely not identify the wrong person!” After Bai Xiaojiu said this, he helplessly glanced at the photo in his hands.

The man in the photograph had a pair of peach blossom eyes and was smiling. This was none other than Jing Zhen!

Chapter 233 Big Boss Jing!

Bai Xiaojiu had visited several filming sets at the filming location to ask people if they knew the person in the photograph.

However, no one seemed to know this person. All of them shook their heads.

Bai Xiaojiu continued searching and finally arrived at the filming set that Shen Ruoqing was in.

Even so, he was stopped by the guards at the entrance.

Bai Xiaojiu then took out cigarettes and passed them to the guards as he chatted amicably with them.

He was very good at talking and wormed his way into the hearts of the guards after a few sentences.

Finally, one of the guards spoke in a low voice, “If you wish to enter, I can bring you to tour the place quietly. However, you cannot stir up any trouble!”

Bai Xiaojiu replied, "Oh, I actually came here to find someone. Big bro, can you help me see if there's a person who looks like this on this filming set?"

He then took out the photograph and passed it to the guard.

The guard started after seeing the photo. "Isn't this actor Jing Zhen who is on our filming set?!"

Jing Zhen had always been friendly and could get well with people no matter how the other party was.

Bai Xiaojiu was stunned. "Jing Zhen? His surname is 'Jing'?"

"Yeah!" The guard took out his phone and started searching for Jing Zhen's photo online.

But it was strange. Logically speaking, Jing Zhen had been famous for a while. In fact, even the hashtag #jadefacepeachblossomeyes had been trending before. However, the guard wasn't able to find any photos despite him trying his best.

He couldn't help but complain, "Jing Zhen is an actor no matter what and has been quite famous recently. Why is it so difficult to find a single photo of him online? Doesn't his company wish to market him? No wonder he isn't popular despite being in the industry for so many years!"

However, Jing Zhen was still an actor and after a long time, the guard finally found a photo of him that belonged to other filming sets. He then showed it to Bai Xiaojiu.

Bai Xiaojiu fell silent upon seeing the photograph.

The person his grandfather wanted to find was a big boss!

Even the Bai Family had to be wary of this big boss and listen to his orders. Yet, this person was acting as an extra on a filming set? How puzzling!

Just as Bai Xiaojiu wondered if the photo that his grandpa gave him had a problem, the sound of a dispute rang out from within the filming set.

Yun Wei's voice was solemn as she said, "How can we only look at benefits among family members? If you want to talk like this, let me ask you this. What benefits can you bring to the Yun Family? Aunt Qianhui is managing an entertainment company at the very least. What about you? You are merely a worm that spends the company's money!"

Yun Lu was enraged. "How can you talk like this?"

Yun Wei lowered her eyelids and countered, "Am I wrong?"

Yun Lu didn't really dare to do anything, so she only angrily stomped her feet. Just so coincidentally, someone on the filming set called her over to film her final scenes, hence, she angrily ran over.

Yun Wei inhaled deeply.

At this moment, she heard an unfamiliar voice that was tinged with a slight hint of familiarity. "Miss Yun?"

Yun Wei turned and saw Bai Xiaojiu.

The man was clad in a white western suit, smiling as he stood there. It seemed as though he was happy because he had run into someone he knew.

Yun Wei walked over. "Mr. Bai? What are you doing here?"

"I came here to find someone," Bai Xiaojiu vaguely answered and subconsciously touched his wrist. Yun Wei's bite marks were still visible there!

He felt pain in his wrist the moment he saw her.

Yun Wei revealed an embarrassed look after seeing his motions.

Bai Xiaojiu asked, "Miss Yun, can you bring me to tour the set?"

His grandpa had said before. Even if he found that big boss, he must not disturb that personage recklessly!

He didn't wait for Yun Wei to ask and directly explained, "I'm a little curious about the filming set."

Yun Wei had originally wanted to reject him, but when she saw the man touching his wrist, she felt guilty, so she decided to agree. "...Sure."

Yun Wei then brought Bai Xiaojiu along to tour the place.

From afar, Qian Nanyin, who was together with Wen Yuyi, saw Bai Xiaojiu and Yun Wei together. Bai Xiaojiu had a white western suit on and looked very elegant. At this moment, no one knew what he said, but Yun Wei was smiling shyly.

Moreover, the feeling that the smile exuded was completely different from the normally strict and arrogant expression she assumed. Her entire person seemed a little shyer in comparison.

Yun Wei was actually very beautiful on top of being bright and magnanimous. It was only because she was very strict usually, which unconsciously caused people around her to feel pressure. But at this moment, when she was smiling, Qian Nanyin couldn't even turn his eyes away.

He immediately grew unhappy and said, "Who is that gigolo? Is he an actor on set? Why is Yun Wei talking to him? She's so immoral and has forgotten about our marriage engagement, seducing people everywhere!"

When Wen Yuyi heard this, she clenched her fists.

She narrowed her eyes before finally sighing. "Little Wei must have felt that both of us are too close, so she intentionally found someone to talk to, to anger you. Actually, you guys are engaged, so how can I intrude in your relationship...?"

After saying that, her eyes turned red as she looked at Qian Nanyin. "I only wish to help Brother Qian to get to know the young master of the Bai Family, so our Yun and Qian Family will become better through the association..."

When Qian Nanyin heard the words, 'Young master of the Bai Family', he immediately felt his heart being moved.

He directly held Wen Yuyi's hands. "Yuyi, you are the only one who treats me this well. You are gentle and also such a kind-hearted individual. You will always be in my heart!"

Hearing his words, Wen Yuyi relaxed.

However, she noticed that Qian Nanyi seemed to feel a sense of crisis as he kept glancing in Yun Wei's direction.

So, Wen Yuyi clenched her fingers again and suddenly spoke, "Let us go over to take a look."

"Okay."

Shen Ruoqing who was standing at the side and playing with her phone suddenly lifted her head. Her eyes were filled with interest as she cast a glance at Qian Nanyin.

She then decided to stow her phone away and follow them.

Wen Yuyi definitely wanted to do something, so Shen Ruoqing had to go over in case her younger cousin suffered a disadvantage.

Bai Xiaojiu and Yun Wei were both strolling happily around, but they suddenly heard Wen Yuyi's voice. "Little Wei, come over for a little while."

Yun Wei turned and she subconsciously frowned when she saw Qian Nanyin.

She nodded at Bai Xiaojiu and walked over before unhappily asking, "What's the matter?"

Wen Yuyi continued, "My mother is responsible for the banquet, but I heard that the Old Master from the Bai Family brought one of his grandsons to Ford City as well. So, my mother handed the task of welcoming that young master to me. I just want to discuss with you how we should welcome him."

Yun Wei unhappily replied, "Since the task is handed to you, just make your own decisions. I'm busy now..."

Qian Nanyi grew angry the moment she said this. "What matters can you be busy with? Are you busy flirting with an unknown unruly person? Yun Wei, I know you like receiving compliments from others, and all the small starlets and celebrities would fawn at you. But don't you know what is the most important thing now?"

Yun Wei immediately looked at him. "He is my friend, not an unknown unruly man! Qian Nanyi, don't use your shameless thoughts to define and slander me!"

Qian Nanyin sneered, "Shameless? Are my words wrong? Isn't he a small-time actor on set? Isn't he fawning at you because he wants resources? Don't tell me you feel that he has fallen in love with you? Why don't you look at your reflection in the mirror and see clearly what you look like!"

Hearing this, Yun Wei was so angry that her chest was heaving. She wanted nothing more than to rush over and bite this insolent guy to death.

Qian Nanyin continued to sneer, "Let me tell you this. As the eldest young miss of the Yun Family, what you should be doing is provide a good reception to Young Master Bai. You shouldn't be mingling and flirting with unruly and shady characters like this man!"

The 'unruly and shady' Bai Xiaojiu was stunned. "??"

Chapter 234 Lowering One's Head

Bai Xiaojiu stroked his chin and stood at the side, watching the commotion.

He then looked at Yun Wei.

The young lady was so angry that her face flushed up. And when she spoke, she revealed a row of strong white teeth. It seemed that her biting force was indeed very strong.

At the thought of how the young lady had bitten him in order to stop him back then, he smiled. He thought to himself that this man would have to suffer very soon.

!!

However, unexpectedly, the young lady's countenance changed a little and she turned to leave in the end. "I can't be bothered to talk to you."

Bai Xiaojiu was stunned for a moment, feeling perplexed over why she hadn't bitten the man.

In his hesitation, he suddenly noticed a gaze looking over.

Bai Xiaojiu immediately turned and saw that Shen Ruoqing was sizing him up.

This female "doctor" could be said to be the prettiest among everyone present. However, for some reason, Bai Xiaojiu kept having the feeling that she looked very familiar.

Little did he know that this familiarity came from the big boss that even his grandfather respected!

Shen Ruoqing's peach blossom eyes were the exact same as her father's! It was because she only had a 30% resemblance to her mother but a 70% resemblance to her father!

Therefore, Bai Xiaojiu didn't dare to treat her lightly from the beginning.

When Shen Ruoqing was surveying Bai Xiaojiu, the latter subconsciously released an amicable signal.

It could be said that Shen Ruoqing might have received the signal, so her sharp peach blossom eyes gradually relaxed.

Bai Xiaojiu heaved a sigh of relief for some reason.

At this moment, Yun Wei walked up to him and said, "Let me bring you to take a look around elsewhere."

Although Yun Wei wasn't sure whether Bai Xiaojiu was from the Bai Family, she always treated people she considered friends well.

Bai Xiaojiu then nodded.

As for Qian Nanyin, he had spoken a lot, but Yun Wei ignored him, making him feel aggrieved as if he had punched into cotton. The fact that Yun Wei was cold toward him but spoke gently to another man made him furious.

When Wen Yuyi saw this, a hint of jealousy flashed across her eyes.

Qian Nanyin had never cared about Yun Wei before. So wasn't the reason why he was so angry today just because Yun Wei had found a man? He was obviously jealous!

Wen Yuyi had initially planned on giving up on Qian Nanyin and going for Chu Cichen or the Bai Family's young master. However, at this moment, an unfathomable urge for winning rose in her.

Wen Yuyi's gaze flickered and she immediately said, "I'll try to talk to her."

After saying that, Wen Yuyi walked up to Yun Wei and held onto her, sighing quietly. "Little Wei, don't be angry. If there's any problem, just talk it out with Brother Nanyin..."

Yun Wei frowned. "I have nothing to say to him."

She then swung her arm, wanting to break free from Wen Yuyi's grasp.

However, at the next moment, Wen Yuyi took two steps back abruptly as if she had been pushed away by a strong force. She then stumbled and fell to the ground. She might have hurt her arm in this process, so she held onto her right hand and let out a gasp in pain.

Yun Wei. "???"

She looked down at her hand, feeling startled. People who didn't know any better would think that she was Popeye the Sailor Man!

Wasn't this too much of an exaggeration?

Just as Yun Wei was in her thoughts, Qian Nanyin rushed over and helped Wen Yuyi. He then bellowed furiously, "Yun Wei, what are you doing?!"

At this moment, Wen Yuyi spoke up like a phony, "Brother Nanyin, don't say that. It's normal for Little Wei to feel a little upset. My mother is taking care of the banquet preparation at home, and Aunt and Madam Yun are both very unhappy about this as is. Now, you're even accompanying me to the filming set, so it's understandable for Little Wei to feel unhappy..."

"Even so, she can't just go and hit others!" After Qian Nanyin said this angrily, he looked up and stared at Yun Wei. "Apologize to Yuyi right this instant!"

"..."

Yun Wei looked at Wen Yuyi.

She was too familiar with such tricks.

Since young, the great phony Wen Yuyi had used such tricks very frequently, always getting away with them.

In the beginning, Yun Wei's relationship with Qian Nanyin wasn't as bad as it was now.

The two of them attended the same high school. When the two families arranged for them to be engaged, her father, Yun Zhengyang, had assessed Qian Nanyin before agreeing to it. Back then, Qian Nanyin was a charming young man.

After the two of them got engaged, there was a period in which Yun Wei would feel shy when seeing him. His face would also flush when he saw her.

However, for whatever reason, Wen Yuyi would use the excuse of telling him things about Yun Wei to get increasingly closer to him.

Although Yun Wei's heart didn't love or hold admiration for Qian Nanyin, there had been a time when she had felt that this man was reliable. Back then, she thought that it would be fine to share a life with him.

However, the bit of warmth and fondness toward him gradually turned cold after Wen Yuyi's repeated tricks.

Yun Wei said with a cold expression, "I didn't hit her."

"If you didn't, did she fall by herself? Yun Wei, you've actually learned to lie through your teeth now. You're simply unreasonable!" Qian Nanyin's accusation hit Yun Wei.

However, Yun Wei tightened her chin and suddenly sneered. "I won't apologize for something I didn't do."

After saying that, she turned to leave.

Qian Nanyin was furious, but he couldn't do anything to Yun Wei.

At this moment, the production team's staff ran over. When they saw Wen Yuyi, they shouted, "Miss Wen, so you're here. It's your turn. Teacher Yun Lu has just finished filming the last scene. We need your hand to do the work now."

The last long shot was also the sublimation point of the entire drama. It was the letter that the female lead had written to be burned for her entire clan.

It was equivalent to a very important plot.

Wen Yuyi's eyes flickered and she nodded at the staff. "Alright, I'll go now."

Then, she looked at Qian Nanyin. "Brother Nanyin, don't be angry. This is the Yun Family's production after all, and the entire drama was funded by the Yun Family. Don't force Little Wei to apologize. It'll be very embarrassing to do this in her own company. Moreover, the filming will be completed soon. We mustn't let private matters affect the filming process."

These words reminded Qian Nanyin.

He then grabbed Wen Yuyi's wrist and looked at Yun Wei angrily. "I almost forgot that Yuyi came over today to help you guys for free! How dare you treat her like this? If you don't apologize, Yuyi won't be the hand substitute today!"

When Yun Wei heard this, her pupils constricted and anger surged in her heart. "Qian Nanyin, did water get into your brain? You're threatening me with business-related matters?!"

"I don't care about these things. I just know that you're in charge of this project. The filming of this television drama was funded by the Yun Family. If Yuyi delays the writing today, can you immediately

find someone with good calligraphy skills? How much is the cost of delaying a day's work in this production team? How much is the venue fee?"

Qian Nanyin seemed to have grabbed onto her weakness. "Apologize to Yuyi immediately now. Otherwise, I'll take her away. You can then think of a way to deal with your production yourself!"

Wen Yuyi said hypocritically, "Brother Nanyin, don't say that. The Yun Family is also my mother's maternal family..."

"Yuyi, don't say anything. You're just too honest and gentle, that's why you're always being bullied!" Qian Nanyin sneered and looked at Yun Wei again. "I'll give you three seconds to think about this. Otherwise, we'll leave!"

It was getting late.

It was too late to get someone from the Calligraphy Association to be the replacement.

And the female lead's scene was too important. In this day and age, there were too few young people who could write well...

This television drama focused on filming live scenes. The investment was huge, but it had basically been spent. The director didn't leave much money behind at all. Moreover, this was the first project that Yun Wei was supervising.

If anything were to happen, she wouldn't be able to raise her head in the Yun Family's entertainment company in the future.

Hence, Yun Wei clenched her fists tightly, her eyes turning red from anger.

Yun Lu rushed over and said sarcastically, "Sister, the entire production team is waiting for you. Brother Nanyin is in a fit of anger, so just lower your head and take a step back... As the person in charge of the project, you have to be flexible. It's better not to bring your personal emotions to work... Moreover, the production assistant has prepared a banquet as we are going to be wrapping up everything tonight. Could it be that we won't be able to attend it?"

Qian Nanyin and Wen Yuyi were the ones who had gone back on their words at the last minute, but Yun Lu pushed all the blame onto her...

All the staff members of the production team turned to look at her too.

The production assistant looked very anxious.

The director was already throwing a fit at the setup, and everyone was waiting for the hand substitute to get into position.

As this drama held the efforts of everyone on the production team, it mustn't be destroyed at the final step...

Yun Wei then took a few deep breaths before looking at Wen Yuyi.

Shen Ruoqing, who had been standing at the side, sneered.

... Wasn't it just the writing in the regular script*?

Chapter 235 Expert Calligrapher!

Yun Wei inhaled deeply once more and walked toward Wen Yuyi. "I..."

Before she could finish her words, two voices rang out.

"Hold on."

"Wait a moment."

!!

The first sentence came from Bai Xiaojiu, and the second came from Shen Ruoqing.

After the two of them finished speaking, they exchanged a mutual glance.

Bai Xiaojiu raised his eyebrows.

No matter what, Miss Yun and Miss Shen had worked together to save his grandfather back then. So, he was preparing to act and help. He was also someone from the calligraphy association and even had the title of vice association president.

It was quite convenient for him if he wanted to find a few calligraphers and ask them to rush over here.

But since Miss Shen had spoken, he didn't say anything and decided to watch for now.

Seeing that Bai Xiaojiu stopped talking, Shen Ruoqing then retracted her gaze.

At the side, Yun Lu was already impatiently urging, "Why so slow? The lighting now is perfect. If we wait longer and the time becomes late noon or evening, the light won't be good anymore and the effect we want to shoot might be compromised! Can you guys stop dilly-dallying?"

Yun Wei immediately looked at Shen Ruoqing, as though she understood something. Her eyes brightened. "Cousin, you know calligraphy?"

Shen Ruoqing slowly replied, "A little."

Compared to cursive, she did indeed know about writing in the regular script. However, she wasn't too skilled at it and was probably a little weaker compared to a true expert-level calligrapher.

However, her standard should be high enough for the film.

Just when Shen Ruoqing was thinking of this, she heard a mocking laughter.

Qian Nanyin's lips twitched. "You know a little? I also know a little, but can I become a substitute writer? You better not wreak havoc here!"

Wen Yuyi also sighed. "Miss Shen, they are going to do a long take and focus on the hands. You cannot be reckless..."

After Yun Lu heard this, she also sneered, "You even dare to speak when you only know a little? I really wonder if everyone who grows up in villages always likes to overestimate themselves so much?"

Upon hearing this, Shen Ruoqing's gaze turned cold.

However, Yun Wei spoke out, "All of you should shut up. Since Wen Yuyi doesn't wish to shoot the scene, just let my cousin try it!"

At most, even if her cousin couldn't write well enough to reach the director's standard, Yun Wei would just apologize to Wen Yuyi.

Wen Yuyi sighed. "Let us go and take a look together then. If Miss Shen cannot write well enough, I can still take over in time. We shouldn't delay the filming progress."

Qian Nanyin immediately said, "Yuyi, you are too soft-hearted! However, you are correct. We should go take a look and let them understand that mastery of calligraphy isn't something casual that everyone can attain. At that time, this matter will not be resolved with something as simple as an apology!"

He glared at Yun Wei. Why was it so difficult to make this woman lower her head?!

Hence, the group of them went to the filming location.

This place was an empty room. There was only a study desk and a metal basin used for burning papers inside.

After the letter was written, it would be burned so the family members of the female lead that died would be able to read them.

Yun Lu had completed all her scenes. This scene of writing the letter was the only one left.

At this moment, Director Liu was waiting for them. After seeing that they were here, he said, "Move quickly. Once the natural light is gone, we will have to use external lightning and it can be troublesome."

Right now was the time when natural light was the best.

There was a crew at the side who wanted Wen Yuyi to wear a fake sleeve over her arm, so the writing scene would look authentic.

Wen Yuyi laughed guiltily, "Sorry, Little Wei said that Miss Shen should be the one to write it instead."

After she said this, Director Liu was stunned.

Everyone turned and looked at Shen Ruoqing in unison.

Director Liu asked in astonishment, "You are the one writing? Do you know the regular script?"

"A little," Shen Ruoqing replied honestly.

Director Liu. "..."

He couldn't help but lose his temper. "Isn't this a waste of time? Stop making trouble and let Miss Wen do it!"

He had seen Wen Yuyi's regular script before. Although it wasn't really top-class, her standard of writing was enough to be of use to this movie.

Could Shen Ruoqing's written words suffice? At that era, the majority of the women wrote in tiny regular script.

Hence, Director Liu was so anxious that he was fuming. "Ancestors, can you guys stop making trouble?"

Was it easy for him to shoot a drama? How many cases of trouble had there been?

Jing Zhen's case was one thing, but he could tolerate it as his acting skills were good.

Yun Lu's acting skills were garbage, and he had tolerated her up until now where they only had to shoot the final scene before wrapping up. Yet, there was more trouble?

Were they pranking him?!

Yun Lu also spoke in agreement, "That's right! Elder sis, filming isn't playing house. You should just apologize to Sis Yuyi so it's a win-win situation. We can settle this matter as well! Why do you have to make Director Liu feel so much pressure?"

Apologize?

Director Liu's sharp senses sensed that something must have happened between this group of people.

But he basically didn't want to know what had happened!

He only wanted to properly finish filming!

A bunch of affluent second generations treated this place like a warzone and kept making trouble endlessly!

Now, even his face had turned dark.

Yun Wei temporarily didn't wish to antagonize such a famous director.

Yun Lu had the temper of a child and kept acting like a diva, not bothering to consider any possibility of future cooperation. However, Yun Wei had to consider many things. If not, she wouldn't have helped to suppress Yun Lu previously.

At this moment, Director Liu was very unhappy, so Yun Wei bit her lips and suddenly spoke, "Director Liu, let my cousin give it a try. I'll bear the responsibility if something happens!"

"Can you even bear the responsibility?" Yun Lu, who was at the side, placed her hands at the hips and responded before Director Liu could speak, "You are wasting all our time, making us accompany you. Don't you feel that you are too over-the-top?!"

Yun Wei's expression changed again.

Wen Yuyi said, "Little Wei, don't make trouble anymore. I don't need you to apologize. Let me just do it. Otherwise, if there's a dispute and the board of directors learn of this, I'm afraid they might kick you out of the board. You just joined this year..."

After saying that, she hypocritically took a step forward and stretched her hand out, wanting to wear the fake sleeve. However, Nan Qianyin stopped her as he sneered, "Yun Wei, instead of waiting obediently at home for our marriage, why are you joining the board of directors? Do you really think you are a

strong career woman?! If you take charge, the entire company will be finished. You should just go home and be a good wife. You should also learn how to take care of kids!"

Wen Yuyi showed a helpless expression. "Don't make trouble, let's settle the important things first."

Yun Wei looked at them as her face turned black. She then looked at Director Liu and said, "I'm the producer of this drama. I've said I'll bear the responsibility if anything happens. Now, get ready to shoot the scene!"

Seeing how adamant she was, Director Liu could only helplessly wave his hands. "Alright, everyone get into position!"

Shen Ruoqing walked into the scene.

After wearing the fake sleeve, she looked at the paper and brush on the table. After that, she lifted her head and calmly nodded at the director.

The director shouted, "Action!"

The camera moved closer and focused on the hand.

Wen Yuyi and the others gathered closer, wanting to see the effect of the long take.

At this moment, Director Liu had a heavy expression on his face as he stared at the screen.

Shen Ruoqing's fair and dainty hand looked extremely good on camera. Her skin was slender and smooth. Her left hand lifted the sleeves on her right hand. After that, the right hand picked the writing brush and dipped it into ink before pressing it down at the slab to drain it slightly.

No matter what, her posture was very correct.

Her demeanor was beautiful as well.

Just when Director Liu was trying to find happiness in this dire situation, he saw some words written on the paper: To my family members.

When the four words were written, Director Liu was so shocked that his eyes were wide open.

Chapter 236 Ancestral Teachings

The words were tidy and elegant, and each stroke was clearly defined. Although they were handwritten, they looked as though they had been printed on by a machine.

Also, the aura that the hand exuded, be it holding the brush or draining the ink, looked extremely graceful.

The words were beautiful and the amount of force behind each stroke was formidable. As a result, the aura of the words was also grand and majestic.

It truly had the feel of Yan Zhenqing's* style. In addition, this wasn't written purely through copying. One could feel Shen Ruoqing's personal style within.

!!

Director Liu drew in a deep breath.

He stared at the screen and for an instant, he felt his breath become softer as though he was afraid of disturbing this beauty who was also a great calligrapher!

And behind him, the few people who were waiting to see a joke were also stunned.

Yun Lu and Qian Nanyin were dumbfounded and only felt that her writing was very beautiful, but they had no idea whether the writing was good or bad. Qian Nanyin frowned and asked, "Yuyi, are her words considered nice?"

One couldn't connect their strokes using this style, so the overall feel would look very tidy and complete, presenting a pleasing sight to the eyes. However, to people who didn't know about calligraphy, they would only feel that it was beautiful but had no idea if the standard of the written words was considered good or not.

Yun Lu also looked at Wen Yuyi.

Wen Yuyi basically didn't mask her astonished expression.

She stared fixedly at the screen before lifting her head to look at Shen Ruoqing, revealing a look of disbelief.

As a member of the calligraphy association who mainly practiced regular script, she naturally knew how great the written words were!

B...but how could it be so good?!

Wasn't she Anonymous? Calligraphy was something that one had to take a long time to master. Other than learning those musical instruments, she still had time to learn calligraphy?!

How could this be possible?!

Just when she wasn't able to speak from shock, Director Liu answered Qian Nanyin, "It's good, extremely well-written! Don't disturb her..."

The written letter exuded an aura of being written by a calligraphy expert!

It was an unknown number of times better compared to Wen Yuyi!

Director Liu had shot several period dramas before, hence, he naturally had a certain level of understanding toward calligraphy.

Qian Nanyin frowned. "How is this possible, she..."

"Shh, don't make noise!"

Director Liu glared at her angrily, causing Qian Nanyin to hurriedly shut up.

For this part, there was no need for any conversation as dubbing would be added in at the later parts. Hence, Director Liu didn't enforce silence on the scene.

But at this moment, everyone who watched Shen Ruoqing subconsciously held in their breaths as they were afraid they might disturb her.

Yun Wei and Bai Xiaojiu stood at the side. They weren't looking at the camera.

Because of the far distance and Yun Wei's height not being tall enough, she couldn't see the words that Shen Ruoqing wrote. However, when her cousin lifted the brush, the director fell silent immediately and even revealed a look of joy. So, she immediately knew that there were no more problems!

She stood on tiptoe and wanted to see how Shen Ruoqing's writing was. But just when she did so, her balance became unstable and she stumbled.

Bai Xiaoyun silently supported her with his arm.

Yun Wei craned her neck. "My cousin must have written quite well, right?"

"She wrote extremely well." Bai Xiaojiu was tall and could faintly see some of those words from this angle. He gently evaluated, "Miss Shen must have spent a lot of time practicing the regular script, and her level is close to an expert. She probably can pass down her own style after a few more years of practice."

Yun Wei was immediately shocked. "My cousin is so impressive?"

"Yeah, very." After Bai Xiaojiu finished speaking, he released his hold on Yun Wei's arm.

Yun Wei then heaved a heavy sigh of relief. "That's good then. I don't have to beg others later on."

Bai Xiaojiu looked at her serious appearance while being inwardly happy. He couldn't help but smile. "Your teeth are pretty strong, so why don't you bite them?"

"Tsk." Yun Wei pouted. "I find them filthy."

When these words rang out, Bai Xiaojiu's low-sounding laughter erupted.

Yun Wei glanced at him. "What kind of expression is that? Let me tell you this, not everyone is qualified to be bitten by me! If a dog bites me, should I bite it back? I would probably have a mouthful of fur in my mouth then."

Bai Xiaojiu. "?"

He tried enduring his urge to laugh but ultimately failed. "In that case, Ms. Yun must have really regarded me highly so you bit me?"

Yun Wei also curled her lips. "No need for thanks."

Bai Xiaojiu could no longer control his laughter.

After hearing his low-sounding laughter, Yun Wei also broke into a smile.

The laughter and smiles landed in Qian Nanyin's eyes again. Right now, a layer of frost appeared on his face as a few hints of anger burned in his heart.

Yun Wei usually couldn't even be bothered to look at him. But right now, she was smiling and laughing with a complete stranger. This was simply too much!

Wen Yuyi didn't notice all these. At this moment, all of her attention was on Shen Ruojing.

She would need half an hour to write that particular letter.

After all, there was a lot of content in this letter and half an hour could already be considered fast.

The pages filled with regular script were placed there. Even if one disregarded the content, just the writing alone was pleasing enough to spark joy.

At this moment, Director Liu suddenly had a thought in his mind.

After the drama was aired, these two pages of regular script would probably become wildly popular. Hence, he had to retain the original documents. At that time, he could place them at his home, so his guests would be able to admire it!

For a time, Director Liu was so focused on the letter that he forgot to shout 'cut'.

Actually, the footage for this scene was already enough.

The latter scenes where Yun Lu picked up the written letter and blew dry the brush had already been shot.

But Shen Ruojing didn't know about this.

After she finished writing it, she didn't hear the director shouting 'cut'. Since the director didn't stop her, as she was also influenced by Jing Zhen who was a very serious actor, she should continue to act.

But what should she do?

Shen Ruojing stood up and walked to the furnace at the side before tossing the two written pages in. Sparks immediately soared into the air...

Director Liu who wanted to store the pages. "???"

He could only stare at those two pages being burned...They were incinerated!!!

"Stop, stop, stop!" Director Liu shouted and quickly rushed into the scene, grabbing the two pages out from the fire before stamping on them with his feet to smother the flames. When he looked again, half of both pages were already burned.

Director Liu. "!!!!"

He finally shouted 'cut'.

Shen Ruojing rubbed her wrist.

Regular script was pretty troublesome to write as she couldn't connect any strokes at all. This made her writing speed slow down even more. This was also the reason why she didn't like regular script.

In her heart, Shen Ruoqing had always disdained the regular script, but at the next moment, she saw Director Liu staring at the two written pages as though he was looking at a treasure. He almost broke down in tears as he looked at her. "Why did you burn them?!"

Shen Ruoqing. "..."

She hesitated and said, "If we follow the plot, shouldn't the letter be burned?"

"..." Director Liu felt his heart bleeding.

He looked at Shen Ruoqing and asked, "You said you only know a little about regular script with your standards?"

"Hmm."

Shen Ruoqing nodded. "Compared to true ancient experts, my writing is indeed a little lacking."

It would be a different thing if they asked her to write cursive...

The others. "..."

Who would compare themselves with ancient experts?!

What a joke, her words caused all of them to believe her just now, okay?

At this moment, a voice rang out, "Jingjing, we heard you are acting as a writer substitute here!"

Jing Zhen and Shen Ruoqing hurriedly came over after hearing the conversation. Jing Zhen had a nervous look on his face. "Is it passable with your...ugly writing?"

Ugly writing???

Director Liu involuntarily lowered his head to look at the page remnants in his hand. He suddenly recalled Shen Ruoqing saying that she only knew 'a little' about regular script and felt that he understood now.

(Is your level of modesty so high due to your ancestral teachings?!)

However, Qian Nanyin didn't know how shocked everyone was due to Shen Ruoqing's writing. At this moment, he looked at Jing Zhen and asked, "Who is this?"

Wen Yuyi immediately answered, "He's Miss Shen's father."

After saying that, Wen Yuyi emphasized, "He is an actor here."

"Actor? This means that he is the husband of your grand-aunt's illegitimate daughter?" Qian Nanyin revealed a look of contempt.

And at this moment, Bai Xiaojiu also caught sight of Jing Zhen.

His entire body stiffened.

W...wasn't this guy the exact same big boss from the picture in his phone?

Chapter 237 Face-Smacking! Marriage Engagement Annulled!

Bai Xiaojiu took a step forward in shock and directly called out, "...Mr. Jing?"

Jing Zhen looked at him. His peach blossom eyes shone with clarity, but he asked in bewilderment, "You are?"

"..." Bai Xiaojiu truly wasn't able to connect this man before him with the man his grandpa wanted to find. He fell silent for a moment before he continued, "This junior is named Bai Xiaojiu."

Someone from the Bai Family.

Jing Zhen's peach blossom eyes flickered before he immediately said, "I don't know you."

After that, he walked to Director Liu's side and spoke fawningly, "Director Liu, my daughter didn't make trouble for the filming crew, right?"

Director Liu looked at the burned remnants in his hands as his gaze flashed. "No, but..."

"But what?"

"Can you get your daughter to rewrite this?"

Jing Zhen. "No problem..."

He immediately looked at Shen Ruoqing.

Shen Ruoqing coldly replied, "In your dreams!"

Wouldn't she die from fatigue if she had to write using regular script again?

When Jing Zhen heard his daughter's reply, he immediately shifted his words. "I meant no way!"

Director Liu. "..."

Jing Zhen also felt a little awkward, so he said, "How about I write them for you?"

Director Liu's eyes brightened. "You know calligraphy?"

"Nope, but I'm pretty good at writing with ballpoint pens."

"..." Director Liu's lips twitched and his gaze kept flitting to Shen Ruoqing. He suddenly spoke, "Old Bro Jing, I have a new period drama starting next month, and there is a character within that requires someone of your talent. Are you keen? Oh right, he is a calligraphy expert..."

Jing Zhen's eyes shone brightly and he said, "No problem!"

The two of them began discussing in low voices.

When they were chatting, Bai Xiaojiu still wanted to get closer to Jing Zhen, but when he saw how happy Jing Zhen and Director Liu were discussing, he didn't dare to interrupt them. He could only stand at the side helplessly and wait for Jing Zhen to finish speaking.

His actions were seen by Qian Nanyin. Qian Nanyin immediately snorted in disdain. "Do you see it? He even has to fawn over such a small-time actor like Jing Zhen. He must be a newbie in the entertainment industry, right? Yun Wei, why are you mingling with someone like that? Don't you find it embarrassing?"

Bai Xiaojie lifted his eyebrows when he heard this.

Shen Ruoqing was rubbing her wrist as she spoke, "Cousin, why is your fiancée disabled?"

Yun Wei. "?"

Qian Nanyin. "?"

The two of them turned in unison and looked at her.

Qian Nanyin raged. "Which part of me is disabled?"

Shen Ruoqing casually replied, "Your eyes seem to have shifted to the top of your head. Isn't that the sign of disability?"

"..."

Qian Nanyin was so angry that he directly rushed over and wanted to hit her. However, he was pulled back by Yun Wei. "Enough!"

Qian Nanyin glared at her. "Yun Wei, I'm your fiancée. Are you going to allow someone to humiliate me like this?!"

Yun Wei was also so angered by her words that she laughed. "Qian Nanyin, how do you even have the face to say something like this? Weren't you helping others to humiliate me just earlier? In addition, my cousin's words aren't wrong. You always look down on things. What about yourself? Do you have any qualities that are worthy of being looked up to?"

Qian Nanyin was stumped by her words.

Seeing this, Wen Yuyi immediately took a step forward. "Little Wei, how can you say something like that to Brother Nanyin!"

"Shut up!" Yun Wei was badly infuriated. "You and him are the same type of people, always believing yourselves standing at the peak, looking down on others. Wen Yuyi, do you feel that being skilled in calligraphy is very impressive? My cousin is 10,000 times better than you, but I never see her flaunting like you! Do you know what people would call your behavior earlier? A clown displaying minor tricks before a true master! Don't you find this embarrassing? Also, as someone from the calligraphy association, you've promised to do this, yet you acted like you didn't want to do it at the last moment? Are you really so uncultured? Don't worry, I'll definitely file a complaint about you to the calligraphy association!"

Wen Yuyi's pupils constricted and she felt a burning sensation on her face from the shame.

Earlier, the amount of support and coaxing the others gave her were all returned in the form of embarrassment!

She mustn't allow this topic to continue.

Wen Yuyi looked at Qian Nanyin and bit her lips while sighing, "Little Wei, you can scold me however you want to, but you shouldn't scold Brother Nanyin. He is your man and also your fiancée, you should leave some face for him."

Qian Nanyin immediately lifted his chin.

Yun Wei also fell into a disadvantageous state from this sentence.

At this moment, Shen Ruoqing suddenly laughed. "Miss Wen, is your family the one who owns the Marina River?"

The Marina River was a famous scenic spot in Ford City.

Wen Yuyi found this strange. "No."

"Oh, in that case, aren't you being a little too nosy, trying to dip your fingers into something you shouldn't even be trying to control?"

"..."

When it came to arguing, who could win against Shen Ruoqing?

Chu Tianye seemed to have inherited this skill of hers too!

In the past, she had ignored these ants because she found them troublesome. But now, these ants wanted to overstep their bounds?

Shen Ruoqing's words caused Yun Wei to regain her senses. She immediately rebutted, "My cousin is right. My fiancée and I are quarreling, but what does it have to do with you?"

Hearing this, Wen Yuyi was so angry that she was gnashing her teeth.

Usually, she was the one who made Yun Wei so angry that she wasn't able to speak. But today, with Shen Ruoqing's support, Yun Wei suddenly became so 'formidable'!

She immediately looked at Qian Nanyin with red eyes and a depressed expression. "Brother Nanyin, I..."

Since she wasn't able to out-argue them, she would have to seek reinforcement.

As expected, Qian Nanyin was so enraged that he directly walked over and stood protectively before Wen Yuyi. He pointed at Yun Wei and roared, "What fiancée? Yun Wei, let me tell you this. You are nothing but a jealous b*tch! I'm going to annul the marriage engagement. Who would even want to marry someone like you?!"

Yun Wei clenched her fists and stared fixedly at Qian Nanyin. She then smiled mockingly. "Sure!"

She looked at the surroundings. "Aunt, Director Liu, and everyone here. Please be my witness that Qian Nanyin was the one who took the initiative to annul our marriage engagement. He was the one who broke the engagement and I hereby agree to it."

Qian Nanyin started and he suddenly felt panic. "You, you..."

Yun Wei counter-asked, "Why? Are you regretting it?"

Qian Nanyin didn't want to lose face so he immediately replied, "Heh, how can that be possible?! I've long since wanted to annul the marriage engagement. I look down on the type of woman you are. The one I love is Wen Yuyi! Compared to her, you have no achievements and aren't feminine at all!"

Yun Wei bit her lips tightly.

Qian Nanyin continued to insult her. "Other than being the eldest young miss of the Yun Family, what else do you have? In addition, everyone in Ford City would know that you are a woman I discarded. In the future, who would be willing to marry an abandoned woman like you?"

Yun Wei's face flushed. "You...!"

"What? If you are capable, why don't you ask around to see if anyone is willing to marry you? Is there even anyone who likes you?" Qian Nanyin sneered.

But as the sound of his voice faded, a man's voice rang out. "Me."

Everyone here turned over and saw Bai Xiaojiu taking a step forward, arriving before Yun Wei. "Miss Yun, ever since we first met, I've already liked you. I'm extremely fond of you and hope that you can give me a chance."

Yun Wei. "?"

Everyone. "?"

Even Shen Ruoqing was stunned.

Qian Nanyin felt so angered that he directly jumped. "Who the hell do you think you are? Are you even worthy of liking her? Yun Wei, don't tell me you are really going to accept him? He is just a gigolo, a newbie in the entertainment industry. If you really get together with him, you will simply become the world's greatest joke!"

Wen Yuyi also took a step forward and said, "Little Wei, you shouldn't impulsively agree with him. Even if you and Brother Nanyin really split up, I can always help to introduce other people to you. For example, a young master of the Bai Family is currently in Ford City..."

However, Qian Nanyin sneered. "Would a young master from the Bai Family even have her in his sight? What a foolish fantasy!"

Chapter 238 Whole Family of Monsters!

Bai Xiaojiu. "?"

Was the Bai Family Qian Nanyin was talking about, the Bai Family he was from?

Bai Xiaojiu rubbed his nose.

After pondering, he was sure that he hadn't disclosed his identity. Also, he had been growing up in the capital ever since he was young, so Bai Xiaojiu naturally understood that people like Yun Wei and Qian Nanyin were helpless about their own fate.

Despite them arguing and Qian Nanyin wanting to annul their marriage, they still had to seek the approval of their elders...

A hint of light flashed in his eyes as he smiled at Yun Wei. "Miss Yun, what do you think?"

Although this was only the second time he met Yun Wei, he actually had a pretty good impression of her.

Yun Wei lowered her eyelids. She didn't say anything more and directly walked to the side of Bai Xiaojiu and held his arm. After that, she provocatively looked at Qian Nanyin. "Qian Nanyin, I would rather choose this gigolo than you! Aren't you an even greater failure compared to me then?!"

Qian Nanyin. "!!"

His face turned red in an instant as anger surged in his heart. He directly rushed over, wanting to hit them. "You adulterous couple!"

Shen Ruoqing was preparing to step forward to protect her cousin when she saw his actions. However, she soon saw Bai Xiaojiu stretching his leg out and causing Qian Nanyin to stumble and fall.

"..." Since that was the case, Shen Ruoqing fell silent and stood at her original location.

Hmm, since there was someone protecting her younger cousin, there was no need for her to act.

Qian Nanyin crawled up from the floor miserably and pointed at Bai Xiaojiu while roaring in rage, "Y...you dare to hit me?"

Before Bai Xiaojiu could speak, Yun Wei already waved her hands and summoned the guards. "Please escort Mr. Qian and Miss Wen out of the filming set!"

Hearing this, Qian Nanyin grew even angrier. He shouted, "YUN WEI, you dare?!"

"Why wouldn't I dare?!" Yun Wei coldly laughed. "This place is under my management. Both of you shouldn't casually enter since you have no business here. If you don't wish to be thrown out, please leave immediately."

Qian Nanyin still wanted to say something more, but the security guards had already arrived before him and Wen Yuyi.

Qian Nanyin wanted to attack the guards, but he was stopped by Wen Yuyi. She really didn't wish to be thrown out. That would be too embarrassing. After she stopped Qian Nanyin, she directly brought him away.

Just after they left, Yun Wei looked at Yun Lu.

Yun Lu, who originally wanted to watch the world burn, could only hang her head in shame. "Elder sister, I was wrong."

The conflict between the third house and the main house had always been unrelated to the second house. The second house treated everything as watching a show and would at most do some actions to gain some benefits.

Yun Wei basically ignored her. She then looked at Shen Ruoqing and Shen Qianhui, asking, "Aunt, since uncle-in-law has finished his scenes, why don't you guys come and stay at the Yun Manor together?"

Shen Qianhui cast a glance at Director Liu and Jing Zhen who were both discussing the next drama and answered, "You should return first. There's still a celebratory banquet after this, and I'll accompany him to attend it."

"Alright."

Shen Ruoqing walked in the front and Yun Wei followed her. As for Bai Xiaojiu, he could only remain on the set because of Yun Wei. Although he felt reluctant to leave after seeing Jing Zhen, he didn't dare to forcibly acknowledge this boss.

His grandpa had said before that he should only probe slightly after encountering this big boss. He must never disrupt the boss's current lifestyle.

So, he could only leave with Yun Wei.

Just after leaving, he noticed that Yun Wei suddenly turned her head to look at him.

Bai Xiaojiu recalled his earlier confession, and his heartbeats suddenly quickened by a little.

Just when a faint blush appeared on his face, Yun Wei suddenly asked, "Are you really a newbie actor?"

"..." Bai Xiaojiu looked at Yun Wei and then recalled that the conversation between Yun Wei and Qian Nanyin mentioned a young master from the Bai Clan. He then lowered his eyelids and said, "I can be considered so. Would Miss Yun Wei disdain me?"

He didn't want Yun Wei to be together with him just because of his identity.

However, for some reason, Yun Wei actually heaved a sigh of relief. "You gave me a scare. Your surname is Bai, so I thought you were someone from the Bai Family of the capital!"

Bai Xiaojiu. "?"

Before he could speak, Yun Wei already walked to his side. After pondering for a moment, she spoke, "I have to thank you for your actions earlier. However, Qian Nanyin is still considered my fiancée, so I might have to trouble you later to be my fake boyfriend with regard to the marriage engagement annulment. Did the name card you gave me before contain your WeChat ID? We should add each other so it will be easier to communicate."

Bai Xiaojiu. "???"

He felt a little dumbfounded. Why didn't things develop in the way he imagined?

Didn't he just confess? Was this considered as her not accepting his confession? Why did he suddenly become a fake boyfriend?

—

Three hours later.

Before a small villa in Ford City.

After Wen Yuyi got down from the car, she suspiciously stood at the entrance, trying to peer into it.

Her mother's lazy-sounding voice then rang out from the phone. "If you handle Chu Cichen well, Qian Nanyin can be discarded. Although Chu Cichen is slightly older, he is the current leader of the Chu Corporation! The current Qian Family is actually inferior to the Yun Family!"

Wen Yuyi bit her lips and spoke unhappily, "But he already has kids! Now that Brother Nanyin is going to annul his marriage engagement with Yun Wei, isn't this a very good chance for me? Mother, you are really..."

"I'm doing this for your own good! If there's someone better, why do you want to choose Qian Nanyin? I've investigated this for you. Chu Cichen isn't staying at the Yun Manor as he accompanied his illegitimate daughter here. Also, Chu Cichen is like an ice cube, and it is tough to get close to him. Since that's the case, you should try to get close to her daughter. As long as you settle her daughter, there will be no problems!"

"I know."

Wen Yuyi twitched her lips.

When she was in her teens, she was already vying with Yun Wei for Qian Nanyin's affection. Hence, now that her mother wanted her to give up the man she had been seducing for so many years, she truly felt somewhat reluctant.

Let's see if she had a chance with Chu Cichen first...

As this thought flashed across her mind, she started knocking on the door.

Muscles came over and frowned after seeing her. "Who are you looking for?"

"I'm looking for Mr. Chu."

"He isn't here."

"I want to look for Miss Chu then."

"I don't know you, scram!"

Muscles then slammed the door shut.

Wen Yuyi. "..."

When she knocked on the door again, Muscles pulled the door open angrily. "If you don't scram, don't blame me for launching a kick."

After seeing his muscular figure, Wen Yuyi didn't dare to knock on the door anymore.

And just when she was thinking about how she should contact the little young miss of the Chu Family, a delivery man drove here and knocked on the door.

Wen Yuyi quickly hid at the side. When Muscles came out, he helped the delivery man to shift some stuff, and Wen Yuyi immediately took the chance to sneak into the house.

After entering, she saw a cowardly-looking little girl sitting on the sofa in the living room and reading a book. And upon hearing the noise, the little girl lifted her head and immediately revealed a look of panic. "W...who are you?"

Wen Yuyi did her best to show a kind smile. "Little girl, don't be afraid. I'm not a thief, I'm..."

Before she finished speaking, Chu Xiaomeng hurriedly covered her eyes with her hands. "Ah, ah, ah!"

Was she afraid of thieves?

But as someone with a social phobia, what she was afraid of was clearly living humans!

Wen Yuyi's lips twitched. Just when she wanted to explain, the sound of the door being wrenched open rang out. Muscles rushed in after hearing the commotion and then kicked her ruthlessly, ignoring the fact that she was of the fairer sex.

Wen Yuyi was almost sent flying from the force of the kick. As she fell onto the ground, Muscles began to launch punches.

Wen Yuyi covered her face and head as she shouted loudly, "Don't hit me anymore, I'm not a thief!"

Chu Xiaomeng also quickly shouted, "Stop hitting her!"

Wen Yuyi relaxed after hearing the little girl's words.

As expected, this little girl was weak-willed and cute.

But at the next moment, she heard Chu Xiaomeng saying, "Kill her."

If Wen Yuyi was killed, she would no longer be a living human!

Wen Yuyi. "???"

Muscles actually stopped and seriously said, "Little miss, killing is against the law."

Chu Xiaomeng's tender and juvenile voice rang out, "She snuck into a private residence, so we can kill her in self-defense."

Muscles. "...Is that so?"

Chu Xiaomeng nodded. "Hmm, hmm. I read it before in a book about laws."

Muscles scratched his head. "But if we acted too aggressively during defending, that would also be against the law, right?"

Chu Xiaomeng hugged her dinosaur soft toy and dumbly spoke, "...Oh, I think so."

At this moment, Wen Yuyi lifted her head. Her face could be clearly seen. "Hmm, I'm really not a thief..."

After seeing her unfamiliar face, Chu Xiaomeng screamed, "Ahhhh~"

Muscles slammed his punch into Wen Yuyi's face again.

Bang!

Wen Yuyi was then tossed out like a broken sack, and the gate of the villa swung shut.

Wen Yuyi could only get up after some time. As she limped away, she muttered, "I'm really, really, really not a thief!"

At this moment, her mobile phone rang. Shen Wanxian had called her.

She picked up the phone and heard her mother's voice. "Yuyi, how is it? Is the little girl very cute?"
Cute?!

That was a female devil, alright?!

Wen Yuyi broke down and sobbed, "Boohoo. Mother, I don't want to get close to Chu Cichen anymore. He is a monster. His entire family are all monsters!"

—

At the same time.

Bai Xiaojiu also arrived at the hospital.

After Bai Wei's previous treatment, he required five full days to recover. Hence, he got his butler to tell the Yun Family that he would only pay them a visit five days later.

At this moment, Bai Xiaojiu was speaking, "Grandpa, I've seen that big boss, but he was adamant that he isn't acquainted with me."

Bai Wei lay on the bed and his aged voice had a hint of heaviness within. "Hmm, I know."

Bai Xiaojiu was perplexed. "What do you know?"

As the sound of his voice rang out, the VIP ward's door swung open.

After that, a man with blurred features due to wearing a black mask and black cap walked in.

Bai Xiaojiu's pupils constricted.

The security guards outside actually didn't warn them. Who was this man?

Just as he stood up warily and moved in front of his grandpa's bed to stand there protectively, that man removed his mask, revealing an extremely handsome face!

It was none other than Jing Zhen!

Chapter 239 Little Monster

At this moment, Jing Zhen's attitude was completely different from when he was on the filming set. Although he was expressionless, one could see a hint of nobility in his demeanor.

His peach blossom eyes were filled with coldness.

He glanced at Bai Xiaojiu. It was merely a glance, but Bai Xiaojiu felt an extremely powerful pressure.

Jing Zhen then retracted his gaze and calmly sat on the sofa.

!!

Bai Wei struggled to get up from the hospital bed.

Jing Zhen lifted his hand and gestured. "Just speak if you need to, there's no need to be so serious."

Bai Wei stopped his movements and maintained his posture on the bed as he continued respectfully, "Yes."

Jing Zhen looked at him.

There was a hint of mesmerizing charm in the upturned tail of his brows. However, Bai Wei didn't even dare to look at him. Bai Wei was very respectful and also filled with trepidation.

Jing Zhen calmly spoke in a slow manner, "Why are you looking for me?"

Bai Wei immediately said, "Something happened."

After hearing this, Jing Zhen's originally relaxed body started to get gradually tensed.

—

Yun Family.

Shen Qianhui returned in the evening.

Shen Ruoqing noticed that she was alone, so she decided to ask, "Where's father?"

"Oh, he said that he felt like eating the fried dough twists of Ford City, so he went to buy some for me," Shen Qianhui shyly said.

Shen Ruoqing. "?"

Who was the one wanting to eat that exactly?

Her lips twitched. She had long since discovered that in this marriage, although it looked like Shen Qianhui was the dominant one and Jing Zhen was the subservient one, in truth, Shen Qianhui had always been led around by her nose.

However, since her parents were in love, as a daughter, she naturally wouldn't interfere.

In addition, once familial affection was involved, Shen Qianhui would always become blur-headed. She only didn't suffer any disadvantages because Jing Zhen was watching over her.

Hence, Shen Ruoqing didn't mind. She brought Chu Tianye and Chu Yu down for a meal, and just when she was preparing to head down, she saw Wen Yuyi returning home with a swollen face. Her leg also seemed to be injured as she was limping.

After meeting Shen Ruoqing's gaze, she subconsciously shuddered. She then turned her gaze to Chu Tianye and Chu Yu.

She usually didn't give a damn about these two kids. But today, she suddenly felt shivers down her spine. She was so frightened that she picked up her pace and lengthened her distance from them.

These two children were also from the Chu Family, and they were as terrifying as Chu Xiaomeng.

The moment she thought of that little girl, Wen Yuyi shivered again.

Ever since she was young, she had learned about the art of chatting from her mother. She discovered that if she spoke tactfully and politely, she would always be able to suppress others and make them so angry that they felt like dying.

This move was useful regardless of whom she faced.

Logically speaking, it wasn't a problem to coax a child. However, that child actually played the cards not according to logic?!

Hence, Wen Yuyi couldn't even say a single sentence and was beaten up!

There was simply no way to communicate!

After getting upstairs, Shen Wanxian saw her miserable appearance and was also given a scare. "What happened?"

Wen Yuyi broke down in tears. "Mother, I've decided to be together with Qian Nanyin!"

Although Shen Wanxian felt reluctant, she could only sigh and agree after seeing how badly her daughter was crying. "Okay then. Although the Qian Family is inferior to the Yun Family, the Wen Family is just a normal mid-tier family in the capital. You won't be able to find any families that are much better. I just feel unwilling. You are so good in all aspects, so how can you not win against Yun Wei?"

Wen Yuyi immediately rebutted, "What do you mean I cannot win against Yun Wei? Brother Nanyin doesn't give a damn about her. In addition, she intentionally infuriated Brother Nanyin today and decided to be together with a small-time actor. When things get blown up, the Yun family will become a joke! Mother, just wait. After Brother Nanyin and I are engaged, I want to see how they will regret it!"

She took out her phone and messaged Qian Nanyin. A moment later, she said, "He replied that he will come by tomorrow to annul the marriage engagement with Yun Wei!"

After that, she clutched her face. "But will the swellings reside by tomorrow? Is there any ointment that can help me out at home?"

Just as she said this, the sound of knocking rang out.

She went to open the door and saw Chu Tianye standing outside. "Aunty, this ointment is specially used to reduce swelling, and I guarantee that the effects will kick in by tomorrow. All swellings will be gone in three days. Do you want to use it?"

Wen Yuyi furrowed her brows. "Do you guarantee this?"

"Correct! If it is not effective, you can always return it to me~!"

Wen Yuyi's eyes flickered before saying, "Alright, help me to thank your mother."

She took the ointment and exchanged a glance with Shen Wanxian.

This type of ointment wouldn't kill anyone even if they used it.

But if the effects were good, it could help her with her problem.

If it wasn't good...

Wasn't this a freebie that Shen Ruoqing gifted to them?! At that time, she would say that Shen Ruoqing had evil intentions toward her and get Yun Zhengyang to drive them all away!

When she thought of this, she immediately revealed a smile.

As expected, not all children from the Chu Family were the same as that little girl. There were still some who were innocent and adorable.

This Chu Tianye probably had no idea what he had just done.

When Wen Yuyi regained her senses, she discovered that Chu Tianye was still standing outside the door. "Aunty, this will cost \$10,000. Are you going to pay via WeChat or Alipay?"

Wen Yuyi. "???"

What sort of ointment could be so expensive?!

She subconsciously wanted to say that Chu Tianye was lying, and she didn't want it anymore. But after she lowered her head and thought about the overall benefits, she decided to steel her heart and agree. "Sure, I'll pay via WeChat."

"Yay!"

The biggest winner, Chu Tianye, smiled and took his phone out.

After the money was transferred, Chu Tianye turned his head and discovered that Yun Yiheng was standing at the entrance of his music room. His expression was a little dark.

Yun Yiheng already knew about the matters between his elder sister and Qian Nanyin. At this moment, he wanted nothing more than to rush to the Qian Family to beat up that engagement-annulling bast*rd.

Also, he began to have a few doubts about Wen Yuyi.

After all, after Qian Nanyin annulled the marriage engagement with his sister, he would then have another engagement with Wen Yuyi.

He originally thought that because they were cousins, Shen Ruoqing should stand by their side. He also heard that she had helped his elder sister Yun Wei to get out of a predicament at the filming set today. Although he didn't really like Anonymous, his opinion of Shen Ruoqing had indeed turned slightly better.

But he didn't expect to actually see the scene now!

This was too much!

He ignored Chu Tianye and angrily turned to go to Yun Wei's room.

Yun Wei was currently looking at her jewelry. When she saw that he came, she said, "You came at a good time. I wish to give our cousin a necklace. Which one do you think is better?"

She had discovered that her cousin dressed relatively simply and didn't have any jewelry on her.

Hence, she decided to gift a few pieces of diamond jewelry to Shen Ruoqing.

On the other hand, Yun Yiheng was panting with anger. "Why are you giving her things? Do you really think she is nice to you? On the surface, she offended the Wen Family for you, but in the blink of an eye, she got one of her sons to secretly deliver medicinal ointment over to them. She is truly two-faced!"

Yun Wei started. "Impossible, our cousin isn't someone like that."

"How can it not be possible when I saw it personally? The ointment will take effect within a day, and all swellings will be gone after three days! She isn't a fool, so why would Shen Ruoqing send a 'freebie' to Wen Yuyi? If you don't believe it, you can see the truth of my words tomorrow!"

However, Yun Wei didn't believe this. "Let's wait until tomorrow then."

Yun Yiheng snorted. "You shouldn't be swindled by her false kindness. If Wen Yuyi's injuries really become better tomorrow, you better alienate yourself from Shen Ruoqing!"

—

The next day.

Wen Yuyi opened her eyes and felt that her face was no longer so painful.

Was the ointment really useful?

She subconsciously took her phone out and turned the reverse camera on. After that...

"AHHHHHHHHH!" A shrill scream rang out through the entire villa.

Chapter 240 Frightened

The very next day, at 6 a.m., Shen Ruoqing was already awake.

She always woke up at this time to practice taichi. This was a part of her retirement life that she would never ignore. Exercising for her health was imperative after she retired.

After finishing up, she decided to return to her room to take a shower because she was sweating.

Just when she went up to the second floor, she saw Yun Yiheng having an extremely dark expression with a cup of coffee in his hand. After seeing Shen Ruoqing, he immediately frowned.

!!

Recently, he had been waking up early and burning the midnight oil for the sake of repairing the [Coldness of Plum Blossoms], and it had been a few days since he last had a good sleep. This was why his temper was very explosive during the morning.

This was especially so after he thought of how Chu Tianye had gone to deliver the ointment to Wen Yuyi last night. He then laughed coldly and said, "Oi."

Shen Ruoqing directly walked toward her room, ignoring him.

Seeing this, Yun Yiheng grew even more enraged, and he directly blocked Shen Ruoqing. "Didn't you hear that I'm speaking to you?"

Shen Ruoqing lifted her eyebrows and smiled at him. "My name isn't 'oi', if you can't remember my name, you can call me 'cousin.'"

"..." Yi Yunheng was stumped. But after that, he angrily continued, "Cousin? I didn't acknowledge a cousin like you! Let me tell you this, I've seen your true colors. You are fawning at my elder sister on the surface, but you still sent medicinal ointment to Wen Yuyi behind our backs. For a two-faced person like you, you best stay away from my elder sister in the future, or don't blame me for being impolite!"

Shen Ruoqing. "?"

She directly crossed her arms and lifted her chin. "Show me how you are going to be rude to me."

Yun Yiheng saw that after he had unmasked her hypocrisy, she even acted like she was the righteous one. Hence, he shouted in rage, "How can there be no change to your expression? You secretly went to curry favor with Wen Yuyi behind our backs. Don't you feel that you've let down my elder sister? You..."

Before he could finish speaking, a shrill scream rang out from Wen Yuyi's room. After that, Wen Yuyi rushed out.

Yun Yiheng turned and was stunned after he saw Wen Yuyi.

As for Shen Ruoqing, she lifted her brows in surprise and almost whistled.

Wen Yuyi was clutching her face as she angrily howled, "SHEN RUO JING, Compensate me for my face!!!"

Ten minutes later.

Downstairs, Wen Yuyi was sobbing non-stop. "Uncle, you have to help me out. I initially trusted Miss Shen, and I didn't expect her to harm me!"

Yun Zhengyang speechlessly stared at her face.

Yesterday, her face might be swollen from the injuries, but she could still meet people. But today, those bruises had worsened. The original shallow bruises had turned black!

The bruises were completely swollen, causing her entire face to be contorted into something frightening.

Yun Zhengyang knew about the matter between Wen Yuyi and Yun Wei. Hence, he thought that Shen Ruoqing had acted like this because of their issue.

Wen Yuyi looked even uglier after crying, causing Yun Zhengyang to have no way to look at her straight. He heard her mumbling, "Uncle, the quarrel on the filming set yesterday was between Brother Nanyin and Little Wei. It has nothing to do with me. I've always been persuading Brother Nanyin not to go too overboard! How could Shen Ruoqing do this to me?!"

Yun Zhengyang inhaled deeply and looked at Yun Wei. He said, "Little Wei, apologize to Yuyi on behalf of your cousin."

Yun Wei looked at Wen Yuyi's face and stifled her laughter.

Ever since she was young, she had been forced to apologize to Wen Yuyi many times. But this was the first time she was apologizing so willingly.

She stood up and just when she was about to speak, Shen Wanxian interjected, "This matter has nothing to do with Little Wei. I think it's because my younger sister Shen Qianhui views me with hostility, right?"

Shen Wanxian's eyes turned red and looked at both Shen Qianhui and Shen Ruoqing. "I know that as mother's biological daughter, you felt very unbearable for being sent away while I received many benefits as the adopted daughter. Hence, you are psychologically unbalanced and don't wish to see me, hating me in your heart. I can understand all that. But, if you want to do anything, you can always target me. Why are you targeting Yuyi? How can she meet anyone with her current appearance?!"

Today, Qian Nanyin would come to the Yun Manor to annul the marriage engagement while planning to gloriously propose to Wen Yuyi. However, now that Wen Yuyi's appearance had become like this, how could she meet anyone at all?!

Yun Zhengyang knew that Shen Wanxian didn't plan to resolve this matter easily after hearing her words.

He then narrowed his eyes and asked, "What do you want to do then?"

Shen Wanxian lowered her eyelids, "I don't intend to do anything to younger sister. But in order to prevent similar things from happening again, she should move out before the people from the Bai Family pay a visit."

Hearing this, Yun Zhengyang frowned and said, "This place is her home!"

Shen Wanxian continued, "Elder Brother, I'm only suggesting this for the good of the Yun Family. Shen Ruoqing clearly knows that the Bai Family will visit us in three days, yet she did such a thing to Yuyi's face. What if she has a dispute with someone from the Bai Family? What can we do then?"
