### Chapter 601: Provocation

Shen Ruoqing looked at Song Chen.

The man was wearing a black suit today, looking very energetic.

He appeared elegant and sophisticated, at first glance, just like Chu Cichen, except that his face was slightly pale.

It must be due to the cloning; he hadn't changed in six years, still looking like Chu Cichen from six years ago. His face was even more delicate, exuding a youthful vibe. However, upon closer examination, one would notice that his eyes were different.

The previous Song Chen would pretend to be a little white rabbit or a puppy in front of her, but now, his eyes were filled with insatiable desires.

He wanted not only to take over Chu Cichen's identity but also everything he had!

Shen Ruoqing clenched her jaw and took a step back.

Sensing her movement, Song Chen's eyes flashed with mockery, and he couldn't help but ask, "Jingjing, what does he have that I don't? I'm just like him, why do you only like him and not me?"

Shen Ruoqing took a deep breath but didn't respond to his unreasonable remark.

Seeing her repulsed expression, Song Chen couldn't help but look at Chu Cichen standing beside her. After a cold laugh, he said, "He doesn't remember anything now; he's just a shell. His memories are inside my head!"

Shen Ruoqing found him very boring.

Perhaps it was because Song Chen had Chu Cichen's memories that he also liked her, but Song Chen's liking was possessive, unlike Chu Cichen's.

Even as clones, there was still a significant difference between the two.

Song Chen wanted to say more when someone called him from the side. "Mr. Chu, Miss Shen is looking for you..."

Song Chen's face darkened as he turned around. The Miss Shen mentioned by the waiter referred to Shen Jiayi.

At this moment, she was in the resting room, waiting for the wedding to proceed. A makeup artist was touching up her makeup in the room, but seeing Song Chen and Shen Ruoqing talking from a distance, she felt uncomfortable, so she asked someone to call Song Chen, hoping to separate the two.

Song Chen took a deep breath and eventually left.

He felt a thrill deep inside.

He was now Chu Cichen, and his marriage to Shen Jiayi meant that Chu Cichen was marrying her. Even after the wedding, Song Chen would register their marriage using Chu Cichen's identity, making it impossible for Chu Cichen to ever escape Shen Jiayi...

It was as if doing this would tarnish Chu Cichen.

Everyone loved Chu Cichen, didn't they? They said that he was pure and flawless and that Song Chen was the bad guy. Now, he would leave a dark mark on Chu Cichen's clean slate!

With this secret satisfaction, Song Chen left.

Shen Ruoqing watched his retreating figure and couldn't help but ask Chu Cichen, "Why is he different from you even though he has your memories and your body?"

Chu Cichen replied slowly, "It's actually like AI artificial intelligence. When they were first created, they were undoubtedly meant to serve humans, but their development later exceeded everyone's expectations. If he and I choose different paths, our feelings will undoubtedly be different."

Shen Ruoqing nodded, not dwelling on the topic.

The two surveyed the banquet hall and glanced upstairs. They knew that their upcoming actions might be a bit disruptive, and they hoped not to involve others.

As they looked upstairs, a voice suddenly sounded behind Shen Ruoqing, "Shen

Ruoqing, I never expected you to have such a day."

She turned around and saw a woman standing behind her. This woman had a face full of pits and unevenness, clearly having undergone many reconstructive surgeries. Although she had applied a lot of makeup, it was still obvious...

Shen Ruoqing thought for a long time before remembering the other person's name, Wen Yuyi!

The daughter of her grandmother's adopted daughter!

Back then, this woman caused trouble at the music academy and was injured on the cheek by a musical instrument wielded by Little Fatty!

After arriving in the capital, she had always been Shen Jiayi's sycophant, a little tail, seemingly happy to see Shen Ruoqing in misfortune.

At this moment, Wen Yuyi's eyes were very excited, as if she were the one about to get married and become a phoenix.

She stared at Shen Ruoqing and scolded angrily, "Shen Ruoqing, how shameless can you be? Mr. Chu is getting married, and you're still clinging to him? What were you guys talking about? Are you trying to make him change his mind? Let me tell you, it's impossible! He already told Shen Jiayi that he was only good to you because of the resources of the Shen family!

"The Shen family, for your sake, has facilitated many things in the pharmaceutical industry for him, and now the Chu Group has grown so big that the Shen family can no longer control him. He has never liked you; he only likes Shen Jiayi! "

Shen Ruoqing stared at Wen Yuyi, thinking that this woman really loved to make a fuss.

Wen Yuyi had run over to say these things, not knowing what for.

Shen Ruoqing frowned and sneered. "Then do you know what he just came over and told me eagerly?"

Wen Yuyi curiously asked, "What?"

Shen Ruoqing lowered her eyes. "He said that as long as I'm willing, the protagonist of this wedding would be me. "

Upon hearing these words, Wen Yuyi's face changed slightly.

Shen Ruoqing continued to look at her. "But please do me a favor and greet Shen Jiayi for me, thanking her for taking the trash I didn't want."

Leaving these words, Shen Ruoqing turned and walked away.

Wen Yuyi stomped her foot angrily at the spot, watching Shen Ruoqing's retreating figure and cursing, "What nonsense are you talking about?"

But after she left, Wen Yuyi's gaze became sinister.

She thought for a moment and went to Shen Jiayi's dressing room, directly telling her everything Shen Ruoqing had just said. As a result, Shen Jiayi became furious and immediately looked outside. After that, she lifted the bottom of her wedding dress and walked out.

She went straight to Shen Ruoqing, stepping in front of her with a cold gaze. "Shen Ruoqing, what are you doing? You're not welcome here, get out immediately!"

Shen Ruoqing was waiting for her to make a scene. Hearing these words, she sneered and replied, "You personally sent me the invitation, and now you don't welcome me?"

Shen Jiayi angrily said, "If you're here to watch my wedding with Mr. Chu, then I welcome you. But if you're here to cause trouble, then I definitely don't welcome you. Shen Ruoqing, love is a matter of mutual consent. You better not make it difficult for everyone to save face. I'm about to get married, and if you came to my wedding to make a scene, it would make you look very low-class! "

Shen Ruoqing stared at her. "You better not mess with me; otherwise, believe it or not, with just one word from me, he would leave with me! Whether it's using the power of the Shen family or the three children, you're no match for me!"

These words further provoked Shen Jiayi, who became furious and shouted, "You guys, throw her out!"

Amid the chaos and noise, no one noticed that the man wearing a mask and a duckbill cap standing beside Shen Ruoqing had disappeared....

Shen Jiayi was the protagonist of the day after all, and as soon as she said those words, the security guards rushed over.

Shen Ruojing stared at the security guards, her expression unpleasant.

She looked directly at Shen Jiayi. “What if I don’t leave?”

Shen Jiayi sneered. “You came to my event to cause trouble, and you still expect to stay?”

She waved her hand, and the security guards stepped forward.

Shen Ruojing then looked at them. Her face seemed to show anger as she began to fight back.

Sadly, the security guards were no match for Shen Ruojing, and they were quickly knocked down.

Shen Jiayi saw Shen Ruojing take action and immediately became furious. “Shen Ruojing, what are you doing?”

Shen Ruojing looked at her defiantly. “I told you, I originally didn’t plan on doing anything, but since you’re so eager to pick a fight, how could I not fight back?”

After saying that, she took a step forward.

At that moment, Song Chen and the butler were greeting guests at the door and heard the commotion from the living room. They then turned around and saw what was happening with Shen Ruoqing.

Just as Song Chen was about to go over, the newly appointed butler stopped him by placing a hand on his shoulder. "I'll go check it out first. In this situation, you shouldn't go over; it won't look good for either side."

Song Chen nodded and the new butler signaled to several people nearby.

Quite a few people from the Doom organization had come, intending to take over the Chu Corporation.

The Chu Corporation had already become one of the top families in China, so they allowed Song Chen to take Chu Cichen's identity to provide funding for the Doom organization's research institute. Now, everyone in the Doom organization treated the Chu Corporation as their own and had sent many people over.

With a wave from the butler, several people followed him into the lobby and stood behind Shen Jiayi.

The butler looked at Shen Ruoqing and said directly, "Miss Shen, it doesn't look good for you to cause a scene like this."

As soon as the butler spoke, the surrounding people also chimed in...

"That's right, Miss Shen, regardless of what happened before, it's not appropriate to cause trouble at someone's wedding."

"If Mr. Chu had been two-timing, he would be a scumbag, but now it's clearly you who's clinging to him..."

"Even if both of you have children together, today is still Mr. Chu and Miss Shen Jiayi's wedding. Making a scene like this will make things difficult for everyone in the future..."

Shen Jiayi, hearing these words, started crying at the side. ‘That’s right, cousin. I know you’re infatuated with Cichen, but Cichen clearly likes me. You can’t do this; love isn’t about who comes first. Chu Cichen has never liked you, and making a scene at my wedding is really disgraceful...’

Shen Ruoqing stared at her.

Even those who were familiar with Shen Ruoqing couldn’t help but come over and advise her.

“Miss Shen, if you really feel unwilling, you can talk to Mr. Chu privately about it. Acting like this is really not acceptable...”

“Miss Shen, just let it go. If you ruin someone else’s wedding, it won’t be good for your reputation once word about it gets out.”

“That’s right, that’s right, no matter who’s right or wrong, the person who makes a scene at someone’s wedding is always the one who ends up looking bad... We’re all adults; there’s really no need to take it this far...”

In the world of the rich and powerful, dignity was the most important thing, and saving face was something everyone cared about. That was why they had an open-minded attitude toward love and relationships. If you loved each other, be together; if not, separate. Those who cried and caused a scene were always the ones looked down upon.

So, at this moment, everyone was advising Shen Ruoqing.

Some were pointing fingers at her, and others who knew her would say a few words, all trying to persuade her to let go.

Shen Ruoqing was truly speechless.

Chu Cimo, who was standing next to her, couldn’t help but speak up, “You all got it wrong, alright? Are you all blind? It’s clear that this woman came here out of nowhere to cause trouble. What has my sister-in-law done to you?”

As soon as he said this, Shen Jiayi began to cry. “Cimo, I’m the one your brother is marrying, so why do you keep calling her sister-in-law? As a younger brother, shouldn’t you be blessing us?”

Chu Cimo.

He really felt that something was wrong with the people in front of him!

The others immediately started discussing,

“I saw the news saying that Miss Shen Ruoqing had won over Mr. Chu’s family, and I didn’t believe it, but now even Mr. Chu’s own brother is defending her...”

“That’s right, I heard that Matriarch Chu has also spoken up, only acknowledging Shen Ruoqing as her daughter-in-law...”

“Oh my, Miss Shen is so good at playing her cards. I suddenly feel a little sorry for Shen Jiayi.”

‘What’s there to be sorry for? Shen Ruoqing is the one who took the wrong path. No matter what, it’s Chu Cichen who has the final say in the Chu family now. If Shen Jiayi marries into the Chu family, she’ll become Matriarch Chu. Now that

Chu Cichen’s mom is threatening to leave, Shen Jiayi won’t have a mother-in-law above her. Who knows how carefree her life will be in the future!”

“Miss Shen, you should stop making things difficult for Miss Shen Jiayi... You can’t make Mr. Chu love you, so who can you blame? Look at what you’ve done; has Mr. Chu shown up? No, which means he doesn’t care about you at all.”

The butler also spoke up, “Miss Shen, please leave, or don’t blame us for taking action. This is also Mr. Chu’s wish.”

With a few simple words from the butler, Shen Ruoqing found herself under fire.

Everyone chimed in, "Since Mr. Chu has taken his stance, it will really look bad if Miss Shen continues to cause a scene."

During the heated discussion, Song Chen narrowed his eyes.

He didn't understand why Shen Ruoqing was causing trouble, but he couldn't stand everyone talking about her like this. Just as he was about to say or do something, his shoulder was suddenly held down by someone.

Song Chen turned around to see a burly man wearing a martial arts short shirt. The man's face was cold, and he stared at him. "Are you Chu Cichen?"

Song Chen inexplicably nodded.

"Alright, I am Shen Ruoqing's senior martial brother. Since you dared to betray my junior sister, today, I will teach you a lesson!"

After saying this, he waved his hand, and several martial brothers immediately surrounded Song Chen.

The people from the Doom organization were dumbfounded when they saw this. They rushed up to protect Song Chen, but how could the experts of the martial arts world be easily pushed away?

Just as the people from the Doom organization were getting anxious, the man who was surrounded by the martial arts group suddenly roared, "Enough! If you keep this up, I'll call the police!"

Upon hearing this, the martial arts group immediately dispersed.

The senior martial brother said loudly, "We didn't do much to you and just tore your clothes. At most, we'll compensate you for it. You're not injured."

The passing guests and the people from the Doom organization saw the man's suit all torn up, some hanging on him and some on the ground. After the martial arts group laughed loudly, they left directly.

No one noticed that in the departing crowd, a man with his mouth covered was being dragged away.

The man who remained, however, his gaze had changed.

Chu Cichen had returned.. He had reclaimed his true identity!

In the banquet hall.

Shen Ruoqing, though appearing to deliberately say things to provoke Shen Jiayi, was actually keeping her gaze in the direction of the entrance, watching happily as her senior brothers succeeded.

After that, she simply couldn't be bothered to keep pretending.

She hadn't intended to make a scene here in the first place but had just gone with the flow.

When the butler brought a few people from the Doom organization to keep an eye on her, she intentionally attracted a lot of attention to make the switch at the entrance smoother.

Fortunately, the group of senior brothers from Valor Gate were all experts.

Although they didn't possess the same talent as their junior sister Shen Ruoqing, they were more diligent in learning and practicing, capable of facing ten opponents with ease.

So when they swarmed in, the people from the Doom organization couldn't even react, let alone break through.

And when they dispersed, the crowd didn't notice the kidnapped Song Chen amidst the commotion.

As for Chu Cichen, he wore the torn clothes from Song Chen, looking so disheveled that it was hard for anyone to imagine that the person had been swapped in such a short time.

At this moment, Shen Ruoqing decided not to linger anymore. She then nodded to the butler. "Alright, I'll leave now."

The people around her were still trying to persuade her, thinking that she was in the wrong. Hence, they didn't expect Shen Ruoqing to actually turn and walk toward the exit, leaving everyone dumbfounded and unsure of the situation.

Shen Jiayi was also stunned, but she chose to follow her.

She had previously claimed that Chu Cichen liked her and pursued her, but his cold attitude later on made her feel like a joke. Now, seizing this opportunity, she wanted to regain some dignity.

So, Shen Jiayi directly stopped her. "You must apologize to me and Mr. Chu before you can leave. My wedding is not a place for you to come and go as you please!"

Shen Ruoqing. "?"

A question mark slowly crossed her mind. This Shen Jiayi must be crazy.

Shen Ruoqing then crossed her arm and said, "You had personally sent me an invitation and asked me, your cousin, to attend your wedding. After that, I came and you were trying to drive me away. But now that I want to leave, you won't let me? What nonsense is this?"

Shen Jiayi, however, was very arrogant. "I don't care. You disrupted the atmosphere of the entire wedding. Everyone came here to send blessings, but you caused a scene, ruining my interest in holding the wedding. You must take responsibility for this."

Shen Ruoqing.

Shen Jiayi then looked at Matriarch Chu and Chu Cimo. "And to them too. Shen Ruoqing, you have to explain to them today and make Matriarch Chu and my second brother accept me. You can't be so mean and make my position as Mrs.

Chu so passive!

Shen Ruoqing found Shen Jiayi's words baffling. "If you want to gain others' approval, why not just work hard yourself? What does it have to do with me?"

Shen Jiayi, now in a powerful position, responded with the authority of a lady of the house, "Naturally, it has to do with you. Who knows what methods you used or how much you badmouthed me in front of them? Today, we have to clear things up!"

After saying that, Shen Jiayi looked directly at Matriarch Chu. “Aunt...no, I mean, Mom, don’t believe what she said. I am truly devoted to Mr. Chu. I know you’ve been so tolerant of Shen Ruoqing because of the three children, but don’t worry, I will bear you even more grandchildren in the future. Not just three, but six! You don’t have to sacrifice yourself for the sake of the children.

“As for her three children, the Shen family is huge and more than enough for them to inherit. Besides, are they not coming to Shen Manor with her? Just let her take them away! ‘

Matriarch Chu.

She frowned and explained, “Jingjing has never spoken about you.”

Shen Ruoqing certainly had never mentioned her. In fact, she had almost forgotten about the people from the second branch, but they suddenly popped up, causing trouble.

Unfortunately, Shen Jiayi didn’t believe it and just sneered, “Mom, why are you still protecting this vixen? I will be your daughter-in-law in the future, so you can’t be too biased toward her!”

Matriarch Chu frowned. “Isn’t it people like you who constantly call others ‘vixen’ who are more ill-mannered? I told you, I only recognize Jingjing as my daughter-in-law. There’s no one else!”

Upon hearing this, Shen Jiayi’s face turned cold. “I originally thought you were deceived by her, but I didn’t expect you to be so stubborn and unyielding. If that’s the case, then I won’t meddle in the relationship between you and your son! Matriarch Chu, I’m being polite by calling you ‘Mom’, but from today on, I’ll be the Matriarch of the Chu family! If you ever want to return home, you’ll have to ask for my permission. And as for her three children... they’re only five years old now, and you’ve already spoiled them so much. Who knows if they’ll even make it to adulthood? The future is uncertain!”

Matriarch Chu didn’t mind her cursing adults, but when she started cursing the children, Matriarch Chu couldn’t hold back any longer. She then stepped forward and slapped Shen Jiayi across the face!

Shen Jiayi was stunned, and at that moment, she saw Chu Cichen approaching.

Shen Jiayi immediately burst into tears. “Mom, what are you doing? I’m just trying to get you and Cichen to reconcile. After all, you are mother and son! Even if you disagree, how could you hit me?”

After saying this, she threw herself at Chu Cichen. “Cichen, you must stand up for me!”

She didn't notice that Chu Cichen had sidestepped, not allowing her to fall into his arms..

Chapter 604: Proposing!

Translator: Lord bluefire

Now, Chu Cichen was the real Chu Cichen.

The man found Shen Jiayi's whining extremely nauseating, especially when he thought about what Song Chen had done with Shen Jiayi using his identity. That made him feel even more disgusted.

Hence, he furrowed his brows and pushed Shen Jiayi away.

Shen Jiayi was slightly stunned.

Seeing this, the butler also looked over with a hint of confusion in his eyes.

At the same time, Chu Cichen coldly lowered his eyes. He had imitated Song Chen without being exposed while in Country A, so of course, he wouldn't let the butler discover his secret now. He was still hoping to infiltrate the enemy's lair and seize the opportunity to find the ultimate boss of the Doom organization!

So, Chu Cichen looked directly at Matriarch Chu and said, “Do you really have no feelings for me, your son?”

Matriarch Chu, of course, knew about Shen Ruoqing and Chu Cichen's plan, so she replied, “How could I not have feelings for you? You are also my child. When you were young, I worried about you too. There's no mother that doesn't love her children. It's you who insists on marrying such a person. Do you know that her reputation in the capital is terrible? She just said your three children might not even grow up. How could I possibly agree with you marrying such a malicious person?”

Chu Cichen sneered, ‘That's my business. Since you don't agree, why did you come to my wedding? You might as well leave!’

Matriarch Chu was taken aback.

In her mind, she thought that Chu Cichen would take the opportunity to bring her and Shen Ruoqing back home. But in the next moment, Matriarch Chu understood something.

Chu Cichen was going undercover to the Doom organization! He was now acting as Song Chen!

Anyway, the Chu family had been infiltrated by Song Chen, making it a dangerous place for them.

Chu Cichen was... determined not to let them take the risk with him!

Matriarch Chu's throat tightened. She had originally thought that after the two switched identities today, everything would be fine, but she hadn't expected this to happen. Because of that, he didn't know what to say for a moment, fearing that her son might be exposed or she would disrupt his plan.

She opened her mouth, and fortunately, her current appearance looked like a misunderstood mother, so she didn't arouse suspicion from the others.

Matriarch Chu hesitated for a moment and understood.

If she followed her son to the Chu family, it would only leave a weakness in the enemy's hands. She also knew her own limitations. She could manage a company, but otherwise, she was a helpless weak woman!

So, Matriarch Chu immediately said, "Fine, I'll leave!"

As she turned to leave, she saw Shen Ruoqing standing there, her eyes fixed on

Chu Cichen.

However, Chu Cichen didn't dare to meet Shen Ruoqing's gaze.

He didn't want to involve her in the danger either, but the woman's gaze was so intense that he had no choice but to look at her again.

Shen Jiayi, however, misunderstood something and stood between Chu Cichen and Shen Ruoqing. For some reason, she was a bit flustered, especially seeing how Shen Ruoqing stared straight at Chu Cichen. It made Shen Jiayi feel uneasy.

Shen Jiayi yelled, "What are you looking at? I told you, Cichen likes me! All of you, get lost! "

Everyone thought that Shen Ruoqing would be leaving now. But unexpectedly, she stepped forward and stared intently at Chu Cichen. She then pointed at the surrounding guests and said, "Chu Cichen, I ask you, in front of so many people, tell me, who do you really love?"

Chu Cichen clenched his jaw.

Their plan was for Chu Cichen to switch identities with Song Chen and then wipe out the Doom organization members from the inside. After that, they could take back control of the Chu family. But Chu Cichen understood that those in the country were just the Doom organization 's pawns.

The real boss was hiding in the shadows.

After successfully swapping identities, Chu Cichen intended to go into the enemy's den alone, but now with Shen Ruoqing acting like this...

He couldn't bring himself to say that he didn't love her in front of everyone.

Shen Jiayi sneered, "Are you still trying to embarrass Cichen? I've said countless times that he loves me, likes me, and has never loved you.. " But as her words fell, Chu Cichen suddenly laughed.

He then took a step forward and looked deeply into Shen Ruoqing's eyes.

"Jingjing, I've always said, as long as you turn back, I'll always be there."

Hearing his sentence, Shen Jiayi's face turned pale, drained of all color. She couldn't believe what she had just heard from Chu Cichen's mouth. "Cichen, it's not like this. Tell me it's not like this!"

Chu Cichen, however, didn't even look at her. He just stared at Shen Ruoqing and said, "I arranged this wedding for you. Everything today is just to provoke you. Jingjing, are you finally willing to compromise?"

These words didn't sound off to the butler.

After all, the butler understood Song Chen's infatuation with Shen Ruoqing.

Shen Jiayi's eyes darkened. "Chu Cichen! You..."

Before she could finish her sentence, Chu Cichen looked at her and instructed the butler, "She's too noisy, throw her out!"

His tone was deliberately gloomy.

'Yes.'

The butler immediately led people over and unceremoniously threw Shen Jiayi out. Then he hesitated and looked at Shen Ruoqing.

The butler sensed something amiss.

However, Shen Ruoqing sneered, "You clearly know that I won't let you marry her, and you deliberately use this method to pressure me. Is this fun for you?"

Chu Cichen continued the act, "As long as you stay by my side, I'm not afraid to use any means!"

He was acting quite convincingly.

Shen Ruoqing thought to herself but sneered on the surface. “I won’t marry you.”

“It wasn’t meant for you to marry me anyway.” After that, Chu Cichen nodded to the butler.

The butler immediately waved his hand, and the lights in the surrounding area suddenly went out.

The entire room then turned into a starry night sky, with a pink sky above and a pink moon hanging in the center.

A pink moon.

This was Chu Cichen’s token of love for Shen Ruoqing..

Chapter 605: Accompany Me Through Life and Death and I Will Charge Through The Enemy Lines With You

Now, Chu Cichen presented her with a pink moon once again.

Shen Ruoqing was astonished. She looked at the sky in disbelief and then back at Chu Cichen.

At this moment, the lighting in the hotel lobby dimmed, and Chu Cichen somehow ended up by Shen Ruoqing’s side.

Shen Ruoqing chuckled, “You indeed haven’t lost your memory.”

“How could my father-in-law do such a thing?” Chu Cichen whispered, “After the incident in Ford City, I thought that those people were after Song Chen. But when I learned that my father-in-law was the mastermind, I admitted my identity to him to avoid misunderstandings. Later on, I found out that Song Chen wanted to replace me, so we went along with it to see his real intentions.”

After Chu Cichen was done explaining, he added, “Now, the Chu family is full of Doom organization’s members. You shouldn’t go back with me. Return to the

Shen family first.”

This wedding banquet had somehow turned into a confession banquet.

Everyone’s eyes were on the two of them.

Looking at Shen Jiayi, who had been thrown out mercilessly, the guests at the banquet understood that Mr. Chu only liked Miss Shen!

Although they didn't understand why the two of them had been putting off their wedding, it was evident that Shen Jiayi was the foolish one.

Shen Jiayi had always had wishful thinking. Just now, she was so arrogant in front of the real bride, especially talking about having children. It was ridiculous. Now she was still wearing her wedding dress and was thrown out of the hotel.

The hotel entrance was surrounded by a glass wall.

Shen Jiayi just stood there in a sorry state, banging on the glass wall, trying to get in. She screamed, seemingly wanting Chu Cichen to let her in.

But inside the banquet hall, no one was looking at her.

What didn't Shen Jiayi understand now?

From beginning to end, she was just a tool!

She then collapsed to the ground in misery, crying uncontrollably!

Shen Ruoqing saw her state but didn't think that she was innocent or deserved pity.

Even if Song Chen, acting as Chu Cichen, had approached her first, she knew that Chu Cichen was the father of Shen Ruoqing's children and that they were engaged. Why would Shen Jiayi interfere?

If she had understood her identity clearly, she wouldn't have ended up in this situation.

Imagine if Chu Cichen were a scumbag, then the two of them would be a scumbag man and a cheap woman who betrayed Shen Ruoqing together!

So, seeing Shen Jiayi in this state wasn't bad at all.

As Shen Ruoqing watched Shen Jiayi, Chu Cichen suddenly came to her side and knelt down on one knee. He then took a ring from his pocket and handed it to Shen Ruoqing. "Jingjing, will you marry me?"

Just as Shen Ruoqing was about to speak, Chu Cichen quickly explained, "This is an engagement banquet. Although you are my fiancée, we have never held an engagement banquet. Today, I can finally make it up to you."

Above them was the pink moon, and everything around them was pink

In such a romantic atmosphere, Shen Ruoqing looked at Chu Cichen and slowly extended her hand.

A heart-shaped pink ring was placed on Shen Ruoqing's finger.

Looking at the man in front of her, Shen Ruoqing's heart was deeply moved.

The wedding banquet turned into an engagement banquet, and even the bride was changed. This wedding instantly caused a sensation in the entire city.

The wind of public opinion on the internet also changed with it.

Now, no one laughed at Shen Ruoqing anymore, and Chu Cichen's actions were seen as an example of deep love.

Everyone understood that the couple had a little disagreement, which led to such a farce, but now everything was back in place.

The wedding banquet ended quickly.

Chu Cichen wanted Shen Ruoqing to return to the Shen family, but she stubbornly followed him. When Chu Cichen looked back at her, Shen Ruoqing sneered, "Even if you force me to return to the Chu family with you, I won't let you get what you want. Song Chen, just wait, I will bring you down!"

Chu Cichen: "

He then saw the butler saying nothing but silently opening the door for the two.

Only when they were seated in the car did Chu Cichen take out his phone and send a message to Shen Ruoqing: [Jingjing, the Chu family is too dangerous now. You should find an excuse to escape back to the Shen family later. We still have three children to take care of.]

Shen Ruoqing's reply came promptly: [Months ago, going to Country A was too dangerous, so I asked you to stay in the country to take care of the children, but in the end, you went with me. You accompanied me through life and death, so I shall charge through the enemy lines with you.] Looking at the message, Chu Cichen was stunned.

Suddenly, he knew that he couldn't persuade her.

He then silently turned his head and looked at Shen Ruoqing.

Shen Ruoqing was looking at him as well.

The moment their eyes met, they both understood that they never wanted to be apart again in this lifetime.

Even if the future were filled with danger and hardships, they would never leave each other.

Soon, they arrived at the Chu Manor.

After getting out of the car and going upstairs, they entered the living room. Shen Ruoqing then looked directly at Chu Cichen and asked, "Who is the leader of your Doom organization?"

This question was reasonable for Shen Ruoqing to ask. After all, Song Chen should know the answer.

Chu Cichen just ignored her and looked at the butler.

However, the butler's next words shocked both of them..

In the butler's opinion, this question was directed at Song Chen by Shen Ruoqing.

However, Song Chen didn't answer but looked at him instead, obviously asking for his help to speak

The butler naturally cooperated. He smiled and replied directly, "Miss Shen might not believe it, but our Doom organization now looks up to Mr. Song as the leader."

This statement stunned both Shen Ruoqing and Chu Cichen.

The two of them looked at the butler incredulously.

It was understandable for Shen Ruoqing to show such an expression, but when Chu Cichen showed the same expression, the butler immediately frowned and became alert.

Chu Cichen's expression flashed and disappeared.

The news was simply too explosive. How could Song Chen, a product created by Jing Zhen six years ago, suddenly become the leader of the Doom organization?

In reality, Chu Cichen was in the dark.

Back then, Jing Zhen had used his genes to clone Song Chen and later implanted more of his genes into Song Chen, making the latter a complete copy of Chu Cichen.

After that, Chu Cichen joined forces with Lu Cheng and the others to establish the Loong Corporation to fight against the three major economic powers of the world.

As Song Chen was his clone, he possessed all the knowledge that Chu Cichen had learned and also his high IQ. It was not impossible for him to become the leader of the Doom organization.

In the first twenty years of Chu Cichen's life, he didn't achieve much and spent most of his time learning.

To learn, he even joined the Dark Web Organization and completed missions with them, gaining a lot of experience and resources, which later led to the establishment of the Loong Corporation.

Even so, the young man was too stubborn and overconfident, so he launched an attack on the three major economic powers of the world. After failing, he went into hiding.

As a result, Song Chen didn't know about the Loong Corporation.

Chu Cichen's dream was to break the control of the three major economic powers over the world and enable China to rise without restraint. However, he rarely spoke about his dreams.

Jing Zhen could clone his body and copy all his memories, but he couldn't understand his ideals. Therefore, at the core, Song Chen and Chu Cichen were two different people.

Especially after experiencing these six years of learning management, Chu Cichen had gone in opposite directions.

However, the butler was also an impressive person. Although Chu Cichen only revealed a hint of surprise, the butler immediately noticed it.

He stopped and stared at Chu Cichen. "Who are you?"

Chu Cichen didn't expect to be recognized so directly.

But their goal for this trip was to find the leader and hideout of the Doom organization.

Since they had been exposed, they decided not to waste time.

Chu Cichen and Shen Ruoqing exchanged glances, and their tacit understanding developed during their years in the Dark Web Organization allowed them to take action almost simultaneously.

One of them tried to capture the butler, while the other tried to control the rest of the people. However, they underestimated the situation.

They hadn't expected that Song Chen, who seemed somewhat mentally unstable and fragile, had become the leader of the Doom organization. Also, the butler and the security guards from the Chu family were stronger than they had imagined.

Shen Ruoqing didn't even have time to take out her phone and give a heads-up to her senior brothers from Valor Gate that were controlling Song Chen.

As soon as the butler realized something was wrong, he immediately waved his hand, and a group of bodyguards rushed in.

It was unknown where these people got their guns from, but the muzzles were aimed at Shen Ruoqing and Chu Cichen.

Just as Chu Cichen managed to control the butler, he heard the butler say.

"Don't worry about me. If they don't behave, shoot them! Go save the boss!" Shen Ruoqing stopped in her tracks and didn't dare to move forward.

Chu Cichen's pupils constricted slightly, and he subconsciously pulled Shen Ruoqing to stand between him and the butler. With the butler as a shield in front and himself as a shield in the back, he protected Shen Ruoqing.

Now, no matter how skilled they were, they couldn't possibly fight against such firepower!

For a moment, Shen Ruoqing regretted her haste to end everything as soon as she entered the door. Why did she have to ask the question that now put her and Chu Cichen in the defensive position?

Even with the butler in front, the other security guards were still pressing in without a care for the butler's well-being.

Shen Ruoqing took a deep breath and looked up.

Then she gestured a '2' to Chu Cichen, and at the next moment, she suddenly leaned out with a small, delicate silver gun in her hand and shot directly at the security guards in front!

In China, carrying firearms was illegal, so Shen Ruoqing's weapon was not a gun but a thin silver needle.

But with her accurate aim, the needle pierced the guard's face, killing him instantly. The other guards immediately attacked her, and the sound of bullets entering the body could be heard, hitting the butler who convulsed and bled

from his mouth. But before he died, he shouted, "For the eternal life of mankind!"

After shouting this, the butler lowered his head and became a complete shield for Shen Ruoqing and Chu Cichen.

Shen Ruoqing took over the butler.

Taking advantage of Shen Ruoqing's distraction, Chu Cichen rolled to room number two and kicked the door open.

Shen Ruoqing then dragged the butler and quickly followed Chu Cichen.

"Bang!"

Shen Ruoqing pushed the butler forward, slipped into the room, and closed the door.

At the moment the door closed, gunshots rang outside, and the door blocked the bullets.

Room number two looked the same as the other rooms on the surface, but it was actually reinforced with an iron door, making it very sturdy.

However, they couldn't stay trapped here.

After all, there were windows in the room that their pursuers could enter...

As expected, the sound of glass being shot at the window followed, and the glass was quickly shattered. When a person's head appeared there, Shen Ruoqing shot another needle through their eye...

However, they didn't have guns so they couldn't fight back!

They were completely outmatched!

Shen Ruoqing couldn't help but look at Chu Cichen.. "What do we do now?"

Chapter 607: Live And Die Together!

Translator: Lord bluefire

Chu Cichen took a deep breath while staring at the outside and suddenly said, "I have a gun in my study. I'll run out and go upstairs to get it, attracting their attention. You take the opportunity to escape and call for help!"

As soon as he said this, Shen Ruoqing couldn't help but chuckle and look at him. "You don't have a gun in your study, do you?"

Chu Cichen: "

He was slightly stunned and couldn't help but feel annoyed. "How did you know?"

Shen Ruoqing said, "When you lie, you can't look me in the eye."

Chu Cichen: "

He pursed his lips.

Shen Ruoqing said, "I've told you, we'll live together and die together. Don't play the hero."

Chu Cichen coughed and Shen Ruoqing continued, "I've already sent a message out. Someone will come to rescue us soon. I think we can hold on for half an hour..."

But as soon as she said this, someone appeared at the window with a phone.

The other party was not stupid and wouldn't wait for them to call reinforcements. They understood the need for a quick battle.

The phone's flashlight shone around the room, they naturally found out where Shen Ruoqing and Chu Cichen were. They then targeted them and began shooting indiscriminately without showing their faces.

The walls and furniture in the room were riddled with bullets, and Shen Ruoqing and Chu Cichen knew that this was just the first wave. If they didn't do anything, the second and third waves would come soon...

Almost as she thought of this, the other party suddenly threw a smoke grenade into the room.

Thick smoke filled the room, and the white fog made their eyes water.

Shen Ruoqing quickly took out masks and handed one to Chu Cichen. But even so, they couldn't stay in this room. Shen Ruoqing immediately looked at Chu Cichen and said, "We have to get out of here!"

Chu Cichen grabbed an iron rod from the side and handed Shen Ruoqing a tablecloth. "Use this to block! I'll cover you, and you run when you can!" At this point, Chu Cichen looked at her. "Jingjing, if both of us fall here, you should understand that we have children. You need to raise them, and Chu Yu is also raised by my mother. They rely on you more, and besides..."

Chu Cichen suddenly smiled, showing his strong side for the first time in front of Shen Ruoqing. "Don't forget, I'm Champion Chen. I'm more skilled than you.

You should know how to choose."

Shen Ruoqing couldn't find words to object for a moment.

If they didn't have children, they could be more carefree, but they had three little treasures waiting for them...

Shen Ruoqing lowered her eyes and suddenly said, "It's okay. They have your mother and my parents. The three children will grow up safely. Chu Cichen, I'm telling you today, there are only two choices: either we live together, or we die together. You don't need to say anything more."

She looked directly outside. "I just counted, there are more than twenty people outside, each with a gun. Although we are empty-handed, we know the Chu residence better than them and have the geographical advantage! Don't say anything more about escaping and losing heart! "

"But..."

"527, obey orders!"

Shen Ruoqing's reprimand made Chu Cichen subconsciously respond. "Yes!"

Shen Ruoqing then looked at him. "You take care of the ten on the left, and I'll take care of the ten on the right... I'll count to three, and when they're changing their magazines, we'll charge."

Chu Cichen looked at her with a complex expression.

Back in the organization, she had always been their leader, leading them into battle. Today...

Suddenly, he felt relieved.

He knew that she had never been a weak woman and never needed his protection. She was strong and capable, someone who could stand by his side. So, his protection might be seen as disrespect in her eyes...

Chu Cichen's gaze gradually became more passionate.

Wasn't this the personality that he had fallen for back then?

Chu Cichen averted his gaze and nodded. "Okay!"

"Three, two, one, go!"

As their words fell, the two of them charged like a whirlwind. No guns? They would just snatch some and use them themselves!

Shen Ruoqing held a wooden table, blocking bullets as she charged toward the person closest to her. After kicking him away, she snatched his gun and shot him dead. Not having time to grab his magazine, she engaged in a fight with the others.

Although the members of the Doom organization were formidable, how could they compare to Shen Ruoqing and Chu Cichen who specialized in executing missions within the Dark Web Organization?

With guns, they were almost invincible!

Shen Ruoqing didn't get distracted. She knew that if she paid attention to Chu Cichen, she would put herself in danger, which would, in turn, distract Chu Cichen and make things even more dangerous. After attacking seven or eight people, Shen Ruoqing faced the last one.

Her gun was faster than the opponent's, but unfortunately, she realized that there were no bullets left when she pulled the trigger.

The wooden table top in her hands was already riddled with holes and couldn't be used as a shield anymore. At this moment, Shen Ruoqing was face-to-face with her opponent.

Her gun was out of bullets, but the other party still had ammunition. Hence, that person smirked and was about to fire.

At this moment, Chu Cichen had taken care of everyone on his side and aimed his gun at the opponent. "Don't move! If you dare to shoot her, I won't let you leave here alive today!"

The person immediately aimed at Shen Ruoqing. "If you dare to shoot, I'll kill her!"

The three of them reached a stalemate..
