

## When His Eyes Opened Read Novel Chapter 3156

**Novel Chapter 3156** -Lucas: "You are still young and impulsive."

Hazel: "I admit that I am young, but I don't admit that I am impulsive. I have followed my mother-in-law since I was a child, and I have seen all kinds of suffering. I think I am more mature than ordinary people."

Lucas stopped talking.

Hazel: "Lucas, I still remember all the things that happened between the two of us three years ago. I will remember these things for a lifetime. Because I can never return to the poor life I had before. Will you help me when I am most difficult, I have no reason to doubt that you will treat me badly in the future."

Lucas: "I haven't been nice to you either. You think I'm nice to you because you lack love."

Hazel: "Didn't you secretly help to pay off the debt I owe? Can you do this to everyone?"

Lucas pursed her lips in embarrassment.

Hazel: "And you said something before, which really moved me. You said that you will continue to hire me as a nanny after you make money. You must be thinking about people like me, and you will definitely not be able to find a job in the future, afraid that I have no means of earning a living, afraid that I have no money to survive, so you want to take me with you all the time...you are really good to me."

"Stop talking." Lucas's face couldn't help but get hot.

"Lucas, the most important thing I need now is money, so I don't care whether you can make a lot of money." Hazel took Lucas's hand, "But I know you have your own dignity to protect, Let's take our time."

Lucas: "At least until I'm 30, I won't think about marriage."

Hazel: "Then if you are 25 years old, you will have a successful career?"

Lucas's cheeks were burning red: "Then wait until the age of 25."

Hazel laughed out loud.

The two walked hand in hand for a long time.

the next day.

Hazel decided to buy some gifts for Lucas's mother.

Because his mother didn't have many days left, and Lucas said that his mother loved to dress up before she got sick, so Hazel pulled Niko to go shopping with her.

Hazel knew that Niko had no practical role in the company, so it wouldn't affect anything if she pulled him out to go shopping with her for a while.

After talking to Lucas, Niko went out to find Hazel.

After the two met on the street, Hazel asked Niko: "Have you come out and told Lucas?"

Niko: "Say it! I said you called me out to play, but he didn't say anything."

"Oh! What about his expression at that time?" Hazel asked.

"Uh...he has no expression." Niko had a puzzled expression, "Hazel, what expression do you want him to have? Next time he doesn't have any expression, I'll let him make one."

Hazel: "Did he tell you my identity?"

"That's right! I'm closer to him than a brother! He tells me everything!" Niko looked proud, "I tried my best to persuade him to go to Aryadelle with you, but he's still hesitant."

Hazel: "Thank you! I also want to take him to Aryadelle, but he has a hurdle in his heart, and we have to wait for him to get over that hurdle."

Niko: "He definitely can't go to Aryadelle with you now. His mother is still here!"

Hazel: "I know. I won't take him away now. I called you out because I want you to accompany me to buy new clothes for my aunt."

“She is hospitalized every day, and she can’t wear new clothes.” Niko scratched her head, “But you have a lot of money, so you can buy it if you want! Auntie will be very happy when she receives it “

“Yeah.” Hazel didn’t care about spending money, as long as Auntie could be happy, it was worth it.
