Chapter 11:

She is the Benefactor of the Chu Family!

Chu Tianye quickly shielded his head. “Daddy, it’s very painful to pluck a strand of hair out!”

The little fellow blinked his eyes. “But for the sake of reuniting with daddy, I’m willing to give a strand of my hair. It’s just that I will require many nutrients to grow another strand.”

He lowered his head and spoke in a pitiful manner, “My sister and I were abandoned by our father when we were born. Our mommy worked very hard and had to shift bricks

from day to night to support us. But even so, we are very poor and she had no money to buy supplements for us...”

Chu Cichen silently looked at this kid’s chubby face but didn’t speak.

Chu Cimo, who was behind him, felt heartache and said, “I have money, how much do

you want? I will give them to you!”

“One million for one strand of hair!”

Chu Cimo: “...Sure. I’ll withdraw the cash for you now.”

At the next second, Chu Tianye slid a card to Chu Cimo. “There’s no need for things to

be so troublesome. I have a bank card. You can just directly transfer the money to my

account.”

“...”

Chu Cimo took out his phone and transferred the money depressedly.

After he confirmed the transfer was successful, Chu Tianye stretched his head out

again. “I have many strands of hair, do you want to buy a few more strands?”

Chu Cimo: “?!”

The family doctor took Chu Tianye’s hair sample and directly went to the institution to

find the machine to do the test. Earlier, he had taken a sample from Chu Cimo.

Chu Cimo and Chu Cichen then sat together on the sofa and looked at them while

waiting for the results.

Lin Wanru also followed them in. “Cichen, I know of an institution that can do the DNA

test quicker. Why don’t we...”

“No need.” Chu Cichen rejected her. “I only believe in my own institution.”

Lin Wanru clenched her fists and smiled bitterly at Chu Cichen. After that, she looked at

Chu Yu. “Little Yu, mommy is here to see you.”

Chu Yu rolled his eyes.

Lin Wanru then carried him and walked out. “It has been a long time since we met, let

us go out for a chat.”

Chu Cichen frowned but didn't say anything to stop her.

The door closed again and the atmosphere in the room fell silent.

At this moment, Chu Cimo felt a little thirsty, and his eyes landed on the plate of

watermelon before Chu Xiaomeng.

He tactfully asked, "Little girl, is the watermelon sweet?"

Chu Xiaomeng, who was called out, started shivering. She slowly lifted her head, and

her confused gaze showed a hint of hesitation before she unwillingly took a piece of

watermelon——

And ate a bite before she answered, "It's sweet."

She then continued reading.

Chu Cimo: "???"

Chu Tianye then moved toward him and asked, "Uncle, do you like to eat watermelons?"

Chu Cimo nodded.

Chu Tianye sighed. "My father disappeared when we were born and our mother had to

work hard from day to night to sweep the streets...”

“Didn’t you say she was shifting bricks before?”

“After she shifted bricks, she went to sweep the streets. My mommy is very poor, so my

younger sister has never eaten a watermelon before. Hence, she’s very protective of

food, so a piece of watermelon will cost \$5,000. They are sweet and crunch, both the

old and young can enjoy them~”

A mobile phone was placed before Chu Cimo with a QR code for bank transfer.

Chu Cimo: “?”

After transferring the money, he ate the watermelon and surveyed the two children. The

more he looked at them, the more heartache he felt. “Ai...I wonder how much they have

suffered during these years.”

This was why he paid so readily. After all, he owed it to his children.

Chu Cichen: “...”

Chu Cimo suddenly started chortling, “Big bro, I’ve always lost to you in all aspects

since we were young. However, you only have a single child that came to our doorstep

to find you, while I have two. So, I’m stronger in this aspect, hahaha!”

Chu Cichen wanted to ignore such nonsense.

He also grew unhappy for some reason. “Let’s wait for the results to be out.”

Down below.

The butler spoke softly, “I’ve investigated. It’s true that Shen Ruojin was abducted when

she was 10 years old.”

“That’s not important. Even if she was abducted, this isn’t her fault.

Matriarch Chu looked at the evidence that Lin Wanru provided and spoke angrily, “The

most important things are these! If she’s so venomous to abuse her children, we must

not spare her easily!”

The butler said, “Could this be the reason why the little young miss is afraid to meet

people?”

Upon mentioning Chu Xiaomeng, Matriarch Chu frowned. “Immediately arrange for a few doctors to do a comprehensive body and psychological check-up for the children!”

Lin Wanru was carrying Chu Yu down the stairs and heard these words coincidentally.

She then spoke in worry, “Aunty, the two children are still so young. If Shen Ruojing

threatened them, they wouldn’t dare to speak the truth. In addition, what if Shen Ruojing

uses this as an excuse to pester Cichen? What if Chu Yu got frightened?”

Matriarch Chu frowned before adding, “Before the truth is out, do not allow Shen

Ruojing to enter our house. She is also not permitted to meet the two children!”

Lin Wanru then heaved a sigh of relief. As long as Shen Ruojing couldn’t enter the Chu

Manor, she would have no way to explain things. Lin Wanru then smiled.

“Aunty, I’ll  
bring Little Yu out for a meal.”

During these years, Lin Wanru often visited Chu Yu, so Matriarch Chu didn’t stop her.

–

Lin Wanru brought Chu Yu to a private restaurant and entered a VIP room.

After the dishes were served, Lin Wanru smiled at Chu Yu. “Little Yu, you have to keep

reminding your daddy about mommy, okay? Tell him to allow me to enter the  
Chu

Manor. Can you remember this?”

Chu Cichen only permitted her to enter the Chu Manor once a month. Now, she wanted

to head to the Chu Manor more often, so she could “settle” those two little bastards to

eliminate future trouble.

However, Chu Yu didn’t even lift his head.

<https://t.me/myfindernovelshubs>

Lin Wanru continued, “Also, for those two children, you have to know that they are here to seize your inheritance from you. You have to think of ways to drive them away. Their mother is a bad person, so if she goes to the Chu Manor, you must not allow her to meet your daddy. Understand?”

Chu Yu still didn’t speak.

“Are you dumb?” Lin Wanru suddenly got angered, and this caused Chu Yu’s eating

motion to slow down.

She still wanted to say something, but her phone rang at this moment. After looking at

the number, she turned and picked up the call.

She didn’t notice that a small figure slipped past her and walked to the entrance. The

door was silently opened, and he went out through the gap.

On the streets, Chu Yu lowered his head and walked alone.

Why would the mothers of others dote on their children, but Lin Wanru would always instruct him to do something whenever they met? Thinking about this, he was in a very bad mood and didn't check the traffic lights before he crossed the road. "Beep, beep, beep!" All of a sudden, a fierce whistle sounded. Chu Yu turned his head and saw a huge truck charging over! The blinding headlights caused Chu Yu to subconsciously lift his hand to block his eyes. But he had no time to dodge! He could even sense the heatwaves from the truck... Was he going to die? But right at this moment... Bzz~ A motorbike turned the corner, and the woman wearing a helmet floored the gas pedal,

raising her speed to the limit. She sped toward him with the speed of the wind.

After that, she bent and pulled him into a warm embrace, while her motorbike brushed past the truck!

However, the motorbike's speed was now too fast, so the woman had to stomp on the break.

Screech~

The tire rubbed against the ground, and the woman decisively carried him and jumped off the bike. The instant they landed, the woman hugged him tightly and rolled a few times before finally stopping.

The motorbike had also overturned, and its wheels were spinning uselessly in the air.

Chu Yu was stunned. He then saw the woman taking off her helmet before asking him

in a clear but cold voice. "Little fellow, are you alright?"

He widened his eyes and his empty heart was suddenly filled.

After Shen Ruojing saw that he was fine, she then glanced at her leg. Earlier, things

were too sudden and her jump from her motorbike had caused a huge wound on her

leg. The wound constituted an extremely shocking sight.

–

Half an hour later.

Chu Cichen brought Matriarch Chu along as they rushed to the hospital.

Matriarch Chu asked, “How’s Chu Yu? Is he okay?”

The bodyguard lowered his head. “The little young master is fine and merely has some

scars. However, he refuses to leave the woman that saved him.”

Matriarch Chu heaved a sigh of relief. “Quickly bring me to the benefactor. In the future,

she’s the benefactor of our Chu Family!”

I Am A Boss Mommy That Wants To Slack

Chapter 12: Visiting the Chu Family for the First Time

The bodyguards led Matriarch Chu to the ward and explained what had happened.

“We were too far and couldn’t rush over in time. It was that woman on the motorbike

who rushed over. If she hesitated just a little, I’m afraid both she and the little young

master might have...”

The group of people reached the ward and pushed the door open. They only saw Chu

Yu’s little body sleeping on the bed, but the woman who saved him had disappeared.

There was a note on the cabinet beside the bed with some words written on them: [No

need for thanks.]

–

At the back of the hospital, a black-colored sedan was parked there.

Shen Ruoqing limped her way out and got into the car.

The man who was driving was named Lu Hui. He was roughly 25 years old and had bright teeth and red lips, which caused him to resemble a girl. If one listened to his voice closely, they would be able to discover that he was none other than the person who called her earlier.

“Boss, you discarded your beloved motorbike, so it can be seen that the situation was very urgent. But why did you have to gamble with your life? What were you aiming for?”

Shen Ruoqing gingerly moved her legs. Her peach blossom eyes closed as she leaned against the leather seat. She then asked in a lazy manner, “What happened to my bike?”

“I sent it for repairs.”

Lu Hui saw Shen Ruoqing’s expression through the rearview window before he

continued weakly, “Previously, we had a discussion about the biological petri dish

patent. Have you considered it? The other party is willing to pay quite a high price.”

“I didn’t consider it.”

Shen Ruoqing wasn’t in the mood to talk about this.

Hence, Lu Hui could only shut up.

Ai, who would have thought that Professor Z, an internationally famous microbiologist,

was actually this young woman?

Yet, she simply didn’t give a damn about money.

Others wanted to give her money to earn, but she refused it. She could be wilful

because she had many patents!

When Shen Ruoqing reached home, her parents were already asleep.

She then entered her room and removed the gauze. After a simple cleaning, she took

out a small unlabeled bottle and used the medicine inside to apply to her wound. Her

wound instantly stopped hurting.

Only then did Shen Ruoqing lie down.

Actually, she didn't understand what was happening back then. When she saw that

child, she thought that it was Chu Tianye, so she didn't hesitate to charge over.

The situation then was more urgent than what she imagined.

However, that child she saved was really adorable. He kept tugging her sleeves and

refused to let go, wanting to bring her to the hospital. When she was dressing her

wound, she didn't even frown, but the little child was crying so badly on her behalf.

There was no solution, so she could only tap a few of his acupoints and make him fall

asleep. It was only then did she finally manage to leave.

She originally planned to go to the Chu Family but decided not to after all that had

happened. She would make a trip tomorrow morning instead, and at that time, the DNA report should also be out.

The next morning after Shen Ruoqing woke up, she drove straight to the Chu Family.

The atmosphere there was currently very “lively”

Lin Wanru came early in the morning and hugged Chu Yu as she kept sobbing. “Little

Yu, how could you run out just because mommy didn’t satisfy your request?

Also, you

didn’t even tell me you were going home and caused me to keep looking for you the

entire night!”

Chu Yu expressionlessly pushed her away.

Matriarch Chu coldly snorted. “When Little Yu is with me, he’s very obedient and

sensible, but why did he want to run away when he went out with you?”

Lin Wanru sobbed and wiped away her fake tears. “A kid will always be stubborn in front

of their mother. Aunty, Little Yu must be badly frightened. Can I stay here a few days to accompany him...?”

Matriarch Chu hesitated when she heard this.

Chu Cichen had made it very clear to forbid Lin Wanru from staying in the Chu Manor

overnight. However, children would always tend to look for their mothers when they were not well...

Lin Wanru felt that she had a chance, and just when she was about to say something

more, Chu Yu suddenly spoke, “No! I don’t want her! I hate her! Go away!”

Lin Wanru’s countenance instantly turned gloomy.

When Matriarch Chu saw her expression, she strode to the door with great momentum.

“I’ll send you out.”

Lin Wanru could only follow her reluctantly.

After the two of them left, the door was pushed open once more, and Chu Tianye and

Chu Xiaomeng entered. Chu Tianye then grumbled, “Your mommy is really loathsome!”

Chu Yu lowered his head. He felt that it was really embarrassing to have such a mother.

Chu Tianye then climbed onto his bed and sat down. He shook his leg and boasted, “My

mommy is different. She’s cool and charming, knows everything, and is the most

beautiful woman in the world!”

Chu Yu immediately recalled the woman who had saved him yesterday. He rebutted,

“Nonsense, the beautiful aunty that saved me yesterday is definitely prettier than your mommy!”

Chu Tianye was unhappy. “How can that be possible? I’ve never met someone more

awesome than my mommy!”

Chu Yu snorted. “The beautiful aunty is very impressive with her motorbiking skills.”

“My mommy is very impressive too!”

Chu Yu: “That beautiful aunty also knows how to tap acupoints. She tapped a few of

mine and I fell asleep!”

“My mommy knows that too!”

“The beautiful aunty smells very fragrant and her body is very soft.”

“My mommy is fragrant and soft too!”

Chu Yu was unhappy. “The beautiful aunty is the best woman in the world.

I’m going to

make daddy marry her. If daddy refuses to do so, I will marry her after I grow up!”

Chu Tianye grew anxious. “No way! Daddy has to marry my mommy, my mommy is the

best. Sis, I’m correct, right?”

Chu Xiaomeng, who was called out, was currently hugging her cloth doll as she dumbly

stated, “...Oh!”

Chu Yu immediately suffered a disadvantage since it was two versus one.

He then lifted his chin unhappily and lost his temper, deciding not to speak.

When Chu Tianye saw this, he pondered before speaking, “My mommy will come today.

How about going to see her later with me? As long as you see her, you will surely feel

that she is prettier than your so-called ‘beautiful aunty’!”

Chu Yu snorted. “Impossible!”

Chu Tianye wanted to continue speaking, but his phone suddenly rang. He lowered his

head and glanced at the notification as he exclaimed in surprise, “My mommy is here.

Let’s go and find her!”

Chu Tianye pulled Chu Xiaomeng along with one hand, while his other hand was pulling

the reluctant Chu Yu.

Outside the door.

Lin Wanru still didn’t want to give up. “It’s because I interacted too few times with my

child so he didn’t want me...”

Matriarch Chu impatiently spoke, “A mother and son would have a bloodline connection.

You are thinking too much.”

“...” Lin Wanru didn’t know what to say. After that, the butler came over.

“Matriarch,

Shen Ruoqing is here. She’s outside.”

Matriarch Chu’s expression turned cold. “I’ve said it. Before this matter is clear, she

cannot enter!”

The butler nodded and went to handle this matter.

Lin Wanru’s eyes gleamed. “Aunty, I will make a move first.”

“Mn.”

After Lin Wanru left, Matriarch Chu was planning to head upstairs, but she suddenly

saw the silhouettes of three children acting sneakily and running toward the entrance

gate.

She frowned and followed them.

Outside the gate.

Shen Ruoqing was clad in loose clothes that hid the wound on her leg. She leaned against her car and waited impatiently for some time, but the butler actually told her to go back. “Miss Shen, you should return. The Chu Family temporarily doesn’t welcome you.”

Lin Wanru also followed the butler out and spoke as though she was the female master of this house. “Shen Ruoqing, why are you so persistent like a ghost haunting a place?”

She walked toward Shen Ruoqing and whispered, “Let me tell you the truth. With me here, don’t even think of entering the gate of the Chu Family!”

As the sound of her voice faded, she heard three voices filled with joy and surprise ringing out behind her.

“Mommy!”

“Mommy!”

“... Beautiful aunty?!”

I Am A Boss Mommy That Wants To Slack

Chapter 13: It's Impossible For Her To Know Medicine!

Chu Tianye pulled Chu Xiaomeng along as he excitedly ran toward Shen Ruojing.

However, a figure flashed past him and directly hugged Shen Ruojing, Chu Yu's little hand was tightly clutching the corner of Shen Ruojing's shirt as though he

was afraid that she might run away. "Beautiful aunty, are you here to see me?"

Shen Ruojing was somewhat shocked. "Why are you here?"

Chu Yu said, "This is my house!"

Shen Ruojing didn't think too much. After all, there were so many young masters in the

Chu Family, so she had no idea whose child this was.

Chu Tianye who was a step slower: "?"

So the beautiful aunty Chu Yu spoke about was his mommy!

He quickly brought Chu Xiaomeng with him and stood between Chu Yu and Shen

Ruojing, separating them. "Mommy... sister and I miss you a lot!"

Shen Ruoqing stroked Chu Tianye's curly hair before glancing at Chu Xiaomeng. "Were you bored?"

Chu Xiaomeng nodded.

Shen Ruoqing then passed the backpack she was carrying to her. "There, this is for you."

Chu Xiaomeng's eyes brightened, and she took over the backpack, hugging it tightly.

Chu Tianye couldn't help but speak, "Mommy, I earned one million yesterday..."

Chu Yu, who was squeezed out of the way, looked at the interactions between the three

of them. The proud young master then lifted his chin and snorted while turning his head

away. He didn't care at all! So childish!

At the next instant, Shen Ruoqing's clear voice asked, "You must have been frightened

yesterday. Did you sleep well?"

<https://t.me/myfindernovelshubs>

Chu Yu's eyes brightened and he also squeezed his way before Shen Ruojing before

nodding his head seriously. "I slept very well. Beautiful aunty, is your wound still

painful?"

Chu Tianye nervously asked, "Mommy, are you injured?"

Chu Yu explained, "Aunty had to have eight stitches on her leg because she saved me!"

Chu Tianye quickly hugged Shen Ruojing's arm. "Mommy, you shouldn't be standing.

Let me help you inside so you can sit down!"

Chu Yu also took the chance to hug Shen Ruojing's other arm. "Right.

Beautiful aunty,

remember to walk slower."

However, Shen Ruojing didn't move. She was looking at Matriarch Chu who was behind

the three children.

An embarrassed look appeared on Matriarch Chu's face. However, her attitude could

still be considered friendly as she said, “Miss Shen, I didn’t expect that you were the one who saved Chu Yu. Please enter.”

Upon seeing Shen Ruojing being ushered in by the little b\*stards, Lin Wanru was so anxious that she clenched her fists tightly to the extent that her fingernails dug into her palms.

After that, she turned and walked to an empty place before calling Madam Lin with trembling fingers. She then lowered her voice and spoke nervously, “Mother, Shen Ruojing has entered the Chu Manor! What should I do?”

Lin Wanru told everything to her mother, but her mother immediately reprimanded her.

“Why are you panicking? Things have not reached that stage yet. You just have to ignore everything and keep insisting you were the one who slept with Chu Cichen that

night, while she was sleeping with Chu Cimo.

“After all, the DNA test result yesterday is basically enough. She won’t know the medical technicalities unless she is a doctor!”

Hearing this, Lin Wanru heaved a sigh of relief. “That’s true.”

After hanging up, she turned and entered the Chu Manor again.

–

Chu Cichen walked out of the study, and just when he was preparing to head down, he

heard some noise.

He then lowered his head and saw three children pulling Shen Ruoqing inside the house.

This woman was clad in loose-fitting casual clothes, and her walking pose was lazy.

She seemed to have sensed something and lifted her head for a look. After matching

gazes with Chu Cichen, her lips curled slightly.

A light gleamed in her peach blossom eyes and her tall nose involuntarily gave off a

sense of carefreeness that would cause one's heart to flutter.

However, Chu Cichen's face turned cold.

“Mommy, sit down!”

Chu Tianye supported Shen Ruoqing to the sofa and took the chance to flip the flaps of

her leggings open, all while Shen Ruoqing and Chu Cichen were staring at each other.

After seeing the wound, he took a deep breath of cold air. “Mommy, is it painful?”

Chu Xiaomeng also glanced at her with worry.

At this moment, Chu Cichen's vision swept past her and subconsciously moved downward.

The woman's fair and flawless leg actually had stitches on it, and this caused his brows to crease.

Shen Ruoqing was still looking straight at him. “Just a small injury, it's not painful.”

**JOIN OUR TELEGRAM CHANNEL FOR MORE UPDATES**

<https://t.me/myfindernovelshubs>

She seemed to be answering Chu Tianye's question but was clearly telling Chu Cichen not to worry.

She was truly seducing him at every moment.

Chu Cichen turned his gaze away and went down.

Matriarch Chu looked at the wound and exclaimed, "It is so serious? Is it painful or not?

Would there be a scar?"

Shen Ruojing covered her wound back. "It's fine."

If it was another person, they would probably say the wound was extremely serious to

seek gratitude and sympathy.

However, her casual appearance made it seem as though the outside gossip about her

being an ignorant slacker was all false.

Hence, Matriarch Chu's attitude toward her became several times better. Her tone even

had a hint of friendliness within. "Miss Shen, I heard Little Ye saying that it was very

tough on you to raise him and his sister alone. This matter can only be blamed on my unreliable son.”

Tough?

Shen Ruoqing then cast a glance at Chu Tianye, and he could only smile guiltily in response.

Shen Ruoqing couldn't be bothered to expose him. At this moment, Matriarch Chu

continued to speak, “Now that the DNA results are out, you don't have to worry. The

Chu Family will definitely give you a proper answer.”

Shen Ruoqing's voice was still as clear as ever. “Matriarch Chu, I don't need any

answer. After all, this matter was done out of free will from both parties. I only want Chu

Cichen's explanation.”

Upon hearing this, Chu Cichen's expression grew heavier and his voice also became

colder. “I don’t have anything to say to you. Miss Shen, let me advise you not to pester

me again. If not, don’t blame me for ignoring the children’s emotions!”

Shen Ruojing’s expression changed as she coldly spoke, “What do you mean?”

The DNA test was already done, but he still didn’t want to admit their relationship.

At this moment, Chu Cimo rushed down the stairs. He who had just woken up had a

headful of disheveled hair. “Shen Ruojing, why are you so shameless? A withered

flower like you even dare to covet my brother? Let me tell you, let alone my elder bro,

even I look down on you. I won’t marry you!”

“Shut up!”

Matriarch Chu twisted his ears and angrily spoke, “Miss Shen was the one who saved

Chu Yu. She is the benefactor of our family. Who permitted you to speak to her in such a manner?”

<https://t.me/myfindernovelshubs>

Chu Cimo cried out but didn't dare to resist.

Matriarch Chu then spoke to Shen Ruoqing, "Miss Shen, don't worry. I will definitely

make Cimo take responsibility!"

Chu Cimo: "Mother, even if you beat me to death, I'm not going to marry her!"

The entire living room was in chaos. At this moment, Lin Wanru also came back.

Amidst the commotion, Shen Ruoqing sat up straight. Her gaze which was staring at

Chu Cichen's eyes slowly turned cold. After that, she mocked, "So, you are preparing to

push me to your younger brother?"

Chu Cichen's heart was filled with rage. He felt like he had been played when he

thought of how many times he was close to agreeing to do the DNA test previously.

He threw the DNA report onto the table. "Miss Shen, please look at the report clearly!"

<https://t.me/myfindernovelshubs>

Shen Ruojing: “??”

She glanced at the report and the testees’ names appeared on the first row:

Chu Tianye

and Chu Cimo!

She then looked at the similarity, and it was 99%.

When Lin Wanru saw this, she took the chance and said, “Shen Ruojing, stop acting.

The children belonged to Cimo. Stop pestering Cichen, I know Cichen’s identity is noble

and you don’t want to lose to me. However, you can’t be so shameless and disregard a

rock because you want to trade for a pearl!”

Chu Cimo also spoke, “That’s right, you can’t be so shameless! Wait a minute, are you

saying that I’m a rock?”

Lin Wanru coughed and changed the topic. “If you don’t obediently marry Cimo and

continue to pester Cichen, I’m afraid that this family would be in chaos. I believe Aunty

Chu and Cichen wouldn't permit such a situation to appear!"

With the DNA report present, Shen Ruoqing wouldn't be able to explain clearly even if

she were to jump into the river.

Even if she said that the children belonged to Chu Cichen, no one would believe her.

This was a checkmate, and Shen Ruoqing could only concede. The only way out was if

she knew the medical arts and could see through the technicalities...but it was impossible.

However, Shen Ruoqing wasn't as anxious as Lin Wanru had imagined. Her gaze was

filled with amusement as she coldly laughed before slowly speaking, "There's a problem

with this report."

Lin Wanru clutched her fingers tightly and started screaming before anyone could speak. “That’s impossible! The report is written by a company Cichen trusted. There won’t be any problem.”

At this moment, Chu Cichen’s expression was unfathomable.

Matriarch Chu sighed. “Miss Shen, the Chu Family can guarantee the truth of this report. No one can amend anything here.”

Shen Ruoqing nodded. “Sorry, I expressed things wrongly. There’s no problem with this report, but there’s a problem with what you guys are understanding.”

Her fair lanky finger pointed at the conclusion of the report. “Here, it is written there’s a 99% chance that they might have the relationship of a father and son.”

Shen Ruoqing then continued, “In theory, as long as the similarity reaches 99%, it can be confirmed that they are related by blood.”

“Some fathers and sons have lower compatibility, so their reports will indeed show the 99% chance.

“However, there are also uncles and nephews who can reach 98% to 99% in the similarity of their DNA for the higher compatibility cases.

“So strictly speaking, a single-sided test has no way to verify whether the two are uncle and nephew or father and son.”

Matriarch Chu started. “Are there any solutions to judge then?”

Shen Ruojing then glanced at the pale Lin Wanru. “Yes, since the uncle and nephew

compatibility already reached 99%, the father and son’s percentage would only be

higher. Get Chu Cichen and Little Ye to test again, and the answer will be out.”

“NO WAY!” Lin Wanru shouted. She didn’t expect that Shen Ruojing actually understood such technicalities.

Shen Ruojing frowned. “Why not?”

Lin Wanru's agitated reaction drew their attention, so everyone was looking at her.

Lin Wanru nervously spoke, "I personally saw Cimo leaving your hotel room that night,

so this can't be fake. Hence, there's no need to have Cichen do a DNA test!"

Shen Ruoqing teasingly spoke, "Miss Lin, it's just another DNA test, and it's a simple

procedure. Do you have other motives seeing that you keep objecting to this?"

Lin Wanru grew even more panicked. She continued speaking, "After so many years,

Cichen only has a s\*xual relationship with me! You should stop dreaming!"

Shen Ruoqing started as doubt filled her voice. "You guys...have a s\*xual relationship?"

Lin Wanru tugged Chu Cichen's arm. "That's right, you probably don't know this, but the

child you saved is my son! So, please give up on Cichen, stop disrupting our lives."

Not only did he have a s\*xual relationship with Lin Wanru, but they even had a child...

Shen Ruojing's heart felt as though it was pricked by a needle.  
Her earlier spirited-self had vanished. She then calmly looked at Chu Cichen.  
“So you  
clearly didn't lose your memories, but you are unwilling to acknowledge me.  
Is this the  
reason why?”  
Her gaze contained a sorrow so heavy that it couldn't be lifted...  
She was sorrowful because she had made the wrong judgment!  
Chu Cichen clearly knew that he had never dated Shen Ruojing before...It was  
impossible for him to be her fiance.  
His heart grew heavier and he abruptly stood up. “Miss Shen, let me reiterate.  
I don't  
know you, and I won't do any DNA testing with your children!”  
To ordinary people, this DNA report was already enough to determine a  
father and son  
relationship.  
After saying this, he straightened his tie and walked out of the door.  
Seeing this, Lin Wanru heaved a sigh of relief and felt that she had regained  
life once

more.

She didn't discover that all her actions were seen by Matriarch Chu.

Shen Ruoqing stood there in a dazed state.

During all these years, her only regret in life was Chu Cichen.

She had looked for him for five years and persisted for five years.

She had also thought about what if he was married and had children. If that was the

case, she would absolutely not pester him.

But what was going on with his current actions now?

Shen Ruoqing's tears dropped, and her eyelashes fluttered with complex emotions. She

then said, "Matriarch Chu, Little Ye and Little Meng will stay here for a few days. I will

pay you another visit in the future."

She didn't like giving up when there were still so many unknown factors.

She stood up and was preparing to leave, but a little figure suddenly rushed over to hug

her leg. Chu Yu lifted his head and looked at her. "Beautiful aunty, don't leave!"

Chu Tianye clenched his little fists and spoke angrily, “Mommy, after I grow up and inherit daddy’s inheritance, I won’t provide for him when he is old and in retirement!”

Chu Xiaomeng also went to hold her hand. Although she didn’t speak, her attitude was clear.

Lin Wanru’s expression turned ugly when she looked at Chu Yu and the other children

being so close to Shen Ruoqing. She walked over to lift Chu Yu up. “Little Yu, don’t

make trouble. Your daddy will never permit Miss Shen to enter the Chu Family...”

“In that case, we will get beautiful aunty to stay and get daddy to leave!”

Chu Yu shouted and hugged Shen Ruoqing’s leg even tighter. He was determined not to let her leave.

Matriarch Chu had never refused her grandchild before, so she helplessly spoke, “Miss

Shen, we have plenty of guest rooms. Why don't you stay here for now? Our family

doctors are present too, so they can look at your wound and treat it.”

Lin Wanru spoke unhappily, “This isn't too convenient, right? After all, Shen Ruojing is

still under investigation for child abuse. It's unsuitable for her to stay together with the

children.”

Chu Cimo grew angry after hearing this. “Right, you don't leave. Explain first! Why did

you abuse my daughter?”

After the DNA test results were out, he was certain that the children belonged to him.

This was because he had asked the institution before and they had told him that 99%

similarity meant that he could basically be certain they were his children.

This was why

he kept acting in the stance of their father.

Shen Ruojing: “?”

Chu Cimo pointed at Xiaomeng. “Look at how habitually silent she is. It’s all because of your abuse that she developed a psychological illness!”

Chu Xiaomeng: “??”

She clutched the fearsome-looking cloth doll and spoke timidly, “Mommy has never abused me.”

At this moment, the doctor-in-charge entered and brought with him the medical reports of the two children.

Chu Cimo grew more confident when he saw the doctor. “Shen Ruoqing, I know you won’t admit it, and the children will shield you too. However, it’s fine. Doctor Li, tell her the results for Chu Xiaomeng!”

Doctor Li quietly spoke, “The little young miss is very healthy, but she does have some problems psychologically. She has a slight social phobia, and there are usually two

situations that cause this. Firstly, one must have been psychologically impacted so they're afraid of strangers. Secondly, it's because their intellect is too high and they dislike interacting with people of average IQ."

Chu Cimo directly ignored the second situation. "So, which psychological impact did she suffer?"

Doctor Li: "The little young miss belongs to the second situation."

Chu Cimo: "?"

He was extremely shocked but soon grew excited after that. "I actually have a genius daughter?!"

After hearing their words, Matriarch Chu suddenly turned and shot a glance at the butler nearby.

to speak. When they got a doctor to assess him, the result was that his intelligence was too high. It was also for this reason that the family decided to nurture him as the next successor in secret overseas. She then looked at Shen Ruoqing again before speaking in a soft voice to the butler, “Go and get Cichen’s razor from his bathroom and do the DNA test again.”

Chapter 15: Truth of the DNA Test is Out!

Matriarch Chu's voice was very low and she intentionally hid this from Lin Wanru, so Lin

Wanru didn't hear it.

Chu Cimo was currently speaking with Shen Ruojing. "On account of the children, I will

reluctantly accept and marry you. We can't possibly let our children grow up without

their mother."

Shen Ruojing: "..."

She didn't plan to join him in this farce. Hence, she lowered her head and looked at Chu

Yu, but one couldn't read her expression. After that, she spoke to Matriarch Chu,

"Farewell."

After saying that, she pulled her clothes from Chu Yu's finger and walked away.

Chu Yu wanted to chase her, but Lin Wanru hugged him. “Little Yu, don’t make trouble.

Let the guest leave.”

“Release me, you don’t have the right to care about me!” Chu Yu ruthlessly bit

Lin

Wanru’s wrist and struggled free because he wanted to chase after Shen

Ruojing. But

when he reached the entrance, Shen Ruojing had driven away.

Lin Wanru felt pain from the bite. As her patience was completely exhausted, she

angrily shouted, “I’m your mother, how can I not care about you?!”

“My mother?”

Chu Yu’s back faced her and his shoulders sagged. His voice contained a toughness

that was rare to hear in children. “It’s all because of you that the beautiful aunty hates

me...”

Hearing this, Lin Wanru was so angry that her entire body was trembling.

She had raised an ungrateful cur!

Chu Yu turned his head and asked Chu Tianye, “Will the beautiful aunty dislike me?”

Chu Tianye touched his curly hair. “I don’t know, but don’t worry, I won’t make things worse for you.”

Chu Yu lowered his head sadly.

Chu Cimo basically ignored the two fellows. He only had eyes for his ‘genius daughter’

Chu Xiaomeng. However, the little girl had opened her backpack and was searching through it.

There was a copy of [General Relativity].

A [Study of Gravity].

A 17th-order Rubik’s Cube.

And lastly, a box of twenty-four strange beverages that were packaged exquisitely.

However, they had no labels and should be something self-made.

He asked, “What’s this?”

Chu Xiaomeng didn't speak, so Chu Tianye explained, "These are the nutrients mommy mixed for me and my younger sister!"

He ran over and took two bottles out. After contemplating, he passed one of them to

Chu Yu. "I'll treat you to a drink, don't be sad anymore!"

After hearing that this was something personally made by the beautiful aunty, Chu Yu's eyes brightened. "Sure."

Seeing that the three children were interacting harmoniously, Matriarch Chu looked at

Lin Wanru and said, "I need to take a trip somewhere, let's go together."  
"...Sure."

Lin Wanru clenched her fists with hatred. When her vision landed on those beverages, a venomous look appeared in her eyes.

(If those two children are not handled, something will go wrong sooner or later...)

(Shen Ruoqing, you are the one who forced me!)

She followed Matriarch Chu and left the Chu Manor.

–

Shen Ruoqing returned to her house.

Just when she was preparing to go up, her mobile phone suddenly rang.

Her expression drastically changed.

She had installed an app on her children's mobile phones so they could send her a

warning if they were in danger. At this moment, the sounds of two warnings rang out

together, and they were even more deafening compared to the sounds yesterday.

Hence, she took out her phone to verify their positions and discovered that they were

still in the Chu Manor. She immediately rushed out after that!

She sped all the way and finally arrived at the Chu Manor.

However, she discovered that the gate was already open, and the people inside were in

a panic. A bunch of doctors were currently rushing to the living room.

She hurriedly followed behind them.

Before she entered, she already heard Lin Wanru shouting angrily. “Why are you guys still caring about those two little bastards? Quickly look at Little Yu! Don’t you all know how to differentiate who is more important? Little Yu is Cichen’s son, so if something happens to him, Chu Cichen will definitely not spare you all!”

Shen Ruojing was stunned. Did something happen to Chu Yu too?

The moment she entered, she saw that the living room was in chaos. There were around eight doctors surrounding the sofa. Unable to see the situation, she walked toward them, but all of a sudden, she heard a weak but familiar voice.

“Water, water...”

Shen Ruojing abruptly turned and saw Chu Tianye and Chu Xiaomeng lying on the ground. The two children felt extreme pain in their stomachs, and their bodies curled up

from the pain. Chu Tianye's head was covered in sweat, and his lips were also pale. He

was currently puking. Also, he felt extremely thirsty and wanted to drink water...

But everyone was surrounding Chu Yu, no one cared about him...

Shen Ruoqing suppressed the anger in her heart and first rushed toward Chu Tianye

and Chu Xiaomeng.

Chu Xiaomeng had already fainted from the pain.

Hence, Shen Ruoqing tapped a few acupoints on Chu Tianye's body to alleviate his

pain.

Only then did Chu Tianye open his eyes. After he saw Shen Ruoqing, he had an

expression of being wronged on his face. "Mommy, could it be that I and sister aren't

daddy's children? Why don't they want to treat us?"

Shen Ruoqing's anger surged even hotter.

She placed her hand on Chu Tianye's pulse to check his condition.

At this moment, a doctor walked in from outside. “The results are out. The three children drank daylily juice!”

“Si~”

After hearing this, the sound of everyone gasping could be heard.

An urgent and icy voice suddenly rang out from the door. “Since you all now have the

answer, why are you guys still not treating the children?”

Chu Cichen, who had received the news, finally rushed back.

The panicking Chu Family finally felt at ease with his presence.

One of the doctors sighed. “Such poison is usually used for weeding. The toxicity is too

strong, and it is fatal often with a single mouthful! In addition, there are basically no

antidotes for this!”

Chu Cichen frowned as he felt extremely pressured. “There has to be a way. Think!”

The scene fell silent, and the doctor-in-charge here spoke, “A few years ago, Professor

**JOIN OUR TELEGRAM CHANNEL FOR MORE UPDATES**

<https://t.me/myfindernovelshubs>

Z researched and concocted a type of detoxification pill. If we can give them the pill

within half an hour, the poison should be detoxified!”

Chu Cichen heaved a sigh of relief.

But at the next moment, the doctor-in-charge sighed. “But I only have a single pill of it.”

Professor Z’s medicine was too hard to purchase. Even if they wanted to buy some

now, it wouldn’t be in time.

Everyone looked at the two children in the corner.

At this moment, Lin Wanru’s eyes gleamed, and she suddenly shouted loudly, “Shen

Ruojing, the poison has been verified to be in the beverages you gave. I know you hate

me, but why did you want to poison my child to death? You are even willing to drag your

own children in. What do they count for in your eyes?!”

She directly shouted to the doctor-in-charge, “She doesn’t care about their lives at all.

Hence, give the antidote to Little Yu!”

“Based on what?” Chu Cimo had just arrived. “Are you going to ignore my children?”

Lin Wanru bit her lips. “She is the one who poisoned them, and she has two children.

Even if we gave her the pill, she wouldn’t know which to save. So, we might as well

save Little Yu!”

She looked at Chu Cichen and enunciated each word slowly, “Little Yu is your son!”

“Shut up!”

Chu Cichen’s brows were tightly creased.

He looked at his pale-faced son on the bed and Shen Ruoqing in the corner.

The

woman’s expression was still calm like she wasn’t bothered at all. However, he understood that there must be terrifying waves rocking her heart under her calmness.

The doctor-in-charge urged, “Mr. Chu, quickly make a decision. Things will be too late if

you continue to delay!”

Chu Cichen suddenly spoke, “Miss Shen, what do you think?”

Hearing this question, Shen Ruoqing slowly turned her head. Her peach blossom eyes

were dark, and no one could tell her thoughts.

She suddenly revealed a mocking smile. “Give the pill to Chu Yu, but you have to

promise me something. Do a DNA test with my children after that.”

Chu Cichen’s pupils narrowed. He was shocked yet also disappointed.

He didn’t expect her to choose to save his son, he was also disappointed because she

didn’t hesitate to give up on her children.

He was silent for a period and then said, “...Okay.”

But as the sound of his voice rang out, Matriarch Chu rushed in with an unsightly

expression. She cast a ruthless glance at Lin Wanru. “There’s no need for that anymore. The test result is out!”

I Am A Boss Mommy That Wants To Slack

Chapter 16: That Night, Five Years Ago

When Chu Cichen said the word 'okay', the doctor-in-charge immediately fed Chu Yu

the antidote.

After all, it was a race against death. Every second counted.

Matriarch Chu didn't have time to stop the doctor, so she could only sigh. She then

passed the report in her hands to Chu Cichen. "I didn't expect so many things would

happen when I just went out to look for someone to do a DNA test."

Chu Cichen received the report and swept his eyes through it. When he saw the

conclusion, his eyes violently narrowed. "99.9%"

(...How is this possible?)

He stared in astonishment at Shen Ruoqing.

Earlier when she kept pestering him to do a DNA test, and when the two children ran

over and called him daddy, his heart was moved.

A DNA test could be done as simply as him just saying yes. However, this woman kept saying that they had half a year of romance before. Hence, he was sure either this woman had recognized the wrong person or she was a liar.

So when Lin Wanru had said that the children belonged to Chu Cimo, and Chu Cimo also admitted it, he felt that the case had been closed.

Lin Wanru was also stunned. Never did she expect that this old fool would do a DNA test behind her back. When she looked at Chu Cichen's expression, she understood that the truth was out.

Matriarch Chu and Chu Cichen were about to interrogate her, but she hadn't thought of how to reply to them yet.

So in a panic, she pointed to the beverages at the side and spoke without thinking,

“Cichen, the poison originated from Shen Ruojing! The doctors discovered poison in the beverages she gave them. She must have hated us, so she wanted to poison all three children to death!”

As her words rang out, Chu Cimo who was immersed in the role of the “father” didn’t even bother looking at the DNA test as he glared at Shen Ruojing with rage. “It’s one thing to hate her, but why do you have to implicate the children? Are you really so merciless?”

Shen Ruojing could feel anger and resentment in the surroundings. Ever since she entered, she had been suppressing the flames of rage in her heart. But now, the flames had reached their limit. She had seen all sorts of people before, but only very few could make her so angry. Lin Wanru’s actions today had touched her bottom line!

She then put Chu Tianye down and stood up.

Her eyes were dark, and her expression still looked calm, but one could sense a baleful

and terrifying aura from her. She slowly walked toward Lin Wanru step by step.

After that, she looked at the remaining beverages and asked in a very low voice, “Was

the poison discovered in all the beverages?”

The doctor said, “There is indeed poison in all the drinks.”

In order to frame Shen Ruoqing, Lin Wanru naturally wouldn’t leave behind any

loopholes. “Why are you still pretending? You want them to be poisoned no matter

which they drank, so you poisoned everything, right? You...”

Shen Ruoqing didn’t wait for her to finish speaking. She directly walked over and

grabbed Lin Wanru by the chin. After that, she took a beverage with her other hand and

wrenched the cap open with force before pushing the bottle into Lin Wanru's mouth,

chugging it down!

Lin Wanru instantly paled!

She struggled violently and wanted to push Shen Ruoqing away. However, Shen

Ruoqing steadily stood there. It was unknown how Shen Ruoqing could exert force while

grabbing her chin, but Lin Wanru was basically helpless to resist!

“Gurgle~”

Lin Wanru could clearly sense that she had drunk the entirety of the beverage!

Her eyes were wide open with shock. She felt that the expressionless Shen Ruoqing

was like a devil from hell!

“Quickly save her!”

When everyone finally came to their senses and wanted to rescue Lin Wanru, Shen

Ruojing already let her go. Lin Wanru fell limply onto the ground as though she had just choked on a bone.

The bottle that was emptied was thrown beside her, not a single droplet remained.

Shen Ruojing didn't even turn her head. She carried Chu Tianye and the unconscious

Chu Xiaomeng before staring fixedly at Chu Cichen. She then coldly spoke, "Tell

everyone who is Chu Tianye's father!"

Chu Cichen pursed his lips.

Whenever this woman saw him, she would always speak in a familiar tone.

Yet, at this

moment, she was exceptionally cold, and this caused him to be unable to adapt. He

also wasn't sure what to do.

He was silent for a moment before speaking, "I'm his father."

He thought that this woman wanted justice, an answer, and an explanation.

However,

**JOIN OUR TELEGRAM CHANNEL FOR MORE UPDATES**

<https://t.me/myfindernovelshubs>

he didn't expect that Shen Ruoqing merely turned and spoke to Chu Tianye, "Little Ye, have you heard it?"

Chu Tianye's eyes were red, and he buried his head into her embrace. "Yes." His mommy was using practical actions to tell him the answer to the question he was asking earlier.

He and his younger sister were indeed the children of their father!

Shen Ruoqing then swept her gaze to the doctors, nannies, and maids here as she

slowly enunciated. "All of you better remember this. They are the children of the Chu

Family, so if you guys still dare to have differential treatment, prepare yourselves to end up like Lin Wanru."

Her tone was calm, yet her words were extremely frightening.

These servants all shivered upon hearing it.

Shen Ruoqing no longer cared about them. She directly carried the two children and

went out.

“ ... ”

The living room was in complete silence until the sound of puking rang out.

Only then

did everyone discover that Lin Wanru had chugged down a bottle of soap water and

was forcing herself to vomit.

These bottles of soap water were prepared for the three children earlier.

She vomited all over the ground until she was certain that there was no more poison in

her, and only then did she finally stop. However, there was still a burning sensation that

hurt as bad as being cut in her throat.

She shouted to the doctors, “Save me!”

They rushed over and checked her body. “Luckily, the majority of poison has been

puked out, and only a very little amount is absorbed...”

The conditions of the three children were so serious because no one discovered that

**JOIN OUR TELEGRAM CHANNEL FOR MORE UPDATES**

<https://t.me/myfindernovelshubs>

they were poisoned until a long time had passed. The optimal time to pump their stomachs was delayed.

On the other hand, Lin Wanru had managed to induce herself to vomit in a timely manner. Although her condition wasn't serious, the poison she chose was too ruthless,

so once it entered a body, the body would absorb some no matter what.

And the amount that was absorbed was sufficient to cause damage to her inner organs.

Even if she didn't die in the end, her body would become much frailer.

Lin Wanru sobbed and complained to Chu Cichen, "Cichen, Shen Ruoling's actions are

too overbearing! Did you see it? She was trying to poison me to death before your eyes!

She's a murderer!"

However, she discovered that Chu Cichen was ignoring her. He was calmly looking in

the direction Shen Ruoqing left.

Lin Wanru shouted loudly, “Cichen, she is a cold-blooded animal. She was the one who

poisoned the children. After the incident, she made the decision to give the pill to Chu

Yu because she wanted you to feel guilty, so you wouldn’t pursue her wrongdoings.

Even if Chu Yu is fine, the other two children are going to die! She still caused the death

of your children. You cannot spare her!”

(How dare Shen Ruoqing force-feeds me poison... I want her to die!)

But as the sound of her voice faded, Chu Cimo rushed toward her. “What do you mean?

The children belong to my brother? Are they not mine?”

Chu Cichen finally turned his head. “That night, five years ago. You were not the one.”

Hearing this sentence, Lin Wanru was stunned. Her limbs suddenly turned icy cold.

Chapter 17: Let Lin Wanru and Little Yu Do A DNA Test!

This was what Lin Wanru was afraid of.

Once Chu Cichen found out that the two children were his, then he'd definitely be

suspicious of her.

She continued to insist. "Chu Yu is your blood-related son. If it wasn't me that night,

then where did he come from?"

Chu Yu and Chu Cichen's DNA test report also reached 99.5%... Therefore, Chu Yu

was definitely his child.

Chu Cichen wanted to ask more when Lin Wanru suddenly held onto her stomach. Big

drops of sweat rolled down her cheeks and she shouted, "Cichen, send me to the

hospital! On Little Yu's account, send me to the hospital!"

After saying this, she fainted from the pain.

Chu Cichen stared at this woman and said in a cold tone, “Send her to the hospital.”

After that, Chu Cichen walked up to the sofa. He noticed that Chu Yu’s complexion had improved, showing that the detoxification pill was effective. Only then did he turn to walk out.

“Contact all the prestigious doctors in Sea City to treat the two children! Separately, contact Prof. Z immediately and search for detoxification pills. No matter what’s the price to pay, even if you have to snatch the detoxification pills, make sure to get them!”

“Yes.”

Chu Cichen then looked at the family doctor. “How much time do those two children have?”

The family doctor sighed. “If they didn’t take the detoxification pills in time, the poison

would start to corrode their internal organs. They won't be able to live for more than an hour.”

This poison was so strong!

Upon hearing this, Chu Cichen's countenance turned even grimmer.

Chu Cimo subconsciously said, “That means there's less than an hour left.

Why did that

woman take those two children away? That's wasting time! If my children can't survive

this, I won't let her off!”

The moment Chu Cimo said this, he was stunned on the spot. “No, that's not right. They

aren't my children...”

F\*ck!

Cu Cimo had initially thought that the ratio of children he had against his big bro was

2:1, and he had been secretly feeling happy that his big bro wasn't as good as him in

impregnating. However, the ratio turned out to be 0:3?

The genius daughter was someone else's!

“Big Bro, I

understand it now. She's making use of the two children's lives to force you to do a DNA

test! She wants to make you regret it and live in guilt for the rest of your life!

She's too

vicious!”

Chu Cichen's gaze turned a little dimmer.

He didn't understand why Shen Ruojing would choose Chu Yu over her two children at

that critical moment. Was she acting in spite?

However, he wasn't blaming her. After all, if he had to make a choice, he would also

pick one decisively instead of dragging things out, causing all three children to die.

Right now, he could only hope that there was enough time to resolve all of these!

After he headed out, his subordinate reported, “Miss Shen left in the direction of the

Chu Cichen nodded and got in the car.

Matriarch Chu also came along. “I’ll go too!”

The car moved and headed for the Shen Family’s residence in the suburbs.

On the way, although Chu Cichen appeared composed, his fingers that were twisted

together still exposed his nervousness.

Matriarch Chu rolled her eyes at him and couldn’t help but complain, “How many times

did you fool around? Why are you losing out to your younger brother in terms of leading

a chaste life? What are all these?”

Chu Cichen rubbed his forehead. “There was only that one night.”

He really had only fallen to a scheme that one time, but the drug was too strong, so it

was true that he had lost control that night... and he had done it quite a few times.

Chu Cimo was shocked. “Brother, aren’t you too amazing? Did you sleep with two women in one night? And both of them became pregnant with your children? You even ended up with three kids at one go!”

“...”

Matriarch Chu wanted to throw his son out of the car. She vaguely felt that something was amiss, but she was too worried about Chu Tianye and Chu Xiaomeng that she discarded the other distractions in her mind.

Chu Cichen lowered his gaze and suddenly took out his phone. He then sent a message to a subordinate who had sent Lin Wanru to the hospital. [Secretly take Lin Wanru’s hair as a sample and do a DNA test with Little Yu.]

These pills were something that she constantly carried with her.

It was because Chu Tianye had an unbridled and outgoing nature, and he enjoyed

running around outside. Now, there was a stretch of wild forest in the suburbs where

they lived. They were in the south after all, so there were venomous snakes, bugs, and

plants in that forest.

By now, both children had woken up.

Chu Tianye and Chu Xiaomeng sat in the children's seats on the hind passenger seats.

Chu Tianye was complaining away.

“This is too much! Daddy and his family are too much! Other than Grandmother, none of them is good! If I had known, I would have asked for more money! I made a loss! A loss!”

“The auntie with the surname Lin is also a big baddie! She must have been the one who

had poisoned us! My stomach hurts so much...”

“And Daddy... If he doesn’t give me more inheritance after this incident, I’ll definitely not forgive him!”

After complaining for a while, he turned and looked at Chu Xiaomeng, who was holding

her dinosaur cloth doll. Even though she had fainted, she didn’t let go of it.

“Sister, why

aren’t you saying anything? What are you thinking about?”

Chu Xiaomeng: “... My books. I forgot to take them.”

Chu Tianye’s lips twitched. “Aren’t you angry? Daddy gave the only pill to Chu Yu and

not us. Does that mean that in his heart we aren’t important?”

Chu Xiaomeng lowered her head and didn’t say anything.

When Shen Ruojing, who was driving, heard the children’s conversation, her grip on the

steering wheel tightened.

They soon arrived back home.

They then discovered that Jing Zhen and Shen Qianhui were hanging up the washed

bedsheets in their courtyard to dry.

The two of them were busy doing housework.

Shen Ruoqing alighted the car with the two children and greeted them.

Seeing them, Shen Qianhui brushed away the stray hair on her forehead and said with

a smile, "I don't have to go to work these few days anyway, so both of us washed all the

bedsheets in the house."

She shook open a white bedsheet and hung it up outside. "Only after we washed all the

bedsheets in the rooms did we realize there isn't enough space to dry our clothes.

Therefore, we set up a few simple hanging stations outside."

Although Chu Tianye had a strong body like a young calf, after the poisoning, his

complexion was pale. However, he still dragged his sickly body and ran up to Shen

Qianhui's side. "Grandmother, I'll help you!"

Shen Ruoqing headed straight upstairs and vaguely heard Shen Qianhui saying, "Aren't the photos you took with your sister moldy? The sun is good today. Take them out to sun them..."

"Alright, that'll be \$50. Will you be paying via WeChat Pay or Alipay?"

"..."

When Chu Cichen's group arrived at the Shen Family's residence, this was the sight they saw.

There was a stretch of white on the other side of the short wall.

Chu Cimo was stunned. "Are the children already dead? They've even hung up the white banner!"

His eyes immediately turned red. Although his 'daughter' became his niece, after his interactions with the two children over the past two days, he really liked them from the

bottom of his heart. He said furiously, “It’s all Shen Ruojing’s fault! If she hadn’t taken

the children away, they wouldn’t have died so fast!”

Chu Cichen and Matriarch Chu were all stunned as they looked at the front.

The three

of them then entered the door to the wide-open terrace.

Although they were mentally prepared on the way here, when they saw the photos of

the children’s faces, it was like they could hear their voices and see their smiling faces

right before them.

“This is too much! This mourning hall that Shen Ruojing set up is too simple!

How can

this be acceptable for our Chu Family’s children?!”

Chu Cimo cursed angrily. However, when he turned his head, he saw a small figure as

the white bedsheets fluttered in the wind.

Chu Tianye looked at him curiously. “Uncle?”

Chu Cimo: “...”

Chapter 18: Miss Shen, Let's Have A Talk

Shen Ruoqing heard sounds coming from the entrance and quickly headed downstairs.

She then saw the group from the Chu Family.

Chu Cimo was pinching Chu Tianye's face. "You're alive? You didn't die?"

Chu Tianye: "... If I'm dead, can Uncle burn some incense paper for me?"

Chu Cimo's lips twitched. "Why are you so obsessed with money? By the way, I've

figured it out. You're not my son. Return the one million dollars I gave you back."

"I refuse." Chu Tianye held onto his bank card that was in his pocket. "This card only

allows for money to go in and not out!"

Chu Cimo wanted to say more when Matriarch Chu slapped his head. "You've given it

out to a child, yet you're still thick-skinned enough to ask for it back?"

Chu Cimo: "He scammed that money from me!"

“It’s his capability to have been able to scam it from you! If you’ve been scammed, then accept it!”

After saying that, Matriarch Chu looked at Shen Ruojing and glared at Chu Cichen, who

was next to her and wasn’t saying anything. She then coughed and said,

“Little Ye, can you bring me around and show me your room?”

Chu Tianye’s eyes lit up. “... Alright! Alright! Grandmother, come this way.”

Chu Cimo looked toward Shen Ruojing. “Hey, woman, you...”

Before he could finish his words, Matriarch Chu pinched his ear and brought him to go

to Chu Tianye’s room as well. “We’ll go and check out Little Ye’s room together.”

Chu Cimo wanted to reject her. “I’m not interested in a kid’s room.”

“No, you’re interested.” Matriarch Chu dragged him away forcibly, leaving some space

for Shen Ruojing and Chu Cichen. She knew that the two of them had things to talk

about.

Shen Ruoqing stood at the entryway's stairs, and her peach blossom eyes lowered. She

was expressionless and seemed a little indifferent.

When Chu Cichen looked at how lively Chu Tianye was, what else did he not understand?

He squinted his eyes and asked, "Do you have detoxification pills?"

On the way here, they had been told by the doctor that back then, the detoxification pills

were only circulated within a small circle. The price wasn't high, but they were hard to

get.

Shen Ruoqing replied with an "en", her attitude still clearly cold. "The children are fine, so

Mr. Chu can go back now."

She was angry... Chu Cichen frowned. No one had ever dared to treat him like this

before.

Lin Wanru didn't even dare to act intimately with him by making use of Chu Yu. She

kept a safe distance from him, knowing how to advance or retreat appropriately.

However, he still felt disgusted toward her when he looked at her.

However, to think that this woman kept pestering him from the first time they met. And

now, she even dared to lose her temper with him!

But on the account that she had been put through grief today, he wasn't going to hold it

against her.

A momentary silence appeared between the two of them.

Upstairs.

Chu Tianye explained on the way, "My grandparents went to the supermarket to shop

for groceries! Paternal grandmother, this is my room and that is my sister's room. She's

resting now, so how about we go to take a look at my room first?"

Chu Tianye's room was decorated simply, and the colors used were mainly blue and white.

“Grandmother, have a seat!”

Chu Tianye let Matriarch Chu sit down in front of his desk. Then, his expression turned

into shock, as if he was scared that Matriarch Chu would see something. He quickly hid

a book that was placed on the table and didn't stand out at all, saying, “This is my diary,

you mustn't look at it!”

When Matriarch Chu heard this, her eyes lit up.

This was her beloved grandson's diary!

She coughed and educated him. “Little Ye, you're only five years old, so you don't have

any secrets to keep. Let Grandmother help you check to see if you wrote any words

incorrectly!”

Chu Tianye broke into an embarrassed smile and then sighed. “Alright then... but you

definitely mustn’t look at page 38~”

After that, he said, “I’ll go call sister over!”

The child walked to the door, and before he left the room, he turned back and repeated,

“Remember, you definitely mustn’t look at page 38~”

Matriarch Chu felt as if her heart was itching as if it was scratched by a cat.

“ ... ”

After the child left, she hurriedly opened up page 38 and saw a row of squiggly words.

“Today is my birthday, but Mommy had to work till very late just so that she could buy a

birthday cake for my sister and me. My heart aches so much for Mommy.”

“Mommy told me to make a wish. My wish is for my bank card to suddenly have 20

million dollars. With that, I will be able to provide for Mommy.”

“I haven’t told anyone about this wish before, because the wish wouldn’t come true if I

were to say it out loud. I won't show anyone this page of my diary either~”

Matriarch Chu's eyes turned red and she sighed. “It hasn't been easy for Shen Ruoqing to take care of two children for so many years. It's no wonder Little Ye is so obsessed with money. It's all because their life has been too hard.”

Chu Cimo snorted. “Our family is so rich, but you're still so obsessed over money. It can be seen that this aspect is inherited...”

Bang!

Chu Cimo was hit on the head again and Matriarch Chu asked furiously, “You've received the dividend payout from the company this month, right?”

Chu Cimo held onto his wallet. “Mom, what do you want?”

“This is the only birthday wish that your nephew has. How can we not fulfill it? Hurry up! Transfer 20 million dollars to him!”

“Why don't you do it?”

“Oh, I can't bear to part with my money.”

<https://t.me/myfindernovelshubs>

Chu Cimo: “?”

He tried to find an excuse, “I don’t have his bank account number..”

“It’s written here!” Matriarch Chu handed him the diary, her eyes were red.

“It’s written at  
the back!”

Chu Cimo took a glance and realized that Chu Tianye’s bank account number  
was

really written at the back of the diary. Moreover, this was also written: I know  
that God

will help to fulfill my birthday wish, so I’ve written my bank account number  
here, just in

case God transfers the money to the wrong account.

Chu Cimo: “!!”

Why was he always the one to get hurt?

In Chu Xiaomeng’s bedroom, the child was hugging her dinosaur cloth doll.

“Brother,  
didn’t you say to go to your room?”

“Wait a moment~” Chu Tianye’s eyes were glistening. When he received the  
message

from the bank that the money had been transferred to him, he grinned and said, “Come,

let’s go bring them a plate of watermelons!”

Chu Xiaomeng: “... For Uncle?”

“What Uncle? That’s an important customer!”

“...”

Peals of laughter rang out from upstairs, which contrasted with the coldness between

Shen Ruoqing and Chu Cichen.

Chu Cichen took a look at the second floor, and his countenance turned better. He said

rationality, “Miss Shen, why don’t we have a talk?”

Shen Ruoqing sneered and said sourly, “Talk about why you two-timed?”

Chu Chichen’s expression turned cold. He had never been mocked like this in his life.

“Miss Shen, we’re not enemies. Why do you have to show such great hostility?

Moreover, other than not trusting your words in doing a DNA test in time, I didn’t do any

other thing that hurt you...”

Before he could finish his words, Jing Zhen's voice rang out from outside.

“Honey, durians are really too expensive. We mustn't buy them again. The damned Chu

Family cut me off from my job, so I don't have any films to act in recently. I don't have any income.

“Moreover, Matriarch Shen has chased you out of the company under the Chu Family's

orders. They are not going to give us an allowance anymore. We also don't have much

savings left and will need to spend sparingly.

“Little Ye is the most pitiful... He's so young, but to think that the Chu Family gave the

kindergarten orders, causing him to be unable to go to school. We have to hurry up and

earn money so that he can go to a good school.

“What feud do we have with the Chu Family that they have to be so merciless to us?”

Chu Cichen: “??”

I Am A Boss Mommy That Wants To Slack

Chapter 19: How Good Would It Be If They Were Triplets

Shen Ruoqing crossed her arm and frowned. “Mn, the Chu Family indeed has never

done anything to harm me. They merely made it so that my father has no work, my

mother is chased out of the family, and no schools will take my son in.”

“...”

Chu Cichen felt a stinging pain on his face as though he just got slapped.

He could tell just from thinking about it that Matriarch Chu wasn't someone that would

do that. Lin Wanru must be the one who had used the Chu Family's name to do so.

He then opened his mouth and didn't shirk the responsibility. “I apologize.”

At this moment, Jing Zhen and Shen Qianhui entered the house.

Jing Zhen was still angry at the injustice as he said, “Also, that Chu Cichen let down our

Jingjing. He better not let me see him, or I'll beat him up every time he appears before

me!”

Shen Qianhui cast a glance at him, indicating that there was an outsider here.

Only then

did Jing Zhen hesitate and look at Chu Cichen. “Jingjing, this is?”

Shen Ruoqing had a half-smile on her face. “Chu Cichen.”

Jing Zhen: “..”

His gaze roamed Chu Cichen’s body, and he coughed lightly before

straightening his

spine.

Chu Cichen was very tall. His height was 1.88 meters, and in addition to his

solemnlooking face, he gave off a lofty and supreme feeling. However, now

when Jing Zhen

majestically stood beside him, his aura actually didn’t lose out in the slightest.

Jing Zhen took a step forward and patted Chu Cichen’s shoulder with the

attitude of an

elder.

The two men stared at each other. One had peach blossom eyes, while the

other had

phoenix eyes. Sparks could be seen clashing through the air.

A while later, Jing Zhen coldly snorted. “Your muscles are pretty tough.”

Chu Cichen: “?”

When their gazes matched, Jing Zhen’s aura wasn’t weaker than his at all. In fact, Chu

Cichen could sense vigilance from Jing Zhen, and he kept thinking that Jing Zhen was

about to say something fierce to lecture him.

After that, Jing Zhen walked past Chu Cichen and had his hands behind him, while he

walked into the living room. He then sighed, “Ai, I’m old now. Five years ago, you would

definitely not be a match for me!”

Chu Cichen stared at his departing back and had a heavy look on his face as he asked

Shen Ruoqing, “Was your father very powerful five years ago?”

“Naturally.” Shen Ruoqing answered, “At that time, he was acting as an emperor.”

She then added, “The emperor of a defeated country. He is an extra.”

Chu Cichen: “..”

<https://t.me/myfindernovelshubs>

Shen Qianhui followed Jing Zhen into the living room. Just when she entered, Jing Zhen anxiously grabbed her hand. “Wife, why is someone from the Chu Family here? Should we make preparations to flee during the night?”

“...”

Before Shen Qianhui could say anything, Chu Tianye’s voice rang out from above.

“Grandpa, there’s no need for that. My paternal grandmother and daddy won’t come

here to bully us! They came here to send warmth!”

Shen Qianhui and Jing Zhen had come home, so Matriarch Chu naturally wouldn’t keep

hiding with Chu Cimo above. They directly headed down.

After both parties met, they sat on the sofa.

Matriarch Chu looked at Shen Ruoqing. “I’ve investigated what happened. The poisoner

was the nanny. Because she broke a vase a few days ago and I made her compensate

us, she was very unhappy about it. She has admitted to the crime after being apprehended and is now being dealt with by the police...”

After hearing this, Shen Ruoqing wasn't surprised.

People from rich families naturally wouldn't act personally if they wanted to do

something illegal.

Back in the Chu Manor, she knew she wouldn't be able to obtain evidence so

Lin Wanru

could surely escape scotfree. This was why she had punished Lin Wanru with her own

methods.

Matriarch Chu evidently also thought of this point. She continued, “In the past, I kept

feeling that it wouldn't be good if Chu Yu didn't have a mother. That's why I wanted Lin

Wanru and Cichen to be together. But now, I feel that she isn't suitable to be a part of

the Chu Family, hence, I decide to cancel the engagement.”

This was the answer she gave.

**JOIN OUR TELEGRAM CHANNEL FOR MORE UPDATES**

<https://t.me/myfindernovelshubs>

If Lin Wanru's body was damaged from the poison, and the engagement also got

canceled, that would be the best punishment for her.

However, Matriarch Chu's words revealed another meaning. 'Lin Wanru was after all

Chu Yu's mother, so it isn't appropriate for the Chu Family to punish her too hard.'

Shen Ruoqing nodded as a mocking smile appeared on her face.

At this moment, Matriarch Chu's mobile phone suddenly rang. She then picked the call

up and looked straight at Shen Ruoqing when she heard what the butler said.

"It's Little

Yu, he wants to come and find you..."

When Shen Ruoqing thought that the adorable child she had saved was actually Lin

Wanru's son, she decided to ruthlessly reject it. "I don't have the habit of raising

someone's children."

<https://t.me/myfindernovelshubs>

Matriarch Chu had always doted on this grandson of hers. Hence, she simply turned the loudspeaker on, and Chu Yu's juvenile voice rang out. "Beautiful aunty, I want to see you. Where are you and my brother and sister? I will come and look for you all!"

Shen Ruoqing's heart trembled.

Matriarch Chu then took the chance and spoke, "Miss Shen, since Little Ye and Little Meng are also children of the Chu Family, why don't you bring them along and stay in the Chu Manor?"

This was her true purpose.

Although she still didn't understand Shen Ruoqing well, Matriarch Chu liked her for some reason. Back then, she had no choice but to choose Lin Wanru. But now, since Little Yu also liked Shen Ruoqing, and she had given birth to two children for Chu Cichen,

**JOIN OUR TELEGRAM CHANNEL FOR MORE UPDATES**

<https://t.me/myfindernovelshubs>

Matriarch Chu would prefer it if they stayed together...

Shen Ruojing leaned against the sofa. She then looked at Chu Cichen and coldly

rejected this idea. “No need for that.”

Matriarch Chu still wanted to say something, but Chu Cichen suddenly stretched out his

hand and grabbed her phone. He then commanded coldly, “You should stay at home.

You are not allowed to go anywhere!”

“I don’t...”

Chu Yu’s voice was filled with the tone of crying and stopped halfway since Chu Cichen had hung up.

Chu Yu’s voice actually caused Shen Ruojing to feel some reluctance.

Chu Cichen then stood up after hanging up the phone. “The children need to rest, so I

won’t impose on you any longer. Miss Shen, I will send people to investigate the matters

from five years ago. I will inform you if there are any results.”

<https://t.me/myfindernovelshubs>

After speaking, he turned and left their house.

Matriarch Chu didn't like the way things were going, but she didn't dare to defy her

eldest son. Hence, she could only bring Chu Cimo with her and left together.

After the Chus left, the living room was still a mess.

Shen Qianhui was dumbfounded. "So, Little Ye and Little Meng's father is Chu Cichen?"

Jing Zhen was filled with anticipation for the future. "Jingjing, do you think the Chu

Family can invest in me for a movie and let me be the main lead for once..."

Chu Tianye took out his bank card and was grinning happily as he lowered his head.

Only Chu Xiaomeng suddenly looked at Shen Ruoqing. "Mommy, can we really not allow

Brother Yu to come?"

When Chu Tianye heard this, he hurriedly kicked Chu Xiaomeng. "What nonsense are

you talking about? He is the son of the bad woman and that bad woman harmed us..."

<https://t.me/myfindernovelshubs>

Chu Xiaomeng sighed. “Why can’t Brother Yu be my real brother as well?”

They could love each other if they were triplets!

Now, they were forced to split.

Chu Tianye also sighed. “He’s actually quite pitiful seeing that he has such a bad

woman for a mother.”

The two of them continued chatting to the point where even Shen Ruoqing, who was

listening at the side, felt like crying.

She suddenly asked, “Little Ye, when is Chu Yu’s birthday?”

Chu Tianye was an expert at social interaction, and his personality was bright and

straightforward. Hence, although he had only stayed a night in the Chu Manor, Shen

Ruoqing was sure that he had obtained all the information about Chu Yu!

As expected, Chu Tianye grinned and answered, “Fourth of October!”

Shen Ruoqing was stunned upon hearing this.

I Am A Boss Mommy That Wants To Slack

Chapter 20: Are Your Three Children Doing Well?

Chu Cichen and his family returned home.

After getting out of the car, Chu Cichen instructed people to inform the entire Sea City

that the Chu Family had no problem with the Shen Family. Moreover, Lin Wanru's

orders were to be retracted.

Matriarch Chu hadn't thought of doing this yet, so she could only sigh at her son's

thoughtfulness.

After that, the group of them hastened their steps and entered the upper levels.

Although Chu Yu didn't show any bad symptoms before they left and he sounded

energetic enough on the phone, Chu Cichen was still worried.

Just when he went up, Chu Cichen was stopped by his subordinate. "Miss Lin has been

sent to the hospital, and the Lin Family will be the ones taking care of her.

Also, I have

secretly retrieved Miss Lin's DNA sample. Now, the truth will be out as long as we take

the little young master's sample to compare..."

The light in Chu Cichen's eyes gleamed brighter. "Do it immediately."

"Yes."

Just after his subordinate answered, Chu Cichen suddenly heard Matriarch Chu's cry of

shock from the room. Chu Cichen quickly entered and saw Matriarch Chu shouting,

"Little Yu has left home!"

No one was on the bed. Now, the nanny and maid at the side were shivering as they

explained, "Little young master cried and said that he was tired after the phone call and

he wanted to rest. He then told us to go out and even made it clear that we are not to

disturb him. We didn't expect he would do this!"

Hearing this, Chu Cichen was in no mood to punish them. He strode to the bed and saw

a note written there. [Grandmother, I'm going to look for the beautiful aunty.]

Matriarch Chu exclaimed, "He basically has no idea what Shen Ruojing's address is!

Quickly check the surveillance cameras and see how he got out!"

Very soon, they went to the monitoring room and saw that half an hour ago,

Chu Yu had

secretly slipped out.

He had avoided everyone below and intelligently entered the Chu Family's

van used for

purchasing stuff.

The Chu Family's businesses were too big, and there were many servants in the villa.

Just the amount of food the entire Chu Manor ate per day was unbelievably great, so

that van was specially used to purchase ingredients.

Chu Cichen calmly spoke, "Call the driver!"

**JOIN OUR TELEGRAM CHANNEL FOR MORE UPDATES**

<https://t.me/myfindernovelshubs>

Two minutes later, Chu Cichen saw the video recording of the van. After the van left, it headed to the market. The market was very chaotic, and not many places had surveillance cameras.

There was footage that saw the van stopping at the seafood section. When the purchasing was being done, Chu Yu climbed out of the van. He then glanced around

him in a daze before running toward an alley without cameras.

A sense of unease then flooded Chu Cichen's heart.

The marketplace was an extremely messy place with different types of people mixed in

together. Also, the cameras at the few entrances and exits didn't capture Chu Yu

leaving. This meant that——

He was either still in the market or had been abducted by someone and was being

hidden in a car and brought away!

Chu Cichen revealed some panic in his eyes. "Find him!"

Two hours later.

**JOIN OUR TELEGRAM CHANNEL FOR MORE UPDATES**

<https://t.me/myfindernovelshubs>

The Chu Family sent out over a hundred guards and searched through the entire

marketplace but wasn't able to find any traces of Chu Yu.

Chu Cichen harbored the last bit of hope in his heart and called Shen Ruojing. The call

lasted a long time before it got picked up. After that, Shen Ruojing's calm voice could be

heard. "Hello?"

Chu Cichen fell silent. "Is Chu Yu at your place?"

"No."

Shen Ruojing replied cleanly and subconsciously asked, "What happened?"

"...Nothing."

Chu Cichen faintly had a guess in his heart. "If he goes to look for you, please contact

me immediately."

After hanging up, Lu Cheng was pacing before him nervously. "Bro Chen, seeing that

the other party was able to bring Chu Yu away so quietly without traces, they are not

simple. Think carefully, did you offend anyone recently? Especially so for people close to you?”

Chu Yu had always been a hidden existence. Other than the servants who signed a

confidentiality contract, only a few people knew of his existence.

Lu Cheng racked his brains and couldn't think of anyone suspicious.

However, he

discovered Chu Cichen clenching his fists as he sat on the sofa.

He started slightly. In his impression, Bro Chen would always be able to maintain his

calmness no matter what problems he faced. Hence, this was the first time he saw Bro

Chen being nervous.

But after that, he saw Chu Cichen slowly loosening his clenched fists and moving his

fingers around.

This reaction...Lu Cheng then asked, “Bro Chen, you know who was the one doing

this?”

Chu Cichen nodded, “Mn.”

“I’ll immediately summon the subordinates to gather. Tell me who it is. We will raze their

place to flat ground. They are really gutsy to have touched Little Yu!”

“There’s no need to be anxious.” Chu Cichen’s eyes were so dark that it was terrifying.

His entire person exuded an extremely chilly air. “If we forced them too far, they might

choose complete destruction!”

Lu Cheng paled. “What should we do then?”

Chu Yu was only five years old and didn’t have the ability to protect himself.

Now that

he was in the hands of others, if they made any hasty moves, the other party might

really finish Little Yu off to destroy all evidence.

There was only a single solution then.

“Luring the snake out of the cave.”

Shen Family.

Shen Ruojing sat comfortably on her sofa. There was a thermal flask next to her, and

warm wolfberry tea was inside. This drink was very nourishing.

Her gaze landed on her phone.

Did Chu Yu go missing? If not, why would Chu Cichen ask her that question?

However, what did this have to do with her?

Chu Yu's birthday was on the fourth of October.

Her children's birthday was on the tenth, so they were only a week apart.

The twins were considered premature births. They came into this world when they were

eight months old. If that was the case, when Chu Cichen and her were dating back then,

he was already cheating on her. Regardless of whether he could remember her or not,

he was a——

Scumbag!

Shen Ruojing placed her phone on the sofa and closed her eyes to rest.

Thirty seconds later, she opened her eyes while feeling vexed. She then took her phone and called a number. The other party picked up instantly and asked, “Boss, have you thought things through? Are you selling the patent?”

“...Help me do a check on the Chu Family.”

Lu Hui was someone skilled in everything; there was no gossip in Sea City that he didn’t know. When he heard this, he directly said, “Oh, they lost their grandchild.”

Shen Ruojing’s eyes narrowed. “Why?”

She parked outside and found a fruit stall while taking the chance to observe the

surrounding situation.

“...Miss Shen?”

All of a sudden, a voice filled with hesitation rang out.
