I am a quadrillionaire chapter 2389-“Elora, you... what happened to your body? Why are you a soul? What about your physical body?” Lufian asked in a trembling voice.

“Lufian, don’t worry. Contact Sylvio and the others and let them come over quickly, I have something to tell everyone,” Empress Elora said calmly.

“Don’t worry? How can I not worry? Tell me what happened to your body now. Why did your soul come out? What’s going on? Who did this? I’ll kill them now and destroy their entire bloodline!”

Lufian became more and more emotional as he talked and his eyes turned red.

As he was about to lose control, Empress Elora called out firmly, “Lufian!”

This pulled him back from the brink of losing control.

Then, Empress Elora continued, “It’s about Leila’s life and death, Lufian, so I hope you will know how to prioritize things. First, contact Sylvio and the others, and then I will slowly tell you what happened.”

Upon hearing Elora say this, Lufian slowly calmed down.

He knew it was useless to worry now.

Now that this had already happened, it was most important for Sylvio and the others to come over right now.

Sylvio had lived the longest and was the most knowledgeable of the five Leila rulers.

The other four Overlords had learned many of their secret techniques from Sylvio.

It could be said that Sylvio was like everyone’s half-master.

When he came, he could solve Empress Elora’s problem with her body.

However, if they had to rebuild her body, it could only be achieved through the joint efforts of the four Overlords.

“Okay! I’ll contact Sylvio and the others to ask them to come as soon as possible.” Lufian agreed.

Then he closed his eyes and contacted Sylvio with a special method that only they knew.

Leila was unbelievably big.

So the places guarded by the five Overlords were far apart.

They could not pass messages to each other in an ordinary way.

Only by using the secret technique taught by Sylvio could they contact each other almost instantaneously.

Empress Elora knew how to do it as well, but she was a soul so she could not perform this secret technique.

This was the limitation of a soul.

Souls could not perform a lot of the secret techniques that required a body.

Soon, Lufian opened his eyes.

“Empress Elora, I have already contacted Senior Sylvio and he will come with Valentin and Drogo soon. Now, tell me, what’s happened? Who did this to you?”

Empress Elora began to narrate what happened to her.

From the provocations of the Robotias, the big battle between the two sides, and to getting attacked by the Soul Devourer Overlord.

In the end, knowing that she could not escape from the hands of the two Overlords from the Robotias and the Soul Devourers, she self-detonated to survive. After that, she injected a trace of her soul into the Emerald Lotus Sword to escape.

The Emerald Lotus Sword then came to this dead star, sent that trace of her soul into The Spirit Cage for restoration, and sealed the planet with its last strength.

As for what happened in The Spirit Cage, Empress Elora only mentioned it briefly but did not elaborate.

She did not say a word about David.

She only said that after she recovered her memory in The Spirit Cage, she went to the eight main cities to find the local forces, collect all kinds of treasures, and finally recovered 80% of her soul power. After that, she forcibly left The Spirit Cage and returned to Leila.

As Empress Elora told what happened to her in detail, the energy in Lufian's body became very unstable.

It seemed that there was a possibility of him blowing up at anytime.

'Sure enough, it is similar to Sylvio's original guess. The Robotias and the Soul Devourers were so bold.

'How dare they join forces and want to invade Leila!

'They are asking for death!'

What angered Lufian the most was how the Robotias and the Soul Devourers dared to take action on Empress Elora!

As a result, Empress Elora's body was destroyed and she almost died.

Now, she could only exist as a soul.

Empress Elora was Lufian's woman!

"Elora, don't worry! I, Lufian, swear here that I will avenge you and make the Robotias and the Soul Devourers pay a heavy price!" Lufian said through gritted teeth.
