

A WARRIOR UNDEFEATABLE/

A Man Like None Other Chapter 4066-Berthold sneered, and the Divine Flame Seal instantly generated a huge suction force, absorbing all the fire around Jared. However, Jared did not panic because he knew the Divine Flame Seal would be his sooner or later. Even if it absorbed the fire, Jared would not suffer any loss.

As the fire on Jared's body disappeared, two more sharp claws attacked him. Jared quickly reacted, instantly cutting off the claws with the Dragon-Slaying Sword.

"Hahaha, this technique of mine can wear you out to death. I want to see how long you can hold on," Berthold said proudly, holding the Divine Flame Seal.

Seeing this, Harlan breathed a sigh of relief, thinking that even if Jared was not beaten to death, he would be exhausted.

Jared looked at Berthold's smug expression and coldly smiled, "You really think I can do nothing with this crappy technique of yours? I'm just teasing you for fun."

"There is a centaur hidden in this black fog. These claws were used by the centaur to attack us. The centipede has merged with the black fog and cannot be seen, meaning the black fog is part of the centipede."

Hearing Jared, Berthold frowned slightly and asked in disbelief, "You... how did you know?"

"What? Was I right?" Jared smiled playfully. "I was just guessing, but I didn't expect you to be fooled..."

Berthold said coldly, "Even if you guessed it right, you will never be able to kill the monster because you can't find it at all."

"Whether it can be discovered or not is not up to you..." Jared smiled, and a red light flashed on his forehead. A strange eye suddenly grew rapidly on Jared's forehead.

Seeing this, everyone was stunned, including Berthold and Harlan. They couldn't understand how Jared suddenly grew an eye. As Jared's third eye opened, the whole world turned gray. No matter what it was, it was exposed to the Eye of Heaven—an ultimate weapon of Demon Lord Scarlet Cloud, capable of detecting anything in the Heavenly Realm.

Under the third eye, the multi-legged monster appeared clearly in front of Jared. Holding the Dragon-Slaying Sword, Jared instantly stabbed at the vital parts of the centaur. Previously, Jared could only defend passively, cutting off the centaur's sharp claws

without causing any real damage. But now, with the third eye's help, Jared could see the monster's outline clearly.

With a thrust, the Dragon-Slaying Sword pierced through the multi-legged monster's body. Flames erupted from the sword, engulfing the centaur. Seeing this, Berthold hurriedly used the Divine Flame Seal to absorb the flames, but the centaur had already disappeared, and the black fog in the sky also vanished.

Berthold felt confused, staring at the disappearing black fog. He couldn't understand how much Jared, a cultivator at the fourth level of the Tribulation Realm, knew. The three eyes were clearly a very powerful skill, and Jared also possessed six kinds of ultimate fire.

Who on earth is this person? Why would a fourth-level Tribulation Realm cultivator have these things?

Berthold became a little demoralized after being beaten by Jared. Despite using the Divine Flame Seal to perform skills of the Ultimate Realm of the Ghost Mask Sect, Jared easily broke through them.

A Man Like None Other Chapter 4067-“Oh my god, what kind of skills did Junior Brother use? How did he suddenly grow an eye?”

“Is this the opening of the third eye? Could it be that Junior Brother is the chosen one?”

“Opening the Heavenly Eye, it is definitely opening the Heavenly Eye. Look at the light radiating from that divine eye, it carries a sense of immortality!”

Seeing Jared's third eye suddenly appear, many people began to talk about it!

When Gael saw the third eye on Jared's body, he was extremely surprised. The moment it appeared, he felt a shock to his soul.

Harlan's face was filled with shock as his previously relaxed mood turned tense again. He looked at Berthold nervously.

“What skills do you have? Just use them...” Jared said with a slight smile as he looked at Berthold.

Berthold's eyes narrowed. Although he was holding the Divine Flame Seal, he began to feel fear in his heart.

“Jared, don’t be complacent. You are the one who pushed me to this point. I will let you know that the real realm gap cannot be overcome. You are only at the fourth level of the Tribulation Realm. Even if you know more techniques, it will be in vain...”

Boom boom...

As Berthold finished speaking, brilliant flames from the Divine Flame Seal continued to flow into his body. At the same time, the clear sky suddenly became gloomy, and dark clouds from all directions rushed towards Jared and the others.

Strong winds blew up, and the sky and earth suddenly became dim, like the end of the world.

“Could it be that Berthold is going to ascend to the Ultimate realm?” Gael said in surprise as he saw the sudden black cloud.

“It seems like Berthold is actually using the Divine Flame Seal to survive the tribulation. Is he crazy? How dare he survive the thunder tribulation during a duel?” Dario added in surprise.

After all, going through the tribulation was very dangerous. If your opponent interferes while you are doing it during a fight, not only will you fail to go through the tribulation, but you may also lose your life.

Juliet and the others were also shocked, shouting to Jared, “Junior Brother, hurry up and make sure his thunder cloud doesn’t take shape.”

Berthold was at his weakest at this moment. If Jared took action to stop Berthold from transcending the tribulation, there was still a great chance of success.

But Berthold laughed and said, “Don’t think about attacking me when I’m going through the tribulation. I’ve expected this. I’ve been stuck at the peak of the Tribulation Realm for a long time, just to use the Divine Flame Seal to help me reach the Ultimate Realm. When I truly reach the Ultimate Realm, you will be nothing but an ant in my eyes. The gap in realm cannot be made up by a few of your techniques. Just wait for your death. I will let you know how powerful an Ultimate cultivator is!”

Berthold originally didn’t want to reach the Ultimate Realm when fighting with Jared, but now there is no way. If he doesn’t truly become an Ultimate cultivator, he really won’t be able to deal with Jared.

“Have you forgotten that your Maurice seems to be an Ultimate cultivator, but he was beaten like a grandson by me?” Jared smiled faintly.

Jared didn’t seem to be afraid at all that Berthold would improve his cultivation to the Ultimate Realm, nor did he have any intention of stopping him.

“Humph, Maurice has already said that you rely on the demon soul to possess your body to forcibly improve your strength, but this demon soul possession will backfire, and your body will soon suffer the backlash. When I reach the Ultimate stage, I’ll see if you still have the demon soul to help you!” Berthold snorted coldly.

“Okay, I’ll wait for you...” Jared watched Berthold improve his cultivation quietly. He actually lit a cigarette and took a deep puff, looking completely relaxed.

Pitch-black thunderclouds covered the sky, and streaks of lightning flashed through them.

A Man Like None Other Chapter 4068—“Jared, you have to be careful. This guy is not just trying to survive the tribulation. He wants to use the tribulation thunder to kill you...” Gael seemed to see through Berthold’s intention.

“Junior brother, don’t be so careless. This is not a joke. The thunder cloud will attack you. Hurry up and stop Berthold,” Juliet also reminded nervously.

“Sister, don’t worry. He can attract thunder to improve his cultivation, so why can’t I?” Jared smiled faintly.

“Don’t be silly. Even if you attract the thunder tribulation to improve your cultivation now, you are only improving from the fourth level of the Tribulation Realm to the fifth level of the Tribulation Realm. Not to mention whether this small realm advancement can attract a thunder tribulation, how can the thunder tribulation cloud of your cultivation level be better than that of Berthold? He has been promoted to the Ultimate Realm, which is a great realm promotion. The thunder tribulation cloud must be very powerful,” Juliet said anxiously.

The higher the level of cultivation, the more severe the thunder tribulation will be when the cultivation level is improved. This is common sense that every cultivator knows. Jared was only at the fourth level of the Tribulation Realm. How could the thunder and lightning clouds he attracted be stronger than those of Berthold? What’s more, Jared didn’t look like he was going to undergo a tribulation, and there wasn’t any aura of improvement on his body.

“His advancement to a large realm may not be as good as my advancement to a small realm...” Jared smiled faintly.

Seeing that Jared was still chatting and laughing and not afraid at all, Berthold’s face became extremely ugly. “Boy, you will know the power of thunder tribulation in a while. Now I will let you show off...” Berthold said coldly.

At this time, thunder clouds had covered the entire sky, and there were formations and light curtains blocking the surroundings, making it impossible for Jared to escape.

“I don’t know whether the thunder tribulation is strong or not, but I know that your thunder tribulation is definitely not strong. After all, your strength is not that good...” Jared mocked Berthold.

Berthold’s face flushed red and the speed of the thunder tribulation increased. Gael looked at the increasingly thick thunder clouds, his brows knitted tightly together. Although Jared acted very relaxed, he knew that the thunder clouds of the Ultimate Realm were extremely powerful. Gael had personally experienced the thunder clouds of the Ultimate Realm. Moreover, in the world of heaven and man, half of the cultivators will die under the thunder and lightning clouds of the Ultimate Realm because they will not be able to withstand it. Therefore, many cultivators now, when they reach the peak of the Tribulation Realm, will choose to use various magical weapons as opportunities to break through to the Ultimate Realm. In this way, at least there is something that can help block the thunder tribulation. If one directly improves the cultivation level and breaks through to the Ultimate Realm, it will be difficult to withstand the thunder tribulation.

“Rohan, close the formation, release Jared, and stop competing,” Gael said to Rohan with a very ugly expression.

Gael knew that Jared would not be able to withstand the thunder tribulation of the Ultimate Realm no matter what, and would definitely die under this thunder tribulation. That’s why he asked Rohan to close the formation and told Jared to stop competing. As long as Jared escapes from the range of the thunder cloud, he will not be attacked by thunder. After all, the main target of this thunder tribulation was Berthold. However, if someone appears within the range of the thunder cloud, he will also be attacked by thunder.

Rohan nodded and was about to close the formation to let Jared out. But when Harlan saw this, he immediately tried to stop Rohan and said coldly, “No one is allowed to move now. If Jared escapes, everyone will die. You have to think carefully, do you want Jared to die, or do you want everyone to die with him?”

Harlan’s eyes were full of murderous intent. After all, the strength of Gael’s side was not enough to compete with his side, so he dared to be so presumptuous. Upon seeing this, Rohan looked at Gael.

A Man Like None Other Chapter 4069-Gael’s eyes narrowed slightly, staring at Harlan. “Rohan, close the formation and let Junior Brother out. If they really want to fight, then we’ll have to fight to the death. By then, the Violet Flame Sect will be

completely destroyed, and no one will be able to become the Sect Master of the Violet Flame Sect...”

Juliet only wanted to save Jared, even if it meant destroying the Violet Flame Sect. “That’s right. Even if it means destroying the Violet Flame Sect, we will not compromise,” Judd also spoke loudly.

All the disciples on Gael’s side raised their arms and shouted. None of them were afraid of death. They all followed Gael in a fight to the death. Even if they die, they must release Jared first. At worst, both of them will die!

Harlan didn’t expect that the disciples of Gael’s lineage were so strong-willed. He was very angry for a moment, but there was nothing he could do. If the fight really gets to the bitter end, the Violet Flame Sect might just disappear in the long river of history. Rohan was also moved, so he wanted to close the formation.

But Jared said, “If I want to escape, this formation can’t stop me. Even if the formation is closed, I won’t escape, and it will affect other brothers. Don’t worry, Berthold is just a little guy. If I want him to die, he will definitely not survive. Even if the father and son attack together, I will not take it seriously.”

Jared stopped Rohan from closing the formation. This formation could not stop Jared, but without this formation, it would be difficult to block the horrific aftermath relying solely on the light curtain shield. If it endangered other disciples of the Violet Flame Sect, it would be troublesome. Rohan didn’t know what to do for a moment and could only look at Gael.

Gael looked at Jared and saw that there was indeed no panic in Jared’s eyes, and even a bit of amusement, so he waved his hand and asked Rohan to retreat. He chose to believe Jared. Perhaps there really was some secret about Jared that they didn’t know about. After all, Jared gave him too many surprises.

Seeing that Jared was still showing off, Harlan showed a hint of disdain. As long as Berthold reaches the Ultimate Realm, and with the Divine Flame Seal in his hand, no matter how powerful Jared is, he will not be able to escape the fate of death in the end.

Just as Harlan was quietly waiting for Berthold’s thunder tribulation to come, an extremely angry voice was heard. “You little b***tard, you dare to tease me and make me look bad. I will make you live a life worse than death...”

Along with the roar, the formations set up around Jared and Berthold suddenly flashed with light. People looked in the direction of the voice and found that it was Carlo!

Carlo fell into Jared’s illusion. When he saw his father and his wife cheating on him, he was so angry that he went crazy. However, after the fight between Jared and Berthold, no one paid attention to Carlo, and Carlo slowly woke up from the illusion. When he

realized that he was being fooled and so many people were watching, he was so angry that his lungs were about to explode.

Carlo waved his palms, and the arcane array set up by Rohan began to flash, and then the array patterns on it kept changing. The exquisite array patterns had all turned blood red at this moment, and red chains locked the array tightly. From now on, no one can escape from this formation. In the void, the red chain continued to rise, covering the large area of thunder clouds.

“Rohan, stop him...” Upon seeing this, Gael shouted loudly.

It was dangerous enough for Jared to deal with Berthold alone, and now Carlo has shown up. Jared is definitely no match for the two of them! However, Carlo used a formation, and the others knew very little about the art of formations, so they could only ask Rohan to stop Carlo.

When Rohan looked at the formation cast by Carlo, his eyes suddenly widened, and he was stunned on the spot.

A Man Like None Other Chapter 4070-“Blood Refining Cage...”

Rohan was so shocked that he didn't dare to move. He shook his head at Gael and said, “This... I can't stop this formation at all!”

When Gael heard this, he became extremely anxious! Juliet and the others were also very anxious, but there was no point in being anxious as they could not help at all.

Soon, Jared and Berthold were both in the cage, with blood-red chains directly connecting heaven and earth. This time, even if Jared wanted to escape, he couldn't!

Seeing this, Berthold burst into laughter. “Hahaha, let me see where you can escape to. Just wait for my judgment of thunder tribulation!” Berthold looked at Jared, his eyes full of pride!

Jared just looked at Carlo's formation and said with disdain, “It's just a child's play formation. Trying to trap me is simply a joke! If I really want to leave, no one can stop me...”

After Jared finished speaking, he sat cross-legged, with no intention of escaping at all! Seeing that Jared actually sat down, everyone was stunned!

“Junior Brother, what are you doing? Why are you sitting down?” Juliet asked in confusion!

“This is too insignificant. There are two people against him...” Judd was also confused and didn’t know what Jared was going to do!

Gael frowned slightly and stared at Jared. At this time, the thunder clouds between heaven and earth have already taken shape, and thunder may strike down at any time! But Jared sat cross-legged on the ground, with no intention of resisting the thunder and lightning that was coming down! Berthold had already prepared for the coming thunder tribulation!

However, around Jared’s body, a breath of energy was constantly rising!

“Is he going to break through too?” Seeing Jared’s rising aura, Dario said!

Gael also thought of what Jared had just said, and he also wanted to create a thunder tribulation for himself! However, Berthold was at the peak of the Tribulation Realm. This was the thunder tribulation of the Ultimate Realm. As long as he could pass this thunder tribulation, Berthold would ascend to the Ultimate Realm! However, Jared was only at the fourth level of the Tribulation Realm. Even if he really attracted a thunder tribulation, he would only be at the fifth level of the Tribulation Realm!

The difference between these two thunder tribulations was still very obvious. If Jared wanted to rely on a breakthrough to resolve the danger at this time, it was simply too naive!

Berthold couldn’t help but laugh when he saw that Jared was about to break through! It was still very difficult for Jared to resist his own thunder tribulation. If he chooses to break through at this time and endure two kinds of thunder tribulation, wouldn’t he be dead for sure! Did Jared want to die with him?

However, the fifth level of thunder tribulation in the Tribulation Realm seemed to cause no harm to Berthold at all! What Jared did at this time was simply crazy. In fact, Jared could completely escape from the range of the thunder tribulation! Berthold was going through a thunder tribulation, so it was impossible for him to run around and chase after someone! Jared had time to escape! But he did not run away, he even wanted to break through at this time!

“Don’t the ones who disappear know that when they break through, they are at their most vulnerable? He is going to endure two kinds of thunder tribulations. He is risking his life...” Juliet was very worried!

“Daughter, don’t worry too much. Since Jared made this choice himself, it proves that he knows what’s going on. Perhaps he still has hidden strengths that we haven’t seen yet. Don’t worry...” Gael consoled Juliet!

Juliet nodded. Now she could only wait! Carlo directly sealed Jared in a large formation. No one could get in, and Jared couldn’t get out!

Soon, the sky that was originally covered with calamity clouds began to shrink slowly! Another thunder cloud appeared in the air without anyone noticing! Golden lightning flashed continuously in the thunder clouds! Although Jared had only broken through to the fourth level of the Tribulation Realm, the thunder cloud he attracted was not weaker than that of Berthold!
