A Man Like None Other Chapter 4312

A Man Like None Other Chapter 4312-His Head Fell Onto The Arena This time, Kai didn't hold back. He wanted to see just how far his True Fire Spiritual Body had come.

The terrifying flame aura engulfed Kai entirely, hiding him from view. All anyone could see was the massive manifestation of True Fire Spiritual Body. Kai's figure was no longer visible.

"My goodness, is this really the power unleashed by a Tribulator cultivator?"
"Kai's an absolute monster..."

"Incredible, truly incredible. An Ultimate Realm Level One cultivator was actually wounded by a Tribulator cultivator and couldn't fight back at all." Everyone looked at Kai in utter shock. They never anticipated this outcome.

They had thought that Aiden could easily knock Kai down with a few punches and kicks.

However, it appeared now that the outcome was entirely the opposite.

Rainier's face had already twisted. He would never have imagined that Kai could possess such formidable strength.

Even though he was aware that the Demon Seal Alliance had offered a hundred-year offering to hunt down Kai, it didn't necessarily mean that Kai, a Tribulator cultivator, had demonstrated a power surpassing Ultimate Realm.

Aiden gritted his teeth, wiping away the blood at the corner of his mouth.

Gradually, he merged with the spiritual body behind him. The longsword in his hand was taken by the spiritual body, increasing in size a hundredfold.

The colossal blood-red sword was aimed at Kai. The light of the blade was noticeably brighter this time.

The force encapsulated within the light caused the universe to reverberate, possessing a power that could destroy anything in its path. Despite its slow speed, it had the strength to overcome all obstacles.

A deep rumble echoed.

Kai's True Fire Spiritual Body was unleashed, effortlessly conjuring a fire dragon. In an instant, the dragon obliterated the light, yet Kai's feet remained unmoved.

"Ah!" Aiden felt his sanity slipping away as he swung the longsword relentlessly. Each stroke radiated light, descending on Kai like a torrential downpour.

At that moment, Aiden's face twisted, his entire being emanating a brutal aura of slaughter.

"You're no match for me, yet you refuse to admit defeat. Now that we've exchanged ten moves, it's time for me to claim your life." After Kai finished speaking, he suddenly burst forth from the midst of the flames.

Immediately following this, he swung the Dragonslayer Sword in his hand with all his might.

This single sword strike dominated the landscape, igniting a light that reached the heavens.

His spiritual body began to fade gradually under the force of Kai's sword strike.

Aiden appeared, his eyes wide open in shock, his face full of astonishment. The crimson longsword in his hand instantly turned into a mist of blood and vanished. From Aiden's neck, a thin line of scarlet appeared.

Aiden's mouth had barely opened to speak when his head abruptly fell onto the arena, followed by the heavy thud of his body.

A glimmer of spiritual light flashed from within Aiden's body, but it was struck by Kai's demonic fire.

"Ah!" A chilling scream echoed through the air. It was Aiden's divine soul.

He had intended to flee from his physical body, hoping that if he could just leave behind a soul remnant, there was still a chance to restore his body and return to life.

But little did he expect that Kal would show no mercy, aiming to drige him to his grave without even sparing hls divine soul,

“Stop...”

Upon observing the situation, Terrence was instantly filled withn rage, a murderous Intent flashing across his eyes.

Everyone else was equally stunned, too taken aback to notice that Aiden had been killed, with even his soul remnant not spared.

Terrence rushed toward the ring, but the arcane array surrounding it abruptly stopped him, instantly repelling his body.

Rainler was completely stunned on the spot. He hadn't even had a chance to feact at that moment.

He could never have imagined that Aiden would meet his end so abruptly.

How could an Ultimate Realm Level One expert just die like this?

Even if he's outmatched, he shouldn't be killed so easily.

This is simply outrageous...
