**Married at First Sight Chapter 2338**-Josh was the special assistant to the president of the York Corporation, and he was a big celebrity in Wiltspoon. He usually appeared more often than Julian, the young master Bucham.

Others could find Josh's photo on the Internet and thus knew his true identity.

Julian was different; he always saw the beginning but did not see the end. Usually, when Zachary wanted to see Julian, Josh had to make an appointment with his brother in advance and arrange a time to meet him.

He couldn't find Julian's photo on the Internet. People who had never seen Julian's real face sometimes passed by him and didn't even know that he was the young master of the Bucham family.

Josh guessed that his brother was afraid that Kiera would know his identity, so he guessed Julian's identity, and then, afraid, retreated.

"The men in suits and leather shoes just now, the one at the head looks familiar to me."

Sure enough, after leaving the hotel, Kiera turned her head to look at the hotel, and said to Julian beside him.

Julian replied: "They are the executives of York Corporation. They probably came to meet customers to discuss business. The Wiltspoon Hotel is owned by their York Corporation. Whether it is Young master York or others, they like to stay in Wiltspoon. Big hotels talk to customers about business."

Kiera snorted, "No wonder, they are all imposing, they should be very tall executives. Mr. Bucham, you said that you also have contacts with Young Master York. Do you know all those executives?"

Julian replied calmly: "I don't know them well. You see, they don't greet me when they see me. It's not that they are rude, it's because I don't know them well. They may not even know who I am."

"The one at the head is the able-bodied leader of Young master York, and has won the trust of Young master York."

Kiera's eyes lit up, and she turned around and was about to run back to the hotel.

Julian instinctively stretched out his hand to hold Kiera, and asked her inexplicably, "Ms. Caron, what are you going to do? Did you drop something?"

"No, you said he was Young Master York's right-hand man. I guessed his identity. That's Mr. Josh Bucham, right? He is as famous as Young Master York. I knew it before I came to Wiltspoon. Mr. Josh Bucham's wife is Young Master York's wife's best friend. I admire the strong most. Mr. Josh Bucham is a strong man. I want to go back and see if I can secretly take some photos of him."

Julian: "..."

Fortunately, Josh was married, and Jasmine was pregnant. The husband and wife had a deep relationship and loved each other.

Otherwise, Julian had to guard against whether his cousin would distract Kiera's attention.

Julian: "I'm afraid you won't be able to take pictures when you run back now. They have already entered the elevator, so let's take pictures next time. Living in Wiltspoon Hotel, it is still very easy to meet Mr. Bucham by chance. He is less grounded than Young Master York."

After Young master York got married, he was a little more down-to-earth than before marriage."

Thinking of Zachary's change, Julian added something.

After hearing Julian's words, Kiera gave up and went back to the hotel, and said in shock, "I guess there is no chance. I don't come to Wiltspoon often. If I didn't bring the children over for the competition, I wouldn't come to Wiltspoon, too."

Julian smiled and said: "You admire the strong. I think I belong to the strong in the business world. Usually, some people want to secretly take pictures of me. After I found out, they were asked to delete the photos. Ms. Caron, you saved my life. In order to repay you, you want to take pictures of me, and I will cooperate with you."

Kiera smiled: "We are all friends now, and you will follow us back to worship my dad as a teacher. You will meet more often in the future, and the meaning will be different."

"I'm handsome too. Ms. Caron, why don't you take two photos of me and save them in your phone's photo album? You can check them out later to see the handsome guy."

Kiera laughed out loud.

"Mr. Bucham, you are so funny. All right, I will take a few handsome photos of you right now, and my trip to Wiltspoon will not be in vain."

As Kiera said, she actually took out her phone and took a few shots of Julian.

Julian's mood improved.
