Married at First Sight Chapter 2460-“mom.” Elisa pressed down the car window and said to her parents who stopped her car: “My sister-in-law may be giving birth. She said she has a stomachache. Let’s take her to the hospital quickly.”

Audrey asked Elisa: “Who are you sending to the hospital?”

Elisa said: “My sister-in-law, my sister-in-law is about to give birth.”

Darrell asked Elisa, “Where is your sister-in-law?”

Elisa turned her head, but she didn’t see Alice in the back seat of the car, only the spare bag was occupying a car seat.

She froze.

After realizing it, she patted her thigh and said to Remy, “Remy, turn around quickly, my sister-in-law is still at home.”

Remy: “...”

Audrey couldn’t help but laugh again.

Unexpectedly, this kind of plot did not happen to the son, but happened to the daughter.

Elisa’s face turned red, and she said sheepishly: “My sister-in-law asked me to pick up her things and go to the hospital, but I just picked up her things and ran away, thinking that my sister-in-law had already left...”

Remy turned the car around while smiling, and said with a smile: “Elisa, do you want to laugh at me to death? You make me laugh to death, and so do I. When you called me, I hurried out with you, and I didn’t even think of others.”

After turning the car around, Remy stopped the car, waited for Audrey and Darrell to get into the car, and then went back together.

Fortunately, they didn’t run very far. If they ran to the hospital and found that Alice was not in the car, they would probably be scared to death.

10 minutes later.

“Sister-in-law, sister-in-law.” Elisa yelled as she entered the room.

Alice was still eating breakfast leisurely in the dining table, when she heard Elisa’s shout, she responded with a smile: “I’m here,”

Soon, Elisa came in like a gust of wind.

Alice smiled when she saw Elisa.

“Sister-in-law, you didn’t even call me.” Elisa blushed and complained.

Alice smiled and said: “You move so fast, I didn’t have time to call you, you ran out of the room and ran downstairs, how can I stop you? I want to call your elder brother back, he is nervous, there may be mistakes, but I didn’t expect you to be the one who made the mistakes.”

Elisa’s face turned redder.

Elisa asked: “Sister-in-law, is your stomach still hurting?”

Seeing that Alice was still eating breakfast leisurely, Elisa thought that her stomach pain was gone.

“It’s painful. Sometimes the pain is not obvious, and sometimes the pain is very obvious. I guess it is about to give birth, but I don’t know how many days it will take to unload the goods. Mom said that I have to eat enough to have the strength to give birth. So I am eating breakfast.”

After laughing for a while, Alice was not nervous at all.

Audrey asked after a while, and said: “I guess it’s about to give birth. When you’re full, sit down and go to the hospital. It’s not in great pain yet, and you won’t give birth so soon. Don’t be nervous. Let’s have a checkup first. Do you have everything you need to bring?”

“I have everything my baby needs, like baby bottles and milk powder. All I have to do is go to the hospital to give birth.”

As she said that, Alice looked at Elisa and smiled again.

Elisa was so nervous, which showed that she cared about Alice very much.

The relationship between Elisa and Alice was also very good.

After Alice married into the Stone family, Alice regarded Elisa as her own sister. Elisa was judged by outsiders as an unruly daughter. But Elisa was very kind to Alice, her sister-in-law, and never made things difficult for her.
