**Married at First Sight Chapter 2469**-Liberty paused for a moment, then said, "Kathryn is extremely difficult now, not to mention that it is even more difficult for us to go back suddenly."

Kathryn was still Matriarch Farrell's daughter. If she were replaced, and Matriarch Farrell had trained her as a successor since she was a child, she would be able to take over easily. However, she had been replaced, and for the past twenty years she had been living in the housekeeper's old home.

Whether it was the education or knowledge received, it couldn't be compared with the Farrell family.

After Kathryn returned to the Farrell family, Shiloh, the fake daughter, continued to stay with them. As the second young lady of the Farrell family, in the eyes of outsiders, Shiloh's family all favored her; after all, they had been in love for more than twenty years.

In the past, Matriarch Farrell didn't know that Shiloh was a fake daughter. Matriarch Farrell really did her best to cultivate Shiloh. Although Shiloh did not become particularly outstanding, she was much better than Kathryn, who had just returned to the Farrell family. She grew up watching her grow up.

It had been less than two years since Kathryn came back. It could be said that she had not gained a firm foothold in the Farrell family. In addition, the attitude of Matriarch Farrell towards Kathryn was not good. Kathryn might not be able to take over the feelings.

Serenity said, "If my sister takes over the Farrell family, we will naturally help my sister gain a firm foothold. Besides, I also believe that my sister has this ability. Sister, be confident; you can do it!"

Sister, you will have to add a younger sister to Sonny in the future. If you think Mr. Lewis is good, you can consider the matter between you and Mr. Lewis, but I don't know if the Lewis family will agree that their granddaughter will take her mother's surname."

Liberty's face turned red, and she slightly annoyed Serenity: "I may not take over the Farrell family. You said Kathryn is very good; she is also learning about the affairs of the head of the house, although her mother is a murderer

who killed our grandma's family. After all, her mother is now the head of the house, and she personally trained Kathryn to have an advantage over us.

Although Mr. Lewis has the Lewis Corporation, He is an excellent man. He will definitely not be a door-to-door son-in-law."

Serenity smiled and said, "This is a problem between you and Mr. Lewis. Even if you two are not in a relationship now, you will have to face this problem sooner or later. Mr. Lewis feels that he is still in a wheelchair, so he won't talk to you. Seriously, when he recovers, you have to face reality.

Sister, I know that you were disappointed with your first marriage, which left a shadow. You said that you don't want to marry again. I respect your choice, but I can't help but talk to you. Mr. Lewis and Hank are different. It is not easy for you to come to the point where no one can stop you."

"Sister, I see that you have no feelings for Mr. Lewis at all. Sonny is not as afraid of Mr. Lewis as before. The two of them are as affectionate as a father and son. When Hank comes, he can't compare to Mr. Lewis. Isn't it just that the Brown family has seen Sonny and Mr. Lewis are so close, so scared? That's why he always persuades Hank to pursue you again and think about remarrying."

Hank was self-aware and knew that Liberty would not look back, and he also knew that it was his own fault that he was where he was today. Today's Liberty was even better than before marriage. Hank thought that even though Liberty was outstanding before marriage, he was jealous in his heart, and he didn't want Liberty to be better than him.

Liberty was better and stronger than him, and if he really remarried, sooner or later he would make the same mistakes again. It's better to leave it like this. He just came over regularly to see Sonny. He didn't pester or disturb Liberty. The two of them could chat about each other's current situation when they met. If he listened to his family members and pestered Liberty, he would always disturb her life and make her hate him even more.

So Hank chose to stay away, except to see Sonny; he would never appear in front of Liberty again.

Liberty generously admitted that she had some feelings for Duncan. She said, "I don't reject him now, nor do I avoid him deliberately. Let nature take its course. If I can get married, I will believe him again because of his kindness

and love for Sonny. If we can't cultivate it, just be good friends like we are now."
