Married at First Sight Chapter 2499-Audrey said, "Mrs. Farrell, you have nothing else to do. Please come back. I want to go to the hospital to see my little grandson."

Audrey was too lazy to say more to Matriarch Farrell. She issued an eviction order, and she got up and got ready to see off guests.

After being ordered to be expelled, Matriarch Farrell would never stay, no matter how thick-skinned she was.

Originally, she thought Audrey would greet her warmly when she came to visit the Stone family.

Thinking of what she had done, even though Audrey had no evidence, she knew it, and Audrey did not kick her out. It was a good idea, and Matriarch Farrell felt relieved again.

However, Matriarch Farrell could no longer interact with Audrey, Liberty, and Serenity like ordinary relatives. Audrey was convinced that she was the murderer.

Matriarch Farrell stood up and said, "I'm going back to Jensburg in a few days. Audrey, when your grandson is one month old, give me a call, and I'll come over and drink the full moon wine."

"Mrs. Farrell, please!" Audrey did not agree to Matriarch Farrell's request.

Matriarch Farrell looked at Audrey deeply and nodded to her. Audrey and Darrell's status in the family was probably the same as that of her and her husband, Holden. The women in the Farrell family were all very powerful.

Audrey mentioned the gifts brought by the Farrell family. She couldn't take so many by herself. Darrell immediately helped Audrey and handed back all the things to Matriarch Farrell.

"Audrey, this is what I gave to your daughter-in-law, Alice. Although we haven't seen each other for decades and our relationship is estranged, we all have the blood of the Farrell family in our bodies. We are a family of relatives. I am the elder, and I give you some supplements for this junior, so don't refuse."

“Thank you; our family is not short of supplements. Mrs. Farrell, take them back. If you don’t take them back, I will treat them as garbage if you leave them here.”

Alice, her daughter-in-law, would not be able to take the supplements that Matriarch Farrell had sent.

Matriarch Farrell: “...”

Audrey really didn’t give her any face.

Matriarch Farrell took a few deep breaths and told herself not to be angry. She tried hard to calm down her emotions and said to Audrey, “Audrey, the things have been delivered, and they belong to your family. You can deal with them how you want.”

With that said, she turned around and strode away again.

Audrey and Darrell brought things to her.

Matriarch Farrell’s bodyguard team was waiting for her outside. When they saw her coming out, the bodyguard team immediately came forward to greet her.

A bodyguard quickly helped Matriarch Farrell open the car door.

Matriarch Farrell got into the car, and the bodyguard closed the door and followed her into the car.

“Go back to the hotel.”

Matriarch Farrell ordered the driver.

The driver drove quickly.

The bodyguard looked at Matriarch Farrell’s face and knew that the discussion between her and Audrey was not going well and that she was in a very bad mood.

Audrey and Darrell stood at the door of their villa, watching as the three cars drove away quickly.

“Audrey, these things?” Darrell asked his wife.

Audrey: "Throw it away!"

Darrell grunted, "Then throw it away. She is so cruel that she really doesn't dare let Alice eat the things she brings. Our family doesn't lack these things."

Darrell took those things from Audrey and said, "I'll take them and throw them away. You go back and rest. You haven't had a good rest today. If you're in a bad mood and can't sleep, don't sleep. I'll go look next door to see how Remy's home is decorated."

Audrey was originally in a good mood today but was disturbed by the arrival of Matriarch Farrell.
