Married at First Sight Chapter 2402-Serenity walked to the bathroom and said, "Sister, you have told me these words hundreds of times, and my ears are so calloused that I can recite them backwards."

Liberty laughed, and said: "Did I say it so many times? Why do I feel like I only said it twice? I'm not worried about you. Your pregnancy is not easy, so you must be careful. There are many people at the wedding banquet. In short, you should pay attention, I also reminded Zachary."

Serenity: "Did Zachary promise you that no one would bump into me?"

Liberty nodded, "Yes."

Serenity: "Then, sister, what are you worried about? With your good brother-in-law's guarantee, you don't have to worry. Sister, you have worried enough about my wedding these days."

Serenity was not allowed to help with anything, and if she moved, Liberty was afraid that she would move when the fetal gas was exhausted. Liberty told her only to sit or lie down.

With such a good body, the child in her womb must be healthy and strong, so it's not easy to get angry.

Because of Liberty's majesty, Serenity still stretched out her hands honestly these days, and opened her mouth when she wanted.

Fortunately, her friends took turns to chat with her, so that she would not be too bored.

Liberty: "Okay, okay, Seren, don't worry, don't worry, I will send you out safely today, and hand you over to Zachary, you don't need to worry about the rest of your life. Go and wash up, then I will ask Mrs. Lane to prepare breakfast for you, Have something to eat later.

Zachary was afraid that you would be hungry, so he made a special confession that he must not let you go hungry, he is really considerate of you."

Serenity's heart was also warm.

A few minutes after Liberty entered the bathroom. She heard Serenity vomiting. She walked in, stood behind her, patted her back, and said distressedly, "This baby is too troublesome. You have to vomit every morning when you wake up."

Serenity vomited until tears came out.

After finally stopping vomiting, Serenity washed her face, took the tissue from Liberty, wiped her mouth, and said, "Don't spit until you're born like your cousin."

Alice's due date was approaching.

Even Alice couldn't attend Serenity's wedding, because her belly was too big, and the Stone Family were worried and wouldn't let her come.

Those who said that pregnant women should not attend other people's weddings were actually just like businessmen who were worried about Alice. They were worried that too many people at the wedding banquet would bump into pregnant women and cause accidents.

Serenity: "No, after three months, the pregnancy reaction will gradually disappear. At that time, I should eat more."

After Serenity became pregnant, she was not as round as Jasmine, because she had a pregnancy reaction, she often vomited after eating, sometimes she didn't vomit, but she didn't dare to eat too much, and she felt uncomfortable even if she held on.

Jasmine didn't respond, she could eat, drink, and sleep, and she became mellow.

Jasmine began to dislike her gaining weight, but with little baby in her belly, she couldn't lose weight, and she couldn't control her mouth. Before she got pregnant, both of them were foodies. They ate and exercised, and they were able to maintain their weight well.

Now that she was pregnant, she couldn't move around, for fear of hurting the baby.

Josh who worked as a nutritionist was also a nosy person, and she liked to take care of Jasmine the most.

Liberty: "I didn't work as hard as you when I was pregnant with Sonny. The doctor also said that everyone's situation is different. There is no way to solve morning sickness. Bear with it."

Zachary had emotions in front of her. He's afraid that he would feel sorry for her for a while, and like Clive, he wanted to kill the child.

Now that Alice's due date was approaching, Clive was even more nervous. Alice said that she often woke up in the middle of the night and saw Clive sitting beside her, staring at her stomach.
