**Married at First Sight Chapter 2422**-Kevin said: “Well, we’re back. When the rain stopped, my sister-in-law came in. It was a sunny day, but I didn’t expect it to rain. The elders said that it was because my sister-in-law usually likes to drink soup, so it will rain on the day she gets married.”

Hayden smiled, “I also like to drink soup. will it rain on my wedding day in the future? I think it’s a coincidence. The weather is changeable, which is normal.”

Kevin handed the bouquet of flowers to Hayden with a smile, and said: “This is the bride’s bouquet. I snatched it. It is said that the person who snatches the bride’s bouquet will be the next person to get married. I hope that it is true.

Hayden, I’m giving you these flowers, I hope we can enjoy the happiness of our oldest brother and sister-in-law.”

Hayden hesitated for a moment before taking the bouquet of flowers from Kevin. She said: “In the eyes of others, you are gay. Seeing that you robbed your sister-in-law’s stick flower and gave it to me, what about the two of us? The topic of homos\*xuality is even more heated.”

Kevin: “They can say whatever they want, as long as you know I’m a normal man.”

Hayden instinctively said: “I don’t know if you are normal or not, who knows if you will be like Julian.”

Kevin: “I will cooperate with you at any time, let you verify whether I am normal, and guarantee your good life for the rest of your life.”

Hayden: “...”

Wrong word.

Fortunately, Kevin didn’t dwell on this topic, for fear that she would blush.

He asked her, “What are you doing here?”

Hayden: “Appreciate the scenery of your home; don’t like to be with others; just be alone.”

All four members of Queen family came to York family for a wedding. Hayden didn't bring her bodyguard this time. With Kevin around, she believed that she would be fine.

On Yorks' territory, they could also guarantee the safety of every guest.

Kevin said: "At the beginning, you will feel that this place is very beautiful. If you live here for a long time, you will feel that it is very ordinary. Our younger generation prefers to live outside."

He took Hayden's hand and said with a smile: "However, I am very happy that you like this place. As long as you like it, we will live back in the villa in the future. Although we prefer to live outside. We also admit that, living in the villa is more quiet, leisurely and comfortable."

They preferred to live outside, far from their elders, so they wouldn't have to deal with their elders' stares.

It was also for the convenience of going to work, after all, the villa was quite far from the city.

Kevin: "My sister-in-law has entered the door, and the wedding banquet is about to begin. Let's go back to the house."

Hayden withdrew the hand Kevin was holding, "Okay."

Kevin held her hand again, and said, "Anyway, in the eyes of others, we are just a pair of attacking and receiving, holding hands, what's wrong?"

Hayden was speechless, looking at Kevin with reproach.

Kevin said: "Hayden, don't look at me like this. I can't help but want to kiss you. When someone sees you, it doesn't matter if I have a thick skin. You have a thin skin and can't stand it. Then you go back to Jensburg and don't want to talk to me, what should I do?"

Kevin had a hard time chasing Hayden.

Julian just found Kiera, and he even brought Kiera to his elder brother's wedding, so fast.

Kevin admitted that he acted very slowly. He received the photo from his grandma at the beginning of the year and only started to act in the middle of

the year. It took half a year. But the New Year was not far away, and Hayden had not disclosed her identity as a woman.

It implied that if Hayden had not made a decision regarding their future, she would not necessarily marry him. She had just begun to like him, but not enough to love him deeply.
