

Read Novel When His Eyes Opened Chapter 3166

When His Eyes Opened Chapter 3166-Lucas: "Okay, I'll go over now."

Hazel hung up the phone and breathed a sigh of relief.

A while later, Hazel and Joanna arrived at the hotel.

Hazel immediately smiled and shouted, "Brother, sister-in-law, are you happy on your honeymoon?"

Joanna smiled and replied, "I'm very happy! But we didn't read the travel guide for Thopiavelle. Then you can take us to play!"

Hazel scratched her head: "I have never played in Thopiavelle. When Lucas comes, I will ask him. Brother and sister-in-law, please check in first. I will wait here for Lucas. He should be here soon."

After Hazel finished speaking, Lucas walked into the hotel.

When Hazel saw Lucas's figure, she immediately shouted, "Lucas!"

Lucas walked quickly towards them.

Hazel checked in at the front desk, while Joanna and Hazel stood together, looking at Lucas.

Lucas walked up to them, and Hazel immediately introduced: "Lucas, this is my sister-in-law."

Lucas said cautiously, "Hello."

Joanna couldn't help laughing: "Just call me sister-in-law like Hazel. Hazel said that you took good care of her in the past, which shows that you are a kind-hearted person. Don't worry, Hazel's brother will not make things difficult for you."

Hazel came over with the room card and looked at Lucas.

Hazel immediately introduced Lucas: "Lucas, this is my elder brother. You should also call him brother!"

Lucas blushed: "Brother."

Hazel looked at his awkward and embarrassed appearance and joked coldly, "So shy?"

Hazel smiled awkwardly and explained, "Brother, he's not very good at socializing. Brother, go and put your luggage first! Let's go to the restaurant on the first floor to have dinner later! Lucas and I will wait for you on the first floor."

Joanna took Hazel's arm and said, "Okay! You guys go pack your luggage first."

Joanna pulled Hazel towards the elevator.

Hazel immediately reached out and touched Lucas's face.

His face was extremely hot.

She touched Lucas's face and also reached out to touch her own face.

Hazel teased him with a smile: "Your face is so red. Are you shy?"

Lucas: "A little nervous."

Hazel: "Hahaha! Don't be afraid! Look how nice my sister-in-law is! My sister-in-law is also an ordinary person. No one in our family dislikes her. We treat her like a family member. My elder brother is not as fierce as you think."

Lucas: "It's indeed different from what I imagined."

Hazel took Lucas to the restaurant and asked, "What did you imagine? You didn't think that my elder brother would beat you up first when he saw you, right?"

Lucas: "That's not the case. After all, I didn't do anything to you, so he has no reason to hit anyone."

"Hahaha!" Hazel's nervous mood was relieved, and she felt much more relaxed.

In the hotel room, Joanna received a call from Avery.

On the other side of the phone, Avery asked, “Joanna, have you seen Hazel?”

Joanna: “I saw her! And I also saw Lucas.”

Avery raised her tone a little: “What do you think of him?”

Joanna: “Uh...he’s good-looking, but he’s a little thin. He looks a bit shy and doesn’t talk much. He has a very different personality from Hazel. Hazel talks a lot!”

Avery: “Oh, Joanna, you are attentive. Please observe Lucas carefully these two days.”

Joanna: “Okay Mom! I will definitely observe carefully. Are Dorian and Gia okay?”

Avery: “The two little guys are doing well! Joanna, don’t worry; you can play there with confidence!”
