When His Eyes Opened Chapter 3172-Mr. Hogan looked disdainfully at Isabela and said, "Isabela, what do you mean? Do you look down on me? Although our Hogan family is in a bit of a downturn now, it is still a respectable family business in Thopiavelle! Lucas is not sensible; are you not sensible too? What if? Without me supporting Lucas, can the Foster family think highly of him?"

Isabela: "Shut up! The Foster family doesn't have a narrow-minded mind like yours! No one in Hazel's family dislikes Lucas! So don't go and cause trouble for others! Others don't want to see you at all!"

Mr. Hogan: "Really? People from the Foster family don't dislike Lucas? How could they not? Are they planning to let Lucas go to Aryadelle to be their door-to-door son-in-law?"

Isabela: "It's none of your business! You have never taken care of Lucas, and now that he is independent, you don't need to take care of him anymore! If Lucas was not with Hazel, if Hazel was not the daughter of the Foster family, you definitely wouldn't come to me again and again to ask, What's in your heart, do you think I don't know?"

Mr. Hogan: "What the h-e-l-l are you talking about? When Lucas was eighteen years old, didn't you send him to me? You said you couldn't control him anymore and asked me to control him. Did I care about him? What if? If it weren't for me, could he have studied abroad? If he hadn't studied abroad, would he have gained so much knowledge? It's all my credit that he can start his own business now!"

Isabela's face turned red and white: "I will let Lucas pay your college tuition back to you!"

Mr. Hogan: "This is not something he can do to pay back my tuition fees! He is my son, and he will be my son for the rest of his life! This is a fact that cannot be changed! No matter whether his life is good or bad in the future, he will never drive me!"

Isabela was so angry that her chest rose and fell rapidly, and her breathing became rapid, "You, you..."

Mr. Hogan: "Aren't you going to die soon? Then Lucas will have only me as a relative. You can't control his future life, nor can you control the relationship between our father and son! Why don't you let Lucas do it before you die? You have done a good deed by making peace with me at night! If you help me, I can give you a grand burial after your death!"

Mr. Hogan tried to brainwash Isabela.

After hearing what he said, Isabela was not only not brainwashed but was so angry that her body trembled and her eyes rolled.

When Mr. Hogan noticed something was wrong with Isabela, he immediately went out and called the doctor.

After a while, the doctor came and found that Isabela had died.

Mr. Hogan was so frightened that his face turned red and he was sweating profusely: "She died by herself! I didn't touch her! She died by herself!"

Doctor: "Calm down. Do you think you should notify your son, or should I?"

Mr. Hogan: "You inform him!" After saying that, he immediately changed his mind and said, "I'll inform him! I just want to have a good chat with Lucas!"

After Mr. Hogan finished speaking, he called Lucas.

——Sorry, the user you dialed is temporarily unavailable; please call again later.

Mr. Hogan looked embarrassed: "Why can't I get through? Has he blocked me?"

Doctor: "Let me try!"

The doctor took out his cell phone and dialed Lucas's number. The call was answered instantly.

The doctor and Mr. Hogan took a look.

Mr. Hogan was embarrassed.

The doctor sheepishly took a few steps to the side with his cell phone and said, "Lucas, your mother just passed away. Come to the hospital now and prepare for your mother's funeral!"

On the other side of the phone, Lucas was stunned.

He obviously just came out of the hospital. He just went to see his mother, and she was fine. Why did she suddenly die?
