I am a quadrillionaire chapter 2438-It was not at all bothered by the ants around it.

As long as its owner gave it an order, it could easily wipe out all of them with a sneeze.

‘The defense army on Planet Royal is all in place. Please tell us your order, Emperor.’ A middle-aged man in heavy armor got on one knee in front of Nimbus and said respectfully.

Four more people arrived.

“Azure Dragon is in place!”

“White Tiger is in place!”

“Red Finch is in place!”

“Black Tortoise is in place!”

“At your command, Emperor!” The four said at the same time.

When Nimbus gave the order, countless attacks would be launched on the enormous tortoise.

However, the attacks would be no more than a tickle to the Eternal Realm’s enormous tortoise.

They would not hurt it in the slightest.

“Do nothing. Just watch,” Nimbus said with a grin.

His daughter was coming back, so of course, he was delighted.

It had been so many years since he saw her, so he wondered if the little girl had grown up.

David must have taken good care of her when he was not around.

If not, he would teach that brat a lesson.

However, he remembered that he could not defeat David.

Hence, Nimbus sighed internally.

'Sigh, Astrid!

'I've let you down. Your family is not strong enough to let you have the right of speech with your man.'

Beside Nimbus, Gamora and Wilfred were beaming. The two also recognized the enormous tortoise.

Once they heard the emperor's orders, the man in heavy armor and the four heads let out sighs of relief.

They felt stressed in front of the Eternal Realm's enormous tortoise too.

Even if they used all of the forces and means on Planet Royal, they might not cause any harm to the tortoise.

However, since this was their job, and as Nimbus'right- handd men, they had to gather all forces and obey the emperor's order.

'Yes, Emperor!" The five responded at the same time.

Then, they got up to stand behind Nimbus, Gamora, and

Wilfred to watch the enormous tortoise quietly from a distance.

Soon, two figures appeared on the back of the enormous tortoise.

Everyone looked closely and their pupils contracted.

'Isn't that Princess Astrid?

'It's been so long since we saw her.

'I thought something happened to her.

'I never expected to see her like this.

'Who's the sophisticated young man next to Her Royal Highness?

'The two look so good together.

'They're such an ideal couple, a match made in heaven.

'Is he Her Royal Highness' ..."

When they saw Astrid, they were all relieved.

When the enormous tortoise appeared above Planet Royal, they thought they were being invaded.

From the looks of it now, Princess Astrid had come back in the enormous tortoise.

If she could ride in such a majestic creature, she must have been living a pretty good life the past few years.

After Astrid walked out of the building, she came to the enormous tortoise's back and looked at Nimbus and the

others from a distance.

She sobbed, "Father, Mother, Grandpa Wildred, I'm back."
